# ALUMNI REGISTER

To those brave souls who, being God-called, did vision afar the needs and opportunities that should come to men in the Pacific Northwest and who gave themselves freely for God and Country; to those their followers who saw the need of preparation and entered the doors of Willamette to go out again into life service or to death; and to those who, through the time since the earlier years of the University, have given of their substance, their influence, and their prayers—

TO THESE WE DEDICATE THIS RECORD

## THE WILLAMETTE UNIVERSITY BULLETIN

---

Vol. XIII.

JANUARY, 1920

Number 1

---

Entered at the Postoffice at Salem, Oregon, as second-class matter, July 27, 1908, under the Act of July 16, 1894.

## STATEMENT

The record submitted herewith is not correct in all respects, but it is as nearly correct as data at hand will permit. We hope later to publish another edition corrected to date, and we trust that alumni and friends will freely send us corrections of this issue.

Catalogs of the school preceding the issue of 1870 and from 1872 to 1880 are not on file. Lists of graduates over a number of years published in several issues of the catalog are found not to be entirely reliable, and wherever catalogs for certain years have been accessible the lists of degrees granted for these years have been carefully compared with our lists and the lists corrected. Because of lack of copies of the above catalogs, we have not been able to complete the list of honorary degrees conferred by the University. We should be glad for help in completing our files of the catalogs and the list of honorary degrees.

Blanks similar to the one bound in this issue have been sent to graduates during the last two or three years, but in many instances we have failed to obtain replies, and data concerning many individuals cannot be given. We should be glad to complete these and especially the war record of those who served in the Army, the Red Cross, the Y. M. C. A. and kindred organizations. At present the records of the commercial, normal, and other departments once maintained at the University, are so incomplete that we have thought best to leave the publication of these till a later issue. We hope, also, to print later a record of all who have attended Willamette without graduation.
