

Queen Dona I to Reign Over May Celebration

May Tradition

May Queen Dona Mears and May Weekend manager Jim Bergmann start a new May Weekend tradition by planting a magnolia tree on the Willamette campus. (Photo by Nancy Stuart.)

Thomas, Stern, Vienna Symphony, Quartet Inked by Shaw for 1953-4 Concert Series

A diversified program of four nationally-known artists have been contract for next year's Willamette Distinguished Artists Series, according to Manager Stuart Shaw.

Thomas L. Thomas, baritone,

will appear in Salem November 6. Isaac Stern, violinist, will perform January 28; the Vienna String Symphonic on February 8; and The First Piano Quartet on March 13, 1954.

Manager Shaw has announced

that tickets are to go on sale either May 7 or 8. Student tickets may be obtained through representatives in living organizations or the ASWU office. Reserved tickets will be on sale at Stevens and Sons Jewelers in Salem.

This year's student tickets will be reduced in price from \$4.80 to \$4 for the season. Reserved seat prices will remain at \$6 and \$7.20 for the entire season.

Total cost for the four artists signed for the new season is \$5700. This figure is \$800 less than the artist cost of last season. Publicity will continue to be handled under Manager Shaw and the concert board.

The artists most unfamiliar to concert-goers in this area will probably be the Vienna String Symphony. The group will be appearing in the United States for the first time on a 50-appearance tour since their rise to fame in Europe.

headquarters in Bethlehem, Pa.

Interviews for seniors interested in the program will be held Monday. Application blanks are available in Dean Hatfield's office.

The program approaches the problem of aid to education and privately endowed colleges from "a new standpoint," Grace said.

In addition, the program is intended to provide college trained men for work in management fields with the steel company. Those selected for the training program will be advanced to positions of responsibility according to aptitude and training of the student.

Willamette will be given \$3,000 for each senior who completes the four-month training period. The money can be used by Willamette as it desires.

A Willamette graduate, James Garrett, was one of three Northwest college men accepted for the course last year. He is presently working with the company. One hundred seniors throughout the country are selected for the program every year.

Forty-two institutions, including seven on the West Coast, are included in the program. The other West Coast schools are Seattle University, Gonzaga University, University of Portland, University of Santa Clara, University of Southern California and Stanford University.

Bethlehem Steel Chooses WU For Financial Aid Program

Willamette was chosen this week as one of the 42 colleges to receive financial aid from Bethlehem Steel Corp., Mr. E. G. Grace, chairman of the company, said Saturday.

A payment of \$3,000 will be made to Willamette for each senior accepted by the company for its "loop training" program. This program gives four-month training in sales at the company's

'Good News' Play Tonight

The second performance of the musical comedy "Good News" will be presented tonight at 8:15 o'clock in the Parrish junior high school auditorium. Tickets at 25 cents can be purchased at the door, in the drama department office or from house representatives.

A first-night audience saw the first performance last night. A full chorus, dancers, a pit orchestra and a cast of singers presented the show, a comedy on college life.

The performance tonight is given in honor of Queen Dona I. The Queen, her court and special guests of the University from Oregon high schools will attend.

(A review of the play is given on page two.)

Schedule of Events

TODAY

12:30—Greased Pole Climb and Tug o' War, Sweetland Field
1:30—Parade Formed at Lausanne Hall
3:15—Band Concert McCulloch Stadium
4:30—ROTC Drill Team McCulloch Stadium
5:00—Barbecue McCulloch Stadium
5:30—Entertainment McCulloch Stadium
8:15—"Good News" Parrish Junior High

TOMORROW

10:00—Song Contest Gym
1:30—Coronation In front of Eaton Hall
3:00—Baseball game with Lewis & Clark College McCulloch Field
9:00—Coronation Ball Gym

SUNDAY

9:10-30—Queen's Breakfast Lausanne Hall
11:00—May Weekend Services Presbyterian Church

Parade, Play, Song Contest Set for Event

By C. Arthur Ruud

Collegian Campus Editor
Charming, brunette Dona Mears will be crowned Queen Dona I to highlight Willamette's forty-seventh May celebration to-

All Afternoon classes have been cancelled.

morrow at 1:30 on the green of Eaton. She will be attended by Princesses Jane Fooshee and Marie Corner.

May Weekend, however, will officially start for University students and about 200 high school guests today at 12:30 when the traditional battles between the two under-classes will take place on Sweetland field in the form of the greased pole climb and tug o' war.

The activity pace will speed up into this afternoon's events with an enlarged over-town parade scheduled to form in front of Lausanne at 1:30 and wind its way through Salem eventually culminating at McCulloch stadium. The parade is to be led by Salem's Mayor Al Laucks who will serve as grand marshal.

Cherrians to March

Included in the marching organizations will be the colorful Salem Cherrians, a 90-piece band from Springfield high school, a Dixieland band from Salem high, the Willamette band, the ROTC drill team, color guard and Queen Dona and her court. Living units will also have cars represented in the parade.

After the parades have arrived at McCulloch, the blue and white clad ROTC drill team will perform and bands will play. This will be followed by a "Pop" Cray barbecue of specially prepared ham. Town students can purchase barbecue tickets for 65 cents at the stadium.

Play to be at Parrish

The afternoon's agenda will swing into a bill of entertainment from 5:30 for about an hour until the program breaks up in preparation for the musical "Good News" in Parrish at 8:15.

Men's and women's living organizations will vie in song competition tomorrow morning at 10 in the gym. The all-campus sing will be aired over KOCO sometime next week.

'52 Queen Returns

The coronation ceremonies at 1:30 on Eaton lawn will see the return of 1952 Queen Betty Jean Mullin to crown this year's queen. The age-old ivy-planting will be abandoned in favor of a Magnolia planting by the queen. Maypole dancing by junior women and the daisy chain by the sophomore women are also part of the crowning ceremonies. In case of bad weather the gym will be used.

T'nT at Ten

Tuesday Convocation

Nominations and nominating speeches for next year's student body officers will be featured in the gym Tuesday.

Thursday Chapel

No speaker has been scheduled as yet for chapel Thursday in the Presbyterian church.

Willamette Gets \$1000 Grant From Zellerbach Foundation

Crown Zellerbach foundation of San Francisco has authorized a \$1,000 grant to Willamette for the 1953-54 academic year, President G. Herbert Smith disclosed Wednesday.

Purpose of the grant is to encourage and assist an undergraduate student whose character, ability and field of study indicate that he will contribute toward industrial and social progress in the Pacific Coast area.

Selection of the recipient for the Crown Zellerbach scholarship will

be made by the Willamette university scholarship committee.

Eligibility requirements for the scholarship stipulate that the awardee be in the third or fourth year of undergraduate study, a United States citizen and a major in the field of physical or social science.

SB Petitions Due Monday

Petitions for student body elections are due in the ASWU office Monday at noon, with nomination speeches scheduled for Tuesday convocation.

Petitions must be signed by 25. Elections will begin the week from Monday, May 11 and continue until May 14.

Along with the election for officers will be held a constitutional revision election to approve proposed changes in the constitution. A two-thirds vote of the student body is required.

Organist Guild Hears Recital by Schnelker

Joseph Schnelker, associate professor of organ and music theory, presented an organ recital at the Northwest Regional convention of the American Guild of Organists in Tacoma Wednesday.

Chemistry Offered

Students who would like to take an introductory course in chemistry during summer school session are advised to contact Dr. Nichol. The course will be offered provided enough register for it.

Exhibit of Da Vinci Inventions On Display in Band Building

Working models of inventions by Leonardo da Vinci which have been shown throughout the United States are now on exhibit in the rehearsal room of the University band building.

Arriving yesterday from its recent showing on the Oregon State campus, the exhibit will remain until May 11. The models, interpreted by Roberto A. Guatelli, are from collections of the fine arts department of International Business Machines corporation of New York.

Da Vinci, famous for such

paintings as Mona Lisa and The Last Supper, is noted as well for his contributions in the field of science.

Among his inventions on exhibit are a printing press, spring-driven car, ventilator, machine gun, lens grinder, self-propelled ship, parachute, helicopter, aerial bombs, clock mechanism and grinding mill.

The exhibit will be open to the public from 9 a.m. to 9 p.m. week days until May 11. It will be open Saturdays and Sundays from 1-5.

Alms for the Alma Mater

Several weeks ago the student council approved a plan to provide means whereby the student body could contribute to Willamette's building fund. This late in the year it doesn't appear the plan will get off the ground. But it deserves attention for the success of Willamette is every much as important to us students as it is to the administration.

New buildings, national scholarship programs, combined programs with large schools, mean one thing to us. Willamette is growing in prestige, and when Willamette grows, its graduates do too. We'll benefit from the added prestige which accrues to us through our alma mater.

Appeals for funds are made every day. Usually they're high sounding, soaked with platitudes. Ours is purely mercenary. If you think it's worth it to support a cause which in turn will help you, then count your money and if you can spare it, see Nancy Stuart, the business office, or us. A \$5 contribution multiplied by 1000 can do a lot of good.

We Must Not Offend

We're looking forward to seeing "Good News" tonight. Particularly after the interest a sorority created. The musical is centered about a college. There are a fraternity and a sorority involved, and unfortunately they happened to have the same names as two located on campus. It wouldn't be good rushing to allow our high school visitors to hear these names mentioned in the play because it would tend to twist their passions come Greek rushing season next September.

So, someone, we don't know who and don't care, protested to the administration that some changes should be made. Prof. Graunke obliged (with reluctance we bet because such triviality and pettiness must seem a lot of bother to anyone with perspective) and the script went to the dean's office. The name of the sorority and fraternity were changed with the suggestion, but only a suggestion, that the changes be incorporated in the play. Thus equality among the Greeks would be maintained for our guests.

We hope the change isn't made. It might encourage distressed parties to do the same in the future. Besides, we bet that most of the members of Chi Omega, Alpha Chi Omega, Delta Gamma, Beta Theta Pi, Phi Delta Theta and Sigma Alpha Epsilon don't give a darn if, oops . . . get some free publicity.

Out of 48, ONE

Apparently Morse's filibuster did very little good. Filibusters are such a waste of time, it hardly seems anything good could come from their use. But if it had stopped moves to give offshore oil revenues to the states, it would have more than paid its way. Morse and those who opposed the bill before the senate are to be commended for they seem to be among the few who regard our country as a nation and not as forty-eight states.

When we first heard about the squabble over who owned the land off the coastal states and who should get the revenues, we said to ourselves, why don't they compromise and give the money for something that would benefit the country, say, to education? That was exactly what had been proposed. No, patriotic citizens of Texas, California and Louisiana want such revenues for their coffers and theirs alone. What concern is it of theirs if the illiteracy rate and the health standards in the south are a national scandal? It was their land, they said, and the profits belonged to them. In rebuttal federalists said it was not theirs and profits belonged to the government.

We don't care to whom it belongs—legally. Technically and morally it belongs to the United States as a whole, and it is on these grounds that we back federal ownership of offshore, or tidelands. What right has California to get even richer when there are kids in this country who can't get the education a democracy demands because their states are too poor to provide the facilities. We don't attack California because she is wealthy, but because there are other states that are poor.

Logically this argument could be construed to mean that all states should relinquish their mineral, forest, etc., monies to a central treasury to be doled out on the basis of need to the other states. That sounds like a good idea and if it were proposed, we would support it. To whom do we belong, Oregon, or the United States. Will this country ever rise to its highest potential when the maximum opportunities for a good education are denied citizens of poorer states. And other benefits would accrue if the artificial division of this country into 48 partially-autonomous states were erased.

States-righters and others will say this is approaching socialism and that any system that gives a person something he doesn't earn (or can't but needs just the same) is degrading and will rot the insides out of a country that was built on free enterprise. But the days when a pioneer could become a lumber magnate or a clerk, a millionaire . . . over, and someone has to take care of the people . . . aren't potential Morgans or Hills and who can do little more than meet day-to-day expenses.

As for tidelands and states rights, are we one country or forty-eight? That's the question; not legal wrangles over title.

Marvels of Da Vinci

Steam Guns, Tanks, the Mona Lisa and Last Supper

By Loyal Howard

One of seven touring exhibits of the working models made from Leonardo da Vinci's scientific drawings has been set up in Willamette's art gallery for the duration of two weeks, as a special May Weekend attraction.

Famous for his painting "Mona Lisa," and the "Last Supper," he also was the first to approach science as an artist. His inventions, used with success during the artist's time, are as varied as the imagination could possibly be.

His steam gun, operated by the steam pressure created when water flowed into a barrel kept at red heat by live coals, is said by authorities to have fired its projectile three miles.

Other models include the parachute, a pyramid-shaped "tent of linen"; machine guns, a scaling ladder, aerial bombs, an excavating machine, projector, air-conditioning unit, two level bridge, printing press, self-propelled ship, military tank, jacks, hydraulic pump, lathe, furnace, breech-loading cannon, file cutter, and a clock mechanism to name only a few.

Perhaps one of the most outstanding models is Leonardo's ornithopter or flying machine. Consisting of a wooden frame, two huge "bird-like wings," a series of ropes and pulleys, and a windlass. Lying prone in the frame, his feet is leather stirrups connected by pulleys with the wings. At the same time, operated the windlass

with his arms and guided the machine.

Hindering the interpretations of the most prolific inventor the world has seen are the accompanying notes to his detailed drawings. All explanatory notes were written backwards making it almost impossible for others to steal his ideas.

All this and more is to be seen and enjoyed by Willamette students, May Weekend guests as well as the entire city of Salem and vicinity. "Leonardo da Vinci, interpreted through his paintings, studies, scientific investigations and inventions, brings before us a worthy example of a man exercising to the fullest extent his capacities to think, feel and create in service of his fellow men."

Pending in the Supreme Court

College Students Decry Discrimination

College students overwhelmingly disapproved of enrollment policies which discriminate against Negroes, according to the Associated Collegiate Press' national poll of student opinion.

Students from all parts of the country were asked, "what is your opinion of college policies which state that Negroes may not enroll there?" 17 per cent approved, 76 per cent disapproved, 5 per cent had no opinion, and 2 per cent replied with qualifications.

Students in the South are more evenly split on the question but still show a clear-cut majority against segregation. Splitting the poll by north and south opinion, only 5 per cent approve in the North, while 35 per cent approve in the South; and, while 90 per cent definitely disapprove in the North, only 53 per cent definitely disapprove in the South.

South Split

Students who approve of segregation often point to equal but separate school facilities. "Equivalent schooling can usually be provided elsewhere," says a freshman at Agnes Scott college, a girls' school in Atlanta, Ga.

"Negroes have their own colleges where whites may not enroll," says an engineering junior at The Citadel, Charleston, North Carolina.

A sophomore at Gustavus Adolphus College, Minn., comments "the soon we realize Negroes are human and will act human if treated in such a way, the better it will be for all."

A male education student at Southwestern Missouri State Teachers College thinks "mixing" would be uncomfortable for both white and colored races. But he adds, "I don't mean Mexican and other dark races."

The two per cent who duck the question by choosing "other" usually say the decision "is up to the board of trustees."

Keep the Bloodshed Down

The rules for the tug o' war and greased pole climb scheduled for Sweetland field at 12:30 today were released by May Weekend Manager Jim Bergmann in the hope that bloodshed be kept at a minimum. The participants are asked to be prepared to start their events on time.

Tug o' war rules: even sides, freshmen on north side of the mill street and sophomores otherwise, the rope cannot be secured to any objects other than persons in the contest and the de-

termining of the winner will be obvious.

Greased pole climb: even sides, sophomores will stand within a 20 foot diameter of the pole, there will be two five minute halves and if the sophomores win the first half, they will not have to defend the flag for the second; if they lost they must defend the flag another half. Anyone who is thrown out of the circle or who has chalk from the circle on him will not be permitted in any further play.

Times Square Off Broadway

By Phil Hammond

Whee! Good News! A rollicking few hours entertainment is here this weekend. Wednesday night I was given the opportunity to review the musical comedy "Good News" and I came away with the impression all good musical comedies should leave with their audiences. It's light-hearted and gay, full of dancing and singing and not much plot. Singing, dancing and drama have always produced great spectacles and this is no exception.

At the time of viewing, however, certain weaknesses were apparent. In all fairness to Dean Graunke, Maurice Brennen, Clorinda Topping and Doris Hale, along with the student leaders, let me preface the disparaging remarks by stating that these people have produced a fine show in a very few weeks and under terrific handicaps.

This will explain any fault evident Wednesday night. By the time of performance much of this trouble will be cleared up. I refer specifically to the lack of smoothness which is so characteristic of Prof. Graunke's work heretofore. All the parts have been practiced, that is apparent, but not all parts together. As a consequence we see a sofa misplaced, a chorus waylaid, or no place for the characters to get

out of their pajamas and into their white letterman sweaters. Another unfortunate result of too short a time in their auditorium is the poor diction of the chorus.

But my meaning is not to discourage any of you from going. Rather, I recommend it with heartiest approval, assuring you that if you did not see "Good News" last night then Parrish junior high at 8:15 is tonight's best entertainment by far.

Several elements of the show stand out as exceptionally well done. Malcolm Campbell and Lollie Coffey, of course, carry the weight on their shoulders and as such do a very good job. Malcolm's freedom of movement, his ease and nonchalance combine with Miss Coffey's sparkling singing to give that punch so necessary to the musical comedy.

The supporting characters, notably Dorothea Anderson as the campus beauty, Page Bailey as the roommate-hero, Bea Kaufman as the "gadfly" and Bob Alfred as "Beef" lend tremendously, in their exaggerated roles, toward producing this fine show.

Several other highlights should be mentioned. One is the fine singing of Coralie Doughton. Both in the routines and as soloist she shines. Another place to

watch for is the dressing room scene at half-time during the Tait-Colton game. Handled by Bob Kaufman, it marks a high spot for laughs.

Don't expect serious drama nor reality on the "good ol' Tait campus," but do expect an evening of fun and laughter. A better selection for this May Weekend could not have been chosen!

Campus Briefs

Trip on Tap

Any senior who has not yet signed up for the senior beach trip planned for May 8-10 is urged to contact George Buland at the Phi Delta Theta house at once.

The cost for the weekend at Bankgrove resort at Nehalem will be \$1.75 per night with food and transportation extra.

Scouts Visit Campus

Approximately 200 scouts attended a University-Air Force Career day on the campus last Saturday.

Feature of the day was an indoctrination flight aboard a C-47. Scouts also heard discussions on career opportunities in courses taught at Willamette.

For WU's Graduating Seniors, the Job's the Thing

By Ray Owens

Collegian Reporter

(This is the first of several articles on opportunities with-in fields for which training is given at Willamette.)

Provided the army or marriage doesn't get him (or her) first, Willamette's class of 1953 graduate can look forward to getting a pretty good job doing what he wants to do most.

"The economy of the United States is now operating at record-breaking levels and the job outlook this year is excellent," says the U.S. Department of Labor. In general University instructors will back this up.

Graduates intending to make the most of Willamette's ties

with large engineering schools will find job opportunities in abundance. War programs and expanding industry in the mechanized and technical age seem an unending source of jobs.

Chemists

Chemists and physicists likewise will find their training a pass-key to a prosperous future in an atomic age.

Job opportunities for physics graduates fall into three main divisions: Research, industry, or teaching. There are jobs in government research on the atomic energy commission, bureau of standards, and others; in private industry, telephone and electric companies and others.

For those who wish to continue their study and become teachers there have never been as many scholarships or assistantships open as this year, Dr. Robert Purbrick said.

Natural Science

Demand for personnel in most of the natural sciences has risen sharply in the past two years. The need is most intense for workers with graduate training or considerable experience, but a BS is still a valuable calling card.

Most graduates in biology, said Dr. Cecil Monk, step into graduate work or allied fields. A good number of graduate assistantships are available.

For those not wishing graduate work, the federal and state governments have an ample supply of positions open. Private industry is a fertile field too, Monk said.

Monk commended the study of biology not as much as an end goal or job but for the background and understanding it gives the student of himself and living things about him.

Mathematics

Math majors are in a category similar to physicists. Jobs are available in research, development and teaching fields. In addition, there are special types of jobs open, such as map making, decoding, statistical analysis, and

others, Dr. Chester Luther said.

He noted that many assistantships and scholarships are available to those who wish to do advanced work.

While a bachelor's degree is valuable, the labor department and the science faculty noted that the demand for better trained workers is increasing and that advanced degrees, when at all possible, should be the goal of every graduate.

Steel Company to Interview Senior Men for Sales Work

A representative of Bethlehem Steel Corp. which last week announced plans for a nation-wide financial assistance program in which Willamette is included, will be on campus Monday to inter-

view seniors for the company's "loop course."

The course will offer a four-month training course in selling with a starting salary of \$350 a month. The course leads to permanent work in the steel industry. About 100 college graduates throughout the United States will be enrolled.

Mr. Edward G. English, executive assistant, will hold a 30-minute individual interview with each man interested in the program. Application blanks, available in Dean Hatfield's office, must be completed before 9:30 Monday morning.

James Garrett was one of three college seniors from the Northwest who was accepted in the program last year. Graduates in any field will be considered provided they are interested in sales work.

Willamette will receive \$3,000 from the company for each senior who is selected and completes the four-month course.

All WU Men Must Report to Hatfield To Have Draft Deferments Continued

All male students interested in having their college deferments continued or in obtaining them are advised to report to the office of Mark Hatfield, dean of students, immediately.

They must make a request there to fill out specified government forms, which require information on grades, home town, birth date, classification, college major and degree, and number and address of the local draft board.

Dean Hatfield explained that freshmen who plan on returning to college must either have a 1-D deferment for ROTC, or National Guard or must qualify in one of two other ways. These are successful completion of the selective service exam, or being in the upper half of the male members of the class.

"As long as the world is in a series of political crises and there is need for manpower in the armed services, we'll have the draft," stated Hatfield. "In fact," he went on, "the present draft

laws may be tightened up, with the result that education deferments will not be as easy to receive."

Allers Granted Double Honors

Double recognition for achievements in undergraduate work went this week to twin sisters Wilma and Harriet Aller, seniors from Yakima, Wash.

Wilma Aller, a major in biology, has been awarded a \$1400 teaching assistantship in the Department of botany at the University of Wisconsin. Harriet has been accepted for graduate work at the Eastman School of Music at the University of Rochester, Rochester, New York.

Wilma will conduct 12 hours of lab and classroom instruction while working for her masters in botany.

Harriet, major in school music, will study for her master of music education degree at Eastman, one of the top ranking graduate music schools in the country.

Both women are members of Cap and Gown, senior women's honorary, Alpha Lambda Delta, freshman scholastic honorary and Delta Gamma sorority.

Marine Lieutenant To Talk to Women

Marine Lt. Edrey Schendel will be in the Cat Cavern from 9:30 to 11:30 this morning to speak to women interested in a career as a commissioned officer in the Marine Corps. She will show movies in Collins 204 from 2 to 4 this afternoon.

Women sophomores, juniors and seniors are eligible to apply for the Women Marine officer summer training course June 22 at Quantico, Va. Applicants must be between 18 and 27 and unmarried.

Sixteen Willamette Graduates Placed in Teaching Positions

Nine Willamette graduates and seven Willamette-trained teachers already in the education field have been placed in teaching positions for next year by the University placement bureau.

Marie Corner, Mark Cotton, and Jim Gay will instruct physical education at Waldport, Grants Pass and Toledo, respectively. Nancy Lawson Gay will teach art in Newport, while Phil Hammond has signed a contract at Jefferson high school in Portland as speech teacher.

Lavern Hiebert will be math instructor at Creswell next fall, Jean Kyle will teach speech in Bend and Albert Miller will combine mathematics and science at Redmond. Karl Schmidt has been

contracted to teach social science in Coquille.

Among the Willamette-trained teachers securing new positions are Alice Adams, music, Coquille; Henry Ercolini, history, Woodburn; Erving Miller, superintendent of schools, Jefferson high, Portland; Douglas Olds, vice-principal of Lincoln high, Portland; Benjamin Schoad, coach, Canby; Benton Dailey, Portland.

Vets, Attention!

Veterans' accounts at the book store will be closed on May 13, according to Mrs. Delia Larson, manager.

'Cats Await Third-Place Pioneers; Play for May Weekend Tomorrow

Rainy weather affecting Willamette's May Weekend festivities will have its effect on the

Northwest Conference Standings			
	W	L	Pct.
Willamette	3	1	.750
Whitman	3	1	.750
Lewis & Clark	4	2	.667
Linfield	2	2	.500
Pacific	2	4	.333
College of Idaho	0	4	.000

Northwest conference baseball standings also, since the Bearcat nine is scheduled to meet the

Pioneers from Lewis and Clark on Friday and Saturday.

The 'Cats will be playing to the May Weekend crowd on Saturday after performing for the L-C fans in Portland on Friday.

Willamette is tied with Whitman for the conference lead with a mark of three wins and a single loss. Lewis and Clark is next with a 4-2 record.

No substantial changes in the 'Cat lineup are planned on by Coach John Lewis as he will send Andy George to the mound on Friday and Dave Gray or Mickey Coen on the Willamette field. Harve Koepf will do the receiving both afternoons.

Pete Reed, who hammered out two homers in the first game against Linfield last weekend, will be on the initial sack, Dave Perlman and Elmer Haugen will play in the keystone, and Tex Kirkendahl will do the chores on third base.

Denny Elsasser, Chuck Lewis and Lefty Shield will operate in the outfield.

Congratulations to Record Holders

Ted Ogdahl, varsity track coach, congratulates record holders Layton Gilson, center, and Dean Benson. Gilson holds the school record in the discus at 135 feet and three inches. Benson broke Ted Mertz's high hurdle mark with a 15.3 performance last weekend. Both men will get another catch to better themselves tomorrow when the Bearcats meet Whitman at Walla Walla. (Photo by Bill McKinney.)

Willamette Cindermen Whip Badgers; Dean Benson Sets High Hurdle Mark

The Willamette Bearcats continued to ride high over their opponents as they registered their fourth straight dual victory by whipping the Pacific Badgers 93-37 on the McCulloch oval last Friday.

Jayvees Nip Cascade For Third Win of Year

With the help of timely hitting and three enemy errors, the Willamette Bearkittens made it three for three as they downed Cascade high school 5-1 on the McCulloch diamond last Saturday morning.

The Bearkittens jumped to a three-run lead in the fourth inning on two errors and hits by Jerry Doan and Ray Chiapuzio. The Jayvees scored their only earned runs of the morning on a walk, Doan's double and a single by Bob Miller.

Dean Benson set a new record in the high hurdles as he ran the course in 15.3 to crack the old standard of 15.4 made by Ted Mertz in 1951. Benson also won the low hurdles.

Bill Van Horn ran the 100-yard dash in ten seconds flat for the third time in two years. Van Horn, Mertz, Rex Putnam and Brazier Small all hold a share in the century record.

The Bearcats finished first 12 times as Pacific was able to win only the 220, 440 and pole vault events.

The summary:
High Hurdles: 1st Benson (W), 2nd Standifer (W), 3rd Craig (P). Mark: 15.3.

100: 1st Van Horn (W), 2nd Millis (P), 3rd Zoelch (W). Mark: 10.

150: 1st Stephenson (P), 2nd Empey (W), 3rd Smith (P). Mark: 4:37.7.

440: 1st Stewart (P), 2nd Bergmann (W), 3rd Krehmeir (P). Mark: 5:33.

Low Hurdles: 1st Benson (W), 2nd Cocking (W), 3rd Craig (P). Mark: 25.

220: 1st Millis (P), 2nd Van Horn (W), 3rd Lofland (W). Mark: 22.2.

880: 1st Hovis (W), 2nd Miller (W), 3rd French (P). Mark: 2:05.

Broad Jump: 1st Shangle (W), 2nd Leeman (P), 3rd Tonnank (P). Mark: 21 feet.

Discus: 1st Gilson (W), 2nd Holzgang (P), 3rd Porter (W). Mark: 125 feet 2 1/4 inches.

High Jump: 1st Colvard (W), 2nd Standifer (W), 3rd Connor (P), Holzgang (P). Mark: 5 feet 8 inches.

Pole Vault: 1st Hatfield (P), 2nd Malcolm (W), 3rd Connors (P). Mark: 11 feet 6 inches.

Shot: 1st Hitchman (W), 2nd Gilson (W), 3rd Holzgang (P). Mark: 43 feet 10 inches.

Javelin: 1st Neperud (W), 2nd French (P), 3rd Benson (W). Mark: 201 feet 6 1/4 inches.

Two-Mile: 1st Empey (W), 2nd Stephenson (W). Mark: 10:30.3.

Relay: 1st Willamette (Hitchman, Bergmann, Griffith, Miller). Mark: 3:35.7.

Ovalists Meet Missionaries

By Don Long

Willamette's undefeated track team can expect a tight battle with the Whitman Missionaries in their Saturday meeting at Walla Walla.

Advance information from Eastern Washington shows the Whits with quite a few formidable individual standouts but lacking the depth that has been Willamette's.

The Northerners are led by Harold Parrott, who last week in the Moses Lake Invitational won the mile in 4:31.7 and the 880 in 2:06. It was Whitman's second meet, compared with WU's fourth. Versatile Bill Klise won the five-way fight in the pole vault at 12 feet even. Other winners for Whitman were Morrie Robinette with a 21' 7" effort in the broad jump (he also placed in the 100) and the mile relay, which turned in a good early-season time of 3:32.

Freshman Sherm Hibbert, second in a 10:25.5 heat of the two-mile, should give Willamette's hope, Don Empey, a good race. The other Missionary point-earners were Billy Mays, third in the 440, and Junius Rochester, third in the high hurdles.

Here's how the dopesters might look at the meet: 100—WU shouldn't have much trouble, with Bill Van Horn and Rollie Cocking right around 10 flat; Whitman's best is 10.5. 220—Again the Bearcats should sweep, although injured Robinette may surprise. 440—Here is Whitman's test. It will be Bergmann and Griffiths hoping to crash through Whits' power. 880—Mike Hovis (2:06) versus Parrott (2:06). Mile—Ralph Stephenson has done 4:33 without much competition. A key to the meet may be whether he can beat Parrott.

Two-mile—A fairly close race is in prospect. High hurdles—Whitman doesn't have a thing to touch Dean Benson and Larry Standifer if they are in top form. Low hurdles—Once again Willamette dominates. Rollie Cocking and Benson lead the Cats. Pole vault—The fight will be for second, with Klise conceded victory. High jump—This is a toss-up, with Merlin Schulze and Bill Colvard carrying Willamette's banners. Broad jump—Vern Shangle and Schulze should press Robinette in this event. Shot put—Champion Jim Hitchman (46' 10") and Layton Gilson far ahead of the field, with soph Bob Alfred a possibility for third. Discus—Another possible sweep, with Gilson leading WU. Javelin—The Missionaries don't have anyone to come near Stan Neperud and Company. Stan will be out to break his best of 206 feet plus. Mile relay—The men of Ted Ogdahl should give quite an argument, but on the basis of time it looks like Whitman's win in a close race.

Arbitrarily assigning places and giving Whitman's unknowns the benefit of a doubt it still appears to be Willamette's meet in a score of 72-59. Just a few come-through performances, though, could make it a see-saw affair.

Intramurals

Rain and wet grounds all but held intramural softball to a standstill. The SAE's did manage to defeat the Phi Deltis 11-3 in the only game of the week. In badminton play, the Phi Deltis, the Sigs and the Wits won. There will be no tennis action tomorrow because of May Weekend activities.

Bearcats Split, Drop Into First Place Tie

George Hurls 8-5 Win Over Linfield

Andy George curve balled his way to his second league win and his fourth straight for the season as Willamette downed Linfield 8-5 last Friday afternoon on the McCulloch diamond.

First baseman Pete Reed furnished the power for Willamette as he homered twice and doubled in four trips to the plate.

The Bearcats opened the scoring in the first inning with three consecutive singles by Bill Nelson, Chuck Lewis and Dave Perlman. The burst was good for two runs.

The Linfield Wildcats went ahead in the third inning on Dick Hiller's bases-loaded triple.

The next two innings Reed went to work. In the fourth, he tied the ball game up with a home run over the right field wall. The following inning, after Willamette went ahead as Lewis scored on a fielder's choice, Reed poked one over the center field fence with Harvey Koepf aboard.

Reed doubled to left to start off a two-run eighth inning for the Bearcats.

Besides defeating Linfield, George holds a victory over Pacific and two over Oregon State college.

Linfield (5)					(8) Willamette

Number Four

Andy George curve balled his way past Pacific last weekend and leads Bearcat pitching with four straight wins.

Weather Permitting

Willamette's tennis team will meet Oregon College of Education tomorrow afternoon on the home courts, weather permitting.

The Bearcats had tennis matches with OCE and Pacific called off this past week because of rain. Coach Les Sparks' crew will be host to the conference match Friday, May 15, also weather permitting.

WU Nine Suffers Initial Loss, 4-2

Five errors, four of which figured in the scoring, cost the Willamette Bearcats their first Northwest conference loss as the Linfield Wildcats notched a 4-2 win last Saturday in McMinnville in a rain-halted contest.

The loss dropped the Bearcats into a first-place tie with Whitman. Both teams hold 3-1 records in league play.

Mickey Coen was touched for the Linfield loss and Bob Coursey was the winning pitcher.

Willamette scored its only runs in the second inning when Pete Reed singled, Coen and Tex Kirkendall walked and Denny Elsasser singled. An error on Elsasser's hit helped the scoring.

Coach Roy Helser's squad tallied twice in the first frame on an error, a walk and Bob Zueger's single, got another in the fifth via two more Bearcat miscues and added their fourth marker in the sixth when Milt Kruger tripled and scored on an error.

Bearcat Golfers Win Despite Wittenberg Out

Willamette's golfers found out if they had it under pressure this week, when they overcame the handicap of having star and number one man Bill Wittenberg sidelined.

The Cats, now led by Dick Church, who shot a 75 on the Forest Grove church, defeated the strong Pacific Badgers, 13-5. WU garnered four wins out of six matches, while losing one set 3-0 and another 2-1. Behind Church were Kent Meyers (77) and Ellis Von Eschen (78). Ken Baines and Dick Renn lost their matches, but freshman newcomer Jim Gilliland won three points.

only Willamette women entered, both won their matches.

The tennis team will have a belated opener in dual meets next Tuesday when they face Linfield on the home courts. Two previous matches, one against Oregon College of Education and the other against Lewis and Clark, were postponed because of bad weather. Short fired a 476 out of a possible 540 to take the archery honors. Two Willamette women placed second and third, Judi Wood and Jan Denny. Lynn Moodhe of Willamette finished in fifth place as she was edged out by a Marylhurst entry.

Saturday's playday was the last for the year as eight schools attended the competition. Besides Willamette, those who attended were Linfield, Marylhurst, Lewis and Clark, Pacific, George Fox, Portland State and Reed.

Baxter Takes 'Mural Bowling Crown After Edging Betas in League Playoff

Baxter hall, by only 19 pins defeated the Beta "A" team bowlers in the final league playoff at the University Bowl last Thursday.

The Baxter "A" keggers, employing the talents of Bob Stone, Bob Redding, Gordon Wylie, and Carl Butte, smashed their way past the Beta "A" bowlers 2154 to 2135, and established themselves as the clear-cut winners of the season's competition.

Several league records were broken in the playoff. The Baxter team tore down the SAE "A" high team series of 1914, by bowling a 1932 team series. A high team game of 696 shaded the old record set by the SAE "A" team which was 690. Carl Butte, Baxter bowler, set himself

up as an intramural bowling champion by bettering Dick Church's old high individual series of 545, as Butte rolled a high individual series of 574. Carl, a regular bowling "natural" beat his own high individual game series of 214 by rolling a 223 in the playoff.

Gay Weeks, Bob Smith and Don Hosford are shown welcoming a guest for May Weekend.

Court Cuties

May Weekend festivities will center around the royal court, over which Queen Dona I will preside.

Elected by the vote of the student body to rule May Weekend, the three members of the court have been active in student body affairs during their years at Willamette.

Queen Dona Mears, a brown-eyed brunette, is an economics major, and comes from Roseburg. While at Willamette she has been chairman of the leadership training program, president of Pi Beta Phi, on the Varsity court, treasurer of Cap and Gown, and was Homecoming hostess in her junior year. Future plans include a wedding this summer to Bob Platenberg, to whom she was recently engaged.

Princess Jane

Always seen at the music school is princess Jane Fooshee, who chose this field as her major. This petite brunette is a member of Alpha Chi Omega, and has also participated in the choir, Cap and Gown, and is a member of Alpha Lambda Delta and Mu Phi Epsilon, music honorary. Jane has chosen the Uni-

versity of California as part of her future plans, for she plans to attend that school next year to work on her master's degree in music.

Princess Marie

The only blond in the court, Marie Corner, from Bothell, Washington, will graduate from school with her degree in physical education. She plans to teach school in Waldport next year. Among her activities are choir, a class officer, and one of the leads in the play, "Papa Is All." She was a princess on the Varsity court.

the last word from ann klindworth

Breakfast will be served to Queen Dona I, her princesses, attendants and subjects by the YWCA at Lausanne hall on Sunday morning. Sally Benjamin is the busy chairman for the affair . . . and food has been planned by Sharon Perry. Members of Pepecats and the YWCA will serve the guests at tables arranged by Nancy Taylor. Pat Sundstrom is publicizing the event and Ann Blatchford is in charge of tickets and invitations. Breakfast will be served from 9 o'clock to 10:30 . . . convenient times for church goers. The court plans to be there about 10 so you can plan on eating with royalty if you like.

Board Meeting

The activities board met Monday for some last minute scheduling and a summary of the year's activities. The Sigma Chi house dance has been changed to May 23 . . . the fellows are planning a real hoe down from

Royal Weekend . . .

With the arrival of more than 200 high school seniors, the campus is fairly bursting with all kinds of activities planned to show how Willamette students live and act.

Following the festivities today at McCulloch stadium, which will include a barbecue, entertainment and a band concert, the guests will attend the May Weekend play, "Good News," a musical comedy to be presented at Parrish junior high school.

Saturday is filled with functions, beginning with the all-school sing, followed by the queen's coronation, which includes the May pole dance and the daisy chain. Sophomore women will participate in the latter, and juniors Mary Polales, Carol Emerson, Johanna Beckham, Linda Gregg, Shiela Schuerman, Donna Cheney, Liz Shields, Nancy Doughton, Lynn Meiseger, Jane Gray, Frances Graham, Mary Campbell, Dolly Montag, Grace Link, Mary Jane Stewart, Harriet Bennett, Charlene Asvik, Donna Cheldelin, Delores Miller, Margie Dawson, Margie Leonard, Betty Walser and their escorts will perform the May-pole dance.

At the coronation Dona Mears will be crowned May queen, and will have as her attendants Amyllis Lillis and Eleanor Oakes. Princesses Marie Corner and Jane Fooshee will have Nancy Lawson Gay and Ellen Schadel as their attendants. The crown bearer will be "Cappy" Paeth, son of Charles A. Paeth; JoEllen Bull, daughter of Sgt. Eugene Bull, and Debby Graunke, daughter of Dean Graunke, will be the two flower girls.

"Coronation Ball"

Based around a medieval coronation ceremony will be the May

Weekend dance, the "Coronation Ball," which will be held in the gym from 9 to 12 o'clock.

Frank Elliott and his orchestra, who are currently playing at Jantzen Beach, will furnish the music for the dance, planned by Carolyn Crane, chairman for the event.

Donna Cheldelin, chairman of invitations and chaperones, has invited as honored guests Dr. and Mrs. G. H. Smith, Dean Re-

gina Ewalt, Dean Mark Hatfield, the faculty, and trustees in the Salem area.

Chaperones are Mr. and Mrs. Clarence Kraft, Dr. and Mrs. Ivan Lovell, Dr. and Mrs. Robert Gregg, Dr. and Mrs. Charles Derthick and Dr. and Mrs. Daniel Schulze.

Women have been given special 1:30 late permissions. Flowers are not in order for the dance.

Tickets at 25 cents can be purchased at the door, the drama office or from house representatives. (Photo by McKinney.)

Rule Changes Still Pending

Further action on revision of women's regulations in the student handbook is still pending, said Judy Fullager, chairman of the Associated Women's Students judiciary committee, following a meeting last Wednesday with Dean of Women Regina Ewalt.

The discussion of the rules is a part of the preparations for the publication of a new edition of the handbook next year. A similar procedure has been followed in past years.

An open meeting has been planned for the near future at Lausanne in order to hear the views of the entire campus. Rules under discussion include the prohibitions of periodical "late pers" for women in favor of 10:30 closing hours each night except for Friday and Saturday when 1 a.m. closing hours would be allowed. Under discussion also are calling hours, smoking and rules which now pertain only to Lausanne.

Tomorrow's All-Campus Sing To Include Ten Living Groups

Ten campus singing groups in men's and women's divisions, will compete for vocal honors tomorrow at 10 a.m. in the gym as the May Weekend spotlight is focused on the all-campus sing. Winners will be announced at the 1:30 coronation where they will repeat their songs.

Alpha Chi Omega has won the women's trophy five times since it was originated in 1944 and Beta Theta Pi has copped the winner's trophy four times. Baxter and Pi Beta Phi won last year.

FTO Elects Mase As State President

Dick Mase, senior major in physical education, was elected state president of the Future Teachers of Oregon at an all-day meeting in Portland Saturday.

The organization is an assemblage of Future Teacher chapters from individual campuses. He succeeds Ken Mohnsey, ex-president, from SOCE.

Layton Gilson and Tom Edwards accompanied Mase to the meeting. Mase was Willamette's only all-conference player on the 1952-53 basketball squad. He is past-president of the Willamette Independent Town students organization, and a past officer of the local FTA chapter.

Hampton to Head Next Year's Choir

Lewis Hampton, sophomore, was elected president of the choir for the 1953-54 year in an election Wednesday.

Also picked to serve as next year's officers were Carol Emerson, vice-president; Coralie Doughton, secretary and Dan Dearborn, treasurer. Appointive offices will be named later.

Sixteen new members were accepted into the Lindberg chapter of the Arnold Air Society and new officers were elected this week.

The new members are Stan Steindorf, Gene Poindexter, Bob Goff, Bill Van Horn, Rollin Cocking, Bill Covert, Laurie Peterson, Vern Zeuske, Larry Pritchett, Herb Brower, Bill Colvard, Joe Harvey, Mike Tavenner, Walter Oerding, Don Fisk and Tom Bright.

New officers elected are squadron CO, Joe Harvey; executive officer, Laurie Peterson; pledge officer, Walter Oerding; information officer, Vern Zeusk, and sergeant-at-arms, Don Fisk.

Job Opportunities

A representative of the state civil service commission will be on the campus next Thursday from 9 a. m. until noon seeking applicants for social casework and accounting positions. He will also be prepared to discuss job opportunities in other phases of state government. The representative will be in the office on the east end of the third floor Waller hall.

AWS Scholarship Applications Due

Applications for the second annual \$100 AWS scholarship available to Willamette women should be made this week, according to organization president Mary Campbell.

Each woman who is applying is requested to submit a letter of her qualifications to Miss Campbell by May 6. Selections are to be made on the basis of scholastic standing, need, service.

The AWS council will screen all applications and submit their recommendation to the University scholarship committee which will make the final decision. Awards will be made at the year-end awards assembly.

Women Interviewed

A representative from Lipman and Wolfe Co. will be on campus Monday to talk with women interested in working on the firm's college board. The company is particularly interested in junior and senior women, but lowerclass women will be considered. Arrangements and appointments may be made in Dean Ewalt's office.

ROTC Drill Team Marches at Game

Willamette's ROTC drill team were guests of the Salem Senator baseball club yesterday, performing at Waters park prior to last night's game.

Cadet Lt. Bill Van Horn and approximately 24 members of the drill team began drilling at 8 o'clock and performed for about eight minutes.

The drill also demonstrated for the Explorer Scouts who visited the campus last Saturday and will participate in this afternoon's May Day parade.

Bennett Addresses Methodist Youth Meet

Dr. Thomas Bennett returned this week from Milton-Freewater where he was the main speaker at the three-day Portland District Methodist Youth Fellowship conference.

Delayed Helicopter to Drop in on Campus Thursday

The Navy's version of the famous Hiller helicopter will visit the campus Thursday between 11 and 1:30. The 'copter's visit was originally scheduled for Tuesday, but had to be postponed. It will land on Sweetland field.

The pilot of the helicopter, recently returned from a tour of duty flying rescue missions in Korea, will give flight demonstrations and information about helicopter flying. Rides will be available to a small number of

students who are in some branch of the armed service, either regular or reserve.

The helicopter's visit is part of the Naval Aviation Cadet procurement program in Oregon.

WILL THIS SUIT FIT **YOU?**

IT TAKES a good, tough, serious guy to wear the gear of an Aviation Cadet. But if you can measure up, here's your chance to get the finest in aviation training—training that equips you to fly the most modern airplanes in the world and prepares you for responsible executive positions, both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the

beginning—your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE? To qualify as an Aviation Cadet, you must have completed *at least* two years of college. This is a minimum requirement—it's best if you stay in school and graduate! In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER
If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.

Where to get more details:

Visit your nearest Air Force Base or Air Force Recruiting Officer. Or write to: Aviation Cadet, Headquarters, U. S. Air Force, Washington 25, D. C.

3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.
