

Beginning With M

By Paul Hauser

"They were learning to draw," said the Dormouse, "and they drew everything that begins with an M."
"Why with an M?" said Alice.
"Why not?" said the March Hare.

Matthews, Professor Matthews and Willamette; the two are almost synonymous. For thirty years Professor Matthews has been as wrapped up in Willamette and its affairs as it is possible for a man to be wrapped up in anything. He has given his life to Willamette and to Willamette students. His familiar figure on the campus, smiling at the door of his classroom, whimsically presenting the Freshman Glee Banner, waiting for a bus by the library, has become as great a Willamette tradition as The Old Historic Temple: he is as much a Willamette institution as Waller Hall. No one leaves Willamette without knowing Professor Matthews, "that good old man," no one knows him without learning volumes of character and friendship and the art of living. This year at commencement Professor Matthews will have conferred upon him by a grateful board of trustees the LL. D. degree, but to Professor Matthews this will be little, for he knows that for 25 or more years he has been in the hearts of the students Doctor of Friendship and the Art of Living.

Soon the seniors will cart away their diplomas (\$5.00 plus incidental expenses for four years) and will no longer be seniors, but freshmen again. The sheepskins they can tack on the wall and hope to high heaven that they don't go "Baaaah, baaaah," and start out to hitch their wagon to a star (these nights are really nice for that sort of thing) and either take a joy ride or get taken for a ride.

Lois Wilkes heaved a gigantic sigh of relief and pulled away from the Collegian with a feeling

as if she were newly born. She felt like a man feels when he takes a porous plaster off his chest, and her sentiments waxed forth through a misty cloud of lilac perfume. She did stop long enough in her mad flight to drop a salt tear into a moist handkerchief and pity the new staff which takes upon itself the chains and woes of the journalistic profession. Maybe Miss Wilkes' undesirable publicity is that old hand crocheted family album they call the Wallulah caused her to repent her life of sin as a lady journalist. She is now going into retirement where she believes she will have time to handle a nervous breakdown, or two.

"Don't sell Willamette short." That's the keynote of the new school wide publicity program introduced with a bang by our wisecracking student body president. It's all word of mouth advertising that works on the principle that if a man is murdered at midnight and three people know about it and everyone who hears about it tell two other people the whole world will know all about it by morning. We have had no murder here, but we have a student body (and incidentally a student body president who reads Whiz-

Matthews—Then and Now

Seniors All Set For Last Strides Of College Trek

Commencement activities on the campus coming at the end of exam week will make June 17, 18 and 19 very full days for graduating seniors, beginning with the Senior Breakfast at 6:30 in the morning Saturday, and stretching out through an almost continuous stream of happenings until the final event, commencement exercises at 9:30 a. m. Monday, with Professor Matthews delivering the commencement address and President Doney conferring the degrees and announcing the prizes and honors.

On Saturday, the 17th, after the breakfast, which will be handled by Burt Crary, the first event on the program is the annual meeting of the board of trustees to be held in Eaton Hall. At this meeting the trustees transact the larger business of the year, and adopt resolutions and vote on legislation suggested by the smaller group of the trustees at its earlier meeting.

Following this at 2:30 are the Class Day exercises in the chapel. Elizabeth Clement will sing "Farewell Willamette" and the seniors will march out of Waller Hall for the last time in a body.

At 4:00, the Alumni business meeting will be held in the chapel, and at 5:30 the Alumni Banquet, also arranged by Burt Crary, will be served in the gymnasium. This is the annual reunion of the alumni and, judging from the ticket sales, will be well attended this year.

President and Mrs. Doney will climax the events of Saturday with a formal reception to be held at Lausanne Hall at eight, in honor of the seniors.

Sunday, June 18, the Baccalaureate Service will be conducted at the First Methodist Episcopal church by Reverend B. Earle Parker. The service will be at 11 a. m. The Reunion and Farewell service will be held at the University chapel at 4:30, and the Christian Association's Anniversary will be held at the First Methodist church.

Manday will mark the final day (Continued on page 4)

"Gone are the Days" Says Wilkes in Haze

By Lois Wilkes

Since the worthy managing editor has taken as the theme of his kolium an idea from Alice in Wonderland, journalistic license is going to be stretched just as far because what the well-known walrus said about cabbages and kings applies to this article. Instead of going from the sublime to the ridiculous because you can read the sublime in the Wallulah.

We have had a number of suggested high-points of the year, ranging from Prof. Monk's seasickness to the far-famed mystery concerning the theft at Lausanne. One thing is certain in this last event—every coed at the hall had to stop singing the part about "—You go home and get your scannies—"

Beating Whitman was one high-point that brought more satisfaction to the student body than perhaps any other event of the year.

BOARD CONFERS LL.D.

Mathematics Head, Student Favorite for 40 Years; Speaker for 19th

Well known and universally popular with students is Professor James T. Matthews, head of the mathematics department and speaker for the commencement exercises this year. These same exercises will mark the end of the life of Professor Matthews and will usher onto the campus of Willamette university a new instructor, Doctor Matthews, the Board of Trustees having conferred on him the degree LL.D.

A rumaging biographer has delved into the life history of the honored instructor and herewith unfolds the tale—

Somewhere in England where the Atlantic ocean could be heard not far away, sometime in the years about 1867 Professor James T. Matthews was born. Of course, he was not then a professor; he was probably just "baby" or "Jimmy." His father was a working man, educated and well-read, who had heard from neighbors who had relatives across the sea of the marvelous land of America, the land of hope and opportunity. Being a man of vision Matthews, Sr. picked up his family goods, to say nothing of the family, and migrated across an ocean and a continent to a point of the Pacific coast where again the Matthews' children could be lulled to sleep of a night by the sound of the wild waves.

Here in Oregon the Matthews' family found a land that suited it to a T, indeed to a James T. The father of the family became one of those sturdy pioneer ministers who contributed so much to the West. All of the children were brought up in a healthy atmosphere of culture and worship.

The children went to school at various places. Professor Matthews recalls that not once in his life did he have the same school teacher for more than two terms. As they say in biography, very little is known about this stage of his life, chiefly because the bio-

NEW EDITOR NAMES COLLEGIAN STAFF

Young, Magin, Childs, Marcy and Hauser Head Work; Wallulah Staff Secret

Reo Young, the newly elected Collegian editor, has announced the selection of most of the personnel on the staff for 1933-34. Louis Magin will be the manager; Frank Childs, associate editor; Carl Hauser, managing editor; Carl Marcy, news editor; Parker Gies, sports editor; Ruth Chapman, society editor; assistant society editors, Nellie Perrine, Harriet Sanders, and Eleanor Barth; Evelyn Shields, features editor; assistant editors, Edythe Glaisyer, Ruth Chaney, and Margaret Savage; alumni editor, Faye Sparks; office secretary, Elaine Chaney; proof readers, Katherine Earle and Margaret Haight. A few of the editorial positions have not yet been filled, but Mr. Young expects to have the entire staff, except the reporters, who will be selected after tryouts next fall, ready for work next September.

Lowell Eddy, Wallulah editor for next year, states that, while he has several people in mind, he is not yet ready to divulge the names of those whom he has selected for the Wallulah staff.

Roe, Fleming Make Royal Sweep In Ra-Rah Elections

The election Wednesday at chapel time decided the Yell King, Song Queen, and receivers of the Joseph Albert's prize and Colonel Percy Willis' award.

Joe Roe as Yell King and Anna Jo Fleming as Song Queen, will lead the student body in the creating spirit and enthusiasm toward the Bearcat athletes. The Crown Prince, who is the assistant of the Yell King, will be elected early next fall.

Myrtle Lawyer is the senior elected to receive the award of \$25 presented by Joseph H. Albert, of Salem, and a graduate of the School of Law of Willamette in 1898. The receiver of this prize is the student who has maintained good standing in scholarship during the year, opportunities considered, and who made the greatest progress toward the ideal in (1) character, (2) service, and (3) wholesome influence.

Enoch Dumas will receive the award presented by Colonel Percy Willis of Portland, who graduated from the Willamette School of Arts with the class of 1888. This award of \$25 is made to the senior who, during the year, has done the most real good for students in the university by kindness and helpfulness, coupled with steadfast devotion to high ideals and upright character.

A.S.W.U. BOOSTS FOR "GREATER WILLAMETTE"

Faculty Field Men Urge Student Body Cooperation

BURDETTE TELLS PLANS

Student Committees to be Formed Over Northwest To Sell School

The initial guns of a "Greater Willamette" drive were fired by committee heads in chapel Tuesday morning. A verbal barrage of spirit from the platform was answered by student acclamation—And forces are being marshaled for an "over the top" charge.

Beaming student prexy, James Burdette led off with the fireworks and introduced the plan. He outlined the purposes of the campaign and urged student cooperation in carrying them to a successful conclusion.

The student prex declared that Willamette demands the best type of student. He stressed the necessity of acquainting these students with the advantages which Willamette offers them.

Heading the campaign and assisting President Burdette are three faculty members: Prof. Herman Clarke, Prof. W. C. Jones and Coach R. S. Keene.

These men will travel throughout the entire northwest this summer as representatives of the university. They will be assisted by a group of selected students who will be chosen today.

Dean Erickson will be on the job in his office during the summer months ready to handle the official aspects of the program and all university correspondence.

All members spoke briefly of the aims and ambitions of the committee in launching this "Greater Willamette" drive.

Dean Erickson urged concerted effort on the part of the students. Spec Keene with his usual brevity and force exhorted the students to use personal concentration on individual prospects and so impress them with the reality of the W. U. spirit.

Prof. Clark illustrated the advantage which Willamette holds over other schools in the matter (Continued on page 4)

FROSH TO PICNIC AT RIVERDALE TOMORROW

The much delayed Freshman class picnic will be held Friday at Riverdale Park, where swimming, ball-playing, and eating will be the order of the day. The picnic has been in charge of Lois Underwood and Kenneth Manning and will be a fitting end for their terms of office. Trucks will leave Eaton hall at 4 p. m. J. Burton (Pop) Crary will furnish the picnic lunch, which will be served at 5:30.

".. and Away We'll Go" Say Prots to School

The faculty evidently are not to be distinguished by their frivolity during the summer months.

Dean Erickson intends to spend the summer working at his office, doing much the same sort of thing he does all winter. However, he will break away for two weeks and take a little jaunt into California. Those who remember a mention he once made in chapel of the thrill he experienced of flying down by plane have some idea of the pleasure this trip brings him.

Dr. Doney says he is just going to hang around and talk to people and perhaps go catch a fish. He admitted on questioning that he might move the lawn a time or two. Dr. Doney says that he is one of those men who must "stay by their stuff." If you don't know what that means, look it up. That's what this ignorant reporter had to do.

Dean Dahl plans to be in Berkeley this summer. She will take some course at U. S. C. while making some investigations concerning vocational guidance courses.

California seems to be a sort of mecca for professors. Dr. Pearce intends to spend part of the summer in Berkeley, visiting friends and enjoying herself thoroughly. She will stay at the Women's faculty club on the campus of the university.

Professor and Mrs. Sherman are going back east for six weeks visiting friends and relatives.

Coach Spec Keene and Prof. Clark and Jones are going to be field men for Willamette this summer, and judging from their sample "campaign speeches" their efforts are going to be fruitful.

Many faculty members have as yet made no definite plans for the summer months. Shame on 'em. How do they expect this paper to have any news?

Fate of Choir Trip To Chicago in Hands Of Special Committee

Marshall, Doney, Duncan Talk Finances; 24 Dates Booked; N.B.C. Program in Chicago; Opera Tomorrow Night Cancelled

TO GO or not to go—and how to get there; these are the big questions confronting Professor Cameron Marshall and the Philharmonic Choir in its projected concert tour to the "Century of Progress" World's Fair at Chicago.

A special committee comprised of Professor Marshall, Doctor Carl G. Doney and Charles L. Duncan, a field man for the university, met late Wednesday to discuss ways and means of launching the final drive for finances. At time of publication the committee had made no definite report of details but indicated progress toward an outlined plan for the next two weeks.

On the functioning of this committee and those working under its direct supervision largely rests the fate of the Mid-West musical jaunt.

Already the choir has its engagement books filled for the trip eastward—24 appearances being slated en route to the scene of the exposition. One of the outstanding dates is the Boulder, Colorado Chautauqua, Sunday, July 9.

Among the highlights of the musical group's activities in Chicago is a scheduled one-hour broadcast from the court of the Hall of Science on a national hook-up with N.B.C. This program is set for Wednesday, July 26 from 8 to 9 p. m.

Additional presentations are being signed up for the stay in Chicago, and partial booking has been secured for the return trip.

Officers for the freshman class are Paul Hauser, president; Esther Gibbard, vice president; Winifred Gardner, secretary, and David Johnson, treasurer.

Y. M. C. A. elections have not yet been held, but the candidates to be voted on by the student body are Laurance Burdette, president; Ralph Anslaw, vice president; Jack Simpson, secretary; and Fred Harris, treasurer.

Hal Bollinger of Bozeman, Montana, was elected president of the Willamette University law school at their annual elections. Other officers for next year are Al King of Portland, vice president; Jack Grant of Falls City, secretary, and Wallace Douglas of Coos Bay, treasurer.

Classical club president will be Anna Calaba; vice president, Elva Sehon; secretary-treasurer, Louise Anderson; program chairman, Margaret Lange.

Wesleyan officers are headed by Harriet Sanders, aided by Martha Jane Hotel. Secretary is Eleanor Barth, and treasurer is Laurance Burdette.

The scheduled appearance of the enlarged opera cast in "Bohemian Girl" set for tomorrow night at Salem high auditorium has been cancelled. The representation of the musical hit was originally planned because of popular request by interested patrons.

While the matter of finances for the trip is pending the singing group will be busy rehearsing its concert numbers under Professor Marshall's discriminating tutelage. The range and variety of numbers in the Philharmonic repertoire is increasing with each practice, so that a program of unprecedented diversity and quality will be ready by the time of departure—the early part of July—according to the music Dean.

Last Friday's production of "Bohemian Girl" in the Public Auditorium at Portland with a cast of over 80 players and singers was well received according to reports.

The size of the crowd in attendance was smaller than hoped for, but keen enjoyment was expressed by listeners who were on hand.

Tonight the choir travels to Portland to appear on a special Rose Festival program at the Municipal Auditorium.

Attention! W.U. Students

The library will be open during the summer, except for holidays, regularly on Mondays, Tuesdays, Wednesdays, Thursdays, and Fridays, from 9 a. m. to 1 p. m., and from 2 p. m. to 4 p. m., and on Saturdays from 9 a. m. to 1 p. m. Also on payment of transportation charges books will be loaned to students living out of town for a month. If loans for the summer of books relating to a definite department are desired, the consent of the head of the department should be secured.

About 12 books have been selected for next year's book review contest and will be available this summer. Students are again reminded that all fines and delinquencies must be settled this week or students will be barred from examinations.

Under New Management

THIS issue of the Collegian marks the initial effort of the 1933-34 staff. Strange feet now shuffle under editorial desks; puzzled heads have been scratched and inexperienced brows wrinkled over leads, headlines and scrawled news in the process of making.

With our inauguration into activity we accept the editorial responsibility of outlining in brief the objectives of the campus paper for the coming year. However, we choose to defer details of the Collegian policy until the beginning of the fall semester.

But let us consider the guiding principles which we desire to build into the student newspaper. Let us picture for a moment the general mould into which we shall pour our editorial labors during the coming months.

First let us bear in mind that a newspaper is chiefly a gatherer and disseminator of news—and so shall be the Collegian (we hope). And what is news? On our campus it is what the students, faculty, administration, et al are doing, saying, thinking, hoping and planning.

So it shall be the prime duty of the Collegian to draw in the divers bits of collegiate activity and opinion and accurately reflect them to readers in an impartial, interesting manner.

Our second general aim regards the creation and representation of editorial opinion. We hope to make the second page columns productive of progress in student unity, spirit and efficient administration of campus affairs.

And third, by diversity of departments and features we seek to enlist the interest of all groups and individuals of the university—as well as alumni and outside friends of the institution.

And last, it is our desire to keep the Collegian journalistically in line with the best in modern newspaper practice—divagating, of course, now and then into side trails of collegiate "exuberance" and originality, but always maintaining a poised restraint.

But most of all our objective is to present a readable news sheet that will portray the progression of campus activities week by week.

Greetings To Doctor Matthews

FORTY years of service to its students and devotion to its high principles is the record of Professor Matthews at Willamette. We congratulate him and honor him on his forthcoming reward of honorary degree—Doctor of Laws.

The University in conferring this distinction is offering deserved recognition to one of its most faithful. All who have felt his influence, all who have sought him out personally have been singularly impressed by the even temper and philosophic simplicity of the good-natured professor.

A sympathetic friend of youth; a veritable foster Dad to successive freshman classes. Thus might he be characterized. Who at Willamette does not recall with inward smilings those first days of Orientation class, getting acquainted—and the yearly-recurring suspense of the Frosh Glee finale with Professor Matthews' drawing announcement of the winner?

Growing with the University he has become an integral part of its spirit and tradition. He has built up to a standard of excellence his department of the Mathematical Sciences, but his chief interest has been directed toward his students as fellow human beings. Truly it might be said of him that "he teaches not subjects and courses, but young men and young women."

Congratulations to Doctor Matthews.

Now What—Class of '33?

JUNE 19th and then - - - ? Out from the sheltering walls of academic "artificiality"—into what men of "experience" call worldly "reality"; and no jobs. Is that the next step? Down from the rarefied atmosphere of college theory—into the harsh blasts of actual business practice.

Still the economic crisis lingers. Despite

Mr. Babson's heralded up-swing only one out of eight in the class of '33 will be gainfully employed two months hence—such we are told by a recent survey of the National Student Federation.

Pleasant prospect for the "B.A." with his new sheepskin and stock of good wishes from the speaker of the day!

It would seem at a glance that the situation were hopeless; but taking a second, more courageous look, perhaps we can discern some elements which might cause us to again take faith.

Our economic and social problems are not impervious to solution—albeit they present numerous "knotty" questions, as Dr. Sherman would put it, which are yet unanswered.

Where will the college graduate's place be in the solution of these problems? Will his theoretical training be trampled upon and ignored by the "practical" business man, erstwhile promoter of boom times? Perhaps; but not at any rate, with the gleeful abandon of pre-crash days.

The deflationary aftermath of the post-war New Era has knocked the wind out of many super-stocked and bonded individualists. The bromo-seltzer period of their economic spree is at hand, and more thorough-going treatment of ills seems imminent.

Public opinion and plenty of it in the right direction is necessary. University trained men and women could go far in moulding this sentiment for progressive social legislation and increased economic control by presenting a unified front—with unified demands and objectives.

Recognition of the value of college theory is strikingly evident in the reliance President Roosevelt is placing in his much discussed Brain Trust of college professors. "Practical" men of "experience", having overplayed their hands, are taking back seats while "theorists" are called forth to make the psychic bids under the executive's New Deal.

"Now the challenge (how often we resort to this over-worked word) of the times calls for pioneering youth," says a chapel speaker. Maybe he's right. Not a challenge to crush material obstruction, but a dare to subdue stubborn human prejudices. A call to readjust social values and economic practices so as to more adequately care for the needs of society.

We are not blinded to the obstacles in the way of advance—their reality and immensity appalls us. But, on the other hand we should not let immediate woes obscure vision and ideals.

Willamette has been builded on a foundation of pioneer spirit and idealism. May we not translate this pioneering spirit into newer and finer terms?

Indeed, the world into which the class of '33 will step is not without its adventure for the venturesome—not without its opportunity for the creative thinker and doer. If real achievement seems remote, there still remains the convincing philosophy of President Doney's recent remark that "the best part of success is that which precedes it."

What-How—Bushmen!

THE average college student is less progressive and liberal minded than the average college professor," uttered Dr. Laughlin in Sociology Class; "witness the Australian bushmen tactics which still persist in the Willamette Freshman initiation."

We've never personally checked up on the evolution of the present pious rites which all rooks must go through, but the possibility of heathen inspiration offends seems patent.

The sophomores demand a certain amount of "warming up" of the newcomers in the fall—to see if the neophytes can "take it." But after six or eight weeks of dealing out hacks and checking lids the administrators of punishment are worn to a frazzle. That's no fun.

Last fall's ceremonies resulted in some personal bitterness which required several weeks in wearing off. And then the rooklid-Bible-ribbons check-up was protracted clear to Thanksgiving vacation.

Maybe the professor is right. At any rate we must admit that most of our enlightened brother universities have largely disentangled themselves from primitive adherence to long drawn-out initiation schedules. Instead they substitute a briefer disciplinary period and some spirited but organized rivalry between the rooks and the second year men.

The Cubs have gone on record as favoring a complete reconsideration of the matter in conjunction with Dean Erickson. In the interest of better student unity and your own self-comfort, ye on-coming bushmen of '36, let's have a change!

Idlers and Summer Days

A LAZY burning sun hangs high in the skies these days reminding us all of vacation lurking just a few study periods away. Soon the Bearcat five hundred will disperse in post haste.

Campus idlers and sprawlers find time each sunshiny day to ease away a few hours on the front lawns. They move for no one but the militant Dean Clark with his grass-clipping juggernaut. Probably getting in idling form for the jobless summer ahead.

In fact, some students are straining so to loose themselves from the academic leash that special exams have been provided to relieve them a week early. A few jobs, summer school, trips to Chicago's World Fair, books and plenty of just plain "loafing"—all these are on the activity menu for the next two or three months.

ALUMNI BANQUET
Have you sent in your reservation for the Alumni Banquet? The gymnasium is the place; the time is Saturday, June 17, at 5:30 p. m. sharp; the price is cheaper than last year—65c per plate; the menu is fine; the program will be short and interesting.

This is "Prof. Matthews' year," so he will be our honor guest and toastmaster. Our five-minute speakers will be Dr. Carl G. Doney, Hon. George Neuner, representative of the 25-year honor class, and Miss Margaret Cosper, representative of the 50-year honor class. Miss Elizabeth Clement of the graduating class will sing "Farewell, Willamette." The seniors will be there in cap and gown. An additional feature of the program will be kept as a surprise for you.

Everyone is urged to stay for the brief business meeting which will immediately follow the banquet program. There will be time to visit between the banquet and reception. Take advantage of this opportunity to renew acquaintances. From the number of reservations on hand, there will be a record attendance. Send in your return notice now, or call the secretary, Fay Sparks, at the Willamette Gymnasium, 6778. Please help us start the banquet on time by getting your reservation before Saturday, June 17.

The response of alumni to the Last Address list has been splendid. We wish to thank everyone who has given this fine cooperation.

VITAL STATISTICS
The wedding of Miss Irene Breithaupt, '28, and George Van Natta, '29, was solemnized in Salem, Saturday, June 3, at 4 o'clock in the home of the bride's parents, Mr. and Mrs. C. F. Breithaupt. Rev. S. Darlow Johnson, assisted by Rev. B. Earle Parker, read the ceremony before immediate friends and relatives.

Miss Helen Breithaupt, '32, was maid of honor for her sister, and Robert Fulton of St. Helens, acted as best man. Preceding the ceremony Miss Bernice Rickman sang "O, Promise Me." Mrs. E. T. B. Hill (Elsie Lippold), '21, cousin of the bride, played the wedding marches. Among those who served at the reception were Mrs. Alice Fisher, '31, Miss Loretta Varley, '31, and Miss Bernice Newhouse, '28.

Mrs. Van Natta was prominent in student body affairs and for-ensies. She is a member of Alpha Phi Alpha and of Tau Kappa Alpha. Since graduation she has been associated with her father in the floral business, and has been actively connected with club and church activities of Salem.

Mr. Van Natta graduated from Willamette school of law and at the present time is a prominent attorney in St. Helens where he and Mrs. Van Natta will make their home.

Announcement has been made of the approaching marriage of Miss Hazel Newhouse, '27, to James Kenneth Harris of Lewiston, Idaho. The ceremony will take place in the late summer at the home of the bride-elect's parents in Springbrook, Oregon.

Miss Newhouse taught in the Klaber and Chehalis, Wash., high schools after graduation from Willamette. In 1930 she went to Peiping, China, where she taught in the boys' high school of the M. E. Mission. The following year she taught in the American high school, and during the present school year she has been head of the high school department of the American school in Peiping.

Miss Newhouse will travel from Peiping to Shanghai, then back to Yokohama, from where she will sail for Vancouver, B. C. She will arrive at Springbrook about the middle of July.

While in Willamette Miss Newhouse was active in forensics and Y. W. C. A. work. She is a member of Alpha Phi Alpha and Tau Kappa Alpha.

Mr. Harris, who is a graduate of the University of Idaho and a member of Sigma Alpha Epsilon, has been in Peiping for the past four years in the Headquarters office of the American Legation. He will attend the University of Idaho next year to complete a forestry course. Miss Newhouse also will take work at the university.

Miss Elsie K. Tucker, '29, has departed for Casanova, Va., where her marriage to Rev. J. Thomas Lewis of Alexandria, Va., will take place on June 19. They will tour Virginia for two weeks, and on June 23 they will sail for England to visit relatives of Rev.

Lewis. In September they will return to Salem and from here will go to eastern Oregon where Rev. Lewis will be in the services of the Episcopal church. He was graduated this June from the Theological Seminary in Alexandria.

Miss Tucker was prominent in campus activities and was a member of Daleth Teth Gimmel, and Pi Gamma Mu. During the year following her graduation, Miss Tucker was secretary of the Y. W. C. A. in Baker. Since 1930 she has been secretary for Girl Reserves at the Y. W. C. A. in Portland.

June 9 has been announced as the wedding date of Miss Dorothy Taylor, '30, who will become the bride of Dennis Patch of Weiser, Idaho.

Miss Taylor, who is a member of Alpha Phi Alpha and of Theta Alpha Phi, has been teaching in the high school at Halfway, Oregon. Mr. Patch is also a teacher there, where they will make their home. Mr. Patch attended Oregon State college and is affiliated with Beta Kappa.

The marriage of W. Curtis Reid, '29, and Miss Dorothy Stowell of New York City was an event of May 20 in the Madison Avenue Methodist church with Rev. Sockman officiating.

Mr. and Mrs. Reid arrived by motor in Salem last Friday and will spend the summer here. They will return to New York in September so that Mr. Reid may complete his last year of work toward a Ph.D. degree at New York university. He will continue as an assistant in the physics department of the university. Mr. Reid received his M.A. degree from that institution in 1932.

Mr. and Mrs. Louis G. Petree (Carol Babkopf) '23, are the parents of a daughter, Joanne Elizabeth, born May 11. They make their home in Alameda, Calif.

Announcements Are Made at All Sororities

Spring with its warm days, annual flunks and frat picnics, has found Dan Cupid exceedingly busy. Each of the three campus sororities has been the scene of an interesting announcement during the last month, and there are rumors of more to follow.

Dinner Guests At Delta Phi

Members of the Delta Phi Sorority entertained a group of campus men at dinner Sunday, June 4. The table was attractively appointed with roses and tall tapers.

Miss Taylor To Wed Soon

Miss Dorothy Taylor will become the bride of Dennis Patch of Weiser, Idaho on June 9. Miss Taylor was president of the Y. W. C. A. on the campus and a member of the Alpha Phi Alpha sorority.

A complete surprise which came to the Beta Chi sorority at dinner on Monday evening, May 29, was the announcement of the engagement of Miss Louisa Sidwell to Mr. Melvin Crow.

Both Miss Sidwell and Mr. Crow are prominent members of the senior class at Willamette, and have been actively connected with campus affairs.

No definite date has been set for the wedding but it is understood that it will be an event of the fall.

Picnics Hold Interest In Campus Circles

Campus social life during the past weeks has centered chiefly around a succession of interesting picnics. Classes, fraternities and individuals have trekked their way to beaches and rivers at every possible opportunity.

The coming week-end holds promise of more gay informality when the sophomores hold a picnic at Hager's Grove Friday, June 9.

Beta Chi Features Progressive Party

A progressive party was featured by the Beta Chi sorority at their annual spring informal Saturday, May 20. The party visited at the homes of Miss Dorothy Alexander, Miss Jermye Upston, Miss Roberta Mills, and Miss Josephine Cornoyer, where individual features and games were enjoyed.

The beautiful gardens of Professor and Mrs. Gatzke was the scene for the garden party of Theta Alpha Phi. Miss Dorothy Dalk was in general charge of the arrangements, which were lovely in every detail.

A special feature of the entertainment was a playlet, "The Third Angle," featuring Miss Kay Skinner, Miss Virginia Durkee, and Mr. Carl Marcy.

Theta Alpha Phi members and guests included the Misses Dorothy Dalk, Leola Johnson, Virginia Durkee, Dorothy Durkee, Lucille Flannery, Mildred Kester, Kathleen Skinner, Lulu Allen, and escorts were the Messers Fred Paul, Bill Misher, Joe Felton, Roy Griffith, Harold Rose, Carl Marcy, Kenneth Peterson, Al King, and Ralph McCullough.

A jolly, informal evening was held at the Alpha Phi Alpha Chapter house on Monday, May 29, when the members entertained a group of friends with an old-fashioned box-social. Frank Haly acted as auctioneer.

Organizations Select New Officers

With the closing of the school year announcement is made of the new officers chosen by the various fraternities and sororities.

Alpha Phi Alpha announces its new officers as follows: President, Edythe Glaisyer; vice president, Dorothy McDonald; secretary, Gertrude Roenicke; manager, Margaret Morris; work manager, Leola Johnson, and member-at-large, Carolyn Schneider.

Miss Breithaupt Wed On June 3

At a quiet but charming ceremony in the Breithaupt residence on Miller street on Saturday afternoon, June 3, Miss Irene Breithaupt became the bride of George Van Natta of St. Helens. Rev. S. Darlow Johnson, who was pastor in St. Helens for seven years, performed the ceremony.

Both Mr. and Mrs. Van Natta are graduates of Willamette university. Mrs. Van Natta is a member of Alpha Phi Alpha sorority. After June 15 the couple will be at home in St. Helens where Mr. Van Natta is practicing law.

The Alpha Psi Delta fraternity entertained their friends at a picnic at Nelscott Saturday, June 3. Swimming and games were enjoyed by the guests. Among those invited were Professor and Mrs. Oliver and children, and the Messers Naomi Hewitt, Faith Shesburne, Gwen Hunt, Dolores Mills, Carolyn Schneider, Katherine Horten, Helen Kendall, Marguerite Flisinger, Marie Ledbetter, Esther Black, Daisy Varley, Francis Stewart, Wanda Landon, Doris Turrel, Margaret Haig, Marjorie Wunder, Mary de Lespinasse, Ruth Chapman, Shirley Knigh-ton, Virginia Wassam, Jane Robinson, Marjorie Drorbaugh, Leola Johnson, Elva Schon, La Forest McDonald, Donna Coyne, Mary Alice Coyne, and Lois Walton.

Plans for a picnic lunch after baccalaureate on June 18 were made by the Salem Beta Chi alumnae at a dinner at the Spa Tuesday evening. Out of town members of the sorority will be guests at this affair, which will follow their semi-annual breakfast Sunday morning at the Masonic Temple.

Those present for the no-host dinner were: Mrs. Merrill Ohling, Mrs. Clarence Emmons, Mrs. Russell Metford, Mrs. Garland Simpson, Miss Florence Power, Miss Lila Cation, Miss Eloise White, Miss Florence Young, Miss Leola Johnson, and Miss Frances Hodge.

Spring Is Here Let's Swim at The Y. M. C. A.

FAREWELL TO ARMS! Taps, or whatever it is they blow at the end of a college year, are about to sound. The year's history is just about complete. But another year is coming for Salem, for Willamette, for the Collegian. And Hope, whose elastic spring luss not yet worn out, encourages us to hope that next year will be a better year. It will be if we make it so. STATESMAN PUBLISHING CO. Printers to the Collegian

Mel Zahrlly is sporting his bright and shining new yell leader's sweater. Mel, an epicurean and a gentleman of discrimination and taste didn't particularly feel himself in harmony with the old yell leaders sweaters with the W in a circle (take a look at Davey Moser) so he wangled the exec. committee into getting a sweater with a snappy but diminutive Y sunk in the W. At a distance it looks just like an athletic sweater.

"Spec" takes the field along with Profs Jones and Clark. This High pressure trio, in cooperation with loyal Willamette students all over Ore., Wash. and waypoints such as Calif., are going to raise our standards to the sky, even in Montana, where Tiny McKerrow intends to head six committees.

Bernice Rickman in collaboration with the opera and its staff of word of mouth advertising (the system is getting quite popular) was down in the Collegian office the other day phoning from her list. Each member of the opera cast has a page or two out of a phone book and each one must make a set speech over the phone saying: "By popular request the opera The Bohemian Girl is being presented at popular prices, etc." Bernice would get well under way when we would hear a gruff voice say "What's that?" or "Wat say" and she would have to return to the beginning. On the seventeenth speech Bernice was speeding along with positive verve and elan, having gotten to the point where she was spilling about the cast of seventy-five, when a wild and angry masculine voice interpolated itself and shouted: "Seventy five people be blowed. For all I care there can be seventy thousand, but that's no reason to get me out of the bathtub." Bernice melted down into a heap of nice gooey oleomargarine.

The smarties in the last row of chapel have all decided to vote for Matthew Thompson for song queen.

"Gone Are the Days"

(Continued from Page 1) of the statistics class (good old 'stix!) wore out their fingers pushing doorbells and dialing numbers to compile some data for Willamette A. P. S. might be added here to the effect that KGW promptly appropriated the results of the sampling and wished Prof. Jones would get some more ideas like that one.

One thing which effected too many of us this year was the memorable day that the banks closed and left everyone,—well, almost—holding the gunny until the moratorium on tuition put in appearance.

The excursion to Pacific and the numbers on the score-board at the end of the game claim a place in the high-lights of the year. More threats were hoarse, more ribs caved in on that . . . rail in the P. U. gym, and more silvers were acquired . . . We will never forget how Herb Hardy looked hanging through the railing.

Bearcat Follies, the sophomore tradition, reminds us of David's heels and the library. The seniors are of the opinion that they could have taken first place with the skit which they didn't put on. It was entitled "The honorable cad committee." Don't ask why it wasn't presented.

Taken all in all, from Louie Johnson's famous nail-bending stunt to the May Day dance that wasn't in the gym or anywhere else, we have had a year that we can look back upon and say fervently, "Not bad—not bad at all."

Upston: "I hear Jerry has been taking you out to dinner every night." Moore: "Yes, I'm all fed up on him."

W. U. Students Win Singular Honors

Fred Paul, this year's senior scholar in physics, has recently been notified by the Massachusetts Institute of Technology, Boston, Mass., that he had been chosen recipient of a scholarship for graduate work in the physics department of that institution. Fred Paul, who is known to all Willamette students for his splendid work in sports and other activities as well as for scholastic ability, obtained this scholarship upon application and high recommendation. He is the third Willamette student to attend that institution on scholarship, the other two being John Moody and George Rigby who received his Dr. degree in chemistry there.

Of further interest to Willamette students is a report to the fact that Wesley Warren, 1932 graduate in sociology, won a substantial Fellowship at the Yale Divinity School where he will continue his studies in sociology. Two other graduates who obtained similar scholarships in previous years are Hayes Bell and James Rettle, the latter of whom became Y. M. C. A. secretary at one of the science schools of Yale and is now studying on a scholarship at a London school of economics.

Still another graduate who is making himself a place in this world is Joe Berreman, Alpha Kappa Nu, and former student body president, who has been doing post graduate work in sociology at the University of Ore-

PREXY, J. BURDETTE AT STUDENT PARLEY

Jim Burdette and Eddie Franz represented Willamette at an intercollegiate meeting of student executives. The conference met on the University of Oregon campus, to discuss school problems, means of gaining student cooperation, and other problems of student officers.

They sought to reach a common agreement and further cooperation between the schools. Schools represented were Stanford, Arizona, Occidental, Washington State, U. of Southern California, Oregon, College of Puget Sound, U. C. L. A., Oregon State, and Willamette.

C. P. S. Takes Northwest Conference Track Meet

Bearcats Place Fourth; Cook Wins Mile With Record Performance

On Saturday, May 27th, in the Northwest Conference Track and Field Meet at Forest Grove, Willamette placed fourth. The meet was won by the College of Puget Sound when they nosed out Whitman, the defending champions by 5 1/2 points.

The scores were as follows: C. P. S., 48; Whitman, 42 1/2; Pacific, 38; Willamette, 23; College of Idaho, 9; and Linfield, 4 1/2.

The only Willamette trackster to take a first place was Cook in the mile. The Bearcat distance ace ran the four laps in 4:31.3, finishing a hundred yards ahead of McCoy of C. P. S., who placed second, almost in record time.

Several Willamette men were barely nosed out for first places in numerous events. Waltz's defeat in quarter being but a matter of inches. McCullough although placing second in the half mile ran under the old record time and pushed Whitman of C. P. S. to a new conference record to win. Lloyd, W. U.'s broad jump star had the winning jump until the judges ruled it out, giving him only second place. Brown placed second in the two mile. Dean's, Cannady's, and Reike's third places in the pole vault, low hurdles, and high jump respectively, were surprising according to previous showing and are encouraging for next season.

The summary:

As I walked among the paths this morning, plucking flowers, I found, in the yellow heart of a lady-slipper, a little brown bee. My first impulse was to shake him out of his honeyed abode, but as I looked at his velvety body and sunlit rainbow wings a feeling of foolish tenderness surged over me. Perhaps there were baby bees at home that would starve if papa bee did not bring back honey; and how useful the little creature was, carrying the pollen from flower to flower—so I moved on, leaving him unmolested. But, even as I turned away thinking these pure, sweet thoughts, the darned thing stung me.—E. M. Nelson in Smart Set.

FRESHMEN PROVE BEST W. U. HITTERS

Now that the Bearcats have hung up their baseball suits we find that Johnny Gravec, regular second baseman, has the best batting average for the entire season with a mark of .378. Johnny took 82 tries to the plate and hit safely 31 times, scoring 24 runs. He took part in all 18 games.

Walt Erickson is in second place with an average of .364. Walt got 24 hits out of 66 times at bat. Rex Pemberton, Ken Manning, and Bill Moye follow in the order named. Gribble was the sixth Willamette player to hit over .300. Out of the six who batted above the 300 mark, four were freshmen and one other returns next year. The only one of these lost by graduation is Walt Erickson, outfielder.

Following is the complete list of Willamette players in order of their batting averages for the entire season:

INTRAMURAL BALL WON BY SIGMA TAU

Intramural baseball ended last week when the Sigs led by Chief Haley scalped the Outlaws in two straight victories to win the series. The Alpha Psi nine helped out their standing somewhat by defeating the Kappas twice.

A series of intramural tennis matches are being conducted by Bob Fouek, but as yet these have not been completed. An attractive trophy is offered to the winner. At a recent award chapel the Alpha Psi received a trophy for basketball.

grapher missed connections with his subject.

It might have been that Professor Matthews taught grade schools early in his career, but it is definitely known that at the very young age of 16 he enrolled as a sub-freshman in Willamette university. This was in 1883. The sub-freshman ranking was about the same as a sophomore in high school now. Little is known about his student days because dead men tell no tales and all the profs that were in action then are now deceased.

Professor Matthews (not yet a prof.) obtained his B.A. degree at Willamette in 1889. The young person who became Mrs. Matthews was also a member of the class of 1889.

In 1893 Professor Matthews became Professor of Mathematics at Willamette university (now he's a professor) and his picture has appeared in every Wallulah since with the title: James T. Matthews, Professor of Mathematics, 1893. Undoubtedly he has had his picture in more annuals than most men in the United States. A year after he became a professor, James Matthews received his M.A. degree.

About the time of the Great war Professor Matthews started saying on the first Saturday in March, "Third place goes to..." He has been doing it ever since, to the great delight of the winners and the chagrin of the losers.

In those early days when he was very young (for a professor) he had a very neat little moustache, but styles in hair will change, and some time later we find Professor Matthews with a full beard. He was quite handsome with a full beard, but in these later years he has foregone the doubtful pleasures of the moustache cup.

Professor Matthews has been much beloved by the classes of Willamette, more so than any other professor. In 1923 the alumni made him a gift of a sum of money to be used in traveling, as well

PUGET SOUND WINS CONFERENCE TENNIS

Piety Wins in Both Singles and Doubles; Bennett Shows Up Well

The College of Puget Sound added another championship to its name this year when its tennis team won the Northwest conference tournament, held on the Willamette courts, May 25 and 27.

Eugene Piety, bespectacled logger ace, won the singles tournament when he defeated Wright of Whitman 2-5, 8-6, 6-2, 6-1 in the finals. Displaying smooth form and good strokes, Wright took the first set only to have the sturdy Piety wear him down in the second and then walk away with the next two. Piety then teamed with Teats to win the doubles championship, defeating the Whitman team of Rigby and Wright in straight sets 9-7, 6-1, 7-5.

Talbot Bennett, Willamette's entrant in the singles, drew Piety in the first round and only after a long drawn out battle was the Puget Sound star able to down him. In this match, which was far the best of the tourney, Bennett took the first set, and after dropping the second, held a seven-set margin in the third, only to have Piety finally edge out the victor. By his showing against the winner of the tournament Bennett was easily the next outstanding player in the meet and gave notice that he will give conference netmen plenty to worry about next year.

The Bearcat doubles team of Bennett and Fred Hageman advanced to the semi-finals where they went down before Piety and Teats by a score of 6-4, 7-5. In the other semi-final matches Wright defeated Callister of Albany 5-2, 6-1. Piety beat Lever, Linfield 6-1, 6-4, and Wright and Rigby downed the College of Idaho doubles team 6-2, 6-1.

as endowing for him a permanent Chair of Mathematics, making it possible for him to retire at any time he wishes. With this gift Professor Matthews made a trip to Australia, where he has relatives. He visited Hawaii, Guam, and Tahiti.

M., at the Masonic Temple. Prominent judges, alumni of the school, as well as practicing attorneys, former deans, and other men who have participated in its growth, will be present.

Among guests of especial honor will be Judge William H. Ramsey of McMinnville, first dean of the school when it was organized in 1883. Other deans will be Judge John W. Reynolds, '95, Portland; Senator C. L. McNary, Attorney General I. H. Van Winkle, '98, and Roy R. Hewitt, '09, the latter two of Salem. BEARCATS CLOSE BASEBALL SEASON

Although they were hampered by a noticeable lack of material, the Willamette university baseball team had a fairly successful season, winning four out of six conference games played.

The Bearcats were on a par with any team in the state. This is shown by the fact that they did not lose a series to any team. Two game series were split with Oregon, Oregon State, Linfield, Pacific and Columbia. If he did not accomplish anything else Spec Keene succeeded in developing some good prospects for next year. Burch, Tweed, Gravec, Williams and Pemberton, the squad's pitchers, will all be in suit again next season. In fact the only regular on the entire squad to be lost by graduation is Walter Erickson, four year veteran and hard hitting outfielder.

Pacific university won the conference title in this division by defeating Willamette once and taking both ends of a double-header from Linfield. In the championship series with Whitman the Badgers were set back in two straight contests.

Following is a complete list of scores of the Bearcat games this season:

Conference	Willamette	Linfield	Score

Willamette	12	Linfield	9

MY HEART STOOD STILL

My heart stood still
For just a moment
Yesterday—
Winter skies had gone away,
And perfume-laden April breeze,
Swaying living, glowing seas
Of happy golden daffodils,
Filled me with an aching thrill,
Yesterday my heart stood still
For just a moment—

A doctor had a patient who was suffering from stomach trouble. As he left him a large brown pill he said, "This is a new cure and if you can manage to keep it on your stomach it will cure you." The next day the doctor came back and inquired of the patient, "Did you keep the pill on your stomach?" "Oh, the pill was all right," the patient replied, "but when I went to sleep the darned thing rolled off."

Lady (when siren on ship blows): Goodness, what's that awful noise?
Skipper: Oh, we blow that every morning to wake up the fish.—Annapolis Log.

Father: "I won't have you standing at the door with that young man of yours."
Daughter: "But I only stayed for a second."
Father: "Nonsense! I distinctly heard the third, fourth and fifth."—Good Hardware.

TRACK SEASON ENDS WITH BIG BANQUET

Track activities at Willamette were formally brought to a close at a banquet given to the track lettermen at the Gray Belle, Thursday evening, June 1.

This year's squad has been the strongest to represent Willamette since the formation of the conference. Although placing but fourth in the conference meet, the Bearcat team showed greater strength than any other year. The season's success is due to Coach Gilmore and to Captain Dumas who carried on and kept up the team spirit in face of adverse weather and training conditions. With the loss of but three men, the team faces an even more successful season next year.

The feature of the banquet was the presentation to Coach Vernon Gilmore of a token of appreciation for his services by Enoch Dumas on behalf of the squad. Plans were also made for the following year's campaign. Claude Cook, varsity miler for the past three seasons will captain the Bearcat cinder men next year.

Toasts were given by Captain Dumas, "Spec" Keene, Coach Gilmore and Captain-elect Cook. Those present were R. S. Keene, Coach Vernon Gilmore, Enoch Dumas, Ralph McCullough, Erwin Lange, Phillip Armstrong, George Lloyd, James Fantz, Wenzel Kaiser, Claude Cook, George Cannady, Milton James, Evans Hamilton, Forrest Reike, Jack Connors, Ross Brown, Galen Dean, Floyd Waltz, and Max Rigby.

of tuition. Although no scholarships are given here, Prof. Clarke pointed out that the remarkably low tuition amounts to an individual scholarship for each student who enrolls.

Looking at the benefits of W. U. from an economic standpoint Prof. Jones spoke of the value of credits earned in this institution which are recognized and rated highly throughout the United States.
