I. INTRODUCTION TO WILLAMETTE

History of Willamette

In 1834 about a dozen farm families in the lower Willamette Valley and a handful of settlers at Astoria constituted the entire white population of what is now Oregon. In this year Jason Lee and several missionary associates started a school for Indian children beside the Willamette River about 10 miles north of Salem.

Within a few years, the slowly growing group of settlers felt the need for a more advanced school to serve their own children “in order to secure the best education of the pupils in science, morality, and piety.” To meet this need, a group of earnest citizens met in the home of Jason Lee in what is now Salem. At a second meeting held February 1, 1842, a body of bylaws was adopted and a board of trustees appointed.

The stated purpose of the meeting was to establish “a collegiate institution” which would “become a university.” The board, thus constituted, has existed as a corporate entity from that day to this and the date of the action is accepted as marking the founding of Willamette University, the oldest college in the West.

The school was known at first as the Oregon Institute. After a territorial government had been established, a charter was granted to the institution in 1854 under the name of “Wallamet University.” The original building (first occupied by the Institute in 1844) was a three-story frame structure which served the community as well as the school, since it was considered the most imposing edifice in the Northwest. It housed the first session of the legislature to meet in Salem and sheltered Oregon’s first court under United States auspices.

Willamette University is therefore closely associated with the very inception of law and government for the whole vast region now comprising the states of Oregon, Washington, Idaho and parts of Montana and Wyoming — the original “Oregon Territory.”

In facing its responsibilities in this remote area, Willamette attempted to serve the needs of the time. In addition to the College of Liberal Arts, a College of Medicine was established in 1866, the first north of San Francisco. It operated continuously until 1913, when it merged with the medical school of the University of Oregon. The College of Law, now a major division of the University, opened its doors in 1883 and was the first in the Northwest.

The first degrees in music were granted by the College of Liberal Arts in 1872, and by 1898, the music department had become the College of Music; music is now again a department in the College of Liberal Arts. The George H. Atkinson Graduate School of Management began classes in 1974.

Although Willamette’s first century was a period of slow growth, her educational strength was revealed in the achievements of her graduates, who reflected honor and prestige on the pioneer school. More recent years are marked

by the development of academic programs and facilities. Many new study opportunities and options and many new buildings have been added to a campus that has expanded to 57 acres.

With the completion in 1986 of the Mark O. Hatfield Library, Willamette University entered a new era; an era tempered by quality students and sharpened by a dedicated faculty. In the years ahead, Willamette will not only be regarded as the “oldest in the West,” she also will be recognized as one of the best in the nation.

OFFICE OF DISABILITY SERVICES

phone 6471

Robin K. Smithtro, *Coordinator*

Willamette University is committed to ensuring that all students have equal access to its academic and social programs. The Office of Disability Services is a resource center for students with disabilities within all colleges of the University. The office works to assess students' needs and provide appropriate and reasonable accommodations.

HEALTH CENTER

phone 6062

Vickie Simpson, *Director*

The University Health Center, located in Bishop Center, delivers health care for acute illnesses and minor injuries. In addition, the Health Center seeks to assist students by patient education, to maintain good health and to learn to appropriately seek and utilize health care services at Willamette and in the community. If you have special health care needs, please contact the Health Center early in the semester so that the staff can assist you in developing a plan of care during your time at Willamette.

Other services include medical care for men's and women's reproductive health, a self-help center with non-prescription medications and information and assistance with referral to medical specialists in the Salem community.

There is no charge to students, regardless of their insurance status, for examinations performed at the Health Center. Fees are charged for lab work, prescriptions, and some supplies.

Appointments should be made in advance, but urgent problems will be seen immediately.

When the Health Center is closed students may go to Salem Hospital Emergency Room, 665 Winter St. SE, 370-5238 or to an urgent care clinic: Immediate Care and Medical Clinic, 3777 Commercial SE, 588-9026 or Salem Hospital Urgent Care Clinic, 1175 Leslie SE, 370-5554.

INSURANCE

phone 4368

Abigail Hoffar, *Medical Assistant*

The University offers a Student Health Insurance Plan for emergency care coverage and some outpatient medical and psychiatric care. To keep costs low, **this policy is a secondary insurance**, meaning that other coverage must be utilized first, when available. Additionally, if you are covered by a Health Maintenance Organization (HMO) or a Preferred Provider Organization (PPO), you should check with them regarding out-of-area coverage and ascertain if you will be covered by them while at Willamette. Students should strongly consider enrolling in the Student Health Insurance Plan if they have no other health care coverage, as the Health Center is not able or intended to cover all medical needs students may have. For assistance with medical claims, contact the Health Center. To obtain more information about the Student Insurance Plan, contact the Business Office at 6210.

SEXUAL ASSAULT ADVISORS

CAREER SERVICES

Second floor, phone 6213

Nancy M. Norton, *Career Services Coordinator*

Career Services provides a wealth of information concerning career options/choices, decision-making, how-to's, job listings, and graduate school possibilities. Additionally, the Center houses SIGI+ (a computerized career assistance tool) and offers interest-testing. In 1995 Willamette joined with 12 other schools in the state to form a new consortium, Oregon JobTrak, whereby new job openings are posted electronically. This service is currently available in the Career Center, but will soon be networked to both the Computer Center and the Hatfield Library.

Regular workshops are offered throughout the school year to assist with resume writing, cover letters, personal statements, graduate school applications, graduate entrance exam preparation, determining a major, job searches, and interviewing. Career Services also provides Credential Files, serving as a student's "central collection agency" for letters of recommendation, current resumes, course listings, etc.

Each semester, alumni come to campus to discuss their current jobs and work history since graduating from Willamette. Anyone may attend. The Alumni Career Network is composed of over 1500 alumni willing to advise, guide and inform students. Juniors and seniors are encouraged to participate in November's Alumni Career Mentor Day.

Every spring semester, the Career Services office, in cooperation with the Oregon Liberal Arts Placement Consortium, participates in a two-day Career Information and Job Fair. Students at all levels (freshmen-seniors and first year alums) can talk and even interview with employers for summer, internship and full-time job opportunities. The 1997 Fair will be in early April.

Resources in Career Services include:

- Home page with vast Internet links (coming in fall 1996)
- Books, journals, articles and videos regarding career and employer information
- Graduate school guides
- National standardized test and test preparation materials
- Job listings — paper and electronic

GREEK AFFAIRS: FRATERNITIES AND SORORITIES ON CAMPUS

Second floor, phone 6463

Dan Brungardt, *Coordinator, Residence Life Programs*

Pete Bugnatto and Sue Corner, *Assistant Directors, Student Activities and the University Center*

There are five national men's fraternities and three national women's fraternities (sororities) at Willamette. These organizations make up what is referred to as the Greek system. Members join these organizations for a variety of reasons such as friendship, leadership opportunities, philanthropic and service opportunities, scholastic support, and a sense of belonging in a close knit, family-like atmo-

sphere. Membership is for a lifetime. After members have graduated from college, membership in their organization and opportunities for advancement and networking continue.

The process of selecting a fraternity or sorority for membership is often referred to as “rush.” This is an organized event which brings individuals interested in learning more about the Greek system together with members of each of the organizations. It is a mutual selection process and no one is guaranteed an offer for membership in an organization. Formal rush occurs during the spring semester for new students. Rush can also be an informal, casual event in which a person is invited to become a member of a particular group that s/he has become acquainted with.

The Interfraternity Council (IFC) and Panhellenic Council (PHC) are the governing bodies for the men’s and women’s fraternities, respectively. While each chapter is independent of another, IFC and PHC create activities and programs for the entire Greek and Willamette community, as well as broader leadership opportunities on campus.

The women’s fraternities have been on Willamette’s campus for over 50 years. Alpha Chi Omega and Pi Beta Phi were established in 1944 and Delta Gamma was chartered in 1945. Each chapter has a membership total of between 50 and 100 women. Each sorority has a unique chapter house that is university owned, but operated by local alumnae in association with the collegiate members. The chapter’s local alumnae advisory board hires a full-time, live-in House Director who is responsible for supervision of the kitchen and housekeeping staff. Alpha Chi Omega and Delta Gamma each house 48 members; Pi Beta Phi houses 46.

The men’s fraternities are housed in the residence halls. Each chapter has its own wing and brings its own style to its living quarters. Phi Delta Theta, originally chartered in 1946 at Willamette, went through a reorganization period and was rechartered in 1991. Beta Theta Pi and Sigma Chi were founded in 1947. Sigma Alpha Epsilon came on in 1949; Kappa Sigma in 1961. Each chapter has a Fraternity House Director, employed by the Office of Residence Life, who lives in the chapter and assists with programming, conduct and leadership development.

Fraternity/Sorority Membership for First-Year Students: First-year students may not join a fraternity or sorority until spring semester. First-year students joining a fraternity or sorority chapter may move into the chapter house fall semester of the following year. Exceptions include first-year students who have joined an organization replacing members away from campus for the Spring Semester because of participation in the following Willamette University-sponsored programs: foreign study, exchange programs, December graduation.

Any currently enrolled student (part-time or full-time) at Willamette University who is in good standing and has paid his/her fees is eligible for intramural competition. Faculty and staff of Willamette University are also eligible to participate. Intramural activities are offered for both men and women. Most activities have a men's, women's and co-rec division.

There are many ways in which one can become involved in intramural activities at Willamette other than competing on a team. Each residence hall, fraternity, and sorority has an intramural representative who is responsible for gathering information and organizing participants for events. The intramural program employs a staff of approximately 20 intramural officials who act as referees and/or scorekeepers for the various events. We plan to have a coordinator of intramural activities position available starting fall of 1996. This student would report directly to the assistant director of student activities and be responsible for coordinating the intramural program.

All campus phone numbers are called extensions and are four digits long. From campus, only the extension is dialed to call someone. When calling a campus extension from off campus, an appropriate prefix must be added: 316 for 2700 numbers, 373 for 3000 numbers, 375 for 5000 numbers, and 370 for 6000 numbers.

To make a local off-campus call dial 9, then the number. To make a toll-free long distance call you also dial 9, then 1-800 number.

To dial a long-distance call charged to a calling card dial 9 and the access number for your carrier (as if you were on a pay phone), or dial 9 and the 1-800 number of your carrier. For long distance dialing each resident is issued an access code. To use this code dial 7, wait for a tone, dial the access code, wait for a dial tone, then dial 9+1+the long distance number. A bill for these long distance calls will be sent to you each month and should be paid at the Cashier's window in Waller Hall.

Willamette currently collects three grades of paper, white paper (color-coded white), office pack (color-coded yellow) and mixed paper (color-coded red). These three grades provide the Willamette community with the opportunity to recycle all types of paper encountered on campus. To assist in proper sorting, posters that show samples of which type of paper belongs in each grade have been designed to hang above each grade's collection bin. The paper that Campus Recycling collects is sold to a paper broker who pays us high prices depending on how well our paper is sorted. The better the sort, the higher the price.

Sometimes, poorly sorted paper will cost us money. The money that is generated from the sale of paper is used to help finance Willamette's recycling program. It is easy to see how important it is that everyone sort their paper into the correct grades.

In addition to paper, Campus Recycling collects glass, tin, aluminum, plastic, newspaper, cardboard, packing peanuts, block foam, wood and scrap metal. If there are any other items that you would like to recycle, please contact the office, and we can refer you to an off-campus business that will take them.

Things that are not recyclable are pizza boxes or anything contaminated with food, tissues, paper towels, napkins, coffee filters, paper plates and cups, stickers, wax paper, carbon paper, laminated paper, candy or food wrappers and envelopes with plastic padding.

The recycling coordinator is available to make presentations to campus groups, as well as to answer any questions about recycling at Willamette.

This program depends on the Willamette community's involvement, so remember: Reduce, Reuse and Recycle!

SPARKS CENTER

phone 6420

Bill Trenbeath, *Director, Athletics*

Gordie James, *Director, Sparks Center*

Willamette is proud of its 20-sport athletic program. In the 1993-94 academic year alone, Bearcat teams won conference championships in six sports and placed second in five others.

More than 300 student athletes take part in the program — many participate in two sports. By the time a student athlete completes his or her education at Willamette, it is the goal of the University that individuals and the teams they play on will have been challenged with the same intensity they receive in the classroom.

Sports offerings for men are football, soccer, cross country, basketball, swimming, baseball, track and field, tennis, golf and crew. Sports offerings for women are volleyball, soccer, cross country, basketball, swimming, softball, track and field, tennis, golf and crew.

The large field located just south of Sparks Center is the Willamette Soccer field, known as Sparks Field.

Willamette University Athletics Philosophy and Objectives

The Willamette University Athletic Department seeks first and foremost to support the academic mission of the University, which emphasizes mutual respect for all persons, acceptance and celebration of diversity, active participation in a learning environment, a commitment to service and community and an acknowledgment of the ethical and spiritual dimensions of education. Willamette's athletics' emphasis is based

upon the value of participation for student-athletes of both genders. Furthermore, it is the goal of the University that individuals and the teams they play on will have been challenged with the same intensity and purpose they get in the classroom, including opportunities for demonstrating leadership, dealing with adversity, working within a team concept, making a commitment and acquiring time management skills. Willamette believes strongly in providing each student with quality programs and opportunities for personal growth within the parameters of NCAA Division III competition.

Integrating the mandates established by Willamette University, the Northwest Conference of Independent Colleges (NCIC) and the NCAA, the Department of Intercollegiate Athletics (DICA) recognizes a dual commitment to serve both student-athletes and the University. Based upon the above philosophy, the Department is guided by the following objectives:

- To employ coaches and other administrative staff members who are capable of performing as professionals in an educational community where high standards of integrity and ethical behavior, as well as sportsmanship, are expected of its members. All employees of the DICA must strive to learn and follow all of the rules of NCAA Division III and the NCIC.
- To recruit student-athletes who are academically prepared for Willamette University work.
- To recruit and retain a racially diverse group of student-athletes.
- To provide equal opportunities for both men and women by developing and maintaining programs which enable student-athletes to achieve their maximum potential.
- To ensure all benefits, opportunities and treatment afforded student-athletes of each sex be equivalent.
- To operate its athletics program in a manner that does not detract from the student-athletes' educational opportunities.
- To conduct its sports program at the highest level of intercollegiate athletics competition and seek to affiliate with institutions demonstrating a similar commitment to academic excellence and institutional integrity.
- To promote character development in student-athletes, including cooperation, teamwork, responsibility and group loyalty.
- To educate student-athletes in good sportsmanship, competition and the will to win.
- To provide the best possible facilities in order to enhance fitness, to develop skill and to provide a safe environment.

GENERAL GROUNDS INFORMATION

Gardens: The Japanese Garden adjacent to the Art Building was renamed in 1994 for the late Dr. Germaine Fuller. Professor Fuller was an art history professor at Willamette from 1986 to 1994. She fulfilled a desire to create a hands-on environment for students studying Oriental Art.

The Martha Springer Botanical Garden was named after the late professor emeritus in biology. She created a garden for leisure and learning about native plants and horticultural varieties. In 1987, when the abandoned railroad behind Sparks Center was removed, Susan Kephart designed the garden to fulfill Martha Springer's dream. Elaine Joines, botanical garden curator, continues to care for the garden. It has 12 distinct garden areas including a cutting section.

As part of the celebration associated with Willamette's Sesquicentennial, the University designed a garden commemorating the first roses brought to the Northwest Territories by Methodist missionaries who founded Willamette University. The garden is home to over 240 roses, featuring several old historic and newer varieties. The rose garden is a graceful tribute to the founders of Willamette University and to those friends, relatives, faculty and alumni who have fostered the University's growth for over 150 years. Roses can be purchased for \$150 from the Office of University Relations. While a portion of this money is used for the initial purchase of the rose and plaque, the rest is added to the University's endowment for perpetual maintenance of the garden.

The beautiful Mill Race that runs through campus is a unique feature of Willamette. The Mill Race branches off the Mill Stream which used to generate power to the old Mission Mill, located just east of Willamette. The wide spot on campus is sometimes referred to as "Hudson's Bay" (for Jerry Hudson, our president).

Parking is by permit only during the school year from 8 a.m. to 5 p.m. Lots located by the Atkinson School (southwest corner of the map) can only be used from 6 a.m. to 12 p.m. For further parking questions, please contact Campus Safety at (503) 370-6911 (6911 on campus).

Winter Street was the traditional western boundary of the main campus. Now the Law School, Atkinson Graduate School of Management, the School of Education, University Apartments and Haseldorf Apartments are located to the west. The Sparks parking lot can be accessed from Mill street, as well as from Bellevue street which forms the southern boundary of the campus. State street and the State Capitol grounds form the northern boundary. The eastern boundary of the main campus is 12th street, with TIUA located on the other side.

Six full-size fenced tennis courts are south of WISH. TIUA has two tennis courts with lighting.
