MEDICAL DEPARTMENT.

Requirements for Graduation are as follows :—The candidate must be twenty-one years of age, and must present proper testimonials of a good moral character, and satisfactory evidence of having studied medicine three years (lectures included) with a reputable practitioner of medicine. He must have attended two full courses of lectures, the last of which must have been in this Institution. He must pass a satisfactory examination, and must submit to the Faculty an acceptable thesis on some medical subject, in his own handwriting. For an *ad eundem* degree, a diploma from a regular Medical College and a satisfactory examination in the practical branches, and the usual fee.

The fee for a full course of lectures is \$110 00; Matriculation fee, (paid but once), \$5 00; Graduation fee, \$30 00; Demonstrator's ticket, \$10 00. Graduates from other Medical Colleges are required to matriculate only.

Good board can be obtained on terms more reasonable than in any other city on the Pacific coast. Students, on arriving in the city, are requested to call on the Dean, who will see that they are provided with accommodations, and will give any further information that they may desire. Letters addressed to the Dean, or any member of the Faculty, will receive prompt attention.

Students will find a good assortment of Medical books in this city. It is recommended that they supply themselves with one or more Text Books in each of the Departments.

TEXT-BOOKS AND AUTHORS.**ENGLISH LITERATURE.**

Willson's Larger Speller, Willson's Readers, Webster's Dictionary, Cleveland's Compendium, Kerl's Grammars, Quackenbos' Composition and Rhetoric, Whately's Rhetoric, Kames' Elements, Boyd's Milton. Composition and essays required all through the course.

FRENCH.

Fasquelle's Course and Reader, Telamaque (Fasquelle), Napoleon (Fasquelle), Corinne, Racine.

GERMAN.

Woodbury's, or Woodbury's and Prof. G. F. Comfort's series.

HISTORY.

Quackenbos' History of the United States, Willson's Outline, Fiske's Manual of Classical Literature.

MATHEMATICS.

Davies' Intellectual and School Arithmetic, Thompson's Higher Arithmetic, Loomis' Series.

NATURAL SCIENCE.

Natural Theology, McNally's Geographies, Warren's Physical Geography, Olmstead's Philosophy, (Snell's Edition), Johnson's Turner's Chemistry, Wood's Botany, Dana's Geology, Hooker's Physiology, Youman's Household Science, Peck's Ganot, Mattison's and Loomis' Astronomy.

MISCELLANEOUS.

TIME AND CONDITIONS OF EXAMINATION.

The regular examination for admission to the University takes place on the Monday before Commencement, and also on the day of the beginning of the first term.

ADVANCED STANDING.—Candidates for advanced standing will be examined in the studies required for admission to the Freshman Class; also in the studies of the College Course, as far as pursued by the class to which admission is sought. No one will be admitted to the Senior Class after the first term.

AGE.—No one can be admitted to the Freshman Class who has not completed his fourteen year, nor to advanced standing without a proportionate increase of age.

TESTIMONIALS.—Applicants for admission are requested to furnish satisfactory testimonials of good moral character, and if from another College, a certificate of dismission in good standing.

PUNCTUAL ATTENDANCE.—Students are required to be punctually present at the beginning of each term. The loss of even a few days is a serious disadvantage, the effects of which are likely to be felt for a considerable time afterward.

REGULATIONS.

1. Due respect must be observed towards all officers of the Institution.
2. A gentlemanly and ladylike department is at all times expected.
3. Crowding the halls and doors for conversation, wearing hats at improper times and places, running up and down stairs, whistling, boisterous talking or laughing, or making any unnecessary noise on the premises or in the buildings of the Institution, are violations of good order. Profanity, rude and indecent language, smoking in any of the rooms or halls of the Institution, or upon the premises, drinking intoxicating liquors, playing at games of chance, the use of fire-arms on or about the premises, loitering or idling away time, protracted visiting in each other's rooms, and all other practices calculated to injure the morals or disturb the good order of the school, are totally forbidden.
4. Special attention must be paid to cleanliness. Entering the house with dirty feet, spitting on the floors, improper appearance of person or of clothing, are violations of this rule, and will be noticed accordingly.
5. Any student who, by writing, cutting, or any other means defaces or injures any building, or any other thing connected with the Institution, shall, for such injury be held strictly accountable.

6. All the students are required to answer at the calling of the roll in the morning. No student is allowed to be absent without special leave, except in vacations.

APPARATUS.

The University is well supplied with apparatus for illustrating the several branches of physical science.

NORMAL INSTRUCTION.

Special attention will be given to those who desire to make teaching their profession.

THEOLOGY.

The Trustees have arranged for the accommodation of young men who wish to pursue a course of systematic theology in the University.

GOVERNMENT.

The principle of moral suasion is regarded as the basis of discipline. Refractory pupils are subject to reproof or suspension by the Faculty, and the worst cases to expulsion. An average of deportment is recorded each term. An account of each recitation is made, and at the close of the term an average is taken. Ten is assumed as the maximum, and indicates an excellence to which students rarely attain. One falling below five cannot advance with the class.

EXAMINATIONS.

The classes are examined at the close of each term in the studies of the term; and no student who absents himself from the examination, or fails to master the studies of the session, will be permitted to proceed with his class.

PUBLIC WORSHIP.

Devotional services are held daily in the University Chapel. All students are required to be present, and each provided with a Testament for reading in concert; and also to attend some place of worship on the Sabbath.

RELIGIOUS MEETINGS.

Prayer and Class Meeting held by the students every Tuesday evening.

COMPOSITION.

Exercises in Composition and Declamation by the Freshman, Sophomore and Junior classes, through the year. Original Declamations and Compositions by the Senior Class, through the year. There are recitations in the Greek Testament each Monday by the several classes in College proper, during the whole course.

SOCIETIES.

Literary Societies, in both the Male and Female Department, afford opportunities for intellectual culture.

BOARDING.

No arrangements for boarding students are made by the Institution. Boarding is readily obtained in private families, at as moderate rates as circumstances will allow, and varying, according to the expensiveness of living, from \$3 50 to \$4 50 per week. In many cases, students board themselves. They hire a room suitably furnished, or sometimes furnish it themselves, and in this way frequently reduce the expenses of boarding to one dollar per week.

SCIENTIFIC DEPARTMENT.

This department embraces all the English branches of the Preparatory and Collegiate Department, and also the study of modern languages. Any student in good standing may receive a certificate of proficiency, to date, signed by the President.

The regular Classical Course of study is earnestly recommended as best for all; but to those whose circumstances will allow of only a Scientific Course, Latin or one of the modern languages is required.

LAW.

This department is not yet fully arranged, but the wants of all who wish to enter upon the study of law are designed to be met.

GRADUATION.

Degrees in the Arts are conferred *in cursu* only on those who go through the entire Classical Course. The degree of Bachelor of Science is conferred on those who complete the Scientific Course of study.

Bachelors of Art of three or more years' standing, who have maintained a progressive Course in Literary improvement, and a good moral character, are eligible to the degree of Master of Arts *in cursu* on payment in advance of the usual fee of five dollars. Application must be made to the Secretary three weeks before Commencement.

MEDICAL DEPARTMENT.

The Fourth Course of Lectures will commence on the fourth day of November and continue four months. The Faculty take pleasure in announcing to the public and profession at large, that, notwithstanding several members of the Faculty as named in a previous circular resigned for *peculiar* reasons, the last term was one of unusual prosperity.

As the Faculty, by their energy and successful conduct of the Medical Department for three years, have merited the entire confidence of the profession, therefore this school is fast becoming second to none in point of sound medical learning and practical acquirements, as evidence of which, many of our graduates have already attained a prominent position in the Profession.
