

## PACIFIC ELEVEN WERE GIVEN AWFUL DRUBBING SAT'DAY

Annual Gridiron Contest Is Won by Willamette 61 to 6.

## ONE-SIDED SCORE MADE GAME UNINTERESTING

Willamette Backs All Make Long Gains—Homan Ends Contest With Place-kick From Thirty-Yard Line—Team Work Developing.

Willamette was successful in her second gridiron contest this season, defeating Pacific University Saturday by a score of 61 to 6.

Pacific's team was very light and the varsity started scoring on them 4 minutes after the opening of the game. This continued until just a few seconds before the close of the contest, when it became apparent that it would be impossible to buck the ball over for another touchdown and Homan made a beautiful place kick from the 30-yard line.

The game was too one-sided to be interesting, for Willamette had possession of the ball during almost the entire playing time and was busy throughout the game rushing the ball down the field for the nine touchdowns made during the contest. Only one time did the varsity fail to make yardage, while the Pacific was successful in doing so only once.

All of Willamette's backs made long gains, both on the ends runs and on the cross bucks. Homan was beyond doubt the star of the game, his heady work in running the team and his hard tackling on the defense having much to do with Willamette running up the large score she did.

Rowland, who always hits the line like a pile driver, received a hard knock in the opening quarter that bid fair to put him out of the contest, but he refused to leave and carried the pigskin over for several touchdowns before the contest ended.

The Pacific fellows were a game lot of fighters but were unable to withstand the continuous attacks of the Willamette backs, who continued to pound the line from the opening of the contest.

Captain Bolt, who made several big gains on tackle, round tackle plays, had the distinction of making his first touchdown during the contest, when he was given the ball on the 14-yard line and succeeded in placing it between the goal posts.

Captain Taylor, of Pacific, who played at quarter, was the main substance of their team, and it was due to his bumping over a Willamette end who was attempting to receive a forward pass and then intercepting the pass and carrying it down the field for a touchdown, that Pacific was credited with the 6 points chalked up to their credit at the end of the contest.

## JUNIOR LAWS ELECT YEAR'S OFFICERS

Paul R. Smith to Wield Gavel Over Blackstone Enthusiasts This Term—Class Large.

The Junior Laws of Willamette University met this morning and elected the following officers:

President, Paul Smith.  
Vice-president, Leo Keiser.  
Secretary, Mrs. Merton DeLong.  
Treasurer, Ester Carson.  
Sergeant-at-arms, Joe Reinhart.  
Reporter, Herbert Carter.

The president is an ex-'15 Liberal Arts man and fully competent to handle the position. A committee, consisting of Messrs. Reeves, Sparks and Keiser, were selected to draft a suitable constitution.

There is a goodly number of would-be Blackstone followers this year, and all vow that they will far surpass any who have studied here before. Several social events are already planned and an excellent time is predicted for the year.

## BOILING POINT NOW BEING APPROACHED

Y. W. C. A. Thermometer Is Watched—Membership Increasing.

A whirlwind campaign for Y. W. C. A. members has been going on at Willamette during the past week. The membership committee realizes that to have whirlwind, the temperature of the society must be brought up to at least summer heat. So a large thermometer poster, registering zero, was placed near the entrance of Eaton Hall, which bore the following legend: "Watch the Temperature of the Y. W. C. A. Rise." Beneath this was placed a table with two pads, one for old and one for new girls. All girls were urged to sign up that they might take a more vital interest in this important phase of their college life. Each signature by a new girl brings the mercury up one degree, while that of a former member brings the temperature up one-half degree.

Kate Barton started things going with one of her characteristic chapel speeches and following the announcement, the red in the mercury tube made regular ascensions every hour and has not yet reached the stopping point, although the extreme heat has started many bubbles to the surface.

The readings will continue and all the new, as well as the old women, are urged to sign at once.

## FACULTY WEDDING IS EXPECTED TO OCCUR NEXT FRIDAY EVENING

Gala Event of Social Season Will Take Place at First Methodist Church.

## LARGE NUMBER HAVE RECEIVED INVITATIONS

Marriages Among Faculty Members Are a Great Rarity and the Coming Ceremony Is Attracting Unusual Interest.

Weddings among the students of Willamette are rare, as such things go, and usually cause quite a surprise. But among the faculty such events are of unsurpassed interest, especially when we find that one who "went and did it" was the one least suspected. However, the wedding which is soon to take place in our midst concerns those so well known to W. U. students that we consider it, not so much as interesting, but as a very great honor to announce it. On Friday evening, at the First M. E. church, will occur the golden wedding of Dr. and Mrs. James Lisle. The members of the G. A. R., and the students and friends of the University, will join with the happy couple in commemorating their 50 years of wedded life.

This event marks an epoch in the three score and ten years of a remarkable life. Born in the pioneer days, in eastern Ohio, James Lisle, overcoming the many disadvantages surrounding him, secured an academy education and entered the ministry. After three years of preaching in Ohio, he moved to Iowa, where for many years, he labored in helping to build the foundation of what is now a great christian empire. His charges were not only numerous, but very far apart, and his years' work consisted of riding horse-back 400 miles and preaching 24 times every month. During all this time he studied Greek and Latin, until he finally was granted degrees from Simpson and Hedding colleges.

We mention Dr. Lisle's courtship by his permission, for he considers it a most important event. He first met the young woman who was to become his wife, after riding on horse-back 150 miles to see her. He returned the same distance a year later to marry her.

For 51 years Dr. Lisle has been an active member of conferences.

DR. LISLE.

## WILLAMETTE HAS NEW ACTING REGISTRAR

A. V. Swarthout, of the Oregon Agricultural College Takes Dawkins' Place.

Willamette now has a new registrar, A. V. Swarthout, an O. A. C. graduate. Mr. Swarthout originally came from Michigan and has spent much time in learning the rudiments of bookkeeping, and will help things in Willamette considerably.

He comes to Willamette from an excellent position with Whitfield, Whitcomb & Co., public accountants, of Portland, Oregon. He is recognized as a man of an up-to-date business type.

A. Dawkins, the recent registrar, is now traveling as a representative for a large school furniture manufacturing concern.

Dr. R. N. Avison, our varsity pastor, has been returned to First M. E. church for another year. He led chapel a few days ago.

## Y. W. C. A. HELD VERY ROUSING MEETING

Address of Professors Henke and Matthews Are Listened To.

The Mission and Bible study roll of the Y. W. C. A. established a precedent last Thursday which will be hard to surpass during the year. In every respect the meeting was a splendid success. The large attendance gave a vision of what a mighty power the association may become when all the girls are enrolled in its ranks. The intensely interesting and valuable addresses by Dr. Henke and Prof. Matthews cannot but bear fruit in the life of the association. Best of all, a good number of girls enrolled themselves in the Mission and Bible study classes for the semester. After an enjoyable duet by the Misses Thompson and Schramm, Dr. Henke addressed the girls on "The Value of Mission Study." The leading characteristic of this age, democracy and the scientific spirit, as Dr. Henke showed, are in direct harmony with the missionary spirit. "For a broad spirit of sympathy and interest in ones fellow man will bring the desire to carry to all 'mankind' that grandest of all religions, christianity, which is the only one to offer a solution for the problems, and a remedy for the evils of society;" and that accurate knowledge, complete understanding, and sympathetic viewpoint, needful in properly undertaking mission work, may be found in the scientific study of the peoples of the earth.

Prof. Matthews' talk on "How to Study the Bible," given in his own inimitable and delightful way, fitted into the needs of everyone. Among other things that Prof. Matthews recommended were the using of one's own Bible, which should be convenient and durable; the marking of texts; the learning to tell Bible stories accurately and pleasantly; the obtaining of a birdseye view of a book by reading it at one sitting; the use of reference and concordance to get the Bible viewpoint on doctrine, and the memorizing of helpful texts.

Mrs. Luella D. Kimball, wife of Dean Kimball of the college of Theology, left Thursday evening for Seattle, where she will attend the annual meeting of the Columbia River branch of the W. F. M. S.

## RHODES SCHOLARSHIP EXAMS BEING HELD AT THE "HUB CITY"

Willamette Representative Has Good Chance of Winning the Honor.

## COMPETITION VERY KEEN AND EXAMS STIFF

Albany, McMinnville and U. of O. Have Representatives Who Are All Excellent Scholars—Committee of Five to Select the Lucky Man.

The Rhodes Scholarship exams for 1914 are now in progress at the "Hub" city. Paul Homan is representing Old Willamette and has a good chance to bring the honors back with him. Three others will try to place a man for the contest, one each from "Oregon," Albany and McMinnville. The candidates are required to take some pretty stiff examinations in the following subjects: Latin translation, Latin prose composition, arithmetic, Greek translations, Latin grammar, algebra or geometry.

The subjects come in the order named, the first three having been held late yesterday. Returns from these will be had in three or four weeks.

From those who pass, one is chosen by a committee consisting of five University presidents of Oregon, among whom is Dr. Homan. They consider his scholastic standing, his qualities of manliness and leadership, his love for and success in athletic sports and his general character. Our man certainly stands high in all these, and we sincerely wish him the best of luck.

### Science Supplies Arrive.

The chemical and geological departments have just received two large shipments of supplies for the year's work. For the geology work Prof. Von Eschen has on hand a collection of rocks containing 140 different kinds of specimens. These were purchased from Foote & Co., of Philadelphia.

Besides these the professor has collected personally, during the summer, sixty-nine specimens from the various counties of eastern Oregon.

The chemical laboratory is crowded, also, with the shipment of new chemicals to be used in organic and quantitative chemistry, and for economic geology. The classes this year are not large and each student will be given the advantage of personal instruction.

**BUSINESS MANAGER** .....**SETH AXLEY**

First Assistant Manager .....Chas. Hall '10

Circulation Manager .....Leland Bond '17

Certificate Manager .....Walter Gleiser '16

**WHAT ABOUT IT?**

The various activities financed by the student body draw on the treasury for varying amounts each year. Some seasons one department fails to be self supporting and the next year some other fails to pay for itself. Last year it was nearly impossible to secure money to finance our forensic work. The various student body activities preceding the debates and oratorical contests had sapped most of the money from the treasury. The lack of system in financing the several different activities has given rise to these difficulties. Would it not be practical to have our funds divided so that the head of each department can have some idea of the amount which is available in the carrying out of his year's work?

By consulting the manager's reports for the last few seasons, we can get a comparative idea of the amount each activity would probably need. A proportioning of the funds could thus be made and a limit placed upon the amount that each department is to spend.

The managers can arrange their work much more systematically and will know just how much they have to work with if this be done. It is impracticable to try and run any division of student activity without proper support. Moreover, it is doing a great injustice to anyone to place them as manager of some enterprise and then let them find themselves stranded, with no financial backing.

Now is the time to settle this question. There seems to be no practical reason why this would not be successful and a great help to all student activities. What about it?

**WANTED—"ROOM BY WEEK."**

"Ads"—the newspaper man's salvation. We have welcomed this great influx of advertisements this year with open arms. We sincerely hope that the good work will continue indefinitely. Because of the amount of room needed to display these "golden ads," it has been impossible to print all the available news in the remaining space. As soon as possible, a readjustment will be made and all live news will be amply provided for. It has been suggested we might appoint a Frosh to read the extra news from the chapel steps every morning. Cruel thoughts!

**WE SHOULD WORRY!**

It appears that there were no baseball or track awards made last spring. In truth, we have been informed that the athletic consul did not meet to decide upon those who were eligible for the coveted "W." There was considerable business to be handled the latter part of last season, but that hardly seems sufficient reason for not giving those fellows who strive hard to bring honor to Old Willamette a square deal. Some of last year's men who were possible candidates for the golden emblem have not returned to school this fall. As a consequence, they have nothing to show for their athletic work here. When a man has enough backbone to get out and plow through mud and water night after night to win some track event, or enough bulldog tenacity to spend countless days twirling the horsehide or wearing the backstop's armor, we surely ought not mae him wait a year or so before rewarding him

for his ceaseless efforts. The idea is—"We Should Worry!"

**OUR LIBRARIAN.**

Tomorrow evening all Willamette students will gather to help Dr. Lisle celebrate the fiftieth anniversary of his marriage. "Our Librarian" is a friend to every student. He is never too busy to give advice or offer information. The Collegian wishes to express its great appreciation for all the help Dr. Lisle has rendered in its behalf. We congratulate both Mr. and Mrs. Lisle and wish them many more happy, prosperous years.

**THE UNKNOWN.**

A reporter came rushing into the Collegian office yesterday with a supposed "scoop." "I've found one," he gasped. "Found what," asked one of the other subs. "A Theologue." Being a new student in Willamette, the green newsgatherer was not aware that there are in reality several such beings preambulating about the campus. It seems quite unexplainable. Why should these students desire to remain unknown to the general public? Why do they refuse to divulge any of the events that happen in and about Kimball College? The liberal arts student has promised not to molest the Kimball students, yet the latter have never screwed up nerve enough to dispatch a reporter to the Collegian office with a basketful of news. We are wondering if the theologists are publishing their own paper or whether they have a town crier to take its place. Let's have some news, fellows, the more the better. Just bring a flag of truce. We are peaceful.

**TO REMODEL PHIL HALLS**

Plans Prepared by Mr. Little Adopted At Joint Meeting Friday Noon.

The Philodorians and Philodosians held a joint meeting last Friday at 1 o'clock and unanimously adopted the plans of Mr. Little for remodeling and renovating their halls. Mr. Little has spent all his spare time this summer planning the different features and according to his statements will give the Phils something entirely different from any society halls in these parts.

The partition between the two rooms will be so arranged that the rooms can either be thrown together for social functions or separated for the society meetings. The plan is to cut the archway about twice as big as the present one and have heavy curtains that may easily be concealed for dividing the rooms.

The two societies now have a large roll of very active members and, with the changes that will soon take place in their society halls, will have nothing wanting that is characteristic of live college literary societies.

**PHILOSOSIANS MET WITH THE PHILODORIANS WEDNESDAY.**

Mirth, gayety and laughter, rang and resounded through their halls last Wednesday evening, when the Philodosians and Philodorians met for their first joint program of the year.

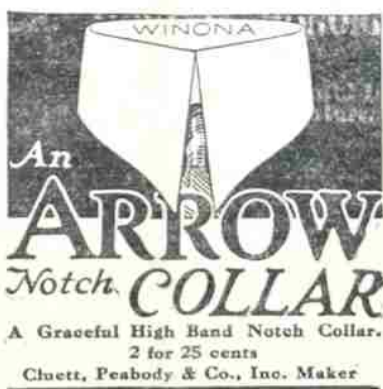

An outstanding feature of the evening entertainment was a scientific treatise by Harvey Tobie, on the subject "Songs." Mr. Tobie told about the harmonies made by man ever since prehistoric days. The Philodorian quartet successively brought tears and laughter by the selections of pathos and wit.

A number of the Alumni society members were present. Mr. Merton DeLong, with a lively talk on "The Philos, Their Past and Future," stirred up the society "pep."

Apples, popcorn and a table loaded with delicious Philodosian candy, put new life into "Good Night Ladies," when it came.

**Second Years Elect.**

Last Friday, the Second Years met and elected the following officers: President, Samuel Chapman, vice-president, Marjorie Gilbert; secretary-treasurer, Lucile McCully; Sargeant-at-arms, Ferris Bagley; reporter, Clifford Presnall.

**Never Lost Nor Stolen.**

Most forms of property may be lost, stolen or perish. The one investment that cannot be lost or stolen is a good commercial training. It is safe from fire, thieves, mismanagement—yours during life to serve you always, and the best insurance against want in times of trouble. Such a schooling, you may secure at the Capital Business College this fall and winter. Look into the matter and enter early.

**Noted Artists Coming.**

The city of Salem is to be visited by some of the world's greatest musical artists. Miss Minetta Magers spoke to a gathering of school teachers last Saturday concerning these people and the nature of the entertainments. The course will contain four numbers and will include the world's topnotchers, as Frances Alda, Yvonne de Treville, Charles W. Clarke, and Schumann-Heink. The dates are October 24, January 16, and January 23.

**A Showing of Stylish Suits and Overcoats for**

Men and Young Men in many pleasant models for Fall and Winter

You'll surely be pleased with this display of new Fall clothing. We've never had the pleasure of showing a better variety of garments. Every good style that a man of taste would want is here in the latest weaves and colors. Every garment possesses marks of refinement and good taste. But see these clothes for yourself and try them on. Try the Cloth Craft, the Ederheimer-Stein, or the New Stadium union made line which we recently brought to Salem. They're all good. We back them with our thirty-three years of business judgment. If anything should go wrong we will be here to make it right. A splendid time right now to purchase your furnishing needs while assortments are complete. A good selection of Shirts, Ties, Hose, Hats and all the other togs.

### CAMPUS NOTES

Marie Wells, ex-'16, is attending Pacific University.

Harold Jory, '15, has again appeared on the campus, and is here to stay this time.

Miss Maurine Sampson was a week end visitor. Miss Sampson is an old Adelante and her presence was very much enjoyed at the "At Home" Saturday afternoon.

Wm. Schreiber, ex-'13, was a campus visitor for two days last week. He says that he is tilling the soil near McMinnville but that an irresistible impulse compels him to make frequent trips to Gresham.

W. F. Doane of Ontario, Oregon, surprised his son Emory by making him a short visit after an extended visit at the home of his father in California.

Mrs. M. A. Hoffman, of Portland, was in town Saturday of fair week to visit with her son, Arthur. She was accompanied by Miss Grace Lipman. All three of them spent Sunday in Albany.

Thursday we enjoyed a profitable chapel speech from the Rev. W. A. Luce, pastor of the M. E. church, of Mabton, Wash., who is here visiting his son, Foster. He spoke on the subject, "Investments," and enlarged on it very effectively.

Dr. A. W. Patterson, father of Dean Patterson, who has been visiting here for the past six months, recently returned to his home in Pennsylvania.

Miss Junia Todd, vice-president of the class of '11, left Monday night for Tacoma, where she will enter U. P. S.

Miss Aetna Emmel, ex-'16, is teaching school at Milwaukie, Oregon.

Rev. J. J. Mickey, pastor of the M. E. church at Turner, spent Sunday-October 5, in Salem, visiting his son, Kenneth, who is taking P. G. work in liberal arts.

Wallace Dunlap, a nephew of Dean Kimball, registered as a Soph in liberal arts Monday. He took his freshman work at Rutgers.

Paul D. Manning, ex-'15, has been chosen a member of the college band at Stanford.

"Heck" Hewitt, ex-'15, is attending the North Pacific Dental college in Portland. He had charge of the Lents playground part of the summer.

### WEBSTERIANS HAVE VERY INTERESTING SESSION.

Last Wednesday evening marked an unusually excellent program at the regular meeting of the Webs. Harry Rice opened the evening with a paper on "Eugenics," followed by Maxwell Ball with an interesting talk on "Photography." The president called on Gilbert, Luce and Paul Irvine for extemporaneous speeches ranging in subject from "Rushing Rules Between the Societies" to "The Simplicity and Appropriateness of Sophomore Conduct." Harry Irvine and Gary, next gave a stunt, which brought the audience into such a state of mirth that the laughter did not subside until Sackett was called upon to speak on the Mexican situation. This talk was of real literary merit. The last number on the program was a debate on the question: "Resolved, That Our Oratorical contests Should be More Extemporaneous in Character." The affirmative was upheld by Gary and Stocker, the negative by Paget. Paget secured the decision.

### ADELANTES ENTERTAINED THE NEW GIRLS SATURDAY.

Saturday afternoon the Adelantes were "At Home" to the new girls and ladies of the faculty. The gathering was held in the Adelante halls, which were decorated for the occasion with autumn leaves. The form of entertainment was unique. Each girl filled out a matriculation card which entitled her to enter "Adelante College." The classes under Professors Eakin, Austin, Heist and Chapman were the cause of much merriment. After a hearty game of "Base Ball" in which all took part, dainty refreshments were served by Misses Hodge, Chapman and Penn.

**4 STORES**  
Vancouver and Centralia, Wash.

**Old Lausanne**

Lausanne has been exceedingly alive this week with all the excitement that goes with class, society and individual social affairs. Tuesday evening, October 7, the Misses Davis, Pennebaker, McMahon and Gorman enjoyed a sumptuous dinner at the home of Mr. and Mrs. Lisle.

Anne Ketel and Elsie Phillip, secretary and devotional chairman, respectively, have gone to live with town friends. The vacancy caused by their resignations will be ably filled by Elmo Ohling and Jessie Gorman.

Mrs. R. H. Harrison, of Oregon City, spent a few days at the Hall. On her return home, she was accompanied by her daughter, Evadne, who will be away several days.

Mrs. Fletcher Homan and Miss Katherine Homan were Hall callers Wednesday afternoon last.

Friday evening, the Misses Lornsten and Ogden entertained at dinner in honor of Miss Junia Todd, who recently left for University of Puget Sound. The table was artistically decorated with autumn leaf sprays. Place cards which were in keeping with the season were used. The invited guests were the Misses Todd, Samson and Leut, and the Messrs. Larsen, Teeters, Adams, Torkelson and Flegel.

**FROSH HOLD OPENING PARTY FRIDAY EVENING**

The Websterian halls were the scene of a most enjoyable event Friday evening, October 11, when the Freshmen of the University held their first class party. The halls were decorated in blue and gold autumn foliage and blue crepe streamers being used to carry out the motif. Dr. and Mrs. Homan, Dr. and Mrs. Patterson, Dr. and Mrs. Henke and Miss Estelle Chappel were the patrons and patronesses. The entertainment for the evening was furnished by progressive conversation and a musical program which was rendered by the Misses Beckley and Garrison, and Mr. Gearhart Larson. Apricot ices, in the centre of which appeared a dainty blue 17, were served with wafers.

**PREPS HOLD HIGH JINKS SATURDAY EVENING**

In response to the clever little "poetic bids" which had been issued, 40 young people of the academy gathered in the Websterian halls Saturday evening. Each guest came dressed to represent a book and much merriment was occasioned by the costumes. Prof. and Mrs. DeBra and Miss Estelle Chapelle were the guests of honor. During the evening, Miss Esther Cox and Miss Lucile McCully rendered several pleasing musical numbers. Refreshments of chocolate and white ices and wafers were served by Miss Helen Goltra, Miss Clara Perkins and Russel Day.

**Adelantes.**

An interesting and unique program was the one which was given at the Adelante meeting Friday afternoon. The whistling solo by Ether Emmel was an uncommon stunt and was much enjoyed. Aggie Alford and Lulu Weseman won the laurels from Laura Austin and Naomi Runner in the debate on the question, "Resolved, That the Indian is a Better Citizen Than the Negro." A piano duet was played by Genevieve Avison and Ruth Boyer. The concluding number was the reading of several clever and original sonnets by Kate Barton.

**MISS PAGE ENTERTAINED THE JUNIORS SATURDAY**

**Auto Ride in Moonlight Greatly Enjoyed by Fifteneers—Many Were Present.**

Miss Florence Page was a charming hostess at her home in Kingwood Park Saturday evening, when she entertained the class of Nineteen-Fifteen. The jolly Juniors gather at the home of Miss Stella Graham, then hid themselves to the place of amusement in an auto truck. The crackling open fire was doubly enjoyed after the ride in the crisp, autumn air, which imparted a considerable quantity of its snap and jollity to the pleasure seekers. Miss Florence welcomed the merry students at the door and treated them to such an original and delightful evening as only herself is capable of arranging. The dining room was a fitting expression of the taste of the hostess. The center of the table was a mass of ferns and graceful, slender-stemmed white Japanese wind flowers. At each corner of the table, at the tip of a long green frond, stood a white chrysanthemum shaded candle, while above the electrolifer was shaded in the same manner.

The class colors were also carried out in the delicious ices, which were white brick with a green almond bar in the center, and were served with macaroons. A rollicking Virginia reel to the tune of Spanish Cavalier, followed by a round of college songs, closed the evening. The ride home in the moonlight was a joy not soon to be forgotten by the Fifteneers.

**DR. TODD IS HONORED**

Students Present Him Beautiful Loving Cup on Eve of Departure.

In pursuance of an ancient custom long practiced by friends upon the eve of their separation, President Todd, of the University of Puget Sound, and the students of Willamette, pledged their troth Friday morning. As a token of their love, in behalf of the University, the students presented Dr. Todd with a beautiful silver loving cup. The presentation was ably made by Errol Gilkey. In accepting, Dr. Todd stated that the cup would occupy a prominent place on his mantle shelf and would be regarded by him as a bubbling fountain of love. He spoke with pleasure of his three years here and stated that he hoped his relationship with the University of Puget Sound would tend to cement the bond of fellowship existing between the two Methodist universities of the West.

Miss Ida Kuhnke, from Aurora, was visiting her sister, Minnie Kuhnke, on Sunday last.
