

## FROSH WIN GLEE SENIORS SWIM

Winners Lead Juniors By 17 Points; High in Adaptability and Words

### CLASS SPIRIT RUNS HIGH

Class of 1912 Presents Original Glee Banner To School

Before a crowd of 2500 people who filled the gym, the freshmen overthrew tradition and captured first place in the Freshman Glee. Another upset was experienced when the seniors were awarded fourth place and were thus fated to go through the Millstream, the second such trip for this class during the four years it has been in school.

The frosh won over their nearest rivals, the juniors, by a lead of 17 points. Their song, "Fight, Bearcats, Fight," was written by Clara Wright. Adaptability and words gave the frosh class its lead, for the juniors and sophomores placed high in music.

The judges for the big event, who included Miss Ruth Bedford, Miss Dorothy Pearce, Professor T. S. Roberts, Miss Carol Dibble, Miss Ada Ross, Rev. H. B. Fouke, Miss Lela Johnson, Mrs. Otto Paulina, Mr. A. A. Schramm, Miss Lena Belle Tartar, Mr. J. C. Nelson and Mr. R. D. D. Barton, totaled their decisions as follows:

The occasion was one of more than usual note to the seniors who made their first appearance in their caps and gowns. After a speech of welcome, given by Lowell Eddy, president of the freshman class, in which he welcomed the guests of the evening and formally opened the program of the glee, the Willamette string quartet, composed of Chris Seely, Al King, Verne Wilson and Chester McCain, played several pleasing numbers.

The senior and junior songs were then given, followed by a reading, "The Soul of the Violin," by Dorothy Dak, accompanied by the violin by Jeanette Scott. The sophomore and freshman songs followed in short order, both gaining much applause from the crowd. The most prolonged cheer-

## A.S.B. Fees Cover Eleven Accounts

Apportionment of \$11,100 Received for Schol Year Is Given in Detail

Total student body fees for the two semesters of 1931-1932 have been announced from the graduate manager's office as \$11,100. This money represents the ten dollar fees collected from each student at the first of each semester as the student body dues.

This year the money thus collected has been divided among 11 expense accounts. The largest amount is given for the production of the Willamette yearbook, the Wallulah. This amounts to \$3,163.50 or 28 1/2% of the total fees. This together with the advertising given the book produces the volume completely.

Athletics come second with 27% of the total or \$2,997 for the year. Besides this the gate receipts aid in paying athletic expenses. The total receipts from football for this school year were \$2,122.74, the attendance for the year was 5,822.

Office expense totals 10% of the fees collected or \$1,110 this year. Classes and the Collegian each get 6% or \$666. Besides this the Collegian obtains most of the expense of production from advertising.

The general fund is allowed 6 1/2% or a total of \$721.50 for this year. This money is used for awards, Homecoming, handbooks, meals for executive committee, travelling expenses for the officers of the student body, and for the social activities of the entire student body.

Forensics get 5 1/4% or a total this year of \$610.50. Freshman Glee and May Day each get 2% or \$222 apiece. The Glee clubs get 4% and the W. A. A. are given 2 1/2%.

This is the division of the student body fees during the entire school year and shows just how much of the money goes to the various activities of the Student body.

## INTERNATIONAL BANQUET SUCCESS

The International banquet and program sponsored by the International Club on the first of March was a decided success in every way. With all expenses paid for the affair, the club made a clear profit of \$125.00.

Not only was it a success financially but most important of all those especially interested feel it was successful in accomplishing its true purpose—that of acquainting the people of Salem and the Willamette campus with the International House and that of establishing a firmer basis of understanding and international goodwill in this city.

## TRACK MEN PLACE HIGH IN GRADES

Faculty and students alike have long fostered the opinion that the men in athletics have majored in sports at the cost of scholarship. Registrar Tennant explodes this general impression in a recent comparative survey of grades.

Turning out for track this spring are eight lettermen and 15 others, mostly freshmen. The scholastic average for the entire group was 87.4, the average credits being 15 per man.

Curiously enough, the fraternity receiving the cup for the highest grades, had a rating of 87.2 with the same number of credits. It is not known if the standing of participants in other athletics is as good, but if it comes anywhere near that of the track squad the scholarship of Willamette is not in jeopardy.

### SHALL THE LAW SCHOOL GO?

"No one wants to admit that he has his degree from a defunct college." —Prof. Jones in a recent chapel address.

Our text is one which should strike home to every graduate of Willamette College of Law and to every alumnus and friend of the university. While Professor Jones was speaking of the advantages Willamette has to offer prospective students and was not dealing with the law school as such, there must have been many in the audience who automatically thought of the injustice which may be done to lawyers who have received their degrees in good faith at Willamette.

We believe with President Doney that this is not a matter the settling of which should be influenced by "passions and personalities" but we cannot believe that by barring "passions and personalities" from the argument, Dr. Doney could have meant that it is a question to be settled upon a basis of cold cash alone.

It is a generally recognized fact that the majority of the men who have made a name for Willamette have been graduates of the law school. Do those who have not been students here realize just how large a share of student body activities and honors have been carried by "lawyers"? Both in school and out, they have been outstanding. Count over yourself the number of law school graduates on the Supreme Court benches of Oregon and Washington, members of western legislatures, able corporation lawyers in all parts of the country, and hundreds of other good, Christian lawyers who have brought prestige to Willamette university.

It is the opinion of The Collegian and we believe it is the opinion of the majority of students as well that, even taking into consideration monetary circumstances alone, the College of Law should be retained as an integral part of the university, that the money which its upkeep is demanding is just as much the property of the law school as are other funds the property of the liberal arts college.

Liberal arts students are anxious to see law school retained and are presenting petitions to the Board of Trustees at the meeting Tuesday asking that it be retained. Salem service clubs are aroused and are also making their requests. The Collegian urges that alumni and friends, who probably have the interest of the university at heart more than any other group, write to members of the board stating their position. Because The Collegian is especially interested in discovering just how interested its readers outside the student body are in this matter it would appreciate it greatly if carbon copies of these letters could be sent to the editor.

Only a short time remains. Those who are really interested should write immediately in hopes that the letters may reach board members in time to have some influence. This is not a cry of "Wolf! Wolf!" Reports from individual members of the investigating committee intimate that the report will not be favorable to the retention of the law school.

## PROF. JONES ON PUBLICITY TRIP

Leaving Tuesday morning, March 15, W. C. Jones, professor of economics in the university, started a ten day tour of a representative list of towns in Oregon. His purpose is to address the students of various high schools and the members of local civic clubs upon the merits of higher education and the vocational interests of young people.

This is the third year in which Professor Jones has acted as advertising agent for Willamette university.

The principal stops on his route include Hood River, The Dalles, Madras, Bend, Klamath Falls, Medford, Grants Pass, Roseburg, Cottage Grove, and Eugene.

Professor Jones will be back in Salem to resume instruction of his classes after the spring vacation.

### SEABECK PLANS COVER ENLARGED FUND FOR Y

Hayes Beall attended last Saturday the meeting of the executive committee of the Pacific Northwest Field Council of the student Y.M.C.A. held in Portland. Seabeck was one of the main items to be considered. It was decided to establish a greatly enlarged fund this year so that it would enable the school to secure the best men available in the country for leaders. At about the same time as Seabeck there will be student conferences of the college Y. M. C. A.'s in the following places: Northfield, Mass.; Lake Geneva, Wis.; Blue Ridge, N. C.; Hollister, Mo.; Estes Park, Colo., as well as several others. Seabeck dates are June 11-15.

### LAWYERS PRACTICE AT MOOT COURT SESSION

In the case of Commission vs. Minor, which appeared before the moot court on the evening of Wednesday, March 3, the plaintiff was non-suited at the trial after he had presented his evidence to the jury. The plaintiff, Commission, alleged a contract entered into at 4 o'clock, while his evidence showed that the defendant's acceptance had not been received until an hour later at 5 o'clock. The plaintiff was represented by Lane, Marsters and Barton; and the defendant by Vinson, Braly and Bell.

## Y. M. Nominates New Officers

Past Year Shows Completion Of Successful Program; Activities Varied

With the nomination of officers for the next year the present Y.M.C.A. cabinet is preparing to leave official life and close the affairs of the year. The elections will be held Thursday, March 17, and the installation will take place at a joint Y.M.-Y.W. banquet March 21.

The nominees for the year 1932-33 are: president, Edwin Rounds and Marion Moore; vice-president, Enoch Dumas; secretary, Grant Ridley, the present incumbent; treasurer, Willis Schuler, present incumbent.

The program as outlined at the beginning of last year has been carried out successfully with the exception of one or two items which were found to be detrimental or needless because of a change in student opinion.

First in the program for the past year was the upkeep of Chresto Cottage. During the year the Y has maintained this building and has arranged for it to be available for the various organizations on the campus.

At the beginning of the new school year the incoming freshmen were guests at a reception at Lausanne Hall which was sponsored jointly by the Y.M. and the Y.W. This was an effort on the part of these organizations to promote friendship and unity among

### TIP ON HOBOS UNEARHS PIG PEN

A tip was given to this reporter by a student on this campus that a number of hobos have or had created what is commonly known as a Jungle, near the mill race back of the gym.

Upon investigating this tip today your reporter found only a few evidences of such activity in sight but he did find a small pig pen.

This reminds him of an item from the minutes of a faculty meeting of about 1922 which said: "Those who were initiated by Betty Boylan, Faith Sherbourne, Jeannette Scott, Barbara Barham, Jeannette Smith and Ruth Schrieber."

At least something has been found of use on the unused part of the campus of the institution.

## Eight Teams Lose Chances For First Place First Day

Salem, Hood River, Nehalem, Portlanders, Corvallis, Medford and Astoria Survive

By ISABEL CHILDS

BEFORE the largest crowd ever to witness a first day's play of the Oregon State Basketball Tournament here, eight teams yesterday proved their ability to stay in the contest and eight teams bowed to defeat with chances for first place gone.

In this morning's play University high from Eugene defeated Baker 22 to 18. Athena defeated Burns 33 to 15, and Silverton won over Oregon City 47 to 25.

As The Collegian goes to press Marshfield holds a nine point lead over Klamath Falls with the score 21 to 12.

In yesterday's game the biggest upset as far as the crowd figures was the victory of Nehalem over Oregon City. The Coast lads took the husky boys from up the river to a good trimming with the final score of 50 to 31.

Salem high defeated Marshfield 43 to 33 in a hard-fought game. Salem is scheduled to play the last game this evening also and is bracketed to meet the Hood River boys, who last night were victorious over Klamath Falls by a narrow margin chalking up 31 to the K-F's 27.

Corvallis yesterday carried off the big end of the score of 35 to 15 from Silverton. Both Portland teams are still in the race, with Benson winning over Athena 38 to 11 and Lincoln winning from Burns 39 to 8.

Eastern and western Oregon met in earnest and the boys from the Coast region carried off the honors to the tune of 32 to 14 when Astoria won from Baker.

Medford playing the first game of the tourney won from University high 30 to 26.

Willamette will also be able to present in the coast extempore contest by Ray Lafke who recently won the Oregon State Extempore event. Ray will be exceedingly busy with both the orating and debate, but he is a veteran in the business and Professor Rahe is certain he will come through in fine style.

One of the biggest objectives of the trip is the annual meeting of

## SCIENCE CLUB VISIT MUSEUM

At an unusually interesting meeting of the Science Club, held Monday evening, members were taken to the museum where they studied objects of interest. A world chart which shows the history and development of the world since the time of Adam and Eve until about 1880, proved to be one of the most interesting features of the visit. In addition two genuine meteors, some unusual fossils, and the piano—one of the first two to be brought to the Pacific coast—which was used here in the Mission school, were all centers of curiosity.

### BETTY MOFFAT SPEAKS AT LEAGUE; CHURCH

Last Sunday evening Betty Moffat gave an interesting account of "Easter in Switzerland" at the University Epworth League of the First Methodist church.

Later in the evening Miss Moffat spoke upon "World Friendship" at the Oakerove Community church.

### STUDENTS ON CABINET

Dorothy Kloeping and Hayes Beall attended a session of the Salem District League of Methodist Youth cabinet in Salem last Friday P. M. where the policies, objectives, and plans for the coming year were discussed.

## Large Numbers Favor Reduction In Armaments by United States, Willamette Student Poll Shows

That 97 per cent of the students of Willamette university favor the reduction of armaments was one of the resultant data from the student ballot of Tuesday's chapel on disarmament and military training. Three-hundred-and-fifty-one members of the student body returned ballots distributed under the auspices of the Y. M. C. A. and The Collegian. Indicating figures showed that 173 women and 169 men answered the questions registering themselves in the following classes: freshmen, 143; sophomores, 65; juniors, 58; seniors, 62; graduates, 2.

It was found that 32 of the students had had military training; 31 of these were men while one girl registered as having had the training but made no indication as to how much or where.

National Student Vote In the "Intercollegian" the national college Y. M. C. A. periodical, the February issue, ballots (like those filled out by local students Tuesday) returned from a nation-wide straw vote revealed that 92 per cent of the 24,345

students voting in 70 different colleges favored reducing armaments; this figure shows that 7 per cent more Willamette students favor the move than do the students on the average campus.

Local campus results on the ballots cast are as follows:

1. If all nations join in reduction in military and naval establishments intended for use against each other, how much disarmament would you favor? None, 10; 25 per cent, 12; 50 per cent, 80; 75 per cent, 120; 100 per cent, 129. Favor 100 per cent—national students, 36 per cent; Willamette students, 36 per cent. Favor degrees of disarmament—national students, 52 per cent; Willamette students, 97 per cent.

2. Do you favor the American delegation to the General Disarmament Council taking the initiative in calling upon all nations to join in reducing armaments? None, 24; 25 per cent, 22; 50 per cent, 78; 75 per cent, 88; 100 per cent, 118.

3. Do you favor our setting an

## Dr. T. Z. Koo Explains Situation In Orient; Gives Four Issues as Underlying Troubles Between Nations

Four basic issues between China and Japan were explained as the underlying causes of the present trouble in the Orient, by Dr. T. Z. Koo, noted Chinese lecturer, and vice-chairman of the World's Student Federation, who addressed students in a postponed chapel meeting at four o'clock Wednesday afternoon, March 9.

The four issues at stake, as Dr. Koo explained them, were the complications arising over the question of ownership of railway monopolies in Manchuria, the question of ownership of land in Manchuria, Japan's treaty rights, and the political policies of Japan and China in Manchuria.

Dr. Koo explained that three railroad systems in Manchuria, one horizontally located and controlled by Russia, a vertical one controlled by Japan, and a rather circular one controlled by China had broken Japan's unjust monopoly, thus arousing her ire.

Japan's demand for extra-territorial rights and permanent ownership of land in Manchuria culminating in the famous "twenty-one demands" were forced upon

China, stated Dr. Koo. Japan's attempt to hold treaty rights in Manchuria as long as she wants to was also attacked by Dr. Koo. Japan's object has been to gradually isolate Manchuria from China and thus create an independent state, whereas the Chinese want Manchuria to remain as a part of their nation.

Dr. Koo, as an eyewitness to conditions in Manchuria since September 18 of last year, told of the clean sweep of destruction of Chinese police, schools, etc., effected by the Japanese in Manchuria. The bandit situation was explained by Dr. Koo as having arisen in Manchuria since September 18, and was blamed entirely to the Japanese destruction of the Chinese police system.

It is to China's benefit to prolong the trouble, whereas Japan wishes a quick settlement of affairs. Dr. Koo explained this situation by stating that Japan is a small country which is suffering greatly because of the increased naval and military expenses.

CLASS OF '12 PRESENTS ORIGINAL GLEE BANNER TO UNIVERSITY

Freshman Glee was especially interesting this year due to the appearance of several members of the class of '12, originators of the glee in their freshman year, and the presentation by the class of the first glee banner which was won by them.

It was 24 years ago that Mr. A. A. Schramm, better known as "Rusty," issued the first challenge to the other classes to a contest in glee. It is an interesting coincidence that the banner was won by the freshman class at the first glee, and 24 years later, when the original banner was presented to the university, the freshmen came out victorious.

Thirteen members of the class of '12 were present to take their places on the platform. After introducing each of them, Mr. Schramm told about the first glee. Among bits of humor manifested in the presentation was the confession of Mr. Schramm, who had been caretaker of the pennant during the 24 years, that he had had no earthly right to it except that of possession.

Then Mr. James Oakes, who was president of their class when they were freshmen, asked why the pennant had so many moth holes in it, to which Mr. Schramm replied, "They came into it before I was married."

Mr. Schramm then called to the platform Professor James T. Matthews, who in 1909 presented the first glee banner to the class of '12 and who has performed that duty each year since; Dean Erickson, who was entrusted with the care of the pennant, and Charles Campbell, who accepted it on behalf of the student body.

Among those present was Dr. R. V. Ellis, who wrote the music to the winning song of 1909, as well as the music to the other three songs which the class of '12 sang at succeeding glees. It is very interesting to know that this famous class won the glee three out of four times.

Of special interest to the audience was the playing of Dr. Ellis of one of his songs, that which was sung their sophomore year, and the singing of the chorus by Mr. Schramm, who has an exceptionally fine tenor voice.

The thirteen members of the class of '12 who were on the stage for the presentation are: Mrs. Clara Allen Dimond of Newberg, who wrote the verse to one of the songs; Mrs. Margaret Gharum Connor, whose home is in Portland; Mrs. Charlotte Seely Zimmerman, who helped to write the words of the first winning song, and whose home is also in Portland; Mr. James A. C. Oakes, who is with the Massachusetts Life Insurance Co. with headquarters in Portland; Mr. Frank Barton, city night editor of The Oregonian, and author of the words to the chorus of one of their songs; Dr. R. V. Ellis, who is the United States government physician and representative at the government post in Ketchikan, Alaska; Dr. Neal Zimmerman, Fortland dentist who specializes in extraction; Mr. Henry H. Kloepping, assistant clerk of the Supreme Court Library in Salem; Mr. Earl A. Nott, who is district attorney at McMinnville; Mr. Merton DeLong, financial broker who lives in Portland, and former alumni president; Dr. Phil Newmeyer who is a physician at the State Tuberculosis Hospital in Salem; Perry Reigman, noted poet, of Salem, and author of the words of "The Old Historic Temple," of two of the glee songs, and others; Mr. A. A. Schramm, who is State Raon Examiner.

After the glee the members of the class were entertained in Salem at the home of Mr. and Mrs. Schramm. Mrs. Schramm will be remembered as Lucile Kuntz, '15.

ALUMNI MEET AT GRAYBELLE

After the Freshman Glee about fifty alumni met for an informal affair in the Japanese room at the Gray Belle. Through the efforts of Mr. Harold Eakin, president of the Salem group, a piano was secured to aid in the singing of Willamette songs. Mrs. Mary Allen Miller, '31, led the group in singing and Mrs. Grace Henderson DeHartport '31, accompanied at the piano. The evening was spent in informal conversation.

Alumni were grieved to hear of the death of Mrs. Jeanette Corskie Ausman on Thursday, February 15, at the Corvallis hospital. Funeral services were held at Albany and the burial took place in Idaho, where her parents live.

Mrs. Ausman is survived by her husband, Claire, a son four years of age, and a baby daughter, born February 5.

Mrs. Ausman was a member of the class of '25, as is also Mr. Ausman. The Ausmans made their home on a farm at Tangent, Mr. Ausman and the children are now

at the home of his parents in Washington.

Word has been received of the birth of a son, Myron Wayne, to Mr. and Mrs. Wayne Crow on January 6. Mr. Crow is a graduate with the class of '25 and is teaching at Livermore, California. He received his master's degree in June, 1931, from Stanford university.

Mrs. Arlie Walker (Marguerite Walker) '19, is in the Salem General hospital where she underwent a serious operation on Sunday, March 6. She is recovering satisfactorily.

Mrs. Oscar "Frosty" Olson is able to return to her work in the florist shop after a month's illness.

Mrs. Charles L. Sherman (Grace Thompson) '15 is progressing nicely after a serious illness caused by threatening mastoid trouble.

Brickbats and Bouquets

The mudslingers are getting more personal since the women stated their ideas of the lowly Willamette men. We wonder after reading this week's column of mud quite a lot of things. Among others where they expect the men to get the money to pay them even if they want to, because we just heard tonight that the women have over half of the wealth of the U. S.

A question we would like to ask them is if the cause for the outburst against the redheaded was because the men are either chemistry students or are members of the classes which got higher than their class in Freshman Glee.

The questionnaire answers received from the women may be summed up in the following statement: The women of Willamette university desire the men to be chivalrous, pleasing to women in looks, dress, voice, and mannerisms, and beau the women about often. I shall take up these in turn and try to comment on them without undue cross firing.

Chivalry is hard to use when a woman has all and more rights than a man. A man cannot get an overpowering feeling of protectiveness and courtshipness if a woman outwalks, talks, studies, and swears more than he does in the presence of men. In the eyes of a gentleman a lady is a woman who talks and acts in a manner exciting courtesy and respect.

"Women want men pleasing, exciting, and 'dumb'." is often the cry of men who have cultivated their minds instead of their personality. Our looks and voice are not our fault. Some of our mannerisms are very irritating to women, and they have a right to object to them, but men beg the right of dressing to suit themselves. The women mentioned starters, shirts under sweaters, dirty cords, and dirty leather coats most specifically. My only response is: Why shouldn't men have a right to be comfortable as well as women? If men want to wear as little as women and refrain from washing the insignia of authority, why should the women object. It has been admitted on the campus that some faces among the women have not been washed except by occasional raindrops for a longer time than many of our dirty jackets.

"Dates" are for enjoyment, but why hold it against a man if he doesn't date often? Let the women consider a few important facts. In a recent magazine article on the distribution of wealth it stated that women have their share of wealth. It stated further that while men give nearly two-thirds of their wealth to women, women give less than one-half of their wealth to men. In spite of this fact men are expected to date women, pay for the good times, and after marriage to earn enough to obtain at least a part time domestic to help his wife do her work. A man who doesn't is often condemned as lazy. Lastly, may I remind the women of the university that this is leap year, and in consideration of the fact that women are as wealthy as men they might for one year in each four do the dating and the paying.

After the glee the members of the class were entertained in Salem at the home of Mr. and Mrs. Schramm. Mrs. Schramm will be remembered as Lucile Kuntz, '15.

ALUMNI MEET AT GRAYBELLE
After the Freshman Glee about fifty alumni met for an informal affair in the Japanese room at the Gray Belle. Through the efforts of Mr. Harold Eakin, president of the Salem group, a piano was secured to aid in the singing of Willamette songs. Mrs. Mary Allen Miller, '31, led the group in singing and Mrs. Grace Henderson DeHartport '31, accompanied at the piano. The evening was spent in informal conversation.

Alumni were grieved to hear of the death of Mrs. Jeanette Corskie Ausman on Thursday, February 15, at the Corvallis hospital. Funeral services were held at Albany and the burial took place in Idaho, where her parents live.

Mrs. Ausman is survived by her husband, Claire, a son four years of age, and a baby daughter, born February 5.

Mrs. Ausman was a member of the class of '25, as is also Mr. Ausman. The Ausmans made their home on a farm at Tangent, Mr. Ausman and the children are now

Campus Litterae

Seniors, and seniors only, have contributed to the column this week. Critical lowerclassmen are asked to remember in silence certain statistics recently presented to the chapel audience by Dean Erickson.

SIGHT
But, oh—my soul unerringly
Wings outward thru infinite space—
While I must stand with blind eyes fixed
Upon that line I cannot trace.

MARGARET WARNKE
NEED
I cannot follow the valley paths
and dull monotony—
My soul must stand on mountain peaks
With pine trees reaching toward the sky;

I need the wind to snatch my breath—
Grey cliffs reflecting sunset glow,
And sudden, stinging, rains upon my face!

MARGARET WARNKE
WIND
The wailing of the wind
Makes infinite silence imperfect,
As a whistling boy
With the clouds of his dreams
Fleeing before him, he pauses
Upon chimneys and whistles his joy.

Yet on the heights he waits
The lack of moon, while geese fly
Low to the call of a solitary loon,
Far below a guilt-mad maiden stands.

Head in the wind, and listen to the
Cryings in the night, as they pace
And stalk the thousand wastes of
words—
The price of ribboned rain upon her face.

But with the ceasing of that wild
wailing—
The deep sorrow of the skies,
She shall sing of quietness and
feal

The brush of feathered wings upon her eyes.
PATCHES.

The Whispering Campaign

Well, Freshman Glee was appropriately named this year. Congrats, frosh.

But you must admit that the Sophs took the cake after all— thanks to Weenie Kaiser's track experience. (Editor's note: But we understand a freshman ate most of it.)

When the seniors took the mill stream Monday, we climbed to the highest step on the bleachers to avoid the overflow when Teddy Bear Denning went through.

Poem dedicated to seniors and sophs:
Our song, that the judges would never O. K.
Our song, is our own and, we like it that way.

It won't have so much
Of a freshman-like touch,
And we can't begin
Over juniors to win.
Our song won't appeal to the men full of night.

Our song won't inspire the Bear-cats to fight.
The words may be crude.
The tune may be wrong.
But you'll find we'll swim for our song.

As for the beta. The gentleman in the very best uniform tells us that he felt slighted because he was not ejected from the library. He was probably merely mistaken for a care-free little chap. But we must admit he looked adorable. (Ten cents, please. It's extra for the compliment.)

And then there was the personage with his mouth taped up. (Notice that it was a man. Women know when to stop talking without the necessity of a lot of red tape.)

That's the kind of bet Harold Rhoen should have made.

Sign of spring: Prof. Jones has started on his annual roundup.

WELCOME, TOURNAMENT CROWDS

Willamette is glad to aid in sponsoring once again the State High School Basketball Tournament. For several reasons the Willamette student body is especially interested in the basketball tournament.

A student body small enough to follow closely every activity undertaken by any part of its membership, yet large enough to support champion and near champion teams, Willamette is interested in basketball as a game.

There is probably at least one graduate from every high school represented here this week in the university's student body. Home ties tell and every game of the tourney is being replayed in labs, classroom, committee and club meeting—wherever students gather.

And, then, very frankly, Willamette is interested in you, the representatives of various high schools throughout the state. You represent high things in sportsmanship. If you are equally representative in scholarship and character, we believe you will like our university for we try to combine these qualities in the realization of pleasant and worthwhile personalities.

It is our earnest desire that you enjoy yourselves thoroughly while here. If there is anything which we as students can do to aid you in having a good time don't hesitate to ask it. Don't confine your acquaintance with the campus merely to the gym—visit Eaton Hall (administration building), go in and talk to the registrar, professors, dean, president. Come over to Waller, the oldest building on the campus with a history as long as the university's own—that tower contains the Victory Bell, tradition dear to the hearts of Willamette students. Its peal rings out on the occasion of victory—it must ring! Recently at the successful conclusion of a basketball game, it was found that the doors to the bell tower had not been unlocked so brave students broke a window and rang the bell. The fact that they reported their misdemeanor the next day to a kind dean did not lessen the pain of cut and scratched hands and faces—but the bell rang.

The mill stream is at once something to be cherished and dreaded. For various reasons students "take the mill-stream." The class which loses the Freshman Glee; those who fail in the freshman-sophomore tug-of-war; breakers of campus traditions; these and many others take the icy plunge either willingly or by force.

We want to share with you these symbols of student body spirit. We want you to understand a little of what is going on. For example, the red jackets are worn by the junior class, the blue ones are owned by sophomores; once in a while you will see a blue sweater with white bordered slanting pockets—watch your step for the wearer is a senior. The campus is yours this weekend. Enjoy it and we hope you come again.

BLUE KEY MAKES A REQUEST

The following resolution was passed at the regular meeting of the Willamette Chapter of Blue Key Fraternity on March 8, 1932:

Be it resolved that Blue Key shall seek administrative action to obtain decent sanitary conditions in the lavatories of Eaton Hall, Waller Hall, and in the Gymnasium in the way of sufficient towels, cleanliness about the toilets and the floors, and adequate drinking fountains. Blue Key feels that the present conditions in the lavatories as well as the evident carelessness in the outdoor up-keep of the campus are a disgrace to an institution with the prestige of Willamette, and therefore wishes to voice a violent protest against these conditions.

At the request of Blue Key, The Collegian prints the above resolution in full. It has not been the policy of The Collegian to spread far and wide matters of dissension here on the campus. It has not been and will not be the policy of this paper to advertise to the general public the defects which may exist here. But it is the policy to attempt to do away with those defects.

This is not the first time the matter of unsanitary and slovenly conditions not properly taken care of by the janitor service have been brought to the attention of the administration. Other requests made verbally have sometimes been met with the statement that such conditions were non-existent. At times conditions have been temporarily bettered. Following the passage of this resolution last week an improvement could be noted. However, there is still room for more.

Because The Collegian believes that publicity may bring about the remedy where other methods have failed, it has acceded to the requests of Blue Key.

INSTALLATION BANQUET FOR Y'S TO BE MAR. 31

The Y.W. and Y.M.C.A. joint installation banquet will be held Thursday, March 31, at the Salem Y.M.C.A. At that time, new committee members, now being selected, will be recognized. Dr. Ray-

mond B. Culver, National Secretary for the Northwest Field Council of the Y.M.C.A., will speak concerning the work of the associations on the campus. The dinner will cost 25c, and everyone interested is invited to come. The idea of joint installation was successfully initiated last year.

DR. ROBINSON SPENCER TO ARRIVE MAY FIRST

Dr. Robinson Spencer, Willamette's new librarian, will arrive about the first of May instead of in April as previously announced. Dr. Spencer has made these arrangements in order that he can finish work which he is doing at the Rochester Medical Library.

### Dr. T. Z. Koo

(Continued from page 1)

Peace, Dr. Koo pointed out that a failure of the League of Nations would not be due to poor organization, but rather to a lack of spiritual vitality on the part of the people.

The audience took advantage of Dr. Koo's invitation to ask him any questions concerning the Oriental situation. He answered the questions as to whether an economic boycott declared by the United States would stop the war in the affirmative. Asked his opinion as to the probability of Russia coming to the aid of China, Dr. Koo answered that Russia's only chance of going into war at this time would be to further her own purposes, and that furthermore, her financial condition would not allow her to aid in foreign wars.

When the decision was made in favor of the freshmen and the pennant, with its cardinal background and gold lettering, was awarded to the class president and the glee manager, great was the applause and uproar. The jubilant rooks were finally quieted down and they returned to the platform to again sing their song.

The downtrodden seniors, who had earlier in the evening been singing, "Mill Stream Looks Cold Tonight," scurried downtown where they tried to forget their fate in a party, as also did the juniors and soph.

The freshmen held a pep gathering at Cresto, after which they went on the traditional serenade.

The rounds were made in large covered freight trucks as the rain was coming down in sheets. But the rain and mud did not daunt the spirits of the freshmen who were filled with the thrill of victory. After the serenade they returned to the gym where they worked to clean up the "spills" until 4 A. M. in the morning.

### Y. M. Nominates

(Continued from page 1)

The students of the campus and to acquaint the new students with the work of the YM and the YW.

During the year the Y has sponsored a number of speakers on the campus both in chapel and in their regular meetings. Among these were Dr. T. Z. Koo, the Chinese traveler, who spoke on the Manchurian situation; Dr. Harry W. Laidler who described the conditions now prevailing in Russia, and Mr. Ronald Glover, a local man. Dr. Koo's address was made possible by the efforts of the Foreign Student Representative, Rodrick Chang.

Subscriptions have been made during the course of the year to the Northwest Field council and other higher organizations of the YMCA.

Delegations to the Seabeck conference last spring, the conference at Reed during the Thanksgiving holidays, and the Buffalo conference in December were sponsored by the Y.

A copy of the Inter-Collegian, the official publication of the YMCA was placed in the hands of

has no military training at the present time, the institution used to have a company whose membership totalled approximately 15 per cent of the student body and several faculty members. The duration of its existence was in the 90s and in the early part of this century.

Among other participating colleges of the nation-wide poll were Yale, Dartmouth, Amherst, Williams, Wellesley, Mt. Holyoke, Radcliffe, Vassar, Barnard, Syracuse, Bucknell, Pittsburgh, Virginia Polytechnic Institute, Hopkins, Kansas W., Nebraska, Washburn, Southern Methodist U., Occidental, and many others.

The poll was held under the auspices of the Intercollegiate Disarmament Council, with Luther Tucker (Yale) as chairman.

ing of the evening went to the rooks, who with a seven-piece orchestra and a well-executed formation, sang with a determination not to be outdone by their rivals. Their song also had lots of pep and fighting spirit.

While the judges were busy totaling up the points, the crowd was entertained by a vocal comedy quartet composed of Louis Magin, Earl Henry, Maurice Dean and Vernon Bushnell. The classes sang school songs in an attempt to keep up their courage until Professor Matthews should make his announcement and present the banner.

When the decision was made in favor of the freshmen and the pennant, with its cardinal background and gold lettering, was awarded to the class president and the glee manager, great was the applause and uproar. The jubilant rooks were finally quieted down and they returned to the platform to again sing their song.

The downtrodden seniors, who had earlier in the evening been singing, "Mill Stream Looks Cold Tonight," scurried downtown where they tried to forget their fate in a party, as also did the juniors and soph.

The freshmen held a pep gathering at Cresto, after which they went on the traditional serenade.

The rounds were made in large covered freight trucks as the rain was coming down in sheets. But the rain and mud did not daunt the spirits of the freshmen who were filled with the thrill of victory. After the serenade they returned to the gym where they worked to clean up the "spills" until 4 A. M. in the morning.

**No Military Training**  
An aggregate of 70 years of military training was the total of the 22 Willamette university students who claimed to have had it.

Of this figure, five had been in Citizens' Military Training Camps for an aggregate of 12 months and one listed himself as having two years of training in the Boy Scouts of America. Other organizations where time was served were the Junior and Senior Reserve Officers Training Corps, the National Guard of four states, active service, Chemawa school and military academies.

"No compulsory military training" was the cry of the Willamette ballots to a score of 298 to 53. Incidentally, several students added, "Also, no chapel."

The local students took the same attitude as the national student ballots. Students in institutions with compulsory military training voted 62 per cent against compulsion; those in colleges with elective drill voted 83 per cent against compulsion; schools with no drill were 84 per cent against compulsion. Willamette university is at present one of the latter category with a vote of 82 per cent against compulsion.

Thirty-eight per cent of the students of the nation-wide ballot favored the elimination of military training from the schools; Willamette's parallel figure was 56 per cent.

WILLAMETTE THIRD BUT RECORD GOOD

Few Veterans; Benjamin, High Scorer; Ties for Conference Leadership

Table with columns W, L, T showing conference records for various teams like Whitman, Linfield, Willamette, etc.

The close of the northwest basketball conference found Willamette resting in third place with nine wins against three defeats.

"Spec" started the season with only three veterans, Seales, Carpenter and Kloostera. Mid-year examinations were too much for George Seales and he left the squad.

Benjamin led his teammates in scoring with 194 points. Kloostera was second with 122, and Carpenter third with 96.

LAWYERS LEAD IN DONUT SERIES

All Donut League games that were scheduled to be played this week were postponed until after the spring vacation.

KNOTTS, McCULLOUGH WIN C. P. S. DEBATE

Ross Knotts and Ralph McCullough debating the affirmative side of the centralized Control question won a two to one decision over a College of Puget Sound forensics team Friday evening, March 11.

On Tuesday evening, March 8, Carol Shank and Reo Young represented Willamette in a non-decision debate with Pasadena College from California.

Willamette has three more debates scheduled for the home floor. The University of Oregon frosh will be on hand March 23.

"Chuck" Gill Has Won Letters In Football and Basketball

Athlete Excels in Golf; Heads Life Saving Corps; Teaches Swimming Plans to Teach Physical Ed. Upon Graduation in June

Editor's Note: These small sports biographies of four year lettermen will be a regular feature of The Collegian in the future. The column is conducted by Joe Blanchard.

Charles Gill of Boise, Idaho, has had a long and very interesting athletic career. "Chuck," who is 5' 8" and weighs 155 pounds, began at the age of 15 to participate in sports of all kinds when he won the Boise city golfing championship.

After entering Willamette, Chuck took up a new sport—football. He made his letter three years playing guard, which is a fine showing for a man of his weight.

In baseball he has received three letters, and will be eligible again this spring. Gill played on the Rook basketball team his freshman year.

In Chuck's opinion, the most satisfaction ever derived from any athletic contest was Willamette's victory over Whitman two years ago.

NEW TRACK MENTOR FRIEND IN NEED

An earlier start on track workouts than would otherwise have been possible has been taken this year because of the assistance of Burgess F. Ford, Mr. Ford, himself a Willamette graduate and former head of the academy here, has had coaching experience at Gooding College, Kimberly, Idaho, high school, Amity high, and Corvallis high.

His familiarity with the accomplishments of great sportsmen, his evident interest in northwest conference sports, and his constant presence at each daily workout have given the boys a feeling that he is indeed a "friend in need."

Coach L. J. Sparks in his position as graduate manager has had to divide his time up between track and other student activities in years past. This year track workouts under supervision would have had to be postponed until after the tournament and therefore until after spring vacation if it had not been for Mr. Ford's offer.

SEVEN BASKETBALL MEN EARN LETTERS

Seven men will receive varsity awards for participation in basketball during the past season. They are: Roy Benjamin and Dorf Faber, forwards; Ervyn Kloostera and Forrest Rice, centers; Percy Carpenter, Max Allen and Wenzel Kaiser, guards.

Forensic Group

Letters are given to all varsity men who play five full games of the league for this year. Eumonia College at Claremont, California, will be the scene of the session at which most of the coast colleges and universities will be represented.

The University of Southern California debate team will meet the Willamette speakers on the afternoon of Wednesday, the twenty-third, and a contest will be scheduled with University of California at Los Angeles upon arrival in the southern city.

The forensic travelers plan to spend approximately twelve days on the trip as they have many pleasant diversions on the program for entertainment between debate and oratorical sessions.

DR. DONEY IS HEARD BY VARIOUS GROUPS

President Carl G. Doney spoke at an Epworth League convention on Saturday, March 5. The following morning he was speaker at the M. E. church. On Monday President Doney spoke to the high school students, and later to the senior class. Tuesday evening he was present at the annual banquet of the Helen Manley Settlement center at Portland, where 250 guests were present.

At a recent meeting of Coffee House the resignation of Brenda Savage was received and accepted. Because of other numerous outside duties Miss Savage will not be able to continue as secretary. Janet Well was then elected to take the post of secretary left vacant by Miss Savage.

FROSH COMPLETE HECTIC SEASON

Ever-Changing Squad Hinders Sparks But Majority Of Games Won

When the frosh basketball squad defeated Chemawa on the Indian floor March 3, they were completing a hard season of 17 games.

The Bearkittens had a fairly good season, winning 11 and losing six. Coach Les Sparks was handicapped by losing players at mid-year, and two who were on the varsity squad could not compete with the freshmen.

Ed Frantz and George Erickson, regular forwards, were the only men who played in every game. The frosh squad was made up of 17 men during the season although only ten composed the squad at any one time.

Summary of season: Bearkittens 49 Wranglers 9, Bearkittens 18 Lincoln High 14, Bearkittens 18 Presbyterians 11, Bearkittens 18 Lincoln H.L. 11, Bearkittens 17 Salem H.L. 10, Bearkittens 23 Dallas Ath. 16, Bearkittens 37 Multnomah T. 35, Bearkittens 27 OSC Rooks 30, Bearkittens 17 Sellwood C. 16, Bearkittens 25 Linfield F. 21, Bearkittens 34 Mult. Table with columns No. of Games, Name, Pos., FG, FT, Pts. listing statistics for various players like Frantz, Erickson, Edwards, etc.

An interesting record kept by Leslie Sparks shows the Frosh made 187 field goals out of 317 shots. 135 fouls were committed with Frantz making 36. Out of 183 tries only 71 foul shots were made good.

CONTEST AROUSES LITTLE INTEREST

Ten Dollars Prize Offered for Winning Production; Rules Given

Despite the attractive prizes offered by the local chapter of Theta Alpha Phi for the best one act play written by a member of the local student body little interest in the contest has been shown. Plays will be judged by three local judges chosen on the basis of their competence to select the most outstanding work.

If the play selected is deemed to be sufficiently outstanding it will be entered in the contest sponsored by the National organization of Theta Alpha Phi.

Rules governing the contest are as follows: 1. Any member of the student body is eligible to enter plays.

2. There shall be no limit to the number of plays any person may submit. 3. All plays should be in one act and in one scene.

4. Each play should run at least 20 minutes when staged and not more than one half hour. 5. Three typewritten copies of each play submitted must be in the hands of the president not later than April 1, 1932.

6. There shall be one prize of ten dollars offered. 7. The name and addresses of those entering plays must not appear on the manuscript but be placed in an envelope with an identifying mark on the manuscript and on the envelope.

8. There will be three judges who will announce the prize as soon as possible after the final date. 9. The judges reserve the right to reject any and all plays if they are found to be unsatisfactory.

Benlah Graham entertained the members of Theta Alpha Phi at their regular social meeting March 15 by her presentation of the popular new play, "Elizabeth the Queen." The play is one of the ten chosen as most outstanding for the year.

BEHIND THE BEARCAT

Frank Haley

(Childs pinching for Haley)

We have always wanted to write a sports column and now that the opportunity is ours, what in the world is there to write about?

The sports editor goes off to Portland and forgets that he is a sports editor (if he ever was one). When he comes home he attends the tournament instead of turning in his other copy, so that he may cover the tourney for the Collegian, you know. Then, to cap the climax he doesn't even turn in a story about the tournament! So what is a poor woman to do about it?

If the story in this edition resembles too closely that which appeared in The Statesman this morning why remember that this "author" was too busy writing it to see the game.

But we did see the teams arrive Tuesday night, and a finer looking bunch of basketball players it has never been Willamette's privilege to entertain.

Incidentally, the sports editor doesn't know what he was missing when he failed to show up down here at The Statesman office for some of the teams over at the Marion are chaperoned by very beautiful maidens. No, Haley, the paper is out now and there's no excuse for going down to The Statesman.

FOREIGN GROUP TO GIVE PROGRAM

Six Nations to Be Represented on Unique Entertainment April 8

Owing to the many requests received by the International Club for another unique program somewhat similar to the one given two weeks ago at the First Methodist church, the club members have decided to present a bigger and better program on Friday night, April 8, at the high school.

Although plans have not yet been fully completed, an interesting six features program will be presented. Each nationality will be represented in full costume and will endeavor to offer the audience an insight into the cultural background and customs of its particular nation or race.

WESLEYANS DISCUSS CHURCH WORK PLANS

The Wesleyans met this Thursday after chapel in Chresto. The members discussed their plans for church work.

Dr. Cohn, who heads the Jewish Christian Missions in New York City, gave a talk March 10. Afterwards the members asked Dr. Cohn many questions about the possibilities of making Christians out of modern Jews.

SPARKS TO SPEAK

Professor L. J. Sparks of the physical education department has been asked to address a meeting of the Northwest Physical Education Association, which is to be held in Spokane on April 6, 7, 8.

Professor Sparks will talk on the subject of "Athletics and Its Role in the Development of the Impulses."

Vacation Near—The Willamette university students will enjoy a week's vacation starting Saturday of this week and lasting until Sunday, March 27. Many students will home.

The campus Y. M. C. A. meeting of last Thursday dealt with the consideration of "How make religion as meaningful to the life of Willamette as it is to Dr. T. Z. Koo?" It was soon discovered that we needed to make a great change for religion to have any real effect in the life of our college. Aside from what the administration might do, these six things were listed and action on every point is to take place in the near future:

1. Chapel should be made more useful. (Is now poor. Need better speakers and fewer poor ones. A student committee on chapel ought to be helpful.) 2. There should be more cooperation among Christian groups related to the campus. (Christian Council suggested.) 3. All students particularly interested in religion ought to make a definite contribution to the religious life of the campus. 4. The curriculum course of "Jesus in the Records" ought to be pushed and also made a more positive help to the campus. 5. Bible study and prayer groups could be made a real factor in producing growth. If conducted intelligently. 6. All students ought to re-evaluate their time. They ought to be able to give some of it to Christian groups. Leaders in Christian groups ought to give more time to their tasks.

WORK ON TRACK WILL START SOON

Work on the new track by student labor will probably start some time during spring vacation according to Jim Burdett who is in charge of affairs.

Surveying of the oval is being carried out at the present time. The dirt banks will be removed in favor of a level track, and hopes are high for cinders. If cinders are obtained, the track will be very greatly improved.

The greater part of the work will be handled by the students themselves.

GLEE BETS BRING FORTH FLOOD OF SNAPS

Freshman Glee betting has brought a flood of snaps to the desk of the Wallulah snapshot editor, Sylvia DuBois.

Miss DuBois sends out a plea to all students to bring in interesting snaps to be used in this year's book. "Look through your album. Perhaps you have several snaps that would help make the Wallulah more interesting."

NATIONAL FORENSIC ELECTS

At a luncheon meeting of the Willamette chapter of Tau Kappa Alpha, national forensics honorary, held Tuesday, March 15, new members were nominated and elected. Ray LaFko, president of the group called the meeting and conducted the regular business.

Approve Retention—The Salem Retail Credit association, in session at the Gray Belle yesterday noon, indicated its approval of retention of the law school at Willamette university by naming a committee of one to cooperate with other service groups of the city to urge the trustees to continue the school. Edward Schunke was named on the committee.

The young man and woman had just finished a long argument. She had gone with other boys, she had not written for three weeks, and still she was unrelenting, for what she did was right in her view.

Finally she weakened a very little, and said, "What a wonderful manly chest you have." Whereupon, the young man crashed through and said, "Well, at least I can hold you to that."

Dancing Permitted By 22 Of 30 Methodist Schools

Earl A. Nott Gives Results of Survey of Social Programs

Of the institutions of higher learning under Methodist supervision 22 out of 33 permit dances as a part of their social program, according to an investigation by Earl A. Nott.

Nott was chairman of the university board of trustees social committee until recently and in that capacity made a survey of the social program of Methodist colleges and universities.

Questionnaires were sent to the 42 Methodist institutions and 33 replies were received. Of the institutions which do not permit dancing or do not recognize it as a part of the college program three at the time of the response were contemplating changes in their social program.

"There has been a change within the last 15 years," Nott says, "and people are dancing now at 50 who never danced when they were younger."

"If the students want to dance,"

Track Squad Includes Thirty Men

The largest turnout in four years answered Coach Sparks' initial call for track men a week ago Monday. Thirty aspirants including seven lettermen were present at the meeting.

During the past week most of these men and in addition a few others have been working out. A large percentage of them are freshmen. Training this week has been confined to light workouts for most of the men and they will not attempt to specialize in the different events until a little later.

Prospects for a well balanced team are good with at least two men out for every event. The broad jump, high hurdles, and javelin seem to be the weak spots. Willamette should be especially strong in distances with Lange, Cook and Dumas, all lettermen, returning. The other lettermen are "Weinie" Kaiser in the 880, Lloyd in the dashes and broad jump, Faber in the pole vault, and Armstrong in the 440.

Following is a list of men and their events: Sprints: Cannady, Lloyd, Larnard, Hamilton, A. Erickson, James, and Hulbert. 440 Yd. Dash: Faber, A. Erickson, Armstrong, Fantz and Bishop. 880 Yd. Dash: Kaiser, McCullough, Ney, Brainard, and Speck. Mile: Lang, Wied, Mealy, Adlard, Feathers, Heisler, Rowley, and Clark. Two Mile: Dumas, Cook, McKenzie and Upjohn. 120 Yd. High Hurdles: Bishop, Reike, King, and Paul Carpenter. 220 Yd. Low Hurdles: Larnard, King and James. High Jump: Reike, Larnard, and Galaher. Pole Vault: Frantz, Faber, and Dean. Broad Jump: Lloyd and Larnard. Discus: Connors, Fantz, Reike, Grannis, Olson, Pate, and McCann. Shot Put: Connors, Fantz, Olson, Boyd and Pate. Javelin: Larnard and Grannis. Percy Carpenter, a letterman in the weight events will probably be out later on.

Coach Sparks is being assisted this year by Burgess Ford, a former Willamette track star. The first meet is the intercollegiate schedule includes: Albany college, April 23; Monmouth Normal, April 30; Linfield, May 7; Pacific, May 14; Five way meet at Pacific, May 21, and the Conference meet at Walla Walla on May 30.
