## CHOIR PLANS A TOUR OF STATES

Philharmonics Will Sing in Rain or Shine in Four Western States

## BIG TRIP GAINS SUPPORT

Trustees, University, and City of Salem Lend Necessary Aid

This summer will find the Philharmonic Choir singing its way across Washington, Idaho, Montana, and Oregon in one of the biggest undertakings ever to be sponsored from Willamette.

Professor Cameron Marshall announced Tuesday afternoon to the chosen trip group that the long talked-about and planned for trip was at last a certainty, and that numerous dates have been made, covering an extensive route.

The group plans to leave Salem on June 21. The trip is backed by the board of trustees, the University, and Salem as a whole.

Subscriptions have been raised in large enough amounts to be certain of transportation. Incidental expense money will be taken in from the trip concert.

The membership of the group will consist of 28 voices, 14 women and 14 men from the Philharmonic Choir, Professor Cameron Marshall, Robert Magin, accompanist, and a woman chaperone.

Complete arrangements have not been made in some cases but in general there has been little trouble.

A home concert will be given here in Salem Friday night, June 17. Then on June 21, the group will head northward.

Among the towns on this tentative route are Portland, Kelso, Centralia, Olympia, Everett, Wenatchee, Yakima, Colfax, and Spokane, Butte, Mont., Livingston, Idaho Falls, Pocatello, and Boise, in Idaho with Baker, La Grande, on the final end of the journey. Three or four weeks have been allowed for the trip as it now stands.

Appearances of the group are being made possible through the churches and civic organizations of the towns and cities. Material has been sent ahead to places of consequence. Some appearances are practically all arranged; others are not far from their completion.

For the first time, this year the combined men and women's choir made a brief tour of the Columbia river section. So well were these appearances received that the executive council was highly in favor of an extended summer trip.

The stringed quartet will be an added attraction, since all its members belong to the men's choir. Though this is their first year of existence, their appearances have been numerous and they have been well received.

## MEMBERS OF WESLEYAN MEET AT DR. GATKE'S

Wesleyans' lawn party held at Dr. Gatke's was enjoyed last Thursday evening, May 27. Eighteen of the members were present.

Although the attendance at the meetings has been small, much has been accomplished under the leadership of Milo Ross.

## Student Awards Earned by Many

## STUDENTS OF W. U. WRITE ANTHOLOGY

## Betty Moffatt and Muriel White Design Cover and Individual Poems

Professor Morton E. Peck delighted members of Coffee House by coming to their last meeting for this year bringing three of his own poems. The best compliments were pleas for "more, more."

Ted Parker, one of the club's most promising writers, was well enough to attend, after having been absent for a long time.

Just now one of the most interesting Coffee House developments is the anthology, a book of poetry, all of which has been written by Willamette students. Marguerite Cox and Gladys Dodge have typed the material, which is on very heavy cream-colored paper.

Betty Moffatt and Muriel White are doing the hand designing for the cover and the individual poems. It is to be finished this week and will be presented in chapel.

Next year's officers, who were recently elected are, Helen Childs, president; Darlow Johnson, vice-president; and Cecile Adams, secretary-treasurer.

## Blue Key Elects Ten New Members

Initiatory Banquet to Be Given Next Week; Service Marks Membership

Ten new members were elected to Blue Key recently. The list includes Ralph McCullough, Percy Sweet, James Burdette, Carl Marcy, Frank Haley, Enoch Dumas, Herbert Hardy, Raymond Griffith, Eugene Smith and Robert Houck. These newly elected members will be initiated at a banquet of the fraternity next week.

Blue Key is a national service fraternity, electing its members from among upperclassmen. Election comes in recognition of the rendering of some outstanding service to the university.

The purpose of Blue Key is twofold. It undertakes definite service projects for the campus each year. In addition the organization strives to foster a national student spirit through an exchange of ideas and common understanding.

## THETA ALPHA PHI HOLDS PLEDGING

Dramatic Fraternity Considering Outstanding Plays for Next Year

The Oregon Alpha chapter of Theta Alpha Phi, national dramatic fraternity on our campus, announces the pledging of Savilla Phelps, Lawrence Brown, Dorothy Dalk, Virginia Durkee, Lulu Allen, and Earle Henry, who will be initiated next fall.

This year Theta Alpha Phi has sponsored a contest in play writing, has put on a number of one act plays and other evening entertainments in the Little Theater, and has as its crowning success the production of "Skidding" for the home coming play last fall, and "Children of the Moon" for its mid-year play.

Theta Alpha Phi members, Faye Cornutt, Alfred King, Carl Marcy, Ralph McCullough, and Ruth Versteeg, look forward to an even better program next year, and are considering "Allison's House," "Dover Road," "Serrano" in the House, "Quality Street," "The Rivals," "The Vinegar Tree," and "The Barretts of Wimpole Street," as possibilities for production.

These plays are all considered superior productions, and it is the hope of Theta Alpha Phi that next year will see an even higher standard of play production on the campus.

## Miss Melton To Play Numbers at State Music Meet

Grier-MacDowell Selections To be Given; Music Discussions to be Led

Miss Frances Virginia Melton, head of the piano and theory department of Willamette School of Music, has been asked to play a group of numbers on the Oregon Artists program of the Oregon State Music Teachers' Convention, to be held at Bend, Oregon, June 16, 17, and 18.

Miss Melton has selected a Grier-MacDowell group. The convention is having Oregon artists instead of a visiting guest artist. On the 17th, Miss Melton will lead a round-table discussion on "Should music education mean a study of music literature or a definite technical training?"

Following the Oregon Conference Miss Melton will bear greetings from it to the Washington state convention held at Everett, Washington. She will speak there Saturday, June 18.

## INTERNATIONALS HOLD OPEN HOUSE

On Friday afternoon from 3 to 5:30, the international club will sponsor an open house at the International House on South Winter street. Since this affair will be the last club function of the year, much work and preparation is being put into it by all the club members.

George Cannady, who is chairman of the Program committee, is planning a very interesting program of international music, including contributions from the Indian, Filipino, and Chinese members of the club.

Refreshments will be served by the Japanese girls in their brilliantly colored kimonos.

## Students Show Choice for Song Queen and Awards

"Midge" Hewitt Song Leader; T. Childs and E. Girod Get Cash

The Percy Willis prize goes to Isabel Childs of Salem, according to the vote of the students Wednesday, May 25. Miss Childs is a senior, and besides participating in other campus affairs has for the past year been editor of the Collegian.

Those nominated for this honor were Isabel Childs, Marlan (Gus) Moore, and Eugene Smith. This prize of \$25 which will be presented at commencement is given by Colonel Percy Willis, '85, of Portland, "to the student who throughout the school year has done the most real good to fellow students and the University by deeds of kindness and genuine helpfulness, coupled with steadfast devotion to high ideals and upright character."

Esther Girod of Salem, Oregon, was elected winner of the Alberts prize by the Willamette students Wednesday, May 25. The award of \$25, given by Joseph H. Albert of Salem, will be presented to Miss Girod at the commencement exercises.

The faculty nominated Esthe Girod, William Hall, and Etta Westenhouse for this honor. The faculty choose those three whom they believe have made the greatest progress toward the ideal in character, service, wholesome influence, and who has a record for faithful study and scholarship not below the average.

Naomi (Midge) Hewitt, peppy sophomore, is to be song leader for the coming year, according to the result of the election Wednesday, May 25. Miss Hewitt, who comes from Independence, Oregon, wrote and directed the freshman glee song for the class of '34.

## W. A. A. CUP AWARD GIVEN IN CHAPEL

Award of the W.A.A. cup, which is given each year to the senior girl having earned a thousand points in athletics, was given to Helen Childs, who has been the best sport, the best athlete, and who has done the most for girls' athletics, was made to Muriel White last Wednesday in chapel.

Margory Moser, Esther Girod, and Dorothy Fleisher received sweaters, and a number of girls received letter awards for having earned 500 points.

Small silver basketballs were presented to the girls who played inter-class games on the basketball team. Baseball games between the classes are being played off this week and the tennis matches are scheduled to be played off by this Saturday afternoon.

Some few of the girls are also out training hard for track. This is the first time in many years that Willamette has had track for girls. Because of the delay in getting track facilities in shape, not much work has been done this year in the way of training.

## CLASSICAL CLUB ELECTS OFFICERS

The business meeting of the Willamette Classical club which was held Thursday evening, May 19, proved to be an interesting one.

The usual business was taken care of; and in particular, there were plans made for a club picnic which is to be held June 3 at Bauer's Aquatic Gardens. After completing this work, the group delved into the election of officers for next semester. Those elected were: president, Hazel Snyder; vice president, Harriet Sanders; program chairman, Olive Fethers; secretary-treasurer, Laurence Burdette.

Upon completion of the business, the president, Ruth Versteeg, gave a very interesting talk on "The Influence of Virgil Upon Literature," showing how through the ages since Virgil's time the writers of greatest renown have been affected by the influence of this great character of history.

According to the president-elect the objectives of the new cabinet are that the club may more completely fulfill the purpose of the organization as stated in the constitution: "To intensify interest in the Classics, to promote scholarship, and to develop a spirit of co-operation."

Miss Snyder further states that she hopes to make the club more interesting and vital to college people, and thereby to build up the attendance.

## YWCA WILL BE REPRESENTED

Dorothy Rose and Amelia Schrack Will be Official Delegates

## CONFERENCE AT SEABECK

Y. Plans Made for Next Year's School Activities and Social Life

Dorothy Rose, president, and Amelia May Schrack, program chairman, will represent the Willamette Y. W. C. A. at the annual Seabeck conference, June 18-25, directly following the Y. M. conference.

Excellent leaders from all over the northwest will help to discuss phases of the conference theme, "Some of the possibilities of a full and creative life in a complex civilization."

The students who are attending the conference are enthusiastic over the variety of activities and discussion groups and over the prospect of meeting representatives from the colleges of the northwest. Anyone else interested in going to Seabeck should see Frances Laws.

The Willamette Y. W. C. A. is now forming definite plans for its most important season in the year, Freshman Week. During the first two weeks the Y. W. will honor the freshmen students with the annual Freshman party, Y. W.-Y. M. formal reception, and the Jolly Jaunt. A recognition service for the new members will take place soon after the beginning of the semester at a Sunday afternoon vesper service.

Amelia Schrack announces that the purpose of the first Y. W. meetings will be to acquaint the new girls with campus life and activities. This will be followed by a series of discussion groups, possibly with the Y. M., on "The Correlation of Science and Religion." Other surprises in the form of activities are also being planned.

Margaret Purvine, vice president of the campus Y. W., has now organized the group of "Big Sisters" who will help acquaint the freshmen girls during the first two weeks next semester with the campus and campus activities.

Last Tuesday noon the Big Sisters met at Miss Purvine's home to discuss preliminary problems. Dean Dahl mentioned several ways in which they could make orientation for the freshmen much easier.

The Big Sisters are: Helen Childs, Ruth Fick, Edwyna Broadbent, Ruth Gillette, Sydney Hanford, Katherine Holden, Katherine Horton, Mildred Kester, Frances Maeda, Betty Moffatt, Mildred Miller, Nellie Perrine, Savilla Phelps, Bernice Rickman, Faith Sberburne, Edith Sidwell, Virginia Sprague, Lucile Summerlin, Janet Weil, Mary White.

## Erickson Takes Office of ASWU Student Leader

Love and Sweet Are Vice-Presidents; L. Sidwell Is Secretary

Installation of the officers for A. S. W. U. was held Wednesday, May 25, at the student body meeting.

The new officers are president, Walter Erickson; first vice president, Alvis Love; second vice president, Percy Sweet; secretary, Louisa Sidwell; Wallulah editor, Carl Marcy; Collegian editor, Lola Wilkes.

Retiring officers are president Charles Campbell; first vice president, Helen Sille; second vice president, Kelth Jones; secretary, Edith Findley; Wallulah editor, Harold Rose; Collegian editor, Isabel Childs.

## NEW CUB OFFICERS LED BY BARNETT

The new Cub officers for the following year are: president, Garfield Barnett; vice president, Archie Bunn; secretary, Haden Kimbrell, and treasurer, Dave Moser.

## A Warning

Examinations are just around the corner, and so is temptation. As several students recently discovered, the Honor Code is still functioning quite effectively, and will continue to do so.

A word to the wise—should we say the dumb—is sufficient.

## SIX A. M. IS HOUR OF CLUB MEETING

New Members Voted to International House at Business Session

In spite of the unusual hour of six a. m., set for the international club meeting, almost all of the members met at the International House last Friday morning to clear up some important business.

Plans for the International Open House were discussed and reports from the various chairmen and of the committees were given.

An important item of this early morning session concerned the membership for next year. From the list of people eligible for membership Lawrence Burdette, Earle Carlin, and Eugene Smith were voted into the club by a three-fourths vote of the members.

Lawrence Burdette and Eugene Smith are planning to reside at the International House next fall.

## WALLULAH WILL APPEAR TUESDAY

The Wallulah will be ready for distribution some time during next Tuesday.

Several organizations have not yet paid their bills. This is the final plea, for the money is much needed.

Last week individual picture prints were on sale in the Wallulah office. Money from this sale is used to purchase the awards. Enough was taken in this year to pay for about half the awards.

Carl Marcy, next year's editor, and Herbert Hardy, next year's business manager, are already busy on next year's book.

## '34, '35 PICNIC AT WOODLAND PARK

Two Classes Gather for Final Class Picnic of Year Last Friday

Another annual event ready to be struck off the school calendar is the Freshmen-Sophomore picnic which was held at Woodland park on Friday afternoon. About 100 students gathered in front of the campus at 4:30 and were driven out to the picnic grounds where the fun fest took place. Bob Houck took general charge of the various games which were played—the English game of "Cricket" proving to be the most popular.

Margaret Purvine, the vice-president of the sophomore class, was in general charge of this enjoyable affair at which the class of '34 played host to the freshmen for the last time this year.

And the crabs crawled in, and the crabs crawled out! Where do you "spec"? Well, we saw them! And was it damp! Well, rather! But to start from the beginning: At four o'clock Thursday, most of the cars were roasting bound, and at seven o'clock the occupants of these cars were eating heartily and chatting gaily over a delicious meal in the Abbey hotel at Newport.

Everyone rose at five the next morning to enjoy an excursion to Yaquina Head Rocks while the tide was lowest. Here a marvelous display of marine life, both plant and animal was found for study. A huge sea lion was seen on a nearby cliff.

## Biology Students Study

Wet Weather Fails to Dampen Spirits

Marine Life at Coast

After breakfast a trip was taken to the dunes where vegetation and animal life was again studied.

After lunch a trip was taken across the Bay to the South Shore where the sea life was found to resemble the dunes very closely. This ended the trip for Friday.

However a delicious dinner was served on the beach and a thrilling boat ride was taken out to the bar. Saturday everyone rose again at five and found the weather very disagreeable.

By ISABEL CHILDS

The graduation Monday morning, May 13, of the largest class ever to leave Willamette university, will close a year great in many respects for both university and student body.

While the "depression" was cutting into sources of revenue for individual students, athletic expenditures, Collegian publication expenses, and even university maintenance, the largest freshman class in history was last fall preparing to make its appearance upon the campus.

Lack of funds, while it has materially cramped the style with which certain long-planned improvements were to have been made in campus grounds and buildings, has not forced the curtailment of any educational plans at Willamette this year. Carefully made investments although not yielding the interest common in

### SMALL NUMBER OF SENIORS GET JOBS

One more member of the Senior class was this week added to the list of those who have obtained teaching positions for next year. Miss Esther Winters will go to Grand Ronde high school where she will teach history, typing, sociology, and English. Other Seniors who have been fortunate are Miss Margaret Eddy, who has been appointed on the high school staff at Independence for English, Latin and dramatic coaching. Marlan Marsh is to go to the Iowa school for the deaf, where she will have charge of one department dealing directly with the deaf. Miss Helen Ney will have commerce at the Jacksonville high school. Mrs. Helen Kutch will teach English, History, girls' athletics, debate and music at Rickreall. Miss Gertrude Oehler is to teach commerce, Home Ec. and girls' athletics at Halsey. Mr. Daly will teach commerce, geography and do some coaching at Marcola. Don Faber will coach athletics at Ashland high and teach civics and mechanical drawing.

Old buildings and equipment improved insofar as finance would allow have accommodated a student body of approximately 600 with the result that the return of property (just around the corner) will find the university in unexcelled financial condition.

In the realm of student accomplishments, athletics probably stand highest in the student mind at this moment. As runners-up in three major sports in which they had held titles at some time during the past two years, the Bearcats have proved two definite propositions:

In the first place, no college or university can expect to win all of the time, no matter who their coach or who their players. Uni-

NEW YORK WILLAMETTE CLUB MEETS

The spring meeting of the Willamette Alumni Club of New York City was held Saturday night, May 7. Twenty former Willamette people enjoyed this meeting, playing bridge, talking over old times and singing W. U. songs.

The surprise event of the evening occurred when Kenneth McCormick introduced his bride. They had just been married a few hours before, and as they were leaving for Philadelphia soon they decided to make the reunion the first step on their honeymoon.

Those present at this reunion were Mr. and Mrs. Gerald Pearson, Mr. and Mrs. Paul Sherwood, Mr. and Mrs. Kenneth D. McCormick, Mr. and Mrs. Frank Leonard, Mrs. Anna Wells Bratton, Mrs. Mabel Garrett Wagner, the Misses Helen Hoover, Margaret Brown, Hollis Vick, Rosalind Van Winkle, and the Messrs William Mumford, Robert C. Story, Raymond Waddell, Arthur Hallenborg, Elton Von Eschen, and Sam R. King.

WHO'S WHERE
Mr. and Mrs. Joseph H. Albert left Portland May 26 en route by airplane to Salt Lake City and then to Chicago.

A telegram received May 28 from Chicago by relatives of Ray L. Smith, who suffered a relapse last week in St. Luke's hospital, stated that he was somewhat improved over his previous condition.

It is up to the college student to show the fallacies in their argument. We have had access to books which deal with such topics, books which are authentic and show both sides of the make-or-buy-grow idea.

There may be more people to consume it is true, but the class of labor which would be attracted by the industries is far from desirable. Their standard of living is so much lower than ours that they might soon form a "slum district," and be an irresponsible, trouble-making element in the town.

Excuse the slang, but may we say On-to-Oregon—oh yeah?
"HALF WAY TO NOON"
What this school needs even worse than a new drinking fountain is a revised chapel schedule.

Every speaker is allowed twenty minutes to talk. After that come the announcements and the meetings, which practically always takes until noon, at least. Class meetings are irregularly attended because of the length of chapel exercises, and other conferences are neglected for the same reason.

A plausible solution would be to limit the chapel speeches to 15 minutes, and have only three speakers a week. This would leave one day for student programs or student body meetings, and one day for class meetings. Perhaps we had no program once in a while—what of it? After the hymn and the roll, an extra half-hour for study or work would be very acceptable.

Another possible solution would be to change the chapel hour, having it come between third and fourth periods. Fourth period classes would be over at ten minutes of 12, giving everyone plenty of time to get to work, and the time would be definite. If the chapel speaker waxed too eloquent, the minutes could easily be taken off the fourth period—but we'll wager that he would not be allowed to speak very much overtime.

selection in November, although Lewelling's term would not have expired until next January. Lewelling, who has served as Linn county district attorney for several years, received his LL.B. degree in 1911 from Willamette, and Shanks, who is a member of the law firm of Garland and Shanks of Lebanon, received his LL.B. and A.B. degrees in 1909 from this institution.

Those who remember the excellent performance of Leland Chapin, '25, as Adam in "Adam and Eva," the junior class play of 1924, will be pleased to learn of his continued success as an actor.

Mr. Mott is chairman of the building and loan committee of the National association of securities commissioners and vice-president of the western division of the association.

In the November election Mr. Mott and Harvey Starkweather, pioneer Oregon democrat, will oppose each other for the congressional post now held by the veteran Representative Willis C. Hawley.

Willis C. Hawley, '34, defeated by a close margin in the recent election by James W. Mott, has served continuously in congress for 25 years. Prior to election there he had served as president of Willamette university from 1895 to 1902 and then for five years as professor of history and economics.

In the spring of 1907 Hawley first went to congress and he has never failed to be returned to that office until this primary election. In many campaigns he has been unopposed in either party. Hawley served as ranking member of the ways and means committee in the house at the last session and because of the chairmanship, the tariff bill passed by congress was called by his name and that of Senator Reed Smoot.

Several Willamette graduates who reside in Salem were nominated for office in the recent state election: Roy R. Hewitt, '07, will oppose Justice Henry J. Bean of the state supreme court in the November election; L. H. Van Winkle, '08, attorney general, was again nominated for that position; Mrs. Hannibal Martin, '24, and Otto K. Paulus, '25, were nominated by the Republicans for Marion county places in the state legislature, and since there were no democratic candidates, they are virtually elected; LeRoy Melson, '12, was nominated for county commissioner.

Mrs. Sadie Boughiey Small, '13, writes: "We and our two children, 13 and 15 years of age, are still on our farm at Silverton. We are very much interested in raising our turkeys just now. Jessie Young West, '13, is in Portland, where Mr. West is an assistant city attorney. They are doing well. Their three children are all in school."

Miss Vesta Mulligan, '19, has returned to her home after being confined in the hospital several weeks following an emergency operation. She is getting along as well as can be expected.

Mrs. Earl Swisher (Lois Chapin, ex-W. U.) lives in Boston. Her husband will receive his Ph.D. from Harvard next year.

Edrie Housley McClellan, '27, and her husband Paul live at West Stayton, Oregon. They have a young son, Paul Jr., aged 11 months.

Filmer Carter, '26, will graduate from the University of Oregon Medical School this year. Margaret Bodine Carter, ex-'26, who has been laboratory technician in the Emmanuel hospital, is now devoting her time to Peter Bodine Carter who arrived April 8.

Aubrey Fletcher, ex-'28, will receive his A.B. degree in education from the University of Oregon this June. Mary Spaulding Fletcher, '25, is very busy taking care of their two daughters and new son, Aubrey Jr., who is about three months of age.

Gilbert Wrenn, '26, has written to Dr. Doney that he has accepted a position as assistant registrar for the student personnel department at Stanford. Dr. Wrenn will receive his doctor's degree in vocational education from Stanford this June. Dr. Doney has received several articles and pamphlets written by Mr. Wrenn in which he deals with student measurements and tests valuable in vocational guidance.

James W. Mott, '17, state corporation commissioner, has been invited to address the western division of the National association of securities commissioners on the subject of financial racketeering at its annual convention to be held in Salt Lake City June 13.

Mott's work of riding Oregon of so-called "financial outlaw corporations" has attracted wide attention in other states.

Mr. Mott is chairman of the building and loan committee of the National association of securities commissioners and vice-president of the western division of the association.

In the November election Mr. Mott and Harvey Starkweather, pioneer Oregon democrat, will oppose each other for the congressional post now held by the veteran Representative Willis C. Hawley.

Wills C. Hawley, '34, defeated by a close margin in the recent election by James W. Mott, has served continuously in congress for 25 years. Prior to election there he had served as president of Willamette university from 1895 to 1902 and then for five years as professor of history and economics.

In the spring of 1907 Hawley first went to congress and he has never failed to be returned to that office until this primary election. In many campaigns he has been unopposed in either party. Hawley served as ranking member of the ways and means committee in the house at the last session and because of the chairmanship, the tariff bill passed by congress was called by his name and that of Senator Reed Smoot.

Several Willamette graduates who reside in Salem were nominated for office in the recent state election: Roy R. Hewitt, '07, will oppose Justice Henry J. Bean of the state supreme court in the November election; L. H. Van Winkle, '08, attorney general, was again nominated for that position; Mrs. Hannibal Martin, '24, and Otto K. Paulus, '25, were nominated by the Republicans for Marion county places in the state legislature, and since there were no democratic candidates, they are virtually elected; LeRoy Melson, '12, was nominated for county commissioner.

Mrs. Sadie Boughiey Small, '13, writes: "We and our two children, 13 and 15 years of age, are still on our farm at Silverton. We are very much interested in raising our turkeys just now. Jessie Young West, '13, is in Portland, where Mr. West is an assistant city attorney. They are doing well. Their three children are all in school."

Miss Vesta Mulligan, '19, has returned to her home after being confined in the hospital several weeks following an emergency operation. She is getting along as well as can be expected.

Mrs. Earl Swisher (Lois Chapin, ex-W. U.) lives in Boston. Her husband will receive his Ph.D. from Harvard next year.

Edrie Housley McClellan, '27, and her husband Paul live at West Stayton, Oregon. They have a young son, Paul Jr., aged 11 months.

Filmer Carter, '26, will graduate from the University of Oregon Medical School this year. Margaret Bodine Carter, ex-'26, who has been laboratory technician in the Emmanuel hospital, is now devoting her time to Peter Bodine Carter who arrived April 8.

Aubrey Fletcher, ex-'28, will receive his A.B. degree in education from the University of Oregon this June. Mary Spaulding Fletcher, '25, is very busy taking care of their two daughters and new son, Aubrey Jr., who is about three months of age.

We are very sorry to hear of the death of Mary Gilbert, who passed away May 24 at the home of her sister, Dr. Marjorie Cutsforth, at Lawrence, Kansas. Dependancy was said by Dr. H. T. Jones, coroner, to have been responsible for the suicide. Miss Gilbert was a graduate student at the University of Kansas and would have received her master's degree in English in June.

While in Willamette Miss Gilbert, who was a member of the class of '25, was prominent in campus activities. She was treasurer and later president of the Adeline literary society, editor of the Y.W.C.A. handbook, a member of the Alpha Phi Alpha society, and served on the Collegian staff. Miss Gilbert was talented as a writer, having written several original plays, one of which was produced on the campus. She was senior scholar in rhetoric and received departmental honors in English at the Commencement exercises.

After graduation from Willamette Miss Gilbert was married at the Boys' Training school, of which her father, L. M. Gilbert, was superintendent. In 1927 she accepted a position in the Medford high school where she taught English until last year.

Besides her father, who is now superintendent of the Children's Farm home at Corvallis, Miss Gilbert is survived by a brother, Malcolm, who resides in Portland, and two sisters, Dr. Cutsforth, who is a professor in the University of Kansas, and Mrs. Mildred Bateson of Corvallis.

Helen R. Jordan of Berkeley, California has written that her mother, Mrs. Emily Belt Jordan, passed away February 7 at the age of 89. Mrs. Jordan was graduated from Willamette with a B.S. degree in 1863.

We are informed by alumni members that Mrs. Emma Walker Purvine died in Portland on May 5. Mrs. Purvine graduated from Willamette in 1895.

At an attractive garden ceremony Sunday morning, May 22, Miss Lillian Paige of Seattle was married to Wilford P. Emmel of Salem at the home of Dr. and Mrs. George Forbes in Multnomah. Rev. Zenas A. Olson read the ceremony in the presence of the two families and a few close friends.

Mr. Emmel, who is an ex-member of the class of '25 of Willamette, is a graduate of Oregon State college where he majored in Landscape Architecture. He is employed as landscape gardener in charge of the grounds of the state tuberculosis hospital in Salem. Mrs. Emmel is a graduate of Virginia Mason hospital, Seattle.

Mr. and Mrs. Edward T. B. Hill of Salem are the parents of a daughter, Edna Marie, who was born May 8. Mrs. Hill will be remembered as Elsie Lippold, graduate with the class of '21.

A splendid response has been made to the Lost Address list which was sent to alumni. On behalf of the alumni association and the university, the secretary-treasurer of the alumni wishes to thank those who have so kindly cooperated in the effort to locate lost members.

It is hoped that those of you who will receive the Collegian next year will remember to send in promptly any change of address. It may be sent to the secretary of the alumni association in care of the university. Since Collegians are not first class mail and cannot be forwarded, the association has to pay postage on every unclaimed paper, and this year the amount for return post has been quite a bit. However, many have shown fine cooperation in this matter.

The Alumni News this year has not been all we should have liked for it to be. The saying "A stream does not rise any higher than its source" might well be applied to this column. We hope that next year each one of you will help to make the news what you would wish it to be, for it is only through the cooperation of each alumnus that the news will be interesting to all. Lack of funds has prohibited a survey for news items, but this could be remedied to a great extent if alumni members would send in news.

The editor wishes to express appreciation to those who have contributed to the column this year.

REMEMBER to send in your reservations for the ALUMNI BANQUET to Leslie J. Sparks, secretary-treasurer. The date is Saturday, June 11, at 5:30 p. m.

Miss Savaga finds her time well filled, for in addition to her teaching duties, she is called upon to play for many entertainments, to sponsor programs of various kinds, and is spending a great deal of time in the study of the Chinese language.

We have been requested to remind the class of 1922 of the ten-year reunion which will be held Saturday, June 11. Everyone in the class will sit together at the Alumni banquet. For further information regarding the reunion, members of this class may inquire of Sheldon Sackett at the Statesman office. Plans are not yet complete, but will be soon.

The members of the classes of 1882 and 1907 will be our special guests for the 50-year and 25-year reunions.

versities, and small western universities in particular, do not pick and choose athletes except as individuals; they cannot hope to have a machine in perfection and another one in the building all of the time.

In the second place, even Willamette students have had something to learn about losing with grace. To those who knew Willamette's reputation as one of the great schools of the northwest yet as a consistent loser on floor and field some six or seven years ago that statement would have been a surprise before last fall. The spirit with which the two final defeats were taken has been judged by interested townspeople and other friends of the university to be much better quality than that illustrated after the snowy game in Walla Walla Thanksgiving day.

In track the Bearcats bettered their previous records to take fourth place in the recent conference meet in Walla Walla. A new track, started with funds furnished by a dramatically gifted faculty, will in future years be an aid to the development of this branch of sport it is thought.

Following a financial crisis, new plans for the law school which will probably include a scheme for rapid standardization are being considered by a committee of the trustees.

Winning a majority of their debates, both men and women speakers have made a name for themselves and for the university in the forensic season just passed. Among the fourteen schools represented at the Linfield invitational forensic tournament, Willamette took first place.

At the Pacific Intercollegiate forensic meet held at Pomona college in Claremont, California, Willamette placed for the first time since Leland Chapin, now debate coach at Stanford, took a first number of years ago. Eugene Smith, representing Willamette in the oratory division, was awarded third place.

Numerous dramatic presentations of a quality above the average have marked the year with "Children of the Moon" as Theta Alpha Phi's midyear offering probably standing out as best.

In music annual recognition has been achieved. Not only the individual but also the combined work of many of the students of the school of music has been highly praised. "The Golden Trail" opera under the direction of Professor Cameron Marshall with Charles Wakefield Cadman, author and composer, as guest director, will long stand out in the musical history of Salem and of the university. Such success marked the tour of the Philharmonic choir that a post exam tour now in the planning promises to be long and full of bookings.

This year has also seen the appearance of a real student body band under the direction of Morgan Gallaher and Wesley Roeter, while the string quartet also made its first appearance during 1931-32.

A large and capable staff has completed its work on the Wallula and the book, said to be bigger, and better than ever before, will be distributed Tuesday noon.

Probably the biggest thing accomplished this year has been in the realm of international understanding and interest. Willamette's International house, opened with the beginning of the fall semester, has aroused the interest of university and non-university folk alike. Between twelve and fifteen boys from the various nations of this part of the world have made their home in the big house on the hill this year, and they with other members of the International club have staged two of the unique programs of the year, an international banquet and an international program.

Not to be forgotten are Homecoming, Freshman Glee, and May Day, all carried out this year in a smooth and skillful manner.

To the seniors their flank day is one of the most important accomplishments of the year and they claim that there is more achievement in their side of the entertainment than in the early morning picnic enjoyed by certain underclassmen.

Only a few short days remain until alumni reunions and banquet passed, class day over, and Commencement well begun, the story of this year's accomplishments shall be complete.

At a recent election held by the University Epworth League the following officers were elected: Ralph Foster, president; Ross Knotts, vice president; Betty Moffatt, secretary; Nova Hedin, music chairman; Frank Haley, recreation, and Eugene Smith, membership chairman.

A farewell party will be held at the home of Dr. and Mrs. M. C. Findley for the Seniors on Sunday, June 5. Nova Hedin, Mildred Kester, Garfield Barnett, and Eugene Smith are members of the committee in charge.

Harriet Sanders will have charge of stunts, and Professor Matthews will give a toast. Officers for next year will be installed.

During a meeting held last week the members voted \$15 for student work in India which will be sent to Mr. Moffatt. He is in charge of area work there.

In the best families (or any other for the matter) that doesn't happen nowadays. Hence the United States Air Corps offers some attractive inducements to college students from whom it has built a \$10,000,000 institution at San Antonio, Texas, where they teach you to fly and while you are learning:

Pay you a salary of \$75.00 per month. Pay your living expenses.

Supply you (free, of course) with snappy, tailor-made, sky blue uniforms.

Grant you the social and military privileges of potential officers.

Pay your traveling expenses from your home to the new field at San Antonio. 780 men are taken in each year. The course requires a year to complete and includes over 200 hours of solo flying. Those who stay the full year are commissioned as Lieutenants in the Air Corps Reserve.

If you don't like the training you may resign at any time. For example:

Should you stay three months and then resign you will receive \$225.00 cash, your round trip expenses from your home to San Antonio, and about 50 hours of solo flying.

The service and associations of the Air Corps gives its members a very real distinction and a very noticeable breadth and poise. If you have applied and are ready to go, we have compiled information and tips giving you inside angles and dope that will be invaluable when you arrive at the field. If you haven't applied yet then by all means get our information. We tell you the entrance procedure and certain twists that make your getting in easier and quicker. The information written by men who have been through the school covers all points from beginning to end that you are interested in knowing. This information cannot be obtained elsewhere; it is complete. Nothing to buy. The price is \$1.00 or sent C. O. D. if you desire.

Miller's note: This resolution puts into words the world peace idea concerning Memorial Day and holds a thought which is in the wish the peace movement. Let's have five hundred signatures next year.

Whereas, Memorial Day, the thirtieth of May, an occasion for the honor of the war dead, generally passes from eulogy of men who suffered and thought they were sacrificing themselves for a worthy cause to the praise of the vicious and suicidal institution of war which caused their death; and

Whereas, we regard all men and women who, sacrificially, have given their lives for the cause of human advancement outside of war to be as deserving, if not more so, of memorialization; and

Whereas, we look upon war as a practice so insane and needless that it ought not to receive the support of normal and intelligent men and view it as something that needs to be divorced from Memorial Day; therefore be it

Resolved that we, the War Resisters League of Willamette University, first, call for the use of Memorial Day as a time to honor the memory of all—builder, scientist, nurse, mother, policeman, pioneer, statesman, prophet and teacher—who have given life sacrificially; and, second, demand the extinction of thoughts and praises of war from this otherwise sacred occasion.

# WILLAMETTE FIRST IN 5-WAY TOURNEY

Willamette easily won the five way meet held on Sweetland field last Tuesday by garnering 59 points. Oregon Normal school of Menmouth took second place with 33 1/2, Linfield had 36, Columbia 28, and Albany 8 1/2. The Bearcats took five first places and tied for another besides getting the lion's share of the seconds and thirds. Claude Cook, Willamette miler, gave the fans a thrill when he came from behind to nose out Buchanan of Albany by inches in the last time of 4:41. Faber won the 220 from Thomas of Columbia by a similar margin. Coach Ford did not enter a team in the relay because the meet was already won and he was saving the men for the conference meet. This was the last home meet of the season giving the Bearcats a record of three wins and one defeat.

**Summary:**

# PETERSON LEAVES FOR ORIENT TRIP

Andy Peterson, stellar Bearcat pitcher, sailed from Seattle, Saturday, May 28, for the Orient aboard the President Taft. Peterson will tour Japan playing outfield with an amateur ball team there. His trip includes a two weeks' stop in Hawaii.

The Bearcat hurler attracted wide attention in baseball circles last spring when he pitched his "perfect ball game." Since that time he has been made promising offers by several big league scouts. Willamette will benefit by Peterson's decision to remain an amateur, for he plans to enter school next fall and will be able to pitch for the Willamette team in the spring.

Peterson has been active in campus affairs, being this semester's junior class president, a member of the executive council and president of his fraternity. Peterson will also be remembered as one of the five who captured the coveted conference championship in basketball last year.

# HAWAII RADIOS U. S. A. CONCERNING SEABECK

Amateur radio has this year played a part in securing delegates for Seabeck. Station 7AWQ in Washington picked up a message from the University of Hawaii asking for information about Seabeck and stating that they expected to send one delegate, at least. The information was secured and radio carried it back to Hawaii. Delegates will, therefore, find University of Hawaii among those represented at Seabeck, June 11-18.

Eleven colleges have delegates now registered for the Intercollegiate Conference, University of Oregon plans to have 15 men there.

Few men are excusing themselves because they have jobs they must hurry to take. Many have the time to go but find it difficult to finance their going. On the northwest campuses, including Willamette, an appeal is being made for the conference as a life investment. It has proved to be

# TRACK SUCCESSFUL HERE THIS SPRING

Starting with practically nothing in the line of good track prospects Burgess Ford has turned out a real prize-winning team—the first that W. U. has had since back in the earlier part of this century when W. U.'s track team used to take O.S.C. and U. of O. down the line. Incidentally, Ford was a member of W. U.'s team in those good old days and ran the distances in time that is good even today.

At the beginning of the track season this spring 25 men turned out—2 seniors, 5 juniors, 6 sophomores and 15 fresh. At the end of this same season there were 24 men still out—1 senior, 3 juniors, 5 sophomores, 14 fresh. Out of this total of 24 men who completed the season, 22 placed in one or more events in the course of the several meets.

Eleven men will receive awards; ten of these men will be back for next season. Don Faber, our spectacular sprinter, will be lost through graduation, but his place will be well filled by James and several other men who promise a good showing in the sprints next year. W. U.'s team showed its strength on Decoration day at Whitman—nine out of the 12 who took the trip took places in the Northwest Conference Meet there. Eleven of the 12 will be here next year.

W. U.'s track prospects for next year are exceedingly bright—thanks to Ford! We hope Mr. Ford will coach the team next year.

Intramural activities are wonderful things, but if they are to be included in our course of study, the university should support them.

Next year we have a great outlook for athletics as far as the individual athletes are concerned. What do you say that we join in and furnish the spirit which goes to make championship teams?

And when we are in the grandstands rooting for them, make them feel that we are behind them.

Tennis is no longer a Northwest conference sport, but look at the record our "netmen" and "netwomen," too, are making! Perhaps if football, basketball, and baseball were thrown out in favor of tiddly winks the Bearcats might do well in the Coast conference in these sports.

What we want to know now is whose name is to appear on the plaque above the big doors in the gym. Some fellow is going to be happily surprised on Commencement day when he's told he fulfills all those high-sounding qualifications.

Speaking of plaques, even those awarded for third and fourth places in the recent conference-track meet are good looking. Les Sparks had a collection of them in his office Tuesday for the curious to look at.

Talk about "Behind the Bearcat," here's one which should be entitled "Behind the Lawnmower" and we didn't even know we had such material for the \$30 until we saw Dean Clark chasing his gasoline demon across the front lawn the other day. Keep your eye on him, Burgess. Of course, he's a professional, but you might get some pointers from his style.

You'll notice that Andy Peterson was well on his way to Japan before he announced his engagement. Anyhow, congratulations, Andy.

With the championship baseball series and the conference track meet at Walla Walla last weekend, a very successful athletic program has come to an end for the Bearcats.

Willamette has played for the championship in football, basketball, and baseball.

This year's track team is by far the best to wear the Cardinal and Gold in the memory of the present generation.

Out of six conference football games played last fall, we won four and lost two. The basketball team won seven and lost four. Including the championship series, the baseball team won seven and lost three, all of which were to Whitman in the championship series. The track team, showing a marked improvement over last year's team, placed fourth in the conference meet.

With Willamette athletic teams knocking at the championship door in three sports and being unable to break through any of them, we see a lock. That lock is the difference between a good team and a champion. The school spirit and group loyalty which can be had only with the cooperation and interest of the athletes with the entire student body, showing itself in a fine winning spirit, supplying that last determination.

# WHITMAN IS VICTOR IN N. W. CONFERENCE

Whitman won her third major championship of the year by downing Willamette's Bearcats in three straight baseball games at Walla Walla, May 26, 27, and 28.

Clow, Whitman's steady left-hander, won the first game 7-1, setting the Bearcats down with eight scattered hits. Costly errors by Willamette's infield gave Whitman most of her runs, but Clow had matters in hand at all times. Peterson was pulled out in the fifth inning to save him for Friday's game, and George Erickson occupied the mound the rest of the game. He pitched spectacular ball, allowing only one hit during the time he pitched. Willamette's only run was made by Peterson on a homer into left field.

Whitman clinched the title in the second game, winning 4-3 in 10 innings. Walla Walla fans called it one of the best games ever played in that town. Russell, Whitman hurler, was in some tight spots during the game, but brilliant fielding by his infield saved him. Andy Peterson went the route for the Bearcats, and pitched a fine game, but Willamette could not hit when hits were needed. Walter Erickson had a great day at bat, slugging out a triple, and a long homer, accounting for two Willamette runs. In the tenth Dudgeon, star Whitman catcher, singled down the third base line to score Haynes from third with the winning run.

The third and final game on Saturday was also won by Whitman 4-2. Wooten, stock Missionary outfielder, slugged a homer into right with one on to provide the needed margin to win. George Erickson pitched a wonderful game, time and again setting down Whitman batters with his fast ball. Irving of Whitman hurled a steady game and pulled himself out of several bad spots. Walt Erickson continued his heavy hitting, collecting three hits out of four attempts.

Whitman had a smooth working team of excellent fielders and steady hitters with a well-balanced pitching staff. The last two games were the best played of the entire season.

# FAMOUS EDITOR IS CHAPEL SPEAKER

"The only way to learn to write is to start writing," said William Webster Ellsworth, former editor of the Century magazine when he offered encouragement to youthful would-be writers in chapel one day last week.

"There is a great deal more to words than just their meaning—the power of sound has always been greater than the power of sense," continued Mr. Ellsworth in his talk. Mr. Ellsworth thinks that every college should offer a course in short story writing for the benefit of students who are interested in that sort of work.

# PATRONIZE OUR ADVERTISERS

Several prominent students have been heard to remark that the athletic department gets too much money, both as an activity and per man. Also that the money should be spent for furthering intramural activities for university credit.

No other college belonging to the inter-collegiate circles to which Willamette belongs has so small a percentage going to athletics. Also if one takes into consideration the fact that there is less money spent per man in athletics than in debate and nearly any other divisions of our student body I can hardly see how their statements hold water. Many in our university are heard condemning the teams and individual players for losing a game, at the same time saying how much fun the participants have in carrying on the Banner for old glory. At the same time the athletes will be saying, "I'm sorry Spec's team got beat." He can't say he is sorry Willamette's team got beat, he doesn't care. He has played, given what he could and perhaps lost six pounds weight for a school which he figures doesn't care. Most men lose from six to ten pounds, some have been known to lose 15, but for a school which they know to be behind them. We aren't able to have teams which will win championships as long as the students will not get behind their team.

# BEHIND THE BEARCAT

A person eminent in campus activities was heard to remark thus "When the spirit and atmosphere of the students are for the university instead of the individual, athletics and other extracurricular activities will prosper."

—What do you think of that?

# Old Saddlebags Relate Interesting Relic of Early Days in Museum Tales of Pioneer Life

(Among the papers of the late Dr. T. F. Royal, one of the Oregon pioneers, was found the following unique tribute to the saddlebags, which were the much-prized relic of his active years in the northwest):

These old saddlebags have a very interesting story to tell. Though very old they are not my first pair, for they entered the larder only fifty years ago, and were successors to a pair which were utterly worn out by hard service. These I know look old and wrinkled enough to have seen a century's use. If you would know where the wrinkles came from, ask the stormy winds and pelting rains. Ask the black spattering mud of southern Oregon, the overhanging dripping brush of Coos Bay trails. Ask the snow drifts on the summit of the Cascade mountains and the lone juniper trees of the Goose Lake country, which gave the itinerant slender protection from the frosts of that elevated plateau. They have furnished a pillow for the tired head during many nights of bivouac. Ask the man who hauled them out of a pile of drift wood in the South Umpqua River, where they had lodged after being washed from the back of the preacher's horse while swimming a swollen stream.

If the stories of buffeting are not enough to explain their surannated looks, inquire concerning the service which they have rendered. They were the traveling preacher's library and wardrobe and often his larder; sometimes the bin for his horse's oats, a peek at a time. Outward bound they were always loaded with Bibles, Sunday school libraries and other books from the "Concern." Inward bound, they

# SEMINAR SURVEY ALMOST COMPLETE

Tuesday evening the Sociology Seminar met at the home of Dr. S. B. Laughlin for dinner and following that the final reports on the survey conducted by the students of the Sociology classes were given. This completes the actual survey of the graduates of Willamette living in Salem at the present time. For the last month the upper-class majors under Dr. Laughlin have been working on this project and the outside work has finally been completed.

The remaining work to be done in the survey will consist of the tabulation of the results obtained. This will take all of the final week of school and perhaps more. The survey in its completed form will show almost everything of interest concerning numbers and

# LIBRARY TO STAY OPEN FOR SUMMER
