WHITMAN FEED BIG AFFAIR

Banquet Will Be Held in First Presbyterian Church Tuesday

ON TO WHITMAN, ON!

Stiles Announces Commit- tee and Desires Student Cooperation

On to Whitman, on! This will be the opportunity of a lifetime for 625 students to gather in the First Presbyterian church next Tuesday night. There will be a big banquet with pep talks, noise and yells.

The Whitman game will be the last game of the season, and it will be the best game, because the score at the final whistle will determine W. U.'s standing in the Northwest Conference.

For the past two years Whitman banquets have been held and they are the racket which shoots or does not shoot the pep works.

This banquet will be under the chairmanship of Helen Stiles, vice president of the student body. She has stated that a small charge will be made for the banquet and has named the following committees:

Publicity—Lois Wilkes, song queen, and David Moser, yell king.

Food—Lucile Milhollen, Margaret Eddy, Miriam Armitage, and Gladys Taylor.

Tables, Chairs and Places—Leland Gould, Harold Rhoten.

Tickets—Frank Haley, Louisa Sidwell.

Service—Elizabeth Bishop, Esther McMilline.

On to Whitman, on!

PIANO STUDENTS FORM MUSIC CLUB

Spontaneous Playing With- out Criticism is Encourag- ing to Students

As an adaptation of the Old World Bohemian groups prevalent in such music centers as Paris, Vienna, Berlin and Leipzig, a piano interpretation group has begun on Willamette's campus. This group, composed of piano students of the School of Music, meets in Miss Melton's studio at Music Hall, every other Thursday. The initial meeting took place last Thursday.

The piano interpretation group is absolutely informal. The students play the pieces they are working on. The performance is for pleasure, both on the part of the player and the listener. There is no criticism, no plan of programs—all playing is spontaneous for the help of the player and the pleasure of the listener.

Last Thursday the group gathered informally and most of those present played at one time or another, from a tiny, grade student of Miss MacHirron's, to a post-graduate student. The finale of the evening came when Miss Melton played a beautiful left-hand arrangement of the "Sextet" from "Lucia di Lamermoor."

Refreshments were candies. This group allows the creative spirit full play, and releases the student from the formality of ordinary class drill and concert work. It provides a sympathetic and understanding audience for the artistic efforts of the young musicians.

The next meeting will be Dec. 10.

Editor Irvine Talks War and Peace To Salem Church Audience Sunday Urging Cut in Armaments of U. S.

By ERNEST DENNING

"World War costs for the state of Oregon for 1931 are \$22,000,000 or nine times the cost of higher education," dynamited B. F. Irvine, editor of the Portland "Journal" in his address on "World War and World Depression," at First Methodist church, Sunday night. This figure is Oregon's part of the \$190,000,000,000 World War debt incurred by the United States according to Calvin Coolidge's figures.

The staggering of the countries of the world including the United States with its six and a half million unemployed is in a large part

Erickson Honored Is Selected As Fourth Delegate

Anna Jo Fleming, Fifth; Committee Starts Task of Raising Funds

That Walt Erickson, star half-back of the Willamette aggregation, is more than an athlete of outstanding ability, was recognized Monday by the faculty-student committee which is busy paving the way to send student delegates to the eleventh quadrennial Student Volunteer convention scheduled to be held in Buffalo, New York, early next year. Personality and character as well as opportunities to use the inspiration and information gained at this convention were the moving factors in the choice of Willamette representatives, and Erickson has been selected as the fourth choice in a delegation.

CHRISTIANITY IN CHINA IS DISCUSSED

International Club Hears of History of Christianity In China

"Christianity in China" was the topic under discussion at the weekly International club meeting held at the International House Friday evening.

Mr. Yungho Chin gave a brief but very interesting history of the Christian religion in China beginning from the time of its introduction in the seventh century to the present time.

Missionaries have had more to do with the growth and spread of the Christian religion in China than any other influence. They not only built gymnasiums, health clinics, and hospitals, but they also established the large universities at Peking, Nanking, and Shanghai.

Although Christianity is only 1200 years old in China, it has already become more dominant and wide-spread than Buddhism which has been in China for over 2000 years.

According to Mr. Chin, Christianity in China has a greater and more influential future than any other religion now in existence there.

JONES VS. SMITH CASE
BEFORE MOOT COURT

The case of Jones vs. Smith will be submitted to the jury in the moot court of the College of Law on Thursday night, November 19. The case was to have been tried on Wednesday evening, but due to the arising of unforeseen difficulties was postponed to the day above mentioned. The case hinges upon whether or not certain apples, sold by plaintiff to defendant, were good as elder apples; defendant contends that they were not. Several difficult situations will probably arise, so the trial should prove interesting.

ENTERTAINERS' BUREAU HELPS ORGANIZATION

The Willamette Entertainers' bureau is supplying a great deal of entertainment for various clubs and organizations of Salem. Willamette sends readers and speakers to any town organization requesting them.

November 16, Miss Dorothy Dalk and Miss Lulu Allen gave readings at a meeting of the Eastern Star.

GRIBBLE OPERATED ON
Lowell Gribble, an outstanding end on this year's football team, was operated on for appendicitis November 16. He is improving rapidly, and is expected to return to school in about three weeks.

JUDGE ROSSMAN TELLS OF RED CROSS'S WORK

Judge Rossman of the Supreme court, spoke Thursday, November 12, in chapel. His subject was the "Work of the Red Cross." He stressed the work of the organization in world crises and urged the students of Willamette to cooperate in the American Red Cross membership drive.

Dr. Corlett who is Federal secretary for the Nazarene church, spoke last Friday on the "Christian Service."

HUDKINS IMPROVING
Ronald Hudkins, a prominent member of the class of '35, who was operated on for appendicitis November 2, is improving rapidly and is expected to return to school soon after Thanksgiving vacation.

DR. FRANKLIN RESIGNS WORK

Impaired Health Given as Reason for Withdrawal As Librarian

LIBRARIAN NOT CHOSEN

Executive Board Appoints Group to Investigate Matter

Dr. F. G. Franklin, librarian, and professor of social science and of library science, stating that due to impaired health he does not wish to bear the responsibilities of his position, has asked that he be given some lesser position with the faculty. The matter was discussed at the executive board meeting held Tuesday morning and a group consisting of President Doney, Dean Erickson, Paul Wallace, and Mr. E. T. Barnes was named to investigate the situation and make a report.

Dr. Franklin had previously informed President Doney that he would like to be relieved of part of his duties since the injuries sustained in an automobile accident had impaired his health. At that time, Dr. Doney began looking forward to the selection of a successor. Several persons have applied for the position but no action will be taken for several weeks. Dr. Doney stated that the new librarian would take up his duties in February or March of next year.

Dr. Franklin came to Willamette university in 1918 where he was associated with the Sociology department teaching courses in economics, political science, and civics. In 1921 he changed to the position of librarian and has remained in that position. His book entitled "The Legislative History of Naturalization in the United States" was published by the University of Chicago press. This book was the content of a long thesis which Dr. Franklin wrote while at the Chicago school.

Dr. Franklin is one of the Willamette men given honor by mention in "Who's Who in America." Not only is he a man of great literary ability, he is also an adept mountain climber and has made one trip to Europe and one to China and Japan.

Dr. Doney expressed keen regret that Dr. Franklin felt it was necessary for him to shift some of his duties. His work as a member of the faculty was highly praised by the president.

MORE TRYOUTS FOR DEBATE THIS YEAR

Turnouts for debate this year are an improvement over those of last year. A total of 18 persons are included in the present squads.

The women's debate squad is composed of Betty McLean, Margaret Freeman, Elizabeth Smith, Pauline Moore, Hanna Hazelton, and Virginia Durkee.

Bill Mosher, Jack Simpson, Carroll Shank, Ross Knotts, Ray Lafky, Garfield Barnett, Ralph McCullough, Charles Gianoli, Don Clark, Joe Hershberger, Hal Binger, and Stanford Bruns make up the men's debate squad.

Unless more women, and especially upper-class women, turn out, the tentative women's trip to California will be abandoned, according to Professor Rahe.

A meeting of all those interested in oratory that was to be held Wednesday evening, November 11, has been postponed until the following Wednesday, November 18, because of the holiday given for Armistice day.

JUDGE ROSSMAN TELLS OF RED CROSS'S WORK

Judge Rossman of the Supreme court, spoke Thursday, November 12, in chapel. His subject was the "Work of the Red Cross." He stressed the work of the organization in world crises and urged the students of Willamette to cooperate in the American Red Cross membership drive.

W. U. BAND WILL GO TO WHITMAN

Sale of Tags and Proceeds From Show to Provide Necessary Funds

The University band is going to the Willamette-Whitman game at Walla Walla November 26. Members of the band have raised \$35 with their tag sale and are selling tickets to the Saturday-night show at the Grand theater, in an effort to raise the rest of the necessary funds. Forty per cent of the proceeds from tickets sold by band members go to help pay their expenses on the excursion. Each member is paying three dollars, and the rest of his excursion fee is to be paid by money received from the tag and theater ticket sales. The feature at the Grand theater will be Buck Jones in "Branded." There will also be songs and yells led by the song queen and yell king. Students are urged to show their school spirit by buying tickets, thus doing their part in sending the band to Whitman.

STUDENT BODY OF LAW SCHOOL MEETS

Three matters of importance were taken up by the Law School Student Body at its second meeting held immediately preceding the moot court trial on Thursday evening, November 12.

It was decided that a Law School banquet should be held on some convenient evening between now and the Christmas holidays. A committee of three was appointed to make arrangements and to secure the names of those who would attend.

Action was taken towards getting the Law School's share of the student body fees transferred to its treasury.

Student Librarian, Collas Marsters, explained a set of regulations governing the use of the law library.

JAPANESE Y. P. C. C. TO BE IN SEATTLE

The second annual Japanese Young People's Christian Conference of the Pacific Northwest is to be held at Seattle on November 26 and 27.

The theme of the conference this year is to be "Christian Leadership," and the purpose of it is to give the Japanese Christian young people of the Northwest the opportunity to get acquainted and to receive inspirational messages which will enable them to do better and greater work in their local groups.

Registration for the out-of-town visitors will begin Friday afternoon. Roll call will be held at the banquet in the evening which will be followed by social hours at the various churches.

Class discussion groups and Orientation talks are being scheduled for Saturday morning, while the afternoon will be taken up with musical programs and other features for the entertainment of the delegates from the various Japanese Young people's leagues.

The Varsity League of the Japanese First M. E. church is planning a special Epworth League hour for Sunday evening for the benefit of those delegates who will be able to remain over Sunday.

Among the several who are planning to attend from the Salem Japanese Young People's League this year are Hoshie Watanabe, who attended as the delegate from the Salem group last year, and Jesse Fukuda.

PIPA Convention Attended by Two W. U. Delegates

Editor Childs and Manager Hamilton Enjoy U. of O. Hospitality

Informal round-table discussions of the problems encountered in publishing student newspapers were the highlights of the eleventh annual Pacific Intercollegiate Press Association convention held on the campus of the University of Oregon last weekend according to Isabel Childs, editor, and Evans Hamilton, manager, who represented The Collegian there.

These discussions centered around attempts to make college publications pay, the censorship offered by administrative officials to certain of the colleges represented, and the development of definite editorial policies by student editors.

Very definite satisfaction with the freedom of the press practiced at Willamette was expressed by both editor and manager upon their return to the campus Monday. They found at the convention that they represented one of the few papers in which students are allowed to express their beliefs with practically no limitations. Miss Childs likened the situation here to that existing at

W. U. DELEGATION TO ATTEND MEET

Disarmament and Japanese- Manchurian Situation Will Be Discussed

Willamette is planning to send a delegation to the Northwest Students International conference to be held at Reed College in Portland on the 27th and 28th of this month. Among those who plan to attend the conference are: Dr. Lockenour, Dr. Laughlin, Mr. C. A. Kells, Roderick Chang, S. T. Wang, Hayes Beall, Mr. and Mrs. Walter Warner, Charles Gianoli, and Marjorie Moser.

The cost for the conference will approximate \$3.50 per delegate. Registration \$1.50 and meals \$2.00. Sleeping quarters for the delegates will be provided free of cost in the College Dormitory.

The delegation is being sponsored by the Foreign Service Department of the Y. M. C. A. Roderick Chang who is in charge of the department states that there is still car space for a few more students who may be interested in attending.

The discussion at the conference will center about two main heads: The question of disarmament, and the Japanese-Manchurian situation. The discussions will be ably led by such outstanding leaders as Alexander Goldenweiser, Norman F. Colman, H. F. Angus, F. A. Magruder, Bernard Noble, Dean George Rebec, and Dean Dubach.

NEW ORGANIZATIONS PRESENTED IN CHAPEL

Two new campus organizations have been presented in chapel programs this week. The Willamette University band played an interesting program Tuesday. It's three numbers were "The Huntress," "American Patrol," and "Sempre Fideles." Wesley Roeder is leader of the band.

On Wednesday the Philharmonic Choral club sang "Until," by Sanders, "They That Sow in Tears," by Harkness, and "Out of the Night," by Woodman. Incidental solos were taken by Elizabeth Clement and Maurice Dean.

ASTRONOMY CLASS TO STUDY MAN IN MOON

The three-inch telescope of the Astronomy class will be used on the campus to study the moon as soon as the clouds depart.

Prof. Matthews has provided a wooden tripod which can be used satisfactorily. Plans have been made to observe the mountains on the moon's surface. The conditions are ideal at the present time for such an observation.

DEAN IS GRANDFATHER

Dean and Mrs. Frank M. Erickson are, for the first time, grandparents, and their grand-daughter is Emiera Erickson, a 19-pound baby girl. Frank M. Erickson, Junior, who is father of the girl, is an aviator in Glendale, California. He graduated from University of Iowa, and his wife is a graduate and has been a professor of Spanish at University of California.

CONFERENCE IS FULL OF UPSETS

Strange Results of Mid-Sea- son Games Make Final Week Exciting

BEARCATS IN ON FINALS

Pacific, Whitman, and Will- amette All to be Tested Soon for Title

Not since the establishment of the Northwest Conference has the football race for titular honors been so closely contested. Until the startling upset of the Apple cart by the College of Idaho, Willamette, Whitman, and Pacific were in a three-way tie. Now Pacific and the Bearcats are tied, with Borleske's men having a mathematical chance to regain the title by overcoming the Bearcats on Thanksgiving—providing C. E. S. defeats the Badgers in Saturday's contest.

Willamette fans are calculating the local's chance of emerging on top of the title heap. Should Coach Keene's boys nose out the Missionaries and should the Puget Sound Loggers upset Pacific, Willamette would have a clear claim to the championship. But nothing is sure since Pacific beat Columbia, Columbia Whitman, Albany Idaho, Idaho Whitman, Whitman Pacific, Pacific Willamette, and Willamette defeated Idaho. To date Linfield is the only outfit not to figure in the win column.

However, should the deopsters be correct, i. e., the Bearcats trounce the Missionaries and the Badgers the Loggers; backers of both teams are anxiously awaiting an anticipated game to be played on the local field for the play-off.

Should a contest come about, it would be played December 5th. Coach Jenne is willing to bring his fighting Badgers for a second trip to the capital city due to the greater seating facilities of Sweetland field.

Such a contest should be a corker. Keene and Jenne are now even up in the number of gridiron wins. Comparative scores give neither team an edge. Nor does yardage gained or points scored, indicate any marked superiority for either. If there is any balance it is in Willamette's favor. As a result of this uneven football has risen to a new plane in the conference. Keen competition means aroused interest and greater gate receipts.

Sit tight. Place your money on your favorite. Trust to luck and pack a rabbit's foot.

PRINTING CONTRACT GOES TO ELLIOTT

The letting of the printing contract to the Elliott Printing company Tuesday night marked the official completion of arrangements for the publication of the 1931-32 Wallula. Work on the book is progressing as rapidly as could be expected at this season of the year according to Harold Rose, editor.

Advertising solicitors began their campaign early this week and will cover Salem completely. The only thing that is holding up work now is the fact that all students have not had their pictures taken. Individual pictures will be taken up to the beginning of the Thanksgiving vacation, but, according to present plans will not be taken later. Pictures for all but members of the senior class are paid for in the student body fee assessment. Seniors are paying 85 cents for extra sitting in rap and gown.

SOPHOMORES PICNIC AT SCOUT CAMP

A small but peppy crowd of sophomores, undaunted by the rain and mud, left the school last Saturday at 1 o'clock in a truck and motored to the boy scout camp, Camp Dale, near Independence, where the afternoon was spent in hiking, playing baseball, and other games. A light lunch was served at the boy scout cabin after the sports. The party returned to Salem about 7 p. m.

Professor and Mrs. Carl R. Monk accompanied the group as chaperones. Louis Hershberger was in charge of the affair and was assisted by a committee composed of John Rudin, Dick Upjohn, Jean Peterson and Faith Shortbars.

Pep Staff Sells Show Tickets for Band's Excursion

Staff to Put on Act in Program; May Form Service Organization

Acting in cooperation with the university band members the girls of the pep staff are helping to sell tickets to the show given at the Grand on Saturday night. Plans are also under way whereby the girls' pep organization will furnish some part of the student program to be given between the special features of the evening.

In connection with their pep work on the campus this staff of energetic girls are tentatively considering plans for a women's organization which will correspond somewhat to the Cubs and Blue Key fraternities. A committee of three was appointed to see about constitutional revision of some sort which will make provision for this new service fraternity. Marjorie Lau, Marjorie Odell, and Joan Evans were appointed to work with the song queen in framing the constitution.

The men's booster activities will probably be organized more thoroughly by the first of next week.

FINANCIAL AID HELPS STUDENTS

Many Loan Funds Solve Stu- dent Problems; Only Five Had to Leave

Due to the faculty loan fund of the Willamette instructors, fourteen students have been enabled to remain at college this fall who otherwise would have had to drop out from their classes. Only five students have been forced to leave school due to financial conditions and the administration hopes that at least two of these will be in a position to start again shortly.

This year marks the start of the faculty fund made up by the instructors at Willamette for loans to needy students who are in a poor financial condition but who could remain in school if they had a larger bank account with which to meet the demands of tuition. The fund totaled about \$600 all told and this is now back in the school bank account since it was simply turned over to the school for tuition.

Besides the faculty loans to students the regular sources of money for the students, especially the upperclassmen, functioned as usual. The Booth loan fund, the committee of which is headed by C. P. Bishop, made several loans as usual to the students of Willamette.

LAUSANNE GIRLS FORM ORCHESTRA

Percio Miles is the director and Verdella Mueller is the manager of the Lausanne hall orchestra. This group of 13 musicians has been organized for the purpose of giving the hall girls a chance to display their talents and also to provide entertainment at the various social functions of the hall.

The orchestra made its initial appearance at the faculty dinner November 3, and 12.

Members of the orchestra are: Percio Miles, Mildred Nevins, Betty Moffat, Claire Wills, Ema Walford, Mildred Sloper, Maxine West, Helen Branchflower, Gladys Dodge, Katharine Holden, Verdella Mueller, Doris Deering, and Esther Wohlhath.

Aptitude Tests for Entrance to Medical Colleges Will be Given By Dean Erickson on Dec. 11

On December 11th the Medical Aptitude Test of the Association of American Medical Colleges will be given in more than 600 colleges to all pre-medical students who expect to apply for admission to a medical school next fall.

The tests will be given on Friday at 2 p. m., under the supervision of Dean Erickson. It will require slightly less than two hours. A fee of one dollar is charged to defray association expenses.

The Aptitude Tests were adopted by the Association of American Medical Colleges in 1929. Last year's test contained six divisions as follows: Scientific Vocabulary, Premedical Information, Comprehension and Retention, Visual Memory, Memory for Content, and Understanding of Printed Material, and it is expected that this year's tests will involve the general principles underlying it.

All papers will be graded by the committee of the Association of American Medical Colleges and reports compiled in book form and returned in confidence to the deans of all Class A medical schools in the United States.

Professor Monk is acting as registrar for those who plan to take the examination.

EXCURSIONISTS STILL TOO FEW

Crowd Will go by Regular Train Unless 25 More Sign up Today

SAME PRICE PREVAILS

Good Time and Special Cars Promised and Similar Time Schedule

Going to Walla Walla? Certainly an excursion is going, but not by special train unless 25 to 30 people decide before tonight that they, too, can join the crowd. By just this number the enthusiastic supporters of the venture have fallen short of securing the proper guarantee.

"However," explained Graduate Manager L. J. Sparks today, "those who want to go will be provided with a special car and will get most of the excitement out of the trip that usually accompanies an excursion on a special train."

This morning only 25 students had signified their intentions of purchasing the \$6.15 tickets which would entitle them to the trip. These 25 in addition to the band members and the football team will make an excursion of 75. Probably a small number of townspeople will also make the trip by train.

The same ticket charge will be allowed as was originally planned for the special train. Excursionists will leave Salem Wednesday night and arrive in Walla Walla early Thursday morning. They will leave Walla Walla shortly after the game and be in Portland late Thursday night. Stopovers will be allowed on these tickets for students who plan to spend the remainder of the Thanksgiving vacation at home or with friends.

COMBINED GLEE CLUBS RE-NAMED

Philharmonic Choral club, is the new name selected for the university choir—as decided by a committee appointed to make the selection.

A new name was selected for this group because it is strictly a university organization and has no connection with the First Methodist church choir.

The Philharmonic Choral club, consisting of members of both the Men's Glee club and the Women's Glee club, is under the direction of Professor Marshall, and is one of three new musical organizations to appear on the campus this year.

INDEPENDENT MEN TO CONVENE AT CHESTO

The I. M. W. U. will have their second meeting next Tuesday night, November 23, at 8 p. m., in Chesto Cottage. All non-affiliated men are invited to attend. This will be the last chance to become a charter member. After this meeting all persons wishing to join will have to send in a written application. The dues are \$1.50 a semester.

The plans for the meeting are of the faculty about such an order to have a talk by some member organization, a song-fest, and general business and membership. A basketball team for the Do-Nut league is to be organized, and several other major activities are to be worked out.

WHO'S WHERE
 Miss Genevieve Thayer, '28, who is now in Pasadena where she is studying with the Pasadena little theatre group, the "Workshop," has received very favorable criticism for her work in the first production of the little theatre group, "Eyes of Thialoc."

The production was given November 7 in Recital Hall at the Playhouse. The play was a three-act production which the Pasadena Star-News reviewer said was given in a "vivid and dynamic" manner. Quoting the critic, "Of the well selected cast I should give first mention to Genevieve Thayer for admirable sustained character work in the part of Amanda Simpkins. Make-up, voice, body motion, were all expressive and sharply delineated."

Miss Hollis Vick, '26, who previously was Girl Reserve Secretary for the Y. W. C. A. in Springfield, Ohio, is now in Greenwell, Conn., where she is doing similar work at the Y. W. C. A. She also attends Columbia University one day a week, taking a course in philosophy of education. Miss Vick took work toward her master of arts degree in education last summer at Columbia.

Miss Naomi Phelps, ex-'25, who has been studying music in the past for three years, appears frequently in radio circles of New York City under the professional name of "Sharon Wayne." Miss Phelps has sung over radio stations WAAJ, Jersey City, N. J., and WAAM, Newark, N. J., also in programs over WBSB, WNYC, WOV, and WEAF, in New York City.

Miss Phelps now has two individual features over the Columbia station WABC, New York City, one, "Yesterday," and the other, "Patteran," which is a television program. She writes the continuity and arranges her own programs.

A man who has circled the globe 11 times since leaving Willamette University is John W. Givens, ex-'28, who recently visited the campus. He is now master on the S. S. President Polk of the Dollar Steamship Line.

Mr. Givens finds his work varied and interesting, even if the seas are at times monotonous. On each trip around the world 22 stops are made and 110 days are averaged for the voyage. The ship leaves the Golden Gate and continues toward the setting sun making the return trip through the Panama Canal.

Mr. Givens was granted a two months' vacation during which time he planned to make up a credit which he lacked for graduation. It will be made up at the University of Southern California and transferred to Willamette University.

B. F. Irvine, '77, editor of the Oregon Journal, delivered an address on "World War and World Depression" at the First Methodist church Sunday evening, November 15. During the years that Mr. Irvine was a student at Willamette he sang regularly in the choir of First church.

Filmer Carter, '26, is a senior in the University of Oregon Medical School in Portland. Mrs. Carter (Margaret Bodine, ex-'27), is employed in the technical laboratory of the Emmanuel Hospital there.

Edward Huston, '24, lives in Seattle, and is State Insurance Examiner for Washington. Mrs. Huston was Susie Church, '26, and they have two young daughters.

Ruth Alice Drew, '27, is now Mrs. G. R. Holman and lives in San Conlee, Montana, where she teaches.

Willis Stollar, '26, married Melvin Core, graduate of Linfield College, and is living in Palo Alto, California, where her husband is a graduate student at Stanford University. Mrs. Core took graduate work at the University of California for a year, following two years of teaching at Mossyrock, Washington.

Information regarding the death of Daniel C. Taylor, prominent member of the class of '25, has been received from his mother, Mrs. Belle Taylor. Daniel had not been well for two years, and had been confined to his bed for six weeks prior to his passing away on June 16 at Cottage Grove, Oregon. The cause of his death was a cystic tumor on the right lobe of the brain and a rheumatic heart.

After graduation from Willamette, Miss Editor, I feel that

Campus Litterae

Sometimes we worry so much about how we should enjoy life that we don't have time to enjoy it.

REMEMBERING
 Each contour of your face,
 Your eyes, your lips, your hair,
 Each slight inflection of your voice
 To me a prayer,
 The things I've seen you wear,
 Your arms around me
 tenderly embracing,
 I will always be
 Remembering—remembering.
 —Goldriana.

TO A FRIEND
 God gave us the sun to shine by day,
 And he made the moon that in darkness lends
 Its shadowy light
 To the lonely night,
 And to brighten life's pathway
 He sent us friends.

What can I take from life's treasure store?
 What shall I carry to the journey's end?
 Life, keep your gold!
 Of your wealth untold
 All that I ask
 Is a loyal friend.
 —Becky.

LITTLE STRAWS
 First Straw:
 The moon is sleeping
 Cradled
 In a tree
 Of willow
 By the
 White wind
 Broken.
 You cannot wake her,
 She is finite bliss
 With one eye open.

Second Straw:
 The world is weary
 And alone.
 It cries
 Tears like dew.
 Just now
 I set
 My barrel
 Out
 To catch
 A few.
 —Patches.

AMOEBA
 A little Amoeba passed me by;
 I tried to look it in the eye.
 Its tail was funny, large, and long—
 Perhaps the darn thing sang a song,
 But I don't know, and I don't care,
 For all of me, he's free as air.

Just why does science try to pick
 Peculiar things on glass to stick?
 An elephant it seems to me
 Would be relief for the mike to see,
 And happy I'd be—not caring a fig
 For my fussy anemian Amoeba prig.
 —Betty Hyde.

TO A VAGABOND
 You spoke of ships and tall white sails,
 That night on the windless shore,
 And temple bells that rang in your heart,
 And called to you o'er and o'er.

Of a market place in Mandalay,
 Of a shrine on a far lagoon,
 Of a mandarin's garden that you knew—
 All starred with the cherry's bloom.

You smiled as you bade me look
 Where the moon made a path in the sea,
 And you laughed as you said 'twas
 the road for you,
 But never and never for me.

—Oh, my dear, had you asked,
 that night,
 I would have wandered, too—
 But now it is only my heart that goes
 Down that long blue road with you.
 —Evelyn Shields.

THE CITY
 How I love a busy street,
 All filled with noise and scuffle
 Where walked on each side
 The windowed buildings hover,
 Each little window pane
 Brings forth a different face
 Each little window pane
 Is nestled in its place,
 The smoke—the very smell of things
 Mingles 'bout you in the air
 And a powerful busy motion
 Seems to hold you there.
 —Nell Marie Perrine.

in the matter of hospitality the students of W. U. deserve a hearty "Well done!" Never have I seen such an enthusiastic spirit of welcome on the campus. Every one seemed to be on the "glad hand" committee, and I want you to know it was appreciated.
 Sincerely,
 An alumnus who enjoyed coming back,

We went to the "hard-times" party the other night, dressed no differently than usual. But we looked so down and out that we were given the remnants of the refreshments and a general collection was taken up to buy us some new shoes at the well-known rummage sale.

There have been several entries submitted by competitors hoping to win the photo of Mahatma Gandhi (in full evening dress) which is to be given the winner of last week's limerick. But we've decided to postpone announcement of the prize-winners until next week, for the value of the reward merits more competition. All entries should be left under the flower-pot by the editor's desk. Each of you has an equal chance to win. We are reprinting the limerick by request: In Willamette library one day We were feeling unusually gay, When Bill Gahlsdorf came by We greeted him "Hi!"

A couple of days ago we saw a good drinking from the fountain while keeping off the rain with an umbrella. Some people never seem to get enough.

For a while it seemed that we were the only part of the Collegian gang that received no mail. But this morning we received the following missive: "Dear Muddlinger: In your column last week you referred to classic music unfavorably. Now to the common herd, your criticism may not seem out of place, but to us people of high taste and intelligence it was indeed disagreeable. By the time one reaches college, one should no enuff to appreciate good music when one hears it. Even if you haven't any music in you, don't show you're ignorant. If classic music is too deep for you, pretend, as the other people do, that you enjoy it. I was deeply grieved to find out that anyone in Willamette did not no better than to criticize beautiful music. I hope you take this advice in this letter to heart and learn to pretend to enjoy real art. "Yours respectfully, "Pinkeye."

We always appreciate criticism, especially when it is offered by one who is so obviously our intellectual superior.

Snooping through the editress' desk we found a tiny cap which seems made for a pinhead. If the cap fits put it on.

To prevent our being questioned ninety-nine more times, we're announcing for all and once that we're not going on the Whitman excursion for the simple reason that beggars can't be choosers, and besides, we got kicked out of our box-car the last time.

We're not only going to wipe Albany from the map, but also—and what's more important—whip, whale, and—er—whallop Whitman.

Why can't we have a foot excursion to Whitman? It would help to work up pep and revive the shoe market.

The hand may have to walk, so let's get behind and push.

See you at the Grand To hear the band— Saturday night. Two stick-in-the-mud Muddlingers.

One of the gayest birthday parties for which any one could ask was that which celebrated the birthday of Miss Lois Wilkes at her home the evening of "Friday the thirteenth." Erickson Honored

Mr. W. R. Ledbetter was a weekend guest in Salem while visiting his daughter, Miss Marie Ledbetter.

which will in all probability include five students.

Anna Jo Fleming, freshman, is fifth choice. The first three selections announced a week ago include Paul and Nellie Ackerman and Eugene Smith.

Work toward raising the necessary funds was started here this week when Isabel Childs, secretary of the committee sent out more than fifty letters to interested individuals and organizations throughout the state asking for aid in the project.

The committee has stated that, while some western colleges are sending much larger representations, present financial conditions and the need of assistance for people actually needing food, clothing, and shelter would prevent Willamette from even attempting to send the number which might otherwise go. Approximately \$150 will have to be raised for each delegate although present plans may cut that apportionment in two.

However, it is felt that such conferences have the possibility of doing more to right social wrongs and of placing industrial and political leadership in the hands of competent Christian workers than almost any other expenditure of the same money might hope to accomplish.

Because of this seemingly contradictory stand, the committee has attempted to select two seniors who will go out into the world next year to place their theories on trial, and three lower-classmen who may bring to the university some of the benefits to be derived from the convention.

Methods whereby money may be raised from the student body without working any great hardship on anyone are being investigated. The proposition will be placed before the church of the city and the surrounding country before Christmas so that they may have an opportunity to give.

ALBIN ANNOUNCES LIB. RESTRICTIONS

Floyd Albin, chairman of the senior library committee today told the purpose of his organization and urged the cooperation of students in carrying it out. The committee, made up of four seniors, aims to promote a greater degree of order and quiet in the library and to make it an ideal place for study. Students wishing to compare notes or consult should use the side rooms and maintain absolute silence at all times in the library proper. It is essential that each student take his share of the responsibility in this matter. Seniors assisting Floyd Albin in this plan are: Eitel Chaney, Ronald Hulbert, Margaret Eddy and Esther Girod.

MRS. PARKER LEADS VESPERERS

Mrs. B. Earle Parker will lead the Vesper services in Christy cottage Thursday evening at 8:45.

UNIVERSITY BAND PLAYS IN CHAPEL

Plans are Being Made for Trip to Whitman Game On Thanksgiving

Several selections and a pop song were rendered by the newly organized, thirty-piece University band, under the direction of Wesley Roeder, when it was formally introduced to the Willamette student body and faculty in a program in chapel Tuesday morning. Selections played were "The Huntress," "The American Patrol," and "Semper Fidelis."

Eugene Smith made an announcement concerning the show which is being sponsored by the band on Saturday night, November 21, at the Grand theater. It is hoped that the proceeds received from the show will make up the deficit needed to send the band members to Walla Walla for the Willamette-Whitman game.

According to present plans, each member of the band will pay \$2.50 for his railroad ticket. The rest of his expenses will be paid by the organization. \$35 has already been raised by means of a tar sale conducted at the Armistice day game with Linfield. The remaining \$35 needed can easily be raised if students will attend the show Saturday night, according to band officials.

OLD W.U. CATALOGS PROVIDE INTEREST

Mr. Savage's office is full of interesting relics for those students who are interested enough to learn.

Especially interesting were the old catalogues published in 1864 by the Statesman Book and Job Office. The name was not spelled as it is today but it is Willamette. They are divided according to department—the preparatory, the academic, and the collegiate. Under each department the men and women are listed separately. The titles of the lists are the female department and the male department. In those days the students represented many different cities from California, Idaho and Washington.

A full schedule for all-four years was worked out and at the end was given miscellaneous information which included the tuition fee of sixteen dollars and a young ladies fee of thirteen dollars.

Away back in 1865 Willamette's school year was divided into three terms and the third one was not finished until July 25th.

Even as far back as the year in which those catalogues were published, judging from their content, the people realized that Willamette would become one in the first rank of educational institutions on the Pacific coast.

MOOT COURT HAS LIVELY SESSION

Moot Court of the College of Law was convened in regular session with Prof. C. M. Inman on the bench on the evening of Thursday, November 12th. Clerk of the court, Collas Marsters, announced the opening of the session. Immediately following the opening, Prof. Inman appointed Rowe Weber to act as sheriff and bailiff of the court until further notice.

The case of Horton vs. Medcalf and others, appeared before the court on demurrer. Attorneys Harland, Lane and Baldersee represented the plaintiff, while Attorneys Newby, Ruch and Felton appeared in behalf of the defendants. As had been anticipated, some spirited argument followed. The attorneys for each side made very good presentations of their theories of the case. Although no official decision has as yet been handed down by the presiding judge, Prof. Inman, it has been intimated that the defendants will prevail.

LAW VOLUMES GIVEN

After addressing the Clackamas County Teachers' Institute last week, Dean and Mrs. Roy R. Hewitt spent the weekend in Portland. While there, Dean Hewitt received some 20 volumes to be added to the law library. These books were a gift of the law firm of Wood, Montague & Mathieson.

Bushnell Heads Red Cross Drive On W.U. Campus

Houses, Hall and Daleth Teth Gimel to be Solicited for Funds for Needy

With the appointment by President Charles Campbell of Vernon Bushnell as a committee of one in the raising of funds for this autumn's drive, the Red Cross has been officially recognized by the Associated Students. Bushnell plans to work with the managers of fraternity, sorority, and international houses and with the presidents of Lausanne Hall and Daleth Teth Gimel in soliciting funds from individual students and student organizations.

This system differs from that used in previous years in that it takes into consideration campus organizations thus making it possible to obtain indirectly money from individuals who might not feel able to give the one dollar membership fee.

The appointment of such a committee was authorized at Tuesday night's meeting of the executive council of the Associated Students. It will work under the city committee headed by Mrs. Frank M. Erickson.

Bushnell said yesterday that no goal had been set since very few people on the campus would be capable of estimating the financial abilities of the students. "We are only asking that everyone do as much as he is able," said he.

CLASS TO GIVE ONE-ACT PLAYS

Each Member to Direct a Play; Custom Leads to Discovery of New Talent

Members of the Play Production class are sponsoring a series of one act plays to be given in the Little Theater throughout the month of December. Each member of the class is individually responsible for choosing her play and cast, and directing and presenting her play.

The first of this series of plays, "The Boor," by Anton Chekhov, directed by Virginia Durke, is to be given Wednesday evening, November 19. The cast includes: Helena Popov (wealthy widow)—Dorothy Dalk; Grigori Smirnov (proprietor of a country estate)—Donald Clark; Luka (servant)—William Mosher.

Lulu Allen has chosen for her play "Cured," a very modern farce by Margaret Hurley. Miss Allen's presentation which is to be given Wednesday evening, December 2, includes in its cast: Robert Culbertson as Jasper Jennings; Winona Went as Mrs. Jennings; Elva Sehon as Genevieve Jennings; Ruth Chapman as Julia Jennings; Edith Galsayer as John Jennings; Tom Gozme as Doctor Goode; and Fred Harris as Mr. Makepeace.

Faye Cornutt is directing "The Stop-Mother," also a farce, written by Arnold Bennett. Her cast is as follows: Mrs. Cora Prout—Betty McClain; Christina Feverish—Carol Braden; Dr. Gordon—Tom Hill; Adrian Prout—Lawrence Brown.

Helen Stiles, Eloise White, Lulu Walten, and Nellie Badley Ackerman, other members of the class are working upon their productions which are to be given at somewhat later dates. The one act plays frequently prove effective means of discovering untrained dramatic talent and have thus proven immensely popular during the past few years.

DUAL DEBATES SCHEDULED; O. N. S. VS. W. U.

Dual debates for the men and women's debate squads are scheduled for Friday, December 4, when two teams, yet to be selected from the squads, will go to Monmouth to meet two of the Oregon Normal school teams. At the same time the remaining Willamette team will debate in Salem with the two opposing Monmouth teams.

The men's teams will debate on the question of wage-cutting, and the women's teams on the subject of the divorce laws in Nevada.

According to Professor Rabe, the squads are in fairly good condition, although several members show a lack of practice.

The debate will be non-decision. Tuesday, for the first time since school started, the freshmen heard all of the chapel program.

INJURIES TAKE BEARCAT TOLL

On Eve of Campaign for Whitman Gribble Operated on for Appendicitis

ALBANY PIRATES NEXT

Game to be Final Home Contest Unless Charity Game is Scheduled

Injuries have been numerous during the past few weeks, and there is no possibility that the team will face Whitman with full strength—reserves and all.

Among those who were on the injured list are Johnson, Allen, Grannis, Ross, Mahan, and Jones. Both Johnson and Allen suffered badly injured ankles, while Mahan and Grannis were suffering from severe colds. Jones, captain and tackle, was out of the lineup due to a broken hand. However, these boys are now back in the lineup ready to meet both Albany and Whitman. Yet when all seemed to be going well, Gribble is on the sick list with appendicitis. Speer Keene has just worked Gribble into the Bearcat passing attack, and Gribble's absence at end will be missed until he returns. The Linfield game resulted in another serious injury to the Bearcats. Higgins who began at end left the game with a broken ankle and will be out of the lineup for the remainder of the season. Carpenter, veteran tackle, has recently developed a charleyhorse, which is handicapping his work on the line.

The boys are pointing for the Albany game, and if no injuries are incurred then the team should be in fairly good condition for the Whitman struggle.

Bare Cat Gossip

SPORT SPIELS

Howdy! Folks! And what's news this week? The so-called "little" Northwest Conference is right up on top. It's giving the fans a real "guess who" contest. With three teams in the last lap, it looks like "do or drop out"! And how about the Bearcats—Are we for them?—well, even Kaiser's dog (Gieki) can't help but cheer. Chapel or no chapel—that surplus energy must be released somewhere—so why not three "woofs" for the Bearcats.

Which reminds us—Have you your ticket for the excursion to Walla Walla? What? You haven't? See Sparks now, and join the 250 rosters who head Whitmanward about the time the old turkey head finds that the rest of the body have left for a better land.

And by the way, let's turn out for Friday night! Albany is struggling for a chance to get into the Northwest Conference—and what's more they're no slouch. They trounced College of Idaho 13 to 9, and then College of Idaho defeats Whitman. If scores mean anything, the Pirates may have the Bearcats walking the plank! So let's get out and support the team as we did in the Pacific game!!!!

"Buck" Jones in "Branded"—Saturday evening feature at the Grand theatre. Save your quarters and get your ticket now for the Willamette Gathering next Saturday evening. And be sure you get your ticket from a band member. We want every member of the band at Whitman on Thanksgiving Day!!!!

Incidentally, the band sort of raised the roof in chapel. Not bad! More power to them!! And now that the state is providing for free textbooks for the grades—why not uniforms for college bands—and galoshes for the young ladies! (Yes, Jupp is here, and just try to kick him out!)

And then comes the thundering fullback who rates an A in Bible!

After Bob Houck's splash about in the shower room, the sports staff is convinced that the rumor that the Bearcats have developed web feet is not without foundation.

We were just wondering that if the U. S. senate developed a football team, which of the fellow senators would hold down the various positions on the team. Although undecided as to the other positions, we cast a unanimous ballot for Senator Borah as SIGNAL-BARKER.

The blank space is left for any comments Dr. Gatte might want to make.

Pats—Gene Smith & Kaiser's dog—Willamette Spirit.

And folks we will end with a quotation from a "Taerab":

ALL-STAR TEAM IS SELECTED

For the third consecutive year Buena Brown, forward and Muriel White, guard, seniors, were elected to the All-Star Women's Basketball team. This is the first time that this coincidence has taken place with two women playing on the same class team during a period of four years.

The All-Star team is selected from among the individuals who play in the women's basketball tournaments, held during the fall term. Coach "Spec" Keene, Howard Maple, Leslie J. Sparks, Professor Jones, and Miss Alida Gale Curry, Director of Women's Physical Education, were the judges for the tournaments which closed last Thursday.

Mary White, basketball manager, announced that the decision of the judges in the selection of an All-Star team was as follows: Forwards: Buena Brown, senior; Frances Stewart, freshman; Center: Nellie Hadley Ackerman.

Side-centers: Dorris Kemp and Lydia Wilson, freshmen chosen because of a tie vote.

Guards: Muriel White, senior; Pauline Pratt, freshman.

The second team as selected were: Forwards: Marjorie Moser, senior; Kathryn Ford, freshman.

Center: Elizabeth Haselton. Side-center: Isabel Morehouse.

Guards: Marvel Edwards, senior; Kathryn Horton, freshman.

Small sterling silver basketballs are presented by W. A. A. to the members of the first All-Star team at the regular spring A. S. W. U. Awards day.

It's figured like this: Whittier beat Occidental (21-9), tied U. C. L. A. (0-0), beat St. Mary's (12-9), beat Southern California (13-7), beat Oregon (23-0), beat New York U. (14-6). Can you beat that?

FABER STAGING GRID COMEBACK

Revenge Would be Sweet at Expense of Team Which Crippled Halfback

One man who will be particularly gratified in the Albany game is Don Faber. Faber who has been picked to start in the backfield against the Pirates, will get a chance for revenge against a hard fighting team that presented him with a broken leg two years ago. On that day Faber lost the field for 95 yards, to be tackled six yards from the goal line. When the players were untangled Don lay on the ground with both bones below the knee sticking through his molleskins.

That year Willamette journeyed to Walla Walla. Faber listened to the game, which was the championship, over the radio placed by his bedside by team-mates before entraining.

It will be a long time before any greater degree of grit and determination will be seen on the Willamette campus.

He is said for Faber that he is sensitive and unassuming. Likely he will be with the Bearcats next year.

Disabled Vets Hosts to Other Groups, Armory

Salem chapter No. 6, Disabled American Veterans of the World War, last night entertained members of the Veterans of Foreign Wars, American Legion and their auxiliaries with a social get-together at the armory. One hundred persons were present, according to Fred R. Burch, chapter adjutant. Four representatives of the state department of the D. A. V. from Portland also attended.

A musical program was furnished by Wilfred J. "Bill" Brazzan and his musicians. In addition, the guests spent a part of the evening at cards and refreshments were served. The committee for the affair included: H. E. Fields, chapter commander; Arthur Sprunt, Fred R. Burch and William Blyven.

"Curt Comments" On Bearcats

Not insinuating that our own sports writers don't know their stuff but merely suggesting that the downtown ones most assuredly seem to, we pick up, in toto, Ralph Curtis' latest rambles from the Statesman, (Careful Jim, you're next!)

The slogan among the students at Willamette this week is "on to Walla Walla" or something of that nature. It's a good slogan and we hope it succeeds in raising the quota required for an excursion. By the way, downtown fans aren't barred. We're not in cahoots with the railroad company but we understand the fare is quite reasonable.

Two years ago we made that trip and enjoyed it as much as anything we can remember. The only trouble was that we couldn't decide whether we belonged with the rollicking students or the older heads who guarded the entrance to the players' sleeping car. On the way over we rode with the sedate bunch and on the way back—well, the kids didn't kick us out.

Anyway a lot of fun can be had on a trip like that. And of course the 40 to 13 score wasn't anything to cry about.

Walla Walla is a nice little city, too, and they made us welcome there even though rather suspicious about the Bearcats' ability to make it a real contest. That was before the game started, of course.

And by the way, some such attitude as that would be the Bearcats' downfall tomorrow night when Albany college comes here. Those boys have a habit of fighting like the Crusaders of old. Willamette walked all over Albany here two years ago in a secret scrimmage, then went down to Albany to play a real game. That was the Willamette team which a little later won the Northwest conference title.

For two periods the Pirates fought those surprised boys to a standstill, scored upon them, which no other small college had been able to do up to that

time, and finally lost only because of lack of reserves.

Friday night will also be an opportunity for a certain backfield combination to redeem itself: the group that started the Pacific game. Coach Keene had great hopes for those boys after their showing at Tacoma, but in that big test they didn't come through. If they can function as they should Friday night, Albany may not take home the scalp it is coming after.

NORTHWEST TIE IS INEVITABLE

Good Chances for Willamette and Pacific to Settle Gridiron Dispute

DOPE UPSET REGULARLY

Season Nears Completion; Fans and Players Anxiously for Championship

The Northwest Conference is giving the football fans a real thrill in attempting to determine which of the teams will come out on top. Either one of the three teams, Pacific, Whitman, or Willamette, has a chance to end on top of the heap. As to which team will be victorious, it is difficult to say, for upsets have been numerous. However, if the struggle results in a tie between Pacific and Willamette, there is the possibility of a return game with Pacific, December 5, on the local field. The game will be held in Salem, if it takes place, because of the local lighting system. The event would bring to Salem one of the best football games of the year. Pacific, having already defeated Willamette 7 to 6, is eager to trounce the Bearcats again, while the local boys are more than ready to get even.

Stories are abroad to the effect that Eldon Jenne, big boss of the Badgers, has boasted that if this second game should be played with the Bearcats the one point of superiority shown in the previous contest will be swelled to 20 points. Because Bearcat fans are reluctant to accept this early ultimatum one of the largest gates of the year is expected.

Reading has been made the subject of close study. Moving pictures were taken of the eyes of pupils while busy reading, and the pictures show many differences among pupils which must be reckoned with. People read an "eye-fal" at a time. Some persons take bigger eye-fal than others. Some can understand what they read faster than others; so there is a great difference in the rate of reading among people. The studies give

PROFESSOR SHOWS EDUCATION TRENDS

Rotarians Hear of Methods Being Used to Foster Efficient Study

Salem Rotarians heard a college professor tell about how education is being made over by scientific research Wednesday noon. Listened to him intently and were profoundly impressed with the transformation which is being made in the field of imparting knowledge to growing youth. Perhaps one reason they liked it was because the speaker talked in terms of "efficiency" and "cost reduction" which business men liked the sound of. The speaker was Dr. William H. Burton of the University of Chicago and he was introduced by Supt. George Hug, who hired him one time as teacher in McMinnville for \$80 a month. Burton said they were now applying to the processes of education the same technique and research which are being used in diagnosis of disease by physicians or by engineers in the use of materials. He gave many illustrations to show how this new method was being applied to the teaching process. In spelling it was discovered that there were only about 2000 words in common use in writing, so teaching effort has been concentrated on them with resulting economy and with improved results among the pupils.

Special guests of the club were the principals of the public schools.

The public has the right to insist that the most approved methods are used in instruction because they are the ones who pay the bills. School boards can't run the schools, the professor declared, "but they can see that they are run."

—if for nothing else, the forebearers of the British Army-in-India polo team deserve a cheer for one thing: their contribution to the long suffering student.

—for it was they who first introduced to the world at large that famous and luxurious cloth now known as polo-cloth... a cloth of soft camel's hair secretly woven for centuries by the wily natives of India.

—recently because of the tough tariff American experts craftily copied this remarkable fabric, embodying in their product all the wondrous qualities of the famous original.

Suede-Polaire was the result

—a beautiful long wearing fabric, silky soft to the touch, luxuriously comfortable to wear, unbelievably light in weight yet so warm as to shed all shafts of nature with surprising ease.

—to crown it all we are offering coats of this famous cloth, handsomely tailored in that smart full belted model so much in vogue—at the silly low price of \$21.50.
