## COLLEGE OF LIBERAL ARTS.

### INFORMATION.

The College of Liberal Arts provides instruction in four different courses of study :

First, the Classical, embracing four years, is similar to that taught in other institutions of equal grade.

Second, Latin and Scientific Course, embracing four years of study, is prepared for those who desire special work in mathematics and modern languages, and do not wish to study the Greek.

Third, Modern Literature and Art Course, embracing two years, is prepared for those who do not wish to pursue the Latin further than the Academy Course, and who wish to supply the place of the languages in college by music and art, and at the same time complete a course in mathematics and sciences

Fourth, Scientific Course, embracing three years, is prepared for those who wish only the Latin of the Academy Course, and desire special work in mathematics and the sciences.

## WOMAN'S COLLEGE.

### COMMITTEE OF OVERSIGHT AND GOVERNMENT.

MISS JENNIE TRIGG, DEAN.

MRS. GEN. W. H. Odell,

MRS. G. W. GRAY,

MRS. MARY E. KINNEY, A.M.

MRS. C. B. MOORES, B.S.

I. This department of the University provides instruction :

1. In Music. (See Conservatory of Music.)
2. In Art. (See Art Department.)

II. It provides a home for all lady students from a distance, whether taking lessons in Music and Art, or reciting in any other department of the University.

It affords a place of residence, under careful supervision, and amid refined and orderly surroundings.

Board in Woman's College Hall with everything furnished except towels, napkins, and bed clothing, \$3.50 per week. A well furnished room is supplied. But the occupants are expected to have a roommate.

Many parents object to sending their daughters from home to a school where, from want of a College Home, under proper oversight, they are compelled to board in families, that, as a rule, acknowledge no responsibility to parents or to the University.

It offers to all the students of the Woman's College—those resident in the building and those living in the city—a center or place of gathering for lectures and for such social events as may pertain to the home life of the department.

Miss Trigg, Dean, and other teachers reside in the Hall, and thus it becomes a religious home, and at the same time surrounded by all the good influence of college life.

Care is taken in the furnishing of the building, in the regulations pertaining to the household, and in the internal life of resident students and officers, to maintain the atmosphere and surroundings of a refined and gentle home, so as to make residence in the College Hall a *means of education*.

It is not designed making the Hall a means of income to the University; it is not a financial venture, and has nothing in common with the aim of a boarding house. On the contrary, the cost of residence is placed so low as to bring the advantage of the Hall within the reach of all earnest young women desirous of an education.

For price of board, etc., in the Woman's College, see expenses under general statement. For regulations see the same.

## INFORMATION.

The Conservatory of Music affords facilities for a thorough and symmetrical education in the theory and practice of music. The value of music as an element of culture depends very largely upon the other elements of culture, literary and scientific, acquired with it. It is, therefore, advised that pupils in music pursue at the same time some other study or studies in one of the departments of the University. An exclusively musical education will, however, be given to those who desire it, and instruction may be taken for a longer or shorter time. Special opportunities will be afforded to those who desire to fit themselves for the profession, either as artists or teachers.

Pupils have the choice of two courses, the Virtuoso and the Intermediate. The Virtuoso course requires the pupil to have a thorough knowledge of the theory of Music, including Harmony, History of Music, including a familiarity with the lives and works of the Great Masters; to become an artist upon some instrument or as a singer. The Intermediate course requires the pupil to complete Thorough bass and the elements of musical composition; a short History of Music and the lives of the Great Masters; to be a good player upon some instrument, or a good singer.

By attending the Conservatory, pupils are brought under the influence of systematic teaching and in the associating with other pupils are stimulated to more earnest effort. The instruction given is according to the methods now in use in the best Eastern Conservatories. Persons on this Coast who desire a complete and satisfactory course in Music need not be at the expense of going East. Salem is well adapted as a city for a school of music, being as it is, in many respects, the Boston of the Pacific Coast. The society in Salem is of the very best, and all influences are of an elevated character.

The Conservatory has ample facilities for all who wish the best instruction, having at present three teachers, five pianos, three organs—one organ being a fine pedal instrument. All pupils are advised and encouraged to take a regular course and graduate.

The fee advantages deserve special mention. 1st, Public rehearsals are held twice each term, at which pupils of the proper advancement appear in songs and instrumental solos, four and eight-hand pieces. 2d, Lectures upon Musical History, etc., are given occasionally. 3d, Chorus rehearsals are held once a week. 4th, Pupils have access to the Conservatory Library.

Visitors are always welcome, and are invited to come and see the regular work of the pupils.

#### BRANCHES TAUGHT.

## ART DEPARTMENT.

---

MISS MARY BRIDGES,  
*Instructor Drawing, Painting, etc.*

#### INFORMATION.

This work is in charge of an accomplished instructor. Drawing and Design are taught, as also Painting in all its branches.

It is hoped that the friends of Art Culture will aid in the equipment of the Studio with gifts of casts, specimens of pottery, art works and charts.

Decorative art is made a specialty. When the weather is suitable, the pupils of this department are taken by their teacher to sketch from nature. Many of them make very rapid progress. Pupils are first taught pattern drawing, then put at the more difficult work of drawing from objects. Afterward, they are allowed to advance to paintings in India Ink, and Sepia and Oil painting.

At present this department of work is made to supplement the course in Modern Literature and Art, for the completion of which the Degree of Mistress of English Literature is conferred. It is hoped from the present success of Art work in the University, so to be able to outline a curriculum and award honors for advancement in this with its correlated branches of study.

The Art Department and Conservatory of Music comprise the work designed to be done under the auspices of the Woman's College.

## COLLEGE OF LAW.

---

### FACULTY.

---

THOMAS VAN SCOY, A.M., B.D., PRESIDENT,

JUDGE WILLIAM M. RAMSEY, DEAN.

*Prof. of Equity Jurisprudence, the Law of Real Property and Pleadings.*

GEORGE H. BURNETT,

*Professor of the Law of Contracts, Torts, and Commercial Law.*

WM. H. HOLMES, Esq.,

*Prof. of Criminal Law, Constitutional Admiralty and Maritime Law.*

J. T. GREGG, Esq.,

*Professor of Common Law and the Law of Evidence.*

---

### COURSE OF INSTRUCTION.

The course of study in the College of Law occupies two years, the students being divided into two classes, the Junior and the Senior.

The daily exercises consist of lectures and recitations from standard text-books, the latter being accompanied by oral explanations.

The students will be frequently referred to the leading cases on the subject under consideration, and required to be prepared for questions upon them at the next exercise; they will also be encouraged to put questions freely to the instructors at all recitations.

Moot courts will be held regularly, at which one of the professors will preside, and the students will act as counsel. The students will be required to draw all the necessary pleadings according to the common law or equity forms, as the case may be, and to discuss their sufficiency.

The plan of study comprises the various branches of common law, equity jurisprudence, commercial, international, constitutional, criminal, and maritime law.

The first year of the course is devoted to the study of general commentaries upon municipal law, the law of contracts, of real estate and commercial law.

The second year includes equity jurisprudence, the law of torts, criminal law, evidence, pleading and practice.

The principal text-books to be used in the course are Blackstone's Commentaries, Tiedman on Real Property, Kent's Commentaries, Parsons on Contracts, Cooley on Torts, Bispam's Equity, Wharton's Criminal Law, latest edition, Greenleaf on Evidence, Chitty on Pleading, Vol. 1., Bliss on Code Pleading, and Daniel on Negotiable Instruments.

Other text-books will be used for reference and illustration.

### CLASSES.

Students will not be admitted to the Junior class unless they possess at least a good common school education, and, if they have not received a degree from some college of art, they must satisfy the Faculty that they possess such education. A knowledge of Latin is desired, but not required.

The students who pursue their studies at this school for one year and pass a satisfactory examination in all the studies of the Junior year, will be admitted to the Senior class.

Students who have pursued the study of law a year in some other college of law, or have studied law under a competent instructor for at least one year, and pass a satisfactory examination by the Faculty

of this college in the branches taught in the Junior year or their equivalents, may be admitted to the Senior Class.

### SCHOLASTIC YEAR.

The school year begins on the third Wednesday in September of each year and on the third Wednesday in May, and this year constitutes but one term. Students will not be admitted for a shorter period than one year.

### EXPENSES.

The charges for tuition will be \$50 00 per annum for the first year, one-half of which must be paid or secured at the beginning of the year. A fee of \$5 00 will be charged at graduation to those receiving diplomas.

Board and lodging can be obtained at reasonable rates.

It is believed that a number of students can obtain positions in law offices in Salem and get the use of books free of charge.

Students will find their own books.

### STATE LIBRARY.

Students have free access to the State Library, which contains a large collection of law text-books and complete sets of the United States Supreme Court Reports, and the Reports of the Supreme Courts of nearly all the States and Territories.

### THE COURTS.

The Supreme Court of this State holds all of its sessions in Salem and sits nearly the entire school year. The Circuit and County Courts have regular sessions in this place. Students can attend these Courts when cases of importance are being tried, and become familiar with legal business.

### LECTURES.

Members of the Faculty will, in addition to the ordinary expositions given during recitations, deliver lectures upon important legal topics when deemed advisable, and also eminent members of the bar from different parts of the State will deliver lectures to the students occasionally.

### EXAMINATIONS.

In addition to the examinations which will occur at the beginning and close of the year, the classes will be examined as frequently as the Faculty may deem it advisable.

Students desiring to enter the Junior Class will be examined as to their qualifications on the third Tuesday of September, 1884, and

they must, at the same time, unless they are personally known to some member of the Faculty, present two certificates showing that they are possessed of good moral character.

### GRADUATION AND DEGREES.

Students who have pursued the full course of study and have passed satisfactory examinations and complied with the rules of the College of Law will be recommended by the Faculty for graduation, and the corporation will confer upon them the degree of Bachelor of Laws.

### ADMISSION TO THE BAR.

The Faculty confidently hope that arrangements will be made by which graduates of this College will be admitted to the bar of all the Courts of this State without examination.

### ATTENDANCE AND DEPARTMENT.

It is desirable that all students enter the school at the beginning of the year.

All students will be expected and required to attend all recitations of their respective classes, and to pursue their studies diligently, except when excused from so doing for sickness or other good cause.

Students will be expected and required to conduct themselves with propriety and to refrain from intemperance, gambling and other misconduct, and to obey all rules and regulations adopted by the Faculty or the Trustees.

## UNIVERSITY ACADEMY.

---

### INFORMATION.

The University Academy provides instruction in six different courses.

*First*—The Preparatory Classical, embracing three year's study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

*Second*—The Preparatory, Latin and Scientific, embracing three years of study, prepares the student for the Freshman class of the same course in the College of Liberal Arts.

*Third*—The Preparatory, Modern Literature and Art Course, which is the same as the Latin and Scientific, prepares the student for the Junior class of the same course in the College of Liberal Arts.

*Fourth*—The Preparatory Scientific Course, embracing three years of study, prepares the student for the Junior class of the same course in the College of Liberal Arts.

*Fifth*—The Teacher's Course is prepared for those who do not wish to take a College Course, but who desire to fit themselves thoroughly to teach in the public schools of common and high grade. It embraces a three year's course. *See Courses of Study* for the branches taught in this course.

*Sixth*—The Business Course, which aims to give the student the most thorough and practical education that can be obtained in two year's study. A thorough knowledge of all kinds of business papers, such as promissory notes, drafts, checks, deeds, mortgages, etc., together with the laws relating to them, and the more important principles of political economy will be required, and great care will be taken to give the student the latest and best information in all the studies of the course, which is described in another place.

All the studies preparatory to any of the Academical Courses are taught in the Grammar School.

---

## ELOCUTION.

---

MISS BINNIE DEFOREST, Ph. B.,

*Instructor.*

This line of study is made a specialty, and a teacher who has made this important branch of study a special work, has charge of all the instruction. The students are arranged in classes and special drill is given to each one to develop the vocal organs, by which a great ease and variety of utterance is attainable. Great care is taken also to acquire a proper emphasis and expression to voice, feature and gesture, in order to bring out and impress the full meaning of the author. Public exercises are appointed frequently during the year, in which the students render such pieces as will make a first-class entertainment, and at the same time give confidence and readiness in delivery. By this method the poorest readers have, in a short time, not only become good readers, but have been able to render before an audience, in an excellent manner, very difficult pieces.

### LITERARY SOCIETIES.

There are two organized literary societies connected with the school. They have a commodious and well furnished room in the University Hall. In these societies, the students obtain much of that culture which is so useful in almost every vocation, by writing, reading, declaiming, delivering orations, musical renditions, by discussions and criticisms. The Philodorian Society meets at 3 P. M., and the Philodorian meets at 7 P. M. on Friday of each week.

### LIBRARY.

There are about 2,500 volumes in the library of the University, to which is added from time to time, by purchase and donations, books useful to students and teachers in the prosecution of College work. The present year much interest has been shown in the library, and many useful books have been read.

### MUSEUM.

The Museum consists of a small but choice selection of American and Foreign minerals, a collection of rocks and fossils, sufficient to illustrate many of the more important features of Geology—also a number of good specimens to aid in the study of Zoology. To each of these collections valuable additions have been made during the past year and a plan devised by which it is hoped to rapidly increase them in the future.

### LITERARY EXERCISES.

Special drill will be given in composition, elocution and general literary exercises throughout all the courses of study. These exercises are additional to those mentioned in the curricula.

### CORRELATED ACADEMIES.

It is the design of these schools to prepare students as far as possible for the Freshmen class in the College.

Certificates from the correlated academies will give the students bearing them the desired standing in the University without an examination on the studies embraced in the certificates.

These academies are: Umpqua Academy, located at Wilbur, Oregon, Willis Hawley, B.S., Principal; La Creole Academy, located at Dallas, Oregon, S. A. Randle, A.B., Principal; Sheridan Academy, located at Sheridan, Oregon———, Principal; Santiam Academy, located at Lebanon, Oregon, J. L. Gilbert, Principal; Drain Academy, H. L. Benson, A.M., Principal.

### COLLEGE JOURNAL.

The University and correlated schools publish monthly a twenty-page journal, which contains all the news of the different departments, reports of scholarship of the students, literary articles and general educational news, and gives notice of the successes and honors attending the work of those who have gone out from among us. It is well worth the subscription price. Subscription, \$1. W. S. ARNOLD, Business Manager and Chief Editor, Salem, Oregon.

### NEEDS OF THE UNIVERSITY.

Large and immediate additions to the funds of the University are much needed. One or two Professorships should be established at once.

A suitable Hall for recitations in the College of Liberal Arts must be erected in the near future. Thoroughly to equip this institution upon the plan proposed, resources several times greater than any

now possessed will be absolutely necessary. The Trustees cannot doubt but that the friends of the school and public spirited men and women will create the needed facilities. The University is now only beginning to live. The character of its life will depend upon the help of those who have money, and who have such love for Christian training as to bestow it upon the institution for this purpose.

### FORM OF BEQUEST.

I give and bequeath to the Trustees of the Willamette University the sum of.....dollars, to be safely invested by them as an endowment for the support of.....Professorship in the College of Liberal Arts.

### RULES.

After long experience, the following rules are found to secure the best general government of the school. Any student who cannot cheerfully submit to the restrictions of these rules ought not to enter the school. Parents who do not wish their children to comply with these rules ought not to send them here.

### GENERAL RULES,

1. Payment of tuition, each term, in advance.
2. Attendance at church on Sunday morning.
3. Study during recitation hours and from 7 to 9 P. M.
4. No profanity, or the use of tobacco in the school.
5. Attendance at chapel services each day.
6. Permission for temporary absence from school and town.
7. Examination every five weeks in the Academy; every term in the College. Written reports in scholarship and deportment will be sent to the parents of each student after every examination.
8. Half price for one study in school; full price for two or more. Students having studies in more than one grade will pay the tuition of the higher grade, provided they take two or more studies in that grade.
9. Time lost by sickness can be transferred, but no money is refunded.
10. Students coming from other Colleges must bring recommendations from the College they left.
11. No student will be entered at the beginning of a term for less than a term; nor will any student having withdrawn from school during the term without permission of the Faculty be granted an honorable dismissal.

## REGULATIONS FOR THE WOMAN'S COLLEGE HALL.

1. Five weeks payment for board in advance.
2. Proper care of room and personal appearance.
3. Attendance upon family worship.
4. Permission for temporary absence.
5. No social calls during study hours.
6. No boisterous noise in the Hall.
7. Lights out at 10 P. M.
8. No gentleman company except in the parlor.
9. No change of boarding place without special permission from the Committee of Oversight and Government.
10. Saturday afternoons are given the ladies for calling and shopping.

Mail is delivered each day, and a person is employed to perform errands and to attend to the janitor work.

The study room will be warmed and open for study each morning at 6 o'clock for those who desire to study before school.

Due care will at all times be exercised to promote the health, comfort, moral and social well-being of every inmate of the College.

Parents who wish to secure board for their daughters in private families are requested to consult any member of the Committee of Oversight who will cheerfully put them in communication with parties wishing to board students; but it must be distinctly noted that *the School assumes no more responsibility for the social direction of non-resident lady students boarding in private families than would be assumed if their homes were in the city.*

## ANNOUNCEMENT.

---

The Twentieth Annual Course of Lectures will commence on Monday, November 2, 1885, and continue twenty-two weeks.

Six lectures are delivered daily.

The commencement exercises for conferring degrees will be held Monday, April 13, 1886.

Instruction in this institution will be given by didactic and clinical lectures, practical work in the dissecting room, chemical and physiological laboratories, and by oral and written examinations.

Where the subject will admit of it, every branch will be so illustrated by means of diagrams, charts, models and instruments, as to address the understanding of the student through the medium of sight as well as hearing.

The requirements for admission are :

1. Credible certificates of good moral character. 2. Diploma of graduation from a good literary and scientific college or high school, or a first-grade teacher's certificate. Or, lacking this, a thorough examination in the branches of a good English education, including mathematics, English composition, and elementary physics or natural philosophy.

The diploma or certificate must be presented to the Dean of the Faculty, by the candidate, in order to procure exemption from examination.

### CLINICAL INSTRUCTION.

The opportunities for clinical instruction in the city of Portland are rapidly increasing, in proportion to its augmented population and growing business activity, offering a strong contrast, in this respect, to the advantages formerly offered to the student.

### ST. VINCENT'S HOSPITAL.

Which is open to all students of the College, contains about two hundred beds. Besides the sick admitted from the city of Portland, the hospital receives the sick marines of this port. The whole of each Wednesday and Saturday afternoons will be given to clinical instruction at this institution. The Surgical wards of the Hospital contain abundant material for illustrating the treatment of the several varieties of fractures and dislocations, and all the operations will be performed in the presence of the class.

## TEXT BOOKS AND INSTRUMENTS.

The work first named on each subject is preferred.

Medical books can be obtained of W. B. Ayer & Co., in this city at catalogue prices; and it is recommended that students supply themselves with at least one text book upon each chair. The following works are especially recommended:

ANATOMY.—Gray, Wilson, Maclise's Surgical Anatomy.

PHYSIOLOGY.—Dalton, Carpenter, Flint.

MATERIA MEDICA.—Bartholow, Wood, U. S. Dispensatory.

MIND.—Hammond, Maudsley, Bucknell, and Tuke.

MEDICAL JURISPRUDENCE.—Beck, Wharton, Taylor.

CHEMISTRY.—Youman's, Fown's, etc.

OBSTETRICS.—Leishman, Playfair, Bedford, Meadows, Hodge, and Glisan's Modern Midwifery.

WOMEN AND CHILDREN.—Byford, Thomas, and Barnes.

PRACTICE OF MEDICINE.—Flint, Watson, Aitken.

SURGERY.—Bryant's, Ashherst's, Hamilton's Surgery and Dislocations and Fractures.

OPHTHALMOLOGY AND AURAL DISEASES.—Stellwag, Wells, Carter, Trolsch.

The latest editions only of text books, should be purchased by students.

A "dissecting case," containing all the necessary instruments, can be bought for \$4.00.

### REQUIREMENTS FOR THE DEGREE OF DOCTOR OF MEDICINE.

1. The candidate must be twenty-one years of age, of good moral character, and must have been engaged in the study of medicine at least three years, including the courses of lectures.

2. He must have attended two full courses of lectures, the *last* of which must have been in this institution; the *first* may have been in some other respectable school.

3. He must have attended the dissections and hospital clinics in this school as long as he was a student thereof.

4. He must write an acceptable Thesis on some subject connected with Medicine.

5. He must, by the first of March, notify the Dean, in writing, of his intention to become a candidate, and at the same time deliver to him his Thesis, together with the graduation fee, which, in case of withdrawal or rejection, shall be returned. He shall also furnish to the Dean, at the same time, satisfactory evidence of having complied with all the preliminary requisites.

6. He must pass a satisfactory examination by the Faculty, which shall be written, in Anatomy, Physiology and Hygiene, Chemistry, Materia Medica and Therapeutics, Obstetrics, Diseases of Women and Children, Surgery and Practice of Medicine and Pathology.

#### TERMS.

The fee for a full Course of Lectures is \$120; Matriculation ticket, (paid but once) \$5; Demonstrator's ticket for each course \$10; Graduation fee, \$30. Tickets for one or any of the Departments may be had separately at \$20 each, with Matriculation fee paid but once.

Students who have paid for two full Courses in this school, are entitled to attend free of charge thereafter.

Students who have attended two courses in other schools may attend their third course at this school by paying a Lecture fee of \$80, and Matriculation fee.

No variation is made, under any circumstances, from the established fees of the college.

#### THE EXPENSE OF LIVING IN PORTLAND, ETC.

The expenses of living in the city of Portland will, of course, vary according to the views and habits of students. At the present time good board, including lodging, fire and light, may be had at a convenient distance from the College, at from \$5 to \$7 per week. Pains are taken to provide a list of boarding-houses in the vicinity of the College to suit the wishes and means of students.

Persons desiring further information are requested to address the Dean of the Faculty.
