WILLAMETTE UNIVERSITY

In 1834 the Reverend Jason Lee and several missionary associates founded a school for Indian children about ten miles north of Salem, beside the Willamette River. When the need for a more advanced school arose, a group of citizens met in the home of Jason Lee and on February 1, 1842, a body of by-laws was adopted and a Board of Trustees was appointed. The school was known as the Oregon Institute but was later changed to "Wallamet University" in 1835 when the Oregon Territorial Legislature granted a charter to the institution.

The University began with five students and one instructor, and in 1859, the year Oregon became a state, Willamette graduated its first student, Emily J. York. The first president was Dr. Francis S. Hoyt and through the efforts of Alvin Waller and townspeople, the first building, Waller Hall, was completed in 1867.

In addition to the College of Liberal Arts, professional schools were established. The Willamette Medical School, started in 1866, was the third founded west of St. Louis and was operated until 1913 when it became part of the University of Oregon. The present College of Law was established in 1882 and the College of Music dates back to 1869 when it was called the Musical Institutes. A College of Theology existed from 1889 to 1930.

Much has come and gone in the past and much lies in the future as Willamette stands as the oldest college in the West.

STUDENT GOVERNMENT

THE ASSOCIATED STUDENTS OF WILLAMETTE UNIVERSITY, ASWU, consists of all registered students of Willamette who have paid the student body fee required at enrollment each semester. It provides for an "organization for the control of all matters of general student concern."

Student Body officers are elected in April of each year and serve for one year following their election. Petitions for the offices are required and may be obtained in

the Student Body Office and are to be returned to the Second Vice President. Student Body officers for the 1969-1970 term are as follows:

BILL BENNETT—President: Presides at all meetings of the Association; serves as chairman of Student Senate; performs outside functions as representative of the Student Body. The ASWU President is the most important communications link between the students, faculty, and administration.

LAUREN RONALD—First Vice President: Chairman of the Activities Board and Rally Commission; often responsible for making appointments to these bodies and serves as a vital source of information concerning student activities.

JIM KUBITZ—Second Vice President: Chairman of the Elections Board; responsible for all campus elections and all managerships; receives all petitions for managerships and Student Body offices; serves as a major link between the Collegian and ASWU.

ANDI SOUTHARD—Secretary: Keeps records of all ASWU business; responsible for much of the paperwork of the ASWU.

RICH POLLEY—Treasurer: Chairman of the Finance Board; advisor to committees which disburse ASWU funds; Custodian of student association property.

The governing body of the ASWU is the **Student Senate**. It is headed by the Executive Committee which consists of the five Student Body officers. The rest of Student Senate is comprised of one representative from each living organization, one representative from the Law School, and a faculty advisor. Senate meetings are scheduled weekly and are open to all. Any topic for discussion may be introduced to the Senate by your living organization representative, or by personal appearance. However, this topic must be first placed on the agenda and this is done by meeting with the Executive Committee. The executive Committee meets weekly prior to Senate meetings and no topic may be discussed until it has been placed on the agenda at such an Executive Committee meeting.

Senate investigates and acts on all matters of student concern brought before it and maintains the enforcement of the constitution. Copies of the constitution may be obtained in the Student Body Office. Student Senate works with the Administration and faculty through the Student Affairs Committee. This committee consists of seven faculty members and seven students and has as its chairman, the Vice President for Student Affairs. The primary duties of the committee are to consider policies affecting student life outside the classroom. It in turn, makes recommendations for faculty and Student Senate ratification.

CLASS ACTIVITIES are maintained through the election of officers and by general class meetings. The elections for class officers are held in September and January. Nominations are taken from the floor at the class meeting and no petitions are required. In addition to its other officers, the Freshman Class elects a Glee Manager in its January election. This position is the only elected managership and requires a

petition. Petitions may be obtained in the Student Body Office and should be returned to the Second Vice President, Jim Kubitz.

THE VOTING POLL for all elections, class and ASWU, is held in the entry of Eaton Hall or directly behind Eaton Hall, depending on the weather. All students must have their Student Body cards in order to vote.

POLICIES

The University expects a high standard of conduct from its students. The act of registration by a student is considered a pledge to abide by the standards and regulations of the University and its governing board.

The University Disciplinary Committee considers cases of infractions of University regulations and policies. This committee is comprised of three faculty members, one non-voting member who serves as chairman, appointed by the President of the University; the Dean of Women; the Dean of Men; and four students representing the student body. The student representatives are chosen by the President from a list of eight students nominated by the Student Senate. A student who is guilty of a serious breach of conduct according to University policy may be warned, placed on disciplinary probation, suspended or dismissed.

AUTOMOBILES are not permitted to be brought or retained on campus by freshman students except those who live at home or who provide evidence that a car is required for employment which is necessary to attend the University. Limited free parking facilities are provided by the University for eligible students who register for a parking permit in the office of the Dean of Men within the first week of the semester. Details regarding the locations of parking areas and the regulations for parking may be obtained at the time you apply for a parking permit.

THE USE OR POSSESSION OF INTOXICANTS by students is prohibited on or in any University facility including the campus, the athletic field, any University building, and any student house of residence. This also applies to a student not living with his own family but permitted to reside in off-campus housing. Students involved in any of the following become liable for disciplinary action which may result in suspension or expulsion from the University by action of the Disciplinary Committee.

1. Violation of any Oregon law relating to intoxication.
2. Serving or drinking intoxicants at any function authorized or sponsored by the University, or by any organizations or groups identifiable with the University.
3. Coming onto the campus or attending University functions while under the influence of an intoxicant.
4. Misconduct resulting from the use of liquor in Salem or elsewhere under circumstances which identify the student with Willamette University.

SMOKING on campus is limited to specified areas within each living organization and the University Student Center. Smoking on the general campus and in classroom buildings is not permitted.

DRUGS AND NARCOTICS. A policy concerning the use of dangerous drugs and narcotics has been stated by the University and adopted by Student Senate. It is the following:

The unauthorized use of depressants, stimulants, hallucinogenic drugs, and narcotics is in direct and basic conflict with the educational purposes of the institution. The purchase, use, possession, and distribution of marijuana and LSD as well as other dangerous drugs are strictly against the law. Expert medical opinion indicates that the use of dangerous drugs may lead to psychological and physiological damage as well as cases of psychotic breakdown.

From this statement, the University finds it imperative that it take strong disciplinary action, including dismissal, against any student found to be involved in the illegal purchase, use, possession or distribution of dangerous drugs or narcotics.

POSSESSION OF FIREARMS, explosives or any other lethal weapons are prohibited in campus living organizations, but may be stored with the Air Force R.O.T.C. department.

REGISTRATION is initiated by obtaining a registration booklet and list of course offerings at the Registrar's Office, Eaton Hall; for further information contact your faculty advisor or Dean Yocom. The normal program at Willamette includes four courses per semester. Registration for more than 4½ courses, exclusive of physical education, is possible only by petitions approved by the Committee on Academic Achievement. Permission is never granted to take more than five courses any one semester. Any regularly enrolled student taking less than three courses, except during final semester of the senior year, may not represent the University in student activities and is not eligible for student insurance.

TO DROP OR ADD A CLASS, a student must secure permission from the appropriate academic Dean, his Faculty Advisor, and the instructors of his courses within two weeks of the last registration day. That student is required to attend class until he is officially dropped. A semester grade of F is given if a student withdraws from a course later than 5 weeks after the opening of the semester for any reason other than serious illness.

Attendance policies are set by each individual instructor for his own class. Students are expected to attend classes regularly.

Grades are officially recorded on a student's transcript in the Registrar's Office. A student may be placed on scholastic probation at the end of any semester if a third

of his work has a grade of 1.0 or if his grade average for that semester falls below a 2.0. Freshmen are allowed GPA's above 1.75 before being placed on scholastic probation.

The **Pass-Fail program** enables a student with a 2.0 or above GPA (eliminates first semester freshman and transfer students) to take one course per subject field for a P-F grade. A student is allowed to take only one P-F course per semester and he must inform the Registrar's Office within two weeks of the beginning of the semester of his desire to take a P-F course. The grade of D or above will be officially recorded as P; those with F will keep the grade. A P grade will not be included when calculating GPA, but the grade of F will be included.

At the time of registering, students will be responsible for obtaining a copy of the special rules pertaining to serenades from the Dean of Women's Office. Housemothers should be notified of a serenade 24 hours in advance. Men may serenade women's groups after closing hours. They must be completed by midnight on week nights and by 2:30 a.m. on Friday or Saturday nights. Women may serenade men's houses after closing hours once per semester and these serenades are limited to week days before midnight.

A campus organization is placed on **SOCIAL PROBATION** by action of the University Discipline Committee or the Personnel Deans when the organization has been found to be in violation of University regulations to the extent that corrective measures must be taken. While on Social Probation, the organization is prohibited from planning or participating in extracurricular functions.

To schedule a campus activity, a form from the Student Body Office must be completed and a signature for the meeting place obtained. If the activity is coed, the signature of a chaperone, who has agreed to attend the event, must also be obtained. This form should be returned to the First Vice President of ASWU at least one week before the date of the event. It is advisable to submit forms early to avoid conflicts on the social calendar. Campus activities may be published through the Collegian located in the publications building, the weekly calendar published by the University, the bulletin board in the basement of Waller Hall, and the monthly calendar put out by the Activities Board of Student Senate.

Sorority formal rush takes place during the first part of September. Any woman student who is regularly enrolled and registered with three credit hours or who has a 2.2 GPA is eligible. COUNSELING

FACULTY ADVISORS are given to each new student. The purpose of an advisor is to aid the new student in becoming oriented to the campus, academically and socially. Faculty advisors are most helpful in scheduling classes, explaining the 4-2 program, and in generally surviving registration. After a student has been at Willamette for a semester, he may wish to change from his original advisor to another faculty member who is in his major field or with whom he is better acquainted. This is done by registering the change in the Registrar's Office. All students will have a faculty advisor for the duration of their enrollment at Willamette and will undoubtedly find them helpful in answering many questions or concerns of any nature.

The **DEAN OF MEN** and the **DEAN OF WOMEN** serve as good references for questions concerning the administration and faculty as well as other campus affairs. Their knowledge of the University's "workings" and students' problems often proves to be most helpful. An appointment with either Dean is easily made in their office in Waller Hall.

The position of **UNIVERSITY CHAPLAIN** has been filled by Dr. Philip E. Harder. As well as supervising campus religious activities, and foreign student advisor, Dr. Harder is available for counseling of all kinds throughout the day. His office is located in Waller Hall.

DORM SPONSORS and **HALL PROCTORS** living in freshmen residences, are probably the most available source of information that the freshmen students have. They are generally very helpful in exchanging ideas, in listening, and in answering student's questions or directing them to the proper people. Maintaining an atmosphere in the dorm which is conducive to both study and a relaxed living situation is a major role of sponsors and proctors.

STUDENT ACTIVITIES

There are many opportunities for students to become involved in **COMMUNITY SERVICE PROGRAMS**. Students may volunteer as tutors for migrant workers through the VISTA program, serve as readers, swimming assistants, etc. for the Oregon Blind School. They may

work with mentally retarded children and the Indian children and help plan physical activities for boys at a home for juveniles. Many girls serve as Y-Teen Advisors through the YWCA. There are also opportunities to work with area Scout and church groups. The "little brother and sister" programs give students the chance to work on a one-to-one basis with an underprivileged child. Information concerning these programs will be announced and posted during the first weeks of school.

ORGANIZATIONS

Air Force Reserve Officers Training Corps (AFROTC) has a two year program at Willamette. Interested students are urged to contact Major Douglas A. Harrison, Jr. or Major Joseph C. Hoffman for further information. Early application is advisable even though a student generally does not become a cadet until his junior year.

Angel Flight, a combination of a social and service organization, is the girl's auxiliary to the AFROTC and Arnold Air Society. Membership is invitational, based on campus activities, grades, and a personal interview.

The Circle K Club is a service club affiliated with Kiwanis International. Membership is open to any male student.

Honey Bears are eight freshmen girls who assist the rally squad with routines and school cheering. Try-outs will be posted.

The Newman Club is for Catholic students. Its speakers on topics of controversial status give them an opportunity for social and intellectual activity.

Rally Squad is composed of four women and three men who are elected to lead school cheering. Try-outs are held in the spring in front of the previous rally commission and then the student body.

The Student Education Association is composed of students who have an interest in a teaching career. This group is affiliated with the Student National Education Association and the Student Oregon Education Association. Information will be posted.

Membership in the Young Republicans consists of Republicans, Democrats, and Independents. Its political activities, which emphasize the educational rather than the indoctrinational aspects, include guest speakers, discussion groups, and candidate assistance.

PUBLICATIONS

Official publications of the ASWU are as follows:

Collegian—The campus newspaper is published weekly and is the predominant means of informing the student body about events and activities of interest. At the same time, it serves as a means by which students can use their talents for feature writing, interviewing, reviewing, etc. Anyone interested in working on the paper, part or full time, is encouraged to call the Collegian Office. There are paid positions.

Jason—This campus literary magazine, published yearly, contains poetry, short stories, and art reproductions—all representative of the “creative minds” of Willamette University students. Anyone may and is encouraged to submit writings or art work to the editors of the magazine.

Wallulah—The yearbook, named after an Indian princess, the daughter of Chief Multnomah, is handed out to students at the beginning of each school year. All freshmen interested in working on the yearbook should attend the meeting scheduled during Orientation Week.

The *Fusser's Guide*, a campus directory, and the *Alotadata*, the student handbook, are published yearly.

CAMPUS ACTIVITIES

The **UNIVERSITY SPEAKERS PROGRAM** is designed to help maintain and improve the educational climate of the University by providing a series of programs consistent with the following purposes: 1. To stimulate discussion within the University community. 2. To provide educational material and cultural experiences which will serve to broaden knowledge and enrich campus life. 3. To help create inquiring attitudes which will encourage the pursuit of interests beyond the normal academic program. Although attendance is not taken the University Speakers Program Committee expects and relies upon the full support of the University community for the success of the Program. All lectures are scheduled for 11 a.m. in the Fine Arts Auditorium.

The **INTERIM, OPEN SEMINARS**, and **FREE UNIVERSITY** are all a year old and were met with enthusiasm from the student body.

The Interim is a stimulating three days of discussion and casual living held during the Christmas break. The session has a general topic for "direction" and its small groups consisting of students and faculty go from there.

The Open Seminars are exactly that—open seminars. They may cover any topic of interest and be held at any time students wish to organize them. The most accessible channel for organizing an Open Seminar is through Student Senate.

The Free University is a loose organization of groups who meet together to learn about a common interest. The purpose of this organization is to express and learn from the wide range of talent within the student body, faculty, and community.

The **EDUCATIONAL FILM SERIES** sponsored by the student body has nine films scheduled for the year. Film Series tickets are \$2.00 and may be purchased in the Student Body Office.

DRAMA PRODUCTIONS by Willamette University will be announced in the Collegian. All drama plays are free, tickets may be obtained by presenting your Student Body Card.

Seven **FACULTY RECITALS** will be presented by the College of Music this year. The recitals and other Willamette musical performances are open to the public without charge.

The **ART SHOWS** are held in the Fine Arts Auditorium. The schedule of the showings will be announced in the Collegian.
