## What May We Expect?

Monday, promptly at 10 a.m., the state's biennial law-making body, the state legislature, swings into action across the street at the state capitol.

Leaders, unofficial, but authoritative, presumably, promise one of the shortest sessions in history. The legislators get paid for only 60 days. In 1947 the session ran for a record of 83 days and adjourned in the wee small hours of a cold March morning.

We believe the voters have made it quite clear to legislators in the November elections just what they want. Lower income taxes, equitable property taxes, a good old age pension, better highways, forest conservation and a more inexpensively run state government.

For the first time in many years a democratic member on the state board of control will run the treasury and Oregon's purse-strings. Leslie Scott, the retiring treasurer, was known for his mathematical prowess in balancing the state's budget. Walter Pearson has \$80,000,000 in the surplus fund to play with and distribute.

Most World War II veterans are at the point where they are feeling the high cost of living, too. A veterans' state bonus will be another problem which will undoubtedly be cussed and discussed in the legislative chambers.

By Monday the capitol coffee shop should be full of old timers and newbies to figure out the state's progress for the next two years; the ice-box in the lounge room should be ready for operation and the people will be sitting back to laugh or cry over the milk spilt or bottled by the Oregon State legislature, 1949 version.

## Pal Goes to Greener Pastures

Pal, the huge St. Bernard, a canine usually known for its versatility in cold weather, spiritual and otherwise, left this cold, cold world recently to seek greener pastures in the happy hunting grounds of dogdom.

The Phi Alpha fraternity, to whom Pal was attached has lost a true friend.

The Statesman last week editorially complained because no one had picked up its suggestion about the Cherry Bowl in Salem. We call attention again to the Collegian editorial in the December 10 issue.

The Collegian wishes to extend this belated Happy New Year to everyone and remind students that 1949 is Willamette's 106th, the Collegian's 60th and your year to shine.

## Grecian Asks for Exchange

December 6, 1948

Dear Friends:

The cry that was first cried in the skies and above the Judean hills will soon be heard again.

Humanity still waits for "Peace on Earth, Good Will to Men." Merry Christmas and a Happy New Year to you and your family members.

If I receive your precious letter, I will mail to you at once a nice, hand made lace or doily and in exchange I hope to receive your discarded clothing and remodel them for my family.

May God bless you all. I don't know English and I am writing you this letter through an interpreter. We have not a proper job and have plenty of time to make laces for you. After you receive my humble present and if you desire in exchange to send me any used clothing we will appreciate your deed heartily.

The most important thing for me is to have your friendship and exchange with your family

hand-made doilies and laces.

In my family we are five persons. We all make laces and doilies.

Cordially,

Miss Dimitra Malama  
Griva street No. 5  
Cavala, Greece.

(Editor's note: The above letter was received by Eric Bergman and it has been printed for the benefit of those who would like to contact Miss Malama.)

## Humbug!

Something unusual in Christmas greeting cards reached members of Prof. James Elliot's advanced accounting class a few days before Christmas.

The card said, "Advanced Accounting: chapter 13, problems 1 and 5; chapter 17 . . . etc." and was sent in the interest of those who might have "some spare time."

## The Veteran and the Legislator . . .

"What d'you say . . . Let's forget that G.I. bonus 'til you boys really need it!"

## Open Letter to Oregon Legislature Or---Why I Want a Veteran's Bonus

By W. "Bill" Dobbs

Discharge Day . . . San Diego! Ah, glorious day, and with it the glorious contribution from Uncle Sammy to the tune of three hundred bones.

Those two days following discharge were spent lavishly distributing this mustering out pay throughout the city. Obviously, this paltry sum was far below the required standards and was rapidly depleted.

Then those first rollicking days on the home front! Ah, memories! How subtle the budgeting of feeble sums misered through those long months of servitude . . . and then, just when all hope had been lost what should arrive but terminal leave bonds to the tune of another \$200!

Subsequently, with the passage of a reasonable length of time (one week) the balloon had been completely inflated and burst unceremoniously to bring notice once more to that missing bank account.

Having again satisfied the requirements of living, the realization came that mustering out pay was gone, money in the bank was one of those things you joked about and those lovely leave bonds were shot. Of course, the senseless possibility of work could have been considered at this point, but this, being the harsher of two evils, it was possible to revert to one other possibility . . . go to school and collect 75 clams a month. Naturally, this was found to inconvenience social life, what with unheralded amounts of study, but just when things look their blackest, the end of the month rolls around and with it the afore-mentioned check.

All of this may sound very convenient and simplified, but comes now the necessity of finding some budgetary outlet for expending the pecuniary amount, hereafter referred to as "subsistence" allowance. This is a confusing title to this amount for, it is obvious, it is hardly satisfactory for "subsiding" as herein

described. Consider its total value—\$75.

Now then, first of all come living expenses. These include room and board, totaling something in the neighborhood of \$60. Now we mustn't overlook smokes and, coupled with this, amusements (various and sundry)—\$60. Well, now, it is apparent that the predominant budget is lacking in absolute clarity so, by dropping two meals a day and adding the extra amount to the Frivolity fund, we may, with careful guidance, increase the cigarette consumption and, with any luck, go to a show or take in some other pleasant experience possibly once a week.

Unfortunately, we have mere-

ly transferred the expended funds from one fund to another so still are just about doubled in output and still the same in income.

In closing, please be considerate and drop all your butts near Baxter, willya? Every little bit helps.

## Slim Chance

At least half the heredity-environment controversy has been settled by an LSU professor.

Says the prof: "The chances are that if your father and mother didn't have any children, you won't either."

—Daily Reveille.

## Education Ends Elation

By Mo Fitzsimons

What a vacation! I'm in a daze from those happy, carefree days. The greater portion of my vacation was devoted to putting a piece of string about the middle of a certain magazine and pulling the string tight. (This is a process commonly known as "wasting TIME").

I suppose I should mention my other job. I was employed at the Diamond Match factory for several days, but I was "fired." I guess I was just "lit" too much. Besides, I couldn't get ahead even though my work was matchless. So much for my days of gainful employment.

The holidays were wonderful except that I got awfully mad during Christmas. The family met at our palatial hogan. Each of us was designated a place to sit while the presents were being distributed. Santa told me to sit on the sofa for the present—but you guessed it, no present.

My fat old wife received a Ronson table model for Christmas, but I assure you that she didn't get any lighter. Her stocking was really bulging.

New Year's Eve! Let's just forget it, huh? They tell me I thought I was a Winchester rifle and as a result I proceed-

ed to get loaded. (A BREECH of WU's Purity code of ARMS) There was a somewhat voluptuous blonde at the party dashing about sans clothing and proclaiming she was New Year's Eve. I later heard she was pinched.

The climax of my vacation came unexpectedly on the last day. I was sitting in an easy chair reading a current magazine when my brother asked me to aid him in some menial task. I laid down my magazine and hurried to help him. Verily, I had laid down my LIFE for my brother.

## Cooperation Asked

George Manolis, manager of the Capitol Coffee Shop, has asked that Willamette students who patronize his establishment cooperate in maintaining an orderly status during the legislative session.

Manolis emphasized that Willamette students are welcome in the Coffee Shop, but he further stated that he would appreciate it if students would help alleviate crowded conditions by refraining from lingering at the tables after having their coffee.

## On the SOUTHard Side

By Wally Southard

The student I saw last Monday morning had a face like an open book. He stood on the State street sidewalk in front of Waller hall, with his hands in his pockets and his shoulders hunched forward and down. A cigarette dangled from his lips, and the books which he held under his left arm and against his side with his elbow threatened to fall to the sidewalk. He shivered in the morning cold (unseasonal weather for Salem, I am told), and stamped his feet repeatedly to keep his circulation going.

Suddenly a throaty factory whistle blew; then a clock somewhere began to toll the hour, 8:00 a.m. The student drew one hand from the warmth of his pocket, inhaled deeply a last time from the cigarette, then flipped it into the street, turned, and with a face which disclosed disappointment, elation, sorrow, hops, and finally resignation, walked slowly towards Waller hall.

I didn't see the student again until the lunch hour, and by that time all expression had vanished from his face. All that remained was the dazed and somewhat natural dead-pan which many of us wear and which usually becomes more pronounced about a month before final examinations.

So that's it. Nothing changed. Sixteen days. Really four holidays too, that is if we count Christmas eve and New Year's eve. Those two days probably get more celebrating than the actual holidays. And now it's back to work again.

## Former Prof Accepts Post, Ohio College

John L. Knight, former religious counsellor at Willamette and now chancellor of Nebraska Wesleyan university, announced recently that he has accepted the presidency of Baldwin-Wallace college, Berea, Ohio.

Knight, who spent two years at WU, from 1943 to 1945, taught Bible classes and served, the second year, as assistant to the president. He went to Nebraska Wesleyan to become chancellor in 1946.

Baldwin-Wallace is a Methodist school, like Willamette and Nebraska Wesleyan, and is located in a suburb of Cleveland. With an enrollment of 1,800 students, it is especially noted for its annual Bach festival, and more recently for sending Harrison Dillard to win the 100-yard dash in the 1948 Olympics.

A graduate of Wesleyan university, Knight also holds degrees from Brothers college, Drew university, Boston university and Vanderbilt university. He will assume his new duties July 1.

John L. Knight

## Dramatic Cast Set for Play

Casting for Karel Capek's "R. U. R." is almost complete. "R. U. R." or "Rossum's Universal Robots" is to be given February 16 and 17 for Religious Emphasis Week.

Members of the cast will be Pat Holtz, Betty Thompson, Bill Strobbe, Roberta Meyer, Ray Yocom, Phil Hammond, Udell J. McManus, Ella Lou Ball, Lyle Parke, Robert Witham, Bob Jewell and Ray Loter.

## Library Exhibits "The Piazza Tales"

"The Piazza Tales", written by Herman Melville and edited by Egbert S. Oliver of Willamette's English department, are on display in the show case in the University library. They were written between 1853 and 1856. Among the distinctive tales, "Benito Cereno", eerie story of a fear-haunted ship, has been called "the noblest short story in American literature."

Two of Melville's best known books, "Moby Dick" and "Pierre" are also on display. Some of the many letters and papers connected with the writing of "The Piazza Tales" are with the exhibit.

## Graduate Record Exam Scheduled For February 7, 8

The graduate record examination will be given on this campus February 7 and 8. This examination is becoming a requirement for admission to many graduate and professional schools, and students who look forward to advance study should consider carefully the desirability of taking the examination at this time.

The examination consists of two parts: first, a general review of the background of information possessed by the student; the second test covers the student's special field. The cost of the examination is ten dollars.

The deadline for registration is January 20. All those who are interested should see Dr. George Martin, room 21 in Eaton hall, for the application forms and other material as soon as possible.

## Bergman Rotarian

Eric Bergman, Collegian editor, was named this week as Rotarian for the month of January by the student council. He succeeds James Purdy, who was December Rotarian of the month.

## Examination Schedule

Jan. 29 to Feb. 4, 1949

L.D.	U.D.	SATURDAY JAN. 29:	M. W. F.	8:00 to 9:50
13	14	3rd period classes		
3	3	5th period classes		1:00 to 2:50
		MONDAY, JAN. 31:		
14	14	4th period classes		8:00 to 9:50
9	14	6th period classes		1:00 to 2:50
		TUESDAY, FEB. 1:		
16	6	1st period classes		8:00 to 9:50
9	9	5th period classes		1:00 to 2:50
		WEDNESDAY, FEB. 2:		
13	6	2nd period classes		8:00 to 9:50
4	4	1st period classes		1:00 to 2:50
		THURSDAY, FEB. 3:		
14	10	2nd period classes		8:00 to 9:50
5	5	6th period classes		1:00 to 2:50
		FRIDAY, FEB. 4:		
2	4	6th period classes		8:00 to 9:50
1	6	7th period classes		1:00 to 2:50
0	0	7th period classes		1:00 to 2:50

Classes not covered by schedule to be held at the class hour or by arrangement with the class.

## Chapel Notice

Mu Phi Epsilon, national music honorary at Willamette, will present a musical program in freshman chapel Tuesday.

Prof. John Harrington, head of the philosophy department at Lewis and Clark college, will speak Thursday at the First Methodist church.

## Urban League Speaker Here

Racial prejudice and its problems was the topic of Edwin Berry, a Negro representing the Urban league, who spoke at Tuesday chapel.

Berry pointed out that there is a wide discrepancy in US life today with the statement in the Declaration of Independence that "All men are created equal." He contended that, to be perfectly accurate, it should state, "Some people are created equal."

## Collegian Sends Competing Issues To Safety Contest

The Collegian's entry in the national tariffic safety contest in which the paper was entered in December, was forwarded just before Christmas to the judges in Chicago, Eric Bergman, editor announced last week.

Individual entries which were entered in the competition included an editorial by Bergman, a cartoon by Ed Fitzsimons, two features by Al Ladendorff, a feature by John Williams, a feature by Wally Southard, and picture by Don Dill.

The paper itself was entered for articles appearing in the December 3, 10 and 17 issues. Prizes of \$500, \$250 and \$100 are offered in two classifications for papers, daily and non-daily, and individual prizes of \$100 each are offered for four classifications including cartoon, pictures, news features and news stories covering traffic safety.

Announcement of winners are not to be released until March, Bergman said.

## 2nd Grades Ready

Dr. Withey's office announces that second week grade reports are now in the hands of advisors. Students are asked to contact their advisors to obtain their own averages.

## Geist Elected NATS Officer

Dean Melvin Geist of the College of Music has been re-elected regional governor of the national association of teachers of singing, according to word received from the Chicago convention of the national association of Schools of Music.

The convention, held during the holidays, promoted nine schools to membership in the NASM, including Whitman college of Walla Walla, Washington, Willamette and the Universities of Oregon and Washington. These Northwest schools were represented at the conference.

## Air Force Offers Aviation Cadet Training Program

Young men in the Salem area interested in an officer's career with the U.S. air force may learn first hand about the air force's aviation cadet-pilot training program from a special traveling aviation cadet procurement team which is scheduled to arrive here soon.

The local army recruiting office said this week that the traveling team will be prepared to provisionally qualify immediately all men who meet the USAF requirements. The team will have its headquarters at the recruiting office in the post office building and will interview non-students as well as those enrolled at the school.

Those interested are asked to contact the army recruiting office for further details.

## Lettermen Meet

Lettermen's meeting on Tuesday at 2:30 in the Gym. Howie Lorenz, president, wishes the attendance of all Lettermen.

## Office Murals Will Feature Printing Story

The history of printing from the caveman to modern times is the subject of the murals that are now being sketched by Dale Cleaver to be painted on the walls of the Collegian office this year.

The paintings will be six feet wide and six feet long and will be painted in egg tempera which is a mixture of egg yolks, varnish and water.

The murals will be a year's project. The research and preliminary sketches having been completed, Cleaver is now working on the cartoons of the actual-size paintings.

Mural painting offers an excellent chance for young painters to demonstrate their ability for the fine arts division of the United States treasury department is sponsoring mural contests in which the winner will be given a chance to paint murals in public buildings for which large commissions are received.

The University art department plans to offer a course in mural painting as soon as possible.

We think that a lot of live-wires would be dead ones if it weren't for their connections. —The Iowa State Daily.

## An Asset to Popularity Personality Glasses

Face-contour-fitting personality glasses give you, in addition to better sight, more confidence in actions thus increasing your popularity. An important item to remember is that personality glasses not only "fit your face," but also "FIT YOUR EYES."

"The Johnson Act"

Here's the famed Johnson act that Maestro Lewis and all Willamette rooters will be counting on in the 1949 campaign for the Northwest conference crown which starts tonight against Linfield at McMinnville. From left to right Bob, Jim and Ted Johnson.

THIS WEEK'S SPORTS CALENDAR

COEDS  
Today  
Willamette vs. Pacific college, here, 3 p.m.

Cats in Loop Opener Tonight at Linfield

After a well earned 10-day rest, Johnny Lewis sends his cagers against Linfield college in the opener of their Northwest conference flag chase tonight at McMinnville in an 8 p.m. tussle in their armory.  
Next Tuesday Mush Torson's squad of Portland Pilots will invade Salem for their initial start

against Willamette this season in an 8 p.m. affair on the local maple.

Wildcats ex-Co-Champs

The Wildcats, who are coached by Glen Hubbard, were the conference co-champions with the College of Idaho in the '45-'46 season but dropped to a lowly sixth last season with a 5 won and 9 loss record.

The Linfield crew gained an even break with Willamette last season by losing here 70 to 47 and winning at home 61-52. The Wildcats have an all-veteran squad. With Don Gassaway and Ole Johnson, a pair of exceptionally fast and aggressive forwards, lanky Bill Abrahamson, a high scorer in the pivot spot, and freshmen guards Bill Anderson and Ken Hansen, they are expected to give the locals plenty of trouble.

The Wildcats, like the Bearcats, about broke even in their pre-season warm-up tests, and it could be anybody's ball game. Pilot Record Impressive

The Pilots are considered one of the best small college teams in the Northwest and boast a win over the University of Idaho and three easy wins from UBC to help verify the statement.

Also the Pilots drubbed CPS, last year's Northwest conference champs and winners over the University of Washington, in a recent tilt. They, however, have lost to such top teams as OSC and the Oakland Bittners.

Pilots Experienced

Men well over the 6 foot mark, Ray Foleen, Bob Devich and Jackson Winters, all ex-Portland prep stars, make up the Pilot front line while the oft brilliant Leo Grojaques and Happy Lee handle their fast break from the back court. All of them are veterans with the exception of Roy Foleen, who is, nonetheless, playing a bang up game in his first season of varsity ball.

At present, Coach Lewis is having trouble selecting guards to join Jim and Bob Johnson and Ted Loter in the starting lineup. Ted Johnson, Lou Scrivens, Tom Warren, Dick Allison and Bruce Barker are all jockeying for the positions.

Tonight's starting lineups:

Hoopmen Win 3, Lose 1 in Yuletide Games  
Lewismen Thump Humboldt Twice, Divide With Chico

Willamette's Bearcats found the yuletide season not only wonderful but profitable as in four games they raised a previous two-won, three-loss record to five-wins, four-losses.

In winning three and losing one the locals vanquished a barnstorming band of Humboldt Staters twice on the local court on December 18 and 19 and then journeyed south to Chico where they split with Chico State in a December 27 and 28 series.

In the Humboldt opener the Jasons managed to edge the Californians 69-55 but not after a tough go. It was nip and tuck for the first ten minutes of play and the lead changed several times. Then center Jim Johnson canned one of his whirling dervishes from the side to put Willamette ahead 15-13 and the locals were never headed.

However, the lead was never more than six points until the last five minutes when Willam-

ette gradually pulled ahead. Halftime score was 35-32.

The second tilt was much the same as the first for the first ten minutes of play and it looked as though the Staters were going when their high scoring guard, Gene Moses, canned a long one from the corner to give them a 18-16 lead.

Bedlam Breaks Loose

Then zowie. An avalanche fell on Humboldt and in the remainder of the first half the Lewismen hit the hemp for 21 counters while the Staters could score only two. In fact, from the 18-16 Humboldt advantage Willamette scored 19 straight points.

Ted Loder tied things up first with a two-pointer followed by the clincher, a free toss by brother Bob Johnson. Then Dick Allison canned two gifters, brother Jim hit a floor shot, Bob dittoed, Dick Brouwer meshed two charities, Doug Logue canned a fielder and Brouwer hit a fielder.

In the second half John Lewis sent in his entire bench which only increased the 37-20 lead the first stringers left at halftime.

Chico Men Tall

The Chico State series threatened to be a walkaway as the

southerners, with much height, walloped the Salemites 58-42.

Halftime score was 24-17 in favor of the first night victors, and though Willamette came back strong at the first of the last half to take a momentary 30-26 lead, due chiefly to the four quick ones Bob Johnson canned from the floor, the superior Chico height proved too much and they pulled away.

Bearcats Come Back

Next night was different as the locals took the attack to Chico and walked off the floor with a 27-24 halftime lead. Plenty of worry and sweat saved the game in the last half as Ted Loder and the Johnson duo combined their scoring efforts to stay in the game.

With six minutes left Ted Loder put the Jasons ahead for good with a long push shot to make it 41-39. From there they nursed it up to a six point lead with which they finished despite the efforts of giant-size Chicoites Jack McGowan and Harry Wustenberg.

Three teams—the Has Beens, Phi Alpha A and the Rubes—rested at the top of the pack in the intramural basketball A league at the close of the week's play with a pair of wins each against no losses, while in the B league, still in its first round of play, the Beta B's and the Phi

Alpha B's were tied for first with one win and no defeats.

The Shieks are also unbeaten in A league play, having a single victory to their credit. The Law School A has yet to play its first game in that circuit.

In a single game last Monday evening, the Baxter A's took their second victory of the campaign, topping the Band 30-11, mostly behind the offensive work of guard John Norvell, who dumped in 12 points.

Wednesday evening, the ill-conditioned Sigma Chi club held their own for one quarter against Phi Delta Theta, but the Phi Deltas ran all over the Sigs in the last three quarters to capture a 28-11 victory. The win gave the Phi Deltas two wins against a single loss.

The same evening the Rubes romped through the Laurel Hall boys 21-10 to hand them their second defeat. The Rubes controlled the backboard to win going away. Center Paul Morris of the winners handled most of the backboard duties as well as dumping in five counters—high for his club. Mark Cotton was high for Laurel, also with five.

# Frosh Up Wins to 6 Straight

Adding four victories to make six wins to no defeats, the Frosh hoopers toppled Dayton, Salem, West Linn and Lebanon highs since the holiday vacation began.

The closest tussle given the Freshmen was a three overtime, 39 to 37 win over the potent Salem high quintet in a December 21 tilt.

## Matile, Unruh Star

George Matile, ex-West Linn star, and Waldo Unruh scored late in the game to tie the ball game up at 32 all. The game ended in a 34-34 tie; the first overtime ended 36-36, and the second 37-37.

# Bearkits Face Linfield, UP With 6 Straight Win Record

Boasting six victories in their six starts against high school opposition Coach Jerry Lillies' Willamette froshcats swing into the heavy part of their schedule facing the potent Linfield frosh tonight at 6:30, at McMinnville, in a preliminary to the varsity struggle.

The Linfield five also sports an impressive bunch of pre-season press-clippings employing the fast break in their last two outings to run over their opponents. According to all pre-game records the game should more than be enough to warm up the spectators' lungs before the varsity encounter.

Willamette's starting lineup will probably consist of the same five who have carried the burden so far: that of Waldo Unruh and Claude Nordhill at forwards, Jack Miller at the center slot with George Matile and Dave Chamberlain playing the guard positions.

## Portland Here Tuesday

Following Friday night's tussle, the Bearkits play host to the tough Portland university frosh in next Tuesday night's prelim starting again at 6:30.

Following is the remainder of the frosh schedule which may be supplemented later with more games.

Date	Team	Where
Jan. 14	Tillamook	There
Jan. 18	Pacific U.	Here
Jan. 19	Dayton high	There
Jan. 21	Lewis & Clark	Here
Feb. 4	Linfield	Here
Feb. 5	OSC Rooks	There
Feb. 8	Portland U	There
Feb. 10	Grants Pass	There
Feb. 11	K. Falls	There
Feb. 12	Redmond	There
Feb. 15	Lebanon	There
Feb. 18	Lewis & Clark	Here
Feb. 19	Pacific U	There
Feb. 25	Col. of Idaho	There
Feb. 26	Whitman	There

## TOUCHBALL PLAY POSTPONED AGAIN

Les Sparks, physical education director, said this week that due to bad weather, intramural touchball league play will not be resumed until the early part of the second semester.

Putting the stopper on his old alma mater, Dave Chamberlain hit the hemp to boost the Willamettes ahead to the final 39 to 37 "sudden death" win.

## Lebanon Dumped Tuesday

The Froshcats dumped a highly regarded Lebanon Warrior five last Tuesday by a 42-30 count. The Lebanon crew were in the game only a few minutes, after which the Bearkittens romped ahead 26-14 at the half.

West Linn's Lions also fell before the Bearkits in a December 22 match by a tune of 54 to 35. Matile paced the Frosh by scoring 17 counters against his old high school.

In the Humboldt prelim held on December 18 the Frosh turned away the Dayton high club 42 to 29. At haltime the Frosh led 18-11.

Scores:	Dayton 29	Pos	42 WU Frosh
Sherman 6	F	4	Miller
Cockerham 2	F	13	Nordhill
Manning 7	C	4	Robinson
Lorenzen 10	G	6	Matile
Mather 2	G	4	Chamberlain
WU Frosh—Unruh 6, Southworth 1, Lenz 2 and Girod 2.			

WU Frosh 54	Pos	35 West Linn
Lenz 5	F	13 Goold
Montag 9	F	3 Town
Miller 13	C	13 Adrain

# Sports Orbit

by Oakes

A letter printed on the feature page of the last Collegian raised an objection to the officiating of Willamette's first basketball games played prior to the Christmas vacation. The letter, written by Messers Bill Church, Dorland Swan and Don Humphreys, ended by charging that if the officials aren't changed Willamette would lose gate receipts and valuable local support.

JERRY LILLIE

With the New Year now on deck, a recapitulation of 1948 seems in order. Spring sports were far from impressive with Johnny Lewis' baseballers able to gain five wins in ten trips in a rained out season. Track, golf and tennis were meager on wins and spring football was more or less a flop.

Before that Lewis' basketballers finished out their casaba season with 14 wins and as many losses, the long season proving too long for a one string club.

## Lillie's Spadework Helped Backing

In the fall Jerry Lillie's pigskinners, after their upset win over the Portland Pilots were never able to recapture the same form and lost the Northwest conference title though they ended with a six won five loss season.

To us the real bright spot of the year was Lillie's ability to promote Willamette athletics off the field as well as on. Due greatly to his efforts Willamette student spirit has been built up as well as Salem backing, especially through the Salem Breakfast club. Many future ball players are training their eyes toward Willamette again due to Lillie's groundwork.

We can't expect too much but we feel that because of Lillie's advance spade work his and Willamette's future in 1949 and after can't help but be continually brighter.

It seems to us that these charges and a good part of the rest of the letter are unjust. We could debate with the gents who wrote it on each point presented. But to us the answer was given before either of the referees tooted a whistle in their first game. They were booed as they walked onto the floor and if that's the decision of the fans before given a trial, so to speak, they've got no kick with the results.

We might add that the referees, Al Lightner and a Max Allen, are to call the fouls according to the rule book, not by the slap of a hand or the thud of a falling player. One of the men, Al Lightner, is considered one of the three top officials in the Northwest.

# Willamette Given Nod by AP To Win Northwest Loop Flag

John Lewis's Willamette Bearcats are favorites to win the 1949 Northwest conference crown, according to an Associated Press release yesterday.

The Bearcats were given the edge because of their 55-43 win over John Warren's Oregon Webfoots and their good showing against Slat's Oregon State Beavers in two outings.

Two other clubs, the Lewis and Clark Pioneers and the Whitman Missionaries, were expected to give Willamette plenty of trouble in the title chase according to the AP because of their good pre-season showing. Whitman edged out the University of Idaho in a pre-yuletide game.

All six conference clubs will

go to the post this weekend with Willamette and Linfield getting the jump in a Friday night contest at McMinnville.

Saturday night, Pacific's Badgers take on Whitman at Walla Walla and Lewis and Clark opens against College of Idaho at Caldwell.

# IDAHO FOR OREGON IN 1949 OPENER

Willamette will play Idaho instead of Oregon in opening their 1949 grid campaign it was disclosed by the University of Idaho Athletic department during the Christmas vacation.

# Janetski Leads Baxter B's To First Half Bowling Title

As the smoke cleared and the clatter of flying pins suddenly stopped, the Baxter B's found themselves wearing the fall intramural bowling crown after a torrid playoff match with the

Sigma Chi kegglers. By virtue of their decisive win over the Sigs, the Baxters won the right to meet the spring session winner for the 1948-49 tenpin toga.

Led by John Janetski, who had a high series of 525, the B's racked up an amazingly high total of 2599 pins, compared to the Sigs 2257. Janetski also hit for high game, knocking over 195 in the third and final game.

At the end of the official schedule Baxter was tied with the Sigs, each with a record of 11 wins and 4 losses, thus necessitating the total pin playoff for the fall championship. The second half of the tourney will start shortly after the opening of the spring semester, with each of the six participants meeting each other once. The winner of this round robin will tangle with the Baxter B's to determine the mural champ for this year.

# Archery Lead Dominated By 4th Periods

Arrows are now shot from bows—by civilized people—only at a target with various circles. It was this principle of shooting, but with human targets, that devastated the world for 30 centuries. All of which leads to the standing of the women's archery class tourney which has been in session since early December.

First place — Tuesday and Thursday 11 o'clock class.

Second place — Tuesday and Thursday 9 o'clock class.

Third place — Monday and Wednesday 10 o'clock class.

High point women are Jane Mountcastle and Helen Takayama with 45 points out of a possible average of 54 points.

To get order out of the chaos of conflicting events, W.A.A. held a meeting at 4 p.m. yesterday to discuss the coming "play day of dance", under chairmen Fern Ingram and Florence Campbell. Committees were appointed and assigned duties. Maria Puckett was named as chairman of the ping pong tourney to be started soon and Alice Miller was named as head of the volley ball tournament, which will take place on days when the gym is free from use by the men.

The Willamette women will meet the women from Pacific College in their second basketball tilt of the season today at 3 p.m.

Beverly Briggs

## News Sheets, Cigars Reveal Briggs' Troth

It all happened the night before Christmas when one diamond ring was found in a star hanging from the decorated tree, but official announcement of the engagement of Beverly Briggs and Travis Cross was not revealed until dinner at the Pi Beta Phi house Monday night.

Newspaper proof sheets with the news of the betrothal were placed under the napkins at dinner Monday and a box of imported chocolate cigars was passed with dessert. Although Miss Briggs had worn the sparkler at various holiday parties in Salem, the engagement was still a secret to many until Monday evening.

Daughter of Mrs. Myrtle Briggs of Long Beach, California, Miss Briggs will graduate from Willamette next month after which she will go to Long Beach, Cross, who was a junior on the campus last year, is now attending Leland Stanford University. Son of Mr. and Mrs. Henry A. Cross of Salem, he was affiliated with Phi Delta Theta while at Willamette.

## Lewis and Clark Delegation Visit WU National Sororities

At a meeting of the First Council of Panhellenic Tuesday, plans were discussed for a luncheon tomorrow in honor of delegates from Lewis and Clark college in Portland. The delegation is visiting Willamette as well as various other universities to study national sorority functions and activities, since they are considering installing national sororities on their campus.

Upon their arrival at 9 Saturday morning, they will be met

# WILLAMETTE

DONA ADAMS - Editor

## Goddess of Love Highlights Interdorm Grecian Theme

Venus, the goddess of love, will descend from her celestial home tomorrow night between the hours of 9 and 12 to reign over the annual inter-dorm formal. During those hours "One Touch of Venus" will transform the Labor Temple into a Grecian dreamland for women of Lausanne and Fredrickson halls and unaffiliated town women.

General chairmen for the dance, Alice Turtledove and Phyllis Jarman, worked together to secure the hall and Glen Williams' orchestra.

A black felt Venus, silhouetted on silver background will compose the programs, as planned by Sue Mellar.

The Grecian theme will be carried out throughout the hall and the refreshment rooms in shades of pale green, lavender, and cream-white with black silhouettes adding to the mystic atmosphere. A large figure of Venus will dominate one corner of the room, reflected in a rock pool and highlighted by a spotlight. White Grecian pillars placed around the room will be entwined with laurel and grape leaves. The band will play under a grape arbor and the arbor effect will be carried out on the entrance hall and stairway. Cupid will add further to the mystic effect in the refreshment room. Chairman of decorations is Ruth Patterson. At intermission Joyce Kelly has planned refreshments of punch and cookies.

Sponsors, invited by Marge Aldinger, are Mr. and Mrs. John Lewis, Mr. and Mrs. Charles Barkley, Miss Helen Olson and Miss Yvonne Simpson.

Alice Turtledove announces that programs can be purchased from her, Phyllis Jarman or Sue Mellar for \$1.50 up until the time of the dance.

## Soph Announces During Vacation

The holiday vacation brought news of another engagement of Arvada Swain McGilvra and Donovan McVicker, announced at the Portland home of her parents, Mr. and Mrs. G. H. Swain.

Mrs. McGilvra is a sophomore at Willamette, while McVicker is a former student now attending Wheaton College in Wheaton, Ill.

Following the wedding, planned for June 15 in The Dalles, where his parents, Dr. and Mrs. R. S. McVicker, live, the couple will continue their education at Wheaton. They are both preparing for service in the foreign mission field.

## Alpha Phi Omega Elects Officers

Installation of mid-semester officers was performed at the meeting previous to vacation by Alpha Phi Omega, national Scout service organization. Dick Moore will handle the gavel during the next semester, while Elliott Motchenbacher will assist him as vice-president.

Secretary and treasurer posts were filled by Sheldon Green and Chic Schmidt. Gil Oliver, Jack Walker and Jim Nickel will be historian, sergeant-at-arms and alumni secretary, respectively.

## AMEN CORNER

A hard times party will be held tonight by Wesley Fellowship at 7:30 p.m. at the First Methodist church. All students are invited.

Dr. Raymond Withey will lead a discussion on the topic, "Why is a Christian?", at Wesley Fellowship meeting, Sunday, January 9. A comparison will be made of Christian ideals and moral truths. Supper will begin at 5:30 p.m. with worship and speaker at 6:30 p.m.

"What We Should Know About the Bible", second in a series of discussions on the Bible, will be the topic for Phi Zeta Christo this week with Jeanne Tanner leading the study. The meeting will be held Sunday from 6:15 p.m. to 7:30 p.m. at the First Christian church.

Reports on the Inter-varsity Christian Fellowship and Foreign Mission Fellowship conference, held on the University of Illinois campus, December 27 to 31, were given last night by delegates Carl Blanes and Jerry Jewett, in a meeting of Inter-varsity in the Little Chapel.

Dr. Roy A. Fedje will speak and lead a discussion on Deputation teams, Tuesday, January 11 at 8 p.m. in the Fellowship room

## Hardtimes Party Sponsored By Church Groups Tonight

An unusually informally attired group of all denominations will meet at 7:30 at the dining room of the First Methodist church tonight for a Hardtimes party in keeping with the campus all church night.

Any variety of old clothes will be acceptable for the event, which will feature a program and

square dancing arranged by Bryce White of the Congregationalists. Emcee Scotty Washburn of the Presbyterian group has planned a Truth or Consequences game, an impromptu barber shop quartette contest and a special story teller. The Willamette men's quartette of Dale Morgan, Jerry Robinson, Art Dimond and Carl Blanes will sing several numbers for the program. Door prizes will be awarded.

Refreshments of cocoa and doughnuts will be served by the Episcopalians with Bob Robbins in charge. Willard Bates, representing the Christian church group, is clean-up chairman. Publicity is being handled by Eloise Purdy of the Methodists.

All denominations, whether represented by campus groups or not, are invited to attend.

Arvada Swain McGilvra

## Juniors to Meet

The junior class will meet Tuesday at 4 on the third floor of Waller to discuss the class party next Saturday night, Freshman Glee preparations and possibly class elections, reports Rog Adams, president.

## Methodist Universities Reach New Peak in 1948 Enrollment

Enrollments were greater in the fall of 1948 than ever before in the 160-year history of Methodist Colleges according to an announcement made by the Joint Committee on Public Relations for Methodist Educational Institutions.

Enrollment figures show that 181,027 students were enrolled in 114 Methodist-related colleges in 1948 as compared to 171,516 in 1947. This represents a net increase of 5.5%. The enrollment increase in all the 1,800 institutions of higher education in the United States for the fall of 1948 as compared to the fall of 1947 is only 3%.

Veterans enrolled in Methodist colleges numbered 81,804 in the fall of 1948 as compared to the 82,994 enrolled at the same time in 1947. This represents a decrease of 1.4% in veteran enrollment. In higher educational institutions of all types (church-related, private, state, etc.) veteran enrollment has dropped 9%.

Methodism's ten universities made gains both in total enrollment and veteran enrollment. Total enrollment increased from 105,870 in 1947 to 115,709 in 1948. This is an increase of 9.3%. Veterans increased from 56,494 to 61,354. This represents a gain of 8.6%. All universities in the United States experienced only a 4.6% increase.

## Oregon Prof. Sees Coalition In China Soon

Chiang Kai Shek and his nationalist government are almost washed up and will be replaced in the near future by a coalition headed by the Communists, according to Dr. Paul Dull of the University of Oregon who addressed a group of Willamette students at Eugene Thursday.

The 29 students were from Dr. John Rademaker's social forces in the Pacific class which made the trip to hear Dull's lecture and to visit the museum of Oriental art on the U of O campus.

## Willamette Museum Needs Home

Dr. Morton Peck, curator of the herbarium, Virginia Wilson, science major, and Prof. Herman Clark, curator of Willamette's unboxed museum, inspect part of the museum in Collins hall. At present part of the museum is housed in cases about university halls.

## Display of Museum Articles Fills 20 Cases in Eaton, Collins

By Pat Jones

About 20 show cases with articles of science and the humanities are being displayed in Eaton and Collins halls by Prof. Herman Clark who has been curator of the museum since 1930. These articles represent about 25% of a wealth of museum pieces which formerly made up the Willamette museum in the second floor of Waller hall.

This museum was started in 1907 by Dr. James Lisle who transferred most of the articles from Nebraska and catalogued them with pieces already at Willamette. The museum pieces ranged from Oregon pioneer relics to oriental objects contributed by Lisle.

### Museum Grew

By 1942 this museum had grown so large it covered the entire second floor of Waller. Because of the extreme need for classroom space it was finally abandoned in 1946. Clark keeps the articles in storage and switches the displays from year to year.

The Eaton exhibits include implement tools, baskets and bead handicraft works by Oregon, Alaskan and Mexican Indians. There is also a rare Indian princess necklace made of frogleg bones, prune pits and brass bits; a wooden canoe with paddling Indian warriors carved from a single piece of wood and a black figure-ornamented water vase molded by Aztecs in Mexico. In 1938 Oregon Indian artifacts, considered one of the rarest collections of Indian articles, were purchased by Willamette. Those on display include carved images of animals, fish and other mammal life in stone.

### Scientific Exhibits

In Collins the exhibits are scientific with the geological works on the first floor and the biological ones on the second floor. Clark did a great deal of work on the geology show cases while Dr. Morton E. Peck contributed heavily to the biology ones. Included in these is a British Honduras 32-bird collection in which the birds range in size from a small turkey to sparrows.

## 300 Miss Out On Pictures For Wallulah

As yet, 300 students have failed to report for their portrait sittings for the 1948-49 Wallulah. These students received cards in the mail this week, according to Geri Bowles, editor, advising them when to go down to the Jeston-Miller studio for their appointments.

The new Wallulah's introductory and faculty pages were sent to the printer before Christmas, and the staff is now working on the layouts of the main body.

Thirty-two pages are to be finished in duotone. Sixteen of these pages will be at the beginning, eight will be used at the four main divisions, and portraits of the University queens and their courts will make up the other eight two-toned pages.

A complete card index file of every WU student has been compiled under the direction of Pat Howard. Each card gives the name, address (on or off campus) and class of the student, states whether or not he has paid for his yearbook, and whether he has had his portrait sitting or not.

## 20 to Graduate At Semester End

Registrar Harold B. Jory states that about 20 will graduate this February with the heads of the departments setting the dates for the orals and comprehensives. Jory states that no exams will be given other than at the set times.

## CARTER Slings the Ink

Commentary on the Week's News

THE WORLD AT PEACE: There didn't seem to be much peace on earth in some quarters during vacation, and very little good will toward men . . . The US has been warning both sides of the Palestine fracas to stop. The Israelites have crossed the Egyptian border and Britain is threatening war if she does not withdraw. A British-Egyptian pact calls for mutual aid in case of attack . . . Britain was also busy on the other side of the world. She is reported to have used naval support in landing troops to put down Red insurgents in Malaya . . . The Dutch had claimed to have brought fighting to a close in Indonesia, but some guerilla activity is said to be going on . . . Observers are claiming that the situation in Greece is steadily becoming worse for the west and that the people not only are afraid to be associated with anti-Red foreigners, but also the nationalist troops . . . Seven top Japanese war criminals were hanged during vacation, including Tojo and the man who directed the Nanking outrages . . . We were wondering for a while if there soon wouldn't be more US fliers on that Greenland ice cap than there would be left to rescue them . . . The Chinese Reds are still refusing coalition offers. It could be that the days of the Koumintang are numbered . . . The prize tactical boner in the world-wide Soviet squeeze play could very well be the arrest in Hungary of Cardinal Mindszenty. Loyalty to the church is generally accepted to be the main factor in combatting communism in predominantly Catholic countries, especially Italy, and it seems likely that this could make the Reds even less popular . . . The invasion of Costa Rica seems to have bogged down already. The expected internal uprising has failed to materialize and Junta President Figueres is reported to have disarmed the Caribbean Legion to avoid bringing the Nicaraguan army down on his neck.

THE HOME FRONT: President

### Library to Feature Modern Paintings

"The Development of Modern Art", through color reproductions, is the theme of the first of a series of exhibitions to be staged in the University library by the art department.

The paintings will be selected by the class that is studying modern art and will be accompanied by typewritten legends telling the history of modern art.

Fred Sanderson, a junior art major, is in charge of the first exhibition which will be shown this week.

### Philosophy Club To Hear Kollman

There will be a meeting of the newly-instituted Willamette philosophy club Sunday at 8 p.m. in the lounge of the Phi Alpha fraternity house.

Edward C. Kollman, Willamette philosophy professor, will read a paper titled "Philosophy and the Dilemma of the Modern Artist" following which reading he will conduct an informal discussion.

### Legislative Alumni

William E. Walsh, state senator, and Frank J. Van Dyke, state representative, ex-Willamette students, who are slated to become president of the state senate and speaker of the house respectively. Both are Phi Delta Theta members.

### Radio Players To Present 'The Byronic'

The University Workshop will give a radio adaptation of a one-act play by Carl Varney, "The Byronic", over KOCO next Monday at 10 p.m.

During the next few weeks the following will be presented: "Schneik, The Old Soldier", "Samson Agonistes", and "Fall of the City".

A program based on English, Scotch and French ballads is being prepared by Meryl W. Smith, and an original radio version of Aesop's Fables is being written by Robert Scott.

### Pal Is Gone

### Campus Mourns Pal

The campus extends sympathy to members of Phi Alpha, who lost a beloved friend recently. Pal, their St. Bernard, died of pneumonia at a local veterinarian's establishment. The condition was attributed to the dampness of the basement in Baxter hall.

### Salem Rotary Club Selects Richard Wicks as Candidate

Richard Wicks, Willamette law school graduate, has been nominated as Salem's candidate for the Rotary club foreign scholarship, says Robert W. Fenix, Rotary secretary and Willamette business manager.

According to Fenix, all Rotary clubs fall into district and each club of each district nominates a candidate for the scholarship. Competition takes place between clubs in the districts and their finalists are eligible for national competition between districts. Winners of the national competition will have an opportunity to go abroad to study at a foreign university for one year with all expenses paid. Last year 19

students were sent from the United States and 19 foreign students were admitted to American universities under the scholarship.

If Wicks is one of the finalists he will have an opportunity to go to an English university such as Cambridge to study law. He graduated from Willamette's law school last June and received his degree in liberal arts from Willamette. While attending Willamette Wicks was student body president and undergraduate instructor in commercial law. At present he is a law instructor at the University of Southern California and serves as administration assistant in the law school there.

### Bookstore, Cat And Library Get Vacation Changes

Returning students found the campus bookstore a shade brighter than before the holidays. The walls had donned a fresh coat of light green paint, complemented by new red and green linoleum. Installation of fluorescent lights completed the re-vamping.

Electricians were also busy in the WU library where a complete new lighting system was installed while students vacationed.

Five of the indirect lights, formerly in use in the library, are now being installed in the Bearcat Cavern and will replace the wagon-wheel lighting fixtures.

# Win a POSTGRADUATE COURSE IN AVIATION

## PLUS AN IMPORTANT \$4000-A-YEAR ASSIGNMENT

### INTERVIEWING TEAM COMING SOON!

Few opportunities open to college upperclassmen can match this one! Here's a chance to get both flying and executive experience with the world's leader in Aviation—the U. S. Air Force.

If you can qualify, you join a select group of college men for 52 weeks Aviation Cadet-Pilot Training—with pay:

When you complete the course, you get your wings and a commission in the Air Force Reserve : : : up to \$336 a month pay : : : a vitally important 3-year assignment as pilot with a crack Air Force squadron:

*Win your Wings*  
with the U. S. AIR FORCE

A special interviewing team will be on campus to tell you more about it and to give preliminary qualifying examinations. Stop in after class and talk it over with the pilots themselves:

If you wish, you may sign up now and finish your schooling before starting your training.

#### HERE ARE THE REQUIREMENTS:

You must be a male citizen, between 20 and 26½ years old, physically sound, and have at least two years of college (or be able to pass the equivalent examination administered by the interviewing team). Both single and married men may now apply.

#### HERE'S WHERE TO GO FOR DETAILS:

PLACE Post Office Building

DATE January 10-11, 1949

TIME 3-5 P.M.
