Placement Director Makes Plea Through Circular Sent to Student Body Presidents of Oregon

Falling in step with eastern colleges and universities and in accord with the sentiment expressed in a series of recent radio addresses, among them the outstanding address by Senator D Holt of West Virginia on "Presi Holt of West Virginia on "President Roosevelt's Foreign Policy," and programs sponsored by World Peaceways Incorporated, Willamette's faculty and students, at the suggestion of Miss Pearl Swanson, teacher placement director, in chapel Tuesday morning, have been flooding the foreign relations computings with eign relations committees with telegrams the past two days protesting the adoption of any for-eign policy which might involve the United States in a European

So far, speaking in compara tive figures, the faculty has led in the number of individual tele grams sent, Dean Erickson, Dahl and Coach Keene being the first three faculty members to report having sent messages of protest.
Organization s Act

Many students and campus organizations, however, have re-ported sending messages. First among the organizations were the Fellowship or Reconciliation, the YWCA and YMCA, the Alpha Psi Delta and the Beta Chi houses. A number of groups of students, mostly men, not under the name of any particular organization, have reported sending telegrams

Letters have been sent to the student body presidents of all the Oregon collegest and universities elling them what the Willamette students and faculty have done and suggesting that they bring the plan to the attention of their student bodies and faculties. It was found at Willamette that no urging or convincing was neces sary. College people in general see allke on the question of neutrality and all that was necessary was to light the match to a fire already built.

Think of it—a woman having course, she would not have won. Think of it—a woman having the temerity to run for the A.S.B. presidency. Not that she would bring the millenium with her administration. No claim is made for that. Women voting in America has certainly not brought perfection. It is not that women are superior to men. We don't claim that either. It is only that there is something foolishly inconsistent that just because one happens to be born a woman instead of a man, she must be automatically barred from such an office. Women are, necessarily, successful presidents of sorority houses, which calls for no small amount of diplomacy and ability. We have even had women editors of the Collegian and the Walludah—but the president of the student body—

Y. W. Holds Retreat at Nelscott

With elections over and new committee members properly chosen, the Y.W. is already busy on its program for the coming school year. Members of the old and new cabinets motored up to Nelscott Beach last Friday and spent an enjoyable week-end at Dean Dahl's attractive beach home. Mrs. Ellis and Dean Dahl accompanied the girls and joined with them in the outlining of next year's plans. Inspiring discussions around the fireplace and serious business meetings were the general course of events-with ample opportunity for relaxation and hikes along the beach. When the girls left for home on Sunday afternoon, they had completed plans for new methods in the Y.W. meetings, had scheduled the social events of the organization, and had chosen the Freshmen and Sopho-more girls to act as "Big Sisters" for the ensuing year.

Those girls taking part in the week-end activity were Martha Okuda, Margaret Macy, Dorothy Cutler, Mary Sadler, Leone Burdick, Mary Jeannette Clark, Pat Schramm, Jeannette Hults, Esther Mae Devore, Ruth Alice Grant, Bil-lie Richardson, Jessie May Ruhndorf, and Della Willard.
