GOLLEGE OF LIBERAL ARMS.

Information.

The College of Liberal Arts provides instruction in four different courses of study:

First, The Classical, embracing four years, is similar to that taught in other institutions of equal grade

Second, Latin and Scientific Course, embracing four years of study, is prepared for those who desire special work in mathematics and modern languages, and do not wish to study the Greek.

Third, Modern Literature and Art Course, embracing two years, is prepared for those who do not wish to pursue the Latin further than the Academy Course, and who wish to supply the place of the languages in college by music and art, and at the same time complete a course in mathematics and sciences.

Fourth, Scientific Course, embracing two years, is prepared for those who wish only the Latin of the Academy Course, and desire special work in mathematics and the sciences.

- I. This department of the University provides instruction:
 - I. In Music. (See Conservatory of Music.)
 - 2. In Art. (See Art Department.)
- II. It provides a home for all lady students from a distance, whether taking lessons in Music and Art, or reciting in any other department of the University.

It affords a place of residence, under careful supervision, and amid refined and orderly surroundings.

Many parents object to sending their daughters from home to a school where, from want of a College Home, under proper oversight, they are compelled to board in families, that, as a rule, acknowledge no responsibility to parents or to the University.

It offers to all the students of the Woman's College—those resident in the building and those living in the city—a center or place of gathering for lectures, and for such social events as may pertain to the home life of the department.

Miss Trigg, Dean, and other teachers reside in the Hall, and thus it becomes a religious home and at the same time surrounded by all the good influence of college life.

Care is taken in the furnishing of the building, in the regulations pertaining to the household, and in the internal life of resident students and officers, to maintain the atmosphere and surroundings of a refined and gentle home, so as to make residence in the College Hall a means of education.

It is not designed making the Hall a means of income to the University; it is not a financial venture, and has nothing in common with the aim of a boarding house. On the contrary, the cost of residence is placed so low as to bring the advantage of the Hall within the reach of all earnest young women desirous of an education.

For price of board, etc., in the Woman's College, see expenses under general statement. For regulations see the same.

CONSERVATORY OF MUSIC.

ГИСИЦТУ.

THOMAS VAN SCOY, A. M., B. D., President.

Z. M. PARVIN, DIRECTOR,
Piano, Organ, Vocal Culture, Theory, Composition and Class Teaching.

FRANKIE P. JONES,
Piano, Organ and Theory.

JULIA L. CHAMBERLIN,
Piano and Organ.

Information.

The Conservatory of Music affords facilities for a thorough and symmetrical

education in the theory and practice of music. The value of music as an element of culture depends very largely upon the other elements of culture, literary and scientific, acquired with it. It is, therefore, advised that pupils in music pursue at the same time some other study or studies in one of the departments of the University. An exclusively musical education will, however, be given to those who desire it, and instruction may be taken for a longer or shorter time. Special opportunities will be afforded to those who desire to fit themselves for the profession, either as artists or teachers.

Pupils have the choice of two courses, the Virtuoso and the Intermediate. The Virtuoso course requires the pupil to have a thorough knowledge of the theory of Music, including Harmony, History of Music, including a familiarity with the lives and works of the Great Masters; to become an artist upon some instrument or as a singer. The Intermediate course requires the pupil to complete Thorough bass and the elements of musical composition; a short History of Music and the lives of the Great Masters; to be a good player upon some instrument, or a good singer.

By attending the Conservatory, pupils are brought under the influence of systematic teaching and in the associating with other pupils are stimulated to more earnest effort. The instruction given is according to the methods now in use in the best Eastern Conservatories. Persons on this Coast who desire a complete and satisfactory course in Music need not be at the expense of going East. Salem is well adapted as a city for a school of music, being as it is, in many respects, the Boston of the Pacific Coast. The society in Salem is of the very best, and all influences are of an elevated character.

The Conservatory has ample facilities for all who wish the best instruction, having at present three teachers, five pianos, three organs—one organ being a fine pedal instrument. All pupils are advised an encouraged to take a regular course and graduate.

The free advantages deserve special mention. Ist. Public rehearsals are held twice each term, at which pupils of the proper advancement appear in songs and instrumental solos, four and eight-hand pieces. 2d. Lectures upon Musical History, etc., are given occasionally. 3d. Chorus rehearsals are held once a week. 4th. Pupils have access to the Conservatory Library.

Visitors are always welcome, and are invited to come and see the regular work of the pupils.

Branches Taught.

Instruction is given on the Piano, Organ, Violincello, Violin.

In Notation and Rudiments of Music, Solo Singing in Italian, German and English.

Harmony.

Art of Teaching Vocal Music in Public Schools.

Musical Theory.

Tonic Sol-Fa Method.

Church Music.

German and French languages if desired.

Oratorio and Chorus Practice.

Class Teaching.

The class system of teaching music is very popular wherever it has been thoroughly tested. Pupils improve faster when brought into competition with each other than when privately instructed.

Reading Classes.

Pupils have the advantage of Reading Classes once or twice each week. This will enable them to become better readers and strict timists.

Course of Study.

Pupils may graduate in any branch, by completing the prescribed course.

PIANO COURSE—Five finger exercises, scales, arpeggios, and works of Mason, Sudds, Brainerd, Plaidy, Heller, Clementi, Cramer, Moscheles, and others, all alleviated by Parlor Rondos and pieces of popular authors. Also, the standard compositions of Mendelssohn, Chopin, Beethoven, Mozart, Weber, Handel, Bach, etc.

Vocal Course—Development of pure tone. Vocalizes, by Concone, Webb, Marchesi, Vaccai, Panofka, Bordogni, and others. Phrasing, Execution and Expression. The best songs of the best composers, Opera and Oratorio Singing.

HARMONY AND THEORY-Ludden's Thorough-bass and Richter's Course in Harmony.

ORGAN--Emerson's, Whitney and Clark's Method for Reed Organ.

SPECIAL ORGAN (Pipe)-Rink or Buck's School.

Any pupil completing the courses in Harmony, Piano or Organ, and Musical History, will receive diplomas.

Pupils taking private lessons in more than one branch will be given a reduction from the above rates. No reduction from the class rates.

Clergymen who are dependent upon their salaries, and who send their children to the Conservatory, will receive the benefit of a reduction from the above rates of 10 per cent.

It is important that pupils shall begin with the school term.

It is urged that pupils take the regular course of study with the object of graduating from the Conservatory.

General Information.

TIME OF COURSE--No definite time can be fixed. Some pupils will make double the advancement of others.

CHILDREN-Special arrangements will be made for children to study music.

ORGAN PRACTICE-A pedal organ is furnished for practice in Conservatory.

For more advanced pupils a pipe organ is used, located in the M. E. Church, Salem.

LENGTH OF TERM-The usual length of each term is ten weeks. Special arrangements are made in special cases.

Regulations.

- 1. The examination and classification of pupils and the payment of tuition and practice bills must be attended to before lessons begin.
- 2. Pupils will not be allowed to discontinue any study during the term without permission from the Director.
- 3. No deduction will be made for lessons lost by the pupil except in cases of severe illness. Pupils must notify the teacher when they are unavoidably absent, before the time of the lesson.
- 4. Pupils will be required to practice a certain number of hours each day, according to the number of their studies.
 - 5. All pupils are required to attend the recitals unless previously excused.

Free Advantages.

Recitals or concerts will be given at the middle and close of each term, to which all pupils are admitted free.

LECTURES-There will be lectures delivered upon the History of Music.

The advanced Harmony class is organized into a Musical and Literary Society for the purpose of studying the lives and works of the Great Masters, also Musical History.

Boarding.

Reasonable board may be had in the "Woman's College," and in private families.

ART DEPARTMENT.

MISS MARY BRIDGES,

Instructor Drawing, Painting, etc.

Information.

This work is in charge of an accomplished instructor. Drawing and Design are taught, as also Painting in all its branches.

It is hoped that the friends of Art Culture will aid in the equipment of the Studio with gifts of casts, specimens of pottery, art works and charts.

Decorative art is made a specialty. When the weather is suitable, the pupils of this department are taken by their teacher to sketch from nature. Many of

them make very rapid progress. Pupils are first taught pattern drawing, then put at the more difficult work of drawing from objects. Afterward, they are allowed to advance to paintings in India Ink, and Sepia and Oil painting.

At present this department of work is made to supplement the course in Modern Literature and Art, for the completion of which the Degree of Mistress of English Literature is conferred. It is hoped from the present success of Art work in the University, so to be able to outline a curriculum and award honors for advancement in this with its correlated branches of study.

The Art Department and Conservatory of Music comprise the work designed to be done under the auspices of the Woman's College.

UNIVERSITY AGADEMY.

Information.

The University Academy provides instruction in six different courses:

First, The Preparatory Classical, embracing three year's study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

Second, The Preparatory, Latin and Scientific, embracing three years of study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

Third, The Preparatory, Modern Literature and Art Course, which is the same as the Latin and Scientific, prepares the student for the Junior class of the same course in the College of Liberal Arts.

Fourth, The Preparatory Scientific Course, embracing three years of study, prepares the student for the Junior class of the same course in the College of Liberal Arts.

Fifth, The Teacher's Course is prepared for those who do not wish to take a College Course, but who desire to fit themselves thoroughly to teach in the public schools of common and high grade. Is embraces a three year's course. See Courses of Study for the branches taught in this course.

Sixth, The Business Course, which aims to give the student the most thorough and practical education that can be obtained in two year's study. A thorough knowledge of all kinds of business papers, such as promissory notes, drafts, checks, deeds, mortgages, etc., together with the laws relating to them, and the more important principles of political economy will be required, and great care will be taken to give the student the latest and best information in all the studies of the course, which is described in another place.

All the studies preparatory to any of the Academical Courses are taught in the Grammar School.

Doctor of Medicine is conferred on those completing the Medical course.

Those completing any of the courses of the Academy will receive Certificate Diplomas.

The degree of Master of Arts on Bachelors of Arts of three years' standing, provided, that since graduation they have sustained a good moral character, and have pursued some literary or scientific calling, or spent one year in the College.

Candidates for the degree of Master of Arts should apply to the President of the University two weeks before Commencement.

The applications must be accompanied by a fee of five dollars, to pay for diploma.

Expenses.

TUITION PER TERM.

Literary Societies.

There are two organized literary societies connected with the school. They have a commodious and well furnished room in the University Hall. In these societies, the students obtain much of that culture which is so useful in almost every vocation, by writing, reading, declaiming, delivering orations, musical renditions, by discussions and criticisms. The Philodosian Society meets at 3 P. M., and the Philodorian meets at 7 P. M. on Friday of each week.

Library.

There are about 2,500 volumes in the library of the University, to which is added from time to time, by purchase and donation, books useful to students and teachers in the prosecution of College work. The present year much interest has been shown in the library, and many useful books have been read.

Museum.

The Museum consists of a small but choice selection of American and foreign minerals, a collection of rocks and fossils, sufficient to illustrate many of the more important features of Geology—also a number of good specimens to aid in the study of Zoology. To each of these collections valuable additions have been made during the past year and a plan devised by which it is hoped to rapidly increase them in the future.

Literary Exercises.

Special drill will be given in composition, elocution and general literary exercises throughout all the courses of study. These exercises are additional to those mentioned in the curricula.

Correlated Academies.

It is the design of these schools to prepare students as far as possible for the Freshmen class in the College.

Certificates from the correlated acadamies will give the students bearing them the desired standing in the University without an examination on the studies embraced in the certificates.

College Journal.

The University and correlated schools publish monthly a twenty-page journal, which contains all the news of the different departments, reports of scholarship of the students, literary articles and general educational news, and gives notice of the successes and honors attending the work of those who have gone out from among us. It is well worth the subscription price. Subscription, \$1. W. S. ARNOLD, Business Manager and Chief Editor, Salem, Oregon.

Needs of the University.

Large and immediate additions to the funds of the University are much needed. One or two Professorships should be established at once.

A suitable Hall for recitations in the College of Liberal Arts must be erected in the near future. Thoroughly to equip this institution upon the plan proposed, resources several times greater than any now possessed will be absolutely necessary. The Trustees cannot doubt but that the friends of the school and public spirited men and women will create the needed facilities. The University is now only beginning to live. The character of its life will depend upon the help of those who have money, and who have such love for Christian training as to bestow it upon the institution for this purpose.

Form of Bequest.

I give and bequeath to the Trustees of Willamette University the sum of dollars, to be safely invested by them as an endowment for the support of Professorship in the College of Liberal Arts.

Rules.

After long experience, the following rules are found to secure the best general government of the school. Any student who cannot cheerfully submit to the restrictions of these rules ought not to enter the school. Parents who do not wish their children to comply with these rules ought not to send them here.

General Rules.

- I. Payment of tuition in advance.
- 2. Attendance at church on Sunday morning.
- 3. Study during recitation hours and from 7 to 9 P. M.
- 4. No profanity, or the use of tobacco in the school.
- 5. Attendance at chapel services each day.
- 6. Permission for temporary absence from school and town.
- 7. Examination every five weeks in the Academy; every term in the College. Written reports in scholarship and deportment will be sent to the parents of each student after every examination.
- 8. Half price for one study in school; full price for two or more. Students having studies in more than one grade will pay the tuition of the higher grade, provided they take two or more studies in that grade.
 - 9. Time lost by sickness can be transferred, but no money is refunded.
- 10. Students coming from other Colleges must bring recommendations from the College they left.
- II. No student will be entered at the beginning of a term for less than a term; nor will any student having withdrawn from school during the term without permission of the Faculty be granted an honorable dismissal.

Regulations for the Woman's College Hall.

- I. Five weeks payment for board in advance.
- 2. Proper care of room and personal appearance.
- 3. Attendance upon family worship.
- 4. Permission for temporary absence.
- 5. No social calls during study hours.
- 6. No boisterous noise in the Hall.
- 7. Lights out at 10 P. M.
- 8. No gentleman company except in the parlor.
- 9. No change of boarding place without special permission from the Committee of Oversight and Government.
 - 10. Saturday afternoons are given the ladies for calling and shopping.

Mail is delivered each day, and a person is employed to perform errands and to attend to the janitor work.

The study room will be warmed and open for study each morning at 6 o'clock for those who desire to study before school.

Due care will at all times be exercised to promote the health, comfort, moral and social well-being of every inmate of the College.

Parents who wish to secure board for their daughters in private families are requested to consult any member of the Committee of Oversight who will cheerfully put them in communication with parties wishing to board students; but it must be distinctly noted that the School assumes no more responsibility for the social direction of non-resident lady students boarding in private families than would be assumed if their homes were in the city.

GOLLEGE OF LAW.

FACULTY.

THOMAS VAN SCOY, A. M., B. D., PRESIDENT.

JUDGE WM. M. RAMSEY, DEAN,

Professor of Equity Jurisprudence, the Law of Real Property and Pleadings.

GEO. H. BURNETT,

Professor of the Law of Contracts, Torts, and Commercial Law.

WM. H. HOLMES, Esq.,

Professor of Criminal Law, Constitutional Admiralty and Maritime Law.

J. T. GREGG, Esq.,

Professor of Common Law and the Law of Evidence.

COURSE OF INSTRUCTION.

The course of study in the College of Law occupies two years, the students being divided into two classes, the Junior and the Senior.

The daily exercises consist of lectures and recitations from standard textbooks, the latter being accompanied by oral explanations.

The students will be frequently referred to the leading cases on the subject under consideration, and required to be prepared for questions upon them at the next exercise; they will also be encouraged to put questions freely to the instructors at all recitations.

Moot courts will be held regularly at which one of the professors will preside and the students will act as counsel. The students will be required to draw all the necessary pleadings according to the common law or equity forms, as the case may be, and to discuss their sufficiency.

The plan of study comprises the various branches of common law, equity jurisprudence, commercial, international, constitutional, criminal, and maritime law.

The first year of the course is devoted to the study of general commentaries upon municipal law, the law of contracts, of real estate and commercial law.

The second year includes equity jurisprudence, the law of torts, criminal law, evidence, pleading and practice.

The principal text-books to be used in the course are Blackstone's Commentaries, Tiedman on Real Property, Kent's Commentaries, Parsons on Contracts, Cooley on Torts, Bispham's Equity, Wharton's Criminal Law, latest edition, Greenleaf on Evidence, Chitty on Pleading, Vol. 1., Bliss on Code Pleading, and Daniel on Negotiable Instruments.

Other text-books will be used for reference and illustration.

Classes.

Students will not be admitted to the Junior class unless they possess at least a good common school education, and, if they have not received a degree from some college of art, they must satisfy the Faculty that they possess such education. A knowledge of Latin is desired, but not required.

The students who pursue their studies at this school for one year and pass a satisfactory examination in all the studies of the Junior year, will be admitted to the Senior class.

Students who have pursued the study of law a year in some other college of law, or have studied law under a competent instructor for at least one year, and pass a satisfactory examination by the Faculty of this college in the branches taught in the Junior year or their equivalents, may be admitted to the Senior Class.

Scholastic Year.

The school year begins on the third Wednesday in September of each year and ends on the 3d Wednesday in May, and this year constitutes but one term. Students will not be admitted for a shorter period than one year.

Expenses.

The charges for tuition will be \$50 00 per annum for the first year, one-half of which must be paid or secured at the beginning of the year. A fee of \$5 00 will be charged at graduation to those receiving diplomas.

Board and lodging can be obtained at reasonable rates.

It is believed that a number of students can obtain positions in law offices in Salem and get the use of books free of charge.

Students will find their own books.

State Library.

Students have free access to the State Library, which contains a large collection of law text-books and complete sets of the United States Supreme Court Reports, and the Reports of the Supreme Courts of nearly all the States and Territories.

The Courts.

The Supreme Court of this State holds all of its sessions in Salem and sits nearly the entire school year. The Circuit and County Courts have regular sessions in this place. Students can attend these Courts when cases of importance are being tried, and become familiar with legal business.

Lectures.

Members of the Faculty will, in addition to the ordinary expositions given during recitations, deliver lectures upon important legal topics when deemed advisable, and also eminent members of the bar from different parts of the State will deliver lectures to the students occasionally.

Examinations.

In addition to the examinations which will occur at the beginning and close

of the year, the classes will be examined as frequently as the Faculty may deem it advisable.

Students desiring to enter the Junior Class will be examined as to their qualifications on the 3d Tuesday of September, 1884, and they must, at the same time, unless they are personally known to some member of the Faculty, present two certificates showing that they are possessed of good moral character.

Graduation and Degrees.

Students who have pursued the full course of study and have passed satisfactory examinations and complied with the rules of the College of Law will be recommended by the Faculty for graduation, and the corporation will confer upon them the degree of Bachelor of Laws.

Admission to the Bar.

The Faculty confidently hope that arrangements will be made by which graduates of this College will be admitted to the bar of all the Courts of this State without examination.

Attendance and Deportment.

It is desirable that all students enter the school at the beginning of the year. All students will be expected and required to attend all recitations of their respective classes and to pursue their studies diligently, except when excused from so doing for sickness or other good cause.

Students will be expected and required to conduct themselves with propriety and to refrain from intemperance, gambling and other misconduct, and to obey all rules and regulations adopted by the Faculty or the Trustees.

HUNOUNGEMENT.

The nineteenth annual course of lectures will commence on Monday, November 3, 1884, and continue twenty weeks.

The Commencement for conferring degrees will be held Monday, April 13, 1885.

In making the present announcement, the Faculty are happy to inform the many friends of the school that in their endeavor to raise the standard of medical education, and to graduate capable rather than many students, we have provided for a more systematic and profitable use of time, in fitting the student for the arduous duties of his profession, by adopting the Three Course plan of education, which has been established by a large number of the leading colleges of the Eastern States, and all the regular schools of the Pacific Coast.

During the first year, the student will be expected to direct his attention mainly to descriptive and practical Anatomy, Physiology, and Chemistry. He will, however, be required to attend the lectures on all other subjects.

In the second year, to the studies above mentioned will be added Materia Medica and Therapeutics, Theory and Practice of Medicine, Surgery, Obstetrics, Diseases of Women and Children, all the special branches taught, with clinics on the various practical branches.

At the close of the second year, final examinations may be given in Descriptive Anatomy, Physiology and Chemistry, but it is to be distinctly understood that these examinations, even if successful, will not excuse the student from attendance on the lectures on these branches during the third course.

In the third year, the studies will include Surgery, Theory and Practice of Medicine, Materia Medica and Therapeutics, Obstetrics, Gynecology, with all the special branches taught, and clinics on the various branches.

Terms of Admission.

Every candidate for admission to the Medical Department must be eighteen years of age, and must present to the Faculty satisfactory evidence of a good moral character. Unless already a matriculate of the University, or a graduate of some respectable college, academy or high school, every candidate shall be examined as to his previous education, and to his fitness for entering upon and appreciating the technical study of medicine.

The diploma or certificate of graduation from such institutions must be presented to the Dean of the Faculty, by the candidate, in order to procure exemption from examination, which will cover the ordinary branches of an English education, and is intended to test the student's acquaintance with the fundamental branches, and his general intelligence and capacity to appreciate and profit by professional instruction.

Text-Books and Instruments.

The work first named on each subject is preferred.

Medical books can be obtained in this city at catalogue prices; and it is recommended that students supply themselves with at least one text book upon each chair. The following works are especially recommended:

ANATOMY.—Gray, Wilson, Maclise's Surgical Anatomy.

PHYSIOLOGY.—Dalton, Carpenter, Flint.

MATERIA MEDICA. - Bartholow, Wood, U. S. Dispensatory.

MIND .-- Hammond, Maudsley, Bucknell, and Tuke.

MEDICAL JURISPRUDENCE .-- Beck, Wharton, Taylor.

CHEMISTRY .-- Youman's, Fown's, etc.

Obstetrics.--Leishman, Playfair, Bedford, Meadows, Hodge and Gleason's Modern Midwifery.

Women and Children.—Byford, Thomas, Barnes, Churchill, Meigs & Pepper.

PRACTICE OF MEDICINE.—Flint, Watson, Aitken.

Surgery.--Bryant's, Ashherst's, Hamilton's Surgery and Dislocations and Fractures.

OPTHALMOLOGY AND AURAL DISEASES.—Stellwag, Wells, Carter, Trolsch.

Hygiene.—Parke's, Bowditch.

DERMATOLOGY, - Duhring, Wilson, Fox.

The latest editions only of text books should be purchased by students.

A "dissecting case," containing all the necessary instruments, can be bought for \$4.00.

Resources for Clinical Instruction.

The St. Vincent's Hospital, under the care of Prof. Mackenzie; the Good Samaritan Hospital, under Prof. Wilson; the Multnomah County Hospital, under Professor Watkins, will each contribute largely, and clinics will be held regularly every Wednesday and Saturday throughout the session at one or more of the above named institutions, for which no extra charge is made to the class.

It will be the aim of the surgeons in charge of the St. Vincent's and Good Samaritan Hospitals to bring every possible surgical operation performed by them in these institutions before the class, thus making these privileges more valuable than they have heretofore been.

Terms.

The fee for a full Course of Lectures is \$120; Matriculation ticket, (paid but once) \$5; Demonstrator's ticket for each course, \$10; Graduation fee, \$30. Tickets for one or any of the Departments may be had separately at \$20 each, with Matriculation fee paid but once. Students who have paid for two full Courses in this school, are entitled to attend free of charge thereafter.

No variation is made, nnder any circumstances, from the established fees of the college.

Expense of Living in Portland, etc.

The expenses of living in the city of Portland will, of course, vary according to the views and habits of students. The necessary expenses need not exceed those in smaller cities or in most large villages. At the present time, good board, including lodging, fire and light, may be had, at a convenient distance from the College, at from \$5 to \$7 per week. Pains are taken to provide a list of boarding houses in the vicinity of the College to suit the wishes and means of students.

Fersons desiring further information are requested to address the Dean of the Faculty,

PROF. E. P. FRASER, M. D.,
