

## Most Are Courteous

Traveling Talkers Entertained; Some Know us, Some Don't.

Before Spring vacation several Willamette students took debate tours to other colleges. Because people are always interested in other colleges and what they think of Willamette, the debaters have told the following concerning their trips.

Florence Decker and Lillian Beecher traveled to Whitman, W. S. C. and University of Idaho.

Florence Decker reported: "We had a wonderful time at Whitman and they even entertained us after the twenty-four hours that we were supposed to be entertained had elapsed. The spirit of rivalry at Whitman was one of friendliness. Pullman did not entertain us so we were not able to find out what the college thought of Willamette. Moscow justified its reputation as being good hostesses, although they did not know where Willamette was situated. A publicity bureau is certainly needed to inform other colleges and universities about Willamette."

Lillian Beecher said: "Whitman college and the University of Idaho entertained us royally. I only hope that those women's debate teams who have been entertained by Willamette can speak as highly of our entertainment as we do of theirs. W. S. C. does not give entertainment to visiting debate teams."

"Dean French at the U. of Idaho considers 500 the ideal enrollment for a college. Whitman is very friendly towards Willamette and speaks highly of the tennis and the track teams which have been there, although they scarcely mentioned the football and the basketball teams."

Three of the men of Willamette went south, traveling through several states and meeting seven colleges in debate.

Roy Harland says: "Willamette's success in winning two major Northwest conference championships during the past school year has made our school well-known along the Pacific coast. Such activities as athletics and debate are making Willamette better known to the larger universities."

"Contrary to some of the present current opinions," says Roy Larky, "I believe the trip may be looked upon as an entire success. Splendid entertainment was provided from the first to the last. Perhaps the best part of the whole trip was the arrival home. The Willamette spirit is one that is not found in any of the other schools. It takes contact with other schools to make one appreciate what Willamette is and what it produces."

Charles Campbell says of the University of Arizona and Wyoming: "The University of Arizona gave the finest entertainment afforded us anywhere on the trip. We stayed in a fine school house there, where we received the utmost in courteous attention. We were driven around in an ancient Chevrolet roadster that was so decrepit that it would fall to pieces at any moment; yet the driver was a very friendly and courteous young man who is working his way through college. He treated us as if he had known us all of our lives."

"Some people did not know of Willamette, and many did not know how to pronounce it's name. The University of Wyoming was very attentive to us. Here again we met students that were interested in something besides funny stories and automobiles. After the debate here we were able to discuss informally with the two debaters, the question which we had debated. We started with a discussion and after having touched almost all the important questions of the day we ended up by discussing the relative merits of the small and large school."

## PREP STUDENTS TO BE DINNER GUESTS

### Portland Alumni Arranges Banquet for those Who May Attend W. U.

April 21 the Alumni association of Willamette university is staging a banquet at Henry Thiele's restaurant in Portland. The guests will include all Portland senior high school students who have not definitely decided what college to attend as well as those who are planning to attend Willamette.

Obviously, the banquet will prove a splendid advertisement for Willamette, in view of which the Blue Key fraternity is arranging a program which will represent Willamette and its activities. While nothing definite has been lined up, features will include a presentation of May Day activities by the manager, Wesley Roeder, a talk by Professor Jones and a review of Willamette's unusually successful season in inter-collegiate activities, including football and basketball, as well as debate.

Previous alumni banquets of this nature have proved great successes, and so far this year's promises to be even better.

## WALLER IS SCENE OF RYDER RECITAL

### Madam Ryder Demonstrates the Use of Recording Machine in Music.

Madame Sturkow Ryder was presented in a delightful program by the Salem MacDowell club at Waller hall Monday evening.

Her program of music by old and modern composers was well received by an appreciative audience. Her beautiful rendition was interspersed with informal lecturing—both whimsical and sagacious.

Madame Ryder also demonstrated the use of the recording machine in teaching and studying music.

The trip this year was a complete success according to Howard Miller, manager. It proved profitable, financially, and the welcome which the singers were received at the various towns was inspiring. The people in the towns visited were most hospitable in extending accommodations for the Glee Club members.

At Portland and St. Helens the Epworth Leagues welcomed the singers with a reception, and banquets were given in their honor by the Epworth League at McMinnville and by a Ladies' Society at Clatskanie.

According to Helen Pemberton the Women's Glee club met with a like amount of success both financially and socially.

At Bandon, the Women's Glee was welcomed by a banquet and addresses of welcome by the mayor, the president of the Lions club, and the president of the chamber of commerce. The Kiwanis clubs and some of the town entertained the members of the club at Marshfield and Medford.

Although no definite date has been set, it is thought that the Women's Glee club home concert will be given within the next month. This concert will also be given at Waller Hall.

## WHITE, LAWS RECEIVE SEABECK APPOINTMENT

Miss Eloise White and Miss Frances Laws recently received word of their appointment to the "Seabeck staff" for the coming summer. Sixteen women, two from each college of the northwest, are selected each year to work at the conference grounds at Seabeck, Washington. Over 125 applications are received for these jobs each season, and interest in the work is increasing. Miss Frances McGilvra and Miss Norah Pratt were the Willamette representatives on this staff last year.

## FRIEND GIVES BUST OF EMERSON TO COLLEGE

A friend of Willamette has presented the university with a Capron bust of Emerson. Besides being the finest make, it is the only bust ever taken during Emerson's life. It was modeled by Daniel C. French, noted sculptor, and it is reported to be very true to life.

## SIGMA TAU, DELTA PHI STAND HIGHEST

BOTH WINNERS CLOSE

Daleth Teth Gimel Places Second of the Sororities With \$4.93.

The two semesters preceding, the first award to Kappa Gamma Rho, Epsilon Delta Mu, a fraternity which has gone out of existence, held the highest average. The standing of the three men's organizations for the spring semester of 1929 were as follows: Kappa Gamma Rho, \$6.31; Sigma Tau, \$5.14; Alpha Psi Delta, \$3.87.

The women's scholarship cup was awarded Wednesday in chapel to the Delta Phi sorority, with an average of \$5.87; Daleth Teth Gimel stood second among the women's organizations, with an average of \$4.93.

## PUBLIC IS INVITED TO MOOT COURTS

In the moot court trial Thursday night April 10 in the moot court room in Waller hall, Karl Corey, Arthur Knox, and Hesline Hollister appeared as lawyers for the defendant, Yvonne Cornell. Kenneth Denman and Warren McMinne appeared for the defendant. When his young son Willie was injured by a train in the switch yards on Trade St., John Lakevort sought damages from the Southern Pacific railroad company to the extent of \$45,750.

After a short deliberation the jury returned awarding the plaintiff \$25,000. The plaintiff based his action on the negligence of the S. P. R. R. Co.

The next moot trial is scheduled for 7:30 p. m., April 10. Ed Stadler will be chief counsel for the plaintiff and Harold Tomlinson and George P. Jackson chief counsel on the defendant. Visitors are welcome to attend.

## MARGARET EDMUNDSON LEADS Y. W. MEETING

Experiences of Seminar Women Presented; Another Held this Summer.

Miss Margaret Edmundson, a senior at the University of Oregon, who was in Salem for the Older Girls' conference, conducted the Y. W. meeting last Thursday. She gave an extremely interesting informal talk on her experience in a Chicago box factory. Miss Edmundson went with a group of 27 other women who are sent each year on such work by the Industrial seminar of the Y. W.

The women had to work under generally bad conditions, but spent their evenings in studying industrial problems, attending communistic meetings, and at one time found themselves in the midst of a riot.

According to Miss Edmundson an industrial seminar will be conducted in San Francisco this summer, under the leadership of Miss Esser Macquire, national industrial secretary of the Y. W. in Portland. The experiment is sponsored by the Asilomar, the California Y. W. and Y. M.

## TWO PROMINENT Y. M. WORKERS TO BE HERE

Two men of national importance—Mr. Roy McCullough and Mr. C. H. Corbett will be on the campus Tuesday under the auspices of the Y. M. C. A. Mr. McCullough is in charge of prohibition work for the Student Christian association. Mr. Corbett is interested in the world program of the same group and has spent 15 years in China. Arrangements are being made for them to lecture and for students to meet them.

The campus Y. M. C. A. is planning to bring several other prominent men to the Willamette campus this spring.

This prize is being offered for the class of 1919 in commemoration of the tenth anniversary. The registrar's grades for the entire four years will be counted in making the award.

## SIX MONTHS LEFT TO COLLECT FUNDS

Letters Were Recently Sent Out to All Subscribers Telling of Need.

The campaign for \$650,000 to be matched by \$350,000 from the General Education board of the Rockefeller Foundation has been under way for more than seven years, and the money must be in the hands of the trustees of the university by October first if any of the promised sum is to be received from the foundation.

Under date of March 22 the following letter was sent out to those who have made subscriptions to the fund:

"A statement concerning your subscription to the Willamette University Forward Movement is enclosed. Only six months remain in which to complete our contract with the General Education Board. They will make no payments on money received after October 1, 1930 and there will be no further extension of time. In order to take all they wish to give, we must raise \$200,000 before that date."

"You see how necessary it is for all of us to pay our pledges promptly. And it is not advisable to wait until the closing weeks; it is safer to make a payment now and meet the entire obligation just as soon as possible."

"Your interest in Willamette is well placed; it is a good college, its standards of conduct and work are high, the general educational system and society need it, the church needs it. A permanent gift to youth is the best chance we ever had and the last chance to add 54 cents to every dollar we give."

"Should your pledge be small, please do not think it unimportant. More than 5500 persons gave pledges, most of which are not large. Willamette has been sustained by the many who gave sacrificially and who accompanied their gifts with prayers."

"Trustees and faculty are doing their very best to make Willamette a clean, strong, useful Christian college. They come to you with their record. I have confidence that you will continue to help and especially at this time when your payment will mean so much."

The letter was signed by Dr. Carl Gregg Doney, president of Willamette university.

With less than six months to complete the endowment fund of \$650,000 which Willamette has been striving to develop for more than seven years, various student leaders and campus mathematicians have drawn up figures and plans whereby they believe that the students themselves may help to wipe out part of the remaining deficit of \$200,000.

It is pointed out by these interested students that while the present student generation has had the opportunity and even been carefully canvassed for pledges, no great appeal has been made for the small pledge which it is believed the majority of students could easily give. An average gift of ten dollars from each student would make a student body pledge of approximately \$5,000.

## "SHAKESPEARE GARDEN" TO BLOOM ON CAMPUS

English Students will Plant Everything from Onions to Hyacinths.

A "Shakespeare Garden" is the latest project to be started on the campus this spring. The triangular plot formed by the Sweetland field track, the millstream and the road in back of Lausanne, has been fenced and spaded for this purpose.

The idea is to grow in this garden every vegetable, flower, and tree mentioned by Shakespeare in any of his plays. Each English major and other Shakespeare student will be responsible for the planting of some one thing, be it onion or rose. On graduation, each person will pass the care of this plant on to some particular student.

A small stake will be placed by each plant, telling the act and scene where it is mentioned. Dr. Kohler obtained the idea for this garden from a similar one which he visited in England.

## WILLAMETTE GRADS SEEK HIGH DEGREES

University is Represented in Many of Largest Graduate Schools.

Willamette university is well represented in the large graduate schools of the country where many of her alumni are studying and working under scholarships and fellowships. A few of the group are included in the following:

Roland McKinnis is working for the doctorate at Massachusetts Institute of Technology, under a fellowship of \$1700.

Three alumni represent their Alma Mater at Harvard school. They are Nat Beaver, '27, Henry Oberson, '28, and Reeve Belts, '29. Mr. Beaver and Mr. Oberson are employed as laboratory assistants.

At Yale we find James Rettie and Kenneth Lawson, both of '25, who are employed in the Y. M. C. A. while working for higher degrees.

Paul Trueblood, '28, has just received his M. A. at Duke university, where he is planning to work for his Ph. D.

Elmer Stroy, '23, is working for his Ph. D. at the U. of Chicago, where he has been awarded a teaching fellowship of \$3000.

Mary Erickson, '27, is working for her Ph. D. at the U. of California under a fellowship in biology, and her brother Herbert Erickson, '26, is working for his M. A. at Stanford in the School of Business Administration.

Also at Stanford we find Lealand Chapin, '25, doing work in public speaking under a teaching fellowship of \$900; and Gilbert Wreun, '26, who is employed as assistant in vocational guidance while he is doing advanced work.

Ray Larky became the hero by arriving from California in time to meet Roy Harland at Ogden one hour before the debate. After taking some time finding a hotel, cleaning up, and collecting their thoughts, the two went to the place of the debate and won by a critic judge's decision. This was the first time that Roy and Ray had ever worked together on a two man debate team. How these two were able so well to reorganize their material is still a wonder to them.

The last event was a non-decision debate with the University of Utah at Salt Lake City. The men mentioned that they had a special liking for Brigham Young's country.

## CAMPUS WRITERS REORGANIZE GROUP

Wesley Gordon is Chosen as Leader; Many Interesting Works Presented.

Coffee House, which has been discontinued for some time, was reorganized by a group of writers, who met Monday evening at Delta Phi.

Wesley Gordon was elected chairman of the organization and plans were made for the year.

During the evening the following original compositions were presented and discussed:

"Sketch," Margaret Schreiber; "Street Impressions," "Sound," and "Music," Eloise White; songs, "For You," and "Dreaming the Hours Away," Margaret Warnke; "At Police School," Isabel Childs; group of short poems, Wesley Gordon.

Those present were: Elizabeth Kelly, Margaret Schreiber, Elizabeth Wetherill, Marna Powell, Eloise White, Hope Mumford, Isabel Childs, Brenda Savage, Margaret Warnke, Nellie Badley, Mary Allen and Wesley Gordon.

## CALIFORNIA MOTOR TRIP ENJOYED BY DR. CANSE

## MEN RETURN FROM COLORFUL JAUNT

Hectic Experience Ends in Willamette Debate Victory Over Weber.

OLD MEXICO ENTERED

Commendable Work is Done by Larky, Harland and Campbell.

Willamette has not taken part in any athletic contests for some time, but it does have a debate team: Roy Harland, Charles Campbell, Ray Larky and their coach, Professor Herbert E. Rahe, who have just returned from a long trip on which they have been talking hard.

On arrival in Los Angeles Charles Campbell and Roy Harland met Occidental college in a non-decision debate. The men were entertained that night by Occidental at Grauman's Chinese theatre. Ray Larky explained that this Chinese theatre is not an establishment in Chinatown but is the finest theatre on the Pacific coast. All the architecture and decorations are Oriental and the seating capacity is about 6000.

Saturday evening Charles Campbell and Ray Larky lost to University of California at Los Angeles by a close decision of a critic judge, and Monday afternoon the same team debated with University of Southern California in a non-decision contest.

That evening Charles Campbell, Roy Harland and Professor Rahe left for Tucson and arrived there Tuesday morning.

University of Arizona that afternoon succeeded in drawing two votes from the judges to Willamette's one. Wednesday, Charles Campbell spoke in the extemporaneous contest. Although he did not place among the twelve entries from the large colleges of the Pacific coast he did very commendable work. Thursday, Roy Harland made a very creditable showing among the other ten contestants. The Willamette delegates took part all day Friday in the conference business of the Pacific Forensic league of which Willamette is a member. Early Saturday morning the team left Tucson for the circle north.

Because of a change of trains the group was forced to make a ten hour lay-over at El Paso, Texas. They made good use of this time by taking a short pleasure trip into Mexico.

The debate in Laramie with University of Wyoming was another non-decision event. However, Roy Harland and Charles Campbell showed fine teamwork in this contest. The interesting error of the whole trip happened Monday evening while the debaters were getting ready to leave Laramie for Ogden, U. T. A. Through some unforeseen misunderstanding Charles Campbell was unable to use his pass on that train. He was supposed to debate while he is doing advanced work.

Ray Larky became the hero by arriving from California in time to meet Roy Harland at Ogden one hour before the debate. After taking some time finding a hotel, cleaning up, and collecting their thoughts, the two went to the place of the debate and won by a critic judge's decision. ## Along the Way

By the Wayfarers

Such an abundance of flunk days; real ones, supposed to be flunk days, going to be flunk days, and you never can tell flunk days. (We faintly surmise that the joke may be on us ere this column is off the press.)

Little Buzz Wutz says that's nothing new to her because every day she gets a flunk. The school is growing a crop of whether prophets—guessing whether they will have a flunk day today, tomorrow, or next week.

Alarm Clocks Give False Alarm in Supposed Junior Flunk Day: We even heard that Phil Armstrong had collected a whole suitcase of them for souvenirs. Again it has been proved that the setting of an alarm clock does not always mean that the owner intends getting up.

Anyhow, we always thought it took more than a suitcase to silence an alarm clock.

One of the boys ran so vigorously in the Junior Flunk night riot that he lost his shoes. We wonder if the reward will be according to the size of said articles. It might pay someone to investigate.

See Bill Mumford: "And everyone laughed as I sat down at the piano."

We know spring is here on account of the sudden flurry of baseball enthusiasm and the fresh supply of "Keep Off the Grass" signs in Willson Park.

Speaking of signs of spring, have you noticed all the daffodils that cluster around the Lausanne hall sidewalk?

After blinking at the bulletin board today, we are firm believers in that little ditty about there being no new thing under the sun.

There are times we wish we were as tall as Ed Stadler; for example, when we are trying to reach for a slippery letter in the Eaton hall mail boxes.

We heard we had a Detective Faber on the campus. First we have police schools and then detectives.

When you begin to grumble about your hard luck, just walk past the free employment agency down town. You'll feel better right away!

Prescription for blues, mumps, and measles: Dose: Watch the girls try to throw pillows up to maidens in second story window of Lausanne hall.

Every Freshman's two great temptations: Ye Senior Bench Ye Chapel Slide Doors.

About seven o'clock one evening we noticed some queer little black things flying around the top of Waller hall. We firmly suspect it was bats in its belly.

Wee freshman voice from beneath a stack of encyclopedias, periodicals, and "Whose Who": Ye gods, I'm never going to be great. I wouldn't play such a dirty trick on anybody. Think of how everyone would have to look up my biography. Nix, ooof, now help me out here!

Peace, nerves, and glass were shattered when an over-zealous baseball came through one of the library windows. Evidently that ball had a high aim in life.

We conclude that the most nonchalant person in school is the one who can walk calmly across the library when his shoes squeak!

## RETURNED MISSIONARY WILL SPEAK IN CHAPEL

Dr. Henry Hodgkin is Founder of the Fellowship of Reconciliation.

Dr. Henry Hodgkin will speak at chapel Thursday, April 17. At 4 o'clock he will speak at a joint meeting of the Y. M. and Y. W. and at 7:30 at the South Salem Friends.

Dr. Hodgkin is a British Friend, founder of the Fellowship of Reconciliation, and has been a missionary in China about 25 years. For many years he was secretary of a national council of China, which consisted of four secretaries, two Chinese and two Americans.

He is author of "China in the Family of Nations," "The Christian Revolution," "Lay Religion" and others. Some of these will be found in the library.

The W. U. delegates to the Student Volunteer convention at Detroit two years ago report Dr. Hodgkin as one of the outstanding speakers.

COLLEGE RADIO STATION BUILT

FILIPINOS HAVE SPECIAL FUND

### RADIO EQUIPMENT IS BEING ERRECTED

Work has been started on the housing of the transmitter for the new radio station which is to be installed at the State College of Washington. It is to be a one-story frame building about 24x30 feet and will fit the needs of transmitting equipment for the high power station to be installed. It is estimated that the new station will open about the first of May but a definite date has not been set.—State College, Pullman, Wash.

### CLUB WILL HAVE TRIP

A Natural History club trip, sponsored by the department of botany of the State of Washington, has been planned. The team which will be made by automobile, will take the members to Grand Coulee, Dry Falls, Soap Lake and Moses Lake, and will have as its object the study of the botanical zoological and geological features of the country. To date, 25 students have signed for the trip.—State College of Washington, Pullman.

### ONE IN THIRTEEN STUDENTS FLUNK

One in every thirteen has it. In other words, 556 out of a student body of 7,060 flunked out last quarter and received their notices of suspension from the registrar.

Although high, this number is an improvement over the same quarter last year, when 591 students were dropped. Two years ago the number reached the total of 678.

Petitions for reinstatement are being received at the office of Registrar Edwin B. Stevens and those of the deans of the colleges.—U. of W., Seattle.

### W. S. C. PETERSONS HONOR STUDENTS

Washington State College, Pullman, March 31.—Belief that the name Peterson must be an assurance of brilliancy is being expressed by students at the State College of Washington. There are eight students bearing that cognomen enrolled at the institution, and seven out of the eight made the latest college honor roll, which means a scholastic average a little better than 90 per cent.—U. of W., Seattle.

### CLARK WILL WRITE LIFE STORIES OF OREGON MEN

Biographical sketches, of three famous Oregonians are now being prepared by Prof. R. C. Clark, of the history department, to be used in the new edition of the Dictionary of American Biography, published in Washington, D. C. The three men whose achievements Professor Clark is recording are Charles Samuel Jackson, editor of the Oregon Journal and the Pendleton East Oregonian; Asa Lawrence Lovejoy, Oregon lawyer and judge; and John H. Mitchell, lawyer and senator.—U. of O., Eugene.

### OREGON HIGHEST IN USE OF BOOKS

That the University of Oregon library circulates more books per student than do other college libraries of its size, is revealed from figures published in the College and Reference Library Yearbook in 1929. This book contains only about half the libraries with enrollments over 2,000, some of the others not having figures available. M. H. Douglass, librarian pointed out.—U. of O., Eugene.

### TWO GIRLS ARE FIRST IN COURSE IN 35 YEARS

A thing happened which has not taken place upon the State University campus for 35 years. Hoary custom was overthrown. Tradition broken. The sacred precincts of the Everlasting Male have been invaded.

Two girls have registered for Prof. Edward H. McAllister's Practical Astronomy course. Peggy Fisher and Henrietta Dunning knew not what they had done until they went to class. Professor McAllister greeted them with unbelieving eyes and ejaculated, "You are the first girls to register for this course in 35 years."

The two brave maidens are bearing up as well as could be expected.—U. of O., Eugene.

### ROTC TO BENEFIT IF BILL IS PASSED

More snappy uniforms for all and an increase in the number of advanced course students in the R. O. T. C., here may be anticipated if the bill before congress which will increase the appropriations for the R. O. T. C. from \$2,667,917 to \$4,000,000 passes. In the opinion of Capt. C. H. Bragg of the military department, there has been a delay affecting all military legislation in congress, so it is rather uncertain whether the bill will pass. The delay was due, in the senate, to the absence of Senator Reed, chairman of the committee on military affairs, who is attending the Naval conference in London; and in the house, to the absence of Congressman James, who has been seriously ill for several weeks.—U. of O., Eugene.

### FILIPINOS HAVE BEING PLANNED

Because Filipinos have no access to the college student loan fund, the Washington State college Filipino club is sponsoring a movement to help those Filipinos who should continue their studies rather than be forced out to work. This Filipino student loan fund, which is hoped will materialize in a year or more, has the endorsement of President E. O. Holland. His letter of indorsement to the business men in the Philippines recommending actual support of this campaign of the local boys will be of great help and an invaluable asset. Secretary George Cole of the Y. M. C. A. is giving his assistance. The money, as it accumulates, will be turned into the bureau's office.—State College of Washington, Pullman.

### PLAYFUL STUDENTS ROLL CAMPUS TIRES

With the advent of spring football and automobile tires as dummies, tire rolling seems to have become one of the latest collegiate sports and worries to the athletic managers. When the athletes turned out for daily practice dodging automobile tires (we'll have a good pedestrian team, anyway), fifteen of the sixteen valuable tires were missing. At first it was thought that campus puddle-jumper owners had made the best of the situation, but after a short search this theory was abandoned. Some ingenious students, wishing practice in the tire-rolling sport, had rolled a majority of them down into Dean Eldridge's front yard, and scattered the remaining few about the campus. Athletic managers soon rounded up the tires in the A. S. U. I. Ford and they were again set up to represent W. S. C.'s 1930 football team, and practice was resumed.

One aspiring manager has been appointed Head Keeper of the Tires and will assume office immediately, guarding the little oval dummies from future misuse by sporting students.—U. of Idaho, Moscow, Idaho.

### COLLEGE FLIVERS IN CAMPUS DAY RACE

Among the innovations which will be made in Campus day this year at Oregon State, will be a "flivver" race. Speed is not a desirable quality in any car entered in this event, for the award will go to the slowest rate and which takes the greatest length of time to cover the course.—U. of O., Eugene.

### PEP BAND CONCERT SCHEDULED SOON

The University Pep band will give its annual home concert April 30.

A twelve-piece orchestra, that played on the band's southern tour this winter, will be a feature of the home program.

Last season the band went under strictly student directorship, which has proved very successful so far. The organization has been rated for years among the foremost in caliber of its kind in the northwest.—U. of Idaho, Eugene.

### MANY FOREIGN STUDENTS AT C. P. S.

In a recent report of the committee on Friendly Relations Among Foreign Students, the college of Puget Sound is shown to have the third highest number of foreign students in the higher educational institutions of the State of Washington with a total of 35. The state of Washington is fifth in the United States the statistical report shows and the state university has the largest enrollment of foreign students with 264. Washington State is second with 97.

According to the statistics compiled by the committees there are 10,033 students in the country from 111 foreign countries. Students from Oriental countries lead the list with European countries placing second.

### STUDENTS AWAY FROM HOME MAY NOW VOTE

The privilege of voting by mail no longer is restricted to a person being away from his home county on business, but is implied to one who is absent for any reason. An application for a ballot may be made to the County Clerk of the county in which a voter is registered after the 30th day preceding the election and must be returned at least ten days before the election in order that it may be in the hands of the Clerk six days before the election. In making application to the County Clerk state precinct number if possible.

## Oregon Woods

"Lean thyself to the continuous ground  
While calls the Oregon, and hears  
In sound  
How his own feelings"  
BARRY: Translating.

The woods, the deep  
Primal woods,  
The incense-laden  
Oregon woods—  
Where limpid streams and sun-  
lit bowers  
Abound in varied leaves and  
flowers,  
And censers swung in Nature's  
shrines  
Exhale a fragrant breath di-  
vine.

The woods, the vast  
Resounding woods,  
The wind-swept, vibrant  
Oregon woods—  
The zephyr's pianissimo,  
The cascade's deep fortissimo,  
The litany of happy birds—  
Are hallelujahs without words.

The woods, the dense  
Impinging woods,  
The towering, templed  
Oregon woods—  
A sermon every leaf reveals,  
Rare symphonies the woodland  
peals  
And columned aisles mid syl-  
van lyres  
Tower skyward like cathedral  
spires.

The woods, the quaint  
Enchanted woods,  
The elfin-haunted  
Oregon woods—  
The sighing bough and hermit  
owl,  
The sprite at prayer and nymph  
in cowl,  
The phantom note of mourn-  
ing dove—  
All tell the rosary of love.  
—John B. Horner.

## MACDOWELL CLUB PRESENTS STUDENTS

Varied and Balanced Program of Music Reflects Credit to Musicians.

The Salem MacDowell club presented members of the Willamette university Beethoven society in concert in Waller hall, April 1. The program was varied and well-balanced, and reflected great credit on the university musicians. The concert was opened by a piano duo, played by Helena Price and Lois Fellows. The precision and technique manifest in playing this number received high praise from the audience. Later in the program a piano and violin ensemble number was presented by Rosalind Van Winkle, Grace Henderson, Helen McPherson, Evelyn High and Iva Clare Love. This number included two movements from Beethoven's "Fifth Symphony," and was enthusiastically received.

Vocal solos were given by Walter Kaufman, Wendell Robinson and Josephine Albert; Grace Henderson and Lucille Cummings were accompanists. Edith Findley played the "Moonlight" sonata, of Beethoven, and Doris Corbin played "Ecclesiastes," by the same composer.

The program was closed by a double number given by the women's chorus of the Beethoven society. The arrangement of "Danny Boy" by Weatherly received hearty applause. The chorus was accompanied by Miriam Armitage. The next MacDowell club program will be the spring concert of the club chorus, directed by Professor Forrest W. Gaw. Miss Nancy Thielson, soprano, will be guest artist with the chorus. This concert will be held in Waller hall on April 28.

The United States, with 5.8 per cent of the world's land and 6.2 per cent of the population, is a great consumer of products. We consume approximately 48 per cent of the world's coffee; 53 per cent of the world's tin; 72 per cent of raw silk; 69 per cent of crude petroleum; 56 per cent of crude rubber; 42 per cent of pig iron; 36 per cent of coal, and 21 per cent of the sugar. No wonder we have to diet.—State college of W. Pullman.

At the annual business meeting of the Oregon Student Volunteer Union, held in Albany on April 6, Miss Virginia Slusser was elected president for the coming year. Miss Slusser is a junior in Willamette, and is well qualified for her new position, having served on the executive committee of the Volunteers in the capacity of secretary during this school year.

In the meeting which preceded the business meeting a group of Albany college and Willamette students heard Mrs. Induk Kim speak. Mrs. Kim is a young Korean woman who has traveled in all parts of the United States during the past two years in the interests of the Student Volunteer Movement.

The other officers elected at Albany are as follows: Vice-president Bob McMahan, '33, Albany college; secretary, Helen Laughlin, '32, Linfield college; treasurer, Evelyn Hulet, '30, Albany college; Alumni secretary, Bernice Cofer, '25, Linfield college, The Dalles, Oregon; Assoc. Miss Evelyn Hulet represented the Oregon union last summer when the council was held in Hightstown, New Jersey. The general council composed of a council member from each union in the United States transacts the business of the movement and formulates its policy and program for each coming year. Besides the council there is the headquarters staff which is employed throughout the year at headquarters, 419 Fourth avenue, New York City. Mr. Jesse Wilson, is general secretary of the movement, and Mr. Weyman Huckabee, who visited our campus in 1927, is now associate secretary.

Mrs. Induk P. Kim

## MRS. INDUK P. KIM VISITS ON CAMPUS

Korean Speaker Uses Idiomatic English; Soon to Have M.A. Degree.

Mrs. Induk Kim is one of the leaders of the Youth Movement of Korea. She has consented to delay her return to Seoul, Korea where she has taught for five years, in order to present the challenge of missionary service to American students.

Her early education was secured in Korea in the face of difficulties due to the opposition to education for girls and women.

For two years she was a student in this country at Georgia Wesleyan receiving her B. A. degree in 1928. During the summers following she has been registered in Teachers college, Columbia university, where she will receive her Master's degree in September, 1930. Early in the autumn, Mrs. Kim expects to return to Korea.

On scores of campuses in the United States and Canada, Mrs. Kim has been received with grateful enthusiasm. She brings students a message out of her own Christian experience and her own first-hand knowledge of what Christian missions have meant to her people. She thinks clearly, speaks spiritedly, idiomatically English, and because of her great personal charm as well as her message always wins a responsive hearing from college groups, large or small.

Mrs. Kim is on the Willamette campus, Wednesday and Thursday, April 9, and 10. She is speaking to the Young Women's Christian association on Thursday at 4 o'clock; to the Wesleyans, Wednesday noon; to Dr. Laughlin's classes in sociology and in race problems, and is also speaking in chapel, on Thursday.

Students have been arranging personal conferences with Mrs. Kim during both Wednesday and Thursday afternoons, to discuss problems of international interest and questions of students concerning their life work.

### FIVE YEARS AGO

April 15, 1925

One of the highest honors that the Willamette Student Body can award was given last Friday, when Lucia Card was chosen May Queen. Jennelle Vandevort and Elizabeth McClure are maids of honor.

At the meeting of the board of trustees of Willamette university Saturday two important measures were developed. One was the reduction of ten dollars in the tuition. This reduction now leaves the tuition at \$150 a year.

The sunrise Easter service held on the east steps of the Capitol early Sunday morning was beautifully inspirational and extremely white.

It was by and for Willamette students. Lee Chapin spoke on Christ's relation to the college student.

The Willamette magazine is well under way. It will be published in time to bring the alumni and the seniors of the Oregon high schools to the Junior week-end and the May day festival.

The main purpose of the magazine is to advertise Willamette university especially to the high school students.

The Water Fete will be an outstanding feature of Junior week-end. The fete will take place near the bathhouse on the river.

Each fraternity, and each sorority, and Lausanne Hall plan to furnish a float. The Queen's float will be the first in the procession. The May Day management will offer a prize for the best float.

The immediate protest that went up when it was announced that Willamette was about to drop track resulted in a reconsideration; and it was announced in chapel Friday that funds had been found, and that all candidates should report on Sweetland field.

## BEARCATS LOSE SECOND OF SERIES

Cardinal Makes Home Run in Eighth; Bearcats Score in Sixth Inning.

SCORE STANDS 8 TO 7

Peterson Pitches Entire Game for Bearcats; Boutlinghouse for Oregon State.

The Bearcat baseball team gave Oregon State college its second score in less than a week when a ninth inning rally fell one run short of tying the Stater's score in Corvallis yesterday afternoon. Oregon State won with a score of 8 to 7.

The Bearcats displayed a marked improvement in their hitting ability. The Staters seemed to like Peterson's fast ball and pounded it for long rides which resulted in two runs in the third inning and six on the fifth. Grayson's homer counted for two of these runs.

In the sixth the Scales-Hauk hitting combination began to work. Scales doubled and Hauk drove him in for Willamette's first run that inning.

The eighth looked like a repetition, but Boutlinghouse cautiously walked Hauk this time only to see Scales score on Erickson's fielder's choice. Cardinal wound up the inning with a home run to the far corner of Oregon State's spacious field.

With a four run lead remaining, Coach Coleman of O. S. C. decided to try out in the ninth a new battery, an experiment which almost proved disastrous. Two fumbles of pop flies left Adams and Peterson on bases, and Scales with his third hit drove them both in. He went to second on the play and after two were out came home on Hauk's third single.

Erickson came up with a chance to tie the score but was retired to end the game on a foul fly.

Both Peterson and Boutlinghouse performed the unusual feat of four successive strikeouts, three in one inning. Peterson fanned six men and Boutlinghouse five. Peterson held the Staters hitless for the last three innings.

Two base hits: Scales, 2; home runs: Cardinal, Grayson; stolen base: Thompson; sacrifice hit: Mack; bases on balls: off Boutlinghouse 4, off Peterson 1; struck out: by Boutlinghouse 5, by Peterson 6, by Woodard 1. Umpire, Edwards.

## WILLAMETTE MAT MEN WIN MEDALS

Willamette Wrestlers Take Three Firsts in Local Mat Tournament.

Six Willamette wrestlers who ranged from featherweight to heavyweight class contested for city honors at the local Y. M. C. A. last Friday evening. Three first and three second place medals were won by the Bearcat team. Lloyd Giron, welterweight, Dale Waddell, light-heavyweight, and Ruper Philpot, heavyweight, won all of their matches. Ronald Hulbert, Roy Mink, and Frank Lockhart took second in the featherweight, lightweight and middleweight divisions, respectively. Dale Waddell is the only member of the team who is not in school.

Twenty-six men competed in the Salem tournament, and most of them were college wrestlers from the neighboring institutions.

## ELDON JENNE NEW PACIFIC U. MENTOR

Remarkable Record Made by Mr. Jenne While Coaching Washington Hi

Eldon Jenne, present athletic coach at Washington high school, Portland, has been chosen director of athletics at Pacific university.

During his seven years at Washington high, Coach Jenne has made a remarkable record. No team he has ever coached has dropped below third place. His 1930 football team clinched the city championship and won the state championship game against Bend high school.

Jenne will probably go to Pacific under a three-year contract.

## FROSH ELECT NELSON SPRING SPORT MANAGER

At the freshman class meeting yesterday John Nelson was elected spring track manager for his class. His election was unanimous and came as a result of his work in sport writing and in basketball. At the close of the meeting Mr. Leslie Sparks presented basketball suits to members of the freshman basketball squad. The class had previously voted to have the awards made by Coach Sparks. Those who received suits were Beggs, Erickson, Gamble, R. Grant, Gottfried, Houck, Moore, Nutter and Wilson.

## BEARCATS OUT HIT BEAVER PLAYERS

Beavers Win on Errors; Rally Nipped When Stater Makes Spectacular Play.

SCALES HITS HOME RUN

Wilson, Peterson and Grant Out-Pitch Oregon State Moundsmen.

The Bearcat squad made a good showing against Oregon State last Saturday afternoon when they decisively out-hit and out-pitched the Staters. The game, which ended 5 to 3 in favor of the invaders, was lost by errors in the Cardinal and Gold defense.

The first Stater to score reached third on a muffed fly and was sacrificed in the second and third came on a fluke when a ball, thrown to second, hit the runner and rolled into the outfield. The man hit was sacrificed in the fourth man to score was safe on an infield error and the last was sacrificed after a scratch hit. Scales started the scoring for Willamette in the fourth inning when he cracked out a home run, the ball bounding over the fielder's head. Hauk got a three bagger in the ninth and scored as Trachsel made first. "Troxy" was brought in when Adams walked and Moore singled. A miraculous stop by a Stater robbed Cardinal of a sure hit.

Throughout the game the pitching was excellent and if Wilson, who pitched most of the game, and Peterson and Grant, who relieved him, had been backed sufficiently, the score might have been different. The Bearcats out-hit O. S. C. six to five, but the Beavers made only one error to six for Willamette.

It is much simpler to build up the defense of a team than to improve the hitting so, the Willamette outfit may easily be considered to be in a better position than the State team, which hit badly but fielded well. Added experience will give the Bearcat fielders the confidence which will undoubtedly bring up their fielding records by the time conference competition opens. Three games are scheduled with the University of Oregon at Eugene this week-end. A double header will be played Saturday.

Summary of O. S. C. game: Oregon State 5 5 1  
Willamette 3 6 6  
Batteries: Brown, Boltinhouse and Mack; Wilson, Peterson, Grant and Cardinal.

Willamette's hits were as follows: Scales, Deetz, Hauk, Erickson, Gibson, and Trachsel.

Two books from Stanford University Press are included in the list of the "fifty best books on international co-operation for peace."—(P.I.P.)

## FIRST DO-NUT LEAGUE TILT WON BY FACULTY

Monday the Faculty indoor team defeated the Senior Law 5 to 4 in a five inning game. Sparks had the lawyers under control most of the time by alternating right and port side pitching. At one time he retired the side after allowing the bases to be filled. At bat the winners sprung the biggest surprise. Curtis French scored twice after Sparks had sacrificed him to second. Dean Erickson outdid himself by slamming out a hit that advanced two men and then scoring before the side was retired. Slugging honors went to French and Braly who each knocked three baggers. The Faculty got to Covey in the second and tallied four times.

Score:  
Faculty 1 4 0 1 5-6  
Sr. Law 0 1 2 1 0-4  
Umpire: Trachsel.

## BEARCAT TOSSERS TO HAVE UNIFORMS

Fifteen New Purple and White Uniforms Purchased with "W" Club Funds.

The Bearcat baseball squad will be seen in brand new uniforms when they make their appearance on the diamond this season. This is the first time that the university team has been provided with suits by the school.

The W club donated the money that they made from the sale of concessions at the state basketball tournament to the baseball fund for the purpose of financing the new uniforms.

The W club will sponsor an entertainment this weekend, the receipts of which will be turned over for the benefit of the baseball squad.

Fifteen new suits were purchased which will equip the first team. The new uniforms are purple with white trimmings and on each coat are the letters W. U.

the winners failed to make a rally. Most of the scoring was done in the third inning.

## WHAT THE UNIVERSITY MAN WILL WEAR THIS SPRING

As seen at the leading colleges by the Hart Schaffner & Marx artists and style observers

Dickens blue—a blue dusted with grey is moving to the front rapidly. Pewter grey is another favorite color.

This 3 button suit holds the center of the stage. The lapel rolls to the second button—\$35 - \$50 with two trousers

The hip and waist lines are trimmer than usual

Fabrics are somber with very little pattern

Tweeds with bright colored nubs are popular everywhere with the university man

At Yale and Princeton you'll see many double breasted suits

Here are the full knickers with Argyle pattern hose

This half belt sport jacket is being worn in many schools—in Pewter grey or Vellum tan tweeds.

Everywhere it's the double breasted Camel's hair topcoat

Hart Schaffner & Marx are first always with the authentic University styles. You'll find them at this store.
