Bearcats Thrill LaGrande Normal Crowd in Display of Brilliant Scoring 63 to 26

High Score of 63 Points Run up Against Normal School Quintet's 26. DEFEAT UNION 59-16

LaGrande Audience Treats Bearcat Five Well on Return Trip.

LaGrande, Ore., Feb. 12 (Special)—Thrilling a large crowd of spectators with fast, flashy floor-work, Willamette university basketball squad overwhelmed Eastern Oregon Normal school five with a score of 63 to 26, here tonight. A spectacular scoring rally in the last period netted the Bearcats 37 points in 12 minutes, giving all onlookers their money's worth for this game.

LaGrande took the lead 7-1 in the first period. The Willamette hoopsters, however, worked smoothly from the first half and soon had the lead over the local team. Score at the end of the first period was 24 to 12 in favor of Willamette.

All LaGrande talks of Ed Cardinal, the big Bearcat center, Cardinal, playing a wonderful game, ran up 24 points to make him high point man of the contest. Scores was on and scored consistently on the long shots, running Cardinal a close second with 16 points to his credit. Adams played his usual good underbasket game. His score was 11 points.

Price and Sarrett were outstanding for the Normal by their checking on Willamette and forcing their own score up with many long shots.

A large crowd attended the game. This was due to the favorable impression made by the Willamette floormen here two years ago. Cardinal, Hauk and Adams were with the team at that time. Willamette will work out here tomorrow before going to Walla Walla to meet Whitman.

Union, Ore., Feb. 12 (Special) Willamette won from the Union town team here last night 59 to 16. The game was slow and un- (Continued on page four)

STUDENTS PARTICIPATE IN CHAPEL PROGRAMS

Every Wednesday is Set Aside for these Student Performances.

Among the interesting student chapel features in the near future is the program of the Science club, in which will be demonstrated several experiments that have been attempted at their meetings during the past semester. Also, within the next few months, the Beethoven club and the French classes will present their programs. There will be presentation of athletic awards a week from next Wednesday, February 26. The chapel programs have been progressing according to schedule since Christmas vacation. Every Wednesday has been set aside for these programs, and, besides those already mentioned, some other very interesting features are being planned, according to Marjory Miller, chairman of the committee. The weekly programs will continue as intended, unless Dr. Doney has other unforeseen plans, including important speakers whose programs are otherwise filled.

Neophytes Treading in Righteous Paths Combine Severe Modes of Dress With Elizabethan Collars

"Oh, dear! Oh dear! I tell you I must be seeing things. Look there!" "Aw, what's wrong with you now, freshie?" "I tell you I'm seeing the most gruesome sights—oh, there goes another one! Shades of '78! Why, that's the girl I took to the play the other night. I wonder why she's dressed that way—one black stocking and one white one. Mm! and what's that Queen Elizabeth ruff around her neck and that little book that's pinned on her sweater." "Hey, there, you don't intend to high-hat me like that, do you?" "Shhh! you mustn't speak to her like that. She's a pledge of Alpha Alpha, (no insinuations, merely quotations), and they're initiating this week. Didn't you know that an initiate couldn't talk to anybody of male delineation for a whole week." "Say, that's a dirty trick. Why it's worse on us men than it is on the girls." "Humm! You haven't seen the

HAYES BEALL TO LEAD NEXT WESLEYAN GROUP

The next Wesleyan meeting, at noon Wednesday the 19th, held in Professor Laughlin's room, will be led by Hayes Beall on the subject "What constitutes a call to Christian service?" The Wesleyans wish to remind the students that these meetings are not exclusively for those who have definitely pledged to full-time Christian work. It is hoped that from these meetings that any student may get a better knowledge of the Christian vocations and will be helped in his choice of a life-work.

CAMPBELL WILL BE IN STATE CONTEST

Charles Campbell will represent Willamette university at Linfield college on March 14 in the State Extremoporean contest. This is a state wide contest in which ten colleges will participate.

MEN'S CLUB WILL SING IN TILLAMOOK REGION

The Willamette Men's Glee club gave its first concert of the year at Labish Center, Tuesday, February 11. According to Howard Miller, manager, it was a successful program and was well received by the Community club people. The Glee club men, especially, enjoyed the refreshments which followed.

ILLINOIS DEBATERS WIN OVER WILLAMETTE MEN

Willamette lost the decision with the Wheaton, Illinois, debaters at Chemawa Tuesday evening. Charles Campbell, Ray Laffy and Roy Harland spoke for Willamette, and Ralph McCullough presided as chairman. The question was the same as the Hawaii debate: "Resolved, that the nations should adopt a plan of complete disarmament, excepting such forces as are needed for police purposes."

POLICE IN SCHOLASTICS FOUND TO BE INFERIOR

"It is evident that too many men of inferior intelligence are entering the ranks of the police and are wholly incompetent in performing the duties of a policeman." Chief Jenkins, head of the Portland police force, said in his address last week at the police school. Yet in spite of this condition, it is highly gratifying to know that there are a higher type of law enforcement officers today than ever before. The police school will help this situation even more by instigating the ideal that a policeman should be also a gentleman and scholar. As evidence of the improving conditions Chief Jenkins mentioned that of the twenty men on his present force only one has just a grammar school education and there is a fair per cent of college graduates.

MAY DAY MANAGER SELECTED TUESDAY

Executives Plan for Award Day Soon; Appoint Honor Committee.

Wesley Roeder was chosen May Day manager for 1930 at a meeting of the executive committee on February 11. His duties begin immediately in planning for this annual spring event. The committee also busied itself with arrangements for an Award Day in chapel soon. Gold footballs will be presented to players on this year's championship football team, and other awards will be given out. At present, the committee is waiting for some of the award sweaters to arrive before setting a definite date for Awards Day, according to William H. Mumford, president of the student body.

A spring sports manager is to be appointed at the next meeting of the executive committee in two weeks. Eloise White, sophomore, and Raymond Waddell, junior, are new members of the Honor Code committee, it was announced after the meeting.

DAVID PORTER EXPLAINS Y. M. C. A. "WHY" AND "HOW"

Mr. David R. Porter, the National Student Y. M. C. A. secretary, and Dr. Raymond B. Culver, the Northwest Field secretary, met with the Willamette cabinet for lunch in the city Y. M. C. A. building Tuesday noon. Dr. Culver spoke shortly on the big movements in Y. M. C. A. and told how that the problems from these movements were to be discussed at the student conference this year. Mr. Porter talked on the "Why" of Y. M. C. A. and suggested to the cabinet a little of the "How" of its workings.

FACULTY RELEASES NEW REQUIREMENTS

"Dumb Bell" English Abolished from Curriculum; History Required.

BIBLE COURSE CHANGED

Illustrated Bulletin is Published as Forerunner of Catalogue.

The English composition course for Willamette freshmen, commonly known as "dumb-bell" English, has been abolished from the curriculum. Freshman Bible has become a two-hour course to be taken during either the first or the second semester of the freshman year. One year of biological and one year of physical science, and one year of medieval and modern history will hereafter be required of lower division students.

These revised requirements are announced in a bulletin recently published by the university. This bulletin also contains a synopsis of the courses to be offered next year, a summary of expenses and general information. It has for a cover design a photograph of "The Circuit Rider" on the State House grounds and is illustrated with several views of the Willamette campus, including a May Dance, and an interior view of the spacious gymnasium.

This illustrated bulletin is a forerunner of the new catalog, which is being compiled and which will be published in about six weeks. The catalog committee has been working assiduously to get the 1930-1931 issue ready for the press, and it will contain much new information about the revised requirements, majors and minors, and general university procedure. In the past five years, the catalog has been ready for distribution as follows: May 29, 1925; April 4, 1926; April 23, 1927; March 26, 1928; and March 20, 1929.

We Overlooked Our Duty And We Did Not Do It

By Stephen Mergler

There were just exactly six persons down at the depot Monday night. Four of those six, we would guess, were sweethearts; another was a man who, but for his football crutches, would probably have gone with the team. Seven basketball stars were off to play their most critical and most strenuous games.

We have neglected the men who won a championship for us last year. They are noble men. They showed a wonderful spirit; a real grim determination was expressed in their words and in their faces. Those men have gone up to meet—and beat—Whitman, knowing that they will have to give all they have to win; and they are set on giving just that, and more if they can find it.

They will do their part but we have ignored ours. These two games are yet to come. We must make amends. What can we do? Is it too late? If the championship should now be lost we would have nobody to blame but ourselves. Here is what we can do. First, send telegrams, deluge (Continued to Editorial column on page two)

BLUE KEY PROPOSES CLEAN MILL STREAM

All members of the losing class in Freshman Glee will be warned about the rubbish in the mill stream, the Blue Key decided at its meeting February 6. On several occasions in the past unfortunate students have died in the water and been cut by cans or glass. Blue Key hopes to have the mill stream shut off for a day so that the members can clean the rubbish from the creek bed.

At the same meeting the Blue Key passed a resolution approving an all-college party to be put on by the faculty this spring, suggested that the second semester freshmen wear "rook" ties, and approved a contract for rebuilding the mill stream bridge.

The present bridge on the back side of the campus is decidedly in need of repair, and its rebuilding has long been discussed. Rustic architecture is planned, with a graceful arch spanning the water on either side of the bridge. There will be no benches on the bridge as there were on one of the previous structures.

The Blue Key will bear the expense of this rebuilding, and construction will begin immediately.

GILBERT WRENN HEADS VOCATIONAL GUIDANCE

A series of articles on vocational guidance is now appearing in the Stanford daily. These articles are the latest work of the Vocational Guidance committee of which C. Gilbert Wrenn who graduated from Willamette in 1925 is secretary.

The work of this committee is to aid students who are uncertain about their vocational desires and abilities by collecting information on vocations and making it available to students through publications and personal conferences. The personal conferences include tests of interest and ability and explanations of methods of self-analysis. Mr. Wrenn also directs the distribution of printed bibliographies on vocational subjects and the maintenance of a vocational information shelf in the reference room of the Stanford library.

CAMPBELL, HARLAND MAKE TUSCON TRIP

Pacific Forensic League Conference Will be Held in March.

RAHE ACCOMPANIES

Team Will Enter Six Debates in Southern, Mountain States Schools.

A Willamette men's debate team consisting of Charles Campbell and Roy Harland, with their coach, Professor Herbert E. Rahe, will leave next month for a ten days' trip through California, Arizona, Wyoming, and Utah, for a series of five debates and to attend the Pacific Forensic League conference at Tucson, Arizona.

The team will leave on March 19 and will arrive in Salem again on April 2. The whole trip will be made by rail, first to Los Angeles, California, from there to Tucson, Arizona, and then on the way back through New Mexico and Colorado to Laramie, Wyoming, from there to Ogden, Utah, and then through Idaho and Eastern Oregon to Salem.

While at Tucson, Arizona, the men will take part in the Pacific Forensic League oratorical and extemporaneous speaking contests. Roy Harland will be the Willamette representative in the oratorical contest and Charles Campbell in the extemporaneous contest. Willamette is one of the very few colleges in this section of the Pacific coast that belongs to the Pacific Forensic League. The sessions of the conference will take place on the 26th, 27th, and 28th of March.

By a fortunate coincidence, the Annual Arizona Pageant is to be given at Casa Grande (ancient Indian ruins) on the same Friday night that the conference closes. The entertainment committee has arranged for guest tickets for the conference delegates to this pageant. There will be an opportunity for a delightful drive across an Arizona desert and for a sight-seeing trip through the Casa Grande directed by a government guide.

The team has three debates scheduled in California before it reaches Arizona. They will meet Occidental college on March 21, University of California at Los Angeles on March 22, and University of Southern California on March 24.

The two debates on the trip back are at Laramie, Wyoming, with the University of Wyoming, and at Ogden, Utah, with Weber college.

W. U. LAW GRAD HOLDS GOOD GOVERNMENT JOB

Jefferson Myers is Head of Legal Department of U. S. Shipping Board.

Jefferson Myers, a graduate of Willamette law school in 1898, holds a very responsible government position in Washington, D. C., as commissioner on the U. S. Shipping Board and head of the legal department. This law bureau has 2,000 cases pending, involving over \$300,000,000, scattered all over the world. Mr. Myers was formerly a member of both houses of the Oregon legislature and was state treasurer.

The report of his success was given as a means of bringing to the attention of the students the vast importance of the study they are now pursuing and to encourage them to prepare for any position in life which they may be called upon to fill.

Enthusiastic Conductor of Trips Abroad Went to W. U.

Gustav Anderson Leads Popular European Tours.

"This year we go to Russia with Gus Anderson . . . and also to England, Scotland, Norway, Sweden, Finland, Austria, Germany, Switzerland, Italy, France, Greece, Turkey, the Holy Land, and Egypt." This is the leading statement on a tour circular resolved recently by Dr. Franklin. Gustav Anderson in 1918 was a special student in Willamette university, and here, as Dr. Franklin spoke of him, he was characterized "by a wonderful amount of eagerness and enthusiasm." Mr. Anderson enlisted in the army and distinguished himself as an aviator. Following this service, he entered Northwestern university in Evanston, Illinois, and became prominently associated with the glee club of the university as the tour manager. Thus began his "touring" career. He arranged a concert schedule which brought the glee club to the Pacific coast, and took it over the Atlantic ocean. In 1926, however, he organized a tour through which the countries of Europe might be visited by the students, faculty, alumni, and friends of Northwestern university. The party, forty in number, visited several royal palaces of Europe and were entertained with exceptional attention throughout the entire visit. This year, Gus Anderson is undertaking his fifth annual tour to Europe, and they are proving more popular and worthwhile, annually.

We wonder if the bishop is right when he says that many of us do not think there is any adventure in life.

Miss Francis Jackson planned the decorations and Miss Elizabeth Haselton was in charge of the dinner arrangements.

FINAL PLAY CAST IS SETTLED UPON

Majority of Players Have Had Previous Dramatic Experience.

Final tryouts have been completed for "The Enemy", by Channing Pollock, which Theta Alpha Phi will present March 8. The cast includes:

- Karl.....Eric Anderson
- Paul.....Helen Pemberton
- Mixed.....Helen Cochran
- Baruska.....Camilla Gates
- August Behrend.....Paul Ackermann
- Dr. Arndt.....James Allison
- Bruce.....Walter Warner
- Jan.....Homer Roberts
- Fritz.....Ralph McCullough
- Kurt.....A six-year-old boy

With the notable exception of Paul Ackermann, most of the cast are experienced in dramatics. Helen Pemberton has been active as a coach for town plays. James Allison, from the College of Idaho, Eric Anderson, Homer Roberts and Ralph McCullough have all had experience in play casts. Helan Cochran worked as an understudy and assisted in prompting the last production of Theta Alpha Phi, "It Pays to Advertise," of which Camilla Gates was manager. Mr. Ackermann, however, is engaging for the first time in the field of dramatics.

An urgent necessity is apparent for work on the Little Theater at a more rapid pace. It should be in a working condition within a week, as it is badly needed at the present time for play rehearsals. Committee chairmen for construction on the Little Theater are as follows: scenery and stage-sets, Camilla Gates; properties, Helen Stiles; room furnishings, Leon Norris; carpentry work, Jack Ramage; workshop and attic, Hugh Carrin; curtains, Florence Powers.

RUDY VALLEE WINS FAME WITH MUSIC

Hubert Prior V. Once Leads Life of Small Town Boy in Maine.

Hubert Prior Vallee — better known as Rudy Vallee — was born in Island Pond, Vt., but moved with his family to Westbrook, Maine, while still an infant. Here he attended grade school, worked in his father's drug store and led the life of an average small town boy.

He had musical tendencies from the age of 3, according to his mother. While still a freshman in high school he became an adept drummer and occasionally played with the school orchestra and the town band.

At the outbreak of the war, although under age, he "joined up" in the navy. He served on the battleship Texas, being honorably discharged later because of his extreme youth. Back home he haunted motion picture theatres and practiced on the clarinet and saxophone.

Now he is considered master of the latter. During his first year in Maine university he gained considerable campus fame as saxophonist and leader of the college orchestra. This caused him to transfer a year later to Yale. There he found wider scope for his musical talents in the glee club.

About this time the Savoy hotel in London urged him to come over for a season and direct their band. He did—returning later to take up his Yale studies. Graduating from Yale, America clasped him to her heart. Today he is the singing idol of the country.

OFFICERS REQUEST SCHOOL NEXT YEAR

First Police School Held by Any University is a Rousing Success.

Police School at Willamette, the first of such schools ever to be held under the auspices of any college or university, came to a close Saturday night after six days filled with lectures, questions, and examinations. Various members of the faculty and of the student body before leaving Salem asked Dean Hewitt and other university officials to make this school an annual event because of its seemingly outstanding significance in modern programs of law enforcement.

Not only is Willamette the first university to sponsor a school for law enforcement officials, but the session just completed marks what Dean Roy Hewitt of the Willamette college of law believes to be a step forward in educational pioneering in that the school was the first to combine the psychological and legal side of the work of the police officer.

"In fact," says Dean Hewitt, "the officers in attendance from Portland, where I believe the best police school in the United States is conducted, were so impressed that they have, I understand, made arrangements with Mr. Ferrey to teach a course in psychology at their next session, which will deal with public attitude on law enforcement."

Sixty nine students were fully registered while thirty or forty were in regular attendance at the school. Expenses were small, but the low fees were not intended to take care of the expenses.

Dean Hewitt made the statement: "Most of the instructors paid their own expenses."

Miss Bertha Babeock spent last week-end in Portland.

Portland Telegram Shows Interest in Police School Idea

"The 'Police School' held at Salem this week under the auspices of the law department of Willamette university, is an interesting adventure into a neglected field of education.

"In an age when the specialist dominates every profession, trade and industry, and when technical schools turn out experts in practically every subject, society makes little effort to instruct its own protectors in the principles and mechanics of their job.

"In our larger cities, members of the police force are given occasional instruction in the laws governing their activities and in proper police procedure, but generally speaking, sheriffs, constables, and other officers of the law are expected to learn their trade by the primitive device of trial and error.

"The school sponsored by Willamette university and copied at Portland which maintained in the Portland police department, is a first attempt at any general instruction of the state's police officers. It is a step toward an intelligent educational program that, properly carried out, would greatly strengthen our defenses against crime and criminals.

"It is curious and more than a little ridiculous that the important study of theory and method in criminal inquiry should occupy so small a place in our college text books and so large a place in our lighter fiction. Many college catalogs include courses in criminal psychology, but the accent is on the psychology, and the study has little bearing on the practical analysis of crime and the detection of its perpetrators.

at the capital in the shadow of the state house, is favorably equipped for a social service which holds large possibilities for the state. We shall hope that this pioneering experiment will be followed up, and that eventually, there may be, at Salem or elsewhere, a permanent school which will develop detectives, police officers, prison guards, parole officers, sheriffs and other agents of the law, who can devote a trained intelligence to the performance of their important duties."

BEARCATS THRILL LAGRANDE CROWD

Scales Lauded for Fast Sure Long Shots in Scoring 16.

CARDINAL MAKES 24

Whitman Prospects Brighter With Tricky Floor not Now Feared.

(Continued from page one) Interesting. The small floor handicapped the Bearcats. Cardinal was high man with 18 counts.

By John Gilhousen

Displaying their unprecedented scoring rally in the last 12 minutes of play, last night, the Willamette squad shows what it is capable of and thereby raises high Willamette's hopes for whipping Whitman and then going on to win the championship.

To score 37 points in 12 minutes over a team of Eastern Oregon Normal's calibre, is a record which should stand for years to come. Undoubtedly, the Bearcats were "on", because they also converted a high percentage of tries.

This outstanding achievement shows that the Bearcats have almost as strong a team on the road as they have at home, and presages trouble for Whitman Friday and Saturday. The brilliant showing of Willamette's offensive power will even up any "edge" the Missionaries might have been conceded because of their tricky floor, and the two teams should be about evenly matched. The team that gets or makes the "breaks" will be the winner.

Summary of LaGrande-Willamette contest: Scales (16) ... F. ... (12) Price Adams (11) ... F. ... (7) Sullivan Cardinal (24) ... C. ... (2) Crawford Hawk (4) ... G. ... Sarrett Gibson (2) ... G. ... (1) Paisley Referee: Rosenbaum. Substitutes: Willamette, Carpenter, Baldere, Normal, Hautchon (4).

Bearcats Bashful About Talking But Expect Victory

The spirit of the men was at high point last Monday before they left for the crucial Whitman series. Coach Keene doubts that the Bearcats can overcome the Whitman jinx, and his fears are justified because the Missionaries are almost unbeatable on their home floor. However, the jinx has been broken once this year, and advance dope shows that both teams are evenly matched. The general opinion of the team is that they can and will fight Borleske's men off their feet.

George Scales is confident of victory. He says, "Whitman has a great team and we play them on their own floor, but I believe that we fellows can put up a real fight and if we fight, we are sure to win."

Percy Carpenter, reserve guard, who has quite a name at Whitman, made a dire threat. "We'll wallop Whitman worse than we did in football." That is saying a great deal, because we all remember that walloping and the part Perce had in it.

Andy Peterson, the only freshman on the squad, says: "We'll just tromp on Whitman!" Andy is determined to do some of this tromping if Spec gives him the opportunity.

Adams, Cardinal, and Hawk seemed afraid of publicity (or are they superstitious?) and refused to make any statement concerning the game. Gibson also refused to be quoted but he seems to be convinced that Whitman can be beaten and that the Bearcats are the ones to do it.

WHITMAN TO MEET W. U. SQUAD FRIDAY

Bearcats and Missionaries About Evenly Matched According to Dope

ENEMY STRONG IN LAIR

Both Willamette, Whitman Undefeated; Game May Decide Championship.

The Bearcats and Missionaries will tangle at Whitman on Friday and Saturday nights in what will probably be the deciding games in the Northwest championship contest. Both teams are as yet unbeaten in conference play and both have won over teams from much larger schools. Coach Keene is just as pessimistic over the coming series as he usually is before a game, and there may be some grounds for it, as Whitman admittedly has a good team and Willamette will be under the handicap of a strange floor. The Bearcats also have a good team, as demonstrated in the Oregon games. Whether it is good enough to bring home the Missionary scalps will remain to be seen.

Cardinal and Adams are second and fourth respectively, with Scales and Hawk well toward the top, in the race for the highest personal score. And if they can "get on" in these two games there will be little doubt as to the outcome. Scales' total is not as high this year as it was last. The other teams have made a practice of assigning their best guards to keep him from scoring, which they only partially accomplished.

Idaho, which both W. U. and Whitman must yet play, had no team at all last year and is not generally considered to be in the running though they have played no conference games as yet. So far, Linfield has the third place, having beaten the Loggers, who also lost to Whitman. Pacific lost to Linfield but has not played since, due to small pox in the institution. The winner of the Whitman-Bearcat series will in all probability, then, be the Northwest conference champion.

George Creel's Address "All great men have been propagandists. But propaganda based upon untruths is not effective. All of South America, in fact, all the world, sided with the Allies in the world war because they all knew that we were fighting a war against war. The lies of the German propagandists were uneffective.

He termed the Senate as the "lowest form of political life" and accused that body of creating foreign blocks in this country to delay World Court action.

Creel connected William Randolph Hearst with the failure of the United States to participate in the Court or the League.

When he was asked by the delegates what his attitude was on the relation between the Kellogg peace pact and President Hoover's recent proposal that food ships be declared neutral during war, he said, "We do not have to rely entirely on comic supplements for our laughs."

He said, "Students should take an intelligent interest in world affairs and stand behind movements to stop competitive armament and should attempt to get us into the World Court."

LAWYERS DEFEATED BY SPECTACULAR SHOOTING

The Sigma Tau quintet threw the Do-Nut league into a three way tie by defeating the lawyers 19 to 13. The game was in doubt until the final whistle, but the spectacular shooting of Charles Campbell during the second half inspired the Sigs to set a pace too hot for the Law school. Both teams played clean until the last quarter when the excitement made them forget rules. Charles Campbell won high point honors with eight points.

UPPER DIVISION RUNS OVER KAPPA DO-NUT 5

The Upper Classmen moved into fourth place in the Do-Nut league by defeating the tail and Kappas 29 to 19. The classmen ran over the Kappas during the first half, but the fraternity men came back in the second and scored as much as the winners. "Al" Haworth found the basket consistently and set a game record by scoring 16 points. Hamilton, Kappa guard, was put out on fouls as the final whistle blew.

CELLAR AND TIE FOR TOP DECIDED BY TWO GAMES

Thursday and Friday the first and last place positions were decided. Thursday the Sigma Tau defeated the Profs and threw the leaders into a tie. The lower classmen turned in their first win Friday when they shoved the Kappas into the cellar. The Sigs took the Thursday game 18 to 12, and the classmen the other 14 to 5.

ENTHUSIAST FINDS WRESTLING HISTORY

By Frank Lockhart

The 1903 Wallulaf states: "Wrestling is a comparatively new branch of athletics at Willamette, but much enthusiasm was developed in the class organized by N. D. Moser, physical director. The style used is catch as catch can. A number of winners on the mat were developed, and Willamette will show her superiority in the proposed tournament to be held next year for the intercollegiate championship of the state."

It might be added that almost any hold was legitimate during those days and the game probably gave many of the contestants some rather painful sensations.

The 1930 wrestling class is progressing steadily. Twelve to fifteen fellows have been working out daily. This makes the prospects appear bright, because it shows that the men are taking an active interest. Roy Mink is coaching the men at present. He has trained with Robin Reid and he understands many of the important moves.

A team should be fairly well selected by the first of March. Several A. A. U. tournaments will soon take place in Portland, Albany, and Salem.

ALL FOUR OF CLASSES START VOLLEY BALL

Women's volleyball practice has begun in real earnest and each class has its own team. The schedule for the interclass tournament has not been released as yet, but it is hoped that it will be played before spring vacation.

Canadian Guest at Stanford Finds U. S. Politics Amusing

All Students Should Read Excerpts From Talks.

An outstanding character at the convention of the National Student Federation of America held at Palo Alto, January 1-4, was Mr. Lovell Carrol. Representing the students of the Canadian universities, he travelled from Montreal, Quebec, to attend the meeting at Stanford. Although he said little, his conservative presence was keenly felt, when he did say something, he meant it.

American politics amused him greatly. It was quite a novel experience for him to sit in on a meeting where political discussions took place. After he had witnessed the nomination of officers for the ensuing year at the convention Friday morning, he quoted someone as saying that the great United States was a "Nation of the poor, by the clever, and for the rich!"

His address to the federation, one of good will, was very warmly received. He was accepted as one of the delegates with a genuine feeling of brotherhood. It was quite fitting that we were addressed on the subject of "International Law" immediately after Mr. Carroll's message.

The speaker that morning was Judge Jackson Harvey Ralston. Dr. Ralston is internationally known as a judge. When Italy and Venezuela settled their dispute at Caracas before a mixed tribunal, he was chosen umpire. He attended the Democratic national convention before most of us college folk were born. He is old enough to know his field, and evidently does know it, for he has published five volumes on different phases of International law.

In his speech he stressed the fact that nothing was more important than the question, "What is International Law?" He pointed out that we, as the rising generation, hold the reins to the future. What we believe about international law, will be the general consensus of opinion in about ten or twenty years, for we will mold the minds of our contemporaries who did not go to college.

Dr. Ralston's Address "Nothing is more important than the question, 'What is International Law?' Everywhere in the universe we find law. The laws of nature, however, are beyond our control." Dr. Ralston pointed out that we cannot make the apple fall up instead of down. We cannot make the earth fly out of its orbit and go wandering about space like a new Ford out

ford University, and also the Secretary of the Interior. He was formerly dean of the Stanford medical school, and served under Herbert Hoover during the world war as chief of the Conservation division, United States Food administration. He is a Phi Beta Kappa, Sigma Xi and Chairman of the Institute of Pacific Relations.

In his talk he emphasized the fact that it is up to us as new blood to recognize that conferences are the basis for world development.

Dr. Wilbur's Address "Conferences are becoming increasingly important as a means of settling international strife and they stand forth as a cardinal method for the attainment of world wide amity."

Dr. Wilbur characterized scholars as "one of the unifying forces of a nation."

"World unity must encompass students. They are young, enthusiastic, idealistic, and not overweighed by the voles of authority. Student bodies offer fertile fields for new approaches to a solution of the problem of armed conflict."

"The dead hand of the past still rules much of the world. It cannot be removed too rapidly. It is up to those now being educated to accept the new viewpoint of conferences as a basis for understanding and world development."

After a few selections by the Yale university glee club double quartet, Dr. James Brown Scott spoke on the question of internationalism, international relations, the State, independence and interdependence.

Dr. Scott is secretary of the Carnegie endowment for International Peace. Besides being president of the American Institution of International Law since 1915, he is an author, and has represented the United States at several peace conferences.

He emphasized that "we live in an international age. The inter-
