SUMMER SESSION NUMBER

SALEM, OREGON

SUMMER SESSION OF 1929

The 1929 Summer Session of Willamette University will begin Monday, June 17, and continue for six weeks or until July 26. Registration day is Saturday, June 15.

The entrance requirements are the same as for the regular session and are usually met by graduates of standard high schools. Credits earned in the summer are counted at Willamette or transferred elsewhere on the same terms as credits earned during the regular session.

Six semester hours credit is the maximum which may be earned except in Chemistry. This course continues for eight weeks and gives eight credits. Five hours of class work per week or the equivalent in the laboratory give two semester hours of credit. A semester hour is equal to one and one-half term hours.

LOCATION

Salem is a city of more than 25,000 population fifty miles south of Portland. It is a city of unique beauty, is rich in historical associations, and has many wide, tree-lined streets, several spacious parks, and exceptionally attractive homes. The commercial and industrial life of the city is alert and progressive.

Resident officials of state and county, the higher courts, the Legislature, the public libraries, and visiting lecturers and artists combine to afford students many educational advantages. The buildings of the University are situated directly across the street from the splendid park in which are the Capitol, the Supreme Court Building, the City Postoffice, and the County

Courthouse. Nearly all of the state institutions and an Indian School of the Federal Government are in or near Salem. The location of the University thus offers excellent opportunities for practical observation and research.

### EXPENSES

The tuition charge is five dollars for each semester hour, with a maximum of twenty-five dollars for six hours, and it must be paid at the time of registration. An extra charge of two dollars is made of each student registering later than June 17th.

Board and room in private families may be secured for twenty-five dollars per month, but the usual price is higher. Women students not living with near relatives in Salem must secure the approval of their places of residence by the Director.

Students taking courses in which laboratory fees or text books are required should add these items to their expense schedules.

### CHANGE OF COURSES

The announcement on the foregoing courses does not mean that they are necessarily the only ones to be offered. Others may be added for which there is sufficient demand. On the other hand, if any one of these courses is taken by less than five students it may be withdrawn at the option of the instructor.

### CORRESPONDENCE INVITED

The Director invites correspondence with anyone desiring further information regarding the Willamette Summer Session,
