SECTION II

From the 1958 Student Handbook:

The Temple of the Centuries

““ In front of Collins Hall there is a circle of Redwood Trees planted during the 1942 centennial year. This species was chosen because the Redwood is symbolic of great age. In the center of this circle were buried clay tablets containing, for example, parts of the Bible and some of Shakespeare's works. The circle was ”” named the 'Temple of the Centuries.'

(Editor's note: These trees are now commonly known as "The Star Trees." By standing in the middle of their circle, one can look up and see a perfect five-pointed star formed by their boughs.)

ALCOHOL POLICY

Introduction

Willamette University neither encourages nor discourages the use of alcoholic beverages, but it does condemn the abuse of alcoholic beverages. Whether or not a person drinks alcoholic beverages is a personal decision, but individuals are held accountable for making decisions about their behavior within the context of Oregon State Law¹ and University rules and regulations. In addition, it is understood that individuals are held responsible for the effects of their decisions on others within the University community. The alcohol policy and the procedures for its implementation have both an educational and a regulatory emphasis. They are intended to serve the following objectives:

- 1) to promote responsible behavior and attitudes among all members of the University community;
- 2) to educate students concerning the use and effects of alcoholic beverages in order to encourage responsible decision-making;
- 3) to help individuals experiencing difficulties associated with the use of alcohol.

Education

The University acknowledges a responsibility to educate the campus community regarding responsible alcohol use by creating programs and services to meet specific needs. In addition, efforts will be undertaken to ensure that Oregon State Law and University regulations are understood by all who are affiliated with Willamette. Individuals must recognize, however, that we must all assume responsibility for educating ourselves, since ignorance of laws and regulations is no excuse for irresponsible or illegal behavior.

Regulation

A. General Policies

1. Alcohol may not be served or consumed

in any outdoor areas of the campus.

2. Direct or indirect sale of alcohol is prohibited.

3. Alcoholic beverages will not be served or consumed at events where attendance is open to those other than invited members of the Willamette community and their guests.

4. Alcoholic beverages will not be mentioned or implied in publicity for an event.

5. Alcohol will not be the main focus of an activity.

6. Appealing, non-alcoholic beverages and food must be served at all activities while alcohol is being consumed or served. Food and non-alcoholic beverages (excluding mixers) must constitute at least one-third of the total refreshment budget for a particular activity. Food and non-alcoholic drinks must be displayed prominently with alcoholic beverages.

7. The area used for an activity at which alcohol is served or consumed will be cleaned by users immediately following the activity (or clear and specific arrangements must be made to have it done).

8. For a summary of Oregon State Law regarding the sale and consumption of alcohol, see endnote 2 "Excerpts from Criminal Code of Oregon, 1985," and the published document University Standards of Conduct, available from the Director of Residence Life or the Director of Student Activities.

Alcohol Policy

Implementation Procedures

A. Policies Governing the Use of Alcohol in University Residences

As student homes, University residence halls are in a unique position to offer students the opportunity to learn responsible ways of relating to one another. University residence halls include fraternity houses, sorority houses and independent residences. Among the serious educational and social issues facing students today is the intelligent and responsible use of alcohol by both the person who chooses to drink and the person who chooses not to drink. Students will be held directly responsible for the destruction of personal or public property, the violation of the safety or rights of other persons,

Section #4: Policies and Documents

the violation of any state or federal law, or the violation of any other campus regulations which may occur while they are under the influence of alcohol. Such behavior will result in disciplinary action by the University or by local, state or federal law enforcement.

All incoming students shall participate in an alcohol education program sponsored by Alcohol Consumption Education (A.C.E.) and offered each fall during Opening Days. All living organizations shall sponsor one alcohol education program each semester. By the third week of classes Fall Semester, all living organizations must have scheduled their alcohol education program with A.C.E.. Fall Semester education programs must be completed by Thanksgiving vacation.

1. All sections of the "Regulations and Policies Governing Student Behavior" as outlined in the University Standards of Conduct shall apply to the alcohol policy.

2. In addition to the above, failure to observe any of the following shall constitute a violation of the University policy and may subject the individual(s) or group(s) to disciplinary action.

a. Consistent with Oregon State Law, private gatherings in individual rooms will not be considered social functions and need not be registered, but occupants and participants are responsible for abiding by all University policies. Any gathering in an individual student room where alcohol is present may not exceed a safe and manageable occupancy for that room.

b. Any consumption of alcohol in residence hall common areas (i.e., any area other than a student's private room) must be registered and confined to the approved space.

c. To register a common area event, the following conditions must be satisfied:

1 University events are planned for University students, therefore, non-university-age individuals (e.g., high school students) may not attend University social events where alcohol is served.

2 The event must be open only to those who are members of the sponsoring living organization(s) and

their invited guests while alcohol is provided.

3 Willamette participants in the event must produce identification (i.e., Willamette University I.D.) that proves they are a currently enrolled Willamette University student. Any Willamette University student's guest must produce identification (e.g., driver's license, University I.D.) verifying University-age status.

4 Students are responsible for their guests.

5 An event in a residence hall will not be an open invitation, all-campus event.

6 A residence facility social event where alcohol is present may not exceed a safe and manageable number of people (i.e., 200) at any one time.

7 All entrances and exits of University residences are monitored (i.e., organizers arrange to have students at the doors to control traffic flow) for the duration of the event.

d. Student Body Activity Fees may not be used for purchase of alcoholic beverages.

e. The planning group must fill out an Alcohol Use Request Form for approval by the residence governing body.

f. The residence hall governing body must, by majority vote, approve any activity at which alcohol is to be served.

g. Following approval of the governing body, the plans for the event along with the request form must be reviewed and signed by the Resident Director prior to submitting the form to the Director of Residence Life.

h. The Director of Residence Life, or designee, in consultation with the Head Resident and the sponsors of the event, will approve or reject the proposed use of alcohol at the activity within two working days of receiving the request form at the Office of Residence Life. If denied, the reasons for the rejection will be provided in writing and include their relevance to the Alcohol Policy and regulations of that policy.

B. Policies Governing the Use of Alcohol in

Section #4: Policies and Documents

Other University Facilities

1. Consistent with the above guidelines, alcohol may be served or consumed in the following buildings on campus (at planned group activities only) as long as the occupants and managers of that building have agreed it is appropriate.

- a. University Center
- b. Playhouse
- c. Art Building
- d. Smith Fine Arts Building
- e. Law School
- f. Graduate School of Management
- g. Waller Hall

2. Any activity at which alcohol is served or consumed must first be approved with the appropriate building manager (e.g., the University Center) or other person administratively responsible for the building. The Alcohol Use Request Form will be completed and submitted to the Director of Student Activities.

3. The activity will be confined to the registered or designated area only.

4. The activity must be cleared on the University Master Calendar.

5. Activities at which alcohol is served or consumed in non-residence hall facilities will be held primarily for and by members of the Willamette community. Others wishing to serve alcohol in University facilities must receive specific clearance from the Director of Student Activities.

C. Procedures for Enforcement (To be included in the University Standards of Conduct under "Policies," Section IV, B, 1.)

In addition to violations of the specific provisions of the policy governing the use of alcoholic beverages, the use or misuse of alcoholic beverages which results in violations of the General Student Regulations will result in disciplinary action.

1. The Director of Residence Life or respective building managers shall be responsible for the enforcement of the policy governing the use of alcoholic beverages. In addition, any other member of the University community may refer violations of that policy to the Director of Residence Life or respective building managers

for possible action.

2. The following steps will be implemented in the enforcement of the policy. However, the steps need not be followed sequentially since certain violations may require stronger action.

a. A verbal warning may be issued by the appropriate staff person. After two (2) verbal warnings in any given semester, a formal written warning shall be issued by the staff person involved.

b. A formal written warning may be issued. A written warning shall detail the specifics of the violation, expectations for future behavior, and the consequences of further violations of the policy. Any violations subsequent to the first written warning in a given semester will result in referral to the Director of Residence Life.

c. Referral to the Director of Residence Life for further action may be made for any violation of the alcohol policy. As outlined in the University Standards of Conduct, either a hearing with the Director of Residence Life or the University Standards of Conduct Committee will be held. When a referral for action is made, it would either be made after other avenues had been pursued or in response to a very serious violation. Therefore, the expectation would be that a penalty other than a warning would be in order.

d. A member of the Residence Life staff may stop an activity at which alcohol is served or consumed if there is any problem which cannot be corrected immediately.

D. Corrective Measures and Penalties

Alcohol Policy Violations: Violations of this policy will result in the imposition of one or more of the penalties listed below. Also, if deemed necessary, the University Standards of Conduct Committee or the Director of Residence Life may request an assessment by a professional counselor or appropriate agency prior to the imposition of the penalty. The result of the assessment will be taken into consideration in the imposition of corrective measures.

1. Warning not to repeat the violation of the alcohol policy.

2. Participation in an alcohol education course.

PROCEDURE FOR SPONSORING AN EVENT WHERE ALCOHOL IS SERVED

Introduction

According to the Willamette University policy on Alcohol Consumption, any event where alcohol is served must be registered and confined to the approved space (i.e., any area other than a student's private room). For any event that is to be held in a living organization (i.e., residence hall, fraternity, sorority), the procedures outlined below must be followed. Any event not held in a living organization must be reviewed by the Student Activities Office in the UC.

Procedures

1. Please familiarize yourself with the University Policy on Alcohol in the Student Handbook.
2. In accordance with the policy, each living organization must have an alcohol education program given Fall Semester. To schedule an alcohol education program, you need to call the Alcohol Consumption Education (ACE) Office (ext. 6212). Again, please consult the Alcohol Policy for specific details.
3. The sponsor(s), social chair and house president must meet with the Resident Director to discuss the event being planned and review the Check List for Planning Alcohol Related Events on Campus.
4. If, after discussion, the plans for the event meet the guidelines of the policy, the Resident Director will approve the forwarding of the Alcohol Use Request Form to the Office of Residence Life. The Resident Director may determine the plans to be inadequate or inappropriate. In such case, the sponsor(s) may

3. Participation in on-going treatment by a counselor or appropriate agency.

4. In the case of a group violation, requiring the leaders to participate in an alcohol education course.

5. In the case of a group violation, requiring a minimum of 75% of all members of the living group to participate in an alcohol education program.

6. Suspension of the group's option to serve or consume alcohol. This may vary in length or time and could exclude the group from having social functions of any kind.

7. Other: the University Standards of Conduct Committee or Director of Residence Life may impose other penalties deemed appropriate and necessary including those outlined in the University Code of Conduct.

End notes:

¹Passed by the Willamette University Board of Trustees October 16, 1982, as part of the official University Standards of Conduct.

DEFERRED RUSH POLICY

Rush for freshmen students will take place between the last day of Fall Semester and the second weekend of Spring Semester. At no time should rush activities compete with the daytime academic schedule, and every effort should be made to minimize or eliminate conflict with academic programs. Freshmen pledging a house may move into the house no sooner than the Fall Semester of the sophomore year with the following exception: freshmen pledges may replace an equal number of fraternity and sorority residents away from campus for the Spring Semester because of participation in University sponsored programs, i.e., foreign study, exchange programs, December graduation, etc. Sophomores, juniors, seniors and non-freshmen transfer students pledging a house may move into the house immediately. Informal rush for freshmen students may occur only after the completion of formal freshman rush during the Spring Semester.

A formal rush program for transfer students and sophomores, juniors and seniors may be held, as mutually agreed upon by IFC/Panhellenic and the Office of Residence Life, any time after the

beginning of the Fall Semester so long as conflict with academic programs is avoided. Students participating in this program may move into their houses immediately, if they wish. Informal rush for all other students may occur throughout the year.

Freshmen entering mid-year may rush at any time.

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT ³

Purpose

The Family Educational Rights and Privacy Act, Public Law 93-380, effective November 19, 1974, is intended to ensure a student's right to inspect and review his/her educational records maintained by an educational institution or agency, or by an individual acting for such an institution or agency.

Willamette University institutional policy is consistent with the intent, guarantees and safeguards embodied in the legislation. Departmental policies may vary procedurally but are to be in alignment with institutional guidelines.

Definitions

1. Student:
 - a. For the purposes of access to records refers only to individuals currently enrolled at Willamette University.

3. Access:

a. A student is entitled to review educational records with a member of the faculty of the department maintaining the file.

b. The student shall be provided access to the educational records as soon as possible following the request and no longer than 45 days from the date of the written request.

c. Copies of appropriate records shall be furnished within 45 days of the student request, and the student will be assessed duplication or other preparation cost.

Students will not be given access to parent's financial statements or to confidential letters and statements of recommendation placed in a student file prior to January 1, 1985.

A student will be permitted to waive access to future confidential recommendations pertaining to admission, application for employment or receipt of honorary recognition.

Students will be permitted access to confidential letters of recommendation placed in files prior to the effective date only if the student arranges for the writer of the letter to inform the Departmental Custodian of Student Records in writing of consent to the review.

Unless the student waives access to letters of recommendation filed after January 1, 1975 which were solicited with a guarantee of confidentiality prior to the effective date of the legislation, or letters in which the writer claims confidentiality, such letters will be returned to the writer with an explanation that compliance with Public Law 93-380 requires that such correspondence be open to student review. The writer will be encouraged to resubmit the letter in accordance with University policy.

University application instructions and evaluation forms will apprise students and writers of the access rights of students to letters of recommendation. Letters received after the

Section #4: Policies and Documents

effective date of the legislation may be reviewed by students except where conditions described in the previous paragraph exist.

4. Psychiatric, Medical and Psychological Records:

Students may designate a physician or other licensed medical and/or psychiatrist, medical or psychological counselor to examine files to ensure correct interpretation of data.

5. Access to Records Procedure:

Students requesting access to educational records must establish their identity to the satisfaction of the University Custodian of Student Records by furnishing a student identification card and a current semester registration receipt. A University form specifying the information requested must also be completed. Forms are available in the Office of the Registrar and from other departments maintaining educational records.

A separate file of completed forms is to be maintained. Departments will be asked for statistical information indicating the types of data requested to enable the University to recommend modification in the law based upon experience on the Willamette University campus.

6. Third Party Access to Information:

Third parties may gain access to information contained in educational records provided that a) written authorization is obtained from the student, and b) other individuals will not be permitted access to the information. a. A student is entitled to a hearing to challenge the content of an educational record or to request modification of the information contained therein.

b. The department custodian of the record in question may agree to the requested change in matters of fact⁵ after review of the file with the student. An administrative hearing may be requested by the student if the departmental custodian of the record disagrees with the contention of the student. Hearing requests should be directed to the Registrar as the University Custodian of Student Records.

The University Custodian of Student Records will provide written notification of the decision to the student within five working days of receipt of the hearing officer's report. 2. Appeal of Hearing Decision:

Notice of an intention to appeal the decision of the University Custodian of Student Records should be filed with the Vice President for Student

OFFICE OF RESIDENCE LIFE TERMS AND CONDITIONS FOR ROOM AND BOARD

I. Food Service

The University shall provide meals on a regular basis beginning with the first day of classes for undergraduate and graduate students each semester. Nineteen meals per week are served. All students living on campus are required to participate in the University food service program or the sorority food service if living in a sorority house. No refund will be made for missed meals, and meals that are not eaten are not transferrable to others. Arrangement of special diets may be made with the Food Service Office in Doney Hall or at the University Health Center. Food, china, silver and glassware may not be removed from the dining rooms.

The student will be assessed a charge of \$7.50 for the replacement of a lost or stolen I.D. card and \$3.00 for the replacement of a meal sticker.

II. Housing

Willamette University agrees to provide a residence hall room for the academic year or a portion thereof. As a part of room costs, the University will provide utilities, janitorial and maintenance services and housekeeping for public areas and restrooms. In addition, all students shall be provided with a bed and mattress, desk and chair, closet space, dresser, central room light and telephone.

A. Eligibility

Only students of Willamette University or others authorized by the University may reside in campus residences. Change from full-time

status to part-time **does not** constitute cancellation of the contract. All freshmen and sophomores are **required** to live on campus unless they are married, over the age of 21 or living with parent(s). Exceptions to this policy are considered only in circumstances beyond the individual's control.

B. Occupancy

The term of the Residence Life Contract is for the full academic year or, if entered into after the start of the academic year, to the balance of the academic year. The University agrees to assign space and provide board only after the applicant has properly signed and returned the contract and preference card. **By moving into a residence hall without a signed contract, the student obligates him/herself to all of the terms and conditions of the contract.**

The period of occupancy for students who have made prior reservations begins for new undergraduate students with new student orientation and for returning students at 10 a.m. the day prior to the first full day of classes. Occupancy ends 24 hours after the last final. The period of occupancy for graduate students begins the day prior to orientation and ends 24 hours after the last final. This 24 hour time allowance may vary at semester break. The period of occupancy excludes semester break. **Residents are required to vacate their rooms not later than noon the day following their last scheduled examination.** Students will not be allowed to occupy a room prior to these official opening dates and after these official closing dates except under the following circumstances:

1. Graduating students, and other authorized persons remain on campus to participate in Commencement activities.

2. Student employees or volunteers brought to the campus prior to the beginning of classes to assist orientation of new students or to participate in the residence staff workshop.

3. By special written authorization from the Director of Residence Life or an authorized designate of the Office of Residence Life.

The period of occupancy for students who contract for room and board after the first day of each semester will begin on the effective date of their contract. There will be no reduction in cost for late arrival or early departure.

Section #4: Policies and Documents

Rooms will be held for the first four class days of each semester unless prior arrangements have been made with the Office of Residence Life. After the fourth class day, the students who have not arrived in their assigned spaces will be classified as "no-shows". Contracts for "no-shows" will be cancelled and the spaces reassigned at the option of the Office of Residence Life.

Note: Actual physical occupancy of the room by the student and/or the student's possessions is not necessary to constitute occupancy. Your enrollment at the University and confirmation of your assignment by the Office of Residence Life is considered binding.

C. Interruption of Services

The University shall not be responsible for disruption or nonperformance of services due to circumstances beyond its control.

D. Room Assignments, Consolidation and Removal

Room assignments to campus residences will be made in the Office of Residence Life. Priority for residential assignments for new students is based on the date the enrollment deposit is received by the Admission Office. This date establishes the order in which preferences are granted and spaces are assigned. Types of accommodations and requested roommate preferences are honored whenever possible.

If a vacancy occurs in a multiple occupancy room, the remaining student(s) will be given 5 options in the following order:

1. Select a roommate of his/her choice within three days of the vacancy.
2. Accept a roommate referred by the Office of Residence Life.
3. Agree to move to another open space in a double or larger room.
5. Continue to occupy the room as a double and be willing to accept a roommate at any time during the semester.
4. Continue to occupy the room as a single at the single rate.

Rooms larger than doubles cannot be secured as singles.

In the event of unforeseen emergencies or other situations, a residence or portion thereof may be closed and residents may be required to move from their originally assigned rooms. The

University also reserves the right to immediately assign or reassign space and/or students for the benefit of the individual students and/or the living unit. In addition, any resident who violates the contract and/or rules and regulations covered by the Terms and Conditions For Room and Board may be required to withdraw from housing accommodations by the Office of Residence Life.

Failure to comply with the instructions from the Director of Residence Life to change rooms or withdraw from University housing accommodations after three days may result in the removal and storage of the student's possessions by the University at the student's expense.

E. Payment

The student agrees to pay room and board fees and properly billed charges (e.g., for damage, guests, lost keys, etc.) at the time(s) scheduled by the University. Room and board charges are to be paid each semester in advance unless a deferred payment plan is arranged with the Business Office. Failure to complete financial arrangements with the Business Office may result in the cancellation of the Residence Life Contract For Room and Board by the University.

F. Cancellation After Occupancy

Except as specifically provided below, the Room and Board Contract may be terminated only for the following reasons: graduation, withdrawal for at least one semester, leave of

Section #4: Policies and Documents

absence, ineligibility to continue enrollment due to a failure to meet academic requirements, failure to enroll second semester, or marriage (no more than four (4) weeks prior to the wedding date). **Residents who are still enrolled and leave the halls during the school year without a release from the contract continue to be liable for room and board charges which accrue against their accounts.**

Residents who experience significant changes in circumstances beyond their control which would prevent them from fulfilling the terms of the contract and which cannot be resolved within the residence hall system may request a contract release application from the Office of Residence Life.

Application for a contract release does not imply automatic termination of the contract. The application will be reviewed and the resident will be notified as soon as possible. Residents are advised not to sign outside contracts or leases until they have been formally notified of their release.

The room and board contract is for the academic year or portion thereof if entered after the beginning of the academic year. However, a junior, senior, or other student who is 21 years old or older can be released from his/her contract if written notification is provided to the Director of Residence Life. In the event of cancellation to move off campus, the student involved shall forfeit \$150 due under the Terms and Conditions For Room and Board. The \$150 forfeit fee will not be assessed to a junior or senior moving off campus if the contract is cancelled by June 15, 1990.

The contract cannot be cancelled at the end of the first semester unless the student qualifies under the conditions outlined above.

G. Responsibility for Damage or Loss

Student rooms and the furnishings provided therein are to be used in the manner for which they are designed. No University property, including room and lounge area furnishings, may be moved within the building or taken from the residences without the written authorization of the Resident Director.

The University acknowledges that depreciation may occur to the building, room, furniture and equipment due to reasonable wear and tear caused by normal usage. However, the

student specifically agrees that he or she will be liable for damage or other loss incurred to the building, room, furniture and equipment which is in excess of ordinary wear and tear. This will include 50% of the responsibility for unassigned glass breakage in a student room. At the discretion of the University, an entire living group or portion thereof may be charged for damages or loss to public areas of the building (including bathrooms) when the person(s) responsible are unknown, or if known, they refuse to pay for damages assessed. Damage or loss within student rooms is the joint responsibility of the students assigned.

H. Keys

Students are responsible for picking up their room and outside door keys from the Office of Residence Life. During the year, students losing their room key will be charged \$25 to recore the lock and \$5 for the replacement of the key. Students are also responsible for returning their room and outside door keys to the Office of Residence Life when they move out. Failure to return a room key will result in a \$25 charge to recore the lock for security of the next resident plus the replacement for the room keys. Replacement cost for a room key and an outside door key is an additional \$5 each. Card key replacements are \$7.50.

I. Assignment of Contract

This contract is not assignable nor can space be subleased.

J. Guests

Students will be responsible for payment of all charges related to the presence of guests in their rooms, and for insuring that their guests comply with housing policies and general campus rules and regulations. Guests are limited to no more than three consecutive nights on campus. Consent to host a guest in an individual student room must be obtained by the roommate(s). The guest policy is in no way intended to provide the opportunity for or encouragement of cohabitation. Separate guest rooms can be rented through the Office of Residence Life.

K. Room Entry

It is the University's policy to respect each resident's right to maximum privacy in his/her

Section #4: Policies and Documents

room. In most cases, 24 hour notice will be given prior to entering a student room.

However, Student Affairs Staff and their authorized designee(s) may enter a resident's room with less than 24 hours notice for purposes of maintenance, loft inspections, emergencies, fire drills, to insure compliance with health standards or if there is reasonable cause to believe there have been violations of University policy or state or federal law.

L. Vacation Periods

Campus residences (except sororities) are open during Thanksgiving and Spring vacations, although meals are not provided when classes are not in session. Only Willamette University resident students may reside in campus living organizations during these vacation periods. All residences must be vacated during semester break. This break will vary for TIUA students. Unauthorized individuals found within secured residences during these vacation periods will be considered trespassers.

M. Loss of or Damage to Personal Property

Willamette University is not liable or responsible in any way for the loss of or damage to money, valuables or other personal property of students or guests, or for personal injury sustained on the premises.

N. Insurance

Students are responsible for maintaining their own fire and theft insurance for their personal property and liability coverage for damage or fire caused by them or their guest's negligence.

O. Safety and Security

As part of the residential program, the University has taken steps to provide a safe and secure environment through the work of the Campus Safety Office and the residence staff. Appropriate room locks and outside door locks are also provided.

Willamette University is an open campus in the middle of an urban area. Students are urged to be cognizant of their own safety and security needs while on and off campus. An escort service is available by contacting Campus Safety.

RESIDENCE HALL BILL OF RIGHTS

Each person, as a resident of Willamette University residence halls, possesses certain individual rights and responsibilities which must be held in high regard. This document is intended to define minimal expectations of rights and responsibilities of hall residents, in actualizing their freedoms, without placing constraints upon such rights or other residents. Each individual has the right to engage in those physical, educational, and social pursuits that are a necessary part of his or her university life. However, these rights carry with them a reciprocal responsibility on the part of the individual to ensure those same rights for other residents.

1. Primary rights of the individual include:
 - a. The right to read and study free from undue interference in one's room: One of the basic purposes of the University is the dissemination and application of knowledge. Unreasonable noise and other distractions inhibit the exercise of this right.
 - b. The right to sleep, the right to one's personal belongings, the right to free access to one's room and suite facilities, and the right to a certain environment in which to live: Optimum physical conditions are essential as they support, reinforce and provide for positive conditions in which to

learn and live.

- c. The right to identify and seek resolution of grievances: If the academic and residence hall communities are to function in the most educationally profitable manner the right to initiate actions and referrals for impartial and fair adjudication of grievances is held paramount. In exercising this right, the student further holds the right to be free from fear of intimidation, physical and/or emotional harm, and without the imposition of sanction apart from due process.

2. Secondary rights of the individual are those which should be protected, but which should not infringe upon the reasonable exercise of the primary rights defined above. These secondary rights include:

- a. The right to personal privacy: All persons should have freedom from interference with their personal activities, and should be able to maintain privacy for other than academic reasons.

- b. The right to host visitors: All persons should have the opportunity to maintain personal contacts and friendships with other persons to fulfill their needs for socialization. Visitors are to respect the above stated rights of hall residents and to adhere to all regulations.

Any abuse of these rights is subject to review and action according to the procedures given in the Standards of Conduct for Willamette University. However, processes of mediation involving students and hall staff should also be considered as a means for resolving conflicts

RESIDENCE ROOM LOCKOUT ENTRY POLICY

Campus Safety will provide students with entry into their residence room, or residence hall a maximum of three (3) times per academic year. Campus Safety will not provide this service to

anyone beyond these three times. Other options available to students who lock themselves out is to gain entry from their roommate, Resident Director, or Resident Assistant. Students requesting this service will be required to show their student ID card and sign a form at the time this service is provided.

SEXUAL HARASSMENT POLICY

This institution reaffirms the principle that its students, faculty, and staff have a right to be free from sex discrimination in the form of sexual harassment by any member of the academic community.

Sexual harassment is defined as an attempt to coerce an unwilling person into a sexual relationship, or to subject a person to unwanted sexual attention, or to punish a refusal to comply or to create a sexually intimidating, hostile, or offensive working or educational environment. Sexual harassment is understood to include a wide range of behaviors, from the actual coercing of sexual relations to the unwelcomed emphasizing of sexual identity. This definition will be interpreted and applied consistent with accepted standards of mature behavior, academic freedom, and freedom of expression.

Sexual harassment in any situation is reprehensible; it is particularly damaging when it exploits the educational dependence and trust between students and faculty. When the authority and power inherent in faculty relationships to students, whether overtly, implicitly, or through misinterpretation, is abused in this way, there is potentially great damage to individual students, to the persons complained of, and to the educational climate of the institution. While a particular interaction must be offensive and unconsented to be defined as harassment, faculty members and other individuals in positions of authority should be sensitive to the questions about mutuality of consent that may be raised

and to the conflicts of interest that are inherent in personal relationships where professional and educational relationships are also involved.

Individuals who believe they have been sexually harassed may obtain redress through the established informal and formal procedures of the institution. To complain of inappropriate actions students should first contact Frank Meyer, Vice President for Student Affairs. Complaints about sexual harassment will be responded to promptly and equitably. The right to confidentiality of all members of the academic community will be respected in both informal and formal procedures, insofar as possible. This policy explicitly prohibits retaliation against individuals for bringing complaints, even if not written and signed. An individual found to be guilty of sexual harassment is subject to disciplinary action for violations of this policy, consistent with existing procedures. 

STANDARDS OF CONDUCT ¹

Purpose

The chief purpose of Willamette University is the creation of a community which offers the development of intellectual skills, character and values that contribute to the pursuit of knowledge and the search for excellence. As such, the University strives to promote independent thought and intellectual curiosity, respect for differences and for the rights of others, and a commitment to the development of ethically sensitive and responsible individuals.

The University therefore has the obligation to protect this educational community and to maintain socially and educationally responsible behavior among its members. Consistent with its purposes, reasonable efforts are made to support the personal, academic and social development of those students who are held accountable for violations of University regulations.

The purpose of the Standards of Conduct is to set forth:

1. The rights and responsibilities of students;

Section #4: Policies and Documents

2. The authority and responsibility of the University in maintaining discipline and in pursuing the central purpose of the University;

3. The general principles and policies upon which Willamette University operates;

4. The process for determining student accountability for violating these University regulations and standards;

5. The guidelines for ensuring that this process is fair and based on tolerance, mutual respect and compassion.

Jurisdiction

The Willamette University Standards of Conduct apply to all University undergraduate and graduate students and student organizations.** "Students" includes persons enrolled in credit or non-credit courses or educational programs offered through Willamette University; "student organization" includes any group of students that is officially recognized as an organization by the University. However, the implementation of these Standards, insofar as they are governed by the College of Law Student Grievance Procedure or Graduate School of Management Grievance and Complaint Procedures, shall be accomplished through those procedures.*

Application of Law

The University does not seek to create an academic community detached from the reach of civil authorities, social customs, or the important responsibilities of citizenship. The University's judicial system is not a substitute for any civil or criminal court proceedings. Students on and off campus are subject to Federal, State, and local laws, as well as University rules and disciplinary action when their conduct violates institutional

standards. Students do not surrender their constitutional rights as citizens by becoming members of the Willamette community.

Willamette University is required by the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, as a condition of receiving funds or any other form of financial assistance under any federal program, to certify that it has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. At a minimum, the University must annually distribute the following to each student and employee.

1. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of drugs and alcohol by students and employees on University property or as any part of University Activities;

3. A description of the health risks associated with the use of illicit drugs and the abuse of alcohol;

4. A description of any drug and alcohol counseling, treatment, or rehabilitation programs that are available to students and employees; and

5. A clear statement that the University will impose sanctions on students and employees (consistent with local, State, and Federal law) and a description of these sanctions, up to and including expulsion or termination of employment and referral for prosecution for violations of the standards of conduct.

Enforcement Procedures

Informal Resolution:

Willamette community members are encouraged to resolve differences, conflicts and misunderstandings directly and informally. In most instances conflicts can be resolved by directly approaching the individual(s) involved. This includes any community member, such as students, residence staff, University employees, faculty members and administrators. If the discussion results in a resolution, this resolution shall be put in writing at the request of either party.

Formal Resolution:

When it is alleged that a student has violated the General Student Regulations, and the violation is one which cannot be resolved informally, the formal resolution process begins.

Academic Violations

Alleged academic violations will be governed by the Dean of the appropriate college for formal resolution.

Non-Academic Violations

All alleged non-academic violations will be governed by the following process:

Students who have questions about the Formal Resolution Process may have them answered by the Assistant Director of Student Activities, any Resident Director, or the Office of Residence Life. Each of these persons is knowledgeable about the process, and will act as an advisor for students who request information.

Administrative Hearing

An Administrative Hearing is conducted by

the Director of Residence Life, or his/her designee*. The student who is alleged to have violated a University policy or regulation will be notified in writing of the alleged violation with an Appointment Letter. The Appointment Letter shall require the student to schedule an appointment within two working days. The appointment must be made with the administrator designated on the Appointment Letter. The scheduled appointment must be held within five working days from the date of the Appointment Letter. Should a student or representative fail to schedule an appointment, or fail to appear at the scheduled appointment, the hearing will be held in his/her absence.

The hearing will be conducted by the administrator. During this hearing the following will occur:

1. The administrator will explain the process, and ask the accused student(s) if s/he has any questions about the process.

2. The administrator will review the information received about the incident.

3. The student(s) will then have an opportunity to present information in defense.

4. When all of the information has been presented, the administrator will render a decision.

5. If a violation of University policy or regulations is found, the administrator will make a decision about the appropriate sanction.

6. The sanction(s) will be discussed with the student(s), and a follow-up letter will be sent to confirm the decision.

7. The process for appeal will be explained and the student(s) will be asked if there are any questions about the process.

Appeal Procedure

Students have the right to appeal an Administrative Hearing decision to the Standards of Conduct Committee (Standards Committee). Appeals must be filed with the Vice President for Student Affairs within three working days from the date of the follow-up letter.

The Standards Committee will determine the appropriateness of the administrative decision based on a preponderance** of the evidence available through testimony and exhibits.

**The Greek Ethics Board may hear cases involving Greek-related issues when deemed appropriate by the Director of Residence Life.*

Section #4: Policies and Documents

***Preponderance of Evidence - Evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which as a whole shows that the fact sought to be proved is more probable than not. Black's Law Dictionary, 1983.*

Standards Committee:

The Standards Committee shall be governed by a commitment to fair process, education and prevention.

The Standards Committee shall meet at a regular time designated prior to committee appointments. People unable to meet at this time should not be nominated to the Committee.

Membership

The Standards Committee shall be comprised of three faculty, two staff/administrators, and five students. Student members shall be nominated by their respective student governing associations: three students nominated by A.S.W.U.; one student nominated by the Student Bar Association; and one student nominated by the Associated Students of the Graduate School of Management. Staff and administrators shall be nominated by the Vice President for Student Affairs. Faculty will be nominated by the Academic Council. Committee members will then be appointed annually by the President of the University.

Standards Committee members may serve for a maximum of three consecutive years. A faculty or staff/administrator member shall be selected by the Committee to serve as chairperson and conduct the hearings according to Standards Committee procedures.

Alternate membership

When the student government, Academic Council, and the Vice President for Student Affairs nominate persons to serve on the Committee, alternate members will also be nominated. One alternate from each category will be nominated and appointed. In the event of absence, unavailability, or disqualification of any member, alternate members will serve to assure full Committee membership. Alternate members will be selected from the same group, i.e., students replace students, staff replace staff, etc. Alternate members may participate in Committee meetings, but will not be present at actual hearings, unless they are serving as alternates.

Temporary Disqualification

The Committee shall consider, upon request of the accused student or any Committee member, the temporary disqualification of a Committee member. Disqualification will be on any grounds that will serve the interest of fairness.

Quorum

A quorum shall consist of the Chairperson and six members. The six members shall consist of a minimum of three students and three faculty/staff. A quorum is required for any official business of the Standards Committee.

Standards Committee Procedures

1. At least three days prior to a hearing, the student(s) will receive a written notice of the alleged violation. The notice will also contain the time, date and place of the hearing. Requests for postponement will be considered, if extraordinary circumstances exist.

2. Either party may review all information to be submitted at the hearing, including a list of witnesses. Parties shall not discuss the substance of the case with Committee members prior to the hearing.

3. The student may elect not to appear at the hearing; however, the hearing will then be conducted in the student's absence.

4. During the hearing, either party may be assisted by an advisor of his or her choice. The parties, and/or their advisors, may appear in person, hear all testimony, present any relevant information, call witnesses, and ask questions of any person present at the hearing. A decision to appear does not obligate either party to testify. Failure to testify will not be held against either party.

5. Hearings will be conducted in an informal manner with appropriate regard for the conduct of a fair, sensitive, and respectful process.

6. The Chair of the Committee is responsible for scheduling the hearing and notifying the participants. The secretary to the Vice President for Student Affairs will be available to assist the Chair with these responsibilities.

7. The Chair of the Committee shall make a tape recording of the hearing. The student may listen to the tape recording in the presence of the Chair.

8. The Chair may only vote either to create or break a tie.

9. After all information has been presented, the Committee will meet in private to discuss the

case and reach a decision. Finding of violation of a University policy or regulation shall be based upon a preponderance of evidence.

10. The Committee will first determine the guilt or innocence of the accused party(s). If the accused party is found guilty, the Committee may affirm the Administrative sanction or substitute the appropriate sanction.

11. All statements, information, or comments given during the hearing will be held in strictest confidence by Standards Committee members.

12. After the hearing, the Chair of the Committee shall notify both parties in writing of the Committee's findings.

13. If immediate removal from campus is warranted, such removal will take effect immediately upon actual notice to the student. This notice shall be accompanied by notice of a hearing before the Standards Committee as provided for in paragraph #1 above.

Appeals to the Vice President for Student Affairs

Students may appeal the decision of the Standards Committee to the Vice President for Students Affairs based on one of the following criteria:

1. Procedural error which was significant and prejudicial;
2. Significant new evidence which was not part of the Administrative Hearing;
3. The penalty imposed is clearly excessive.

The Vice President will review the information from the Standards Committee hearing and determine if one of the criteria for appeal exists. If so, the Vice President will then either affirm, or alter the decision of the Committee.

Immediate Removal From Campus

If the presence of a student poses a potential threat to the physical safety or emotional well-being of a member or members of the Willamette community, the Vice President for Student Affairs may remove the student from campus pending decision by the Standards Committee. The procedure for such removal is specified in Standards Committee Procedure #13.

Sanctions

1. **Warning:** The student is given written notice, which becomes part of the University record, that future violations of the Standards of Conduct may result in the imposition of more serious sanctions.

2. **Community Service:** The student is required to render a designated number of hours of labor in the service of the academic or off-campus community.

3. **Restitution:** The student is required to reimburse for personal injury costs or replace or restore damaged, stolen, or misappropriated property.

4. **Fine:** The student is required to pay a designated amount of money to the University as penalty for a violation.

5. **Disciplinary Probation:** The student's participation in University life is placed on provisional status, with or without loss of designated privileges.

6. **Suspension:** The student's participation in University life is severed including denial of enrollment, attendance and other University privileges, loss of all fees and academic credit for the semester in which the suspension takes place. As applied to student organizations, this sanction is equivalent to loss of University recognition and all privileges associated with such recognition.

7. **Expulsion:** The student's participation in University life is severed indefinitely, including denial of enrollment, attendance and other University privileges, loss of all fees and academic credit for the semester in which the expulsion takes place.

8. **Other:** In consultation with the student involved, the Standards Committee may impose other sanctions as deemed appropriate and reasonable.

Publication and Revision of the Standards of Conduct

The Standards of Conduct will be published in the annual *Student Handbook*. Additional copies will be available in the Office of Student Activities.

Proposed revisions to the Standards of Conduct may be submitted by any member of the University community to the Vice President for

Section #4: Policies and Documents

Student Affairs who will refer the proposed revision to the University Student Affairs Committee for action.

Recommended revisions of the Standards of Conduct by the University Student Affairs Committee will be forwarded to the Vice President for Student Affairs for approval, publication and implementation.

Student Grievance Procedures 2

1. Students who believe that a faculty or staff member has violated their rights have the responsibility to discuss thoroughly their complaint with that faculty or staff member. Students in the College of Law shall be governed by the College of Law Student Complaint Procedure.

2. In the case that students and the faculty or staff member involved are unable to resolve their differences, students should then discuss the complaint with the immediate supervisor of the faculty or staff member. After the initial meeting, the faculty or staff member, the superior and the student may meet if all parties agree.

3. If students are not satisfied by steps 1 and 2, they should submit a written complaint to the Director of Residence Life, if the matter is non-academic, or the Dean of the College if the matter is academic. In cases involving rights or a matter which is not readily categorized as either academic or nonacademic, the Director of Residence Life and the Dean of the College will review the situation together and decide which classification is most appropriate. The Director of Residence Life will appoint someone other than a member of the teaching faculty upon request of the student to assist in drafting the complaint. Upon receipt of the written complaint, the Grievance Board will be composed of five members—one student and one faculty member from the Student Affairs Committee, one student from the Student Senate, one faculty member from the Faculty Council, and the appropriate Dean who serves as Chairperson. The student and faculty or staff member are each entitled to four preemptory challenges. Copies of the complaint will be sent by the appropriate Dean, to the faculty or staff member involved, the superior, the student, and the members of the

Grievance Board.

4. Within ten class days of receiving a copy of the student's complaint, the faculty or staff member involved shall submit a written response to the Grievance Board Chairperson. Copies of the response shall be given to all persons who received copies of the student's complaint.

5. The Grievance Board will convene within 15 class days of receiving the response. After reading and discussing the complaint and the response, the Grievance Board may request personal interviews with the faculty or staff member and student involved and third parties who are knowledgeable about the matter. Request for a personal interview with the committee may also be made by the faculty or staff member, or the student, or by the above-mentioned third parties. In the event that these interviews are conducted so that the parties appear separately before the committee, taped transcripts of such interviews will be available to the faculty or staff member and student involved. If such interviews are not deemed necessary, the Grievance Board shall write a recommendation and rationale upon reading and discussing the initial written complaint and response. Copies will be sent to the student, the faculty or staff member, and the superior.

6. If after ten days, the Grievance Board is aware that no action has been taken on its recommendation, it may forward its recommendation to other levels for further action (e.g., President, appropriate Vice President).

7. A written appeal to the Chairperson of the Grievance Board may be filed within five class days after the receipt of the recommendation. Upon receipt of the written appeal, the Chairperson of the Grievance Board shall submit a copy of the original complaint, response, all testimony, Grievance Board recommendations and rationale, and the appeal to the President of the University.

8. All proceedings of a Grievance Board shall be kept confidential and not noted in the student's permanent record.

9. The student who desires to use the procedures must file a written complaint by the end of the next semester after the time s/he believes his/her rights were violated.
