PACIFIC CAPTURES MEET BY 3 POINTS

LLOYD BREAKS RECORD

Entire Contest is Thriller With Neither Team Sure of Win Until Last

"We need a place in this event to win the meet," an excited Pacific university student shouted to Thomas, Badger entry in the javelin, as the Willamette-Pacific meet neared its close Wednesday afternoon.

Prospects didn't look good to Thomas, as his best throw was several feet behind that of Willamette's third man; but he dashed down the runway, heaved the spear, and the judges measured it for a second place. That gave Pacific the victory 68 to 63.

Not only was the entire meet a thriller, but each single event was, with few exceptions, close, the winner usually being pressed to the limit to win. "Nutz" Lloyd, of Willamette, with one of the best jumps of his life, set what will probably be recognized as a conference record with a jump of 22 ft. 4 in. Tweedie, of Willamette, running with a pretty stride, won the 880 yd. dash to set a new school record of 2 min. 33.5 sec. "Nutz" provided the one big upset of the meet when he took first place in the hundred in 16 min. 2 sec., which had been generally conceded to Pacific. "Perce" Carpenter turned out to be the "iron man" of the meet when he took first in the shot put and javelin, a second place in the discus, and a tie for second in the high jump, to garner a total of 15 points and the honor of high-point man. Miller and Thomas, with totals of ten points each, tied for high-point honors on the Badger squad. Both men won points which were the turning point of the meet in favor of Pacific.

MCMINIMEE IS NAMED AS WALLULAH MANAGER

Harland Announces Editorial Staff For Next Year; Members Have Much Experience

Warren McMinimee was chosen Wallulah manager at a meeting of the executive committee Tuesday. Mr. McMinimee has been prominent in debate activities and is a member of Tau Kappa Alpha and Alpha Psi Delta fraternity.

Editor Roy Harland has announced his editorial staff for next year, with the exception of associate editor, who will be chosen in the near future. The appointments made are: assistant editors, Sarah Poor and Lucille Harland; administration Helen Stiles; classes, Isabel Childs; college days, Helen Pemberton and Lois German; activities, Marjorie Moser; athletics, Wesley Roeder; organizations, Helen Curry and Elizabeth Ogden; and satire, Clarence Poor.

Mr. Harland states that he hopes next year's annual will be as good as the 1928-29 publication. He is planning on a few additions, such as a picture of the executive committee, of the debate managers, and one or two others excluded this year.

FIRST STYLE BOOK TO BE PUBLISHED

Will Contain Information Pertinent to Publishing of Collegian

The first style book for any publication on the campus is to be printed next week by the editor of the Collegian and his staff. The book will contain heads of the paper, listing of duties of various department heads, plan of news story, method of preparing copy, as well as various mechanical listings.

The Style Book is of the type issued by newspapers, on other campus. Two years ago Victor Carlson, then editor of the Collegian, started a news-writing class, which compiled material for a style sheet but the matter was never carried to conclusion. Previous to this there had been drawn up a typewritten list of rules concerning the editing of the paper.

The book this year will be printed by the Statesman Publishing company, part of the expense to be borne by the Collegian and the remainder by the sale of the books whose price will be twenty-five cents.

PLANS FOR SUMMER MADE BY FACULTY

Few, a very few members of the faculty have let their plans for the summer creep out.

Professor Matthews will remain in Salem until after the first of July. Then for a month he will take in Epworth League institutes where he will be a member of the faculties. After that, he says, his plans are rather indefinite; he may take a trip or he may go to California and enroll for the late summer session at UCLA.

Dr. Sherman plans to drive to Iowa in July. While there he will visit his boyhood home.

After summer school Professor Richards will probably drive into southern California.

EDITOR ANNOUNCES COLLEGIAN AWARDS

2 SENIORS RECOGNIZED

Nine Members of Editorial and Four From Managerial Staff Picked

The Collegian "C" awards for efficient and faithful service on the staff of the Collegian for the past year have been announced by the editor. Nine members of the editorial staff got the award while the manager has picked four from the managerial staff.

Those who will receive the collegian "C" from editorial staff are: Bernice Jackson, Arthur Hollenborg, Gladys Miller, Josephine Olsson, Helen Stiles, Nell Bruneau, Robert Hillis, Dorothy Pemberton and Margaret Warnke. Members from the managerial staff receiving the award are Harold Tomlinson, Muriel Scheldt, Hestine Hollister, and Alfred King.

Of the nine receiving "C's" from editorial staff there are two seniors, no juniors, five sophomores, and three freshmen. From the managerial staff there is one junior, one sophomore, and two freshmen.

Bernice Jackson, a senior, became associate editor of the paper mid-term and after the illness of the managing editor, took sole charge of the editing of the paper. Nell Bruneau, the other senior, has been a faithful reporter on the staff. Among the sophomores are Gladys Miller who has acted in capacity of copy editor throughout one year, Arthur Hollenborg, Pacific International Press editor, Robert Hillis, assistant sport editor and efficient reporter on the staff, Margaret Warnke, proofreader for the paper and Dorothy Pemberton who has been responsible for most of the feature articles in the past year. WILLIS NOMINATIONS MADE BY PRESIDENTS

Successful Candidate to be Determined by Student Vote at Next Meeting

The candidates this year for the Willis Prize are: Kenneth Litchfield, Reeve Betts, and Betty Lewis. The candidates are nominated by the presidents of the classes and one of them will be elected at the student body meeting tomorrow. This \$25 award is offered to the student who throughout the school year has done the most real good to fellow students, and the University by deeds of kindness and genuine helpfulness, coupled with steadfast devotion to high ideals and upright character.

This prize is considered to be a reward for actual achievement rather than for improvement during the year.

Miss Lewis is a Delta Phi, and vice-president of the Y. W. C. A. for next year. During the past year she has been a member of the cabinet of this organization.

Mr. Betts during the past year has held the office of second vice-president of the student body, has been active in dramatics and football, and has been president of the Sigma Tau fraternity.

Mr. Litchfield retires as president of the student body with his graduation from the Law school, and from that of Liberal Arts. He again made his letter in basketball this year as well as in tennis. He is a member of Delta Theta Phi, Pi Gamma Mu, and of Alpha Psi Delta fraternity of which he served as manager during the past year.

OLSON CAST MAKES LAST APPEARANCE

Play is "What Every Woman Knows;" Lions and Kiwanis Sponsor

Sir James M. Barrie treacherously—and with entirely charming method—betrays to the world one of the secrets that women have carried with them from the Garden of Eden in "What Every Woman Knows", the play with which the first Circuit Repertory company will close its current season here on Monday, May 27, at Elsinore theater.

In dialect, the players jump across the Irish sea from the setting of their last play "Autumn Fire", and develop a Scotch burr in their speech, for the story has to do with the Wylie family and particularly with Maggie Wylie, who gained a husband through shrewd work of her father and brothers when they caught John Shand burglarizing their library.

There was no way out of it but for Shand to promise to marry Maggie, which he did, and the hearts of the Wylie menfolk were set at rest, for they had been terribly worried for fear Maggie would never win herself a husband, since she was a woman manifestly without charm, though otherwise a heart of gold.

The presentation here is under the local auspices of Lions and Kiwanis clubs.

His home is in Klamath Falls.

Miss Brown is a Beta Chi, has during her three years been associated with the Y. W. C. A. in which organization she has held several offices, has worked on the Collegian, being awarded the Collegian "C" in her sophomore year. Mr. Silver, a Sigma Tau, came to the campus this year as a transfer. Miss Clothier is an Alpha Phi Alpha.

Mr. Felton is a Kappa Gamma Rho, a major in Political Science, and lives in Dayton, Oregon. The other officers chosen by the sophomores to head their junior class are Henrietta Hageman, a Beta Chi; Dorothy Pemberton, a Delta Phi, and Samuel Rowe, a Sigma Tau.

Stop the Leakage With An Efficient System

Two faculty men, an officer of the alumni association, a trustee, and two students, are meeting this afternoon to discuss the advisability of a graduate manager system for Willamette, and its possible adaption to the student affairs for next year. The contemplated step is one which has for some time been needed on the campus.

The impression may be carried by some that a graduate manager system now exists, but such is erroneous. It is however the prevailing system on other camps, the larger colleges employing men who give their full time to the job, the smaller ones combining it with some existing position. Under this latter division would Willamette come.

The graduate manager would have his office in the basement of Waller where he would be directly in the field of student activities, and would have to assist him a stenographer. Inasmuch as a stenographer is already employed by the University such would entail little additional expense.

Under the existing system the managers of the Collegian and Wallulah are not accountable to anyone for the money which they derive from advertising in their publications. When representatives of student activities take trips they do not have to make an expense account. Contrast this with athletics in which every penny is accounted for, and in which the expenses of the athletes on trips are cut to the minimum.

The new official would have authority to demand budgets from the managers at the beginning of the year. If such were not satisfactory he could, acting purely as an advisor, lay the matter before the executive committee which would have final jurisdiction. Monthly reports would be handed into his office from the managers, and the books of the departments would be audited annually. (None of the books kept by student managers have been audited during the last three years.) All warrants would have to be o.k'd by the graduate manager previous to the drawing of the money. Thus could a check be maintained upon expenditures.

The placing of these activities upon a business basis by demanding a budget would be profitable. It would raise the standard of the publications, make for continuity in personnel, and give more actual business experience to those involved. The question may be raised that has not the existing plan worked in the past, and why will it not continue to do so? But has it worked? During the last three years the Wallulah has paid but once, the Collegian but once—breaking even in another. Another item, the budget for this year of the A. S. W. U. was not drawn up and approved until after basketball season had started—nearly one half of the year gone. Business? Hardly.

Under the proposed plan student records which at present fade out of existence in a short time would be filed, available for future reference. There would be no duplication of making of cuts by the Collegian and athletic department as has been in the past.

Cuts once made would not be lost, but would be filed much the same as books in a library are, thus gradually building up a morgue. Over \$2000 is spent by the students annually for cuts which are allowed to disappear after having been used once. There is too great a demand for them to allow this practice to long continue.

Where there is room for a leak there will be leakage. The increased efficiency of the new system is enough to warrant its adoption. But the fact that the change would not effect the constitution of the student body, and that the stoppage of the leakage would meet a part of the expenses involved, the increased revenue the other part, makes it doubly alluring.

As the World Goes Round

Another Collegian year is completed with the publishing of this issue, and again a new staff takes the helm. Throughout our term it has been the aim to edit a newspaper in the fullest sense of the word, and in a non-partisan manner. Thus we have striven to approach the standards set by professional journalists.

We have tried to stimulate student opinion in our editorial columns, to build up the student body, and to aid in the furthering of the University. Any issues that have come up have been carried through, not in the spirit of bravado, but with an understanding of the consequences as offset by an adherence to our policy of sketching student opinion.

It is not our desire to write a swan song. Rather should we wish to change horses in midstream with the new editor, allowing him to go on with experienced assistants to aid him.

In retrospect; We believe that the change in the style of the Collegian has proven worthwhile.

For the first time in the history of the paper a style book is being published which will add continuity to the personnel of the staff and raise the standard of the product.

The year has seen the establishment of the Northwest Intercollegiate Press Association with all of the member papers of the athletic conference, but one maintaining a special editorial office from which are issued weekly news releases. The initiative for the establishment of this system was taken by the Collegian.

Any credit for the Collegian logically belongs to the staff as a whole. We pass from the scene, but that, of which we have been a part for the last year, continues.

College As It Might Be

"Indeed we young barbarians are a perplexing lot. And yet we are not altogether unpromising and hopeless. We come to college with a feeling that the good life is a combination of the artistic, intellectual and economic activity. We are tantalized by a longing for "culture" no less than we are haunted by a craving for financial success. However, we find that the Greek Ideal has degenerated into four years of acquiring grades and other charms necessary for the capture of the sheepskin diploma—that Golden Fleece of the Twentieth Century." Thus does Howard Jay Graham of University of California warm up to his subject, "College As It Might Be," the prize winning article of the contest conducted by the New Republic among college students.

He would substitute in the place of the course system one in which the student would pursue in intensive research subjects of his own bent. The instructors would in such a plan correspond to the director of research foundation, or the leader of a scientific expedition.

In his conclusion he states that "we do not reject the ideal of the liberal education. We desire to make it a fact. We believe that this can be done by making our vital, practical interests the looms upon which to learn to weave our intellectual materials into an ever-growing, variegated pattern. If, in this manner, we are unable to make education a lifelong process of growth and development—and failing in our task see the masses of men still condemned to ignorance and drudgery—than we may concur in the pessimism of our gloomy Deans. But meanwhile our lot is to strive and hope—remembering that when we lose faith there will be another youth; unbroken by defeat who will refuse to concede that the achievements of the past are more than the faintest hint of the possibilities of the future. And did not the Barbarians conquer Rome?"

Along the Way

(By The Wayfarers)

If the Seniors are going to present a gift to the campus, why not let it be a bookrack for those who used to use the fountain bowl. These persons must be exceedingly inconvenienced by the recently made repairs.

Did Manager "Brains" Geddes get his nickname because on the glee club trip he was always threatening to "brain" the guy who spent more than his allotted two or four bits for meals?

"There goes another one! No, it wasn't a barker at the circus who said that, but a campus observer, who has been keeping track of the ever-increasing number of couples this year.

But even his figures do not come up to our expectations. He has calculated that twelve per cent of the women and fifteen per cent of the men are seldom seen alone.

It must be true, then, that in union there is strength. At least, those who believe in it attract the most attention.

Yet, we are led to question this strength. It is more like a reinforced army in battle: When one unit is broken up, another comes to the fore to take its place.

If this principle actually takes place, what a large per cent of the student body must have at some time or other taken part in this turn-over.

That might be good business, if life were governed in terms of Economics.

Whatever be the true state of affairs, there is one thing certain: With five per cent of us actually having "announced", fifteen per cent always interested, and probably forty or more per cent having some experience in this field, Willamette may gain the reputation of being a good old family institution.

Were the ranks not so strong, we might dare to publish quite a voluminous matrimonial list.

What a wonderful asset Salem business has in its perpetual smoke cloud.

Granted, that it doesn't turn to fire at night; but even though you get out of sight of it, you can always smell it. You can't miss it.

If the pillar of smoke which Moses and the Israelites followed, was as sooty as the paper mill's cloud, it's no wonder they kept moving on.

They say the new editor takes over the paper next week. We'd like to, but must not, make any flings at him, for he might get mad and not let us write any more while we are along the way.

Open Forum

TO The Editor:

Eight score and seven hours ago the men brought forth on this campus a new question conceived in iniquity and dedicated to the proposition that men and women are created unequal. Now we are engaged in a great civil strife to decide whether these men or any men so conceived and so dumb can rule the May.

It is altogether unfitting and improper that they should attempt to do this and yet in the larger sense they cannot concentrate; they cannot honor women's ground. The beautiful both here and gone have concentrated it far above their poor power to add or detract. We shall little note nor long remember what they have said here but we cannot forget what they attempted to do here. It is rather for us, the women, to decide this great question of May, and to carry on other matters of state we have thus far failed to advance. It is rather for us to be dedicated to the many tasks remaining before us that from these conceived men we take increased interest in this question for which they gave their last big bite of masculine conceit. We therefore highly resolve that these men shall not have raved in vain, that this University under woman's rule shall have a new birth of freedom, and that the Queen shall be of the girls, by the girls and for the girls—and this shall not perish with the men.

SENIORS TO ERECT NEW CLASS BENCH

Monday, in the senior class meeting, a committee composed of Ivan White, Beatrice Lockhart, and Kenneth Litchfield was appointed by President Don Grant to arrange for the replacement of a new senior bench in the location of the present senior bench.

The bench is to be of cement and much more artistic, we are told. Now, perhaps, there may be blue, velvety cushions and low, lacquered foot stools—a shiny brass railing may encircle the whole and one may enter by a knobbed and spiraled gate. And none may enter there but seniors. Our mistake—you are right; none but seniors sit thereon now.

NORTHWEST TENNIS TILTS HERE FRIDAY

Whitman-Willamette Favorites; Five Colleges Are Represented

This week-end will see the class of Northwest Conference tennis teams in action on the Willamette courts in the tournament for the conference championships.

Three years ago Ivan White and John Minto as freshmen captured the championship trophy for Willamette and this tournament will see them in action for the last time under Willamette colors. Whitman, champions for the last two years, are favorites to repeat having Worth Oswald to defend his singles title. Oswald and Emery will make a hard doubles team to beat.

If the College of Idaho pair show the same ability as last year they will provide plenty of competition for everyone. Wilson and Jensen are the two Idaho entries. Norton and Miller are the Pacific University entries and Linfield sends Waheman, Cook, and Reeder. Puget Sound entries are not certain but they will probably be Thomas and Hidy.

DECISIVE SCORE IS WON IN CPS GAME

By the decisive score of 15 to 6 the Willamette Bearcats overwhelmed the Loggers from Tacoma, and assured themselves of first place in the Western Division of the N. W. Conference. For two innings the game was

close. Vannice and Ferguson, rival twirlers were equally ineffective and each team scored three times. In the third, Vannice began to find the plate with his fast crooked one and blanked the Loggers until the ninth inning. Ferguson blew up completely in the last half of the same inning, and before the third man was out, eight sets of Bearcat claws had crossed the platter.

In the ninth a Logger rally had reached three runs before Majowski replaced Vannice and repulsed the Logger attack.

Hoot Gibson came out of a bad slump and played inspired ball both afield and at bat. George Scales was the powerhouse of the Willamette attack, getting four hits, three of them doubles over the right field screen.

The Bearcats played the best ball they have exhibited this year and aroused hopes of victory in the championship series with the tough Missionaries at Walla Walla.

MEN MAKE CLEAN SWEEP OF C.P.S. RACQUETEERS

Five Willamette racqueteers drove to Tacoma last week and made a clean sweep for the second time of all their matches with Puget Sound.

The summary of the matches is as follows:

- White defeated Hidy 6-2, 6-4, 6-4.
- Minto defeated Thomas 6-3, 6-4.
- Hageman defeated Neyhart 6-2, 7-5.
- Litchfield defeated Elsbree 6-1, 6-1.
- Roeder defeated Tilotson 10-8, 6-2.

Haworth Is Hero Of Net Tournament

At Haworth, Willamette university tennis player, performed a unique feat Wednesday when he defeated Lee of the Reed College team 6-3, 5-7, 7-5 to give Willamette a complete victory, seven matches to none, over Reed at Portland.

Lee was leading 5-0 in the third and deciding set, and had the sixth game 40-love, when Haworth came back and won that game on five successive points, then took six more games in succession to win the set and match. Bill Tilden in his heyday never quite equalled that one.

Singles
White, Willamette, defeated Griffin, Reed, 6-1, 6-8, 6-0.
Minton, Willamette, defeated Krabbe, Reed, 8-6, 6-4.
Hagemann, Willamette, defeated Wu, Reed, 6-2, 6-2.
Roeder, Willamette, defeated Coleman, Reed, 6-3, 10-8.

Doubles
White and Minto defeated Griffin and Coleman, 6-4, 6-2.
Hagemann and Haworth defeated Krabbe and Wu, 6-2, 1-6, 7-5.

MONMOUTH NET MEN TIE WITH CATS ON TUESDAY

The tennis match with Monmouth Normal held Tuesday at Monmouth ended with three matches for each team. The Bearcats were victorious in three of the four singles but dropped both doubles.

Roeder lost the first set before he started really playing but once started he ran out the next two 6-4, 6-2.

ED ROUNDS TO BE NEW WESLEYAN PRESIDENT

Wednesday noon, at the last meeting of the year, the Willamette Wesleyans elected officers for next year as follows: president, Ed Rounds; vice-president, Virginia Slusser; secretary and reporter, Marna Powell; treasurer, Ronald Halbur; devotional chairman, Norman Sorenson; faculty advisers, Dr. J. WHITMAN IS WINNER OF 3 GAME SERIES

W. U. TEAM LOSES WHITMAN GAMES

Men Make Fine Showing in First Game; Ledbetter Deserves Much Credit

After losing the Northwest conference title to Whitman college, the Willamette university baseball team turned around and defeated the champions in the third game of the series at Walla Walla Wednesday, according to word received here. The score was 8 to 5, the same as that by which Whitman won the deciding game of the championship series Tuesday. The Bearcat team will arrive home today.

"Spec"

Willamette lost its most determined effort to win the Northwest Conference Baseball title Tuesday afternoon by losing its second game to the Whitman five 8 to 5, after having dropped the first game 5 to 3.

For the first time in years a Western conference baseball team has given one of the two eastern teams a close run for the title. Heretofore the Eastern division teams have had a walkaway with the title but errors this year were largely responsible for Willamette's being barely nosed out.

Hauk and Seales, the Ruth and Gehrig twins of Willamette, gave the Whitman pitchers considerable to worry about. Hauk hit a home run scoring a man ahead of him in the first game and Seales hit a triple in the last game when the bases were loaded.

In the first game the Bearcat fielders had one bad inning which lessened their chances but in the rest of the game they played championship ball. Ledbetter was in the pink of condition but his support was faulty at times and he deserves lots of credit.

In the second game Willamette again played loose ball, making five errors. Haynes of Whitman made a bunt good for two bases when the infield drew up leaving both first and second open. Willamette errors paved the way for four Whitman runs. Vannice had considerable trouble in that he could not keep the hits scattered and when Whitman runs were crossing the plate in every inning except the first. Seales relieved Vannice in the last couple of innings and got along fairly well.

The conditions of the contest, which were stated in circulars contained with the letter bearing Prof. James T. Matthews' signature, were that the word "college" should be understood to mean a College of Liberal Arts, that the essays should not exceed

fifteen hundred words, and that judgment would be made on thought, style, form, evidence of research and originality. According to Dr. Carl Gregg Doney, the contest was very successful in every way and accomplished its full purposes.

State Superintendent of Education Charles A. Howard, State Librarian Mrs. Virginia C. Bacon, and Justice Henry J. Bean of the Oregon Supreme Court served as judges for the contest.

Scores of essays were received from the three Northwest states of Oregon, Washington and Idaho. Miss Eleanor Gettman, of Newberg, Oregon, won the first prize of fifty dollars. The twenty-five dollar prize was awarded to Mr. Ralph P. Stuller, of Lafayette, Oregon. SALEM, OREGON

ASWU TO CONSIDER FIVE AMENDMENTS

Purposed Measure Limiting Franchise of Women Creates Much Sentiment

Last Friday, May 17, at a meeting of the A. S. W. U. five proposed amendments to by-laws were presented to the student body, all of which were accepted for the first reading.

The first amendment dealt with requirements for awarding the Bar-W, a forensic award, and were proposed by the Forensic Council.

The clauses now read:
In Article 2, Sec. 3, Clause 2, Div. 1, of the Constitution:

"Debate—participation in one or more intercollegiate debates." Proposed to amend to read:

"Debate—winning of one or participation in two intercollegiate debates."

And in Article 2, Sec. 3, Clause 2, Div. 2, which now reads:

"Oratory—participation in one or more intercollegiate contests." Proposed to amend to read:

"Oratory—participation in an intercollegiate contest in which at least five colleges participate."

The next amendment proposed the fulfillment of graduation requirement prerequisite to receiving the four-year athletic award.

Article 2, Sec. 2, clause 3; proposed to amend by inserting the words: and who shall have fulfilled the requirements for graduation after the words' track or tennis and before the words, shall be entitled.

The third amendment is a new clause making presence at award ceremonies prerequisite to receiving award. This amendment was proposed because of the increasing number of students who are absent from award exercises.

Article 2, Sec. 2, clause 5:

Awards shall be presented only on regular award days and only to members of A. S. W. U. Any student entitled to receive an award but who is not present at award ceremonies shall forfeit the right to receive said award until the next regular award day at which he is present; provided that this ruling may be suspended only in individual cases and only by action of the executive committee.

The fourth amendment is concerning the number of award days wherein the amendment calls for three instead of five award days each year.

Article 2, Sec. 10. Proposed to amend as follows: Substitution of the word three for the word

five, between the words, There shall be, and the words, award days; striking out the words from. The third to the words, as soon as practical; substitution of the word third for the word fifth; insertion of the word remaining between the words at which time all and the words A. S. W. U. awards.

These three amendments regarding awards are recommended by the executive committee.

Article 4, Sec. 6, clause 2. Proposed to amend by insertion of words the men students between the words popular ballot and the words the A. S. W. U., the amended part of the clause to read:

At the regular meeting of the association in March nomination for May Queen shall be made from among the girls of the senior class by popular ballot of the men students of the A. S. W. U.

This last amendment is causing extensive controversy both on and off the campus. It is the amendment limiting the franchise in nomination and election of May Queen. This amendment was accepted at the first reading, but at the special meeting Friday, May 24, of the A. S. W. U. which will be called by the president, Kenneth Litchfield, the women may use their power as majority and defeat the measure.

The question aroused debate on both sides at the student meeting. Various angles of the problem were considered ranging from the suddenness of the United States turning undemocratic to the capability of men in choosing and selecting women.

CAPS AND GOWNS WORN IN TRADITIONAL MARCH

The Senior march, led by the class president, Don Grant, and the vice-president, Anna Mary McKinley, and followed by the members of all the classes in order of year, was the feature of Senior Friday, May 17. The line of

march extended from Waller Hall down State street and up through Wilson Park and the State House to the east steps where photographs were taken. Evelyn Lindberg played the traditional senior march.

This was the first official appearance of the seniors in their caps and gowns since Freshman Glee.
