## GREETINGS.

The Christian Associations extend a warm and cordial greeting to all students of the University, to those who are returning to complete work formerly begun, and to those who for the first time enter Willamette's walls. We are delighted by your presence here, and hope that it may bring to you the largest measure of real enjoyment and success.

We heartily admit you to our University life and associations, and trust that the year opening, and laden as it is with great opportunities for noble accomplishments, will favor you with the strength to persistently follow out the highest ideals of college usefulness.

The Young Men's and Young Women's Christian Associations stand ready to help you at any time in forming helpful associates, in arranging your work, or in any perplexing details which may arise in your way. Be true and loyal to the old school and its student enterprises, join in them; desire not always to lead, but to assist, and you will not lack friends.

The Christian Associations again welcome you, and sincerely wish for you a most profitable year at old Willamette.

## To New Students.

One of the most significant periods of life is that spent at college. It is a time of unusual privileges and large opportunities. By the thoughtful these will be gratefully accepted and wisely used, to prepare for a more effective service.

We rejoice that you are here, and from the fullness of our hearts we extend to you sincere greetings. With a feeling of pride and of pleasure we welcome you to the historic Willamette University. It has meant much to former students, and we believe that it will mean much to you. If so, it will be largely because you give strict attention to your studies, and play your part well in the enterprises and activities of the University.

The Young Men's and Young Women's Christian Associations exist chiefly for social and spiritual purposes. Their members desire to be a help to you, especially in these opening days of your new career. Feel free to seek their assistance, get acquainted with them and ally yourselves with the noble cause which they represent.

May you become familiar with Willamette's traditions and history. Learn her "yells" and songs, and love her for what she has been, what she is, and, above all, for what she will be to you in the days and months to follow.

The object of the Young Womens' Christian Association, in its broadest sense, is: To help girls develop intellectually, physically, and spiritually. Some of the aims of the work are: To promote Bible study. The policy of that Committee is—Every Willamette girl a Bible student.

To promote Mission Study—The Missions is more broadening and enlightening and more practical and up-to-date than any one study on the College curriculum.

The Membership Committee's policy is: Every Willamette girl an Association girl and every Association girl a Christian. Every girl in sympathy with Christian work is especially invited to become a member. Fees are \$1 per year.

The Social Committee gives the afternoon receptions at the beginning of the year, where all the girls form new acquaintances and renew old ones. Many other social events are given by this Department during the year.

Please attend the Northwest Conference, which is held for ten days, the last of June, on the seacoast. Splendid accommodations, low rates, fine speakers, and an inspiration for you.

Meetings of the Y. W. C. A. are held Sunday afternoon at 3 o'clock. Watch the bulletin board for poster announcing these meetings.

### **The Ladies' Glee Club.**

Although this organization was formed only the first of December, 1908, it has made wonderful progress. It is composed of twenty four young ladies, from all departments of the University. The Club is under the instruction of Dean Mendenhall, of the Conservatory of Music, and meets once a week for practice under his supervision. Last year it appeared before the public several times with marked success, and this year, with more training and experience, it will be more popular than ever. We expect to make this the most successful Ladies' Glee Club of the State this year, so let every girl in the University who sings be on hand to try out for membership to this organization.

## **The Philodosian Society.**

The Philodosian Society is the oldest literary organization in the University for young women. Its aim is high, having to do, primarily, with intellectual growth and fluency and accuracy of speech. It has a literary program at each weekly meeting, and these are interesting and entertaining. Social culture is sought by instruction from competent leaders, and in the social events which are given by the Society during the year. This Society has elegantly furnished halls on the third floor of the old college building, which are open unto those of its brother society, the Philodorian.

## **Adelante Society for College Girls**

is the youngest and one of the most progressive of the Societies. Its differential feature is that its members are required to be college students. It has also a junior membership, made up of academy students, who become eligible to senior membership on entering college. The work done in the past year was of high order and great value, in both, literary lines and debate. Last June the Adelante representative won the trophy given at the Annual Inter-Society Oratorical Contest.

[Extract from the Constitution.]

### Article II—Object.

The object of this Association shall be to promote growth in Grace and Christian fellowship among its members, and aggressive Christian work, especially by and for students, to train them to devote their lives to Jesus Christ, not only in distinctively religious callings, but also in secular pursuits.

### Article III—Membership.

Sec. 1. The active membership of the Association shall consist of men, either students or members of the faculty, of this institution, who are members in good standing of some evangelical church, and have been elected by a two-thirds vote of the members present at any meeting. Only active members shall vote and hold office.

Sec. 2. Any man of good moral character, either student or member of the faculty of this institution, may become an associate member by a two-thirds vote of the members present at any meeting.

The membership fee shall be \$1 per year, payable at the opening of the college year.

Sec. 4. It shall be the duty of each member to co-operate heartily in carrying out the objects of the Association in Article II, according to the policy determined by the Association or Executive Committee.

### **Statement.**

The Young Men's Christian Association of Willamette University stands for the best there is in college life. It is the strongest organization in college, including among its members the strongest men, both in athletics and scholarship. A cordial invitation is extended to every man in the University to ally himself with the Association, either as an active or associate member.

### **Bible Study.**

Recognizing the fact that no man is truly educated without a thorough knowledge of the Bible; that its systematic study is almost indispensable to a powerful Christian life; and that few men will keep up this study alone, we have organized Bible study classes. During the past year three courses have been

offered. Each one is arranged for about twenty minutes daily study, and meets once a week for fellowship helps and for consideration of the past week's study.

### **Missions.**

This Association endeavors to stimulate an intelligent interest in the Missionary movement, by means of its Mission Study Classes. One or more courses will be offered this year.

Missionary meetings are held each month on live and practical phases of the work, often in conjunction with the Y. W. C. A.

### **The Student Volunteer Band.**

This organization is closely allied to the Missionary department, and is composed of students who have definitely signified their intentions to become foreign missionaries, if the Lord permits. Last year we had ten members in our Volunteer Band.

### **The Student Body**

is the organization of the students of all departments of the University, and controls all student enterprises. Every student who desires to participate in athletics, debate or oratory, MUST join this organization. The success of all student enterprises depends upon the interest which each individual student manifests in college affairs. A fee of \$3 is charged to defray the expenses of the student body.

## **Conventions and Conferences.**

State Y. M. C. A. Convention—The Oregon-Idaho State Convention is held every year at one of the City Association or college towns, and is a source of inspiration and help to all who attend.

## **Pacific Northwest Conference.**

The greatest event in a Y. M. C. A. man's life is the Summer Conference, held in June, at Columbia Beach, Wash. To go apart, for a period of ten days, in the company of the best and strongest men of the colleges of the Northwest is a privilege which no college man can afford to miss. We want you to go this Spring.

## **Student's Handbook.**

The Handbook is issued every year by the Christian Associations, and distributed free of charge to all students. The purpose of this little publication is to give general information concerning school life, which we hope will help you over some of the rough places.

## **Publications.**

### **WILLAMETTE COLLEGIAN.**

The Willamette Collegian, the college paper, is published weekly, by a staff elected by the Student Body. This is a newsy and interesting paper. Every student should subscribe.

### Remember.

It is easier to keep up than to catch up. Character, not reputation, is what counts at college.

Constant methodical effort will make University life pleasant and successful.

Remember that it is system that counts.

It is faithful work and not genius that makes a good student.

## **Social Y. M. C. A.**

The first and perhaps the greatest social event of the year for men will be the "Stag Social," held in the gymnasium at the beginning of the school year. The joint reception, the second week, given by the two Associations, is the big event of the opening week. Do not miss it.

## **Room.**

Room 11, at the head of the stairs, on the second floor, is known as the office of the Y. M. C. A. Here you will find the University mail box, also the Employment and Information Bureau, with lists of rooms, boarding places and places to work. Don't hesitate to come and ask questions. We are here for no other purpose than to help you.

## **Meetings.**

On Sunday afternoon, at 3 o'clock, the regular Association meeting is held. This meeting is given up chiefly to talks and addresses on topics of concern to thoughtful college men. Every noon the men gather for a few minutes in the noonday prayer circle. You are cordially invited to each of these meetings.

---

### Prohibition Association

is an active body of students who meet twice each month, for the study of various phases of the liquor problem. The annual inter-collegiate contest gives an ideal opportunity for any one interested in oratorical work to obtain the best training, as well as a twenty or forty dollar cash prize.

### 'Varsity Glee Club.

For the first time in five or six years, Willamette has a Glee Club. The Club was formed in the early part of the year by Dean Frederick S. Mendenhall, of the College of Music. Hard work and drill, with the Dean's efficient direction, brought the organization up to a high state of perfection for the first season's work. Several trips were made during the Spring months, which were successful and gave every encouragement to the members. The climax was reached on the night of June 4, when a concert with the Ladies' Club and Choral Society was given in the Grand Opera House. From start to finish, the first year's efforts have been an unqualified success. The coming year better work will be done, and Willamette will have a Glee Club the equal of any like organization in the State. Be loyal, and boost for the 'Varsity Glee.

## Oratorical Association.

The State Oratorical Association is composed of local associations from the following Colleges and Universities: O. A. C., at Corvallis; Pacific College, at Newberg; McMinnville College, at McMinnville; Albany College, at Albany; O. S. N. S., at Monmouth; University of Oregon, at Eugene; Pacific University, at Forest Grove; and Willamette University, at Salem. The State contest is held the second Friday of March of each year, the place alternating among the different schools represented. Willamette is to have the important event next year. Of late honors have fallen to no school twice in succession. Mr. Jones, of the Albany College, was the successful contestant in 1906; Miss — of Pacific College, in 1907; Mr. Prescott, of U. of O., 1908; and last Spring the trophy was rescued by Clark Russel Belknap for Old Willamette. The successful contestant receives a beautiful gold medal, as a partial reward for his labors. This is the first time for several years that these signal honors have graced our Institution. But "Having once attained these utmost heights," and gratified with the enviable record achieved—for we have secured a good rank—in every contest in which we have been represented for several years back, "we press forward unto the things that

are before'' with pride in the past, and with most sanguine promises for the future.

### **Debates.**

Considering the difficulties under which they labored, the Willamette Debating Teams of the past year did remarkably well. Willamette has good, workable talent in the debating line, and is particularly fortunate in having a place in the Triangular League, together with Whitman College and Pacific University. It is to be hoped that the new school year will find Willamette with a recognized Department of Debate, with a recognized head of such a department, as well as a competent coach.

### **Websterian Society.**

About thirty young men of the school have membership in the Websterian Literary Society. Although a Society of recent organization, the work done is of great merit. Debate is made the principal feature of the work, and many of the names of those who have so creditably represented Willamette in debate will be found on the enrollment of this Society. We invite you to scrutinize our past work and become acquainted with our members before affiliating with any Society.

## **Choral Society.**

The Choral Society, one of the newest musical organizations in the University, should claim the attention and support of all music lovers. Besides an acquaintance of the best compositions for choral society work, the instruction derived as a member of such an organization, directed by Dean Mendenhall, is a valuable acquisition to any live college student. During the June Commencement '09, with a chorus of seventy voices, this Society assisted the College Glee Club in a most successful program at grand opera.

## **The Philodorian Society,**

the oldest literary society in the University, has been beautifully sheltered in its newly improved halls, and is better equipped than ever to offer the best of literary advantages to old and new students. The high standard of oratory, debate and general literary work which has for years been maintained, is still ascending, and you can well afford to visit us before affiliating with any other Society.

## Hail Willamette, My Willamette.

Tune "TRAMP, TRAMP."

Hail Willamette, first and best,  
Day spring of the golden West!  
Sound her praises, youths and maidens, in her  
song;

Tell her glorious works afar,  
Tell how great her triumphs are,  
Tell the world that all our hearts to her belong.

### CHORUS.

Hail Willamette, my Willamette;  
Alma Mater, audi me.

Oh, I sing thy praise today  
With true heart, and true for aye,  
Ever singing, dear Willamette, hail to thee.

Happy students are we here,  
Bound in ties of friendship dear,  
And we owe our hopes of high attainment all  
To the blessings we enjoy.  
Sheltered from the world away  
In the pleasant shades of old Willamette halls.

Hail Willamette, hail to thee!  
Sing we still thy jubilee;  
And when other fifty years away have rolled,  
Would we might again unite  
In a chorus of delight,  
Singing with our children then thine age of gold.

In the good old football time,  
In the good old football time,  
Rolling down the five-yard line,  
Scoring all the time.  
Around the end and thro' the line,  
That's a very good sign  
That Willamette beats ——  
In the good old football time.
