# GENERAL STATEMENT.

---

## LOCATION.

Salem, the capital of Oregon, is most beautifully situated on the east bank of the Willamette river, fifty-three miles south of Portland. Rich farm land lies on all sides and extends away for many miles. The scenery is delightfully varied by hills on the south and across the river on the west. The streets are wide and have a considerable decline westward toward the river. Several living streams of water flow through them into the Willamette, and in their course turn the powerful wheels of the great flouring and other mills, of which Salem is justly proud. It contains a population of nearly 15,000. The Willamette University, founded at a time when Salem was scarcely a townsite, has had the opportunity to grow with the city and impress its work upon the community. For morals and high state of Christian society, Salem is far in advance of most towns of its size. The official position of so many of its residents, in county and State, impart an increased culture to society. Many of the state educational institutions are located here, with their officers and teachers, which circumstance adds another advantage to the location of a University. The buildings are immediately in town, and places of business are of easy access. The campus on which the buildings are situated contains about eighteen acres. The people of Salem have ever given non-resident students a cordial welcome to their homes, their churches and society, so that, although among strangers at first, they are soon made to feel that they are among friends desiring and striving for their best interests. All circumstances combine to make Salem the best University town on the coast. It is not too large, so as to absorb the interests, of a University in its business affairs, and it is not so small as to be unable to accommodate all its interests.

**BUILDINGS**

The University building has been thoroughly rejuvenated and is in better condition for service than ever before. The Woman's College affords a very comfortable and agreeable home for young ladies. Special improvements adding to comfort and safety of students have been made. The Medical building is beautiful and ample. It affords admirable facilities for this most excellent and flourishing department.

### Literary Exercises.

Special drill will be given in composition, elocution and general literary exercises throughout all the courses of study. These exercises are additional to those mentioned in the Curricula.

Every student in school is expected to perform literary work the third Thursday of each semi-term, unless excused for equivalent work in Literary societies or in Elocutionary classes.

### Literary Societies.

There are three Literary societies connected with the school. They have commodious halls in the University building. The Philodosian society meets at 3 P. M., the Philodorian at 7 P. M., on Friday, and the Philomusical meets on Monday at 6:30 P. M., on each week. The objects of these societies are to increase knowledge among the members and to bring into practical use the mental drill obtained during the week; experience having shown that these are more readily acquired by a combination of efforts than singly.

Young Men's Christian Association.

A very flourishing Assocaiation has been in operation for more than a year. Bible classes have been held and weekly services are held, conjointly with the Young Women's Christian Association, every Sabbath day. These Christian efforts have imparted a healthy spiritual sentiment to the school, and has already resulted in the conversion of many of our young people.

The Ministry.

Applicants for the advantage of reduced rates granted to ministerial students, are required to produce either a local preachers' license or a recommendation from some Quarterly Conference, after the following form :

“ We, the members of the Quarterly Conference of..... Station, or Circuit, do hereby certify that.....is, in our judgment, called of God to the the work of the ministry ; and we cordially recommend him as a suitable person to be received as a student in Willamette University to prepare for such work.”

Students preparing for the ministry who need assistance, can usually receive loans to the amount of \$50 or \$100 a year from the Board of Education of the M. E. church. Information can be obtained by addressing the President of the University.

### Self Support.

A number of places can usually be obtained in private families where young ladies may do some work for home and board while attending school. Many young men pay a part of their school expenses by doing work out of school hours and on Saturday. Some have entirely paid their way in school by this means. Work of this kind is generally obtained by the persevering and energetic.

### Library.

The library has been thoroughly overhauled during the past year. Every book has been marked and assigned a proper place under a systematic classification, and a card catalogue has been constructed which for the first time puts the library in complete working order.

The library is specially rich in Government reports, many of which are nearly complete files and affords resources of information which are invaluable. It has other treasures of priceless worth. Yet it is more conspicuous for the absence of many invaluable works which are of greatest need for its utility and the requirements of the school. Will not large-hearted donors and the Alumni generally contribute to the Alumni Fund established for this purpose, or directly send such volumes as can be spared from their own collections, to the University library?

The following additions to the library has been made during the year :

From Gen. W. H. Odell, 1 volume on Population, Industries and Resources of Alaska.

From Prof. William S. Arnold, A. M., 30 volumes of Government reports and 2 pamphlets.

From Geo. T. Angell, 2 volumes, "Nil Desperandum" and "Black Beauty."

From Dr. J. N. Coles, 1 volume, Memorial Tribute to Abraham Coles.

From J. M. Wallace, 1 volume, Memoir of Rev. David A. Wallace, D. D., LL. D.

From Lick Observatory, 1 pamphlet on Celestial Photography.

From J. S. Van Winkle, Albany, *Once a Week*.

From different branches of the United States Government, largely through the courtesy of Senators J. N. Dolph and J. H. Mitchell, 186 volumes and pamphlets.

There are now 3,885 books and 2,275 pamphlets in the library. Many pamphlets, magazines, and papers are received for the use of the reading room.

A member of the senior class is appointed Librarian from year to year. J. H. Robnett has been Librarian for the year of 1892-3. No book shall be kept out longer than two weeks at one time. The holder will be charged ten cents a day for the time a book is held longer than two weeks.

Any damage to books other than the moderate wear, and the loss of books, must be made good.

#### **Military Tactics.**

Company A, Willamette Cadets, has been organized. Much needed exercise and knowledge of military tactics, as well as neatness in personal habit, and precision and grace in all the movements of the body, are learned in the various forms of drill. The guns used in the manual of arms have been presented for the use of the University by the State of Oregon. Boys and young men attending the University can purchase uniform suits for \$12 to \$15. The clothing is of fine cloth and can be worn on any occasion.

#### **Band.**

A voluntary band has been organized among the students. The instruments are the property of the University. The practice is a delightful pastime for those musically inclined, and opportunities arise in which to exercise their talents for special occasions.

#### **Text Books.**

The following authors are followed in the various text books of the institution :

#### Correlated Academies.

It is the design of these schools to prepare students as nearly as possible for the Freshman class in the College.

Certificates from the Correlated Academies will give the student bearing them the desired standing in the University without an examination on the studies embraced in the certificates.

These Academies are: Wasco Independent Academy, R. H. Willis, A. M., Principal, located at The Dalles, Oregon; Umpqua Academy, located at Wilbur, Oregon, ———, Principal; Sheridan Academy, located at Sheridan, Oregon, ———, Principal; Santiam Adademy, located at Lebanon, S. A. Randle, Principal; Pendleton Academy, H. L. Talkington, A. B., Principal.

#### Government.

The government of the University aims to be mild but firm in what few regulations it has. Constant thought is exercised to cultivate qualities of manhood and womanhood in every student. Whenever a student aims to do right, and to be diligent and successful in his daily work, he scarcely realizes that he is under government. While the general oversight has especial care for Christian training, yet the school is non-sectarian in its teaching and government. Its courses of study are on a high grade, comparing favorably with other institutions of equal grade in the

East, excepting in number of elective studies. The aim is thoroughness in teaching, and clear, symmetrical and high-minded culture.

### Needs of the University.

Large and immense additions to the funds of the University are much needed. One or two professorships should be established at once.

A suitable hall for recitations in the College of Liberal Arts should be erected the coming year. A Conservatory of Music building is an almost equal necessity. A Library building is one of the immediate wants, as also a plant for an Institute of Technology. Thoroughly to equip this institution upon the plan proposed, resources several times greater than any now possessed will be absolutely necessary. The Trustees cannot doubt but that the friends of the school and public-spirited men and women will create the needed facilities. The University is now only beginning to live. The character of its life will depend upon the help of those who have money, and who have such love for Christian training as to bestow it upon the institution for this purpose. This institution is on a firmer financial basis than any educational institution of the Methodist Episcopal church in this Pacific Northwest. Its long standing and numerous alumni render its success very promising. It only needs the hearty co-operation of Salem, its former students and the Church to make it a magnificent success. The corporate name of the institution is Willamette University.

### FORM OF BEQUEST.

"I give and bequeath to Willamette University the sum of ——— dollars, to be safely invested as an endowment for the support of ——— professorship in the College of Liberal Arts."

### Rules.

After long experience, the following rules are found to secure the best general government of the school. It is thought best to publish our rules in order that all may understand clearly under what restrictions they place themselves by becoming students of this University. No well-regulated institution can succeed

without rules of general government, any more than the State without laws:

GENERAL RULES.

1. Students coming from other Colleges must bring recommendations from the College they left.

2. Such students must present satisfactory certificates of work done, or pass satisfactory examinations.

3. Students from abroad are expected to board at the University hall or Woman's college, except to secure self-help, or other satisfactory reasons.

4. No student is allowed to board at a hotel or public boarding house.

5. No student will be entered at the beginning of the term for less than a term; nor will any student having withdrawn from school during the term without permission of the faculty, be granted an honorable dismissal.

6. Students will not be allowed more than four daily regular studies, except they are in review.

7. Examinations at the close of each term. Written reports of scholarship will be sent to the parents of each student after each examination.

8. Attendance at some selected church is required each Sunday morning.

9. Attendance at chapel service each school day.

10. Study during recitation hours, and from 7 to 9 P. M.

11. Permission for absence from school or town.

12. No profanity or the use of tobacco allowed in the school.

13. Visiting saloons or places of questionable character is prohibited.

14. Payment of tuition, each term in advance; for room and fuel, in advance for the year; and for board, semi-terms in advance.

15. Half-price for one study in school; full price for two or more. Students having studies in more than one grade will pay the tuition of the higher grade, provided they take two or more studies in that grade.

16. Time lost by sickness can be transferred, but no money is refunded.

### **Normal Instruction.**

Special training is provided for those students who are preparing for the profession of teaching. An English course, consisting of such studies as are considered most practicable for teachers of high school and common school grade, has been arranged. Special training upon methods of teaching and practical teaching enter into this course. Students completing this course of studies are awarded diplomas and the degree B. S. D. It has become very popular with those who desire a good practical English education. Those who have pursued studies in other good schools, and wish to take advanced standing in this, as well as any of the other courses laid down in this Catalogue, can do so by presenting a certificate of scholarship in the schools which they have left. In addition to the regular course of normal study, lectures on the theory and practice of teaching are given by the President and prominent educators of the State actually in the work of teaching; so that the student not only obtains a good education, but also learns the most advanced and best methods of instruction. The success which graduates from this school are meeting in almost every county of the State, and in other States and Territories, is of great encouragement to the authorities of this institution.

Those who complete the course will be able to pass an examination for a Life Diploma in the State of Oregon, or for other grades of certificates, both State and county. It will be seen that this course embraces more studies than are included in the list for the highest State Diploma. Branches required for a State and Life Diploma: Orthography, Reading, Penmanship, Des. Geography, Mental Arithmetic, Written Arithmetic, English Grammar, Physical Geography, United States History, Theory and Practice of Teaching, School Law of Oregon, Composition,

Rhetoric, Physiology, Algebra, Plane Geometry, English Literature, Bookkeeping, General History, Natural Philosophy, Constitution of the United States.

#### Young Men's Board.

Good rooms at a charge of \$1 a month for each room, and table board at \$2 per week. In this way, two boys have generally roomed together and reduced their room-rent to fifty cents each per month.

The design is to charge young men for board only what the material and cooking cost. The board has been very satisfactory, and supplies a long-felt want in the University.

The young men are expected to supply furniture for their unfurnished rooms. This will cost from \$6 to \$15 each, according to the value of the furniture. Many buy second-handed furniture. All furniture can be re-sold when the students leave. Furniture can be left in the rooms, and no room-rent is charged during vacation. Bed-clothing can be brought in a trunk or box and save buying.

The new rooms in the upper story are furnished and for these double rent will be required.

Anyone being away for more than one week at a time, on account of sickness, will be given credit on board for time lost, but room rent will be transferred. The greatest care has to be taken to meet expenses in boarding at such low rates. Board and tuition for the school year will cost from \$114 to \$134, according to the advancement of the student.

In regard to board of young ladies, see "Woman's College."

# COLLEGE OF LIBERAL ARTS.

---

## Information.

The College of Liberal Arts provides instruction in three different courses of study :

*First.* The Classical, embracing four years, is similar to that taught in other institutions of equal grade.

*Second.* Latin and Scientific Course, embracing four years of study, is prepared for those who desire special work in mathematics and modern languages, and do not wish to study the Greek.

*Third.* Literature and Art Course, embracing four years, is prepared for those who wish to pursue music and art, and substitute the work done on either of these branches for some of the more advanced studies of language and mathematics.

## Requirements for Admission to the Freshman.

**CLASSICAL COURSE.**—*Latin*—Grammar, Etymology, Syntax, Prosody, first two books of Cæsar, four orations of Cicero, four books of Virgil, and Jones' Latin Prose Composition.

*Greek.*—Grammar, Etymology, Syntax, Prosody, two books of Xenophon's Anabasis, three books of Homer's Iliad, and Jones' Greek Prose Composition.

*Mathematics.*—Arithmetic, Practical and Higher, Elementary Algebra, Higher Algebra, and Plane Geometry. .

*Science.*—Ancient and Modern Geography, Physical Geography, Physiology, Natural Philosophy, Elements of Astronomy and Chemistry.

*English.*—History of the United States, Outlines of General History, a thorough knowledge of English Grammar and Composition, Bible History and English Synonyms.

LATIN AND SCIENTIFIC COURSE.—Same as Classical, except one year of German and one of French instead of Greek.

LITERATURE AND ART.—Same as Latin and Scientific, with substitutions for Music and Art.

#### Degrees Conferred.

Those completing the Classical course will receive the degree of Bachelor of Arts.

Those completing the Latin and Scientific course will receive the degree of Bachelor of Philosophy.

Those completing the course of Literature and Art will receive the degree of Bachelor of Literature.

Those completing the Normal course will receive the degree of Bachelor of Scientific Didactics.

The degrees of Master of Arts, Master of Philosophy, and Master of Literature will be conferred on those having finished the above courses leading to these degrees, three years after graduation; *provided*, that since graduation they have sustained a good moral character, and have pursued some literary or scientific calling, or spent one year in the College.

Candidates for the Master's degree, should apply to the President of the University at least thirty days before Commencement.

The application must be accompanied by a fee of five dollars to pay for diploma.

Students completing any of these courses will, on application, be granted a State diploma to teach in the State of Oregon without further examination.

# THEOLOGICAL DEPARTMENT.

---

REV. GEO. WHITAKER, A. M., D. D., PRESIDENT,  
Professor of Greek.

REV. FREDERICK H. GWYNNE, D. D.,  
Professor of Systematic Theology.

REV. C. R. KELLERMAN.  
Professor of Historical Theology.

REV. A. B. BLACK, D. D.,  
Professor of Hebrew.

---

The Theological Department was formally organized October, 1889. It was deemed wise thus to begin in a regular way the work of Theological education in the institution. Besides the current work of the Department, special privileges are accorded in the other Literary Departments.

## Expenses.

Students in Theology have reduced rates in the Literary Departments. They also have all the advantages of cheap board and room-rent which are accorded to other students. No tuition is charged in this Department, but an incidental of \$10 a year, payable half-yearly in advance, is required.

The school year begins September 4th, and consists of two terms of twenty weeks each.

## Diplomas.

While the student preparing for the ministry is advised to complete a College course before entering the Theological school, yet those who may not have the time and means to take such a course, and yet desire a professional training for their work, will be entered as theological students, and will be awarded the

diploma on the completion of the course. Those who complete both a College and Theological course will receive the Degree of Bachelor of Divinity.

### Requirements.

Those who wish to enter the Theological Department, if they do not bear diplomas from some institution of learning, must present sufficient evidence that they possess at least a common English education. If they have not obtained a sufficient amount of education to admit them, they can be allowed to enter upon the study of Theology by permit of the Faculty ; *provided*, also, that they enter upon the study of the required work in the Literary Department of the University.

Those who are not licensed to preach or exhort, will be expected to bring recommendations from their Quarterly Conferences, that they are suitable persons to enter this School for the study of the ministry. A form for this recommendation will be found under "General Statement" of this Catalogue. For the studies to be pursued, see "Curricula."

### Advantages of Law Schools.

“The time has gone by when an eminent lawyer, in full practice, can take a class of students into his office and become their teacher. Once that was practicable, but now it is not. The consequence is that the law schools are now a necessity.”—*The late Chief Justice Waite.*

“There is little, if any, dispute now as to the relative merit of education by means of law schools, and that to be got by mere practical training or apprenticeship as an attorney’s clerk. Without disparagement of mere practical advantages, the verdict of the best informed is in favor of the schools.

“The benefits which they offer are easily suggested, and are of the most superior kind. They afford the student an acquaintance with general principles, difficult if not impossible to be otherwise obtained; they serve to remove difficulties which are inherent in scientific and technical phraseology, and they as a necessary consequence furnish the student with the means for clear conception and accurate and precise expression. They familiarize him with leading cases, and the application of them to discussion. They give him the valuable habit of attention, teach him familiar maxims, and offer him the priceless opportunities which result from contact and generous emulation. They lead him readily to survey the law as a science, and imbue him with the principles of ethics as its true foundation. Disputing, reasoning, reading and discoursing become his constant exercises; he improves remarkably as he becomes acquainted with them, and obtains progress otherwise beyond his reach.”—*Report of the Committee on Legal Education to the American Bar Association, August 21, 1879, at Saratoga, N. Y.*

At a glance it will be seen that the Law Department of the Willamette University has within its faculty some of the most eminent lawyers of Oregon. The members of the Bar of the Capital of Oregon take great pride in the Law Department of the Willamette University, and it is no doubt one of the best Law Departments on the Pacific Coast, and students wishing to thoroughly equip themselves for the legal profession, or in a thorough course of business or commercial law, will do well to consider this Department of the University before going elsewhere.

#### **Course of Instruction.**

The regular course of study in the College of Law occupies two years, the students being divided into two classes, the Junior and Senior. The Business or Commercial course occupies one year.

The exercises consist of lectures from standard text-books.

The students will frequently be referred to the leading cases on the subject under consideration, and required to be prepared for questions upon them at the next exercise.

Moot courts will be held at such times as the faculty deem proper, at which one of the professors will preside, and the students act as counsel. The students will be required to draw all necessary pleadings, and discuss their sufficiency.

The plan of study comprises the various branches of equity jurisprudence, code, commercial, international, constitutional, criminal, maritime and common law.

The first year of the course is devoted to the study of general commentaries upon municipal law, the law of contracts, the law of real estate, commercial and international law.

The second year includes equity jurisprudence, the law of torts, criminal and constitutional law, evidence, common law, equity and code, pleadings and practice.

The principal text-books to be used in the course are Blackstone's Commentaries, Kent's Commentaries, Parson on Contracts, Washburn on Real Property, Cooley on Torts, Pomeroy's Equity, Bishop on Criminal Law, Greenleaf on Evidence, Chitty on Pleadings, Bliss on Code Pleadings, Daniel on Negotiable In-

struments, Pomeroy's Remedies, Story on the Constitution and the Code and Constitution of Oregon.

Other text-books will be used for reference and illustration.

Students will be required to furnish their own books.

### **State Library.**

Students have free access to the State Library, which contains over thirty thousand volumes. It has a large collection of law text-books, also the United States Supreme Court Reports, English Reports, Irish Reports, Canadian Reports, and of many other foreign Courts, and all the reports of the Courts of last resort and Courts of *nisi prius* and other intermediate Courts of the different States and Territories of the United States, as well as the Reports of the Courts of Appeal, Circuit and District Courts of the United States, and many other reports in special branches of the law.

### **The Courts.**

The Supreme Court of this State holds most of its sessions in Salem, and sits nearly the whole school year. The Circuit and County courts have regular sessions in this place. Students can attend these Courts when cases of importance are being tried, and become familiar with legal business.

### **State Legislature.**

The Legislature of Oregon holds its regular biennial session in this city January, 1895, and students will have a chance to learn how the laws of our State are made, and will be granted special privilege to attend its sessions.

### **Lectures.**

Members of the Faculty will deliver lectures upon important legal topics when deemed advisable, and also eminent members of the bar from different parts of the State will deliver lectures to the students occasionally.

### **Insanity Jurisprudence.**

Special lectures on Insanity Jurisprudence will be given by Dr. L. L. Rowland, LL.D., F.R.S., and Superintendent Oregon State Insane Asylum.

### **Examinations.**

In addition to the examinations which will occur at the beginning and close of the year, the classes will be examined as frequently as the Faculty may deem advisable.

Students desiring to enter the Junior class will be examined as to their qualifications upon entering the school, and they must at the same time, unless they are personally known to some member of the Faculty, present certificates showing that they are possessed of good moral character.

### **Business and Commercial Course.**

For the benefit of young men not desiring to engage in the practice of law, but desiring to be informed in the laws of business and commercial transactions, a special course has been arranged for their training and will embrace all the subjects of business and commercial law. It is confidently expected that this course will be taken by all persons desiring to engage in business or commercial life, and also by all persons desiring to be informed in the law as a matter of liberal education, but not desiring to enter into active practice.

### **Graduation and Degrees.**

Students who have pursued the full course of study, and have passed satisfactory examinations and complied with the rules of the College of Law, will be recommended by the Faculty for graduation, and the corporation will confer upon them the degree of Bachelor of Laws, or of the Business and Commercial course, according to the course the student has pursued.

### **Admission to the Bar.**

The Faculty confidently hope that arrangements will be made by which graduates of this College will be admitted to the bar of all the Courts of this State without examination.

### **Attendance and Deportment.**

It is desirable that all students enter the school at the beginning of the year.

All students will be expected and required to attend all lectures of their respective classes, and to pursue their studies diligently, except when excused from so doing by sickness or other good cause.

Students will be expected and required to conduct themselves with propriety, and to refrain from intemperance, gambling and other misconduct, and to obey all rules and regulations adopted by the Faculty or Trustees.

#### **Lady Students.**

Ladies will be admitted on the same terms as gentlemen.

#### **Classes.**

Students will not be admitted to the Junior class unless they possess at least a good education, a knowledge of Latin, and, if they have not received a degree from some College of Art, they must satisfy the Faculty that they possess such education.

The students who pursue their studies at this school for one year and pass a satisfactory examination in all the studies of the Junior year, will be admitted to the Senior class.

Students who have pursued the study of law a year in some other College of Law, or have studied law under a competent instructor for at least one year, and pass a satisfactory examination by the Faculty of this College in the branches taught in the Junior year or their equivalents, may be admitted to the Senior class.

#### **Scholastic Year.**

The school year begins on the first Monday in October of each year, and ends on the first Monday in June, and this year constitutes one term. Students will not be admitted for a shorter period than one year.

#### **Expenses.**

The tuition will be \$100 for Law course, and \$50 for Business course; the tuition must be paid or secured in advance, and no one will be permitted to enter the class until he has his entrance ticket from the Dean. A fee of \$10 will be charged at graduation to those receiving diplomas.

Board and lodging can be obtained at reasonable rates.

# WOMAN'S COLLEGE.

## FACULTY OF OVERSIGHT.

REV. GEO. WHITAKER, D. D., PRESIDENT

MISS MATTIE L. HANSEE, A. M., DEAN.

MRS. G. W. GRAY.

MRS. AMELIA MILLER, B. S.

I. This department of the University provides instruction :

1. In Literary Work—(see Academy and College Departments.)
2. In Music—(see Conservatory of Music.)
3. In Art—(see Art Department.)
4. In Elocution—(see Elocution Department.)

II. It provides homes for all lady students from a distance, whether taking lessons in Music, Art or Elocution or reciting in any other department of the University.

It affords a place of residence, under careful supervision, and amid refined and orderly surroundings.

Board in Woman's College Hall, with everything furnished except towels, napkins and bed clothing, \$3.50 per week. A well-furnished room is supplied. But the occupants are expected to have a room-mate. Day board and board for those who supply their own furniture, is put at \$3 per week.

Many parents object to sending their daughters from home to a school where, from the want of a College home, under proper oversight, they are compelled to board in families, that, as a rule, acknowledge no responsibility to parents or to the University.

It offers to all the students of the Woman's College—those resident in the building, and those living in the city—a center or place of gathering for lectures and for such social events as may pertain to the home life of the department.

The Dean and other teachers reside in the Hall, and thus it becomes a religious home, and at the same time is surrounded by all the good influence of College life.

Care is taken in the furnishing of the building, in the regulations pertaining to the household, and in the internal life of resident students and officers, to maintain the atmosphere and surroundings of a refined, gentle home, so as to make residence in the College Hall a means of education.

It is not designed to make the Hall a means of income to the University; it is not a financial venture, and has nothing in common with the aim of a boarding house. On the contrary, the cost of residence is placed so low as to bring the advantage of the Hall within the reach of all earnest young women, desirous of an education.

## Information.

The Conservatory of Music affords facilities for a thorough and systematical education in the theory and practice of music. The value of music as an element of culture depends very largely upon the other elements of culture, literary and scientific, acquired with it. It is, therefore, advised that the pupils in music pursue at the same time some other study, or studies, in one of the departments of the University. An exclusive musical education will, however, be given to those who desire it, and instruction may be taken for any longer or shorter time. Special opportunities will be afforded

to those who desire to fit themselves for the profession, either as artists or teachers.

Pupils have the choice of three courses : The Virtuoso, Teacher and the Post Graduate. The Virtuoso Course requires the pupil to have a thorough knowledge of the Theory of Music, Harmony, Single Counterpoint, History of Music, including a familiarity with the lives and works of the Great Masters ; to become an artist upon some instrument or as a singer.

The Teachers' Course will include most of the Virtuoso, with the addition of the Methods of Teaching, and more of Practical Musical Composition.

The Post Graduate Course adds to the Virtuoso and Teacher's Course the study of Double Counterpoint and Fugue, Orchestration, and continued studies in advanced piano-forte playing and voice training, preparing the student for the degree of Bachelor of Music in course.

By attending the Conservatory, pupils are brought under the influence of systematic teaching, and in the associating with other pupils are stimulated to more earnest effort. The instruction given is according to the methods now in use in the best Eastern Conservatories. Persons on this Coast who desire a complete and satisfactory course in music need not be at the expense of going East. Those who have taken the course are surprised at its completeness. The difficult work in passing all the grades to graduation, eminently prepares one for a teacher or artist. Salem is well adapted as a city for a school of music. The society in Salem is of the very best, and all influences are of an elevating character.

The Conservatory has ample facilities for all who wish the best instruction, having at present seven teachers, seven pianos and two organs—one being a fine pedal instrument. All pupils are advised and encouraged to take a regular course and graduate.

The free advantages deserve special mention. They are equivalent to fifty free lessons each year if pupils take advantage of them : 1st. Public rehearsals are held twice each term, at which pupils of the the proper advancement appear in songs and instru-

mental solos, four and eight-handed pieces. 2d. Lectures upon Musical History, etc., are given occasionally. 3d. Pupils of the fourth and fifth grades will receive two terms, one lesson in each week, in method of teaching. 4th. Chorus rehearsals are held once a week. 5th. Pupils have access to the Conservatory Library. 6th. Orchestral rehearsal each week.

Visitors are always welcome, and are invited to come and see the regular work of the pupils.

### **Branches Taught.**

Instruction is given on the Piano, Organ, Violoncello, Violin.

In Notation and Rudiments of Music, solo singing in Italian, German and English.

Harmony, including Counterpoint and Fugue, Orchestration.

Art of Teaching Vocal Music in the Public Schools.

Theory. Tonic Sol-fa Method. Church Music.

Oratorio and Chorus practice.

### **Class Teaching.**

The class system of teaching music is very popular wherever it has been thoroughly tested. When not more than two or three pupils of equal grade receive lessons in a class, the improvement is generally equal to private instruction.

### **Reading Classes.**

Pupils have the advantage of reading classes once or twice each week. This will enable them to become better readers and strict timists.

### **Supervision of Practice.**

A new feature has been introduced in which beginners will have a Conservatory teacher to watch and guide the practice until the pupil has advanced far enough to be allowed practice alone. Pianos furnished at the Conservatory. Pupils receiving three short lessons per week, practice included in the price of lessons.

## COURSE OF STUDY.

Piano and Voice Culture in five grades. Organ and Violin in four.

Pupils taking private lessons in more than one branch, will be given reductions from the above rates. No reductions from the class rates.

Clergymen who are dependent upon their salaries, and who send their children to the Conservatory, will receive a reduction from the above rates of ten per cent.

Pupils taking Class, Organ or Piano lessons must arrange for two lessons per week.

It is important that pupils shall begin with the school term.

It is urged that pupils take the regular course of study, with the object of graduating from the Conservatory.

#### General Information.

*TIME OF COURSE.*—No definite time can be fixed. Some pupils will make double the advancement of others.

*CHILDREN.*—Special arrangements will be made for children to study music.

*ORGAN PRACTICE.*—A pedal organ is furnished for practice in the Conservatory. For more advanced pupils a pipe organ is used, located in the M. E. church, Salem.

---

\*The reason that different prices for private lessons are made is on account of the different teachers.

**LENGTH OF TERM.**—The usual length of each term is ten weeks. Special arrangements are made in special cases.

The Conservatory students are urged to join the Philomusical Society, a Musical and Literary Society, for the purpose of studying the lives and works of the Great Masters, Musical History, and discussing questions pertaining to Music; also other literary work.

#### **Regulations.**

1. The examination and classification of pupils, and the payments of tuition and practice bills, must be attended to before the lessons begin.

2. Pupils will not be allowed to discontinue any study during the term without permission from the Directors. The general rules of the University in most cases apply to the order of the Conservatory.

3. No deductions will be made for lessons lost by pupils, except in cases of severe illness. Pupils must notify the teacher when they are unavoidably absent, before the time of the lesson.

4. Pupils in the 1st, 2d and 3d Piano or Organ grades, taking two lessons each week, are required to practice two hours or more each day. In the 4th and 5th grades, from three to five hours each day.

#### **Boarding.**

Reasonable board may be had in the Woman's College and in private families. All are expected to room and board in the College buildings unless self-help requires other arrangements.

Director of Conservatory of Music.

## ELOCUTION DEPARTMENT.

---

REV. GEO. WHITAKER, A. M., D. D., PRESIDENT.

MARGARET G. SCRIBER, PROFESSOR.

---

This line of study is in charge of a teacher who has made this important branch a special work. The Delsarte Method is the foundation of this department and the whole work is systematized and thorough. The students are arranged in classes, and special drill is given to each one to develop the vocal organs, by which a great ease and variety of utterance is attainable. Much care is taken also to acquire a proper emphasis and expression to voice, feature and gesture, in order to bring out and impress the full meaning of the author. Public exercises are appointed frequently during the year, in which the students render such pieces as will make a first-class entertainment, and at the same time give confidence and readiness in delivery. By this method the poorest readers have, in a short time, not only become good readers, but have been able to render before an audience, in an excellent manner, very difficult pieces.

The first year Academy Department, has been drilled in this Department throughout the year. Nothing is more important in every public relation in life than good speaking. The power to properly express one's own thoughts or those of others is invaluable.

In our Curricula will be found a one years' course of Elocution Study.

## ART DEPARTMENT.

---

REV. GEO. WHITAKER, A. M., D. D., PRESIDENT.

MISS MARIE CRAIG, B. S., INSTRUCTOR.

---

### Information.

This work is in charge of an accomplished instructor. Drawing and design are taught, as also painting in all its branches.

It is hoped that the friends of Art Culture will aid in the equipment of a studio with gifts of casts, specimens of pottery, art works and charts.

Decorative Art is made a specialty. When the weather is suitable, the pupils of the Department are taken by their teacher to sketch from Nature. Many of them make very rapid progress. Pupils are first taught pattern drawing, then put at the more difficult work of drawing from objects. Afterwards they are allowed to advance to paintings in India Ink, and Sepia and Oil Paintings.

The Art Department and Conservatory of Music comprises the work designed to be done under the auspices of the Woman's College.

Advantages are offered in this Department for completing a graded course of study and enabling students to make rapid progress.

This course consists in work from the round (object, casts, etc.) and will cover a period of two years. A course for amateurs desiring an accomplishment will also be provided, consisting in work from the flat (platters, plates, etc.) Those completing the course will be awarded diplomas.

---

**Courses of Study, First year.****CAST DRAWING.**

*First and Second Terms.*—Fruits and ornaments.

*Third and Fourth Terms.*—Masks and figures.

**SECOND YEAR, DRAWING AND PAINTING FROM LIFE.**

*First and Second Terms.*—Painting, still life, drawing, life.

*Third and Fourth Terms.*—Drawing; painting, life.

# UNIVERSITY ACADEMY.

---

## Information.

The University Academy will be found fully up to the grade of the best Academies in the east. It provides instruction in five different courses :

*First.*—The Preparatory, Classical, embracing three years' study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

*Second.*—The Preparatory, Latin and Scientific, embracing three years of study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

*Third.*—The Preparatory, Literature and Art course, which is the same as a Latin and Scientific, prepares the student for the Freshman class in the same course in the College of Liberal Arts.

*Fourth.*—The Teacher's course is prepared for those who do not wish to take a College course, but who desire to fit themselves thoroughly to teach in the public schools of common and high grade, and be able to pass examination for Life Diploma and State Certificate.

*Fifth.*—The Business course aims to give the student the most thorough and practical education that can be obtained in the time allotted. A thorough knowledge of all kinds of business papers, such as promissory notes, drafts, checks, deeds, mortgages, etc., together with the laws relating to them, and the more important principles of political economy will be required, and great care will be taken to give the student the latest and best information in all the studies of the course, which is described in another place.

## SESSION OF 1893-94.

---

The Twenty-eighth Regular Annual Session will commence on Monday, October 2, 1893, and continue until April 3, 1894. The matriculation book is open the entire year, and students so desiring may register early, and secure choice of seats on application by enclosing the matriculation fee of five dollars to the Dean.

### **The Regular Session.**

The plan of instruction during the regular session includes didactic lectures and operations, quizzes and practical demonstrations.

Six didactic lectures are delivered each day, four days each week, and are clinical lecture at the College Dispensary every day. Wednesday and Saturday of each week, three didactic and two clinical lectures will be delivered, the latter at the Portland Hospital.

No lectures are given on legal holidays, or during the holiday vacation, from December 24th to January 4th.

### **Location.**

Portland now contains 80,000 inhabitants, and is rapidly increasing in size. It is, moreover, not only a large and metropolitan business center, but is the terminus of numerous railways, and contains large manufacturing enterprises, which furnish a large and varied number of cases for study. The facilities for clinical study here afforded are unsurpassed, except by the great medical centers of the country.

The changes introduced in 1887 in the course of study of the Medical Department of Willamette University are in force. Three courses of lectures in separate years are required, in addition to private instruction for one year under competent tutelage.

While the four year's course satisfies at present the demands of the College, the Faculty earnestly recommended a five year's course with one year's reading and four sessions of lectures, making a further division of college work.

It has been abundantly demonstrated that with a proper grading and classification of the studies embraced in the College Curriculum, more satisfactory work can be accomplished both for student and teacher, than under the system formerly in vogue. It will be seen that this College offers all the advantages to be derived from the graded system. The first year is largely devoted to laboratory work. It is a mistaken idea with students and many practitioners that such work is mere trimming to be deferred to the last year if prosecuted at all; it is the essential foundation of the successful scientific practice of the day.

The regular course of instruction will begin with the opening lecture in the amphitheatre of the college building, on Monday, October 2nd at 9 o'clock A. M. and will continue for six months. It is earnestly desired that all students who contemplate entering the College shall be present at the introductory lecture that they may have the benefit arising from the early instruction of the course.

The Faculty have provided Laboratories equipped with all necessary appliances, in charge of skilled instructors where work is done in Anatomy, Histology, Chemistry, Physiology, Pathology and Bacteriology, having constantly before the mind the object of encouraging in the student originality, as well as individuality of performance.

In addition, the Faculty have endeavored in every way to insure an abundance of material in the Dispensary with which to illustrate the didactic instruction, to acquaint the student with the various instruments of precision made use of in physical exploration, and to afford him the advantages to be derived from personal examination of the patient by which alone he is enabled to become familiar with the various phenomena of disease. Clinics are held at the College every week day from 1 to 2 o'clock P. M. by members of the Faculty, where practical instruction is

given in Diseases of Woman and Children, Surgery, Medicine, Diseases of the Eye, Ear, Throat and Nose, Genito-Urinary Diseases, and Diseases of the Cutaneous System.

### **The Portland Hospital.**

The central portion of the Portland Hospital, has been occupied for two years. It is an elegant, commodious structure, build of brick, and is, in point of situation, construction and arrangement, preeminently adapted to the purposes for which it was designed. This building is 170x200 feet, three stories high, heated by steam and lighted by electricity.

The nursing department of the Hospital is under the control of Deaconesses and so gratifying have been the results of the system that the Trustees have established a Deaconess home and training school in connection with the Hospital.

The Staff is drawn entirely from the Faculty of the College, and thus having control of the Medical and Surgical Departments of the instution, the students of the College are granted access to its wards two afternoons of each week in the general clinics, or daily as members of private classes.

Privilege is given students who may so desire of taking a special course at the Hospital in the care and management of the sick, a privilege of which many have availed themselves to advantage.

It will be the aim of the Faculty to supply the student with as much clinical material as he can efficiently use.

### **Private Instruction.**

Private instruction will be given by various members of the Faculty.

### **Resident Physician.**

The Position of Resident Physician is open each April to one or more members of the graduating class, by competitive examination, by the Staff of the Portland Hospital.

## REQUIREMENTS OF MATRICULATION.

The requirements of admission are : (1) Credible certificate of good moral character ; (2) Matriculation ticket of a reputable medical college ; or (3) Diploma of graduation from a reputable literary and scientific college or high school, or a first grade teacher's certificate ; or lacking these, (4) The submission of an original essay of not less than two hundred words in applicant's own handwriting, with a further examination in Mathematics, English Composition, and Natural Philosophy.

The diploma or certificate must be presented to the Dean of the Faculty, who may, if any doubt exists as to acquirements of applicant, subject him to an examination.

Women will be admitted on the same terms, and enjoy the same privileges as men.

For a number of years the Faculty have urged students to pursue the "Graded Course" requiring three terms of lectures. Professional opinion has so far advanced as to lead to the adoption of this system. No other curriculum than the "Graded Course" will be offered by this College.

Following is the Schedule of the Course :

### First Year.

Descriptive Anatomy with Dissection.

Chemistry, with Laboratory work, including Urinalysis.

Physiology, with Laboratory work.

Histology, with Laboratory work.

Hygiene.

Elements of Surgery, Bandaging, etc.

Materia Medica.

Microscopy.

Final examination at the end of first year in Osteology, Hygiene, Inorganic Chemistry.

Students failing to pass satisfactory examinations at the close

of the first year and those desiring to matriculate in the junior class shall be examined on above branches before entering second year.

### **Second Year.**

Anatomy—Descriptive, Surgical and Topographical.  
Dissection.

Organic and Medical Chemistry, Toxicology.

Physiology.

Materia Medica and Therapeutics.

Principles and Practice of Surgery, Minor Surgery.

General Pathology.

Theory and Practice of Medicine.

Comparative Embryology and Obstetrics.

Ophthalmology and Otology.

Laryngology and Rhinology.

Gynecology and Pædiatrics.

Genito-Urinary and Venereal Diseases.

General and Special Clinics.

Final examination at end of second year in Anatomy, Medical and Organic Chemistry and Toxicology, Materia Medica, Physiology and Minor Surgery.

### **Third Year.**

Practice of Surgery and Operative Surgery.

Surgical Pathology, with Laboratory Work.

Practice of Medicine and Medical Diagnosis.

Ophthalmology, Otology, Laryngology and Rhinology.

Therapeutics.

Gynecology and Pædiatrics.

Obstetrics.

Diseases of Nervous System, Venereal and Genito-Urinary Diseases.

Dental Pathology.

Medical Jurisprudence.

Dermatology.

General and Special Clinics.

Final examinations in remaining departments. Students having attended 80 per cent of the lectures in any given term and secured the requisite percentage at its close, will be granted the College Certificate, setting forth such facts. Other colleges will please note.

#### Requirements for Graduation.

1. The candidate for the degree of M.D. must be of good moral character.
2. He must have attained the age of twenty-one years.
- He must have attended at least three full regular sessions of lectures of six months each, no two within one and the same year, of which the last shall have been in this College and the previous ones here or in some regular College authorized to confer the degree of M.D., and in which Anatomy, Materia Medica and Therapeutics, Chemistry, Physiology, Surgery, Practice of Medicine, Obstetrics, Gynecology, Pathology, Hygiene and Medical Jurisprudence are embraced in the curriculum.
4. He must have studied medicine not less than four years, including private tuition under a regular graduate in medicine or of some regular institution.
5. He must have attended at least two courses of Clinical Instruction and of Practical Anatomy.
6. He must submit satisfactory evidence of his attendance upon three courses of lectures, as prescribed, as well as evidence of his entire period of study.
7. He must pass a satisfactory examination by the Faculty, which shall be written, in all branches taught in this school.
8. He must have paid all College dues.
9. He must notify the Dean of the Faculty of his intention of becoming a candidate, depositing the graduation fee on or before the first day of February.

No Demonstrator's fee is required.

Students who have attended one complete course in this school and one course in a recognized Medical school, are permitted to become candidates by an attendance on one full course, the rules for graduation in other respects observed. They are exempted from the payment of fees upon attending a third term, except a nominal fee of \$10. Students who have attended two full courses in other accredited Medical colleges, and graduates of accredited Medical colleges who desire the diploma of this College, will pay the matriculation fee, and for a general ticket \$80.

To graduates of approved Colleges of Dentistry, Pharmacy and Veterinary Medicine the fees are \$100 for each session and the matriculation fee.

All College fees are due and must be paid on or before November 1st, or satisfactory arrangements made with the Dean of the Faculty.

No *Honorary* degrees in medicine are granted. Graduates of other schools who offer as candidates for graduation in this College, are required to attend the lectures and to pass an examination before the Faculty.

Graduates of this College are entitled to attend free of charge.

*Pathology*.—Park, Greene, Senn.

#### Information For Students.

The personal expenses of the student vary with his individual habits and tastes ; they are at least as low in Portland as in any other large city. Students can secure comfortable board and lodging for from four to six dollars per week, fire and light included, and those who are willing to reside at some distance from the College or to club together in lodging rooms, at very much less rates.

Students, upon their arrival in the city, should call at once upon the Dean or the Janitor at the College, Fifteenth and Couch streets, for information and assistance in securing board, room, etc. The Dean will, if desired, attend to the collection of the drafts and checks of the students. All business of the College is transacted at the office of the Dean, First and Jefferson streets, but in his absence students may matriculate at the office of the Secretary, First and Stark streets.

Alumni of this instruction are requested to keep the Dean

advised of their post office addresses and the addresses of the prominent physicians in their vicinity.

Physicians desiring the annual announcement regularly, or those desiring further information will confer a favor by applying in person or by letter to

## Announcement.

The sixth annual course of Pharmaceutical instruction will commence on Tuesday, October 3, 1893, and will continue during the six months following.

The instruction will embrace lectures upon Organic and Inorganic Chemistry, Theoretical and Practical Pharmacy, Materia Medica, Botany and Microscopy. Practical Chemical and Pharmaceutical work is also required.

The Faculty of the Pharmaceutical Department of Willamette University has been enlarged and proper exertion has been made to place the institution in such a condition that it will afford the

means of a thorough and practical Pharmaceutical education. The new College building is a matter of pride and satisfaction to all who are interested in such an institution. It has been constructed and arranged solely to afford the best facilities for teaching and learning. It is three stories above the basement and contains ample lecture halls, spacious laboratories for chemical and pharmaceutical work, museum and library, etc.

#### **Requirements for Admission.**

Every applicant for admission to the regular course of graduation at this College must have attained the age of sixteen years, and be required to pass a preliminary examination or present a diploma or other satisfactory written evidence that he has passed the first Grammar Grade and is entitled to enter the High School of this city, or has attended some Academy of a grade equal to that of our High Schools. Those who do not present such certificates will be examined in English Reading and Composition, Penmanship, Orthography and Arithmetic.

In order that the students may derive the fullest benefit from the course, they should be present at the opening of the session and every lecture.
