WILLAMETTE COLLEGIAN, FEBRUARY 7, 1929

PRICE FIVE CENTS

CHARTER GRANTED TO INDEPENDENTS

PLEDGING WILL BE SOON

New Society Will be Known As Willamette Chapter of Daleth Teth Gimel

The newest organization on the Willamette campus, the Independent Women's Association, has been accepted as the third chapter of Daleth Teth Gimel, Hebrew letter society now being organized, according to word received here recently by Bernice Jackson, president of the local group.

Washington State College at Pullman and the University of Idaho at Moscow have the first two chapters. Representatives from these two chapters plan to be on the campus sometime this spring to install the Willamette chapter.

Daleth Teth Gimel, which is composed of undergraduate women will be the only national social organization, and with the exception of four honoraries, the only national organization of any kind at Willamette.

All women not living in organized group houses, whether they are members of sororities or not, are eligible for membership in this association if they are able to fulfill certain requirements as to scholarship and character.

The local chapter was organized last fall and, although at the time of its formation, its constitution was formulated after that of Daleth Teth Gimel, its probable affiliation with that group was not made public at the time. No changes in the local constitution are necessary.

According to the constitution the president and secretary shall meet with all those women who are interested in order to explain the purposes of the organization to them before new members are as stressed by its founders, is to give social background to the college years of women not living in organized group houses.

Officers of the local chapter are: Bernice Jackson, president; Dorothy Hutchason, vice-president; Dorothy Whipple, secretary; Leah Fanning, treasurer; Camilla Gates, social secretary; Edith Marange, marshal; and Margaret Klein, secretary of the catalogue.

Forty-two charter members comprise the present membership at Willamette. Pledging of new members will take place within a few weeks.

PROF. HALL INJURED IN FALL FROM TRAIN

Dr. John O. Hall, head of the public speaking department at Willamette university, was seriously injured Tuesday night when he slipped and fell from the steps of a Southern Pacific railway coach from which he was alighting at the local passenger station. He was taken unconscious to the Willamette sanitarium. The seriousness of his injury had not been determined definitely up to an early hour this morning.

Inter-Fraternity Meets

The inter-fraternity council held a brief meeting February 5 at the Alpha Psi Delta house. After the regular routine business was discussed.

STUDENTS ADMITTED ON MAJOR, MINOR SUBJECT

Rule Passed by Representatives of Colleges in Oregon at Meeting Held Here

A group of sixteen representatives from all the universities and colleges in Oregon met on the Willamette campus on January 26, and decided on the minimum college entrance requirements.

The committee voted to admit students on one major and two minor subjects or on one minor and two major, all of which must be academic subjects.

The major subject must be taken for a period of three years and the minor for two. The previous requirements were one year less for each.

This arrangement gets away from the old classification and reduces the number of units so that the present requirement is that eleven out of fifteen units must be academic.

502 MARK REACHED IN REGISTRATION

Law School Has 40 With Two Women Enrolled. More Women in Arts

Total registration at Willamette university for the second semester of the school year was 502 Tuesday night, according to R. A. McCully, registrar. In the school of liberal arts there were 258 women and 204 men registered; in the law school there were 38 men and two women. Several students entered the university for the first time, and several who had dropped out a year ago re-entered to complete work for graduation.

Classes at Kimball School of Theology resumed their regular schedule Tuesday.

PLAY IS SPONSORED BY WOMEN'S CLUB

"Candida," which was first presented by Theta Alpha Phi on Friday night, January 25, at the Oregon Theater, was a remarkable success. It proved to be one of Willamette's best productions, not only from the standpoint of the actual acting but also with regard to the artistic effects. This is the judgment of Miss Walker and Dr. Gatzke, the coaches, of Mrs. Anderson, president of the Drama League, and of other critics.

The cast was very well balanced, and each player had special ability in his or her part. One local critic congratulated the coaches on "having such a mature young woman to play Candida's part."

Because several conflicting affairs were being held in Salem that evening, the attendance at "Candida" was rather small, resulting in a deficit of forty dollars, which is shared by Theta Alpha Phi and the University Women, who sponsored the play.

Museum Receives Candle Holder

Dr. Eugene Graves of Shevadan, Oregon, has presented a gift to the Willamette museum in the form of a candle holder. This holder was formerly in the Pleasant Hill M. E. church which was erected in 1854.

SMALL TOWNS PAY MORE THAN LARGE

KAUFMAN HAS MUMPS

Club in Marshfield Tonight Men Receive Packages of Dates. All are Tired

Concerts given in smaller towns are proving to be of greater profit than those given in the larger variety according to the manager of the Men's Glee Club which tonight gives a concert in Marshfield.

Good houses have been played to in Klamath Falls; Crescent City, California; and Butte Falls. In the town first mentioned the men had to sponsor their own concert, and upon arrival proceeded to sell their own tickets.

One member of the quartet, Walter Kaufman, had to be left at Medford with a case of the mumps. He is now convalescing in the hospital and will be unable to return to Salem with the club. With exception of one night when Joe Nee, '27 and former member of the Willamette Club, filled the vacancy the quartet has been forced to give their numbers in trio fashion.

All of the men are rather tired in spite of the fact that they re-

Although Daleth Teth Gimel is essentially a social organization it seeks high ideals, scholarship, backing for college activities, and

(Turn to Page 3, Please.)

PROMINENT STARS ENTER W. U. CAMP

Jones of Salem Hi, Benjamin of Gothenberg, Nebraska, McGinn of W. S. C.

With the beginning of the new semester but a few days past, Willamette fans can be glad to hear that several prominent athletes have entered the Bearcat camp to compete for the cardinal and gold.

Heading the list is Keith Jones, ex-Salem High tackle. Jones is a brother to Lynn Jones, former Oregon fullback, and shows all the possibilities of becoming equally as good a player. Jones tips the scales at about 155 and with his natural football ability and aggressive spirit, should do a lot to strengthen the Bearcats in 1929.

Roy Benjamin is another athlete of note and comes with the reputation of being a basketball player of all state ability. Benjamin won his laurel in Gothenberg, Nebraska, and has declined to play in the west, choosing Willamette and Speed Keene for his future.

Louis "Pat" McGinn, a W. S. C. transfer, is a baseball and football player of considerable ability. McGinn is a halfback of the aggressive type and has had several years of high school football to his credit. McGinn is also capable baseball receiver and was one of the leading hitters around Seattle, Washington.

Louis Johnson, fullback from Tillamook, is another good football man that has entered Willamette this fall. He has plenty of fight and experience and has the possibilities of making good under Coach Keene.

FRESHMAN GLEE SONGS DUE BY FEBRUARY 16

Music Must Be Harmonized and Songs Written On Score Paper For Committee

All Freshman Glee songs must be in the hands of the committee by 6:00 o'clock on Saturday, February 16. The music must be harmonized and the songs written on score paper for final presentation. Such is the substance of an announcement made by the committee composed of Marjory Miller, Frances McGilvra, and Willis Hathaway.

Mary Allen and Grace Henderson wrote the song chosen by the sophomore class, and the junior song is by Rae Windust and Marjory Miller. Practices have begun and this year's Glee promises to be bigger and better than ever before.

\$100,000 LEGACY GIVEN BY HAUSER

Collins Offers to Add 15 Cents to Every Dollar Paid in to- ward Present Drive

At the trustee meeting in Portland last Tuesday, Dr. Carl Gregg Doney announced the legacy of \$100,000 left to Willamette University by Eric Hauser of Portland, former contractor and owner of the Multnomah Hotel.

He also reported the offer of E. S. Collins to add 15 cents to every dollar paid in toward the present campaign to raise \$300,000 to complete the endowment of Willamette University.

In the campaign for the endowment six years ago, three of the trustees called on Mr. Hauser and presented the endowment cause to him. At this time Mr. Hauser stated that this was the first time that the claims of a Christian college had been presented to him. Soon after this interview he made his first gift to education of any kind. Since that time he has helped several other colleges.

According to the contract, legacies may not be counted toward the Rockefeller fund.

Mr. Collins' offer to add 15 per cent until the sum of \$250,000 has been reached, would make the largest amount of his gift \$47,500.

LIBRARY RECEIVES REFERENCE BOOK

A reference book weighing 24 pounds and containing 3,164 pages was received at the library Monday. The book, United States Catalogue, is published by H. W. Wilson Company, the editorship of Carol Hurd and Mary Burnham. It includes the full name of the author, the selling price, a brief resume of the content and the dates of periodical publication of every book in print in the United States on January 1, 1929. A very large staff of assistants aided in compiling the material.

Recently, when books for the second semester were received in the university book store, Mr. Oherson referred to this catalogue in order to determine the selling price of the text books. The library staff find it to be of inestimable value as a reference book.

200 ETC. GATHER IN PEP BANQUET

TOWN BEHIND BALL TEAM

Hewitt, Toastmaster, Speeches Given by Coach Keene "Bill" Phillips, Dr. Doney

Two-hundred "etc." gathered at a dinner in the Presbyterian church to honor the basketball team, and those associated with them Wednesday evening.

"We are out to win" was the motif of every man and woman and child present, and it was backed up by the spirit of the group. "Sixty-five per cent of the student body," were the words of the Coach. And it was of general agreement among the members of that body that they were going to furnish that portion.

"The town, and the townspeople are behind Willamette's basketball team, and are going to turn out to see them win tomorrow night," said Mr. "Bill" Phillips who represented the town citizens at the gathering.

Dr. Doney proceeded to draw everybody's attention to the information portrayed on the east wall of the room, and from the amount of applause it was gathered that all were in sympathy with portrayal. (For the benefit of those who were unable to attend it may be pointed out that a Willamette pennant and a Whittman pennant were hung on the east wall, the former at a slightly higher altitude, and the latter upside down.)

The team and the reserves were introduced to the assemblage by Ivan White while the response was given by the students in form of yells and songs. Dean Hewitt acted as toastmaster for the banquet.

The dinner, first of its kind in the history of Willamette was made possible by the cooperation of the various Houses and the Hall under the directorship of the Pep staff and the Blue Key.

ARRANGEMENT MADE FOR HOUSE PARTY

Saturday, February 9, has been set apart by Y. W. C. A. members for an all-day house-party with Miss Marcia Seeber, National Secretary of the Y. W. C. A., Seabeck Division, who is on the Willamette campus for three days to discuss "Y" problems and Seabeck with the women. The house-party will be held at the home of Mrs. A. C. Bohrnstedts, on the Jefferson Highway, and since the Bohrnstedts are in California, the house will be free for the women. A full program has been planned, including tramps about the grounds, the singing of Seabeck songs, and, especially, talks with Miss Seeber.

Miss Seeber is spending Thursday and Friday on the University campus, and arrangements may be made through Elsie Tucker for personal or group conferences with her. At the Y. W. C. A. meeting Thursday afternoon, Miss Seeber will meet the women for the first time in an interesting discussion. Refreshments will be served at its close.

By the grace of God I will drive through.

A Phenomenal Week For Private Colleges

Within the last week five private colleges in Oregon have become \$500,000 richer as result of gifts of private individuals. Three colleges of which Willamette happened to be one each received \$100,000 as a bequest of Eric V. Hauser; one received a like amount from a group of men tutored by the president of that institution, and the other an equal sum by completion of an endowment drive. The total of all five will advance greatly the cause of higher education in Oregon and the northwest. Further, they mark an extraordinary page in the history of the development of colleges in this state.

One Hour of Sleep

Sleep "knits up the ravel'd sleeve of care," Shakespeare if he were living today would probably go on to say what the lack of sleep does to the efficiency of college students.

Personal efficiency, competency, and health depend upon the proper amount of sleep. There used to be a proverb to the effect "that one hour of sleep before midnight was worth two afterwards." A good many students seem to have forgotten it, or have attached little to its meaning.

The loss of a single hour of regular sleeping time may result in a sort of "half-there-ness" the next day at classes. It takes a "whole-there-ness" to get the A and B grade.

Art of Cussing Needs No Revival

There is a variety of university pedagogy that vies with a curious species of modernist clergymen in startling the public attention into focus upon itself. You will comprehend what is meant when we mention the eastern college professor, and of English, at that, who recently gave it as his opinion that profanity is lamentably on the wane. He felt, and said, that the need of the English speaking peoples is for better and more vigorous cuss words. And, as would so naturally follow, his remarks were enshrined on the front pages of public prints, which doubtless is what he had in mind all the while.

Emphasis, observed our exponent of the higher education, is lost to the modern generation, and a refurbished and improved profanity would supply the lack. One dislikes to disagree with an authority, but nevertheless it ought to be remarked that this luminary of learning talks flapdoodles. The truth is that of all the profane men we have known, few, few indeed possessed the merit of inner positiveness, and many were weaklings of the first water. While there is diversion of a sort attending the remarks of one who has recourse to profanity for expression, it is frequently evident that his addiction conceals but poorly both a paucity of thought and word. The mother tongue fails him and he resorts to this expedient, for the reason that he knows less English than does the average school child.

If it is emphasis that the professor seeks, let him consider the spiritual quality of men who abstain from expletives and cuss words but who have, despite this abstinence, reputations for force and warranted self-assurance. There is so often more of finality, more of vigor, more of sense, in the least of their remarks that one is given to wonder if, after all, profanity even pays. Glancing about us, and calling to mind the types and sorts of men, we say in all truth that the most emphatic men we have ever known have been men of quiet manner and chaste speech.—Portland Oregonian.

"Believe It Or Not"

The world is full of wonders, but the "strangest and funniest and most horrible wonder of all is man, especially man under the influence of religious excitement." Such is a quotation from Robert L. Ripley author of cartoon series, "Believe It or Not," which he has just compiled into a book publishing it under the same title.

Mr. Ripley has based his publication of unbelievable facts about the physical world upon eight years work in their collection. Not the least interesting are his vital statistics. He lists a young mother nine years old and another who gave birth to a child at ninety; he gives the name of a German woman who died about twenty years ago at the age of fifty-six the mother of sixty-nine children: three sets of quadruplets, seven batches of triplets, and sixteen pairs of twins; he lists a mother who bore one child at her first pregnancy, twins at her second, triplets at her third, quadruplets at her fourth, quintuplets at her fifth, and six children at her sixth, after which she died. This last is vouched for by her obstetrician.

A strange item for the men and women of today is offered in Lady Gough's book on "Etiquette," written in 1863 on page 80 of which occurs the following:

The perfect hostess will see to it that the works of male and female authors be properly separated on her bookshelves. Their proximity unless they happen to be married should not be tolerated.

To enumerate further items of Mr. Ripley's book: there is a family in France whose name is 1792; there were four sons: January 1792, February 1792, March 1792, and April 1792. March 1792 died in September 1904.

A thirty-five cent dinner, attended and sponsored by the Willamette student body is entirely unprecedented. Any individual a member of this group who hangs their head, or is silent when the name, Willamette, is mentioned should have gagged over their food last night.

Professor Matthews' suggested "soft soap and salve" application necessitated by results of exams may outwardly soothe, but nevertheless, the matter still sticks under the skin.

"Oh, Heck! Just look at that—and they guaranteed these stockings."
 "They're probably best in the long run."

Along the Way

(By The Wayfarers)

PORTLAND, Feb. 4.—(To the Editor.)—I have seen it stated that doctors often know more about disease than health, which means more about the cure than prevention of the injury to health. In the Oregonian recently "Medico" confesses to an unholy desire to "take the shovel and smack the snow shoveler" because his work makes "icy places". He cites the case of his own little daughter who fell on one of these "slippery, cursed walks" and broke a tooth. All will sympathize with the little girl thus injured, but I want to go a little farther and plant, even in this snow, a seed for thought. It may grow.

There is a way to fall on ice and not get hurt—at least not seriously. This girl was not trained to fall on ice. No one had shown her. She is disfigured because she was untaught.

We have so little, so short a spell that we call winter that no one can be blamed for not being winter and ice-wise. But ice is ice, a fall a fall and a tooth broken may never be replaced. So even in Portland it is well to remember old tricks learned in the east and teach them to the unwary young.

I saw four women and one man fall, and they all hit the pavement where the Creator intended they should hit it. I am trying to say that long ago it was figured out that people now and then might have occasion to fall down, and a wise foresight duly evolved an ample and usually adequate provision. It was my pleasure to aid two of these fallen ladies to rise, and the smile they gave me as they thanked me made Portland seem a good place in which to live for another year, in spite of the housing code revision committee's work.

I asked both whether they were hurt very much, and both said "Oh, no, thank you, not at all." Which is an argument in line with Senator Reed's on preparedness. Reducing diets may be all right in certain respects, but it should not be carried too far while Medico's "slick traps" are being set by the snow shoveler.

While both the ladies I assisted fell hard, yet were they so well in control of their musculature that if they joined the "strap hangers" the next morning on their way downtown it was because men had pre-empted all the seats.

If Medico had shown his little girl how to handle herself on ice

Twelve Years Ago

"Resolved that the United States should own and operate the railroads within its own borders" is to be the question at issue on April 7, when the respective debating teams of Willamette and Pacific University clash on Salem and Forest Grove forums. As this will be the only big debate held this spring, interest in the coming tryout is rapidly increasing.

The Freshmen are already making plans for the coming Glee. At the class meeting on Friday Harry Mills was elected director and pianist.

While the date cannot be decided yet, plans for the greatest award day in the history of Willamette are rapidly maturing under the efficient leadership of President Willis Bartlett of the W-Club, and his hard working assistants, Mary Findley, the only woman to receive a Willamette athletic award is arranging the banquet. Dr. Doney will present awards.

tinued their sessions with characteristic snap and spirit was demonstrated by election of capable officers: Fred McMillen, president; Sam King, vice president; Arlie Walker, critic.

The moot court of Willamette University College of Law will be in regular session in circuit court rooms at the county courthouse. The case will start at 7:30 promptly when Mary Roe brings suit against the city of Jefferson.

Over 200 new volumes have been received by the librarian, Professor Kirk, for the college library.

LOCALS

Helen Hanks, Lola German, and Helen Stiles spent last week-end at their homes in Portland.

Miss Mary Elsie Lepps was the house guest of Mary Kafoury over the week-end.

Miss Mabel Platt of Eugene spent the week-end in Salem as the house guest of Helen and Mary Kafoury.

Lola Oliver was the guest of Elizabeth Ogden at her home in Portland last week-end.

Miss Margaret Marsh spent the week-end in Dallas.

Miss Benettia Edwards and Lucille Harland spent the week-end in Monmouth.

Dr. Carl Gregg Doney is going to California the last of this week in order to see alumni and others in regard to the endowment campaign.

Louis Oberson, who has been ill at the Sigma Tau house with the mumps, is improving.

Leslie B. Bailey, W. U. graduate Kimball '23, has relieved Dean McCormick as pastor at Valsatz where the Dean recently completed the work of organizing a church.

Harry Crouse, W. U. '28, pastor at Bennet-Chapel and Kimball student, is busily engaged in holding revival meetings for several of his colleagues. He has just completed one at Tualatin, is now engaged at Donald, and will later hold one at Brooks.

Along the Way

(Continued from page 2)

he would not have lost his temper, nor she her tooth. O. G. HUGHSON.

—The Oregonian.

We can't help believing that Emerson does not suggest any solution for the excess snow and ice on the walks. "The First Snowfall" doesn't say a word about it.

A Willamette student was the recipient of a most beautiful shower of muddy slush the other day—by the wheels of "Nuts" and "Roy", who deliberately whizzed on by without even giving their beneficiary a chance to say "Thank you".

No wonder the "On to Victory" dinner was such a roaring big success. Any rally dinner would be a success with such a committee to back it as this one had. The per capita noise, however, was not nearly up to our expectations, after we heard the committee in conference in the Library side-room.

Ladies, don't all speak at once! Dean Erickson has a new supply of those nice yellow lead pencils. We know so, because we saw him coming from the bookstore with a whole pocketful. And he surely does a rushing business, too. The souvenir hunters caught him before he could reach Eaton Hall. "Nothing doing," said the Dean, "a girl just borrowed my last one."

Important Notice

The School of Woodcarving will offer regular courses again this year.

Mr. C. Reid has been chosen as head of the Department of Self-expression. Witness the powerful appeal of a specimen of his work: inscription on an armchair in Eaton Hall, "C. Reid suffered here, Nov. 2, 1928."

Special units are also offered in Gossip, Self-publicity, and Design. If we are to judge from the many combinations of masculine

and feminine initials which are so plentiful on those Eaton divans, we should say that the Gossip course is a very popular one. The fraternities, also, seem to have furnished a full quota of students in years past, for the Self-publicity course.

As to the units in Design, we should say that we think Willamette designers no doubt had a hand in creating the recent French-fear that American designers are usurping their former monopoly in this art. If these Frenchmen have examined the Willamette armchair art, they have all reason to become worried.

Anyone desiring further information concerning this oldest of Willamette schools, may inquire of the Wayfarers, or of the head of Self-expression department.

There is a town in Connecticut that has no fear of the mumps. It's Haddam.

Excelsia at its worst stage! The Dean made an excuse for saying that the Dean had an excuse.

The assistant librarian states that the Senior Library Committee is not functioning. How can they, when every parrot-cage in the city is full? We suggest that the Committee get at the source of the evil. That is, don't teach the rooks to talk in the library.

How much of the limping is due to skating accidents and how much to difficulty in negotiating the various sets of ice-covered steps which were so long prominent on the campus?

An revoir,
THE BLUE BAT.

FINE ASSESSED OF 5 CENTS PER HOUR

Reserve books are those designated by the different professors as being in particular demand in their classes. The library places these on special "Reserve shelves" and marks them with a red dot on the pocket or card. Such books are to be used in the library, during the day but may be drawn out at 9 p. m. and kept until 8:45 a. m. the following school day. All other books may be taken out for a period of two weeks.

The latest issue of periodicals are considered on reserve and the rest may be drawn out for one week.

Fines for failure to return material at the proper time are five cents an hour for reserve books, 2 cents a day for two-week books, and 1 cent a day for periodicals. In case it is necessary to send more than one notice to a person owing either a book or fine, ten cents will be added to the overdue fine for the second notice, and the third notice will be sent through the registrar who will drop the student from all classes until library delinquencies are adjusted and an additional fine of one dollar paid.

STANFORD SEES MOVIE MADE ON OWN CAMPUS

STANFORD UNIVERSITY, Jan. 16.—(UPI)—Stanford's first all-campus motion picture production, "The Fast Male," featuring such local talent as Biff Hoffman, and Powell Carpenter, was presented at the university last week. The picture, which has been in production for the last eight months, is a creation of Stanford Studios under the direction of a Stanford student. The scenario, the direction, the photography, the art work, and titles, the developing, and the laboratory work, have been done by students of the university.

The "Fast Male," filmed entirely on the campus, is a four-reel photoplay which reveals the secrets of modern college life from a new angle.

Changing Horses

AT the portals of our large cities—New York, Baltimore, Detroit, and soon Cleveland—a semaphore halts a luxurious flyer drawn by a puffing steam engine. A simple switching maneuver, and electricity takes charge. A giant electric locomotive, quickly under way, glides silently into the home stretch with its long string of Pullmans. Like a thoroughbred it makes the run—tirelessly. Passengers alight in a clean terminal—clean because there is no smoke or soot.

Another milestone in transportation—another event in the life of the iron horse!

Civilization is progressing, with electricity in the van. How far this advance will take us, is a problem for our future leaders. It is for them to develop and utilize new applications of electricity—the force that is painting the way over uncharted courses, not only in railroad ing, but in every phase of progress.

The GE Corporation is found in many electric companies and on 110/220 lines, 250, 500, 600, 1000, 2000, 3000, 4000, 5000, 6000, 7000, 8000, 9000, 10,000, 11,000, 12,000, 13,000, 14,000, 15,000, 16,000, 17,000, 18,000, 19,000, 20,000, 22,000, 24,000, 26,000, 28,000, 30,000, 32,000, 34,000, 36,000, 38,000, 40,000, 42,000, 44,000, 46,000, 48,000, 50,000, 52,000, 54,000, 56,000, 58,000, 60,000, Betrothals Made Known At Spa Saturday

Of great interest on the campus is the announcement of the engagements of Eleanor Palmer and Alton Bristol, and of Esther Palmer and Vernon Day. The announcements were made at an attractive luncheon held in the Green Gate room of the Spa on Saturday. The motif carried out in the decorations was the fairy Pan; its silhouette appeared on tiny booklets which when opened were found to contain the names of the betrothed couples. Little Jessie Elinor Shinn and Becky Jean Pierce presented the honor guests with corsages in which were found the engagement rings.

Covers were placed for thirty-five members of the Beta Chi sorority, Mrs. Alice H. Dodd, Mrs. B. E. Palmer of Medford, mother of the brides-elect, Mrs. E. E. Thomas of Salem, their sister, Mrs. C. H. Esaac, Mrs. L. B. Pierce, and Becky Jean Pierce.

Miss Esther Palmer is a former Willamette student, and was a member of the class of '29. She was well known in musical circles on the campus. Mr. Day is the son of Mr. and Mrs. B. J. Day of Silverton. He is in business in Portland.

Miss Elinor Palmer is a member of the Sophomore class. Both she and her sister are members of the Beta Chi sorority. Mr. Bristol is a Junior at the University of Oregon, where he is prominent in the work of the Y. M. C. A.

No date for the double wedding has been announced.

Willamette Students Secretly Married

Coming as a complete surprise to their many friends was the announcement of the marriage of Bonnie Zeller and Willard Rusch, which was made known at the Delta Phi house at a luncheon on Wednesday. The wedding took place on September 28, 1928, in Seattle. Double heart boxes of candy contained tiny cards revealing the secret.

Mrs. Rusch attended Willamette two years, and was a member of the class of '30, of the Delta Phi sorority, and of the Philodorian Literary Society. Mr. Rusch is a member of the Junior class, and of the Alpha Psi Delta fraternity. He has taken a prominent part in athletics, having been a three year letterman in football, and having participated in baseball and track. In 1927 he won first place in the javelin event in the Northwest Conference Meet.

Tri C Class Holds Meeting

At a regular supper and business meeting of the Tri C Sunday school class held in the club room at the Presbyterian church on Tuesday evening, the following officers were elected for the coming semester: President, Henry Millard; vice-president, Mary Louise Aiken; secretary, Isabel Childs; treasurer, Mary Herschberger; sergeant-at-arms, Charles Kaufman.

Mrs. Alice Fisher, an honorary member of Alpha Phi Alpha, entertained the members of that sorority with a delightful waffle supper at her home on Friday evening. After dinner the girls attended the Theta Alpha Phi play, "Candida". Dr. and Mrs. Alden and Mrs. O. P. Hoff were additional guests.

COMING EVENTS

Saturday, February 9—Sorority Open House.

Saturday, February 16—Lau-sanne Hall Open House.

Former Student Announces Betrothal

Coming as a surprise to their many friends was the announcement of the engagement of Mabel Platt of Eugene to Leo Kafoury of Salem, which was made known at a waffle breakfast given by Helen Kafoury on Saturday morning at the N. C. Kafoury home. The tiny notes telling of the betrothal were caught in red hearts and corresponded with the decorations which were carried out in the Valentine idea.

Miss Platt is an ex-member of '29, and a member of the Alpha Phi Alpha sorority.

Delta Phi Alumnae Meet in Portland

A group of alumnae members of Delta Phi met at the home of Mrs. Robert Nelson in Portland on Saturday, January 26th. A social and business meeting was held, and the following officers were elected: Mrs. Clarence Phillips (Mildred Tomlinson) president; Mrs. Robert Notson, (Adella White), vice-president; Miss Pauline Remington, secretary-treasurer; and the executive committee, Mrs. Sheldon Sackett (Sadie Pratt), Mrs. Jack Hansen (Lucia Card), and Mrs. John Brougher (Esther Bauman).

Mrs. Notson was assisted by Mrs. Brougher, Miss Remington, and Miss Virginia Mason.

Out of town guests included Miss Myrtle Mason of Woodburn, Miss Sadie Jo Reed of McMinnville, Miss Louise Findley, Mrs. George Rhoten (Ruth Rosa), and Mrs. Sheldon Sackett, of Salem, and Mrs. Phillips, Mrs. Ray Miller (Polly Bartholomew), Mrs. William Sargent (Marjorie Brown), Miss Alice Wells, and Mrs. Brougher, all of Portland.

Students Skate At Post Exam Jubilee

On Saturday evening the annual Post Exam Jubilee was held at Dreamland rink. After an evening of skating, refreshments of doughnuts and pop were served. Professor and Mrs. Cecil R. Monk, and Professor and Mrs. Frank Leamer chaperoned the party; Jean White was in charge of all the arrangements.

Word has been received here of the birth of a son on January 11 to Mr. and Mrs. Robin Fisher (Fay McKinnis), of Pomona, California. The baby was named, Gordon Emmerson.

Both Mr. and Mrs. Fisher are graduates of Willamette. Mrs. Fisher is a member of the Delta Phi sorority.

Beta Chi's Entertain On Friday Evening

Several of the girls who did not return to their homes for the mid-term vacation entertained informally at Beta Chi last Friday evening. The guests were Katherine Addins, Ward Davis, Glenn Ledbetter, Walter Fuhrer, Kenneth Litchfield, Raymond Waddill, Kenneth Denman, Edward J. Stadter, Willie Baldere, Joseph Felton, Raymond Miller, and Dean Neeson.

The announcement of the marriage of Miss Florence Shirley and John Medler, business man of Lebanon, Oregon, comes as a complete surprise to their Willamette friends. Mrs. Medler is

the daughter of Mrs. Marje Wyatt of Salem, and Mr. Medler is the son of Mr. and Mrs. Frank Medler of this city.

Both graduated at Willamette where Mrs. Medler was a member of the Beta Chi sorority.

On last Friday a dinner party was held at Delta Phi in honor of the birthday of Mary Allen. The guests were: Grace Henderson, Francis DeHarport, Bruce Spaulding, Bill Linfoot, and LaRaut Lewis.

Robert Wilson's father was a dinner guest at Alpha Psi Delta on Monday.

Van Bateson left for his home in Cleveland, Ohio, the Saturday before examination week, to take a position which has been offered him there. He is not at present certain whether he will return to Willamette to finish his college course.

Dr. and Mrs. F. G. Franklin entertained William Smullen and George Poor at dinner on Sunday.

Joseph Felton has been elected secretary of Kappa Gamma Rho fraternity to take the place of Van Bateson, who is not returning to Willamette this semester.

On Friday evening, January 25, Leland Chapin and Sheldon Sackett were the guests of Dr. and Mrs. Moulton R. Gatke for dinner. Later the party attended the Theta Alpha Phi play "Candida".

At a recent meeting of the Classical Club the following officers were elected for the second semester: President, Marjory Nelson; vice president, Lydia Childs; secretary, Sarah Dark; treasurer, Harold Thayer; and program chairman, Francis Fellows.

On Sunday, January 27, Miss Alida Gale Curry, Miss Lois Latimer, and Mr. and Mrs. Lestle Sparks were the dinner guests of Dr. and Mrs. Moulton R. Gatke.

DAVIS NOW LIEUTENANT BY RECENT PROMOTION

Joe B. Davis a sophomore in chemistry, was promoted to the rank of second lieutenant in the National Guard this week. Mr. Davis, a member of Sigma Tau, takes the place left vacant by Mr. Malson of the Salem division who was promoted to captain. Lieutenant Davis has been connected with the National Guard for the past four years and had previously attained the rank of sergeant.

Willamette University

Founded February 1, 1842
SALEM, OREGON

A Christian institution of higher learning. Located at the Capital of the State of Oregon. A beautiful campus opposite the Capitol building. Buildings and equipment attractive and adequate. Faculty of highest character, preparation and teaching. Student body clean, able and wholesome. Scholarship high and credited everywhere. Very inexpensive. Rich in tradition; large and honored list of alumni. Students wishing for work in the Course of Liberal Arts, in Law, in Theology, in Music, or in Fine Arts are highly advantaged at Willamette. Close investigation invited.

BULLETINS ON REQUEST

Open Forum

Dear Editor,

Do we have an honor code committee? If so, does its power cease with ordering our weak, pale, and innocuous honor code printed on examination leaflets?

"Dishonesty in examinations . . . shall be deemed opposed to Willamette's standards. Students guilty of such action shall be guilty of flagrant violation of the sacred traditions of the University." Blah and more blah!

It seems to me that the less said about the "sacred traditions" of Willamette at this time the better. Traditions no longer exist when they are violated as a matter of course by a majority of the students, and ours bid fair to be thus demolished.

It is no secret here on the campus that conditions during recent "final week" were such as would bring no credit to the university should the facts be broadcast.

Must professors and honest students blind themselves to these facts? It is all very well to say that only the guilty person sees the cheating that goes on during exams, but one must be indeed fascinated by the matter at hand to fail to hear questions and answers spoken aloud or to see opened books and notebooks near by.

Then, too, it has become a commonly accepted fact that the student who uses dishonest means in examinations is the one who gets the lowest grade. This is unfair to students who get low grades for the simple reason that many of them receive these grades not because they are too stupid to "get away with dirty work" but because they are too honest to attempt it.

The week just passed has proven that even Willamette students will not be honest for mere sentiment. For protection of Willamette's good name, then, and in fairness to those who have strength of character to maintain Willamette standards, we should have an honor system that functions.

Recent suggestions that expulsion should be the reward for breaking the honor code met with but one objection: "We wouldn't have enough students left to keep school."

Other colleges and universities find a workable system in trial by a committee of students and faculty with resulting expulsion to the guilty. We should adopt such a system. Let those vote against it who are willing to admit themselves too stupid to pass an examination honestly and too cowardly to accept an honestly earned flunk!

ISABEL CHILDS.

MACHINE PURCHASED BY BIOLOGY HEAD

A new Spencer Rotary Microtone, a machine for making microscopic slides, has been purchased by the Biology Department. This is considered a very great step forward by the department, and will be of the greatest advantage to the Histology and the Embryology sections. Research by the Biology professors has been greatly reduced because of the lack of just such an instrument as this.

Professor Monk expects its arrival the latter part of this week, and will immediately prepare some new slides. The experience which the pre-medical students will receive in slide preparation is invaluable and could not be gotten without the new addition.

Exam Prerequisite Only Drawback To Jubilee Affair Held Saturday

And much fun was had by all. Round and round, sometimes a bit square, sometimes not at all. It's the way of things at the skating rink.

"We had a slick party," they all said, "And we certainly put a lot of laughs behind us."

If exams weren't a prerequisite for such an extra big whoopee as that jubilee affair, then sure 'nough we wouldn't mind exams, if exams weren't a prerequisite for such jubilee affair and so on into space. Anyway, it dug us out of this terrible depressed social situation. We are looking down on the gutter now. Ask S. Howe how he liked the floor of the skating rink. Also, don't fail to congratulate the Mr. Henry and the Mr. Roberts on their ability to achieve achievements. Everyone did his bit to entertain. From the student prexy down. No from the student prexy up, we'll say, since the gentleman mentioned is only ear-high to most gentlemen.

"Now, just why did you enjoy this jubilee affair so much?" asked the straightforward and unsuspecting reporter.

"Well, it seemed so much like a dance affair," returned the ab-

solutely straightforward and unsuspecting victim of the press.

Anyway that jubilee or maybe that callopie generated more pep. What I have been waiting to say on the side is this: If this aforementioned pep holds out, why Whitman would have to assume the world's worst ego to even smile.

More power to the post exam jubilees and may their pep be long-lived. It dug us out of a terrible depressed social situation with a boom.

KIMBALL COMPLETE NEW REGISTRATION

Kimball registration was practically completed last week, and the new semester began on Tuesday. While a number of Willamette students have enrolled for Kimball courses this semester, others who took work in the first half-year were unable to find a place for such registration on their schedules. Thus the enrollment of part time students has remained practically the same. As usual, the course given by Pro-

fessor Hertzog in The Family has the largest enrollment closely followed by that given by Dr. McCormick in The Ethical and Social Teachings of the New Testament. The class in Psychology of Religion given by Professor Andrews is well attended by Willamette students and has been increased by the addition of three such this semester.

The regular registration of Kimball students has been increased to eighteen by the addition of Miss Ruth Rees to the student body. Mrs. Edna Jennison Ellis, a last year Kimball student and one of the assistant English instructors at Willamette, is registered for part time work in the course leading to the degree of Master of Religious Education.

Contract for printing the

1929 WALLULAH

was awarded to us because—

1. We specified Monotype composition throughout the entire book.
2. We guaranteed a high-class finished book which would meet the Editor's ideals and our own.
3. Twenty-five years of unquestioned integrity in Salem backs our assurance to the Wallulah management.

BEARCAT QUINTET READY FOR SERIES

Whitman Given Edge Over Local Team. Waddell Out, Flesher in. Adams Eligible

In games that will perhaps decide the Northwest Basketball championship, the Whitman Missionaries and the Willamette Bearcats tangle in a two game series this Thursday and Friday evenings. Coming with a squad full of confidence and determination, Coach Borleske seems confident that his team will take the Bearcat warriors in camp.

All the Missionaries are in excellent shape with the exception of "Buddy" Applegate, star guard, who is nursing an injured ankle; however, it is predicted that he will be able to get in the game. The other Missionary players are in the best of shape and express themselves as being "faring to go".

The Willamette team, on the other hand, has had to battle with injuries and colds. The squad, although decidedly improved, is still in somewhat poor shape and will not be able to present their

Kenneth Howe

full strength against the Missionaries. Waddell has been forced to drop basketball because of a serious cold which seemed to hang on, and his loss will be noticeable in the reserve strength of the squad. Waddell was improving fast and Spec Keene had hopes of using him in the first string games a little later in the season. Benjamin, a center from Nebraska, and an end in football, is showing up well and may strengthen the squad; however it is not expected that he will be ready for the Whitman fray. Flesher, the other W. U. player on the injured list, has been hindered with influenza and will not be in the best of shape.

Spec Keene has not been able to announce his starting lineup but it is expected that most of the veterans will be in the starting lineup. Cardinal, Englebreton, and Benjamin, are the center candidates with the likelihood that Cardinal will get the opening call. Englebreton is a freshman graduate and is showing well and may get in the game.

The forward candidates are Adams, Litchfield, Seale, and Harmon. Adams is again eligible and will strengthen the squad considerably. The other forward position is undecided, although Seale will be the likely choice.

Hauk, Ledbetter, Flesher, Gibson, and Baldere, will take care of the guard position. Hauk is the only man certain of starting. The officiating will be handled by Morris of Seattle and French of Portland.

The game will have a most important bearing upon the outcome of the championship. Should either team win both games it will have practically won the title. Should both teams win one and lose one, Willamette will win the

VOLLEY BALL MEN WIN IN VALLEY TOURNAMENT

The Kimball volleyball team won the Willamette Valley (independent) League tournament held at the Salem Y. M. C. A. last week. This league is composed of the Independence, Mt. Angel, Kimball, and the Mirvick Men's Athletic Association of Salem. This gives Kimball the right to play in a Portland tournament to be held February 14. The members of the team are Professor Hertzog, Henry Wachter, Wilmer Briggs, Henry Krust, Robert McVenna, George Cole with Edward Withnell and Eugene Schiewe as substitutes.

ALPHA PSI'S DEFEAT LAWYERS IN DONUT

The Alpha Psi Delta Basketball team assumed full lead in the donut league conference, by defeating the Law School 19 to 15. The game was a thriller from start to finish with the lead see-sawing from one team to the other. The Alpha Psi's took advantage of a momentary lapse on the part of the lawyers, due, no doubt, to lack of training, and gained a lead which was held until the final gun sounded.

The lineup

Alpha Psi Delta	Law School
Pace 2	Minto 4
White 4	Brady 4
French 3	Steelhammer 3
Winslow 10	Campbell
Van Dyke	Roundtree

The upper class team won a fast game from the Kappa Gamma Rho 20 to 15. The victors played hard aggressive basketball and took advantage of the losers' lack of team work to score their victory.

In their second game of the week, the upper class team again cornered a victory. They scored a 24 to 20 victory over their little brothers, the lower class team, and thereby established themselves as possible contenders for the championship. Varnies and Silke were the factors in the victory of the Upper class team.

ALPHA PSI'S OVERCOME HI RESERVES 21 TO 14

The Alpha Psi basketball after taking the lead in the Donut league Tuesday noon, defeated the Salem high school reserves 21 to 14 in a preliminary game to that between Salem and Chamawa.

The fraternity wishes to schedule further games with outside teams, and such may be arranged for by seeing either Laurence Winslow or Ivan White.

Holmgren and Wood

championship provided they win their remaining games.

From all indications, the games will be evenly matched and it will take all the Willamette student body support to help the team through these games. Perhaps good support will be the deciding factor.

PACIFIC DOWNED TO TUNE OF 48 TO 26

Showing a return to form, that promises much for the future, the Bearcat basketball team completely overcame Pacific 48-26 on the Badger floor January 25. The victory left Willamette on top of the percentage column with two victories and no defeats. Whitman and C. P. S. have yet to engage in a conference game.

The first half was close with Willamette holding a slight edge. In the second period the Bearcats began to show the form that their supporters have been expecting of them and despite frequent substitutions rapidly drew away from the Badgers.

George Seales played in sensational form, netting 26 points, many of these the result of long shots. Cardinal played a strong floor game. Pollock was outstanding for the Badgers.

It was an encouraging performance and boded ill for Whitman's championship hopes. The Bearcats appeared to again be in good physical condition and team play had improved noticeably.

STUDENTS VOTE ON HONOR CODE SYSTEM

OREGON STATE COLLEGE, Corvallis, Feb. 6.—(PIP)—That the honor system is superior to the proctor system was the unanimous agreement of more than 50 colleges and universities in the United States and Canada that responded to a questionnaire sent out by the student council.

The questionnaire asked for the present standing of the honor system, what objections its opponents make, what constructive steps have been taken to improve the system and the student attitude in general. All that answered gave their opinion freely. Five replies came from institutions that have abolished honor systems, 14 from colleges having honor systems in force and 31 from institutions that have never had a system.

Student enrollment of the institutions that answered varies

BOARD OF SEVEN WILL ELECT O. S. C. EDITOR

OREGON STATE COLLEGE, CORVALLIS, Feb. 6.—(PIP)—Selection of the editor of the Daily Bomber will be in the hands of a publications board, if the amendment before the student body now is adopted. The new amendment proposes a board of seven—three faculty members and

four students—to choose the editor instead of election by student majority. This is intended to take the selection of the editor out of the hands of campus politics and political whims.

Law Bill Withdrawn

Senator A. W. Norblad of Clatsop county, president of the senate, announced that he had permanently withdrawn the bill which would permit graduates of the University of Oregon Law school to practice in the courts of the state without taking the state bar examination.

New Law Courses Given

Three new courses are being offered in the Law school this semester: Wills and administration

Fans Question Whether Bearcats' Change to Older System Successful

Ten basketball players who wear the colors of Whitman college in the two game series with Willamette university here tonight and Friday night, departed from Walla Walla Wednesday accompanied by Coach "Nig" Borlenko.

Reports from Walla Walla are to the effect that the Missionaries are all in good shape with the exception of Applegate, guard, who is reported not fully recovered from the ankle sprain which he received in an early season game.

Coach "Spec" Keene of Willamette was not certain Wednesday night as to what his lineup would be, with at least two pretty fair men available for most positions. It is noted that Cardinal will play center and that Scales will be in one of the forward positions, with Hawk as one of the guards; but the other two jobs were somewhat in doubt.

Defense Big Problem

With this two game series appearing at present as the decisive one for the Northwest conference championship, and the teams so far as can be determined evenly matched as to personnel, the outcome is believed here to depend largely upon the functioning of what was at the first of the season a weakness in the Bearcats' play, the defense.

Progress Is Made

By the time that the Bearcats played the second round of games with O. S. C. and Oregon, the new defense was working better.

DEFENSE TO BE LARGE FACTOR

Fans Question Whether Bearcats' Change to Older System Successful

Ten basketball players who wear the colors of Whitman college in the two game series with Willamette university here tonight and Friday night, departed from Walla Walla Wednesday accompanied by Coach "Nig" Borlenko.

Reports from Walla Walla are to the effect that the Missionaries are all in good shape with the exception of Applegate, guard, who is reported not fully recovered from the ankle sprain which he received in an early season game.

Coach "Spec" Keene of Willamette was not certain Wednesday night as to what his lineup would be, with at least two pretty fair men available for most positions. It is noted that Cardinal will play center and that Scales will be in one of the forward positions, with Hawk as one of the guards; but the other two jobs were somewhat in doubt.

Defense Big Problem

With this two game series appearing at present as the decisive one for the Northwest conference championship, and the teams so far as can be determined evenly matched as to personnel, the outcome is believed here to depend largely upon the functioning of what was at the first of the season a weakness in the Bearcats' play, the defense.

Progress Is Made

By the time that the Bearcats played the second round of games with O. S. C. and Oregon, the new defense was working better.

as the victory over the Staters and the close score against the Websters proved.

Nevertheless in a critical series such as now looms against Whitman, the thoroughness with which the cardinal and gold wearers have learned the new system—which is in reality the oldest defense system in basketball—is in question.

Stars of the Whitman team which comes here tonight include Wood, Holman and Croxdale, veterans, and three outstanding new men in Hove, Fix and Robbins. Wood has been the Missionaries' scoring ace for three seasons and Holman has starred in all departments of play.

Candida Comedy Again Delights Local Audience

The Theta Alpha Phi players gave a brilliant performance of "Candida" Wednesday night at Eaton Hall, Willamette university, before a small but enthusiastic audience.

Eric Anderson as Eugene Marchbanks won especial favor from the audience for the unusually fine interpretation of Shaw's 18 year old character. This play was sponsored by the applied education department of

the Salem Woman's club, the proceeds to be divided between the Theta Alpha Phi and the Woman's club.

President Signs Proviso For More Vocational Money

President Coolidge has signed the Reed-George vocational bill providing additional funds in agricultural and home economics education, according to a telegram received here Wednesday by O. D. Adams, state director for vocational education. These funds will increase the annual appropriation to the state of Oregon by approximately \$10,000. Oregon now receives yearly from the federal government for the promotion of this type of work the amount of \$54,675.30.

The congressional delegation from Oregon has actively participated in the support of this legislation and deserves credit for the passage of the vocational bill, Mr. Adams said.

A red-backed diary kept by Gen. "Light Horse Harry" Lee in the West Indies, 1813-16, is a recent addition to the museum of Washington and Lee university. The officer kept the diary in English, Spanish, French and Latin.

TUITION PAYMENT COMES IN SLOWLY

**Only 50 Percent of Students
Have Paid Fees for Semester
Student Fee First**

Approximately 50% of the students have paid the tuition for this semester. The number of the students paying their tuition in full varies from year to year according to general financial conditions. The payment this year seems to indicate unusual financial depression. The number of payments in full for the first semester always exceeds those for the second.

Very often the first installment is no more than the ten dollar student body fee, and the rest is paid monthly. However, tuition must be paid in full before a student will be allowed to take his final examinations.

COLLEGE OF IDAHO TO HAVE NEW GYM

COLLEGE OF IDAHO, Caldwell, Feb. 4.—(NIP)—Construction of a new gymnasium on the College of Idaho is practically assured, according to officials of the college. It is hoped that the structure will be ready for use by the beginning of school next fall. Funds for a part of the cost are already available and with this as a start it is expected that but little difficulty will be encountered in the securing of the remainder needed.

The structure will be built near the new stadium and will be so arranged that the dressing rooms in the basement will have direct contact with the football field. The building will be about 65 by 100 feet with a full basement.

In addition to the gymnasium feature, the building will be designed to have a modern stage and will be used for auditorium purposes. The basement will be used for shower baths, locker rooms, dressing rooms and storage quarters for athletic equipment.

Construction of a gymnasium has been a pressing need for the College of Idaho for a number of years. This year the school is making no effort to share Northwest conference competition in basketball because of the lack of a first class floor here. Erection of this building will be the third major building to be added to the College of Idaho campus within the past few years. Others include the Strahorn memorial library, one of the most beautiful buildings in Idaho, and Blatchley hall, a new campus headquarters for college women.

MORONI OLSEN GIVE AUTUMN FIRES TUE

Next Tuesday night at 8:15 the Moroni Olsen players will present the second of their plays this season "Autumn Fire" at the Elsinore theatre.

Irish in setting and dialect and temperament, the play is still universally human in its theme and, like all fundamentally human themes, essentially tragic in its character.

The drama is lyric with charming turns of Irish dialect and the simple beauty of primitive folk ways and it builds itself through three acts with the balance of a poem.

"Autumn Fire" is being sponsored locally by the Lion's and by the Kiwanis club.

Freshman Look Forward, Sophs Feel They Are, Juniors Wish, And Seniors Wish They Could

Freshmen look forward to attainment. Sophomores feel that they are attaining. Juniors wish to attain, but Seniors only wish they could attain.

A graphic representation of this would be woefully hump-backed. The line would rise abruptly from the Freshman's hopeful position to the Sophomore's confident one, sink back again to the Junior's despondent stand, and at last end in the Senior's doubtful attitude. Is this the way it really happens?

The Freshman comes to Willamette with high school methods and systems, reaching out to attain college goals. He frankly admits the high school and college do not "jibe". He sees immediately that he must revise his outlook. The first goal he sets is that of high grades. His next goal is social recognition. And he remains faithful to these two through the most of his first year. Nothing seems to be unattainable. But he projects it all into the future. The college course is only a step, a very necessary one, to life. He puts his whole self behind what he will some day accomplish. And he is blissfully ignorant of the anticlimax he will some day reach.

The Sophomore feels he has a revised outlook, sharpened tools (whetted by spats, green-lids and initiations). He will soon be a finished product. But in the meantime he feels his hand on the throttle, and he notices how the power responds to his touch. It is the result of a bit of self-realization. But he often mistakes the unusual to always be the vehicle of self-appreciation. Most of the college pranks are pulled

by Sophomores who, beginning to know the college, feel as if they could take liberties. Finding grades are not as important as he first imagined, he under-estimates them and goes in for collegiate activities. But he is personable and likable. And he dares what others do not.

The Junior has awakened to the realization of a strong undercurrent to college life. While he may be blasé and say, "I never let my studies interfere with my education," he appreciates nevertheless the real worth of knowledge. He finds his learning is applicable and so pitches in to gain more learning. He begins to realize the value of his time and money. He sees, as does the Freshman that college course is necessary. But he sees he must live before the commencement. So he balances his life a little, wisely or otherwise. He learns what he wishes to do. He seeks to prepare himself in earnest.

The Senior feels his college days slipping behind him. He remembers his anticipation and confidence. He sincerely wishes he could mark out definite goals, and plan certain courses to the goals. He wishes he could, after so much effort, stop working and exclaim, "Now that's done!" But he knows he cannot. He finds no matter how hard he works he must always go farther. So he spends his last year acquiring a "sense of fitness" and a true judgment of values. Grades are not goals, social recognition is not an end. The Senior feels in a dim way that his education does not belong to him. He was very lucky to receive his training. Now

he must give it to others. Personalities of professors mean more—he learns the most from those he likes. He regrets the time that remains is so short—he has so much to learn to be adaptable in any circumstance.

College life is odd.

"HOLLYWOOD SCANDALS IDEA" DUE WEDNESDAY

Two stars, each in a different realm of the entertainment world, are featured in Fanchon and Marco's "Hollywood Scandals Idea," which comes to the Elsinore Theatre Wednesday February 13th.

They are Mildred Harris, blonde beauty of the stage and screen, and Gerald Griffin, internationally famous tenor. Mildred Harris, one of the ex-Mrs. Charlie Chaplin, has been featured and starred in many motion picture productions, and has also been presented in notable stage productions during the past two years. Griffin comes to the west coast after having recently completed a tour of the world during which his golden voice won acclaim wherever he sang.

In the production, which features Miss Harris and Griffin, Fanchon and Marco present a large cast of cinema beauties and talent, including Seymour & Corn Cob, Carol & June, Roy Bradley and others.

The goings-on of the folk in Hollywood at the studios, on the set, on locations and elsewhere are presented in a piquant and amusing fashion. All of the latest sayings and whispers of and about famous screen personages are said to be cleverly introduced in the course of the snappy action of the presentation.

A carefully selected screen attraction has also been booked for this engagement which should complete one of the finest bills seen at the popular play house in some time.

CLOTHES CHAT

By Emmons

Spring may be "just around the corner" but the new Spring styles are here now and those men who get extra satisfaction from their clothes by wearing the new styles while they're new are choosing theirs now.

The Spring suit, for instance. A two-button single breasted coat with smart peak lapels and with the new Tattersall vest. You are going to hear a lot about this new style. Have you seen it? Drop in, we'll gladly show it to you. Know the new styles while they are new!

The English influence has extended to riding breeches. The new sport riding tops have breeches with an extra wide peg, taking the place of the military cut of last Spring. They are quite extreme, but "ultra" smart—and comfortable.

GOOD NEWS FOR THE MAN WHO WEARS TAILORED CLOTHES. Beginning Friday, and for a limited time only, Emmons is offering an extra pair of trousers free with every tailored suit chosen from the new Spring line—a saving of from \$10 to \$22. Here's your chance to get a suit individually cut and correct in fit to the last detail at no greater cost than for a standard size. Every one of the new fabrics and styles, of course.
