The program will consist of five courses from one to six lectures each on psychology, law, and public relations of police officers and their work. The faculty will be made up of prominent law enforcement officers, attorneys, and professors from Oregon universities.

SPEAKING CONTEST TO BE AT LINFIELD

State Orators Will Meet in February; Local Debaters Judge at High School.

The State Extemporaneous Speaking Contest will be held on February 14 at Linfield College, McMinnville. In the tryouts on Thursday, Dec. 12, at four, the contestants will be allowed to draw three subjects on each of which they will give a three-minute speech.

In the forensic meeting last Thursday, it was stated that the colleges who are members of the Pacific Forensic League will vote on the three following questions, one of which will be used officially in the inter-class debate:

1. Resolved: that foreign incitement of American culture is justified.

2. Resolved: that the law enforcement agencies are chiefly responsible for our present crime situation.

3. Resolved: that world peace demands the demobilization of all armed forces except those needed for police protection.

Professor Rahe states that the program for inter-class debate so far is rather vague and indefinite. At the present time, the debate squad is at work judging the various debates at the Senior high school.

Professor Rahe announces also that all persons working on oratory should, before the Christmas vacation, submit to him the topics which they have chosen and their bibliographies.

Wanted: Vases, Plants, Scarfs, Pictures, Cushions! Anything at All to Brighten Up That Room

Wanted, two hundred thirty nick-nacks, useful and otherwise, to make the "Y" room more livable! Starting with a house-cleaning last Monday noon at which time the big clock on the south wall was set going for the first time in the memory of the oldest generation of students on the campus, the women of the university (at least those who make a daily habit of the Y. W. C. A. room on the second floor of Eaton hall) dedicated themselves to the task of keeping these quarters more clean and attractive than they have been kept in the past.

To this end, a committee was appointed to have charge of a shower of Christmas gifts for that hitherto much neglected room, and the date for the shower was set for Monday, December 16th. The committee is asking that the women of the university bring

TRIO PLAY AVE MARIA

Miss Adeline Stopp Harpist from Paris Conservatory Will be Soloist.

Willamette students have a real treat in store in the chorus concert soon to be presented by the Salem McDowell club. The chorus is directed by Professor Forrest W. Gaw, and will give its concert in the Willamette chapel at 8:30 Monday evening. Soloist for this concert will be Miss Adeline Stopp, harpist.

Miss Stopp is holder of a five-year scholarship in the Paris Conservatory, and is the first American woman to receive the title of Laureate at this distinguished school. She has completed three years of her study abroad, and this year she is in America on leave of absence. Miss Frances Melton, who is personally acquainted with Miss Stopp, says that she is a young woman of charming personality and that much may be expected from her.

The chorus will sing a group of Christmas songs and will also sing Nevin's cantata, "The Land of Hearts' Desire." Baritone solos will be sung by Professor Gaw; choruses in which these solos appear will be directed by Professor William Wallace Graham. Of particular interest will be a trio presentation of Bach's "Ave Maria." This will be played by Miss Adeline Stopp, harpist; Iva Claire Love, violinist; and Alicia McElroy, pianist.

The complete program may be found on page three.

Student tickets at special reduced price may be obtained from Miss Frances Virginia Melton or from any member of the Beethoven society.

FROSH NUMERAL IS PURPLE ON WHITE

Glee Manager Asks for Action, Debate Reminder Given at Class Meeting.

At class meeting yesterday, Fred Paul, glee manager, explained the duties of glee committees. He urged the chairman to have their committees functioning before the holidays.

A white shield, with points aslant, purple edging, and purple "33" numeral in the middle was selected as the official class award insignia.

Ronald Hewitt reminded the class that interclass debate would demand their attention soon. Marjory O'Dell, who presided at the meeting in the absence of the president, asked that the all-campus party be well supported by the class.

DR. DONEY WRITES FOR TEACHERS' PUBLICATION

Dr. Carl Gregg Doney will have an article entitled "The Small College," in the January issue of the "Oregon State Teacher's Monthly."

Wanted: Vases, Plants, Scarfs, Pictures, Cushions! Anything at All to Brighten Up That Room

"Anything, just anything that will brighten up that room," and the following suggestions are listed: vases, pictures, table and piano scarfs, cushions, plants for the fernery, candle-sticks, book-ends, and a bright colored waste-basket or two would not be at all out of place. The committee has announced that it is not asking for expensive or even new gifts.

The room was redecorated two or three years ago, and although the curtains, table runners, etc., are becoming rather faded, they are not at all past use, and the davenport which was last year donated from the society rooms in Waller forms a nucleus for an attractively furnished room.

MONTHLY LUNCHEON IS HELD TUESDAY NOON

Members of the Kimball faculty and student body and their families enjoyed a pot-luck luncheon in the Kimball Hall Tuesday noon. The program during the lunch hour was arranged by Rev. Henry C. Warber and consisted of musical numbers. This luncheon is a monthly affair sponsored by the student body association.

The women of the group met in the afternoon at the home of Mrs. J. M. Canse for a business session of the Luella Kimball club. The program for the rest of the afternoon was in charge of the club president, Mrs. M. A. Graves, and consisted of games and exchange of Christmas gifts.

TWENTY-THREE ARE ASKED FOR MONEY

Seniors and Freshmen do Not Favor Payment of Deficit From Class Funds.

WARNING WAS GIVEN ALL

Three Dollars Each is Asked of Top and Bottom Class Excursionists.

Sixty-nine dollars and fifteen cents must be paid by seniors and freshmen who went on the Walla Walla excursion Thanksgiving day to do away with the deficit created when that amount was taken out of the A. S. W. U. General Fund, according to Leslie J. Sparks, graduate manager. It was originally hoped that the two classes would offer to take care of this out of class funds, but at meetings during the past two weeks both unanimously defeated the measure.

According to Mr. Sparks, freshmen and seniors were warned when they purchased excursion tickets that the funds provided might not be large enough to pay five dollars toward each student's fare, in which case they would probably have to pay the difference.

Divided among these 23 students, the deficit will be paid off in allotments of three dollars each.

The total cost of the excursion was \$1148. Receipts from students, class treasuries, athletic fund, etc., equalled \$1075. Upon recommendation of the graduate manager, the junior class in regular meeting voted to pay more than was originally allotted for the excursion, having arranged it so that each junior had five of the ten dollar fare paid by the class.

SOCIETY OF CHEMISTS HAS SECOND MEETING

Oregon Section of Large Science Organization Expects to Hear Noted Chemist.

The Oregon Section of the American Chemical Society held its second meeting of the year in Salem Saturday evening. This organization has over 15,000 members. The Oregon section has 48 members most of whom are university or college professors with the exception of about one-fifth, who are commercial chemists in and near Portland.

Professor Stanford, head of the department of chemistry at U. of O., gave a report on the annual spring meeting which was held at Minneapolis. The rest of the time was given over to a business meeting and election of officers.

There were 24 members present, 15 from Corvallis, and the rest about evenly divided between Portland and Eugene.

The next meeting will be held in Portland in connection with the State High School Teachers' association which meets December 27.

In March the local society is bringing to Oregon one of the foremost chemists, Charles Kraus of Brown University. Definite plans for this meeting have not been arranged.

DR. McCORMICK SHOWS SLIDES OF PALESTINE

Dr. J. D. McCormick has been showing his sets of slides "The Land and the Book" and lecturing on Palestine in nearby churches. December 1st he presented these pictures in the church at Turner. December 8th he gave his lecture in the Jason Lee church, Salem, and on December 15th he will be at the West Salem Methodist church. Dr. McCormick's lectures are very interesting and are responded to by large crowds.

Thursday the pictures were presented to the Freshman Bible class.

Professor Roberts Believes Waller Organ is Repairable

Trustees Recommend Repair or Replacement of Faculty Instrument.

A recommendation that the organ in the chapel be repaired or replaced was made in a regular meeting of the trustees held Monday in Dr. Doney's office. Further action than this has not been taken.

The organ which has been used only once or twice during the present school year is said by those who know organs, to be in very poor condition. Keys are broken and many of the controls are erratic in their performance. However, investigation brings

out the fact that many parts of the organ which were very expensive when new are still very good. One stop alone cost about three hundred fifty dollars. Then, too, the tone is far above that of the average organ.

It is the opinion of Professor T. S. Roberts, well-known Salem organist, that while the organ in its present condition is practically useless, it might be put in perfect condition with the expenditure of much less money than the cost of a new organ of the same value.

UNIVERSITY ORCHESTRA TAKES PART IN CAROLS

Shakespeare Club, Music Groups, and Dramatic Department Combine Forces.

During the first half hour of the Shakespeare club's Christmas carol program next Thursday evening, the university orchestra will give a concert. A vester choir made up of the men's and women's glee clubs will then sing. Miss Helen Cochran and Miss Josephine Albert will give vocal solos and Miss Iva Claire Love will play a violin number.

This program which the club is sponsoring, with the assistance of the dramatic and music departments, will be given in the chapel auditorium.

STUDENTS MAY ATTEND MOOT CASES

Attachment Proceedings Said to Give Information of Future Value.

A moot court involving proceedings of attachment and garnishment will be held in the moot court rooms Thursday evening, December 19, at 7:30.

William Linfoot, Bruce Spaulding and Harold Tomlinson, attorneys for the plaintiff, are bringing action against the defendant to secure the payment of whatever judgment they might secure. They have attached certain property or money due the defendant from a third person. (This third person is known in law as the garnishee.) In this case he is represented by J. O. Turner, John Ebinger and Ralph Campbell. The attorneys for the garnishee deny that they have any money or property in their possession due the defendant. In order to ascertain the truth of this assertion in a court hearing it is necessary for the attorneys for the plaintiff to serve upon the garnishee a complaint known as allegations and interrogatories. To protect the interests of the garnishee his attorneys intend to make an attack upon the writ of attachment, the writ of execution, the affidavit for the writ of attachment, and the allegations.

The liberal-arts students are invited to attend the moot courts. The law students explain that such proceedings as these are common in real life and that, although these cases are comparatively elementary, a little technical knowledge on such subjects might save one a great deal of trouble.

The entire meeting was reported as being very interesting and inspirational to poetry lovers.

O. S. C. EXTEMP DEBATE DECIDED BY AUDIENCE

Before a very small audience in Waller hall auditorium last night, Charles Campbell and Ray Lafky upheld Willamette university in an extemporaneous debate with two orators from Oregon State college.

NORTHWEST POETS MEET IN PORTLAND

Mrs. F. G. Franklin Writes History of Writings and Prizes.

The Northwest Poetry Society held its regular meeting in Portland on Saturday evening, December 7, at the chamber of commerce. Mrs. F. G. Franklin, historian of the association, was among those who attended.

During the business meeting, Mrs. Franklin read the history of the organization for the past year, in which it was recorded that the greatest honor had been won by Mary Woodward, who tied for the prize offered by the London Poetry Magazine, an international publication, for the best poem of the year. Mrs. Franklin keeps a record of all the publications and prizes of Oregon poets.

The address of the evening was given by Dr. C. H. S. King, of Reed college, in which he showed the influence of Hafiz, a Persian poet of the 8th century. Hafiz was likened to Omar Kuyam. Dr. King compared and analyzed his poems, speaking especially of his influence on Goethe. He sang Hafiz's poems as they had been translated by Goethe and set to music by Schubert and Brahms.

The entire meeting was reported as being very interesting and inspirational to poetry lovers.

PIONEERING AND POETRY

By CHARLES CAMPBELL

The spirit of the Italian Renaissance expressed itself not only in the enrichment of its contemporary culture but also in that tremendous searching movement toward the unknown geographical world that we know in history as the westward movement of civilization.

From 1620, when this great deluge first encroached upon our shores, up to 1929, when civilization is penetrating the small isolated sections yet remaining untouched, a space of 309 years, the energies of our people have been directed to the attack upon the wilderness.

I need scarcely remind you of the fury of this attack and of its success. To all Americans the mention of this struggle brings instant personal memories. The white haired patriarchy who once were the soldiers of that battle will limp along our paved streets.

The Renaissance spirit in America first showed itself in exploration and colonization; not it shows itself in scientific analysis, personified again by national heroes in this instance by Thomas E. Edison, Charles A. Lindbergh, and Herbert Hoover. Our pioneering spirit, geographical elements being conquered, has found an outlet in the exploration of scientific and commercial fields.

So far we have had only other limitations of foreign spirit of puristic forebodings in a child's scrawl of that which shall yet appear among us.

All the abnormal, all the superfluous, all the exaggerated tendencies of this country are due to the excessive exuberance of the pioneer spirit, which, having grown strong on its material conquest, now struggles within the country and bursts out in all sorts of spasmodic popular phantasies.

Other new books include "Cease Firing," by Juhert, which is a story of the World War; "Christ in the Ancient World," by Glover; "O Pioneers," a best-seller by Willa Cather; "The Effective Christian College," by Hites; and an art quarterly entitled "Art and Understanding."

Both show barbaric revolt against form. The work of these men, although I recently heard a college professor describe as "the per cent hokum," is nevertheless an indication of the inquiry or exploring spirit. If this spirit is tempered by form, inferring from the history of culture in this world, we may reasonably assure ourselves that our people will have the same success as our bankers have had.

As astronomy had its crude beginnings in astrology which was "98 per cent hokum," as philosophy had its beginnings in early Greece theologues, so a new poetry, breathing the spirit of the Renaissance in America, with a greatly widened field of form, may combine American exuberance with poetic form in such a way as to become a finer poetry, based on the classics, but vitalized with American force.

Campus Flirting is Declared Innocent

We of the so-called weaker sex love to flirt; it is our heritage and our pride—it is not our ambition. Women have been coquettes for centuries and the twentieth is no exception—nay, far from it.

The campus of a college is a good setting for flirtations acting and there is no need of prompting. Every woman is a flirt in her own way. There are those who flirt outwardly and openly, with glances, actions, and an artillery of sharp, well-oiled words.

The scientific value of Arctic and Antarctic explorations was the topic discussed at the last meeting of the Willamette Institute of Scientific Research.

There are those who do their flirting in private; those who flirt, but would not, for the world and all its speed, admit it.

Life is serious at its best, so why not play if our inner currents run deep and our flirtations are merely the safety valves of a society complex? It has been stated that coquetry was savagery—if that is true, and take it from me, woman will be the last thing civilized by man.

Ring in Health With Christmas Seals

In the olden days anyone could be a bell ringer. Sometimes a citizen had to pay for the privilege; if he abused the honor he had to pay a fine. In All Saints' Church, at Hastings, England, these words may still be seen:

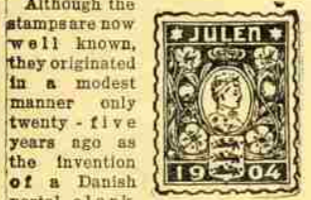

"This is a bellfry that is free For all those that civil be, And if you please to chime or ring It is a very pleasant thing."

All through history since the 16th century, which was the golden age of bells, chimed have called out to people their cheerful messages, usually telling a story.

For example, with the passing of the old year the bells were tolled in sadness, then, when midnight had struck, the merry peals clanged forth their welcome to the new year. Before the invention of the newspaper the town crier focused the attention of the people by lustily clanging a bell before he shouted the important news it was his duty to spread throughout the city. Since bells have so often served to proclaim victory it is not surprising to find that the design of the modern cup presented as a token of victory in sport is in reality an inverted bell.

It is equally fitting that on the gay little Christmas seal for 1929 a bell ringer should be portrayed tugging at a heavy bell, announcing once again to the nation that further victorious advances have been made against the enemy tuberculosis. Each year the seal brings its message of health at the Christmas season to remind people that sickness can be prevented.

Although the stamp are now well known, they originated in a modest manner only twenty-five years ago as the invention of a Danish postal clerk, who devised them to raise money for a tuberculosis hospital for the children of Copenhagen.

Miss Emily P. Bisell of Wilmington, Delaware, was the god-mother of the Christmas seal in this country. She also was seeking for a method to raise money for a tuberculosis institution in her state and in 1907 found the solution to her problem in a magazine article describing the Danish seal and its successful mission. Through her efforts a fund of \$3,000 was raised and the project began. The following year the first nationwide sale of tuberculosis Christmas seals was undertaken, and women's clubs, religious bodies and business groups gave their support to this cheerful method of raising money. In 1910 the then young National Tuberculosis Association took over the sale of the seals and has directed it ever since. The seals therefore should be called tuberculosis Christmas seals.

Thanks to the tiny seal, state after state has been organized to attack tuberculosis with a scientific program. Together, led by the national body, they have brought into existence much of the present-day community machinery that combats tuberculosis. Through the intensive educational work made possible by the Christmas seal, health laws have been passed and are being enforced; tuberculosis specialists and nurses reach the most remote country districts; printed matter on disease prevention is circulated in schools, homes and factories, and there is an active public interest in tuberculosis control among civic, political, commercial, social and religious groups.

This year again the seal carries its message of health throughout the country, giving everyone a chance to be a bell ringer as in olden days—a proclaimer of the important tidings that health is the best insurance for happiness and that tuberculosis may be cured if discovered in time. And as millions of letters and packages decorated with Christmas seals travel from one end of the country to the other during December they will spread the message, "Ring in a year of health with Christmas seals."

MODERN CO-EDS ARE HELD PARADOXICAL

WASHINGTON STATE COLLEGE, Pullman, Dec. 11.—That the college co-ed of today is farther along the road to ideal womanhood than any of her predecessors, but is at the same time in far greater danger of ruining her life, sounds like a paradoxical statement.

An unfounded opinion? Not exactly, unless it is possible to make light of the belief of a woman who has been watching college girls closely for 11 years.

Co-eds of today, in contrast with the college women of 1918, are better groomed, better looking, healthier, and more alert. They are less reticent and self-conscious, but they suffer from a lack of respect for custom and tradition and hold less deference for age.

Who is it that believes all this about college women? None other than a housemother. For 11 years Mrs. Constance Hoig has lived with and been a mother to girls at Stevens hall on the Washington State college campus. She has a keen understanding of women built up through years of "mothering," guiding, advising and helping a group of nearly 100 girls. Mrs. Hoig is district vice-president of the Washington State Federation of Women's clubs, education chairman for the state group, and a prominent worker in all phases of club and civic activity. Through her club and college contacts she has worked with thousands of individuals as a leader, instructor and friend—and she learned about women from them.

A novel that was written in five weeks has won the 1000 pound prize offered by an English publisher for a religious novel. The book "The Ship of Truth," by Leticia Alpha Cooper, will be published in this country next spring by Little, Brown & company.

PARTY GUESTS TAKE FIRST BATH IN TUB

WASHINGTON STATE COLLEGE, Pullman, Dec. 11.—Adam Thompson of Cincinnati helped to bring men forth from darkness into light—yet he remains an unsung hero of the past. To him belongs the credit of building the first bath tub in the United States.

According to Stanley A. Smith, head of the Washington State college department of architectural engineering, Thompson not only built the first bath tub, but he took the first bath in it.

"On December 20, 1842, Thompson immersed himself in his crude, lead-lined tub," Professor Smith declares. "He was so delighted with this new sensation that he immediately decided to have a party on Christmas eve and accordingly invited a number of friends. Four of the party, who were considerably braver than the rest, took a bath; and the astonishing thing was that nothing happened to them."

"The news spread. People from all over the country came to see this new contrivance. Then the knockers began to knock. Newspapers said that a bath a day would ruin the democratic simplicity of the republic. Doctors predicted that all sorts of ailments would follow bathing. Had Adam Thompson introduced his bath tub a few centuries earlier the chances are he would have been burned at the stake along with some of the Salem witches."

"The City of Philadelphia lacked only two votes in their common council for the prohibiting of bathing from November 1 to the middle of March. Virginia placed a tax of \$30 a year on every tub brought into the state. Boston, cultured Boston, made bathing unlawful except upon medical advice. Imagine us calling on our family doctor for a prescription to take a bath! But, in spite of this opposition, by 1860 every first class hotel in New York city boasted of a bathtub. Now they advertise one thousand rooms with one thousand baths."

MUMPS IS COLLEGIATE DISEASE MOST POPULAR

WASHINGTON STATE COLLEGE, Pullman, Dec. 11.—That the most collegiate of contagious diseases is the old-fashioned attack of the mumps, has been ascertained by the medical staff of the John A. Finch memorial hospital at the State College. Seven cases of the jaw stretching malady have been treated since the opening of school, with chickenpox, the closest rival, bringing but

MENTORS SELECT ALL-STAR TEAMS

Champion Willamette Squad Gets Lion's Share of Northwest Honors.

MISSIONARIES SECOND

Erickson and Carpenter Are Unanimous Choices of All Grid Coaches.

The Northwest conference championship having been settled, the only controversy is the selection of an all-star team. Coaches Keene, of Willamette, Frank, of Pacific, and Borleske, of Whitman, have each made a selection. Each coach named Carpenter and Jones, tackles, and Erickson, half. These were unanimous. One big difference, however, is the putting of Rutledge, of Idaho, at full, by Coach Leo Frank. On the other teams, Lange was listed as all-conference full-back.

At the quarter-back position, no coach picked his own signal caller. Keene chose Gillihan of Puget Sound; Borleske picked Engebretsen; and Frank named Applegate from the Missionaries.

George Bertz, of the Portland Journal, gave Banaro, tackle of C. P. S., a berth above Jones and placed Wamen of Linfield as a half-back.

Borleske named four Missionaries on the all-star team; Frank, two Badgers; and Coach Keene, seven Bearcats. Keene's selection is as follows: Holmgren, Whitman and Cardinal, Willamette, ends; Jones and Carpenter, Willamette, tackles; Philpott, Willamette, and Mengel, Whitman, guards; Ackerman, Willamette, center; Applegate, Whitman, quarter; Erickson, Willamette, and Warren, Linfield, halves; Lang, Willamette, full-back.

KIMBALL VOLLIERS TAKE MANY GAMES

Theologians Said to Have Best Team in City League; May be Champions.

The Kimball volley ball team now stands first in the City League, having lost only one game. Tuesday night they won two games, 15-13, 15-12, from the Lion's club. The Theologians under the direction of Professor W. H. Hertzog seem to have the best all around balanced team and it is expected they will win the League championship.

The lineup was as follows: Jack Traschel, Ed Withnell, Henry Warner, Wilmer Briggs, C. M. Kufer, Henry Ernst.

BORLESKE WRITES ATHLETIC HISTORY

By P. I. P. A.

A history of Whitman athletics is now in the process of compilation by Coach Borleske. This book is to contain data concerning sports ever since the establishment of the institution.

Although previously unknown to the literary world, Mr. Borleske is very fitted for his self-appointed task, having been connected with the institution in various ways for more than two decades. The author is experiencing considerable difficulty because of the lack of authentic statistics covering the earlier periods of Whitman's participation in athletics.

LOW SCHOLASTIC WORK DROPS RESERVE CAGERS

Due to a decision of the faculty, Friday, four students are barred from participation in athletic events.

Coming as a blow to Spec Keene's hopes of experienced reserves the request of the faculty that Engebretsen, Benjamin and Steelhammer withdraw from school has left the coach in the position of having a good team, but no reserve strength.

Coach Keene is trying to fill the ranks with what experienced players are in the university and it is believed that he will be successful. Lloyd, a track man, was also dropped.

Dr. Carl Gregg Doney made a short business trip to Portland on Thursday.

Aggregation Picked

By Donnell Sanders

Now that the several conference coaches have made an all-star team, we are going to select an aggregation that might make a good showing against the regular Bearcat eleven.

As ends, Holmgren and Lindman from the Walla Walla school would face Cardinal and Haldane. Cartwright from Whitman and Ganero, C. P. S., would oppose Carpenter and Jones. At guards, Mengel, Whitman, and Braehman, Pacific, would find themselves opposite Gottfried and Philpott; and Tour, a Badger, would be staring Ackerman in the face.

In the backfield the following Bearcats: Lang, full, Cranor, and Erickson, halves, and French, quarter, would find themselves pitted against such luminaries as Rutledge, Idaho, full, Reese of Whitman and Warren of Linfield, halfbacks, and Gillihan, Puget sound, quarter.

We do not mean to say that all the Bearcats belong on the all-star all-conference team, but as Willamette has proved herself to be four touchdowns better than any other outfit in the conference, we think that this squad, just picked, might hold her to a couple of counters—on paper.

FRESH HOOPSTERS STILL PRACTICING

LESTLE SPARKS IS COACH

Team Will be Presentable but Not Flashy as Last Year's Squad

The Freshmen basketball squad is now working out every afternoon in the gym under the direction of Coach Lestle Sparks. The squad still needs a lot of work to make it a team, as some of the men are inexperienced and all need to learn to work together. Although there are not enough expert shots and ball handlers in this year's aggregation to make a flashy team like that of last year, Coach Sparks hopes to have a presentable team by the time a schedule can be arranged.

Among those who are out are: Moore, Nutter, Gottfried, Gamble, Todd, Lange, Paul, Lever, Aufdehde, Hamilton, Begg, J. Grant, B. Grant, Parks, Houck, and Wiley. Miles Knapp is the manager.

BASKETBALL SQUAD HAS GOOD FUTURE

Outlook Bright for Repeating Last Year's Victory String To Win Title.

RESERVE MEN NEEDED

Carpenter Only Basketeer Left from Undefeated Freshman Team.

Basketball practice is now in full swing at Willamette, with a large, experienced squad going through spirited workouts daily. Prospects for a winning Bearcat team this year appear bright, with four members of last year's championship team returned, leaving only one position at guard to be filled from several good candidates.

Ed Cardinal, two-time all-conference center, will be back at the pivot position, while "Perc" Carpenter, who played some good ball for the rooks last year, will make Ed hustle as he never has before. Carpenter can also be depended upon to make a dependable guard. Willamette will be as well represented at the forward positions, with Adams, all-conference forward, Scales, flashy sharpshooter from Portland, Mason, four-year letterman from Athena high school, Brauley, Anderson, and Grech making bids for the varsity squad. The other running mate for Harold Hauk, scrappy guard, has not been chosen, and upon how well this hole left by Gurnee Fleisher and Ledbetter will be filled rests the success of the team. Gibson, Baldarree, Carpenter and Moore are the outstanding candidates for this position at present.

The only difficulty to be encountered in building a winning team is the woeful lack of first-string reserves. As yet, no promising freshmen aspirants have reported to Spec, and only Carpenter remains from last year's remarkable rook team. Spec had counted heavily on Faber, McBe, Hartley, and Scotty Marr, who would have furnished the necessary reserve strength. However, if no injuries keep our first-string players on the bench and if the squad keeps up the wonderful spirit that they have shown in the practices so far, the Bearcat basketball team should prove to be a dangerous contender for the conference title.

Greece has just installed "talkies" in her theatres and they have met with great success.

CLASS HOOP TILTS GO TO JUNIOR MEN

Freshmen Are Runners-Up With Two Wins and Losses to Their Credit.

The Junior men won the inter-class basketball tournament by defeating the Freshmen 17-11 last Thursday evening. In the preliminary games of the series, the Fresh beat the Seniors and Juniors, the Sophs lost to the Juniors and Seniors but won from the Fresh, and the Seniors lost to the Juniors. The Fresh and the Juniors thus came into the final game each having won two and lost one game. The Juniors, who had previously been defeated by the Freshmen, upset all the odds by decisively winning from the Rooks.

The Smiths lead the Johnsons, and the Johnsons lead the Browns, while all three lead the Joneses in the new Kansas City (Mo.) telephone directory.

Sportorials

From all indications, Willamette basketball prospects this season are as good as any of the teams in the conference. Whitman is again the team to beat for the title. The Missionaries lose only Holmgren from their last year's quintet. Willamette lost Fleisher, Litchfield, and Ledbetter, and of these three the loss of Fleisher will be most keenly felt. At present, Gibson or Carpenter, look most likely to fill the vacant guard position.

In his speech before the Chamber of Commerce and the football squad, Garrie Cranor, who played his last game at Walla Walla, Thanksgiving, said that there was a time and place for everything, including football players. He stated that after having played four years he felt that his time had come and that in the future his place would be in the bleachers.

Although it is by now an old subject, it is still true that the spirit demonstrated by the Will-

amette backers at Walla Walla was just about the greatest of its kind ever shown in Northwest football circles. Players and those who attended the game say they can still hear the "White Whitman" chant and no doubt Nig Borleske will remember it for a long time.

Alonso Stagg, football coach at Chicago and one of the masters of the game, says that spirit is 75 per cent of a team's success. In the Whitman game it amounted to 27 points and the conference championship.

In addition to placing men on the Northwest all-conference team, Willamette can also claim an all-conference coach, an all-conference yell king and song queen, an all-conference faculty and an all-conference student body.

BORLESKE PICKS ALL-STAR NORTHWEST SQUAD

Coach R. V. "Nig" Borleske of Whitman college picked six Willamette men on his Northwest conference team, announced yesterday. On his team are Jones and Carpenter, tackles; Philpott, guard; Engebretsen, quarter; Erickson, half; and Lange, full-back. Reese, half, Holmgren, and Lindman, ends; and Mengel, guard, all Whitman stars and Tuor, Pacific center, complete his all-conference team.
