A.S.W.U. Elections Near Future Event

Petitions for student body elections will be circulated next week inasmuch as those of all candidates have to be in the hands of the executive committee on or before Saturday, April 20. The elections will be held the following Friday, the vote being taken by closed ballot according to the Associated student body constitution.

All petitions must be signed by twenty-five persons and must bear the signature of the nominee. The offices to be filled by the annual election are: president of the student body, first, vice-president, second vice-president, secretary, and Wallulah and Collegian editors. All must be chosen from the two upper classes with the further provision that the office of Wallulah editor must be filled by a Sophomore.

As yet no petitions have been handed into the executive committee nor have any been circulated to date.

VARSITY MEMBERS ENTER TOWN MEET

Matches Between Showers; New Tennis Courts Nearly Ready For Play

If the Salem Tennis Association's tournament which was started last week-end is any indication of the strength of the members of the Willamette net team, the Bearcat squad is due for a shakeup.

Rain halted the play before all the matches could be played but several of the members of the squad met each other. Hageman played Minto in the first round eliminating him 6-3, 6-4, and then from Harmon. White in the first round met Litchfield and emerged victor after three torrid sets, and in the second round won from McGilvra. Roeder drew a bye and then defeated Haworth in the second round.

In the doubles the only Willamette pair to meet was Hageman and Haworth against Litchfield and McGilvra. Hageman and Haworth won the match in three sets 6-3, 6-8, 6-4.

The two new tennis courts are almost ready for play, only the placing of the net posts and a good sweeping remain to be done. These courts will enable the two varsity teams to have more regular practice together, a thing which is necessary with the increased competition for places on the squad. Although the Willamette schedule is not complete the tryouts will be held as soon as possible for the first match.

The Freshman class team which has promise of some players for the varsity squad meets their first opposition, this Saturday when they play Salem Hi in two singles and one doubles match.

SUMMER COURSES TO BE OFFERED BY KIMBALL

A summer school of theology will be held by the Kimball College June 11 to 21 for young ministers of Oregon and Washington. Courses will be offered in evangelistic methods, social relations, Sunday school administration and Biblical methods.

LESLIE MANKER IS NEW "Y" PRESIDENT

MERGLER ELECTED VICE

Little Interest Is Shown In
Election—New Cabinet to
Be Selected Soon

Leslie Manker, president; Stephen Mergler, vice-president; Roy Harland, treasurer; and John Gilhousen, secretary, are the new executive officers for the new Y. M. C. A. year.

Petitions which were recently filed, determined this election since only one petition was handed in for each office, that person was automatically elected.

Cabinet to Be Chosen
The four new officials with the president ex-officio will choose the cabinet soon.

Upon the formation of the new cabinet, the president elect will take office. Heads of the finance, deputation, campus service, and Christian world education committees will be chosen by the cabinet. Also a publicity manager will be selected.

Professor Roy Lockenour spoke to the Y. M. C. A. last Wednesday night at Chiresto Cottage.

WILLAMETTE LADIES JOIN RIDING CLASS

Two riding classes a week are being held for Willamette women at the Salem Hunt Club. The classes are held from 4:30 to 5:30 Monday and Tuesday evenings of each week. A meet is to be held once a month to exhibit the girls' ability and plans for a drill team are on foot.

Miss Lloyd of the Portland Riding academy is the instructor of the classes. Much interest is being shown by the girls in the classes.

W. U. PARTICIPATE IN NEW TYPE OF DEBATE

A non-decision debate of the cross examination type was held Tuesday morning before the class in extemporaneous speaking. Elmer Larson and James Blake from O. S. C. debated Warren McMinimie and Jack Routh. Prof. Chapin introduced the speakers and Wendell Keck acted as chairman.

The cross examination debate offers more opportunity for extemporaneous speaking than the ordinary debate. Each side opens its argument with a set speech; following this the second on each team questions the first speaker of the other team.

Grace Henderson Is Songbook Editor

Miss Grace Henderson, sophomore and for two years member of the Women's Glee Club as well as being composer of the music for the Freshman Glee songs of the class of '31 was chosen by the executive committee to be editor of the Willamette Song Book.

It is the duty of the editor to compile the winning Freshman Glee songs, and together with the manager of the book to have them published. Kenneth McCormick was the last editor of the book.

SONG QUEEN TRY-OUTS WILL BE HELD APRIL 19

Names of Contestants Must Be In
By Next Wednesday—King
Prince to Be Chosen

Try-outs and election for Song queen, Yell king and Crown prince will be held in chapel April 19, one week from Friday. Such was the action taken by the executive committee in settling the date in accordance with the Student Body constitution.

All contestants for the positions must hand in their names to Willamette Hathaway Wednesday April 17 after chapel at which time they will receive the song or yell which they will lead together with the number designating the order in which they will appear in their try-out before the student body.

Applicants for the position of song queen must be sophomores, for crown prince either freshman or sophomores, and for yell king either juniors or seniors. All women trying out will have the same piano accompanist. The vote will be taken by ballots collected at the doors following the adjournment of the students.

RESOLUTION MADE CONCERNING CAPS

Blue Key Wishes to Change Date of Award Day; Special Meeting Called

Books in future years may be required to wear their green caps only from Freshman Week until Homecoming, according to action started at the Blue Key luncheon held last Monday. A committee was appointed to work with the constitutional revision committee in forming a resolution to change the present tradition which specifies May Day as the time for discarding green caps.

The same committee was instructed to help draw up an amendment changing the date of Award day. In the past the presentation of awards has taken place during commencement when a large number of students have already left school. The small gold basketballs to be given to the winners of the Northwest championship have been received by the Blue Key and will be presented on Award day.

It was reported at the luncheon that the backstops for the new tennis courts are almost ready for use.

A special meeting of the fraternity will be held next Tuesday to consider nominees for membership.

CRANBERRY INDUSTRY REVIEWED IN BULLETIN

WASHINGTON STATE COLLEGE, Pullman, April 10.—Cranberry growing in Washington is discussed in detail in an experiment station bulletin just published at the State College. It was written by D. J. Crowley, head of the cranberry investigations laboratory at Long Beach.

"The first planting of cultivated cranberries in this state was in 1875 in Pacific county," Crowley writes. "All the vines were imported from Cape Cod, with the exception of a few which were planted to native Jerseys. There was little further development until 1909, but between 1909 and 1915 several hundred acres were planted, vines being shipped in carloads from Cape Cod."

Jean White and Beatrice Lockhart will be the queen's attendants. Reeve Betts has been chosen for king of the royal court.

A child's dream of toyland will be depicted for the festivities and a toyland motif will be carried out in the dances.

The various committees have been designated and the chairman appointed.

The list of the committees and chairmen follows: Elsie Tucker, queen's court; hospitality, Charles Kaufman; campus clean-up, Francis DeHarport; dances, Grace White; student lunch, Margaret Bolt; programs and invitations, Clarke Wood; music, Rosalind VanWinkle.

HEWITT APPOINTED ON HYGIENE BOARD

Roy R. Hewitt dean of the Law school has been appointed one of a committee of four to work in connection with the Oregon Social Hygiene Society. The society was created several years ago by the Oregon legislature and funds appropriated for carrying on its work.

Dillehunt, Chairman of State Board of Health, Dr. Frederick D. Striker, President of Reed College, Norman F. Coleman, and Dean of Willamette University College of Law, Roy R. Hewitt were named. Safeguard Willamette's May Queen

The students have made their final choice concerning the May Day trio and we congratulate them upon it. The election of the May Queen and her attendants this year has been much like that held in previous years with the exception that certain conditions preceding and attending the election have been more pronounced than heretofore.

These conditions are the evidencing of personal prejudices as caused by private jealousies on the part of many of the women voting. Other colleges possessing a May Day have found it wise to limit the voting for the queen to the male members of the student body. This has been done with the belief that the men are much less liable to maintain any jealousy toward the members of the fairer sex than are the said members themselves.

Women who for four years have been associated together in campus and sorority activity and competition have much more cause for jealousy of one another than have the men who are entirely divorced from any of this competition. The latter can thus give a much fairer and impartial vote on the choice of the May trio.

If there existed a custom wherein men were chosen from the senior class in a manner corresponding to that of the senior women for the May Day activity we should advocate their selection by the women of the student body only. Men in their fraternity and campus life are subject to the forces as play upon the women which would thus cause them to sacrifice the logical and deserving representative to one who had not incurred their personal dislike.

Thus it is not a matter of campus suffrage but rather one of insuring for Willamette in the future the best queen and attendants which the senior class has to offer.

We previously stated that we congratulated the students upon their choice of the May Day trio, and we wish to reiterate so that no misunderstanding may occur concerning the present May Queen and her attendants. We do however advocate a change—not in the machinery of the election but in those participating.

As We View the Seminar

In a recent issue of the Collegian there appeared an account of the Political Science seminar on which the impression received was that the group of students met for the purpose of satisfying their appetites by the refreshments served. Erroneous as this deduction is we use it as an introduction here because food will cause consideration where all else fails.

Dr. Gatke in conducting his seminar for majors in the department of Political Science is opening up a field in which students may derive a great deal of benefit from research

otherwise unobtainable in the classroom. Books in the field are weekly reviewed individually for the group thus placing in the hands of the students information which would otherwise probably remain untouched. Further, discussion waxes much freer in the atmosphere created than in that of the recitation room.

Many of the subjects which are being considered in the research work are worthy of magazine reprint. For instance, circular letters have been mailed to all of the business men of the city requesting answers to questions printed thereon concerning the opinions on the League of Nations while in another noted jurists are being sounded out as to their ideas concerning the jury system existing in our courts today, and proposed changes.

To preserve the conducive social atmosphere and yet not allow it to interfere with the business of the class requires tact and ability. Such is the condition facing Dr. Gatke in the conducting of his seminar and as such does he meet it. Results count and this professor is getting more results out of a two hour seminar class than ordinarily comes from a three hour classroom recitation subject.

Glorious Ideas

Last Sunday we heard a pastor of one of the churches of Salem exhorting his congregation to support the Kellogg peace pact in their thinking, speech and prayer. At the time we were a bit cynical as to this statement coming from the pulpit, but after thinking the matter over it has come to us that he was more than a little right.

Speakers lately have been in the habit of saying "If the pact means anything at all, it means etc., etc." The striking fact about the pact is that whether or not it means anything depends precisely upon the manner in which we view it.

If the world gives to it merely lip service as it has so many of the previous documents couched to prevent war it will soon join the realm of these same forgotten agreements. If these views are out of accord with those of the militarists we can only say that they are glorious ideas.

His method is the one to bring such a condition about.

Thus we come back to the declaration of the Salem pastor. We do not need men who will say, "If the Kellogg pact means something," but rather that "The Kellogg pact must and does mean something."

The all-absorbing question for the women now is whether to wear that new spring coat and hat or play safe and appear in the winter garb.

It can safely be said that the cold weather is not interfering with the germination of the seeds of matrimony.

"What do you mean you'll only lend me five dollars on one condition—what condition?"

"That you buy a memory course."

Just because a woman is smoking, it does not necessarily follow that she is "hot".

In the Third Place

Women don't have to smoke to gain attention. A few years ago Dr. Doney said that they could create more disturbance in chapel than the men. A writer of that time said it was nice to know that they were superior in something.

SCOUTMASTERS TO HOLD SCHOOL HERE

12-Weeks Period of Training Will be Begun at High School Tonight

With 47 men registered and a dozen more in prospect, the 12-week scoutmasters training school to begin at the senior high school gymnasium tonight will easily reach the quota of 50. O. P. West, scout executive for the Cascade Council area, said Wednesday. Polk county will be well represented in the school.

Mr. West will direct the school, which will meet each Thursday night beginning at 7:30 o'clock for a two hour session. This course for scout leaders will be handled just as a leader would conduct a troop meeting. Mr. West will be assisted by Don Earl as assistant scout master; Rex Sanford as senior patrol leader; Frederick Edmundson, who will be the only leader under 18 years of age enrolled, as scribe. Experienced scoutmasters will be chosen as leaders for the six patrols into which the group will be divided.

Mr. West plans to have some scout executive of the state here for each meeting to give the opening address or assist with special work, and has invited G. H. Oberbauer, scout executive of the Portland area, to be present at an early meeting. Justice H. H. Belt will give the opening address of the series at tonight's meeting. The tenderfoot scout will be considered at the first session.

DRINKERS PLAYED BY SENATOR JONES

NEWARK, N. J., April 10. — (AP) — United States Senator Wesley L. Jones, father of the new law which carries a ten year penalty for prohibition law violation, tonight expressed regret that "there are some senators and representatives who drink." He argued, however, that that was no excuse for the drinking done by those opposed to prohibition.

Senator Jones was the principal speaker at the regional convention held here under the auspices of the anti-saloon league of America. He explained the purpose and intent of the law he sponsored. He declared it would not affect the minor violators, and questioned the altruism of "a coterie of young lawyers in New York City," who formed an association to defend certain prisoners indicted under the Jones act.

Of congressional drinking Senator Jones said: "It is charged that senators and

representatives drink liquor. This is given by many of those opposed to prohibition as an excuse for drinking. There are senators and representatives who drink. I regret it. They and those who hold office and have taken a special obligation to obey and maintain the constitution and the laws of the land, especially, should do so. Their failure, however, does not excuse any citizen for violating the laws of his country.

"In my judgment, a far fewer number of senators and representatives drink now than did twenty and thirty years ago. I have seen far fewer senators under the influence of liquor during the last ten years than I did during the preceding ten years. They will get fewer and fewer as the years go by."

Betrothal Made Known At Delta Phi Wednesday

One of the most clever announcements of the year was that made Wednesday evening at the Delta Phi Sorority when Evelyn Hartung announced her engagement to Clive Zeller.

Miss Lillian Scott sang "Love's Old Sweet Song," after which a large Hope Chest was brought into the room, and upon being opened disclosed little miniature Hope Chests filled with candy and containing a picture of the engaged couple, which were given to each of the guests. A simultaneous announcement was made at the Alpha Psi Delta house, where ice cream and cake were served.

Miss Hartung is a daughter of Mrs. E. E. ANNUAL YWCA MEET TO BE AT SEABECK

"Religion" to Be Topic of Discussion—Speakers to Come From East

Seabeck, Washington will be the scene of the annual Y. W. C. A. conference to be held from June 18 to 28. "Religion" has been chosen as the general theme of the conference by committees from all the colleges in the northwest.

The questions for discussion have been carefully formulated and will offer openings for organized thoughtful discussion.

Such questions as the following will be considered: Is there a scientific basis for spiritual values? What is the application of Christian principles to international, inter-social, and economic problems? Comparisons with religions other than Christian ones will be a part of the discussions.

The personnel of the Seabeck conference will include outstanding educators and religious leaders from all over the United States. Those on the faculty are: Dr. Marlon Farber, from Earlham College, Richmond, Indiana; Dr. Norman Coleman, president of Reed College, Portland; Dr. Ray Chamberlain, from Dartmouth College, Hanover, New Hampshire; Mrs. Mary Brownlee Wittles, from Winter Park, Florida; Miss Pauline Schaedler, National Finance Secretary, from New York City; and Miss Dorothy Pennell, Secretary, from Oregon State College, Corvallis.

Not all of the time spent at Seabeck will be given to discussion, for extensive plans have been made for entertainment. The features of amusement will be the stunt night, the International Tea, singing and serenading, swimming, rowing, tennis and golf. The afternoons will be set aside for recreation and sports.

Any Willamette woman is eligible to attend the conference, and all who are interested in going should consult Virginia Slusser, the Willamette chairman.

Saturday morning a meeting of the Oregon State Oratorical Association will be held at which Leland Chapin will be the Willamette delegate.

Anna Mary McKinley is not ill as has been reported, as a result of her senior oral. She has had a severe attack of influenza but is now on the road to recovery.

Women to Frolic Without Aid of Male; Faculty Women Will Judge Efforts of All Classes in Skits

Each class will present a skit in the endeavour to win the favor of the judges. Each class is allowed from twenty minutes to a half hour for its presentation. The judges will be chosen from women of the town and faculty, and will make their decisions entirely from the standpoint of originality and cleverness.

All Willamette women both students and members of the faculty are invited to attend the carnival. Prizes will be offered for the best costumes.

Those in charge of the program

are: Louise Liere, Lillian Scott, Harriette Hageman, and Gertrude Oehler.

TABLE IN PORTLAND IS RESERVED FOR WU FOLK

Every Monday noon at the Broadway Hazelwood in Portland there is a Willamette university table for Willamette men. Every man who has ever attended the university, every member of the faculty, board of trustees or friend of Willamette is invited to eat at this table when in Portland. It is a very elastic table and there is always room for one or a dozen more. It is safe to say that no matter how many years have

passed since one attended the old school or how recently one may have been graduated he is sure to find someone he knew.

SOPHOMORE LEADS FOR CHAMPIONSHIP

Starrett and Brown in Close Race—Tryouts Will Determine Varsity Team

Edith Starrett representing the Sophomore class is in the lead for the inter-class championship in tennis. Georgia Fairbanks from the Senior class went down to defeat after Miss Starrett had scored 6-4, 6-0 in two sets. Emily Brown from the Junior class offered keener competition and it was necessary to play off three sets. At the close of the match the sets favored Edith Starrett with scores 3-6, 6-4, 6-2.

According to the round robin plan which the class sports managers have adopted to play off the interclass event, each entrant meets the entrants from other classes.

Edith Findley the Freshman entrant, has been unable to accept matches because of illness and unfavorable weather. Therefore, the following matches are scheduled for play-off: Edith Findley versus Georgia Fairbanks; Edith Findley versus Emily Brown; Edith Findley versus Edith Starrett; and Emily Brown versus Georgia Fairbanks. Since these entrants are competing for varsity placement, this match will not only determine their interclass standing but also their ranking on the varsity team.

DEBATERS FOR NEXT YEAR TO TRY OUT

With tryouts for next year's debate squad placed indefinitely "somewhere in the near future," plans for the betterment of the forensic system at Willamette are receiving the consideration of Coach Chapin and the entire forensic council.

The subject which will be used in most debates is: "Resolved, that the foreign indictment of American culture is justified." The Oxonian, or discussion system, will be used and the tentative schedule is almost full so there is an assurance of keen competition and witty contests.

A debate library where related material will be gathered for greater convenience and members of the squad can meet, study together, and discuss debate matters is being planned.

TRACKSTERS PREPARED FOR INTERCLASS MEET

COLLEGE OF IDAHO—(NIP)—Slowed down by wintry weather, C. of I. track artists are going through daily workouts in preparation for spring meets. The first contest scheduled is the interclass meet which will be held April 16. After two weeks of training, letterman and frosh material are beginning to show some stuff, and Coach George Stovel is very optimistic as to the season's outcome.

TENTATIVE PLANS AID IN UNITING SERVICES

COLLEGE OF IDAHO—(NIP)—Tentative plans for the remodeling of Sterry hall, C. of I. administration building, so that a room may be made that is large enough for the entire student body to meet in, have been announced. At present the chapel services are held in two groups, freshmen and upper classmen, but the system has not proved satisfactory.

last Friday evening. She had been ill for a month with heart trouble and rheumatism, pneumonia setting in later. The funeral was held Tuesday morning at 10:30.

When she attended Willamette she was a member of Adelante literary society. For the past two years she has been in nurses training at Emmanuel Hospital in Portland.

DR. DONEY LEAVES FOR CHICAGO FOR COLLEGE

Dr. Carl G. Doney, president of Willamette university, left Tuesday for Chicago, where he will attend the annual meeting of the senate of colleges under the direction of the Methodist Episcopal church. Dr. Doney represents the Methodist colleges of the north-west. He expects to return about May 1, to be present at the Willamette university May Festival.

WEATHER MEASURES TRACK ASPIRANTS

Old Man Weather, that unconquerable old reprobate, took the measure of the Willamette track team just five times during the past five days. Try as aspirants in track and field events might, they could do little with the wet grounds and icy breezes that the Weather Man sent down Salem way.

Coach Leslie Sparks, in consequence was in a pessimistic mood in regard to his track prospects. No progress can be made until the weather is warm enough so that the athletes can "cut loose" and begin to show speed and skill in their chosen events. The track men have been defying the weather, and turning out, wrapped in sweat pants and sweaters, but no actual work on the different events can start until the weather modifies.

The only silver lining visible through the rain clouds, was the unexpected appearance of Gurnee Flesher in a track suit. A basketball injury, it had been believed, would keep Flesher, one of Sparks' few lettermen, out of track for the year. In addition, Harry Hillis, a Freshman of some reputation in the middle distances, put in an appearance.

The week was enlivened by the appearance of Fassett of C. P. S., Conference champion in the mile and two mile, in a workout on the Willamette track. Fassett is in Salem during his spring vacation period.

At this writing the spring budget had not been completed, so no definite word concerning the granting of funds for repairing the track, was at hand. The Coach urges an increased turnout.

JASPER WRITES ON CAMPUS QUALITIES

In the March issue of the American Journal of Sociology is an article by Mr. Herbert Jasper, a former Willamette student, entitled "Optimism and Pessimism in College Environments."

This article was written to summarize the results obtained from a questionnaire composed of twenty questions related to attitudes on social issues and twenty questions regarding personality traits, given to students of four types of colleges. Three answers indicating degrees of optimism and pessimism were listed after each question.

Although he does not mention the colleges by name, it is interesting to note that the state normal school is the Monmouth Normal, the state university is the University of Oregon, the private college is Reed, and the denominational university is Willamette. Upperclass students may remember answering such a questionnaire two years ago in Dean Erickson's Education classes.

Mr. Jasper found that the colleges ranked from the most pessimistic in both social attitudes and personality traits to the most optimistic as follows: private college, state university, denominational university, and state normal school.

"In general the responses to questions relating to personality

traits are of the same nature as the responses to social attitude questions. Naive, unsophisticated enthusiasm are associated with optimism, and intellectual sophistication is associated with pessimism in the college environment. There seems to be no support for the common belief that college students have a tendency toward a dangerous depression."

AUTHOR DONATES SALE MONEY OF BOOK TO W.U.

Dr. George H. Bennett of Forest Grove, Oregon has written a learned and readable book on "How Can Jew, Catholic, Protestant Agree on Religion—Evolution." The volume of eighty-eight pages is dedicated to President Doney and all proceeds from its sale at One Dollar a volume are to be given to the Willamette Endowment fund. Friends of Willamette having scholarly interests should send their orders to Dr. Bennett or to the Alumnus, the magazine of the Alumni.

SERVICE FOR CHAPTER WILL BE HELD FRIDAY

Four representatives from the Washington State College and University of Idaho chapters of Daleth Teth Gimel will be on the campus this week-end for the pur-

pose of installing the local chapter. While the representatives are here, a national executive meeting will be held, at which time the national government will be formulated, and the national officers will be elected. Included among the four visitors will be Miss Hermine Duthie, who is the national executive chairman of Daleth Teth Gimel.

Installation services will be held at Lausanne Hall Friday and Saturday.

The university library has recently received a gift of seven prints of sketches depicting seven of the most memorable flights of the airplane. The group of prints is the gift of Wright Aeronautical company of Paterson, N. J. and was sent to Dr. Doney by C. L. Lawrence, president of the company.

VARSITY BASEBALL TEAM GOES TO OSC

Eighteen Men to Make Trip Two Game Series Is Order

Tomorrow and Saturday the Willamette Varsity Baseball team plays its first scheduled game with the O. S. C. varsity baseball maulers.

Last year the State College had little trouble with Willamette as the Beaver team had good pitchers.

"SPEC"

and could also use the club on their shoulders to good advantage. The Willamette pitchers lacked confidence and their hitters couldn't seem to connect. This year it is hoped that it will be a different story. However the Beavers collected eighteen runs while the Normal Boys had to be content with three. So lots of potential ability can be expected from the Corvallis aggregation.

Coach Keene and Graduate Manager Sparks are taking eighteen men, consequently almost the entire squad will make the trip. The team will leave right after dinner Friday and then return after the game and then go back Saturday for the game. Taking such a big squad the cost would be unbearable if the entire team were to stay in Corvallis over the week-end.

DATE OF STAG MIX SET FOR APRIL 19

According to custom the annual varsity stag mix will be held the same night as coed carnival, Friday, April 19 at the city Y. M. C. A. All men of the university may attend and it is hoped that there will be a bigger turn out among the non-fraternity men than there was last year.

Each of the three fraternity houses will put on a stunt and Kenneth Vannice, chairman of the sports and athletic events, plans on having a wider range of activities this year. Included in the program are boxing and wrestling matches, basketball and swimming.

The general committee for the mix is composed of the presidents of the houses, Reeve Betts, Don Grant, and Lloyd Harder. The managers of the houses have charge of the "eats," and Chas. Kaufman, Clarke Wood, and Roberts are in charge of the stunts.

Yomacros Meet — Nearly 80 members of the Yomacros bible class of the First Methodist church school met at the Y. M. C. A. Tuesday evening for a potluck dinner and social evening. The committee in charge of the event included Mr. and Mrs. Walter Minier, Mr. and Mrs. Lon Covert, Mr. and Mrs. W. B. Cheshire, Mr. and Mrs. C. M. Keeper and Mr. and Mrs. Eric Butler. Mrs. B. B. Herick is president of the group.

Glee Club Is Claimed Best Ever

Professor E. W. Hobson, head of the Willamette university school of music, gave high commendation Wednesday to the Willamette women's glee club, which will appear in concert tonight in Waller hall.

"It is without doubt the best women's singing organization the university has had in years," declared Professor Hobson. "I have had letters of commendation from every town in which they have sung this year, and that is a good record. The group of voices is well balanced, and the group sings together with fine spirit."

Professor Hobson started further that the chorus numbers this year are of a high order, many of them containing difficult harmony. In addition to the chorus numbers, there will be a large number of solos, duets and specialty numbers. Miss Helen Pemberton is reader for the glee club.

The concert this evening will begin at 8 o'clock. Miss Grace Henderson is accompanist for the club, and Professor Hobson will direct the singing.

WEST COAST WILL BE TRADE CENTER

EUGENE, Ore., April 10. — (AP) — That the Pacific coast is to be the future center of the world's trade is the opinion of L. W. Hartman, vice president of the John L. Steeb and company, Portland, and president of the Portland Shipping club, who spoke Tuesday at opportunity day sponsored by the school of business administration at the University of Oregon for students.

While the orient is undeveloped at the present time, it is only a question of a few years until its 800,000,000 of people will offer an enormous market for American products. It is the duty, Mr. Hartman believes, of American business to educate the orient, especially the Chinese, to use their great wealth which lies dormant and rotting. Until it is available, the orient will have no means of buying our products. The great instrument to use in this education is research.

City Beautiful Campaign Made By Garden Club

Careful plans for an extensive city beautiful campaign to be sponsored by the Garden club of Salem were outlined Wednesday night by a committee of that organization. Several hundred dollars worth of prizes are to be offered home owners who enter the contest and win. On the committee making the arrangements are Harry Pearcey, F. A. Doerfler, Robert Shinn, and Mrs. W. B. Johnston.

Housing Issue Faces This City As Meet Nears

Housing of delegates to the Christian Endeavor convention here April 18 to 21 has developed into the big problem in preparation for the event, leaders report. O. J. Hull is chairman of the housing committee which is arranging for rooms and breakfast for each delegate on registration.

Approximately 1000 visitors are expected to be here for the state meeting and most of them will be looking for accommodations in private homes. Mr. Hull urges that all persons having available space let him know of the number that can be cared for.

BEARCATS STRESS BATTING PRACTICE

Batting practice has been stressed in the few outdoor sessions that the Willamette university baseball squad has been able to get in between showers this week. The players are making progress in perfecting their style at the plate, but what they will be able to do in real competition is still an unanswered question.

The Willamette team will play the Oregon State College ball tossers two games this week, Friday and Saturday at Corvallis.

FRESHMAN TEAM WILL MEET SHS SATURDAY

The Freshman sports manager has scheduled a tennis match with the Salem high school team to be played off Saturday.

The Freshman team has not yet been selected but tryouts will be held during this week. It is planned that the team will play a number of games this spring.

The Salem high school team has been barred from the state tournament this year, but have played with the freshmen of the University of Oregon and O. S. C.

High School Cast Gives 'Seventeen'

The Techne Art club of the Salem high school will present Booth Tarkington's laugh-provoking "Seventeen" at the high school auditorium Friday night, April 12, under direction of Miss Cecil McKercher. Incident to the play, the large red plush curtain which was recently presented to the student body by the Techne club, the senior class and the Salkpoh dramatic society, will be used for the first time. The curtain formerly hung at the Oregon theatre stage. "Seventeen," as most everyone knows, is the story of William Baxter, a 17-year old "grown up." Leonard Schaffer takes this role, with other members of the cast as follows:

Lola Pratt, Louise Wilkes; Mrs. Baxter, Rose Peterson; Mr. Baxter, Fred Blatchford; Jane Baxter, Jean Eastridge; Pappa Parcher, Joe King; Johnnie Watson, Ellis Harris; Joe Bullitt, Fritz Amman; Mary Parcher, Velma May; George Cropper, Virgil DeVoe; Genesis, Ben Terusaki; Ethel Boke, Lucille Downing; Mary Eastwood, Grace Holman.

When a skit from the play was presented at an assembly early in the week, student enthusiasm ran high and it is anticipated one of the largest crowds of the year for a high school event will witness "Seventeen."

The managing staff for the play is: Wilda Fleener, wardrobe mistress; Olive Draper, wardrobe master; Elizabeth Lewis, property; Perry Andrews and Annabelle Rosenthal, stage; Brenda Savage, head usher; Richard Upjohn, electrician; Fred Blatchford, publicity; Miss Ola Clark, faculty assistant.

Press Agent Held Youth's Greatest Need These Days

CORVALLIS, Ore., April 10. —(AP)—A nationwide student organization to employ a press agent to broadcast the truth and educate the world about the younger generation was facetiously suggested by M. Lyle Spencer, president of the University of Washington in his convocation address at the Oregon State college today.

Students today, the president said, are generally better than those of 25 years ago. He qualified his statement with saying "there is much room for improvement."

"Many parents are working their children's way through college," President Spencer said, "making it only fair that students show appreciation and build character above all and scholarship next."

Programs Given Out for Oregon Day May Second

Suggested programs for the observance of Oregon Day, May 2, have been printed by C. A. Howard, state superintendent of schools, for distribution among the schools.

Teachers are urged, insofar as possible, to center all the activities of the day in the classroom around the theme of "Oregon." Service clubs also are requested to hold programs appropriate of Oregon Day.

SONG
(From Hymen's Triumph)
LOVE is a sickness full of woes,
All remedies refusing;
A plant that with most cutting
grows,
Most barren with best using.
Why so?
More we enjoy it, more it dies;
If not enjoyed, it sighing cries—
Heigh ho!

Love is a torment of the mind,
A tempest everlasting;
And Jove hath made it of a kind
Not well, nor full nor fasting.
Why so?
More we enjoy it, more it dies;
