# GENERAL STATEMENT.

---

## LOCATION.

Salem, the capital of Oregon, is most beautifully situated on the east bank of the Willamette river, fifty-three miles south of Portland. Rich farm land lies on all sides and extends away for many miles. The scenery is delightfully varied by hills on the south and across the river on the west. The streets are wide and have a considerable decline westward toward the river. Several living streams of water flow through them into the Willamette, and in their course turn the powerful wheels of the great flouring and other mills, of which Salem is justly proud. It contains a population of nearly 15,000. The Willamette University, founded at a time when Salem was scarcely a town-site, has had the opportunity to grow with the city and impress its work upon the community. For morals and high state of Christian society, Salem is far in advance of most towns of its size. The official position of so many of its residents, in county and State, impart an increased culture to society. Many of the State educational institutions are located here, with their officers and teachers, which circumstance adds another advantage to the location of a University. The buildings are immediately in town, and places of business are of easy access. The campus on which the buildings are situated contains about eighteen acres. The people of Salem have ever given non-resident students a cordial welcome to their homes, their churches and society, so that, although among strangers at first, they are soon made to feel that they are among friends desiring and striving for their best interests. All circumstances combine to make Salem the best University town on the coast. It is not too large, so as to absorb the interests of a University in its business affairs, and it is not so small as to be unable to accommodate all its interests.

### BUILDINGS.

The University was damaged by fire in the roof, but the new roof adds immensely to the good looks and service of the building. The Woman's College affords a very comfortable and agreeable home for young ladies. The Medical building is beautiful and ample. A new building will be erected the coming year upon the college campus, which will greatly increase our facilities. See the cut on fourth page of cover.

**Literary Exercises.**

Special drill will be given in composition, elocution and general literary exercises throughout all the courses of study. These exercises are additional to those mentioned in the curricula.

Every student in school is expected to perform literary work the third Thursday of each semi-term, unless excused for equivalent work in Literary Societies or in Elocutionary classes.

**Literary Societies.**

There are two literary societies connected with the school. They have a commodious and well-furnished hall in the University building. The Philodorian society meets at 3 P. M., and the Philodorian at 7 P. M., on Friday of each week. The objects of these societies are to increase knowledge among the members and to bring into practical use the mental drill obtained during the week; experience having shown that these are more readily acquired by a combination of efforts than singly.

**The Ministry.**

Applicants for the advantage of reduced rates granted to ministerial students, are required to produce either a local preachers' license or a recommendation from some Quarterly Conference, after the following form :

"We, the members of the Quarterly Conference of..... Station, or Circuit, do hereby certify that..... is, in our judgment, called of God to the work of ministry; and we cordially recommend him as a suitable person to be received as a student in Willamette University to prepare for such work."

Students preparing for the ministry who need assistance, can usually receive loans to the amount of \$50 or \$100 a year from the Board of Education of the M. E. church. Information can be obtained by addressing the President of the University.

**Self Support.**

A number of places can usually be obtained in private families

where young ladies may do some work for home and board while attending school. Many young men pay a part of their school expenses by doing work out of school hours and on Saturday. Some have entirely paid their way in school by this means. Work of this kind is generally obtained by the persevering and energetic.

#### **Library.**

The following addition to the books of the library has been made during the past year:

From Judge John J. Shaw, 61 volumes Congressional Globe.

From Cranston & Stowe, 12 volumes.

From Mrs. Joseph F. Knapp, three volumes of Mrs. Palmer's Works.

From Rev. O'Brine, Altoona, Kansas, 25 volumes.

From different branches of U. S. Government, 24 volumes.

Total volumes 125.

There are now 3,700 books and 2,275 pamphlets in the library. Many pamphlets, magazines and papers are received for the use of the reading room.

A member of the senior class is appointed Librarian from year to year. J. H. Robnett has been Librarian for the year of 1891-'92. No book shall be kept out longer than two weeks at one time. The holder will be charged ten cents a day for the time a book is held longer than two weeks.

Any damage to books other than the moderate wear, and the loss of books, must be made good.

#### **Military Tactics.**

Company A. Willamette Cadets, has been organized. Much needed exercise and knowledge of military tactics, as well as neatness in personal habit, and precision and grace in all the movements of the body, are learned in the various forms of drill. The guns used in the manual of arms have been presented for the use of the University by the State of Oregon. Boys and young men attending the University can purchase uniform suits for \$12 to \$15. The clothing is of fine cloth and can be worn on any occasion.

---

**Correlated Academies.**

It is the design of these schools to prepare students as nearly as possible for the Freshman class in the College.

Certificates from the Correlated Academies will give the student bearing them the desired standing in the University without an examination on the studies embraced in the certificates.

These Academies are: Wasco Independent Academy, R. H. Willis, A. M., Principal, located at The Dalles, Oregon; Umpqua Academy, located at Wilbur, Oregon....., Principal; Sheridan Academy, located at Sheridan, Oregon,..... Principal; Santiam Academy, located at Lebanon,..... Principal; Drain Academy, Thos. C. Bell, A.M., Principal; Pendleton Academy, H. L. Talkington, A. B., Principal.

**Government.**

The government of the University aims to be mild but firm in what few regulations it has. Constant thought is exercised to cultivate qualities of manhood and womanhood in every student. Whenever a student aims to do right, and be diligent and successful in his daily work, he scarcely realizes that he is under government. While the general oversight has especial care for Christian training, yet the school is non-sectarian in its teaching and government. Its course of study are on a high grade, comparing favorably with other institutions of equal grade in the East, excepting in number of elective studies. The aim is thoroughness in teaching, and clear, symmetrical, and high minded culture.

**Needs of the University.**

Large and immense additions to the funds of the University are much needed. One or two professorships should be established at once.

A suitable hall for recitations in the College of Liberal Arts will be erected in the coming year. A Conservatory of Music building is an almost equal necessity. A Library building is one of the immediate wants, as also a plant for an institute of Technology. Thoroughly to equip this institution upon the plan proposed,

resources several times greater than any now possessed will be absolutely necessary. The Trustees cannot doubt but that the friends of the school and public-spirited men and women will create the needed facilities. The University is now only beginning to live. The character of its life will depend upon the help of those who have money, and who have such love for Christian training as to bestow it upon the institution for this purpose. The corporate name of the institution is Willamette University.

#### **Form of Bequest.**

I give and bequeath to Willamette University the sum of..... dollars, to be safely invested as an endowment for the support of .....Professorship in the College of Liberal Arts.

#### **Rules.**

After long experience, the following rules are found to secure the best general government of the school. It is thought best to publish our rules in order that all may understand clearly under what restrictions they place themselves by becoming students of this University. No well regulated institution can succeed without rules of general government any more than the State without laws.

#### **General Rules.**

1. Students coming from other Colleges must bring recommendations from the College they left.
2. Such students must present satisfactory certificates of work done, or pass satisfactory examinations.
3. Students from abroad are expected to board at the University Hall, or Woman's College, except to secure self-help, or other satisfactory reasons.
4. No student is allowed to board at a hotel or public boarding house.
5. No student will be entered at the beginning of the term for less than a term; nor will any student having withdrawn from school during the term without permission of the faculty, be granted an honorable dismissal.

6. Students will not be allowed more than four daily regular studies, except they are in review.

7. Examinations at the close of each term. Written reports in scholarship will be sent to the parents of each student after each examination.

8. Attendance at some selected church is required each Sunday morning.

9. Attendance at Chapel service each school day.

10. Study during recitation hours, and from 7 to 9 P. M.

11. Permission for absence from school or town.

12. No profanity or the use of tobacco allowed in the school.

13. Visiting saloons or places of questionable character is prohibited.

14. Payment of tuition, each term in advance; for room and fuel in advance for the year and for board semi-terms in advance.

15. Half price for one study in school; full price for two or more. Students having studies in more than one grade will pay the tuition of the higher grade, provided they take two or more studies in that grade.

16. Time lost by sickness can be transferred, but no money is refunded.

#### **Normal Instruction.**

Special training is provided for those students who are preparing for the profession of teaching. An English course, consisting of such studies as are considered most practicable for teachers of high school and common school grade, has been arranged. Special training upon methods of teaching and practical teaching enter into this course. Students completing this course of studies are awarded diplomas and the degree B. S. D. It has become very popular with those who desire a good practical English education. Those who have pursued studies in other good schools, and wish to take advanced standing in this, as well as any of the other courses laid down in this Catalogue, can do so by presenting a certificate of scholarship in the schools which they have left. In

addition to the regular course of Normal study, lectures on the theory and practice of teaching are given by the President and prominent educators of the State actually in the work of teaching; so that the student not only obtains a good education, but also learns the most advanced and best methods of instruction. The success which graduates from this school are meeting in almost every county of the State, and in other States and Territories, is of great encouragement to the authorities of this institution.

Those who complete the course will be able to pass an examination for a Life Diploma in the State of Oregon, or for other grades of certificates, both State and county. It will be seen that this course embraces more studies than are included in the list for the highest State Diploma. Branches required for a State and Life Diploma:

Orthography,	U. S. History,	Plane Geometry,
Reading,	Theory and Practice	English Literature,
Penmanship,	of Teaching,	Bookkeeping,
Des. Geography,	School Law of Or.,	General History,
Ment'l Arithmetic,	Composition,	Nat'l Philosophy,
Writ'n Arithmetic,	Rhetoric,	Constitution of U. S.
Eng. Grammar,	Physiology,	
Phys. Geography,	Algebra,	

#### Young Men's Board.

Good rooms at a charge of \$1 a month for each room, and table board at \$2 per week. In this way, two boys have generally roomed together and reduced their room rent to fifty cents each per month.

The design is to charge young men for board only what the material and cooking cost. The board has been very satisfactory, and supplies a long felt want in the University.

The young men are expected to supply furniture for their unfurnished rooms. This will cost from \$6 to \$15 each, according to the value of the furniture. Many buy second-handed furniture. All furniture can be re-sold when the students leave. Furniture

can be left in the rooms, and no room-rent is charged during vacation. Bed clothing can be brought in a trunk or box and save buying.

The new rooms in the upper story are furnished and for these a higher rent will be required.

Board for five weeks in advance and room rent and fuel for the year in advance is charged. Any one being away for more than one week at a time, on account of sickness, will be given credit on board for time lost, but room rent will be transferred. The greatest care has to be taken to meet expenses in boarding at such low rates. Board and tuition for the school year will cost from \$114 to \$134 according to the advancement of the student.

In regard to the board of young ladies and girls, see "Woman's College."

# COLLEGE OF LIBERAL ARTS.

---

## Information.

The College of Liberal Arts provides instruction in three different courses of study:

*First.* The Classical, embracing four years, is similar to that taught in other institutions of equal grade.

*Second.* Latin and Scientific Course, embracing four years of study, is prepared for those who desire special work in mathematics and modern languages, and do not wish to study the Greek.

*Third.* Literature and Art Course, embracing four years, is prepared for those who wish to pursue music and art, and substitute the work done on either of these branches for some of the more advanced studies of language and mathematics.

## Requirements for Admission to the Freshman.

**CLASSICAL COURSE.**—*Latin*—Grammar, Etymology, Syntax, Prosody, first two books of Caesar, four orations of Cicero, four books of Virgil, and Jones' Latin Prose Composition.

*Greek.*—Grammar, Etymology, Syntax and Prosody, two books of Xenophon's Anabasis, three books of Homer's Iliad, and Jones' Greek Prose Composition.

*Mathematics.*—Arithmetic, Practical and Higher, Elementary Algebra, Higher Algebra to Quadratics, and Plane Geometry.

*Science.*—Ancient and Modern Geography, Physical Geography, Physiology, Natural Philosophy, Elements of Astronomy.

*English.*—History of the United States, Outlines of General History, a thorough knowledge of English Grammar and Composition.

**LATIN AND SCIENTIFIC COURSE.**—Same as Classical, except one year of German and one of French instead of Greek.

**LITERATURE AND ART.**—Same as Latin and Scientific.

**Degrees Conferred.**

Those completing the Classical course will receive the degree of Bachelor of Arts.

Those completing the Latin and Scientific course will receive the degree of Bachelor of Philosophy.

Those completing the course of Literature and Art will receive the degree of Bachelor of Literature.

Those completing the Normal course will receive the degree of Bachelor of Scientific Didactics.

The degrees of Master of Arts, Master of Philosophy, and Master of Literature will be conferred on those having finished the above courses leading to these degrees, three years after graduation; *Provided*, that since graduation they have sustained a good moral character, and have pursued some literary or scientific calling, or spent one year in the College.

Candidates for the Master's degree should apply to the President of the University at least thirty days before Commencement.

The application must be accompanied by a fee of five dollars to pay for diploma.

Students completing any of these courses will, on application, be granted a State diploma to teach in the State of Oregon without further examination.

## THEOLOGICAL DEPARTMENT.

---

REV. GEO. WHITAKER, A. M., D. D., PRESIDENT.

*Professor of Greek and Hebrew.*

REV. S. P. WILSON,

*Professor of Systematic Theology.*

REV. C. R. KELLERMAN,

*Professor of Historical Theology.*

---

The Theological Department was formally organized October, 1889. It was deemed wise thus to begin in a regular way the work of Theological education in the institution. Besides the current work of the Department, special privileges are accorded in the other Literary Departments.

### **Expenses.**

Students in Theology have reduced rates in the Literary Departments. They also have all the advantages of cheap board and room rent which are accorded to other students. No tuition is charged in this Department, but an incidental of \$10 a year, payable half yearly in advance, is required.

The school year begins September 5th, and consists of two terms of twenty weeks each.

### **Diplomas.**

While the student preparing for the ministry is advised to complete a College course before entering the Theological school, yet those who may not have the time and means to take such a course, and yet desire a professional training for their work, will be entered as theological students, and will be awarded the diploma on the completion of the course. Those who complete both a College and Theological course will receive the Degree of Bachelor of Divinity.

---

**Requirements.**

Those who wish to enter the Theological Department, if they do not bear diplomas from some Institution of learning, must present sufficient evidence that they possess at least a common English education. If they have not obtained a sufficient amount of education to admit them, they can be allowed to enter upon the study of Theology by permit of the Faculty, provided, also, that they enter upon the study of the required work in the Literary Department of the University.

Those who are not licensed to preach or exhort, will be expected to bring recommendations from their Quarterly Conferences, that they are suitable persons to enter this School for the study of the ministry. A form for this recommendation will be found under "General Statement" of this Catalogue. For the studies to be pursued, see "Curricula."

M. W. HUNT,  
Attorney-at-Law,  
Professor of the Common Law of England.

SAMUEL T. RICHARDSON,  
Attorney-at-Law,  
Professor of Constitutional and Commercial Law.

---

At a glance it will be seen that the Law Department of the Willamette University has within its faculty some of the most eminent lawyers of Oregon. The members of the Bar of the Capital of Oregon take great pride in the Law Department of the Willamette University, and it is no doubt one of the best Law Departments on the Pacific Coast, and students wishing to thoroughly equip themselves for the legal profession or in a thorough course of Business or Commercial Law, will do well to consider this Department of the University before going elsewhere.

#### **Course of Instruction.**

The regular course of study in the College of Law occupies two years, the students being divided into two classes, the Junior and Senior. The Business or Commercial course occupies one year.

The exercises consist of lectures from standard text-books.

The students will frequently be referred to the leading cases on the subject under consideration, and required to be prepared for questions upon them at the next exercise.

Moot courts will be held at such times as the faculty deem proper, at which one of the professors will preside, and the stu-

dents act as counsel. The students will be required to draw all necessary pleadings, and discuss their sufficiency.

The plan of study comprises the various branches of equity jurisprudence, code, commercial, international, constitutional, criminal, maritime and common law.

The first year of the course is devoted to the study of general commentaries upon municipal law, the law of contracts, the law of real estate, commercial and international law.

The second year includes equity jurisprudence, the law of torts, criminal and constitutional law, evidence, common law, equity and code pleadings and practice.

The principal text-books to be used in the course are Blackstone's Commentaries, Kent's Commentaries, Parson on Contracts, Washburn on Real Property, Cooley on Torts, Pomeroy's Equity, Bishop on Criminal Law, Greenleaf on Evidence, Chitty on Pleadings, Bliss on Code Pleadings, Daniel on Negotiable Instruments, Pomeroy's Remedies, Story on the Constitution and the Code and Constitution of Oregon.

Other text-books will be used for reference and illustration.

Students will be required to furnish their own books.

#### State Library.

Students have free access to the State Library, which contains over thirty thousand volumes. It has a large collection of law text-books, also the United States Supreme Court Reports, English Reports, Irish Reports, Canadian Reports and of many other foreign Courts, and all the Reports of the Courts of last resort and Courts of *nisi prius* and other intermediate Courts of the different States and Territories of the United States as well as the Reports of the Courts of Appeal, Circuit and District Courts of the United States; and many other reports in special branches of the law.

#### The Courts.

The Supreme Court of this State holds most of its sessions in Salem, and sits nearly the whole school year. The Circuit and

County Courts have regular sessions in this place. Students can attend these Courts when cases of importance are being tried, and become familiar with legal business.

#### **State Legislature.**

The Legislature of Oregon holds its regular biennial session in this city January 1893, and students will have a chance to learn how the laws of our State are made, and will be granted special privilege to attend its sessions.

#### **Lectures.**

Members of the Faculty will deliver lectures upon important legal topics when deemed advisable, and also eminent members of the bar from different parts of the State will deliver lectures to the students occasionally.

#### **Examinations.**

In addition to the examinations which will occur at the beginning and close of the year, the classes will be examined as frequently as the Faculty may deem it advisable.

Students desiring to enter the Junior class will be examined as to their qualifications upon entering the school, and they must at the same time, unless they are personally known to some member of the Faculty, present certificates showing that they are possessed of good moral character.

#### **Business and Commercial Course.**

For the benefit of young men not desiring to engage in the practice of law but desiring to be informed in the laws of business and commercial transactions, a special course has been arranged for their training and will embrace all the subjects of business and commercial law. It is confidently expected that this course will be taken by all persons desiring to engage in business or commercial life, and also by all persons desiring to be informed in the law as a matter of liberal education, but not desiring to enter into active practice.

#### **Graduation and Degrees.**

Students who have pursued the full course of study, and have

passed satisfactory examinations and complied with the rules of the College of Law, will be recommended by the Faculty for graduation, and the corporation will confer upon them the degree of Bachelor of Laws, or of the Business and Commercial course, according to the course the student has pursued.

#### **Admission to the Bar.**

The Faculty confidently hope that arrangements will be made by which graduates of this College will be admitted to the bar of all the Courts of this State without examination.

#### **Attendance and Deportment.**

It is desirable that all students enter the school at the beginning of the year.

All students will be expected and required to attend all lectures of their respective classes, and to pursue their studies diligently, except when excused from so doing by sickness or other good cause.

Students will be expected and required to conduct themselves with propriety, and to refrain from intemperance, gambling and other misconduct, and to obey all rules and regulations adopted by the Faculty or Trustees.

#### **Classes.**

Students will not be admitted to the Junior class unless they possess at least a good education, a knowledge of Latin, and, if they have not received a degree from some College of Art, they must satisfy the Faculty that they possess such education.

The students who pursue their studies at this school for one year and pass a satisfactory examination in all the studies of the Junior year, will be admitted to the Senior class.

Students who have pursued the study of law a year in some other College of Law, or have studied law under a competent instructor for at least one year, and pass a satisfactory examination by the Faculty of this College in the branches taught in the Junior year or their equivalents, may be admitted to the Senior class.

---

**Scholastic Year.**

The school year begins on the first Monday in October of each year, and ends on the first Monday in June, and this year constitutes one term. Students will not be admitted for a shorter period than one year.

**Expenses.**

The tuition will be \$100 for law course, and \$50 for business course; the tuition must be paid or secured in advance, and no one will be permitted to enter the class until he has his entrance ticket from the Dean. A fee of \$10 will be charged at graduation to those receiving diplomas.

Board and lodging can be obtained at reasonable rates.

# WOMAN'S COLLEGE.

REV. GEO. WHITAKER, D. D., PRESIDENT.

MISS MATTIE L. HANSEE, A. M., DEAN.

MRS. G. W. GRAY.

MRS. AMELIA MILLER, B. S.

I. This department of the University provides instruction:

1. In Literary Work—(see Academy and College Departments.)
2. In Music—(see Conservatory of Music.)
3. In Art—(see Art Department.)
4. In Elocution—(see Elocution Department.)

II. It provides homes for all lady students from a distance whether taking lessons in Music, Art or Elocution or reciting in any other department of the University.

It affords a place of residence, under careful supervision, and amid refined and orderly surroundings.

Board in Woman's College Hall, with everything furnished except towels, napkins and bed clothing, \$3.50 per week. A well-furnished room is supplied. But the occupants are expected to have a room-mate. Day board, and board for those who supply their own furniture, is put at \$3 per week.

Many parents object to sending their daughters from home to a school where, from the want of a College home, under proper oversight, they are compelled to board in families, that, as a rule, acknowledge no responsibility to parents or to the University.

It offers to all the students of the Woman's College—those resi-

dent in the building and those living in the city—a center or place of gathering for lectures and for such social events as may pertain to the home life of the department.

The Dean and other teachers reside in the Hall, and thus it becomes a religious home, and at the same time is surrounded by all the good influence of College life.

Care is taken in the furnishing of the building, in the regulations pertaining to the household, and in the internal life of resident students and officers, to maintain the atmosphere and surroundings of a refined, gentle home, so as to make residence in the College Hall a means of education.

It is not designed to make the Hall a means of income to the University; it is not a financial venture, and has nothing in common with the aim of a boarding house. On the contrary, the cost of residence is placed so low as to bring the advantage of the Hall within the reach of all earnest young women desirous of an education.

## Information.

The Conservatory of Music affords facilities for a thorough and systematical education in the theory and practice of music. The value of music as an element of culture depends very largely upon the other elements of culture, literary and scientific, acquired with it. It is, therefore, advised that the pupils in music pursue at the same time some other study, or studies, in one of the departments of the University. An exclusive musical education will, however, be given to those who desire it, and instruction may be taken for any longer or shorter time. Special opportunities will be afforded to those who desire to fit themselves for the profession either as artists or teachers.

Pupils have the choice of three courses: the Virtuoso, Teacher and the Post Graduate. The Virtuoso course requires the pupil to have a thorough knowledge of the Theory of Music, Harmony, Single Counterpoint, History of Music, including a familiarity with the lives and works of the Great Masters; to become an artist upon some instrument or as a singer.

The Teachers' Course will include most of the Virtuoso, with the addition of the Methods of Teaching, and more of Practical Musical Composition.

The Post Graduate Course adds to the Virtuoso and Teacher's Course the study of Double Counterpoint and Fugue, Orchestration, and continued studies in advanced piano-forte playing and voice training, preparing the student for the degree of Bachelor of Music in Course.

By attending the Conservatory, pupils are brought under the influence of systematic teaching, and in the associating with other pupils are stimulated to more earnest effort. The instruction given is according to the methods now in use in the best Eastern Conservatories. Persons on this coast who desire a complete and satisfactory course in Music need not be at the expense of going East. Those who have taken the course are surprised at its completeness. The difficult work in passing all the grades to graduation, eminently prepares one for a teacher or artist. Salem is well adapted as a city for a school of Music. The society in Salem is of the very best, and all influences are of an elevating character.

The Conservatory has ample facilities for all who wish the best instruction, having at present six teachers, six pianos, three organs—one being a fine pedal instrument. All pupils are advised and encouraged to take a regular course and graduate.

The free advantages deserve special mention. They are equivalent to fifty free lessons each year if pupils take advantage of them. 1st. Public rehearsals are held twice each term, at which pupils of the proper advancement appear in songs and instrumental solos, four and eight-handed pieces. 2d. Lectures upon Musical History, etc., are given occasionally. 3d. Pupils of the fourth and fifth grades will receive two terms, one lesson in each

week, in methods of teaching. 4th. Chorus rehearsals are held once a week. 5th. Pupils have access to the Conservatory Library. 6th. Orchestral rehearsal each week.

Visitors are always welcome, and are invited to come and see the regular work of the pupils.

#### **Branches Taught.**

Instruction is given on the Piano, Organ, Violoncello, Violin.

In Notation and Rudiments of Music, solo singing in Italian, German and English.

Harmony, including Counterpoint and Fugue, Orchestration.

Art of Teaching Vocal Music in the Public Schools.

Theory. Tonic Sol-fa Method. Church Music.

Oratorio and Chorus practice.

#### **Class Teaching.**

The class system of teaching music is very popular wherever it has been thoroughly tested. When not more than two or three pupils of equal grade receive lessons in a class, the improvement is generally equal to private instruction.

#### **Reading Classes.**

Pupils have the advantage of reading classes once or twice each week. This will enable them to become better readers and strict timists.

#### **Supervision of Practice.**

A new feature will be introduced in which beginners will have a Conservatory teacher to watch and guide the practice until the pupil has advanced far enough to be allowed practice alone. Pianos furnished at the Conservatory. Pupils receiving three short lessons per week, practice included in the price of lessons.

---

### **COURSE OF STUDY.**

Piano and Voice Culture in five grades. Organ and Violin in four.

---

**Piano.**

**GRADES ONE AND TWO,**

Shall complete some approved instruction book, and Loschhorn's Opus, 66, Book I. Also Piano pieces of like grade.

**THIRD GRADE.**

Czerny's Opus, 299, three books, or Beren's Velocity Studies, Books I and II, or equivalent; Selections from Haydn's, Clementi's and Mozart's Sonatas. Also Modern Piano Pieces.

**FOURTH GRADE.**

Cramers' Fifty Studies, two or three books, and Kohlers' Opus, 128. Also Octave Studies. Sonatas of Mozart and Beethoven, also Piano selections from other classic and Modern composers.

**FIFTH GRADE.**

Moscheles' Opus, 70, Book I, and half of Bach's Preludes and Fugues, and Clementi's Gradus ad Parnassum. Beethoven's Sonatas and selections from Mendelssohn, Weber, Chopin, Liszt and others.

Teacher's course will include all the above except Bach's Fugues.

**Post Graduate.**

Finishing Bach's Preludes and Fugues, Mendelssohn Opus, 35, selections from New Gradus ad Parnassum, Concertos, Liszt's Rhapsodies, Chopin's Fantasias, etc.

NOTE.—As a basis for technical studies, Mason's and Faelton's Piano-forte Technics are recommended for each pupil.

---

**Vocal Culture.**

#### Post-Graduates.

Madam Marchesi's Vocalises, Opus, 6 and 7, and six studies by Lamperti. Study of Trills, Cadenzas, and all other embellishments used in singing. Vocal solos of difficult styles and characters in some of the Operas complete.

#### Violin.

*Four Grades*—David's or Lewis Schubert's School, with other suitable studies and pieces.

#### Organ.

#### FOUR GRADES.

*First and Second Grades*—Whitney's or Emerson's Methods.

*Third Grade*—Thorough-Bass, Organ Voluntaries and Church Music from four staves.

*Fourth Grade*—Preludes and Fugues and Organ pieces from Bach and others.

#### Harmony.

Thorough-bass, and Musical Composition to the use of the collateral and diminished Sevenths, and sharp Sixths, four terms. Suspensions, Modulations, Single Counterpoint, Elements of Orchestration and higher Musical Composition, in five to eight parts, four terms.

**Post Graduate\***

Study of Double Counterpoint, Fugue and Orchestration, Text-books on Counterpoint and Fugue, Higg's and Bridge, or Richter.

**Diplomas.**

Any pupil completing the course in Piano, or Organ, or Violin, will, in addition, have completed the course in Harmony, Counterpoint, Theory, History, and two grades in Vocal Music, or equivalent.

Vocal students completing the same and two grades of Piano or equivalent, and shall have a common English education, will be granted a Diploma.

This line of Study is in charge of a teacher who has made this important branch a special work. The Delsarte Methods are the foundation of this department and the whole work is systematized and thorough. The students are arranged in classes, and special drill is given to each one to develop the vocal organs, by which a great ease and variety of utterance is attainable. Much care is taken also to acquire a proper emphasis and expression to voice, feature and gesture, in order to bring out and impress the full meaning of the author. Public exercises are appointed frequently during the year, in which the students render such pieces as will make a first-class entertainment, and at the same time give confidence and readiness in delivery. By this method the poorest readers have, in a short time, not only become good readers, but have been able to render before an audience, in an excellent manner, very difficult pieces.

The entire Literary Department above the Grammar Grade has been drilled in this Department throughout the year. Nothing is more important in every public relation in life than good speaking. The power to properly express one's own thoughts or those of others is invaluable.

In our Curriculum will be found a short course of Elocution Study.

## Information.

This work is in charge of accomplished instructors. Drawing and design are taught, as also painting in all its branches.

It is hoped that the friends of Art Culture will aid in the equipment of a studio with gifts of casts, specimens of pottery, art works and charts.

Decorative Art is made a specialty. When the weather is suitable, the pupils of the Department are taken by their teachers to sketch from Nature. Many of them make very rapid progress. Pupils are first taught pattern drawing, then put at the more difficult work of drawing from objects. Afterward they are allowed to advance to paintings in India Ink, and Sepia and Oil Paintings.

The Art Department and Conservatory of Music comprise the work designed to be done under the auspices of the Woman's College.

Advantages are offered in this Department for completing a graded course of study and enabling students to make rapid progress.

This course consists in work from the round (objects, casts, etc.) and will cover a period of two years. A course for amateurs desiring an accomplishment will also be provided, consisting in work from the flat (platters, plates, etc.) Those completing the course will be awarded diplomas.

**Courses of Study, First Year.****CAST DRAWING.**

## Information.

The University Academy provides instruction in five different courses:

*First.* The Preparatory Classical, embracing, three years' study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

*Second.* The Preparatory, Latin and Scientific, embracing three years of study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

*Third.* The Preparatory, Literature and Art course, which is the same as the Latin and Scientific, prepares the student for the Freshman class in the same course in the College of Liberal Arts.

*Fourth.* The Teacher's course is prepared for those who do not wish to take a College course, but who desire to fit themselves thoroughly to teach in public schools of common and high grade, and be able to pass examination for Life Diploma and State Certificate.

*Fifth.* The Business course aims to give the student the most thorough and practical education that can be obtained in the time allotted. A thorough knowledge of all kinds of business papers, such as promissory notes, drafts, checks, deeds, mortgages, etc., together with the laws relating to them, and the more important principles of political economy will be required, and great care will be taken to give the student the latest and best information in all the studies of the course, which is described in another place.

# ANNOUNCEMENT—SESSION OF 1892-93.

---

## **Collegiate Year.**

The Collegiate Year extends from September 15, 1892, to April 4, 1893.

The Twenty-seventh Regular Annual Session will commence on Tuesday, October 4, 1892, and continue until April 4, 1893. A preliminary session free to all medical students, will commence on Thursday, September 15th, and continue until the opening of the regular session. The matriculation book is open the entire year, and students so desiring may register early and secure choice of seats on application by enclosing the matriculation fee of five dollars to the Dean.

## **The Regular Session.**

The plan of instruction during the regular session includes didactic lectures and operations, quizzes and practical demonstrations.

Six didactic lectures are delivered each day, four days each week. Wednesday and Saturday of each week three didactic and three clinical lectures will be delivered.

No lectures are given on legal holidays or during the holiday vacation from December 24th to January 4th.

## **Clinical Instruction.**

Portland now contains 80,000 inhabitants, and is rapidly increasing in size. It is, moreover, not only a large and metropolitan business center, but is the terminus of numerous railways, and contains large manufacturing enterprises, which furnish a large and varied number of cases for study. The facilities for clinical study here afforded are unsurpassed, except by the great medical centers of the country.

Desiring to give the student information that will be the most useful in active professional life, the Faculty endeavors to make the Medical Department of the Willamette University pre-eminently a practical and demonstrative school. No verbal description of the signs and symptoms of a disease, or of the details of an operation, can ever be so clear and impressive as an actual demonstration on a living subject. For this reason, clinical teaching must always supplement the didactic. Therefore, clinics are made a special and attractive feature of this school. A receiving or emergency department of the Portland Hospital will be centrally located, which will be well equipped for ambulance work throughout the city, and will contain many emergency cases, and being near the college building, students can attend operations that cannot wait for regular clinics. This department will also maintain a free dispensary, where the poor of the city will be treated, and a clinic will be given once or twice each week. In addition, the whole of the afternoon on Wednesday and Saturday, of each week, will be spent in clinical instruction at the Portland Hospital, where clinics will be held at the bedside and in the amphitheater, in the following branches :

Medicine, Surgery, Eye and Ear, Diseases of Women and Genito-Urinary Diseases. The Medical wards always contain many cases of acute diseases, and changes are taking place constantly. The opportunities for seeing fractures, injuries and traumatic cases of all kinds are excellent, and surgical operations are performed twice a week in the presence of the class.

#### **The Portland Hospital.**

The main part of the Portland Hospital is now completed. It is a large and elegant structure, built of brick, and contains a commodious amphitheatre, furnished with the necessary appliance for all manner of clinical demonstrations and surgical operations. The size of this structure will be 200x170 feet, three stories high, heated by steam, lighted by electricity; it will have an Otis elevator and all the latest modern improvements.

This institution is under the exclusive control of the Faculty, and each student will have access to its wards two days in the

week to examine patients, hear clinical lectures, and see all operations performed.

The staff of the Portland Hospital is entirely drawn from the Faculty of the University, giving them unusual advantages for developing clinical material.

It will thus be seen that the Medical Department of the Willamette University can furnish as much clinical material as its students can find time to use to advantage, and is thus prepared to compete with similar schools in the larger cities, while it can lose nothing by comparison with them in this or other respects.

#### **Hospital Appointments.**

The position of House Physician is open each April to one or more members of the graduating class, by competitive examination, by the staff of the Portland Hospital. House physicians receive their board and lodging and one hundred dollars per year.

#### **Terms of Admission.**

The requirements for admission are:

1. Credible certificate of good moral character. 2. Diploma of graduation from a good literary and scientific college or high school, or a first-grade teachers' certificate. Or, lacking this, a thorough examination in the branches of a good English education, including mathematics, English composition, and elementary physics or natural philosophy.

The diploma or certificate must be presented to the Dean of the Faculty, who may (if any doubt exists in regard to qualifications of applicant) subject him to an examination.

#### **Admission of Women.**

Women will be admitted on the same terms and have the same advantages as men.

#### **Four Years' Curriculum.**

It will be seen that the changes introduced into the Curriculum of this school in 1887 are now in force. Three regular courses of lectures of six months each, attended through three several years,

with one years' study in addition, are required before the student can present himself for graduation.

No increase of expense to the student will result, nor will the plan necessarily extend the period of study, but rather provide for a more systematic and profitable use of time, and better fit the student for the arduous and responsible duties of his profession.

#### **Text-Books and Instruments.**

The work first named on each subject is preferred.

Medical books can be obtained of J. K. Gill & Co., 73 First street, Portland, at catalogue prices; and it is recommended that students supply themselves with at least one text-book upon each chair. The following works are especially recommended:

ANATOMY.—Gray, Wilson, Quain, and Heath's Dissector.

PHYSIOLOGY.—Dalton, Yeo, and Marshall.

MATERIA MEDICA.—Bartholow, Farquharson's Therapeutics and Materia Medica. Wood, U. S. Dispensary.

MEDICAL JURISPRUDENCE.—Wharton and Stille.

CHEMISTRY.—Wooddy, Youman's, Fown's, etc.

OBSTETRICS.—Lusk, and American System of Obstetrics.

WOMEN.—Skene, Thomas, Byford.

CHILDREN.—J. Lewis Smith.

PRACTICE OF MEDICINE.—Bartholow, Bristowe, Flint, Pepper, and Roberts.

SURGERY.—Wyeth, Ashhurst, Bryant, Hamilton's Dislocations and Fractures, and Gross.

OPHTHALMOLOGY AND AURAL DISEASES.—S. Wells, Landolt, Examination of Eye. Throat and Nose, Mackenize and Bosworth. Roosa on Ear.

DENTAL PATHOLOGY.—Garretson.

GENERAL PATHOLOGY.—Zeigler, Gilliam and Woodhead.

FOR REFERENCE.—Gould's Medical Dictionary.

The latest editions only for text-books should be purchased by students.

A "Dissecting Case," containing all the necessary instruments, can be bought for \$4.

**Terms.**

The fee for a full Course of Lectures is \$120; Marticulation ticket (paid but once), \$5; Demonstrator's ticket for each course, \$10; Graduation fee, \$30. Tickets for one or any of the Departments may be had separately at \$20 each, with Marticulation fee paid but once.

Students who have paid for two full courses in this school, are entitled to attend free of charge thereafter.

Medical students will be allowed to attend the lectures on Botany and Pharmacy in the College of Pharmacy free of charge.

No variation is made under any circumstances from the established fees of the College.

All further information that may be desired can be obtained by applying in person, or by letter to
