# ICE SKATING PARTY TONIGHT

## GROUP WORK SESSION STARTS NEXT WEEK

Enrollment for the course in Group Work which begins next week is expected to go higher than the 12 registered to date, according to the registrar.

Dr. L.A. Riggs, dean of students, will teach this course, and another allied one, Techniques of counselling.

Riggs feels that those enrolled in Group Work should complete it with practical ideas about handling a group, as well as a solid background of theory.

The term "Group Work" as used here, he says, implies a fairly new viewpoint toward the interrelationship and interdependence of the group and the individual as a group member,

Riggs believes that Willamotte is the only college on the coast offering such a course this summer, and that less than six offer it during the regular school year.

It is a requirement for "Y" leaders, but is help-ful, he says, to teachers and others who work as group leaders. Class will begin on Monday.

# EX-COMMANDER LIKES HAWAII

One can just tell by looking at him and after he gives you one of his friendly smiles that behind the greying hair and blue eyes lie many sea stories.

Yes, T.W. Hardisty, who is 55 years old, spent 35 years with the U.S. Navy, and was recently retired with the rank of Lt. Cdr. When asked of his favorite port he spoke very highly of Honolulu, Hawaii and told of the great change in the past years from peaceful sunwarmed beaches to a hustling, bustling city.

His ship during the last war was the "Cascade" a destroyer.

# Lil'Red Books Help Keep Dates

Hey, you address and memo keepers! If you need a
handy place to keep those
hard-to-find phone numbers
and addresses, purchase a
Willamette colored cardinal and gold memo book for
one thin dime at the campus book store now!

The little books simplify date making by containing an address section for preliminaries, a memo section to keep track of the addresses, and calendar to remind one to check the memos in order not to forget the addresses. And if this isn't enough for the one-tenth part of a dollar the front cover of the reminder book contains a complete Willamotto 1947 football schedule.

## PHYSICIAN GIVES ADVICE ON MARRIAGE

Gin-marriage laws are a good thing because they bring couples into the doctor's office where he can dispell any fears about marriage, according to Fr. Jessie Brodie of Portland, who spoke Tuesday night in the Music Hall

Dr. Brodie used charts in acquainting the group with the nomenclature of the anatomy involved.

She did not, however mean to imply that sexual relationship is the only part of marriage. "With companionship, consideration, and maturity it does not matter what the sexual relationships are, and without them, it does not matter either.

### WILLIAMS COLF TOURNEY CHAMP

Ollie Williams emerged the winner yesterday in the championship flight of the Summer Session Golf Tournament by defeating Francis Ely 3 and 2.

Earlier in the day Willians knockoù Ren Ranyan out of the running with a 2 up victory, while Ely gained entry to the finals with a 2 up win over Gor-don Kunke. Winners of the other flights and the handicap champ will be determined next week.

Williams had little trouble in defeating Ely 3 and 2 in the finals as his tee shots were long and straight while him irons were just as good. Ely, telying on a hot putter, stayed close behing however until Williams birdied the 5 par 14th, to go 2 up, They halved the 15th, each taking a one over 4. Starting the 16th 2 up, Williams! tee shot was very long, stopping just short of the green. He chipped short, but took on easy par 4 while Ely had to be content with a bogey &, loving the match with that hole,

Probably the most closely convested moved of the afternoon, was the Willions-Runyan round when Runyan, the little man with the big swing, forced Williams to play some very

### FACULTY WINS FINALE 9-0

Alpha Hall's hapless softball nine absorbed another whitewashing, this time at the hands of the Faculty's Stu Compton to the tune of 9-0, last Monday afternoon. The tilt was the final league game and assured the Faculty of second place,

The outlook of the game wasn't long taking shape as the Faculty capitalized on a walk, two singles, a double, and an error to score four runs in the first frame.

Single runs were pushed across in the second and fourth frames while the highlight of the game came in the third when with two out and two on Lillie put one over the left fielder for a three run homer.

Next Monday the double elimination playoff begins with these same two teams pitted against each other in the opener. The winner will meet the hitherto unbeaten Rubes on Tuesday,
