Sell: Bonds of Fear, Hate, Resentment, Worry.

Sell: Money Preferred, Ambition Preferred, Self Preferred.

Sell: Fear of Public Opinion Common, Unwillingness To Think Common, Unwillingness To Take Responsibility Common.

Because of the unlimited liability to the holder, the market for the above issues is very restricted. There is no demand at present and a large supply, but all can be exchanged into the issues listed below under a very attractive offer now available to everyone.

BUY SPIRITUAL

Buy: Cooperation Consolidated Common, Standard Oil of Understanding Common, Power Unlimited Common, General American God-Control Common, America Can.

Buy: Spiritual Recovery Preferred, United Bridgebuilders Preferred.

Buy: Bonds of Absolute Honesty, Absolute Purity, Absolute Unselfishness, Absolute Love, Rated AAAA Non-callable, Interest Payable Daily.

The above securities are high priced but pay big dividends. They are tax-exempt and afford ample protection against the dangers of inflation and further Government regulation. If in doubt, ask the man who owns them or see the Spiritual Investment Counselors of the Oxford Group.

This memo appears not only as a matter of record but may, under any circumstances, be construed as an offering of these securities. Information contained was obtained from the experience of a large number of individuals and other sources known to be reliable. It does not purport to be all inclusive.

The bonds listed above are convertible, under certain conditions, into Changed Lives, Changed Homes, Changed Cities and Changed Countries. The advantages of the conversion privilege are forfeited if the securities are not held in your own name or are purchased on margin. No difficulties expected with the SEC as an active market for the securities has been established in over fifty different countries. Full responsibility for the above statements is accepted by
