INSTALLATION CEREMONY

FOUNDERS' DAY
FEBRUARY 1, 1998
CONE CHAPEL, WALLER HALL

The election of Willamette University during Phi Beta Kappa's Triennial Council in September caps a rigorous three-year application and selection process. "The Willamette campus has emerged with all colors flying," according to Phi Beta Kappa executive secretary Dr. Douglas Foard, "and the society could not be more delighted with the outcome." Students completing their studies in the current academic year will be eligible for initiation to the honorary society this spring.

Founded in 1776, Phi Beta Kappa is the nation's oldest academic honor society. With chapters on 255 of the most prestigious campuses, and chartered alumni associations in over 50 metropolitan areas, Phi Beta Kappa's mission is to foster and to recognize excellence in the liberal arts and sciences. The society's distinctive emblem, the golden key, is widely recognized as a symbol of academic achievement. Through its chapters and alumni associations, the society provides over \$1 million each year for scholarships and visiting lectureships across the country.
