

CO-EDS' TRACK MEET RESULTS IN 11-11 SCORE

Soph and Frosh Girls Tie in Preliminaries of Contest for Athletic Honor

FINALS TAKE PLACE SOON

Finals in Dashes, Broad Jump, Shot Put, Quarter Mile and Relay Races Will be Staged as Soon as the Weather Permits.

Preliminaries in the girls' track meet on Tuesday night of last week ended in a tie of 11-11 which has not yet been worked off because of weather interference. The high jump and the discus throw were completed Tuesday evening, while the preliminaries in the fifty and hundred yard dashes were held. The date for completion of the meet was set for Monday night, but owing to the rain had to be put off.

Much interest in the meet was manifested by both classes, as is shown by the fact that neither class had any score against it due to failure of its members to report. Some of the girls from each class have been turning out for practice every night.

The meet opened with the 50-yard dash. Several heats were run and those winning in the semi-finals were Vivian Isham, Ruth Austin, Ethel McCroft (fresh), and Evelyn DeLong, Margaret Goodin, Fay Peringer (soph).

Ina Moore, soph, and Ethel McCroft, freshman, tied for first place in the high jump at 4 feet 2 inches. Leisla Ruby, frosh, took third, while Elsie Lippold and Mary Notson, both sophs, tied for fourth place.

Evelyn DeLong won the discus for the sophomores with a throw of 40 feet 2 inches. This was Miss DeLong's third throw as she has previously tied with Eunice Rush, frosh, who came second at about 39 feet. Esther Martin claimed third place for the freshmen, while Ina Moore, a sophomore, placed fourth.

The 100-yard dash was not so crowded as the 50 and it was only necessary to run two heats. Those who will run in the finals are Marjorie Minton, Margaret Goodin and Evelyn DeLong, sophomores, and Vivian Isham, Arlys Doughton and Leisla Ruby.

Besides the finals in the dashes there are yet to come the broad jump, shot put, quarter mile and relay races.

Cpl. Charles Randall Is Week-end Campus Visitor

Charles R. Randall, who enlisted in Co. M when war broke out and spent a year in France and at the front, arrived in the United States in March. For several months he has been at Salt Lake City recovering from a gas attack he received while at the front.

Corporal Randall has had the usual interesting war experiences and has been in a number of camps during his two years of service. He was with Co. M until he was transferred at Camp Mills to the 162nd headquarters company. Randall was in the signal platoon.

While at Willamette Randall was an active student. When he left he was president of the Y. M. C. A. and a junior in the college of liberal arts. He was also a student in the law school. In the fall of 1917 before Co. M left for the east Randall passed the state bar examination.

Mr. Randall left for Camp Lewis Saturday night, where he is to receive his discharge. He will probably teach next year.

ROBERT GATKE IS PRESIDENT

University Senior is Chosen as New Head of Kimball Society for Next Year

Robert M. Gatke was elected president of Kimball Literary Society at the last meeting. Mr. Gatke is a senior in Willamette, a mid-year man in Kimball, and a charter member of the organization. During the past two years he has been the efficient vice president and all who know Robert's executive ability predict a successful year.

Harvey O. Cooper was chosen as vice president. Mr. Cooper is sophomore at the university and has been active in student body affairs.

In the choice of Sidney Hall for secretary-treasurer, this office has a live wire and one who will give efficient service. Mr. Hall is a mid-year man in Kimball and has been active in student body activities.

For the important office of critic, the society gave evidence of rare judgment in the choice of C. Murray Keefer, who is a junior in Willamette and a mid-year man in Kimball. With Mr. Keefer's literary ability and fine judgment, the society has a critic who will encourage a high type of literary work. Mr. Keefer has been the efficient president for the past year.

STAGE BEING ERECTED

Cast Complete and Committees Are at Work upon Costuming for the Various Characters; Heirlooms Used.

The stage for the historical pageant to be given during commencement week was begun last week and before the close of this week both it and the stadium, which is to seat the large audience, will be completed.

The work upon the various episodes of the pageant is progressing very satisfactorily. The cast is complete and the committees are at work upon the costuming for the various characters. Many of the oldest residents of the valley are co-operating and will furnish garments for the historical scenes. These costumes are in many cases heirlooms with sentiments connected with them which make them priceless to their possessors.

The advertising for the pageant is well under way. Under the direction of Robert Gatke, material has been sent to a large number of alumni and Methodist ministers throughout Oregon and Washington; while the chairman of the publicity committee is keeping the public informed of the program of the pageant through the daily press and the magazines.

A large number of alumni will view the pageant. From the graduates of the university the following have been selected to serve as patrons and patronesses:

Mrs. Clara Watt Morton, Portland, 1864; Mrs. Ellen Starkey Thompson, Portland; N. L. Butler, Dallas; J. A. Selund, Salem; Mrs. Helen William Stratton, Portland; Mrs. Mary Robinson Kilkey, Dayton; John M. Barrison, Salem, 1886; Miss Ellen J. Chamberlain, Portland; Mrs. Angie G. Eagle, Ashland; John L. TIED SCORE IS RESULT OF MEET WITH CHEMAWA

Each Team Runs Up Fifty-four Points in Slow Meet of Saturday Afternoon

CHOATE HIGH POINT MAN

Nichols Annexes Total of Fifteen Points for Willamette; Meet Marks Close of Track Work for Present Year.

In the second dual track and field meet of the year, run off last Saturday at Chemawa, the redmen tied with Willamette's representatives, each team earning fifty-four points. A total of seven first places was awarded to the Indians, Choate capturing three of them single-handed by winning the broad jump, 100 and 220 yard dashes. Nichols was high point man for Willamette, his total score standing at fifteen points. He would have taken the broad jump also by a fair margin had he not missed the take-off on his best leap.

Many of the events were won by slower time than in the former meet, due to the condition of the track.

The javelin and relay were not included in the list of events.

This meet winds up the track season for the Bears, since it has been found impossible to schedule a non-conference meeting this spring. On the whole, the work has been very satisfactory, and with the training derived from the meets this year, indications point toward a very successful season in 1919.

The summary of events in the W. U.-Chemawa meet are as follows:

- 100 yard dash—Choate (C), first; Thomas (C), second; Medler (W. U.), third. Time, 19 3-5 seconds.
- 220 yard dash—Choate (C), first; Ohlrig (W. U.), second; Gillette (W. U.), third. Time, 4 minutes, 49 seconds.
- 120 yard low hurdles—Nuckles (C), first; Bartholemew (W. U.), second; Medler (W. U.), third. Time, 12 4-5 seconds.
- 440 yard dash—Thomas (C) first; Fiegel (W. U.), second; Fisher (W. U.), third. Time, 54 seconds.
- Shot put—Nichols (W. U.), first; Sutherland (W. U.), second; Choate (C), third. Distance, 36 feet, 11 inches.
- 220 yard low hurdles—Medler (W. U.), first; Nuckles (C), second; Bartholemew (W. U.), third. Time 28 2-5 seconds.
- Pole vault—K. Lyman (W. U.), H. Lyman (W. U.), Johnson (C), all tied for first place. Height, 9 feet, 9 inches.
- Discus—Nichols (W. U.), first; Choate (C), second; Nuckles (C), third. Distance, 118 feet, 8 inches.
- 220 yard dash—Choate (C), first; Thomas (C), second; Medler (W. U.) third. Time 24 seconds.
- 880 yard dash—Sparsen (C), first; Fisher (W. U.), second; Fiegel (W. U.), third. Time, 2 minutes, 7 seconds.
- Broad jump—Choate (C), first; Nichols (W. U.), second; Medler (W. U.), third. Distance, 20 feet, 7 1/2 inches.
- High jump—Tucker (W. U.), first; Nichols (W. U.), and Johnson (C), tied for second place. Height, 5 feet, 3 inches.

DR. SHERMAN MAY RECOMMEND W. U. STUDENT FOR SCHOLARSHIP

Scholarships Used by Both Dr. Sherman and Sam R. King is Now Available for Student of Educational Department; Mr. King's Work Has Been Very Satisfactory

Dr. Charles L. Sherman, professor of philosophy and education, has recently received a letter from Dr. Thomas M. Ballet, dean of the school of pedagogy, New York university, asking him if he wishes to recommend one or more students of his department for a scholarship in education.

There are only four fellowships given in this department throughout the United States.

This school is not a normal school. Only a limited number of picked college graduates can enter and only graduate work is done. There are only two colleges of its kind in the world, one in Germany and the one in New York City.

Upon completion of the two years' work the holder of a scholarship is granted a life fellowship that will entitle him to go back to the uni-

Sgt. Lemuel Esteb, ex-'19 Gives Live Chapel Talk

Featuring the campus life of Monday, was the return of Sgt. Lemuel Esteb, ex-'19, who made an enthusiastic chapel talk to the students.

Mr. Esteb enlisted with Co. M and was sent overseas in December, 1917. Later, in May, he went up to the front where he saw a great deal of real fighting. On September 4, he received a wound in the knee, in an engagement near Chateau Thierry. He returned to Salem last Friday.

While in Willamette Mr. Esteb took an active interest in basketball and baseball, as well as in student body affairs. He was an active member of the Philodorian literary society and of the class of '19. He expects to enter Willamette in the fall.

SALEM CONCERT IS CLIMAX OF 1919 SEASON

Annual Event at Armory Is Well Received by Large Appreciative Audience

REPERTOIRE IS VARIED

Quartette Was Greatly Appreciated; Miss Florence Shirley Was Well Received as Reader, Soloist and as Accompanist

Before a large and appreciative audience at the armory on Friday evening, the glee club gave its annual concert.

Although with a number of new members, the club nobly fulfilled the highest expectations of its friends. Long and consistent practice has achieved results of which the school may well be proud. Again and again the audience demanded encores to which the boys generously responded.

With the first note of "Jolly Students" the club captured its hearers and held them to the very last. The repertoire was almost entirely new and was varied enough to please all, while the old favorites had even a greater charm. The rendition of the "Song of the Boy," "Mamma's Gone Away" and "Brave Heart Sleep On" showed especially the wonderful training and the excellent chorus work of the club.

Miss Florence Shirley, with her varied talent and ability as accompanist, soloist and reader, is deserving of especial note. Her brilliant rendition of "Babillage" by Thome and Liebestraum by Liszt, with its haunting melody and rippling accompaniment was very pleasing. Miss Shirley's impersonation of the two small boys in her reading, "Mustard Plasters," was very realistic and provoked much laughter.

Floyd McIntyre's rich, deep voice showed to splendid advantage in his solo, "I Gathered a Rose." As encore he sang the popular song, "Keep on Hoping."

The varsity quartette was greeted with a burst of applause and as usual did not disappoint their audience. They first sang "Annie Laurie" as arranged by Dudley Buck with the solo part taken by Harry Bowers. They generously responded to the repeated applause with some especially good encores. Their second appearance was in Palo Tosti's "Good-bye," whose familiar strains had a new

BERNICE KNUTHS IS PRESIDENT OF GIRLS' WILLAMETTE CLUB

Myrtle Smith is Chosen as Vice-President and Edith Hawley as Secretary-Treasurer of Organization; Club Closes Unusually Successful Year

At the annual election of the Girls' Willamette Club Bernice Knuths was chosen president for the coming year. Miss Knuths is an enthusiastic member of the junior class and the retiring secretary-treasurer of the club. She is an ardent worker and has done very efficient work in arranging many of the spring social events. Miss Knuths is vitally interested in a Greater Willamette and the Girls' Willamette Club is certain to prosper under her efficient leadership.

Miss Myrtle Smith, a loyal supporter of Willamette and an efficient member of the Collegian staff, was chosen as vice-president. Miss Edith Hawley, a capable member of the class of '22, was elected secretary-treasurer.

The Girls' Willamette Club holds a unique place in Willamette life. Its

primary purpose is to keep alive the memory of Jason Lee, whose early endeavors made the university possible. Every year this club decorates his grave as a remembrance of his services.

Also the Girls' Willamette Club seeks to establish and realize on the campus a spirit of enthusiastic co-operation in all student activities. It stands behind the other half of the student body, ready to assist them in any possible way. This spring the club furnished the letters needed for the award day program, assisted with the reception for the members of the high school teams of the state, and helped to finance the Greater Willamette edition of the Collegian.

The club during the past year has been under the able direction of Gienna Teeters as president, Lucile St. Pierre as vice-president and Bernice Knuths as secretary-treasurer.

KAFOURY BROS.

Willamette is not unusually popular. It is nevertheless interesting and the method is very modern. The mastery of the system is not exceedingly difficult and any student may gain efficiency by observing the conduct of his fellow-students during the chapel exercises. In fact some characteristics are so boldly displayed that the formulation of a technical system has not been difficult.

Carelessness. The observer who arrives at chapel for the first strains of "Holy, Holy, Holy" will certainly conclude that at least half of the students are careless in arriving at chapel on time. And it is therefore only natural to conclude that they are late to their other appointments and that they have failed to straighten their rooms before the first class.

Happiness. The keen observer will divide the chapel-goers into two classes, those who enjoy themselves and those who do not. Some students are always ready to enjoy every good thing and some do not enjoy the very best.

Absent-mindedness. The last five or six daily announcements show that the makers are either so absent minded that they fail to hand in a note or else wish to attract more attention by personally addressing the chair. But perhaps the latter is more often the case.

Patience. There are times when chapel is a marvelous place for exercising this time-honored characteristic of our ancestor Job. And some students, some members of the faculty and some visitors have displayed it to a remarkable degree.

Earnestness. In spite of the fact that most students have a contrary opinion, chapel should be primarily a time of devotion and inspiration. Although the students who consider the chapel services with earnestness are in the minority they are certainly the most worthy.

Listlessness. This is perhaps the most popular of all classes. But fortunately it is ever changing and no one student stays in it forever.

HONESTY DAY.

Many days are set aside to celebrate special occasions or to make a special effort to accomplish a desired result.

An "Honesty Day" would certainly be very appropriate at Willamette. It is a very easy matter to borrow a book or a small sum of money but it is difficult to return them. It is even more difficult to remember to pay class and society dues. And it is extremely difficult to pay all of the numerous five, ten and fifteen cent taxes that have been so faithfully promised by tomorrow at the very latest.

Let us all observe a real "Honesty Day" by remembering all of these petty accounts and surprise the virtuous treasurers and the saintly collectors of extra taxes.

MISSSES ELIZABETH AND CHARLOTTE TEBBEN

Willamette students have experienced a busy week-end with many picnics and parties. An event which is of great annual importance is that given in honor of the high school seniors by the members of the Freshmen being devoted at this time in the gym class. A great amount of time production of the pageant, and it is expected that this will be one of the most original attractions of the commencement week.

The audience by turns were dissolved in tears and convulsed with laughter over the tragedies of "Wild Nell" and the comedies, "The Millionaire" and "The Coquette." Between guffaws for the humorous and weeps for the tragic the guests were given time to gain their equilibrium in listening to excellent solos, readings and instrumental music.

During the eating of ice cream and wafers, four camouflaged guests caused a good bit of excitement. No wonder: for on the arm of a quack doctor (McKittick) leaned a black haired, red cheeked sailor maid, Pauline, while his croney in the trade was infatuated with a beautifully gowned slender feminine Russell.

"Let the world glide, let the world slide;

A fig for a care, a date for a woe."

This was the invisible motto which the S. H. S. seniors felt in the friendly welcome given them Saturday night by the W. U. freshmen in Eaton hall. It was so, for the swaying Hulla Hulla light shades, the invit-

ing cozy corners and the cardinal and gold all testified to it.

The entrancing orchestra music soon lured the guests upstairs to the roof garden where the cardinal and gold candle lights substituted for the moon. Here partners found places at one of the numerous little tables to watch the spectacular performance on the elevated stage where the footlights were red headed girls and the scenery the most attractive to be found in the state (Freshman girls).

With the spirited singing of W. U. songs the seniors left with a new idea of fun to be had at W. U. and the freshmen with their old idea intensified.

Straggling along from all corners of the campus just in time to find a seat on the truck, the Webs and Adelantes collected themselves into two trucks enroute for Spong's Landing and a picnic supper last Wednesday evening. A large crowd was furnished and ready to make way with the eats, which were stowed away under the seats. Steak a la stick and salad were but a mere beginning, for there were all kinds of goodies. The strong sea breezes made canoe riding attractive for the few brave and courageous ones who dispelled all fears of the depths of the mighty Willamette. Three-deep, flying Dutchman and mumble peg were enjoyed by those who preferred the land to the water. The homeward trip in the trucks was as hilarious as the outgoing. Because of the chauffeurs' certain peculiarities, the chaperones, Mrs. R. L. Mathews and Miss Richards, had of necessity to ride in the first truck. Ten o'clock found the happy folks in town in time to hear a portion of the band concert, and see the workings of the fountain.

Although it was their last date for all times, the seniors were not in the least depressed when they celebrated with a picnic last Saturday at the home of Miss Lella Johnson. The nineteenth have been unusually fortunate in being entertained for three successive years at her country home at Livesley, each year surpassing the previous one for fun and good eats. The afternoon passed rapidly and the dinner bell was ringing its welcome to the feast in short time. Hot biscuits and honey sandwiches, and weinies, strawberry whip, cake, and kisses all disappeared. Everything was so good that nothing was overlooked, and it was a well-satisfied crowd that tried to play some games after dinner. Flying Dutchman and Black Man proved pretty strenuous for an after-dinner pastime, but the hours until 9:30 were full of plenty of fun. The last train had left Livesley two hours before the seniors were ready to depart, so despite the slight rain, they all walked the five miles to town. Because of an unavoidable loss of two senior girls, the party was delayed and a rather late hour found the picnickers straggling into town, weary but happy after having enjoyed their last class picnic. Miss Johnson's hospitality has been duly appreciated and will long be remembered by the members of the class of '19.

A unique advertising program was enjoyed by the Adelantes and their guests, the seniors of Salem high

school, last Friday afternoon. Miss Leista Ruby opened the program with a delightful violin solo, following which Miss Knuths read a paper on the "Psychology of Advertising" as written by Beth Briggs. The significance and meaning of many of the important advertisements found in magazines were humorously explained. In her delightful manner Miss Genevieve Sevy read a clever selection.

The stunt was especially original as many of the well known advertisements were enacted by the girls who were attired in appropriate costume. Some of the advertisements demonstrated were Melien's Food, Blue Jay, Marx Schaffner, Phoenix Hosiery, Dutch Cleanser, Fatimas, Gold Dust Twigs, etc. The entrance of each caused considerable amusement as Miss Velma Baker read the short sketch in which they were all involved. Refreshments were served and a short social hour was enjoyed.

Last Friday afternoon the Chrestomatheans met with soap and bubble pipes to exchange with each other the visions of their summer soap bubbles. Some were large and of rainbow hue, others were smaller but none the less worthy of Willamette girls, and still others were but partly formed. The first bubble, May Mickey's artistic and impressive interpretation of Chopin's Polonaise, was large and full of brilliant color. Then followed those containing every girls' picture of her summer life—an dthere was always a trail leading back to Willamette. The poetic bubble by Helen Rose was filled with a big vision for the future of the society. There was sound in these bubbles and lots of spirit and the last one, a farewell Willamette sing, stirred that inner something which makes us love the old school.

Miss Fanny McKenlon of La Grande will visit Ruby Ledbetter at Lausanne Hall until after commencement.

On Tuesday Miss Ruth Taylor was a guest of her cousins of Sheridan at luncheon.

At Sunday evening luncheon Josephine Sanders entertained in honor of her sister, Miss Irene Sanders. The guests of the evening were the Misses Glenna Teeters, Gladys Nichols, Beth Briggs, Margarette Wible, Lella Johnson, Bernice Knuths, Mildred Johnson, Vera Wise, Irene Hallid and Ethel McCroft.

The Misses Glenna Teeters and Gladys Nichols accompanied Mr. and Mrs. Nichols on an automobile trip to Corvallis Saturday.

A strange looking couple emerged from Lausanne and wandered about the campus on Sunday afternoon.

Miss Sybil Smith of Lausanne Hall enjoyed a visit with her father from Vancouver on Sunday.

There were several dinner guests at Lausanne on Sunday. Professor and Mrs. Kirk were guests of Miss Richards, Miss Edith Hawley was a guest of Myrtle Smith, and Miss Mildred Johnson of O. A. C., a former Willamette student, was a week-end guest of Beth Briggs.

Sanitary Beauty Parlors, 228 Hubbard Bldg., for up-to-date manicuring, hair dressing and scalp treatment.

The Misses Margarette Wible and Grace Praelie mysteriously disappeared from the campus one day last week and it rumored that they were seen somewhere in Spring Valley.

The college Y. W. girls had the pleasure of being hostesses to the Teen Age Conference Saturday afternoon in the Chresto halls. About 100 were present. The girls were first entertained by a short program consisting of a vocal solo by Lelle Blatchford, a clever two-act play arranged by Ina Moore; and a vocal solo by Mabel Stanford. Informal get-acquainted games followed, after which the girls were led toward the

punch bowl. A jolly, good time was enjoyed throughout.

Silver creek falls was the magic name which routed almost 40 students out of bed at an unearthly hour Thursday morning. They were not all geology students, either. The first episode in the day's action was a little sidetrip in search of an extra truck. This tour was enjoyed by all the young ladies, Professor Von Eschen and Robbin Fisher, while the necessary excitement was furnished by Vivian Isham and Odell Savage in a race from bakery to hardware store in pursuit of a package of gum. Truck No. 1 having safely escorted truck No. 2 to the hitching post in front of Eaton Hall, and the seating having been shifted five or six times, everybody held his breath, clutched the eats, and the start was made. During the three hour ride up into the hills, botany trips, radiating from truck No. 2, and vaudeville stunts, staged by truck No. 1, under the leadership of Messrs Fisher, Fliegel and Meddler, helped in forgetting the bumps. Visits to the two lower falls were accomplished by apish gymnastics from all the students and photographic action by Bill Sherwood. The invitation to dinner was accepted by all those present. A hike to the upper falls, where the descent of man could be clearly seen, used up the afternoon. Those late for supper were Paye McKinnis, Robbin Fisher, Gene Sevy, Johnny Meddler, Elsie Gilbert, Paul Fliegel, Edna Gilbert and Harlan Huat. A half an hour of wheel trouble in the midst of nowhere was the most exciting event of the trip homeward. Cold cream and talcum powder were in style the following day.

The Chrestos left all thoughts of approaching examinations behind them Wednesday afternoon and hid themselves away to the woods for a real old fashioned picnic. By 3:20 p. m. the majority had left the campus behind and were headed for Croisan's gulch. Upon arriving at the playground ball was enjoyed by a number for some time while others, by their skill with the boxing gloves made Jess Willard's position look insecure. The eats finally arrived after having been delayed by a puncture or two, and everyone gathered around the campfire and enjoyed them. After the eats had been disposed of sack races were the main attraction and George Holt claimed the championship. Other old fashioned games were played after which coffee songs were sung until time to return home.

charm as sung by the quartette. The "Instrumental Intermezzo," a clever imitation of the Hawaiian steel guitar by Gustav Anderson and Paul Sterling, brought down the house and equally amusing was Mr. Anderson's recital of "Sail." With the entire audience standing as the glee club sang the familiar "Ode to Willamette," the most successful concert in the history of the club came to a triumphant close. Much praise is due to the members of the club and their efficient director, Prof. John R. Sites.

*Synopsis.

On this summer day Pan plays his pipes as the world awakes, now humming softly, now with bird calls. The "Sunbeams" steal over the hills to draw up the "Dewdrops" (the "diamonds" which "Night" has dropped) resting on the downy pillows of "Gosmer Webs," which are "little bits" of Night's trailing garments, torn off as she fled. A "summer shower" ends abruptly. At noon Pan in the weeds by the river, lulls the world to sleep with the "song of the bees." In the afternoon, during a "great storm," Pan flies from the "Wind" and the "Rain." In the twilight, Pan pipes a "serenade" to the myriad of dancing

The Story of Your Study Lamp

IF you were studying by an old smoky oil lamp and suddenly a modern, sun-like MAZDA lamp were thrust into the room, the contrast would be dazzling. That instant would unfold the result of thirty years' development, research and manufacturing in electric lighting.

And this development commenced with Edison's first lamp—hand-made, when electricity was rare.

The General Electric Company was a pioneer in foreseeing the possibilities of Edison's invention. Electric generators were developed. Extensive experiments led to the design and construction of apparatus which would obtain electric current from far-away waterfalls and deliver it to every city home.

With power lines well distributed over the country, the use of electric lighting extended. Street lighting developed from

the flickering arc to the great white way. Electric signs and floodlights made our cities brilliant at night, searchlights turned night into day at sea, and miniature lamps were produced for the miner's headlight and automobile.

While the making of the electrical industry, with its many, many interests, was developing, the General Electric Company's laboratories continued to improve the incandescent lamp, and manufacturing and distributing facilities were provided, so that anyone today can buy a lamp which is three times as efficient as the lamp of a few years ago.
