GENERAL STATEMENT.

Location.

Salem, the capital of Oregon, is most beautifully situated on the east bank of the Willamette river, fifty-three miles south of Portland. Rich farm land lies on all sides and extends away for many miles. The scenery is delightfully varied by hills on the south and across the river on the west. The streets are wide and have a considerable decline westward toward the river. Several living streams of water flow through them into the Willamette, and in their course turn the powerful wheels of the great flouring mills, of which Salem is justly proud. It contains a population of nearly 12,000. The Willamette University, founded at a time when Salem was scarcely a town site, has had the opportunity to grow with the city and impress its work upon the society. For morals and high state of Christian society, Salem is far in advance of most towns of its size. The official position of so many of its residents, in county and State, render an increased culture to society. Many of the State educational institutions are located here, with their officers and teachers, which circumstance adds another advantage to the location of a University. The buildings are immediately in town, and places of business are of easy access. The campus on which the buildings are situated contains about eighteen acres. The people of Salem have ever given non-resident students a cordial welcome to their homes, their churches and society, so that, although among strangers at first, they are soon made to feel that they are among friends desiring and striving for their best interests. All circumstances combine to make Salem the best University town on the Coast. It is not too large, so as to absorb the interests of a University in its business affairs, and it is not so small as to be unable to accommodate all its interests.

Literary Exercises.

Special drill will be given in composition, elocution and general literary exercises throughout all the courses of study. These exercises are additional to those mentioned in the curricula.

Every student in school is expected to perform literary work the third Thursday of each semi-term, unless excused for equivalent work in Literary Societies or in Elocutionary classes.

Literary Societies.

There are two literary societies connected with the school. They have a commodious and well furnished hall in the University building. The Philodosian society meets at 3 P. M., and the Philodorian at 7 P. M., on Friday of each week. The objects of these societies are to increase knowledge among the members and to bring into practical use the mental drill obtained during the week; experience having shown that these are more readily acquired by a combination of efforts than singly.

The Ministry.

Applicants for the advantages of reduced rates granted to ministerial students, are required to produce either a local preacher's license, or a recommendation from some Quarterly Conference, after the following form:

"We the members of the Quarterly Conference of..... Station, or Circuit, do hereby certify that..... is, in our judgment, called of God to the work of the ministry; and we cordially recommend him as a suitable person to be received as a student in Willamette University to prepare for such work."

Students preparing for the ministry who need assistance, can usually receive loans to the amount of \$100 a year from different Educational Societies. Information can be obtained by addressing Rev. Chas. H. Payne, D. D., Corresponding Secretary of the Board of Education, 805 Broadway, New York City.

Self Support.

A number of places can usually be obtained in private families where young ladies may do some work for home and board while attending school. Many young men pay a part of their school expenses by doing work out of school hours and on Saturday. Some have entirely paid their way in school by this means. Work of this kind is generally obtained by the persevering and energetic.

Library.

The following addition to the books of the library has been made during the past year:

Those received from different sources, 16 volumes.

There are now about 3500 books in the library. Many pamphlets, magazines, and papers are received for the use of the reading room.

A member of the senior class is appointed Librarian from year to year. S. W. Stryker has been Librarian for the year of 1888-89. No book shall be kept out longer than two weeks at one time. The holder will be charged ten cents a day for the time a book is held longer than two weeks.

Any damage to books other than the moderate wear, and the loss of books, must be made good.

Military Tactics.

Company A, Willamette Cadets, has been organized. Much needed exercise and knowledge of military tactics, as well as neatness in personal habit, and precision and grace in all the movements of the body, are learned in the various forms of drill. The guns used in the manual of arms have been presented for use of the University by the State of Oregon. Boys and young men attending the University can purchase uniform suits for \$12 to \$15. The clothing is of fine cloth and can be worn on any occasion.

OFFICERS.

Captain, W. R. Alderson; 1st Lieutenant, N. M. Newport; 2d Lieutenant, Frank Hughes.

Correlated Academies.

It is the design of these schools to prepare students as nearly as possible for the Freshman class in the College.

Certificates from the Correlated Academies will give the student bearing them the desired standing in the University without an examination on the studies embraced in the certificates.

These Academies are: Wasco Independent Academy, R. H. Willis, A. M., Principal, located at The Dalles, Oregon; Umpqua

Academy, located at Wilbur, Oregon,
Principal; Sheridan Academy, located at Sheridan, Oregon,
....., Principal; Santiam Academy, located at Leba-
non, J. L. Gilbert, Principal; Drain Academy, Willis C. Hawley,
A. B., LL. B., Principal.

Government.

The government of the University aims to be mild but firm in what few regulations it has. Constant thought is exercised to cultivate qualities of manhood and womanhood discoverable in nearly every student. Whenever a student aims to do right, and be diligent and successful in his daily work, he scarcely realizes that he is under government. While the general oversight has especial care for Christian training, yet the school is non-sectarian in its teaching and government. Its courses of study are little different from any other institution of equal grade.

Needs of the University.

Large and immediate additions to the funds of the University are much needed. One or two Professorships should be established at once.

A suitable hall for recitations in the College of Liberal Arts must be erected in the near future. Thoroughly to equip this institution upon the plan proposed, resources several times greater than any now possessed will be absolutely necessary. The Trustees cannot doubt but that the friends of the school and public spirited men and women will create the needed facilities. The University is now only beginning to live. The character of its life will depend upon the help of those who have money, and who have such love for Christian training as to bestow it upon the institution for this purpose. The corporate name of the institution is Willamette University.

Form of Bequest.

I give and bequeath to Willamette University the sum of.....
dollars, to be safely invested as an endowment for the support of
.....Professorship in the College of Liberal Arts.

Rules.

After long experience, the following rules are found to secure the

best general government of the school. It is thought best to publish our rules in order that all may understand clearly under what restrictions they place themselves by becoming students of this University. No well regulated institution can succeed without rules of government, any more than the State without laws.

General Rules.

1. Payment of tuition, each term, in advance.
2. Attendance at some church on Sunday morning.
3. Study during recitation hours, and from 7 to 9 P. M.
4. No profanity, or the use of tobacco in the school.
5. Attendance at chapel services each day.
6. Permission for temporary absence from school and town.
7. Examination every five weeks in the Academy; every term in the College. Written reports in scholarship and deportment will be sent to the parents of each student after every examination.
8. Half price for one study in school; full price for two or more. Student having studies in more than one grade will pay the tuition of the higher grade, provided they take two or more studies in that grade.
9. Time lost by sickness can be transferred, but no money is refunded.
10. Students coming from other Colleges must bring recommendations from the College they left.
11. No student will be entered at the beginning of the term for less than a term; nor will any student having withdrawn from school during the term without permission of the faculty, be granted an honorable dismissal.
12. No student is allowed to board at a hotel or public boarding house.

Normal Instruction.

Special training is provided for those students who are preparing for the profession of teaching. An English course, consisting of such studies as are considered most practicable for teachers of

high school and common school grade, has been arranged. Students completing this course of studies are awarded diplomas. It has become very popular with those who desire a good practical English education. Those who have pursued studies in other good schools, and wish to take advanced standing in this as well as any of the other courses laid down in this Catalogue, can do so by presenting a certificate of scholarship in the schools which they have left. In addition to the regular course of normal study, lectures on the theory and practice of teaching are given by the President and prominent educators of the State actually in the work of teaching; so that the student not only obtains a good education, but also learns the most advanced and best methods of instruction. The success with which graduates from this school are meeting in almost every county of the State, and in other States and Territories, is of great encouragement to the authorities of this institution.

Those who complete the course will be able to pass an examination for a Life Diploma in the State of Oregon, or for other grades of certificates, both state and county. It will be seen that this course embraces more studies than are included in the list for the highest State Diploma. Branches required for a State and Life Diploma:

Orthography.	United States History.	Plane Geometry.
Reading.	Theory and Practice of	English Literature.
Penmanship.	Teaching.	Book-Keeping.
Descriptive Geography.	School Law, Oregon.	General History.
Mental Arithmetic.	Composition.	Natural Philosophy.
Written Arithmetic.	Rhetoric.	Constitution of U. S.
English Grammar.	Physiology.	
Physical Geography.	Algebra.	

Young Men's Board.

Good rooms at a charge of \$1.00 a month for each room, and table board at \$1.50 and \$1.75 per week. In this way, two boys have generally roomed together and reduced their room rent to fifty cents each per month.

The design is to charge the young men for board only what the material and cooking cost. For the price, the board has been very satisfactory, and supplies a long felt want in the University.

The young men are expected to supply furniture for their own rooms. This will cost from \$6 to \$15 each, according to the value

of the furniture. Many buy second-hand furniture. All furniture can be re-sold when the students leave. Furniture can be left in the rooms, and no room rent is charged during vacation. Bed clothing can be brought in a trunk or box, and save buying.

Board for five weeks in advance and room rent for the year in advance is charged. Any one being away for more than one week at a time, on account of sickness, will be given credit on board for time lost, but room rent will be transferred. The greatest care has to be taken to meet expenses in boarding at such low rates. Board and tuition for the school year will cost from \$92 to \$112, according to the advancement of the student.

In regard to the board of young ladies and girls, see "Woman's College."

COLLEGE OF LIBERAL ARTS.

Information.

The College of Liberal Arts provides instruction in three different courses of study :

First. The Classical, embracing four years, is similar to that taught in other institutions of equal grade.

Second. Latin and Scientific Course, embracing four years of study, is prepared for those who desire special work in mathematics and modern languages, and do not wish to study the Greek.

Third. Literature and Art Course, embracing four years, is prepared for those who wish to pursue music and art, and substitute the work done on either of these branches for some of the more advanced studies of language and mathematics.

Requirements for Admission to the Freshman.

CLASSICAL COURSE.—*Latin*—Grammar, Etymology, Syntax, Prosody, first two books of Cæsar, four orations of Cicero, four books of Virgil, and Jones' Latin Prose Composition.

Greek—Grammar, Etymology, Syntax and Prosody, two books of Xenophone's Anabasis, three books of Homer's Iliad, and Jones' Greek Prose Composition.

Mathematics—Arithmetic, Practical and Higher, Elementary Algebra, Higher Algebra to Quadratics, and Plane Geometry.

Science—Ancient and Modern Geography, Physical Geography, Physiology, Natural Philosophy, Elements of Astronomy.

English—History of the United States, Outlines of General History, a thorough knowledge of English Grammar and Composition.

LATIN AND SCIENTIFIC COURSE—Same as Classical, except one year of German and one of French instead of Greek.

LITERATURE AND ART—Same as Latin and Scientific.

Degrees Conferred.

Those completing the Classical course, will receive the degree of Bachelor of Arts.

Those completing the Latin and Scientific course, will receive the degree of Bachelor of Philosophy.

Those completing the course of Literature and Art, will receive the degree of Bachelor of Literature.

The degrees of Master of Arts, Master of Philosophy, and Master of Literature, will be conferred on those having finished the above courses leading to these degrees, three years after graduation.; *Provided*, that since graduation they have sustained a good moral character, and have pursued some literary or scientific calling, or spent one year in the College.

Candidates for the Master's degree, should apply to the President of the University two weeks before Commencement.

The application must be accompanied by a fee of five dollars, to pay for diploma.

THEOLOGICAL DEPARTMENT.

REV. T. VAN SCOY, A. M., B. D., PRESIDENT

REV. M. C. WIRE, A. M., B. D.,
Professor of Greek Exegesis.

REV. N. DOANE, D. D.,
Professor of Systematic Theology.

REV. H. K. HINES, D. D.,
Professor of Historical Theology.

REV. WM. ROLLINS, B. D.,
Professor of Hebrew and Exegesis.

The Theological Department was formally organized October, 1889. It was deemed wise thus to begin in a regular way the work of Theological education in the Institution.

During the year, only partial work has been done. It is hoped that the friends of ministerial education will soon give such financial aid as may be necessary.

Expenses.

Students in Theology have special privileges in connection with the College of Liberal Arts. They also have all the advantages of cheap board and room rent which are accorded to other students. No tuition is charged in this Department, but an incidental of \$10 a year payable half yearly in advance is required.

The school year begins September 1st, and consists of two terms of twenty weeks each.

Diplomas.

While the student preparing for the ministry is advised to complete a college course before entering the Theological school, yet those who may not have the time and means to take such a

course, and yet desire a professional training for their work, will be entered as Theological students, and will be awarded the diploma on the completion of the course. Those who complete both a College course and Theological course will receive the Degree of Bachelor of Divinity.

Requirements.

Those who wish to enter the Theological Department, if they do not bear diplomas from some Institution of learning, must present sufficient evidence that they possess at least a common English education. If they have not obtained a sufficient amount of education to admit them, they can be allowed to enter upon the study of Theology, by permit of the Faculty, provided also, that they enter upon the study of the required work in the Literary Department of the University.

Those who are not licensed to preach or exhort, will be expected to bring recommendations from their Quarterly Conferences, that they are suitable persons to enter this School for the study of the ministry. A form for this recommendation will be found under "General Statement" of this Catalogue. For the studies to be pursued see "Courses of Study" on another page.

COLLEGE OF LAW.

FACULTY.

THOMAS VAN SCOY, A. M., D. D., PRESIDENT.

GEO. BINGHAM, LL. B., DEAN.

Professor of Equity Jurisprudence, the Law of Real Property and Pleadings.

GEORGE H. BURNETT, Esq.,

Professor of the Law of Contracts, Torts and Commercial Law.

WM. H. HOLMES, Esq.,

Professor of Criminal Law, Constitutional Admiralty and Maritime Law.

S. T. RICHARDSON, Esq.,

Professor of Common Law and the Law of Evidence.

Course of Instruction.

The course of study in the College of Law occupies two years, the students being divided into two classes, the Junior and Senior.

The daily exercises consist of lectures and recitations from standard text-books, the latter being accompanied by oral explanations.

The student will be frequently referred to the leading cases on the subject under consideration, and required to be prepared for questions upon them at the next exercises; they will also be encouraged to put questions freely to the instructors at all recitations.

Moot courts will be held regularly, at which one of the professors will preside, and the students will act as counsel. The students will be required to draw all the necessary pleadings according to the common law or equity forms, as the case may be, and discuss their sufficiency.

The plan of study comprises various branches of common law, equity jurisprudence, commercial, international, constitutional, criminal and maritime law.

The first year of the course is devoted to the study of general commentaries upon municipal law, the law of contracts, of real estate and commercial law.

The second year includes equity jurisprudence, the law of torts, criminal law, evidence, pleading and practice.

The principal text-books to be used in the course are Blackstone's Commentaries, Tiedman on Real Property, Kent's Commentaries, Parsons on Contracts, Cooley on Torts, Bispam's Equity, Wharton's Criminal Law, latest edition, Greenleaf on Evidence, Chitty on Pleadings, Vol. 1, Bliss on Code Pleading, and Daniel on Negotiable Instruments.

Other text-books will be used for reference and illustration.

It is believed that a number of students can obtain positions in law offices in Salem and get the use of books free of charge.

Students will find their own books.

State Library.

Students have free access to the State Library, which contains a large collection of law text-books and complete set of the United States Supreme Court Reports, and the Reports of nearly all the States and Territories.

The Courts.

The Supreme Court of this State holds most of its sessions in Salem, and sits nearly the whole school year. The Circuit and County Courts have regular sessions in this place. Students can attend these Courts when cases of importance are being tried, and become familiar with legal business.

Lectures.

Members of the Faculty will, in addition to the ordinary expositions given during recitations, deliver lectures upon important legal topics when deemed advisable, and also eminent members of the bar from different parts of the State will deliver lectures to the students occasionally.

Examinations.

In addition to the examinations which will occur at the beginning and close of the year, the classes will be examined as frequently as the Faculty may deem it advisable.

Students desiring to enter the Junior class will be examined as to their qualifications on the third Tuesday of September, and they must at the same time, unless they are personally known to some member of the Faculty, present certificates showing that they are possessed of good moral character.

Graduation and Degrees.

Students who have pursued the full course of study, and have passed satisfactory examinations and complied with the rules of the College of Law, will be recommended by the Faculty for graduation, and the corporation will confer upon them the degree of Bachelor of Laws.

Admission to the Bar.

The Faculty confidently hope that arrangements will be made by which graduates of this College will be admitted to the bar of all the Courts of this State without examination.

Attendance and Deportment.

It is desirable that all students enter the school at the beginning of the year.

All students will be expected and required to attend all recitations of their respective classes, and to pursue their studies diligently, except when excused from so doing by sickness or other good cause.

Students will be expected and required to conduct themselves with propriety, and to refrain from intemperance, gambling and other misconduct, and to obey all rules and regulations adopted by the Faculty or Trustees.

Classes.

Students will not be admitted to the Junior class unless they possess at least a good common school education, and, if they have not received a degree from some college of art, they must satisfy the Faculty that they possess such education. A knowledge of Latin is desired, but not required.

The students who pursue their studies at this school for one year and pass a satisfactory examination in all the studies of the Junior year, will be admitted to the Senior class.

Students who have pursued the study of law a year in some other college of law, or have studied law under a competent instructor for at least one year, and pass a satisfactory examination by the Faculty of this College in the branches taught in the Junior year or their equivalents, may be admitted to the Senior class.

Scholastic Year.

The school year begins on the third Wednesday in September of each year, and ends on the third Wednesday in May, and this year constitutes one term. Students will not be admitted for a shorter period than one year.

Expenses.

The charges for tuition will be \$50 per annum for the first year, one-half of which must be paid or secured at the beginning of the year. A fee of \$5.00 will be charged at graduation to those receiving diplomas.

Board and lodging can be obtained at reasonable rates.

WOMAN'S COLLEGE.

MISS MATTIE L. HANSEE, A. M., DEAN.

MRS. GEN. W. H. ODELL.

MRS. G. W. GRAY.

MRS. AMELIA MILLER, B. S.

I. This department of the University provides instruction :

1. In Music—(see Conservatory of Music.)
2. In Art—(see Art Department.)

II. It provides homes for all lady students from a distance, whether taking lessons in Music or Art, or reciting in any other department of the University.

It affords a place of residence, under careful supervision, and amid refined and orderly surroundings.

Board in Woman's College Hall with everything furnished except towels, napkins, and bed clothing, \$3.50 per week. A well-furnished room is supplied. But the occupants are expected to have a room-mate. Day board, and board for those who supply their own furniture, is put at \$3 per week.

Many parents object to sending their daughters from home to a school where, from the want of a College home, under proper oversight, they are compelled to board in families, that, as a rule, acknowledge no responsibility to parents or to the University.

It offers to all the students of the Woman's College—those resident in the building, and those living in the city—a center or place

of gathering for lectures and for such social events as may pertain to the home life of the department.

The Dean and other teachers reside in the Hall, and thus it becomes a religious home, and at the same time is surrounded by all the good influence of College life.

Care is taken in the furnishing of the building, in the regulations pertaining to the household, and in the internal life of resident students and officers, to maintain the atmosphere and surroundings of a refined and gentle home, so as to make residence in the College Hall a *means of education*.

It is not designed to make the Hall a means of income to the University ; it is not a financial venture, and has nothing in common with the aim of a boarding house. On the contrary, the cost of residence is placed so low as to bring the advantage of the Hall within the reach of all earnest young women desirous of an education.

CONSERVATORY OF MUSIC.

FACULTY.

THOMAS VAN SCOY, A. M., D. D. PRESIDENT.

Z. M. PARVIN, DIRECTOR.

Vocal Culture, Piano, Organ, Violin, Harmony and Class-Teaching.

EVA COX,

Piano, Organ and Harmony.

LULU SMITH, ASSISTANT TEACHER,

Piano, and Organ.

LEONA WILLIS, ASSISTANT TEACHER,

Piano, Organ and Voice.

MAMIE PARVIN, ASSISTANT TEACHER,

Piano and Organ.

HALLY PARRISH, ASSISTANT TEACHER,

Vocal Culture.

Information.

The Conservatory of Music affords facilities for a thorough and systematical education in the theory and practice of music. The value of music as an element of culture depends very largely upon the other elements of culture, literary and scientific, acquired with it. It is, therefore, advised that the pupils in music pursue at the same time some other study or studies in one of the departments of the University. An exclusive musical education, will, however, be given to those who desire it, and instruction may be taken for any longer or shorter time. Special opportunities will be afforded to those who desire to fit themselves for the profession, either as artists or teachers.

Pupils have the choice of three courses: the Virtuoso, Teacher, and the Post Graduate. The Virtuoso course requires the pupil to have a thorough knowledge of the Theory of Music, Harmony, Single Counterpoint, History of Music, including a familiarity with the lives and works of the Great Masters; to become an artist upon some instrument or as a singer.

The Teachers' Course will include the Virtuoso, with the addition of the Methods of Teaching, and more of Practical Musical Composition.

The Post Graduate course adds to the Virtuoso and Teacher's course the study of Double Counterpoint and Fugue, Orchestration, and continued studies in advanced piano-forte playing and voice training, preparing the student for the degree of Bachelor of Music in course.

By attending the Conservatory, pupils are brought under the influence of systematic teaching, and in the associating with other pupils are stimulated to more earnest effort. The instruction given is according to the methods now in use in the best Eastern Conservatories. Persons on this coast who desire a complete and satisfactory course in Music need not be at the expense of going East. Those who have taken the course are surprised at its completeness. The difficult work in passing all the grades to graduation, eminently preparing for a teacher or artist. Salem is well adapted as a city for a school of Music. The society in Salem is of the very best, and all influences are of an elevating character.

The Conservatory has ample facilities for all who wish the best instruction, having at present six teachers, six pianos, three organs—one being a fine pedal instrument. All pupils are advised and encouraged to take a regular course and graduate.

The free advantages deserve special mention. They are equivalent to fifty free lessons each year if pupils take advantage of them. 1st. Public rehearsals are held twice each term, at which pupils of the proper advancement appear in songs and instrumental solos, four and eight-hand pieces. 2d. Lectures upon Musical History, etc., are given occasionally. 3d. Pupils of the fourth and fifth grades will receive two terms, one lesson in each week,

in methods of teaching. 4th. Chorus rehearsals are held once a week. 5th. Pupils have access to the Conservatory Library.

Visitors are always welcome, and are invited to come and see the regular work of the pupils.

Branches Taught.

Instruction is given on the Piano, Organ, Violoncello, Violin.

In notation and Rudiments of Music, Solo singing in Italian, German and English.

Harmony, including Counterpoint and Fugue, Orchestration.

Art of Teaching Vocal Music in the Public Schools.

Theory.

Tonic Sol-Fa Method.

Church Music.

German and French Languages if desired.

Oratorio and Chorus Practice.

Class Teaching.

The class system of teaching music is very popular wherever it has been thoroughly tested. When not more than two or three pupils of equal grade receive lessons in a class, the improvement is generally equal to private instruction.

Reading Classes.

Pupils have the advantage of Reading Classes once or twice each week. This will enable them to become better readers and strict timeists.

ART DEPARTMENT.

T. VAN SCOY, D. D., PRESIDENT.

Clyde Cooke, Principal.

Miss Marie Craig, Instructor.

Information.

This work is in charge of accomplished instructors. Drawing and design are taught, as also painting in all its branches.

It is hoped that the friends of art culture will aid in the equipment of a studio with gifts of casts, specimens of pottery, art works and charts.

Decorative art is made a specialty. When the weather is suitable, the pupils of the department are taken by their teachers to sketch from nature. Many of them make very rapid progress. Pupils are first taught pattern drawing, then put at the more difficult work of drawing from objects. Afterward they are allowed to advance to paintings in India Ink, and Sepia and Oil Paintings.

The Art Department and Conservatory of Music comprise the work designed to be done under the auspices of the Woman's College.

Advantages are offered in this department for completing a graded course of study and enabling students to make rapid progress.

This course consists in work from the round (objects, casts, &c.) and will cover a period of two years. A course for amateurs desiring an accomplishment will also be provided; consisting in work from the flat (patterns, plates, &c). Those completing the course will be awarded diplomas.

Course of Study, First year.**CAST DRAWING.**

First and second terms—Fruits and Ornaments.

Third and fourth terms—Masks and Figures.

SECOND YEAR, DRAWING AND PAINTING FROM LIFE.

First and second terms—Painting, Still Life; Drawing, Life.

Third and fourth term—Drawing; Painting, Life.

UNIVERSITY ACADEMY.

Information.

The University Academy provides instruction in five different courses.

First. The Preparatory Classical, embracing three years' study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

Second. The Preparatory, Latin and Scientific, embracing three years of study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

Third. The Preparatory, Literature and Art Course, which is the same as the Latin and Scientific, prepares the student for the Freshman class in the same course in the College of Liberal Arts.

Fourth. The Teacher's Course is prepared for those who do not wish to take a College course, but who desire to fit themselves thoroughly to teach in public schools of common and high grade, and be able to pass examination for Life Diploma and State Certificate.

Fifth. The Business Course aims to give the student the most thorough and practical education that can be obtained in the time allotted. A thorough knowledge of all kinds of business papers, such as promissory notes, drafts, checks, deeds, mortgages, etc., together with the laws relating to them, and the more important principles of political economy will be required, and great care will be taken to give the student the latest and best information in all the studies of the course, which is described in another place.

ANNOUNCEMENT.

The Third Annual Course of Lectures will commence Tuesday, October 7, 1890, and continue six months.

Commencement Exercises for conferring degrees will be held Monday, April 6, 1891.

There will be a vacation from December 21st to January 2d. Lectures will also be suspended on Thanksgiving Day.

The New College Building is a matter of pride and satisfaction to all who are interested in Pharmaceutical education. It is three stories high above the basement, and contains ample lecture halls, spacious laboratories for Chemical and Pharmaceutical work, Museum, etc. In establishing the Department of Pharmacy of the Willamette University, the Trustees and Faculty have determined to place before the students a curriculum, and facilities for pursuing it, that will thoroughly prepare them for the high and responsible duties upon which they are to enter.

Requirements for Admission.

Every applicant for admission to the regular course for graduation at this college will be required to pass a preliminary examination, or to present a diploma or other satisfactory written evidence that he has passed the first grammar grade, and is entitled to enter a High School of this State, or has attended some academy of a grade equal to that of our High Schools. Those who do not present such certificates will be examined in English reading and composition, writing, geography, and arithmetic.

In order that the students may derive the fullest benefit from the lectures, they should be present at the opening of the session.

Conditions of Graduation.

Every person upon whom the Degree of Graduate in Pharmacy

(Ph. G) shall be conferred must be of good moral character, shall have attained the age of twenty-one years, and attended two full courses of lectures in each of the Departments of this College, or one course in this after a course in some other recognized College of Pharmacy. He must have had, inclusive of the time of attendance at this College, four years' experience in a Pharmacy where prescriptions are compounded. He must present a *thesis* to the Dean on or before March 1st. The *thesis* must be an original dissertation upon some subject relating to Pharmacy or its collateral branches, or on a chemical analysis conducted by himself. He shall also furnish to the Dean at the same time satisfactory evidence of having complied with all the preliminary requisites, together with the graduation fee, which, in case of withdrawal or rejection, shall be returned. He must pass a satisfactory examination by the Faculty, which shall be written, in Practical Chemistry, Materia Medica, Botany, and Theory and Practice of Pharmacy.

Certificates of Proficiency.

Certificates of Proficiency in Chemistry, Materia Medica, and Pharmacy, will be granted to any of the students of the Senior class who may pass a satisfactory examination in those subjects; and such certificates will count toward the examination for the Degree of Graduate of Pharmacy (Ph. G.); except that no student will be examined in Pharmacy until proof is received by the Faculty that the candidate has had at least four years' experience in a Pharmacy where prescriptions are compounded.

The time actually spent in attendance in this College will be considered as a part of the term of service.

Persons employed in drug houses and manufacturing establishments may, in this way, avail themselves of the course of study offered by the College to make themselves familiar with matters which are of daily use in their vocations, and receive evidence of their efficiency in the above branches.

Fees.

Matriculation (paid but once).....	\$ 2 50
Lecture fees for full course.....	50 00
Diploma fee.....	10 00
Certificate of Proficiency.....	3 00

Special Students.

Students not intending to pursue Pharmacy as their vocation, will be admitted to the lectures, or any one of the courses they may desire to attend, by paying the Matriculation fee and that of the chair or chairs of instruction. They may be examined in the special subject or subjects with the students of the senior class, and Certificates of Proficiency will be awarded to them on the same conditions as to regular students. Special students will not, in any case, be eligible for the Degree of Graduate in Pharmacy.

Boarding and Lodging.

Good board and lodging can be obtained in Portland for from \$20 to \$25 per month, and restaurants abound in which good meals can be had for from 15 cents to 25 cents. Single furnished rooms may be had, without board, for from \$5.00 to \$10.00 per month.

ANNOUNCEMENT—SESSION OF 1890-'91.

Collegiate Year.

The collegiate year extends from September 16, 1890, to April 6, 1891.

The twenty-fifth regular annual session will commence on Tuesday, October 7, 1890, and continue until April 6, 1891. A preliminary session free to all medical students will commence on Tuesday, September 16th, and continue until the opening of the regular session. The matriculation book is open the entire year, and students so desiring may register early and secure choice of seats on application by enclosing the matriculation fee of five dollars to the Dean.

Preliminary Course.

During the free preliminary course, in addition to the regular college and hospital clinics, the following subjects will be lectured upon :

Diseases of the Eye and Throat.....	PROF. WATKINS
Reproduction.....	PROF. KELLY
General Therapeutics	PROF. HALL
Chemistry	PROF. WARREN

The Regular Session.

The plan of instruction during the regular session includes didactic lectures and operations, quizzes and practical demonstrations.

Six didactic lectures are delivered each day, four days each week. Wednesday and Saturday of each week three didactic and three clinical lectures will be delivered.

No lectures are given on legal holidays or during the holiday vacation from December 23d to January 5th.

Original Instruction.

Desiring to secure to the student information that will be the most useful in active professional life, the Faculty endeavors to make the Medical Department of the Willamette University pre-eminently a practical and demonstrative school. No verbal description of the signs and symptoms of a disease or of the details of an operation can ever be so clear and impressive as an actual demonstration on a living subject. For this reason, clinical teaching must always supplement the didactic. Therefore clinics are made a special and attractive feature of this school. At the regular College clinics, where patients who present themselves at the College dispensary for advice and treatment are examined, the peculiarities of each case are explained, the appropriate treatment is prescribed, and the requisite surgical operations are performed before the class. In addition, the whole of the afternoon on Wednesday and Saturday of each week will be spent in clinical instruction at the Portland Hospital where clinics will be held at the bedside and in the amphitheatre in the following branches:

Medicine, Surgery, Eye and Ear, Diseases of Women and Genito-Urinary diseases. The Medical wards always contain many cases of acute diseases, and changes are taking place constantly. The opportunities for seeing fractures, injuries, and traumatic cases of all kinds are excellent, and surgical operations are performed twice a week in the presence of the class.

The staff of the Portland Hospital is entirely drawn from the Faculty of the University, giving them unusual advantages for developing clinical material.

The New College Building

Is now completed and fully equipped. This elegant structure in all its appointments is completely adapted to Medical teaching. It is situated on Fourteenth and C streets, near the geographical center of the city, and is convenient to the Portland Hospital and several street car lines.

On the first floor are the clinical lecture room, of ample size, with drug room, etherizing room, and waiting room adjoining, and a spacious, well lighted and handsomely finished museum; also, gentlemen's cloak room and toilet and janitor's apartments.

On the second floor is the main amphitheatre, well lighted and ventilated, capable of seating one hundred and fifty students. Opening out of this are the chemical laboratory, anatomical rooms, library, and faculty rooms ; also, ladies' cloak room, and toilet.

On the third floor is the dissecting room, lighted from above and from all sides, thoroughly ventilated, well supplied with water, and accommodations for twenty tables.

Museum.

The College Museum is now the receptacle for a large number of interesting and valuable specimens, to which it is the desire of the Faculty to make constant additions. Probably every alumnus of the school has one or several specimens, which, though of but little value to him, would be most suitable for its cases. The Faculty, therefore, specially request each alumnus and friend of the College so disposed, to contribute these for the above purpose—sending them to the College building, directed to the Curator of the Museum, who will acknowledge receipt thereof and display the donor's name upon the label.

Hospital Advantages.

Portland, with a population of 80,000, affords an ample supply of clinical material for medical and surgical instruction. Its hospitals and charitable institutions furnish a large field for the student of clinical Medicine and Surgery.

The Portland Hospital is now completed. It is a large and elegant structure, built of brick, and will contain a commodious amphitheatre, furnished with the necessary appliances for all manner of clinical demonstrations and surgical operations. The size of this structure will be 200x170 feet, three stories high, heated by steam, lighted by electricity, will have an Otis elevator and all the latest modern improvements.

This institution is under the exclusive control of the Faculty, and each student will have access to its wards two days in the week to examine patients, hear clinical lectures, and see all operations performed.

Hospital Internes.

The position of Interne in the Portland hospital is open each

April to one member of the graduating class who recommends himself to the Faculty by his diligence and general fitness for the appointment. Internes receive their board and lodging for one year, and secure opportunities for accumulating an invaluable experience in every field of practical medicine and surgery.

Terms of Admission.

The requirements for admission are :

1. Credible certificates of good moral character.
2. Diploma of graduation from a good literary and scientific college or high school, or a first-grade teacher's certificate. Or, lacking this, a thorough examination in the branches of a good English education, including mathematics, English composition, and elementary physics or natural philosophy.

The diploma or certificate must be presented to the Dean of the Faculty, who may (if any doubt exists in regard to qualifications of applicant), subject him to an examination.

Admission of Women.

Women will be admitted on the same terms and have the same advantages as men.

Frequent Examinations.

Universal experience has demonstrated the paramount importance of this mode of instruction as supplemental to lectures, and the faculty has made a special provision for it. The wisdom of this action has been abundantly shown. The Faculty therefore devote additional hours for the purpose of general "quiz," to be conducted by themselves.

Three Years' Curriculum.

It will be seen that the changes introduced into the Curriculum of this school in 1887, are now in force. Three regular courses of lectures of six months each, attended through three several years, are required before the student can present himself for graduation.

No increase of expense to the student will result, nor will the plan necessarily extend the period of study, but rather provide for a more systematic and profitable use of time, and better fit the student for the arduous and responsible duties of his profession.

Four Years' Course.

While a three years' course fulfills the absolute requirements of the College, the Faculty earnestly recommend a four years' course of study, with a still further division of the final examinations. In this case, the labors of the third year may be lightened by the omission of lectures on those branches in which final examinations are to be passed at the end of the fourth year.

Text-Books and Instruments.

The work first named on each subject is preferred.

Medical books can be obtained of J. K. Gill & Co., in this city, at catalogue prices ; and it is recommended that students supply themselves with at least one text-book upon each chair. The following works are especially recommended :

ANATOMY.—Gray, Wilson, Quain, and Heath's Dissector.

PHYSIOLOGY.—Carpenter, Yeo, Dalton, and Marshall.

MATERIA MEDICA.—Bartholow, Farquharson's Therapeutics and Materia Medica. Wood, U. S. Dispensatory.

MEDICAL JURISPRUDENCE.—Wharton and Stille.

CHEMISTRY.—Bloxam's Youman's Fown's, etc.

OBSTETRICS.—Glisan's Modern Midwifery, Lusk, and Leishman.

WOMEN AND CHILDREN.—Skene, Thomas, Byford, and J. Lewis Smith.

PRACTICE OF MEDICINE.—Bartholow, Bristowe, Flint, Pepper, and Roberts.

SURGERY.—Wyeth, Ashhurst, Bryant, Hamilton's Dislocations and Fractures, and Gross.

OPHTHALMOLOGY AND AURAL DISEASES.—S. Wells, Landolt, Examination of Eye. Throat and Nose, Mackenzie and Bosworth. Roosa on the Ear.

DENTAL PATHOLOGY.—Garretson.

GENERAL PATHOLOGY.—Zeigler, Gilliam and Woodhead.

The latest editions only of text-books should be purchased by students.

A "Dissecting case," containing all the necessary instruments, can be bought for \$4.00.

Terms.

The fee for a full course of lectures is \$120 ; matriculation ticket, (paid but once) \$5. Demonstrator's ticket for each course, \$10 ; graduation fee, \$30. Tickets for one or any of the departments may be had separately at \$20 each, with Matriculation fee paid but once.

Students who have paid for two full courses in this school are entitled to attend free of charge thereafter.

No variation is made under any circumstances from the established fees of the College.

The Expenses of Living in Portland, Etc.

The expense of living in the city of Portland will, of course, vary according to the views and habits of students. At the present time, good board, including lodging, fire and light, may be had at a convenient distance from the College at from \$4 to \$6 per week. Pains are taken to provide a list of boarding houses in the vicinity of the College to suit the wishes and means of the students.

Persons desiring further information are requested to address the Dean of the Faculty.
