Tomorrow Night's "Comedy"

By RUTH MATTHEWS

Zounds! what confusion. A play that sounds like a circus and a cast that looks like each other. That's "The Comedy of Errors," the hilarious drama Mrs. Genevieve Oppen is directing for presentation tomorrow night at 8:15 at Leslie auditorium. Complete perplexity and a laugh a minute is guaranteed the May Weekend audiences.

"And gazooks! How can I tell which is which!" flashes the temper of Frances Pickard who plays Adriana, as she again indicates the wrong twin. The mirror-like antics of Keith and Kent Markee have the whole cast in confusion—think what they'll do to the audience.

The keynote for the humor is set by the Markees upon their first appearance when they reveal their brightly colored flowered bloomers. From then on anything may happen and usually does. Both set and costumes are colorful and classically Greek. And certainly it is worth the price of admission to see Carl Seibel in brilliant orange drapes.

Question, did men whistle as a sumptuous beauty passed by in Shakespeare's day? At least that is Rollo Stowasser's interpretation and it doesn't surprise the courtizan, Helen Newland, as it may some students of English literature. Remarkable make-up adds to the general bewilderment for Rollo suddenly becomes an accurate facsimile of Don Wilson, complete to a scar on the forehead.

Gilbert Clausman headlines the supporting characters. The femininity of his role and his continual collisions with the efficiency and, incidentally, the avoirdupois of Wes McWain promise many a laugh. The appearance of the elderly Abbess and Aegon, Barbara Minor and Leonard Steinbock, completes the continuity of the plot. Arnie Hardman as Solinus symbolizes justice and dignity while Bob McGee as Balhazer is an interesting young pleasure lover.

One of the most feeling performances in the previews at the state institutions was done by Bob Voigt who held a detached door in an upright position in the center of the stage. In the actual production however, Voigt plays the mystic doctor of the "saffron face" and sprinkles the place with spells.

Dainty Lois Phillips as the reluctant recipient of the affections of Don Wilson, and Mary Head as the cook, "all grease," provide contrast in roles in a play devoted to the similarity of characters. As there is comedy in similarity there is comedy in variety, and it is no error to say that "Comedy of Errors" has both.

Queen Barbara I

By DARLENE DICKSON

Petite Barbara I frowned thoughtfully, wrinkled her nose, and finally uttered decisively, "Dill pickles"—this in answer to a query of her favorite food. Then, strangely enough, after practically no consideration, we were informed that she likes her music sweet.

Willamette's smallest May queen was born in Garden City, South Dakota, May 9, 1920. (We are here tempted to pun something up about a flower from Garden City . . .). When three years of age, she came to Salem, where she has attended school ever since, receiving a scholarship for her first year at Willamette.

"Ever since I came to Willamette, I have laughingly said I'd be May Queen some day. It's been quite a joke, because of my being so short. Anyway, being elected May queen is one of the biggest thrills I've ever had."

Getting back to likes and dislikes, Barbara prefers her men brunettes, "not too tall." Her favorite color is blue; flower, gardenia; sports, tennis and swimming. As far as we could detect, the love of her life is a 13-pound cat named "Kitty." (This is unofficial, but it has been purred in teline circles that "Kitty" insists on being called "Katherine" since royalty has pervaded the household.)

As to the future, Miss Young was very emphatic in her intentions for a career, adding proudly, "I'm practice-teaching at high school right now. I'm a history major, you know. My finals? Well, I had my oral last Thursday. I did fairly well, although I'm afraid I showed no particular brilliance."

And here's a happy thought—Barbara is returning to school next year for a year of post-graduate study.

Choir Concert, Mu Phi Lunch Part of WU Participation

The second spring concert of the Willamette Bearcat band, Wednesday night in Waller hall at 8:15 o'clock, will be the only program given on the campus by University musicians who are taking a prominent part in National Music week, May 4-11. Willamette musicians are slated to appear also at service clubs, on programs at state institutions and in the Inter-American concert at the First Methodist church, Thursday at 8:15 p.m.

Under the direction of Prof. Maurice W. Brennan, the band will feature vocal solos with band accompaniment by Barbara Pitts and Donald Wilson. The program will include "the music of the masters and the moderns," according to Professor Brennan, "with selections from Bach down to Sigmund Romberg."

Special Features

Miss Pitts and Wilson will sing parts of a medley taken from "The New Moon." Other specialties will include a trumpet trio, marimba selections by Josephine Miller and Professor Brennan's own arrangement of Debussy's "Girl with the Flaxen Hair."

Admission to the concert will be by student body tickets to University students, 25 cents for adults and 15 cents for high school pupils.

Choir Concert Sunday

The capella choir and University orchestra will appear in concert at the First Presbyterian church at 7:30 Sunday evening, preceded by 15 minutes of organ music by Professor Brennan.

Phi Lambda chapter of Mu Phi Epsilon will give a benefit luncheon at Roberts' studio on Saturday, May 10, at 1 p.m. Helen MacHirron, instructor in theory, is to talk on modern music with piano illustrations.

Keynote of Week

Keynote of the Inter-American music week will be "Friendliness through simultaneous participation in the enjoyment of a common heritage—music."

"Music," the committee is quoted as saying, "is the one common language through which we can express and best advance our common aspirations and promote the spirit of amity."

Olds Receives Scholarship

A scholarship awarding six-weeks study this summer with Dr. Henry B. Sharrman, noted teacher of the life of Jesus, was received Tuesday by Glenn Olds, a junior at Willamette and pastor of Brooks community church.

Beginning July 12, Dr. Sharrman's seminar at camp Minnesota, Ontario, Canada will attract preachers and educators from all parts of the United States. Prof. Herman Clark, who took the course in 1927, testifies to the distinction in this award. Instructor of a similar course at Willamette, he says that a college degree is in most cases a requirement for admission to the seminar.

Olds, a graduate of Estacada high school, was until January assistant pastor of the First Methodist church of Salem. He is prominent in forensics and music on the campus, as well as an honor student.

Hutchins Outlines Requirements

Dr. H. C. Hutchins, head of the education department, met with prospective teachers Monday to outline the requirements necessary for obtaining an Oregon teaching certificate. The requirements have been changed by recent regulations demanding 30 hours work beyond the receipt of a bachelor of arts degree.

Included in the program outlined is the arrangement to complete work in three teaching norms and to take certain required subjects to broaden the teacher's knowledge.

Dr. Hutchins also indicated the changes which Willamette is making in the education department to meet these requirements which go into effect in February, 1943. He stressed the necessity of planning one's course early in his college career so as to include the necessary subjects.

Huntley Wins Recreational Reading Prize

Four Others Given Prizes as Lovell Speaks in Chapel

Winning his third prize in as many years, Gene Huntley, junior, was awarded first place in the Recreational Reading contest yesterday in chapel.

Second place went to Luella Ibach, freshman, and third place was shared by Bertha Mitchell and Doris Harold. Freshman prize was won by Jack Heintz.

Prizes were donated by Robinson Spencer, librarian, and judges for the contest were Mrs. Ivan Lovell, Mrs. George Rossman, Hugh Morrow and Dr. E. C. Richards.

Preceding the awarding of prizes by George Gutekunst, Dr. Ivan Lovell talked on the value of recreational reading.

Dr. Lovell pointed out that "everyone needs a mental sanctuary," and went on to say that we can all furnish our own sanctuary by reading great literature and exquisite verse, such as that of E. A. Houseman.

Emphasizing the special value of modern novels, Dr. Lovell pointed out that they are vital because they give us a picture of contemporary society. As for books other than fiction, he expressed a preference for the frank, debunking type of biography.

Select File for NW Catalogue

Willamette Library Receives Recognition

Librarian C. W. Smith, University of Washington, has expressed the desire to include copies of the main entry (author) cards of the Willamette library files in a bibliographical catalogue of Northwest literature.

Smith, who visited this campus last week, is especially interested in the Willamette Northwest collection.

Plans are being made to have WPA employees produce photo duplicates of the file this summer.

Faculty Posts To Be Filled

Consideration of applications for admission to the Willamette faculty for 1941-42 is being made by a committee composed of President Bruce Baxter, Dean Chester F. Luther, C. L. Starr, vice-president of the board of trustees, Dr. H. C. Hutchins and Prof. Cecil Monk.

Provision has been made for an additional instructor in the education department and Dr. Hutchins serves on the committee while applicants for that position are considered. Similarly, Professor Monk will act with the group when a replacement for the spot vacated by the retirement of Dr. Morton E. Peck is sought.

A decision will be reached within the next three or four weeks, Dean Luther said.

Others who have received questionnaires are Art Olson, Tillamook; Jack Hedgecock, Seattle and Dan Moses and Merle Turner, both of Portland.

Miss Wright is the first of the 19 seniors who will receive their Oregon teaching certificates this spring to sign a contract. Others are awaiting replies from applications.

Vespers Marriage Series Continues

"Learn to cooperate," advised the Rev. Roy Fiedle Sunday evening at the first of a Vespers' series of discussions on Christian courtship and marriage. Many frank suggestions were made by the Rev. Mr. Fiedle in regard to finding a life partner and maintaining a successful marriage.

The second in the series of discussions will be led this Sunday by Dr. James T. Matthews. Vespers invites all University students to attend the interesting series. Leo Baldwin, president, said.

Collegian Gets High Rating

First Class Rated In ACP Evaluation

First class is The Willamette Collegian of the first semester of this year, according to the critical service of the Associated Collegiate Press. Ratings were released this week.

The Collegian was one of 26 college weekly papers in the excellent class, placing just below the nation's 16 All-American papers in its size division. In the last semester of 1940-41 it received second class rating.

Society and sports pages were commended for being generally well edited. Criticism of the paper was directed principally at the need for added news features and interpretive articles on relevant material. Makeup and typography were commended.

Nine WU Men Get Army Call

Nine Willamette university men will probably join Uncle Sam's selective service draftees when the next call becomes effective on June 15. Two others with low registration numbers, Bill Belcher, Glendale, and Harold Abbott, Portland, will voluntarily join the U. S. Air Corps during the same month.

Those getting ready to spend their year in the regular army include Al Klasson, Dallas; Art Franz, Albany; Sol Stern, Salem, and Floyd Cline and Gilbert Heald, both of Portland. All of these men have received their army questionnaire and have passed the required physical exam.

Others who have received questionnaires are Art Olson, Tillamook; Jack Hedgecock, Seattle and Dan Moses and Merle Turner, both of Portland.

Wright Signs For Heppner

Margaret Wright, senior from Portland, signed a contract this week to teach physical education and English in the high school at Heppner, Ore., for the year of 1941-42.

Miss Wright is the first of the 19 seniors who will receive their Oregon teaching certificates this spring to sign a contract. Others are awaiting replies from applications.

Beauty Sought at End Of Center, Students Find

By HERMIE PALMER

Members of Willamette's psychology and sociology classes got an insight into what it means to live "at the end of Center street" last Friday when they attended the annual clinic at the Oregon state hospital. About 200 students from colleges all over the state were present as two of the institution's doctors lectured and demonstrated types of mental disorder.

Visitors learned some of the methods which are used to maintain for the patients an environment which will give them the most happiness while accomplishing their readjustment to normal life. Among the newest equipment is a library, popular with most of the patients. Reading is said to have a healing effect in several varieties of mental disorders.

Realizing that many of the occupants of the hospital lack interest in their personal appearance, authorities have established a beauty parlor which not only stimulates a desire for good grooming, but is said to have psychological value in many cases.

One of the doctors explained briefly the use of charts the rapid rise in alcoholic cases since the repeal of prohibition in 1934. He displayed examples of alcoholics, who, he said, are in many cases persons "who just can't take it" and have used liquor as an "escape mechanism."

Sufferers from paresis, caused by syphilis, were also shown, and a new method which makes the recognition of this disease possible was explained.

In demonstrating several other types of nervous disorders, the doctor explained that mental disease is no respecter of money or education, showing examples of college graduates who for unknown reasons have lost emotional equilibrium.

Barbara I Rules Weekend Events

Dance, Breakfast, Play, Coronation Are Highlights

By DIX MOSER

Queen Barbara I will begin her rule over Willamette's thirty-fifth annual May celebration at one o'clock this afternoon with a parade through downtown streets. Classes were dismissed this morning for a general campus cleanup in preparation for the weekend festivities.

Dave Reinhard, May manager, was in general charge of planning the celebration.

Accompanied by a police escort, the parade, a new feature of the annual May ceremonies, is to be led by the Willamette band and will center around Queen Barbara Young and Princesses Dorothy Baldwin and Hazel Bunnell in their official cars.

Mary Head and Wes McWain in a 1910 Hupmobile will represent the first May celebration. Broadcast Planned

At 1:30 the parade is scheduled to halt in front of Stevens-Brown Jewelers for a 15-minute broadcast with Wes McWain as master of ceremonies. Short talks by the queen and her princesses and selections by the band are included in plans for the radio program. At this time Stevens-Brown will present gifts to the queen and her court.

The parade is to be routed from twelfth street along State to High, on High to Court, along Court to Liberty, back to State, thence to Commercial, then south on Commercial to the Marion hotel.

A conference baseball game with Pacific on Waters field at 4:30 is slated to complete the afternoon's activity.

Banquet at Marion
At 7 o'clock the queen's court banquet will be held at the Marion hotel, followed by the annual May weekend dance in the gymnasium.

Festivities will continue tomorrow morning with the WYCA May breakfast, to be served from 8 to 10. Weather permitting, tables for the breakfast will be set up under the trees near Chresto.

From 8:30 to 11, in conjunction with the University open house, Blue Key is to supervise the registration of guests in the library.

Class rivalry will rear its head as the freshman and sophomore tug-of-war teams battle at 11 o'clock to literally dampen each other's spirits in the historic mill stream.

Summer Work Hutchins Plan

Upon returning from evaluating the Jefferson high school last week, Dr. H. C. Hutchins, professor of education, announced that he plans to spend the vacation months teaching at the summer session of the University of Michigan.

Dr. Hutchins was one of a committee of fifteen educational leaders, headed by D. A. Emerson, assembled by the state department of education in Portland to study the program of the Jefferson school. The group suggested several changes including an enlarged library and a more comprehensive guidance and counseling program.

Fifty Apply for WU Scholarships

Fifty applications from high school seniors for scholarships to the University for the year 1941-42 have been received by the office of Dean Chester F. Luther.

Coronation Program Sketched

Climax of the weekend festivities will come at 2 o'clock with the coronation ceremonies in our campus Greek theatre. Following a welcome by President Baxter, Barbara Young will be officially installed as queen of the May.

The coronation program will be completed with a vocal duet by Ruth Burgoyne and Don Wilson, bits from the Mikado and the traditional Maypole dance, which this year, under the direction of Frances Pickard and Margaret Wright, according to May Manager Dave Reinhard, has been revamped.

Tennis Match Slated

Athletic enthusiasts will be treated tomorrow afternoon at 3:30, as WU netmen battle with the Reed team on our campus courts.

Students will again give vent to spring frolicking at the afternoon dance, to be held in the gymnasium from 3:30 to 5. Don Regan's orchestra will furnish the "Swing 'n' sweet," and Dick Barton will be master of ceremonies of the short program. DTG will entertain at tea in Lausanne parlors during the same hours.

Official conclusion of the May celebration will be the Junior class play, "A Comedy of Errors" or "The Boys from Syracuse," scheduled for 8:15 in the Leslie auditorium.

Miller's Contest Open to Students

Willamette students will receive an opportunity to design clever ads suitable for actual use.

Miller's department store has asked the coed committee to arrange a contest open to the entire student body. The ads are to be submitted to the committee which will select the best design. The winner, who will be announced at the junior-senior prom, will receive a two-dollar piece of merchandise. The deadline for entrants is next Wednesday.

FLEETING FACTS...

QUIZ

THE CASE OF THE WALKING DICTIONARY OR

THE BOOKWORM TURNS

You are all familiar with quizzes—on the radio, in the newspaper, at the movies, even. Here's a quiz to sharpen your wits, and, we hope, your observation; furthermore, it is EXCLUSIVELY WILLAMETTE!

Question 1. Willamette's charter in 1842 provided for "a log boarding house and school of sufficient size to accommodate the teachers and pupils, if teachers can be employed." What was the name of the institution at that time?

Question 2. The first May Day celebration that we have recorded was a picnic with a borrowed two-horse stage in 1889. What year was the May Day court started? How were the first elections conducted?

Question 3. The campus is practically over-run with past-presidents. What member of the Willamette faculty was once president of the Oregon State student body?

Question 4. In the fall of '31, the highest scholarship average was 12 hours of A and 2 hours of B. How many hours of C could a four-year student, taking an average of 15 hours a semester, be allowed in order to get a 3.5 average?

Question 5. Every year or so a professor is granted a leave of absence to study for his doctor's degree. About what percentage of the faculty members of Willamette have their doctor's degrees now?

Question 6. Fossil leaves of the near-extinct Ginkgo tree are, and have long been, the delight of the paleontologist. Where is the Ginkgo tree that adorns the Willamette campus? (Answers may be found on page 4.)

SAY IT HERE

THE INTERNATIONAL VIEWPOINT

Considerable material, some as news, has been printed in the Collegian this year by the so-called pacifists upon the campus. However, I feel there has not been enough discussion of both sides of the war question either upon the campus or in the Collegian. I would like to stimulate a little open discussion upon the question of war.

I call this the international viewpoint because I am for peace as much as the most ardent pacifist, but am not able to visualize peace as being secured by the United States or any other nation by pulling in its neck. The Danes, Dutch, Belgians, and over 15 other peoples lost their freedom, living stan-

RES IPSA LOQUITUR

Notes from the College of Law—by VERNE McCALLUM

Having just finished listening to Prime Minister Churchill blast the "Sniveling Jackals" of Fascism, here we are in the law library, working in the shadow of the reported English cases which stem back, past Coke and Littleton, almost to the time of the Battle of Hastings.

There are in existence records of litigation which antedate the Norman conquest, and it is no novelty to include in a brief of authorities a reference to the soundness of a decision rendered sometime during the thirteenth or fourteenth centuries. This mass of material, covering questions arising from every conceivable set of circumstances, has established for all who live under the Anglican legal system a network of boundaries past which no man may go unpunished... or is there one who will?

Beth DeSulley tells of the negro in jail being asked what he was in jail for, replying that it was for borrowing money. When told that people weren't put in jail just for borrowing money, he retorted, "Yes, but I had to knock de man down free or fo' times before he'd lend it to me."

Advice to executives:

To be actionable, a libelous statement must be published, i.e., brought to the attention of at least one person other than the plaintiff and the defendant. From this it follows that no action lies for statements made in a letter addressed by defendant to plaintiff and read by him alone. But an action does lie for libel for such a letter, if dictated to a stenographer, the dictation being considered the publication.

An aside for gossips:

In repeating slander, it will be no defense to an action for slander that the person repeating it is not the same who first uttered it, and he will be

liable even though he states at the time that he heard it from some other.

Signs of Summer: Sol Stern on crutches from softball... Patricia's freckles... revival of the longer-long-on-the-steps after-dinner fraternity... Rupe's haircut... a snore from Oye's table... Watana heading for Seattle... Sam and Celia lunching in the park... getting to the library for the first time ahead of Don West.

Gordy Wilson took his first flying lesson the other day, at the expense of a good steak dinner.

BRASS TACKS

THE MAY QUEEN, after weeks of preparation, finally comes into her own as "ruler" of the campus this weekend. We shall all make believe we are her "subjects" for the time, and proceed to enjoy the pomp, beauty and pageantry of this brief "reign." But has anyone ever stopped to wonder just why we do this?

TINSEL AND GLITTER have always accompanied royalty as far back as the mind can reach. Perhaps a primitive chieftain first hung a necklace of bear claws about his neck, threw the skin of the bear over a rock for a throne, and thus made himself stand out from the crowd—who knows?

EVEN TODAY, when we have generally ceased to regard kings as anything but figureheads, or puppets in the hands of politicians, we still love the show they put on. Witness the king and queen of England. The British wouldn't give up their royalty for anything, even though the real power of government lies in the hands of parliament and cabinet.

IN THIS COUNTRY, where we have supposedly given up such governmental folderol, we still retain the desire to watch the show. One outlet for this desire seems to be the elevation of pretty girls to the queenships of this, that and the other thing. We have rose queens, snow queens, rodeo queens, apple queens, strawberry queens, apple queens and other kinds of queens to numerous to recount. Hardly an excuse of any kind is necessary for the election of a queen these days. Perhaps the next candidate for president should run on a platform of "Every Colleen Should Be a Queen." That could probably be followed as closely as most political platforms are and would at least bring out the voters.

Welcome

It is with pleasure that we welcome hundreds of guests who come to the campus this weekend to help celebrate the coming of spring. Parents, sisters and brothers, high school friends, townspeople and alumni join students in the festivities of Willamette's thirty-fifth annual May Weekend.

We are glad to have guests to help appreciate the artistry of the weekend's events, planned with painstaking care by conscientious committees, under the direction of David Reinhard and with the cooperation of the entire faculty and student body.

To those who have spared no efforts to make May merry-making its merriest we extend our most sincere thanks. And to those who are our guests today and tomorrow we express hearty greetings and pledge our utmost efforts to help make this Willamette visit a pleasant one.

Growth

Criticism is necessary for growth. For this reason the Collegian accepts with appreciation the report of the Associated Collegiate Press critical service on the first semester issues.

We profit from the criticism in several ways. First, it is encouraging to know that we rank higher this year than last in comparison with other college papers; that impartial judges consider that the Collegian has really improved.

Just as important is the recognition of our shortcomings. Competent critics point out the less desirable features, the omissions, the errors. We realize where we can make further improvement.

The ACP critical report serves as example of one of the methods by which we develop our own powers of judgment. Criticism belongs not only to formal education; it is part of everyday life. Learning to accept it, consider it and profit from it is part of normal mental development.

is, he has nonetheless failed. I suspect, to read an allegorical meaning into a book on "Cowbirds." (A man named Herbert Friedman wrote it.)

We all "had cowbirds" in nature study somewhere in grade school. In my pre-adolescence, I felt a growing admiration for these clever rascals who, with magnificent unconcern for the future, never bothered to build nests. Whenever their parental instincts overwhelmed them, they laid a single egg in the nest of some smaller bird, which stupid creature would hatch out and rear their greedy offspring for them. Yes, I had only respect for cowbird adroitness then.

Yet do I marvel at a society which, with grade-school blindness, continues to applaud the efforts of human cowbirds.

Here is a sentence or two from the book in Professor Monk's office:

The world abounds in cowbirds, but the sons and daughters of larks, thrushes and sparrows are still in the majority.

Let them be more far-sighted than their parents. If they do not destroy within themselves the instinct to maintain things as they are merely because they have always been, will not that instinct surely destroy them? It is up to them to create a world order free from anthropomorphic cowbirds.

In the April edition of "Hygein" there is an article by Henry Imus concerning visual education in which he states that "eighty-five per cent of all mental training is obtained through the eyes." Such a statement adequately serves to emphasize the importance of properly fitted glasses, and clear vision.

If defects are either incompletely or inaccurately corrected, nervous strain frequently results, as well as discomfort and reading difficulties.

So it is important to discover and correct refractive errors through an occasional visit to some competent refractionist.

Queen's Tea Is Given Yesterday

Queen Barbara and Princesses Dorothy and Hazel were honored yesterday afternoon with a formal tea given for them at the Delta Phi house.

Muriel Lindstrom greeted guests at the door, Betty Keller introduced to the line, and Lafune Snyder was in charge of the guest book.

Receiving with the queen and her princesses were Esther Gunnesdal, Mrs. Frank James, Mrs. Alvin H. Young, Mrs. Charles McCargar and Dean Olive M. Dahl.

Banquet Precedes Kappa Formal

The prevailing atmosphere of the Kappa Gamma Rho formal dance and banquet was that of a South American night club. At the banquet held in the Quella, toastmaster Ed Cone and speakers Al Ferrin, Rollo Stowasser and Oscar Swenson contributed amusing hits from South American life.

Following the banquet, fraternity members and their guests adjourned to the Veterans of Foreign Wars hall where Wes Lang and his orchestra played in a night club setting. High-light of the evening came when the entire crowd joined in a circle on the dance floor and danced the La Conga under the direction of a professional dancing teacher. Programs of silver and purple suede very appropriately carried out the night club theme.

Dr. and Mrs. Charles L. Sherman were special guests, attending their twentieth Kappa banquet and dance.

Guests and hosts at the dance were Iras McCurdy, Winston Bunnell, Chloe Anderson, Jack Hedgecock, Barbara Byrne, Rollo Stowasser, Betty Cooper, Don Burton, Frances Tilley, Bob Woldt, Beverly Sherman, Bob Perry, Mary Jane Smith, Harry Irvine, Cleo Nisser, Oscar Swenson, June Woldt, Ed Cone, Esther Gunnesdal, Cliff Stewart, Jean Kohagen, Jesse Jones, Naomi Tyler, Floyd Mattson, Olive Sontelli, Mark Hatfield, Jean Jackson, Winston Taylor, Marjorie Wootton, Bob Albert, Muriel Lindstrom, Zeral Brown, Ruth Cookingham, Arthur Rathkey, Florentine Mickel, Ernie Greenwood, Dorothy Tate, Maurice Kreutz, Phyllis Haugeberg, Hillis Davidson, Fern Shoberg, Wayne Sturdivant, Maxine Holt, Bruce Van Wyngarden, Ruth Jones, Bob Teeters, Louise Lucas, John Stalnaker, Lila Murray, Loren Hicks, Mr. and Mrs. Dick Tatro, Pat Niemeyer, Paul Wedel, Barbara Young, Vernon Casterline, Peggy Reinholdt, Bill Hobbs, Dorothea Greenwood, Al Ferrin, Hilma Breuser, Bill Byars, Rosemary Bell, Don Briggs, Ruth Burgoyne, Don Wilson, Ruth Finney, Howard Blanding, Margaret Ewing, Carl Seibel, Esther May, Rowena Upjohn, Jack Walker, Elaine Eberly, Harold Abbott, Shirley Caulfield, Boots Donaldson, Jean Bowman, Marvin Humphreys, Mary Barker, Jack Chapin, Helen Holcomb, Wayne Brainerd, Madge Thompson, Bill Belcher, Beverly Brainerd, Don Sculatti, Dorothea Greenwood, Glen Fravel, Mary Jane Brabec, Bill Phillips, Barbara Bell, Duke Osborne, Ruthanne Thompson, Vinton Ellis, Marjorie Anne Johnson, Leonard Hutchinson, Bertha Coen, Dean Trumbo, Ellen Keagle, Bill Rudy, Dorothy Engle, George Otten, Laura Lee Tate, Jim Robertson, Grace Steinke, Allen Bartlett, Kathleen McGinnis, Linford Mallet, Bobby Romon, Dick Mallet, Jane Sisson and Art Olson.

"Make way, make way, For the Queen today. The Queen approaches All hail the Queen."

With the singing of these words tomorrow afternoon, May Day festivities will be well under way and Queen Barbara will be crowned with a wreath of beautiful flowers. This ceremony is really the climax of the week-end. This week perhaps you'd like to hear a little about the outfits members of the court will be wearing.

First of the important events, at which time the court made its public debut as a court, was the formal Queen's tea yesterday afternoon. In the receiving line, Queen Barbara wore white organdy — full sleeves and wide flared skirt; Princess Hazel a wall-paper striped fitted formal; and Princess Dorothy a black net with a sequin halter and small, fitted jacket.

Grand March

Tonight the court, with their escorts, will arrive at the dance to the sound of an impressive fan-fare and will lead the Grand March around the floor. Queen Barbara will wear a Copen blue silk crepe dress styled with a long fitted waist and full gathered skirt. Small covered buttons are arranged down the center front of the basque bodice.

Princess Hazel's dress will be of green, brown and white print spun rayon. It fastens with a zipper over the front, making a neat closing for the wide fitted waistline yoke. The front of the skirt is flared slightly and the back has a deep kick pleat. The fashionable three-quarter length sleeves are an attractive feature. For contrast, Hazel wears a necklace of brown beads over the plain high neckline.

A brown and white flowered silk print is the material from which Princess Dorothy's dress is made. Its narrow belt brings the fullness of the skirt all to the center front. The dress has shirring at the shoulders which releases fullness to the short puffed sleeves. The plain V-shaped neckline pleasantly balances the shirring and fullness of the skirt.

May Breakfast

For the breakfast, the girls will all be wearing suits, Queen Barbara again wearing Copen blue. Her wool suit has a short fitted jacket, fastening with self-covered buttons, and a flared skirt. A street length cape of the same material completes the outfit. With it, Queen Barbara wears a beige hat trimmed in rust, beige shoes with a rust trim, rust gloves, and carries a beige bag.

Princess Dorothy's suit is of contrasting colors — the long,

fitted jacket of slate-blue background with rose checks and a slate-blue skirt, which is made along the pencil slim lines. For accessories, Dorothy will wear a powder blue hat and carry a powder blue bag; her navy gloves match her navy and white spectator shoes.

The suit that Princess Hazel plans to wear is of a brown and yellow plaid and is tailored, with long, single breasted jacket and skirt to match, a kick pleat in back and front. Hazel will wear brown elasticized high vamp pumps, a brown straw hat and brown gloves, and will carry a yellow bag.

Coronation Gowns

For the big event Saturday afternoon, the girls will be transformed royally. The Princesses' gowns will be alike, made of sky blue embossed starched chiffon with an all-over fern leaf design over blue taffeta slips. A long, narrow panel gathers to each side of the blouse and skirt. The full skirt is of the period type, gathered over the hips and across the back. For the coronation exercises, the girls will wear very brief jackets, barely covering their shoulders, which have three-quarter length sleeves.

Queen Barbara will be lovely in soft white moire taffeta. Her gown has a train which is the continuation of accentuated back fullness. The neckline is sweetheart shaped and tiny covered buttons extend from the point of the neckline down the front panel to the hem. The sleeves are long and tight except for fullness at the very top.

In The Sportlight

With GIL LIESER

This week we conclude our thumb-nail sketches of Willamette prospects in the field of spring sports.

While we foresaw a bright future for Bearcat baseball and track clubs this spring, and their subsequent victories seemed to have borne out our predictions, it would be stretching a point to forecast more than a mediocre season for the local net squad.

From the start of practice it was evident that the absence of Bud Gilmore, Northwest singles champion, and veteran Hume Downs, would seriously effect Willamette's chances of successfully defending their conference tennis title.

Lack of adequate replacement for the number one and two positions was one of the chief sources of the Bearcat's unimpressive showing in their first two starts on the cement court this spring.

Only returning lettermen are Summer Gallaher and George Gutekunst who have been moved into the vacant one and two positions. Racquet wielders vying for the three remaining places on the varsity squad are Wayne Sturdivant, Howard Eberly, Warren Carlin, Glenn Olds, and George Rossman. Carlin and Rossman are freshmen, while Eberly and Olds saw some collegiate net action last year.

WU Golfers Have Title to Defend

With two veteran linksmen returning, Willamette University's drivers of the petite pellet stand a fair chance of defending their Oregon Intercollegiate golf title won last year at the Oswego country club course.

Though the remaining two places on the squad still remain open, they will likely be filled by manager Tony Fraiola and Bob Hinman.

Fraiola and Hinman, who will team up with three-year lettermen, Bunny Bennett and Buddy Reynolds, should be capable of giving the white agate quite a ride if they swing on the ball like they land on opposing linemen during the grid season.

Whether the football men will prove adequate replacement for the absent Dick Walker and Orville Beardsley remains a question until the Willamette fairway tourers make their 1941 debut against Reed college next Wednesday.

Diamond Day Dreams

A Bearcat entry in the Western International League with a roster composed of pitchers Bill Anton, Bob White, Earl Toolson, Jack Richards and Bill

Hanauska; infielders Ken Manning, Lee Shinn, Al Walden, Johnny Kolb, and Clint Cameron; outfielders, Dwight Aden, Durb Southard, Dwight Catherwood, and George Hochstetler; utility, and catcher, Jimmy Robertson. . . . We believe this outfit of past and present Bearcats could give several WIL clubs a heap of trouble.

A world free of preying professional baseball talent scouts who prefer contracts to blossoming collegians under a coach's very nose. . . . We dreamt this one up for Spec Keene and his fellow diamond mentors.

A team of players with the baseball wisdom of Bearcat catcher, Jimmy Robertson.

A skirt for Jack Richards, whose voice sounds like that of an irate housewife when he is calling 'em from the first base station.

Baseball umpires nattily attired in green serge, such as outfit "Elgie" Toolson, sported when he "rode-herd" on the third base corner in last Monday's Salem-San Diego affair.

A sharper batting eye for Bill Whitmore, who is a number one speed merchant when he gets on those base paths.

A handy rule book, so we wouldn't have to make apologies for crediting (?) Hal McAbee, and Earl Toolson with undeserved losses in recent games.

A pair of spurs and a saddle for Spec to use during afternoon ball practices.

A complete baseball schedule drawn up a few weeks in advance of the start of Willamette diamond activity.

WU Golfers Begin Defense Of Oregon Collegiate Title

Willamette university's championship golf team open defense of their 1940 Oregon intercollegiate links title against Reed college in Portland next Wednesday.

The Bearcat fairway team will be strengthened by the return of three-year veterans Buddy Reynolds and Bunny Bennett, both of whom were instrumental in Willamette's victory in the Oregon Collegiate championships at the Oswego course last spring.

New additions to the team will be Manager Tony Fraiola, and Bob Hinman. Much of Willamette's success in defense of the crown will depend on the ability of the latter two players, newcomers to inter-collegiate golf.

Fraiola announces that all places on the team are still open

4th Win for Richards Cameron's Home Run Nullified by Rain

Spec Keene's Willamette baseballers added another game to their victory string Wednesday when they defeated Portland University 6 to 4 on the latter's diamond, in a contest curtailed in the eighth inning by Juke Pluvius.

The Bearcats made the most of seven bingles to bunch six runs in the early innings while Lefty Jack Richards was keeping 10 Pilot blows well spaced.

Maloney, the highly touted griddle, started on the hill for Portland but was shelved to cover in a second inning uprising.

Willamette was leading 9 to 4 by virtue of Clint Cameron's eighth inning homer with two aboard, when the game was called with none out, and the score reverted back to the seventh and last complete inning.

Return Game Slated

Tomorrow afternoon Keene's diamond crew play host to Portland U. in a return game scheduled for 2:30 on Water's Field.

Either Hal McAbee or Dick Walden will be Spec's mound choice for the fray.

The two teams will meet again in a third contest here in Salem slated for next Wednesday night at Waters Park.

WU Netmen Hosts To Reed in Return

Willamette's Bearcat racquet-ers will have an opportunity for another shot at Reed college's crack net squad when the Portland team comes to Salem tomorrow for a match on the local courts.

The "Brain" school players proved that all their time is not spent studying when they handed the Bearcats a severe drubbing several weeks ago in Portland.

Winning 11 of 15 possible second places, in addition to seven firsts, Willamette university's sparkling track and field team swept to an 83-18 victory in a dual meet with Linfield at McMinnville last Friday.

The wins was the second suc-

cessive conference victory within a week for Howard Maple's and Justin Weakley's thimbleclad prodigies.

Rex Putnam was the outstanding individual performer of the meet; scoring firsts in the 100, 220 and pole vault, and running the anchor lap on Willamette's winning relay team to record a total of 16 1/4 points.

Putnam sped the century in 10 seconds flat, ran the 220 in 21.6 and pole vaulted an even 11 feet.

Macy and Williams finished one-two in the 440 distance with a time of 52.4. The 880 went to Linfield but Jacobson and Lilly finished second and third respectively. John Gardner captured second places in both the one and two mile events for the Bearcats.

Victory Gives Inter-City Series to Professionals: Helser Baffles 'Cats

Some 1200 diamond fans saw professional baseball triumph over the collegiate variety last Friday evening when the Salem Senators, posted a 3 to 0 victory over our Willamette Bearcats in the deciding contest of the annual inter-city series played at Waters Park.

Roy Helser, no doubt in a vengeful mood over the havoc Spec Keene's stickers raised with his Linfield collegians in three of four games recently, kept Bearcat batters completely baffled for the six frames he worked, allowing only three safeties while whiffing seven. Rookie Steve Janoso blanked Willamette the remainder of the route.

Meanwhile the Senators were touching Earl Toolson for two runs in the initial inning and Bill Hanauska for another in the third. Francis Dierckx, a Solon prodigy who took over the mound chores for Spec's crew in the fourth inning, handcuffed his teammates for the rest of the distance.

"Daddy" Walker and Clint Cameron topped Bearcat batsmen, the former whipping two sharp singles in two trips and the latter slamming a line drive triple and a single in four times up. The 'Cats got runners as far as third base twice but Helser and Janoso shut the door in their faces each time.

Both clubs held a 3 to 2 verdict in the series prior to Friday night's rubber game.

'MURAL SLANTS

By Paul Sheldon

It's the Alpha Psi A's, the Amanon, the Kappas, and the Law School in the play-off for the intra-mural softball championship next week.

These four teams were at the top of the loop standings when regular league play was over, and thus earned a berth in the play-off round. The Psi A's rest very firmly in the top spot with nary a loss in five league games.

In second position the Law School and the Emanons are deadlocked with one loss each, while the Kappas have two losses chalked up against them. Going from the sublime to the ridiculous, we find the Campus Y snugly residing in the league dungeon with the phenomenal record of no wins and six losses.

In a brief recapitulation of this weeks horse-hide clubbing we find the Alpha Psi A's downing their fellow frat men, the B's 4 to 0 in one of the tightest pitching duels seen this year. Only nine hits were recorded in the entire game, five by the winners and four by the defeat sufferers. French was the winning pitcher, while Moses was charged with the loss.

Resuming their heavy stick work, the Emanons downed the Campus Y 22 to 1. (At least it wasn't a shut-out). The Emanons collected 15 hits off of Stacer and Leiser, Y chuckers, while Jacobsen allowed the Y boys but three safeties. Not content with this top-sided win, the lettermen went on to club the Kappas into submission to the tune of 19 to 4. The Emanons knicked Ed Cone, Kappa pitcher, for sixteen bingles, while Jacobsen of the Emanons was giving up but six blows.

In a game played earlier in the week, the APDA's downed the barristers by a ten to four margin. The Psi's connected for seven hits at five for the would-be lawyers. Fravel was the winning hurler, Desully the loser.
