VOL. XLI.

SALEM, OREGON, THURSDAY, APRIL 17, 1930

No. 25

ELECTRIC DISPLAY NOW AMONG PLANS

Men Will Not Need to Do So Much Cleaning on Campus as Usual

TO ADVERTISE MAY DAY

Registration Will Be in Chresto; Professors to Meet Guests

Something new in the way of an electrical display has been added to the extensive preparations being made for Willamette's May Festival...

May Day invitations are on sale to Willamette students this week at the price of three for five cents...

Registration will be in Chresto Cottage, where several professors will be present to welcome the students and hold conferences with them...

ALUMNI ENTERTAIN AT HENRY THIELE'S

Willamette Students and Professors Will Appear on Program

Alumni of Willamette university will sponsor a banquet in Portland, Oregon, April 21, 1930 at 6 p. m. at Henry Thiele's restaurant...

CABINETS WILL JOIN FOR MEETING TUESDAY

A joint cabinet meeting of the two Christian associations will be held in Chresto cottage, Tuesday, April 22 at four o'clock...

DePoe and Haldane Will Do Act; Football Chorus Would be Roit; View Vodvil and Help Buy Suits

If rumor has it right, the "W" club vaudeville program Thursday evening will be the bright spot in many a Willamette career...

APPOINTMENT BUREAU PLACES FIVE SENIORS

Four Have Signed Contract; One is Offered Grade School Principalship

Teaching positions for five seniors have become available to date through the efforts of the university appointment bureau...

WORLD FELLOWSHIP COMMITTEE WORKS

Much Interest Manifested; Many Projects Developed By Group

Under the leadership of Marie Messersmith, the World Fellowship committee of the Y. W. C. A. has carried out quite an extensive project...

"TRASH" MAY BE OF HISTORICAL VALUE

Letters, Newspapers, and Magazines are Sources of Pacific Northwest History

WASHINGTON STATE COLLEGE, Pullman, Wash., April 14 (I.P.A.)—Often times literary treasures are found in attics and in trunks full of old papers...

PIANO STUDENT PLAYS IN MUSIC TOURNAMENT

Miss Elizabeth Boylan, one of the advanced pupils of Miss Frances Virginia Melton, professor of piano, is representing Salem high school at the annual music tournament...

FINAL MEETING OF SHAKESPEARE CLUB

Skit Presented by Glee Club; Acting and Music Given By Group

Last night the Shakespeare club held the final meeting for this year. "Pyramus and Thisbe," a skit from "A Midsummer Night's Dream" was presented to a large and enthusiastic audience...

PETITIONS TO BE FILED BY SATURDAY

Few Petitions Have Been in Evidence Up to the Present Time

Qualifications listed: Petitions for President, Second Vice President, Secretary, and Wallulah

CHRISTIAN ASSOCIATION WILL HEAR DR. HODGKIN

Prominent Author and Extensive Traveler is Demanded as Speaker in Colleges

Dr. Henry T. Hodgkin will speak at a joint Y. M. C. A. and Y. W. C. A. meeting in Chresto cottage at four o'clock today.

W. U. FROSH MEET OREGON DEBATERS

Regional "Constitution" Oratorical Contest Will Be at Corvallis

Last Monday, April 14, Willamette completed another debate season, when Barney Cameron and Ralph McCullough debated the U. of O. freshmen at Eugene in a non-decision debate.

CLUB DESERVES CREDIT FOR WORK

Rendition of Solos, Piano Selections, and Ensemble Numbers is Splendid

The men's glee club of Willamette university presented its annual home concert in Waller hall Monday night. The quality of the concert deserved a crowded house...

COLLEGE MEN MAY ENTER PENAL WORK

A Four Months' Course Will Be Offered in Physical Training

Plans are being made by Sanford Bates, Superintendent of Prisons, to professionalize the Federal prison service by enlisting high grade officers and by establishing a system of professional training and promotion...

FRATERNITY TO HONOR FOUNDERS DAY IN MAY

Delta Theta Phi are having a founder's day celebration on May 10. At this time the William's senate of Portland and the Wooster senate of Salem will join together...

SCIENCE DEPARTMENT RECEIVES RELIEF MAP

A relief map of Oregon has been purchased by the Geology class and presented to the Science department.

CO-EDS TO STAGE ANNUAL CARNIVAL

Costumes, Skits, Refreshments are Annual Ladies' Night Attractions

Co-Ed Carnival, the annual "ladies' night" with no men allowed, will be held this year on Monday evening, April 21, starting at 7:30. The place which has not been definitely decided will be announced later.

SCIENCE CLASSES ARE TO TRAVEL

Biologists Will Go to Newport; Astronomers Receive Invitations

Classes in general biology, vertebrate zoology, probably the class in plant morphology and a few special students will leave Thursday evening, May 15, at 4 p. m. for the annual trip to Newport and other nearby places...

MAY COMMITTEES' MEMBERS REVISED

Anyone Not Working on the Festival Should Find a Way to Help

Display Group Added

Over Fifty People Now Functioning on Plans; Many More Dancing

Since some of the "royalty" was formerly listed to serve on May Day committees, Manager Roeder has found it necessary to revise their personnel as follows:

Hospitality: Williamette Night: Frank Van Dyke, chairman; Marjory Miller, Josephine Albert, Eloise White.

Queen's Court: Paul Geddes, chairman; Lars Nelson, Emily Brown, Beuna Brown, Muriel White, Donald Faber, Melvin Crow.

Dances: Grace Henderson, chairman; Mary Allen, Lois Jean Rasch, Norah Pratt.

Campus Seating & Clearings: Joseph French, chairman; Joseph Felton, Charles Campbell, Keith Jones, Tyrus Hillway, Jesse Deetz.

Student Lunch: Gaynelle Beckett, chairman; George Poor, Evelyn High, Olyn Bowe, Nellie Badley, Edwin Rounds, Gertrude Ohler.

Programs & Invitations: Frances McGilvra, chairman; Howard Miller, James Allison, Pauline Findley, Floyd Aldin.

Electrical Display: Arthur Hollenbus, chairman; Dorothy Pemberton, Fred Paul, Raymond Waddell.

Managers are as follows: Edith Findley, May Program; Hostine Hollister, Campus Work; Ralph Purvine, Junior Play; Miss Alida Gale Curry, Director of May Dances.

GRADUATE MANAGER PLAN TO BE VOTED

System in Use This Year to Be Presented in New Amendment

An amendment making constitutional the budget system and graduate manager plan by which the finances of the student body and its activities have been handled during the entire school year will be given its first reading Friday at the regular business meeting of the Associated Students of Willamette university.

The present method of taking care of these financial matters was adopted as an emergency measure last spring by the executive committee, and it was then understood the plan would be presented sometime during the following year to the association in the form of an amendment to the constitution.

NEW Y.M.C.A. OFFICERS INTRODUCED ON MONDAY

The new officers in the Y. M. C. A. for the coming year were introduced in chapel on Monday.

The new cabinet is as follows: Hayes Beall, president; Harry Stone, secretary; Philip Armstrong, treasurer; Edwin Rounds, Christian work chairman; Wesley Warner, Seabuck and publicity chairman; and Frank Van Dyke, social chairman.

"Giva da Mon to Seeda da Soil" for a Velvety Green Lawn Before the Gym; Athletes Have Assisted

Come lasses and lads, scan the earth! Notice those few green blades of erstwhile so-called grass peeping upon that vast area of dusky-brown soil lying before the gymnasium. Some of these stalks are big, some of them are little, and some of them are medium sized. You know, wouldn't you like to see that uniformity tends toward greater beauty. What is there untidy about the grass in front of the gym?

Now you are prepared for the final and supreme statement: The Willamette gym is going to have a lawn—a honest-to-goodness lawn. "W" men have subscribed willingly for this worthy cause, but where do you stand? Only a few pennies would help to alleviate the regrettable situation.

### ELECTIONS

Election time again! Everyone is searching for suitable and desirable candidates for each A. S. W. U. office. The seniors are about ready to release their control of student affairs; the juniors are ready to accept these duties. Much consideration is due the nomination and then the final choice of the officers of student activities are to advance. Willingness, competence, diligence, are only a few of the characteristics necessarily possessed by any one who is seeking an office.

### COLLEGIATE UPRISINGS

Students in universities situated in different parts of the country have been on rampages during the last week. Using mob psychology as well as mob tactics a fever of excitement was created in several college towns.

The police reserves were called out in a California city to put down a student uprising on a college campus. A riot was caused when resentful men students attempted to mob a traffic policeman who had tagged a co-ed for speeding and reckless driving. To protect himself the reserves were summoned.

Students at a university in Oregon broke up a medicine show with eggs. Damage was reported to be about four hundred dollars and will be paid for by the student body.

In the East two student leaders of a college strike which caused several resignations from the faculty of the college were put under arrest to insure future peace.

Another group used tear bombs to recapture the "ax" of their alma mater from students of a rival college.

Although such uprisings offer a haven for newspaper reporters and excitement for those concerned, the publicity offered the various institutions is not especially beneficial or complimentary.

### ORIGINAL IDEAS

Booth Tarkington says that a person does not have an original idea until he is seventeen or eighteen years of age. Sometimes no new thought comes until the nineteenth year. One often believes he is thinking for himself, but if he should stop to analyze his mental processes he would discover that someone else, either mother or father, was doing his thinking and making his decisions. One may think he has an original thought, but it is an idea that he has read or heard before somewhere.

When a student goes away from home to college, he does not have parental assistance in deciding what should be done. He is forced to do some original thinking. A student at times makes errors in his judgment, but he soon realizes the mistake and does better the next time. At the end of four years, when the student is ready to make a place for himself in life, he has had to think for himself enough that he is less likely to make mistakes in his decisions.

### EDUCATORS ARE DRY

Mr. A. A. Stagg, dean of American athletic coaches, who has directed football and other activities at the University of Chicago for almost fifty years, is a member of the fast-growing ranks of distinguished men who are going before Congress to plead in behalf of prohibition.

Stagg implores on behalf of the youth of the land, with whom he has worked in close harmony for nearly half a century, and whose whims he knows thoroughly.

He declares that prohibition is a real benefit to the young man in college. It removes the old saloon temptation and lessens the probability of indulging in kindred dissipation. Many other college coaches and numberless men on college faculties have taken the same stand. Such action indicates that prohibition is the prevailing sentiment among educators today.

### MAY DAY

May Day plans are now well advanced. The manager and his committees are still working strenuously. What can the rest of the students do to help make the festival successful? Would not inviting your friend and prospective students to these exercises be of some assistance. Let's all work together to make this year's the most successful ever.

The Europeans are said to hate Americans because our tourists have so much money. The Europeans would just love us stay-at-homes.

A scientist has discovered that fear reactions originate in the brain. That explains why it's next to impossible to scare some people.

Emily Post says it doesn't make any difference which fork you take. Maybe not at the table, but it certainly does on a road.

### Gymnasium Work Exhibit Planned

Plans for an exhibition of gymnasium work on the night of Monday April 28 at the Y. M. C. A. have been announced. Members of the cadet, prep and junior high classes will participate in basketball and indoor baseball. The program will extend from 7:15 to 9 p. m., and the boys have been urged to bring their parents as spectators.

### Salem High Golf Team Has Match

The Salem high school four man golf team will play the Oregon City high divot diggers at Oregon City Saturday. Local players who will represent Salem high are George Holt, Clinton Vincent, Robert Uter and Kimball Page, ranking in the order in which their names appear. Collegian advertisers will serve you best.

## Along the Way

By the Wayfarers  
Yup, spring is here! Handkerchiefs are perpetually in motion from pocket to nose.

And everyone goes perpetual motioning around the campus.

Suggested sign for some of the campus heaps: "Stop! Wreck ahead!"

The other day some one told a reporter she had a Roman nose. We always knew one needed a roman nose when out stooping for news.

The girls are beginning archery practice after a short intermission. Watch out, boys!

Little Buzz Wuzz sez she never could see any sense in trying to find the spelling of a word by looking it up in the dictionary, because if she doesn't know how to spell it, how could she know where to look for it.

Anyone having an extra "Poison Oak" sign please loan it to Dick Sherwin.

Deutsche Klasse  
John Trachsel: "How long did it take you to get your German lesson?"

Bob Gamble: "Two hours railroad time."  
John: "How's that?"  
Bob: "Counting all the stops and delays."

We heard that one of the Juniors hasn't a very good opinion of the ocean since flunked day. It seems that said ocean has the habit of hitting unsuspecting persons in the back.

In connection with flunk days, should the person who flunks be called a "flunkite," "flunker" or "flunkee?"  
(Any ideas on this puzzling question will be gratefully appreciated.)

We've often wondered just why people are always saying they like to STUDY human nature when it jumps out at one. We think human nature is fairly obvious, especially in chapel.

One of the hall girls complains that her room-mate has completely worn out her school calendar in hunting for stray vacations.

Getting out of the chapel doors at noon is the closest the most of us will ever come to playing football.

During this rush hour in chapel one boy trod on his frat brother's foot. The unfortunate one was heard to remark that his corn crop was ruined.

At last Willamette has a prospective football player among the offspring of the faculty. Professor Jone's son, Gordon, should make a good tackle.

From the increased studiousness around the library we take it that the profs have to hand in another set of grades at the end of this week.

There are a few dreamy souls who lean out of a certain room in Eaton hall watching the shadow move on the sundial.

Many a confidential chat on Eaton hall steps has been interrupted by a snicker from the gallery.

Fishing season opens this week. Now we will have to hear about all of those big ones that got away.

One of the boys said he read something about static conditions in his chem book, but the only thing it made him think of was radios.

WEAKLY IMPRESSIONS  
Homer Roberts with a mouthful of concentrated ammonia. Spud Emmons falling down the library steps.  
"Y" room pillow fight.  
First practice for May dances. (How could any one forget them).  
Mice and screaming girls in the "Y" room.

### PETERSON SEEMS TO BE NAME FOR BRILLIANCY

WASHINGTON, STATE COLLEGE, Pullman, Wash., April 15 (P.I.P.A.)—Peterson seems to be a name for brilliancy, as shown by the fact that out of the eight students bearing that cognomen enrolled at the State college, seven made the college honor roll. This means a scholastic average of a little more than 90 per cent.

No other surname was found to be represented in such overwhelming majority on the honor list. However, there were three representatives each of two families included in the high scholarship roll.

## What They Are Doing LOOKS IN Northwest Campi

W. A. A. TO HAVE NEW FESTIVAL

W. A. A. FESTIVAL HAS NEW FEATURES  
"Taps and Terpsichore," annual demonstration is to be presented by the W. A. A. of University of Idaho.

"Taps" is significant of the more plebian clog dancing, while "terpsichore" is representative of the art type of dancing. Miss Wirt, head of the women's physical education department, and director of the demonstration, declares that in a number of schools the two types of dancing are never combined.

"We do not adhere to that policy, however," she says, "we believe it is more profitable to cater to the interests of the public than to conform to rules of etiquette." A new feature used for the first time at Idaho, will be the presentation of two dances on stairs of different levels.—U. of I., Idaho.

### W. S. C. TO HAVE VARIOUS NUMBERS

The Dance Drama to be presented by W. S. C. is to be divided into varied and contrasting numbers. There is the comical, the grotesque, the soft and graceful, the pantomime, the heavy and strong, and the story type.

Rehearsals are being strictly observed, and every effort is being put forth to make this phase of art a fine piece of work. Miss Maurine Hall, head of interpretive dancing and director of Dance Drama, stated that she was satisfied with the way in which the practices were developing.—State College Wash., Pullman.

### R. O. T. C. SHOOTERS TAKE FIRST PLACE

Adding a new victory to their already impressive array of records, the University R. O. T. C. rifle team yesterday received notice that they held first place in the ninth corps area in the first stage of the national intercollegiate R. O. T. C. matches.

The team score, 1942 out of a possible 2000, beat the nearest competitor by 25 points. Scores from three other stages fired last quarter are yet to be tabulated.

The ninth corps area includes R. O. T. C. rifle teams in all colleges in Washington, Idaho, California and Utah.—U. of W., Seattle.

### BOTANICAL GARDENS TO BE ESTABLISHED

The Arboretum and Botanical society of Seattle is endeavoring to raise by subscription \$100,000 for the purpose of developing botanical gardens in this city second to none in the world. The present site of Washington park will be used to establish the gardens.

Pres. M. Lyle Spencer, Dean Hugo Winkenwelder, Dean Charles W. Johnson and Prof. T. C. Frye are among the incorporators of the society. The movement to establish a botanical garden in Seattle was begun in 1895 when Prof. Edmond S. Meany started a collection of trees on the University campus.—U. of W., Seattle.

### W. S. C. BAND LEAVES FOR TWO WEEKS TRIP

Replacing the glee clubs on the annual musical tour of the state the Washington State college band starts on an extensive trip April 13, with a party of 49 travelling by bus. The group is scheduled to return on April 25, after an absence of almost two weeks.

The program to be offered by the band includes military, popular, and symphonic numbers, interspersed with a well-balanced schedule of variety. Several instrumental novelties, vocal solos, and a special number featuring Miss Laura Reeves, accompanied by Mrs. Wilbur Bradt, is expected to furnish a well-rounded list of offerings.—State College of Wash., Pullman.

### TABULATE RESULTS OF QUESTIONNAIRE

Results of the London Naval conference questionnaire, as submitted to the college by the National Student Federation of America, seem to indicate that students at Washington State college believe in the abolishment of naval armaments by international agreement, with provision only for an international police force. Of the 713 students who were asked their opinions, 245 felt that most nearly expressed their belief.

Running a close second was "I believe that an international agreement for consultation when there is danger of war, is the fundamental basis for reduction of naval armaments" which received 241 votes.—State College of Wash., Pullman.

### EIGHTEEN BANDS ENTER CONTEST

Eighteen bands have officially registered for the seventh annual Oregon state high school band contest, according to Earl Dibble, president of Kappa Kappa Psi, national band honorary fraternity. The contest will take place in the men's gymnasium Saturday starting at 9 o'clock.—O. S. C., Corvallis.

### BUCKET WILL BE PASSED FOR EXPENSE OF BOARD

Members of the Student Body of promotion will "pass the bucket" tomorrow at chapel time to obtain money for the entertainment of prospective students on the campus during May Day festivities. A large portion of the money will be expended in providing a potluck luncheon for Linfield students and prospective students on the evening of May Day.

The members of the board stated that dollars and greenbacks were preferable but that smaller change would be acceptable.—Linfield College, McMinnville.

### GRID IDOL BECKONED BY PICTURE PRODUCERS

Another opportunity to be a hero has come the way of Chuck Carroll, Washington's great all-American half-back.

After the cheers had quieted at the end of the 1928 football season, Carroll retired from the position of grid idol to a retreat behind a stack of law books. He was tackling the law as a profession.

Today he is to decide whether he will stay with the books, or accept Warner Brothers' offer for a month's engagement in a picture featuring all-American football players.

"If his professors think that Charles can miss the month," Carroll's mother said last night, "he will accept the offer." Chuck was not available by telephone.

### STUDENTS CHOOSE PROFESSIONS LATE

It takes ten years for the average college graduate to make his final choice of a life vocation. This statement is made by Karl W. Onthank, executive secretary of the University of Oregon, who hopes to obviate this loss of time by assembling data on general fields in which students show an interest by occupational counseling and by special aids for students to enable them to ascertain for what they are best fitted.—U. of O., Eugene.

### BARSS FINDS CAUSE FOR "FAIRY RINGS"

"Fairy rings"—rings of taller, greener grass surrounding comparatively barren spots—have aroused the curiosity of students and faculty members to such an extent that H. P. Barss, head of the botany department, has made an investigation and explained the mystery.

"A fungus which spreads in an ever-widening circle is the cause of these rings," Professor Barss said. "This fungus lives on decayed vegetable matter and grass roots and kills much of the grass in the area it covers."

The more luxuriant growth of grass at the edge of the fungus-infested circle apparently results from some product of the fungus which stimulates the growth of the grass before the fungus develops far enough to destroy it.—O. S. C., Corvallis.

### CLASS OF 1930 WILL DEDICATE BRONZE TABLET

As a memorial to Whitman college from the graduating class of 1930 there will be dedicated at 4 p. m. on June 3, in the amphitheater, a bronze tablet honoring Chief Lawyer, the Indian hero who 75 years ago saved the lives of a council of white men. The tablet will be affixed to a huge granite boulder on the site where the Nez Perces camped in 1855, and it will be unveiled by a great granddaughter of Chief Lawyer and presented by Walter C. Ryan, president of the class of 1930, to the state of Washington in the person of Governor Roland H. Hartley.—Whitman College, Walla Walla.

### Wins Scholastic Award In Barnard College

Miss Celeste Jedel, junior student of Barnard College, N. Y., won the Geneva scholarship, the highest scholastic award bestowable by the college. It entitles the 16-year-old New York girl to two months' study this coming Summer at the Geneva School of International Relations in Geneva, Switzerland. (International Newsreel)

## OREGON DEFEATS W. U. THREE TIMES

### Both Pitchers Hit Hard, But Oregon's Superior Fielding Gives Victory

## SCALES SOCKS HOMERUN

### Willamette Men Make Fifteen Bobs in Three Games at Eugene

The University of Oregon baseball team defeated the Bearcats three times in the three game series played at Eugene last Friday and Saturday. In each game the Webfooters went on a rampage to score numerous runs. Willamette errors were responsible for a majority of Oregon scores in each game.

In the first game University of Oregon defeated Willamette 14 to 4. Both pitchers were hit consistently, but the fine support of the Oregon fielders gave them the advantage. The Bearcats made six errors, which accounted for many of Oregon's scores. University of Oregon scored seven runs in one inning. Scales started the scoring by hitting a home run. Oregon's big slugger was Nelson.

University of Oregon took the second game Saturday by a score of 10 to 3. The Bearcats led in the early innings of the game, but soon lost their lead by continually miffing the ball.

The Bearcats lost the third game of the series to Oregon by the score of 13 to 2. Pitchers of both teams did well, but errors again robbed Willamette of a possible victory. In this game the Bearcats again led in the early part of the game. In the fifth inning Oregon scored five runs on Willamette errors, four of which were scored after two were out. In the seventh inning Oregon scored six runs on two hits.

## NEW COACHING SCHOOL PLANNED AT ALBION C.

ALBION, Mich., April 14.—A coaching school, conducted by Coach "Bud" Dougherty of Albion college, will be held at the institution June 23-28. Coach Dougherty has not completed his entire staff but two of his helpers will be Glen (Pop) Warner, head football coach at Leland Stanford university and George Veenker, basketball coach at the University of Michigan. Plans are being made to provide for between 250 and 300 visiting coaches. Last summer about 175 attended.

## W. S. C. FROSH NOT TO HAVE BASEBALL TEAM

WASHINGTON STATE COLLEGE, Pullman, Wash., April 15.—(P.I.P.A.)—No regular freshman baseball tournaments will be held at the State college this year because of the difficulty in obtaining opponents for the first year men. A new plan will be tried in which an all-star freshman team will be chosen from the froshers that play outstanding ball in the intramural league.

Intramural baseball is to begin soon here and with the likely looking yearling diamond men playing for the respective group houses, it should be a plenty tough league. At the end of the season the freshman team will be picked and three or four games scheduled with the University of Idaho freshmen who will have a regular nine this season.

## BASEBALL SCHEDULE

April 18—Oregon State College at Corvallis.  
April 19—Oregon State College at Corvallis.  
May 2—Pacific at Salem.  
May 9—Pacific at Forest Grove.

Day and night telephone service is now commercially available between Finland and Switzerland.

## TENNIS TEAM TO PLAY O. S. C. SAT.

### Relative Strength of Teams Unknown; Bearcat Squad Loses By Graduation

The Willamette men's varsity tennis team will open the season when they cross racquets with the Oregon State team at Corvallis this Saturday afternoon. A return match will be played on the Willamette courts May 9th. Little is known concerning the strength of either team this early in the season. The Bearcat squad suffered heavily when the first and second players were lost by graduation. However, with the new material which came in with the freshman class, and with Hageman, Haworth and Roeder, lettermen from last year's squad, Willamette will be well-represented in this sport.

The relative positions of the Willamette racquetmen have not been determined at this time, but the five men who will represent Willamette Saturday will be: French Hageman, Edgar Berg, Al Haworth, Wes Roeder and Melvin Goode.

## STUDENTS SURVEY CAMPUS OPINIONS

### Questionnaire is Most Comprehensive Ever Prepared By Students

MIDDLETOWN, Conn., April 15.—Students at Wesleyan university are carrying out what is said by authorities to be the most comprehensive survey of student life and opinion in a college ever projected by undergraduates. A 18-page questionnaire prepared by a student committee, probing the individual's campus life and his reactions to many phases of college, has been answered by over 95 per cent of the student body, a record percentage.

The survey covers the subjects of fraternities, faculty-student relations, athletics, reasons and purposes for coming to college, the curriculum, vocational guidance and social life.

Dr. T. A. Langlie of the psychology department will supervise complete analysis of the material, which will require two or three years. By next June he will ascertain the proportion of alternative answers to the questions, and subdivide them according to the college classes, fraternities, scholastic grades and intelligence ratings of the students. Dr. Langlie will find whether members of one fraternity react similarly, whether the sophomore's viewpoint differs generally from the seniors, and whether a correlation exists between the student's opinions and his success in studies or in intelligence tests.

When analyzed, it is expected the findings will enable the college administration to meet the needs of the student body more faithfully, in matters of curriculum, discipline, vocational guidance, etc.

Faculty members will later be asked to fill out parts of the questionnaire also, to determine the trend of professional opinion and its divergence from undergraduate thinking.

## Sportorials

Just two weeks from Friday the conference baseball season will open with the Bearcats opposing the Pacific university nine. According to the pre-season game, the Bearcats will have the edge, but, the edge means little to the scrappy Badgers.

The Bearcats have displayed some excellent pitching and a fair batting punch, but so far the fielding has been spotty and unreliable. However, with two full weeks of Spec Keene's coaching, the squad should present an airtight defense for the opening game.

Although Columbia university's application for N. W. conference membership has not been accepted because of scholastic requirements, the Cliffdwellers are developing teams of conference caliber. Just recently they lost two close one to O. S. C. and won handily from Pacific university. We hope that these differences may be smoothed out by next year because the entry of this Portland school into our conference would be a worthy addition.

So far this year, the Jason-Lee teams have won two conference titles without the loss of a game. The only thing to do is to make a clean sweep of all the baseball games and make real history! We owe it to Coach Keene to do everything in our power to help the team win. One of the best ways to show this support would be to attend that W club show tonight. I'll see you there!

George Scales, although one of the smaller members of the baseball squad, holds undeniably the title of the Bambino. This Bearcat weighs a big punch; for he has scored a home run in nearly every game.

Coach Eldon Jenne has been selected to replace Coach Leo Frank, whose scrappy Badgers have more than one aspect, the dope bucket. Jenne has an outstanding record, and seems to be able to develop championship teams with astonishing regularity. His appointment will be a big drawing card to many Washington high athletes. With such promising material as this, coach Jenne will place some formidable teams in the running next year. We welcome the heightened competition, and extend to this newcomer our heartfelt good wishes.

## INTELLIGIBLE SPEECH IS BUSINESS ASSET

Washington State College, Pullman, April 14.—(P. I. P. A.)—"There is a very close relation between success in one's field or business and careful expression of facts and ideas in his speech and writing," declares M. W. Bundy, head of the department of English at the State College of Washington, in speaking of the uses of good English.

"Part of the business of life is to make one's self intelligible. You have the facts and ideas I need, or I may have the facts and ideas which you need. There they are in your mind or my mind and they are likely to stay there unless we learn to communicate them. Our success is often measured by the degree to which we have implanted in the minds of others some appreciable part of the information or the thought which we have."

"This will serve to illustrate one of the aims of courses in writing in our schools and colleges today. We are trying to help boys and girls, men and women, to give full value to what is going on in their minds, to be intelligible. Sometimes, indeed, intelligibility is a large part of the art of appearing intelligent."

## BEARCATS TANGLE WITH ORANGE-MEN

### O.S.C. Conceded Edge in Clash, But Willamette Players Seek Revenge

This coming Friday and Saturday afternoon the Bearcats will tangle with the orange-men for a two-game series at Corvallis. O. S. C. has been victorious in both the previous contests, and is given the edge for the coming series. The Willamette baseball artists are filled with a spirit of revenge, and hope to even the count by humbling the Staters twice. Both teams have about equal pitching and batting strength, but the Bearcats have won by virtue of superior fielding and team-play.

Coach Coleman has developed a team with a beautiful defense, but their attack-work will have to be improved before they will be ready for conference competition. However, with their team-play functioning as it has, the Staters will not need to score many runs to win.

In anticipation of the coming clash, Coach Keene has been drilling the team hard in fielding practice, and the pitchers have been bearing down a little harder on the batters. By the end of the week, the batters should have cleared up their weakness against curve balls. Wilson, Grant, or Peterson will probably be selected to do the twirling, while Lanky Ed Cardinal will be on the receiving end. Trachsel will probably hold down the keystone sack, Adams, the second, Hawk, third, and Erickson will probably cover the short patch. The choice of outfielders will be based on their showing this week, but the probable choice will be Deets, Scales, Moore and Gill.

## ROY HEWITT AT BRUSH COLLEGE

### Dean of Law School Speaks At Community Club Meeting

BRUSH COLLEGE, April 16.—Seats were at a premium at the regular meeting of the Brush College Community club Friday night when Dean Roy Hewitt of Willamette university gave a talk on his trip to the Orient.

Dean Hewitt first gave an account of his trip through the interior of Japan from a social standpoint saying that he and his family saw all conditions of classes from the highest to the lowest. He next told of their tour through China and of the pitiful conditions of the lower class of people.

A. E. Utley, president of the Brush College Community club, appointed as program committee for the next meeting Mrs. Irons and Mrs. Schon, teachers at the Brush College school, and as refreshment committee, Mrs. W. F. McCall and Mrs. Frank Munson.

He also announced that the school would have no Easter program but would have a vacation Monday and Tuesday. Delicious refreshments were served in the kitchenette, following the meeting.

## KAPPAS HOLD LEAD BY TAKING FACULTY 16-17

Monday the Kappas came from behind in the third inning to defeat the Faculty 16 to 7. Sparks held the Kappas to a one point lead until the fifth inning when the prof team cranked. Poor pitched a steady game for the winners although he was hit freely. The batters knocked the ball into the balcony for most of the extra base hits, but the long drives into center field by Sparks and Poor brought in several runs. The Faculty had the best base runners with French and Kerne scoring from first on doubles by Sparks and Philpot.

Score:  
Kappas ... 0 2 2 0 3 2 7—16  
Faculty ... 2 1 0 0 0 3 1—7  
Struck out: Poor 3, Sparks 4.  
Walks: Poor 1, Sparks 7.

## Kitchen Elected Basketball Head

Loren Kitchen, star forward the past season, was elected captain of the 1931 basketball team for Salem high at the annual basketball banquet held last night at the high school cafeteria. Joe King, president of the associated students, presided over the function. Brief speeches were made by Hollis Huntington, coach; Fred Wolf, high school principal; George Hug, city superintendent; J. C. Nelson, principal emeritus; and Dr. Edward Lee Russell, school physician.

## West Linn Lad Wins Memorial Essay Contest

The second annual Gorgas memorial essay contest, which was open to seniors and juniors in Oregon high schools, was won by Donald J. Harkleroad of West Linn union high school, according to the current bulletin of the state board of health. The winner will receive from the Gorgas memorial institute of tropical and preventive medicine a cash prize of \$20.

Judges in the contest were: Charles A. Howard, state school superintendent; Dr. Frederick D. Stricker, state health officer; and Hal E. Hoss, secretary of state.

## Stormy Weather Passed Declare Local Prophets

Honk! Honk! Spring is in Salem's midst again, this time for good. That was the message gleamed by amateur weather prophets Wednesday when a large band of wild geese was seen moving northward over the city.

Tradition has it that the wild geese know what they're about, and when they fly north, it is a sure indication that there will be no more stormy weather. The official forecaster corroborates this prediction, for the next two days at least.

## W. U. AND C. P. S. TO PLAY MAY DAY

### Team to Open Season Against C. P. S. at Salem May 3; W. U. Win Predicted

May Day will officially open the tennis season at Willamette for Saturday, May 3, on the home courts the first of the inter-collegiate women's tennis matches will be played with the College of Puget Sound. The match will consist of four singles and one double match. Willamette will be well represented by Pauline Findley, Edith Findley, Doris Steele and Margaret Morehouse. The doubles will be played by Pauline Findley and Edith Findley, C. P. S. proved herself victorious last year in the games but this year with increased practice which the teams have had, Willamette will surely win.

On the following Saturday, May 10, Reed college will compete with Willamette on the latter's courts.

## Typing Champ Will Perform In City Soon

Chester Soucek, world's amateur typing champion, will be in Salem Friday of this week. It was announced yesterday, and several local groups will have the privilege of watching him perform. Soucek, who can type at least 118 words a minute, will be at the Capital Business college from 3 to 4 o'clock that afternoon, and anyone who is interested in watching him is invited to be present at that hour, the instructor's report.

The champion typist is also scheduled to appear sometime during the day at the senior high school.

In this country, 12,000,000 miles of telephone wire are used in toll and long distance service.

## ROY KEENE TO SPEAK OVER STATION K.G.W.

### Willamette Coach to Give Scheduled Speech During American Legion Hour

Coach "Spec" Keene has been in very great demand during the last few weeks. Last Thursday he spoke to the Lions club at Lebanon on the subject of physical education. Next week he will speak at the Forest Grove high school.

Sunday the radio audience was to have heard Coach Spec Keene speak over the radio station, K. G. W., but fate intervened and the affair was postponed until some later date. The talk was scheduled for Sunday, April 6, at 9:30 in the morning and the topic was Junior Baseball. This hour is the American Legion's program.

In a few days however Coach Keene will give the scheduled speech and all Willamette students should "listen in" and show that they are proud of their coach.

## LINFIELD HAS LARGE BASEBALL TURNOUT

LINFIELD COLLEGE, April 16.—(NIP)—Coach "Heine" Sielk is pleased with his baseball turnout. Material is promising, with many local high school star lettermen here, and with a good nucleus of his last year's team in uniform. Five pitchers are on the mound every day, and according to Sielk, they are showing up better than he had hoped. Approximately 21 aspiring baseballers have turned out. Sielk plans on having one of the best teams Linfield has ever turned out.

## America's Oldest Equestrian

"Uncle George" Hardin, ninety years old, of Fulton, Mo., is a keen equestrian, and writes as well as he did fifty years ago. He is believed to be the oldest equestrian in the United States, and makes his way through the busy thoroughfare with extreme ease.

## 'Silver Bullet' on Trial Run

The Sunbeam motor car "Silver Bullet" flashing across the line to start a practice spin on the hard-packed sands of Daytona, at the trifling speed of 180 miles per hour. With Kaye Don at the wheel it is expected that the racer will attain a speed of 280 miles per hour, when a serious assault on the present mark of 231 miles, is made.
