General Information

The Summer Session of Willamette University for 1941 will begin June 9th and continue for six weeks until July 18th. Situated adjacent to the State Capitol, the State Library and the state institutions, the University offers unusual opportunities for study and research. Its proximity to Portland, the sea coast and the Cascades provides varied possibilities of recreation.

Registration

Students will register on Monday, June 9th, at the office of the Registrar in Eaton Hall. All faculty members will be available for consultation on that day. Classes begin on Tuesday morning, June 10th. Examinations will be conducted on Friday, July 18th.

Maximum Load

Students may enroll for a maximum of six hours credit in the summer session.

Fees

Tuition for 6 hours credit	\$35.00
Tuition for 4 hours credit	25.00
Tuition for 2 hours credit	15.00

Laboratory fees in laboratory courses are indicated in course descriptions.

Graduate Credit

Persons desiring credit toward a graduate degree should consult, in advance of registration, with Dr. H. C. Hutchins of the Department of Education.

Grades

The system of marking is as follows: A, Excellent; B, High; C, Average; D, Passing; F, Failure.

Numbering of Courses.

The courses are arranged in Lower and Upper Division. Lower Division Courses are numbered from 1 to 50. Upper Division courses from 51 to 99.

Class Meetings

All classes meet daily Monday through Friday unless otherwise indicated. The figure following the title of each course represents the semester hours of college credit which may be earned. Classes may be cancelled because of insufficient enrollment or unavoidable cause.

Courses of Instruction

Art

- 3S Art Survey (2) Fowler. 9 Daily.
- 53S A survey of the development of art from the Renaissance to the present.
- 5S Art Structure (2) Fowler. 10 Daily.
- 55S A study of the fundamentals of pictorial design, various media.

Biology

- 53S Anatomy and Physiology (4) Monk. 9-10 and 1-4 Daily.
This course aims to give the general student an adequate knowledge of the structure and functions of the human body. Prerequisite, a year of Biology and a year of Chemistry.
Laboratory fee \$3.00.

Chemistry

- 61S Organic Chemistry (6) Johnson. 8 Daily.
A relatively brief survey of both aliphatic and aromatic carbon compounds; planned to serve students preparing for medicine, dentistry and nursing.
Laboratory fee \$7.50, Breakage deposit \$5.00.

Economics

- 63S Economics of War (2) Liebes. 8 Daily.
A contemporary study of the transition from a peace-time to a war-time economy.
- 66S Economic History of Modern Europe (2) Liebes. 9 Daily.
Economic developments since the Industrial Revolution and their effects upon the present European pattern.
- 67S Contemporary Economic Problems (2) Jones. 11 Daily.
Discussion of current problems of monetary and banking control, international trade, labor relations, war finance, etc.

Education
