Foreword

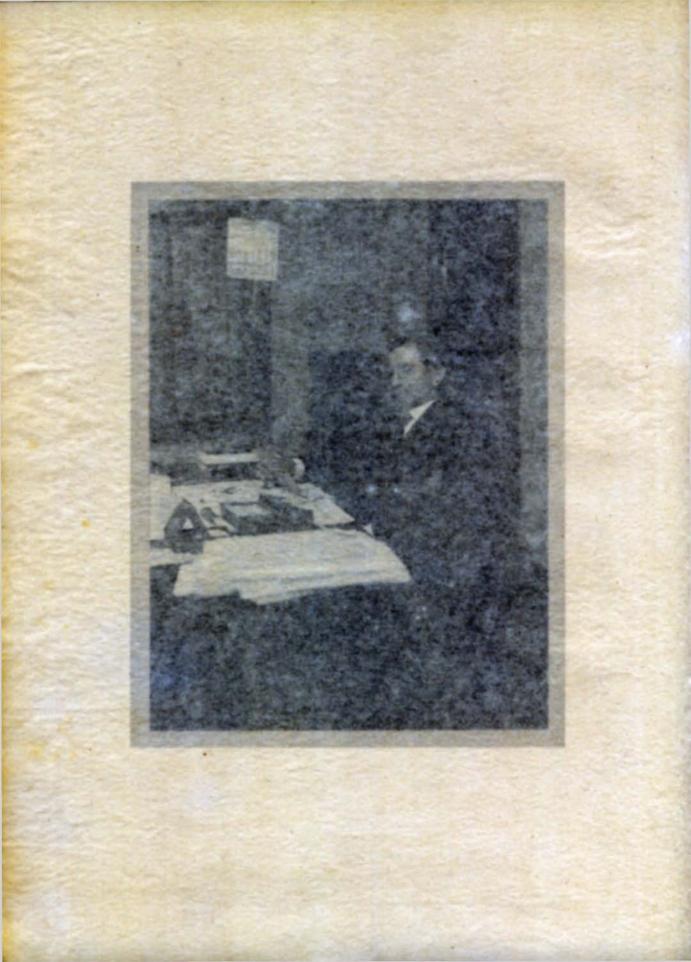

By President Carl Gregg Doney

Going to college is a perfectly wonderful experience, the richest, happiest four years of life. A student never gets over it, and he does not want to. A college is always young and always new; the constant inflow of Freshmen keeps it young and perennial originality makes it new from day to day. Mankind is an everlasting debtor to it. The college gave the world the college yell, an amazing vocabulary, some songs and the college year book. It has created football, fostered all other athletics, now and then has produced a scholar and furnishes over seventy per cent of the successful men and women of America.

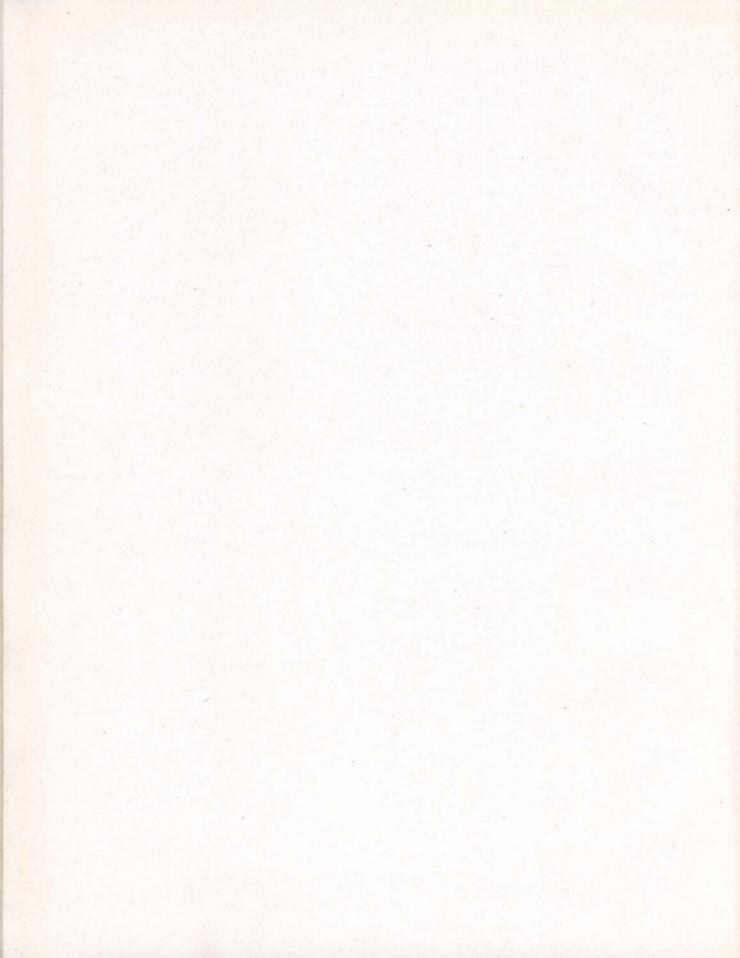

This volume is an example of a year book. Every college worthy of the name has been engaged for weeks in making an annual more or less like this, though, naturally, no other can be so good. The Wallulah will be read again and again by students and friends of Willamette. It will be perused by children and grandchildren. It will awaken memories and create pictures; it will prevent people from becoming old and will remind youth of the day of opportunity. It will hold the mirror up to alma mater, and cause the cherished one to guard with jealousy her good looks and high reputation. The Wallulah is an institution within an institution; there could be no Wallulah without Willamette and Willamette would not be Willamette without the Wallulah.

Glimpses of Willamette's Past

JASON LEE

COMING out of Eaton Hall in the late afternoon, I saw an old lady toiling up the front steps.

1918

"Oh," she said, "I have come to take my last look at the dear old place. You see I was a student here in the fifties."

Straight to the tablet in the porch I led her, and she read the legend with joy.

"Now, sir, let me show you where I went to school."

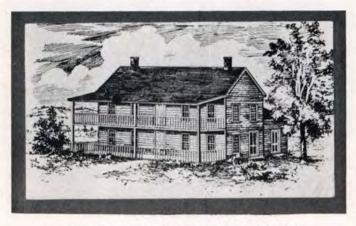

We halted at the gymnasium and the old lady sat down on the front stoop.

Pointing she said, "About there it stood, the Old Institute, a big frame building, costing ten thousand dollars, school house and president's residence combined."

"Well, well, to think that sixty years ago you and others studied and played on this same campus!"

"Boys and girls studied and played here seventy years ago. Oregon Institute was opened in 1844, a primary school for white children."

"But Willamette University?"

JASON LEE'S HOME-THE FIRST HOUSE IN SALEM

"The Oregon Institute expanded into the University which was chartered in 1853."

"You have heard of Jason Lee?"

I nodded.

"Well, when the Indian Mission School he planted in 1834, ten miles north, in a log cabin, was about four years old, Mr. Lee went back to the States for reinforcements."

"Yes?"

"He returned to Oregon in the Lausanne. There were nineteen children on that ship."

"Yes?"

"Mr. Lee was bringing preachers, farmers, mechanics, a physician, teachers......"

"Yes?"

"----- and one teacher was for the children, Miss Clarke, a graduate of Wesleyan Academy, at Wilbraham, Massachusetts."

"Yes?"

"And when the Oregon Institute opened, Miss Clarke, now Mrs. Willson, was the teacher."

"You knew her?"

"Very well. Tall and dark, with a fine air when she walked—an excellent teacher—served for many years—later preceptress of Lausanne Hall—throughout the entire presidency of Doctor Gatch delivered a lecture once a week to the young ladies. She and her husband relinquished their own donation claims to hold valuable lands for the University, in which the present campus was included. Forty years

ago a host of people, her old students, held her in loving remembrance.

1918

"I'd like to see the big building we began in 1864."

"Waller Hall, we call it."

WALLULAH

"Ah, I knew Father Waller."

At the east entrance the old lady spied the hole worn in the stone doorstep. I think I have never seen anyone so moved.

"Look, look at that deep hollow. What a story it tells."

Then she added, "I was present the day the school marched from the old building to this, drums beating, flags flying."

"And the Old Institute building?"

"For a lark some boys burnt it down one Sunday night."

We emerged on the west side of Waller Hall.

I wish I could see again Mrs. Willson's home on Court Street." "There it is," I said, pointing. "We call it Lausanne Hall. It is the dormitory for our girls, Mrs. Willson's last gift to Willamette University."

"Oh, oh," she bubbled, "I did not know."

HOME OF MRS. WILLSON ON COURT STREET, NOW LAUSANNE HALL

"There have been many changes in this country since the 'Old Institute' was opened in 1844," I said.

WALLULAH T

1918

1918

"Yes, and naturally so, because the Oregon Institute was almost the very first thing in the country. Mrs. Willson began to teach there six months before the first cabin was built on the present site of Portland,—think of it,—and two years before the 'Oregon question' was settled, and four years before the first territorial governor came to assume his duties. By that time the school had two teachers and nearly a hundred pupils. Six years before Oregon became a state, the Old Institute had grown into a college, which was chartered under the title, Willamette University. Salem, planted on the original donation claim of the university, has literally been built around the institution."

A moment later she added, "At my last visit we had only one building on the campus. Now we have seven. We are growing. But, excuse me, I must go, I must go."

EATON HALL

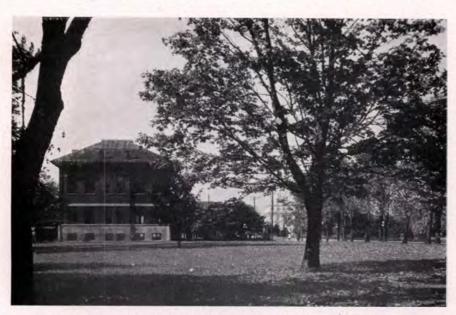

College of Liberal Arts.

THAT the College of Liberal Arts is recognized as the corner-stone of higher education at Willamette is no disparagement of the professional departments, such recognition being universal among institutions of collegiate rank.

It is fair to say it is not the desire of Willamette to compete with the larger universities in the scope of its liberal arts courses. The aim is that of the progressive, small college which seeks to offer thorough instruction in a limited number of standard courses, as a foundation for advanced study in the arts, sciences, or professional work, and as a general preparation for nobler and better living.

Under the present administration the University has been inspired by the truest and best ideals of scholarship; and the purpose of faculty and students is to maintain so high a standard that the institution may be deserving of respect in the most critical of educational circles.

LAW BUILDING

College of Law

THE ILLAMETTE UNIVERSITY justly regards the College of Law as one of its most valuable assets. President Doney fully appreciates the needs of the lawyer of today and is utilizing all available means to make the Law Department a thoroughly modern institution for legal training.

The location is ideal. Students are afforded the opportunity to observe and study the actual workings of every court of the state judicial system. The State Law Library offers unsurpassed facilities for the study of case law, the reports of each state being obtainable.

One of the pleasing features of the present year has been the cooperation between the Law and Liberal Arts Departments. This has been due to a growing appreciation of an organic unity of purpose common to the various departments of the University.

KIMBALL COLLEGE

Kimball College of Theology

EXAMPLE COLLEGE OF THEOLOGY is the only institution in the Pacific Northwest under the direction of the Methodist Episcopal Church, devoted entirely to those preparing for the Christian ministry. The work accomplished in the eleven years during which the school has been in operation amply justifies the prophetic wisdom of Dr. and Mrs. H. D. Kimball who founded it, and of others whose sacrifices have contributed towards its maintenance. Under the present leadership of President Talbott the friends of the institution are steadily multiplying, so that the accumulation of an endowment for the school makes slow but sure progress.

As the demands upon the minister were never more strenuous than today, Kimball College stands for the very best attainable preparation. It strives to give its students a scholarly familiarity with the subjects that should engage their attention, a broadening and deepening of Christian character, and a real efficiency for their life work.

MUSIC HALL

Conservatory of Music

THE CONSERVATORY OF MUSIC is contributing much to the attractiveness of Willamette University. Great as have been its achievements in the past, there are greater possibilities for it in the near future. During the past year the enrollment has so increased, having more than doubled that of last year, that the building cannot accommodate all the pupils and Science Hall is being partially utilized by them. The Salem-Willamette-Philharmonic Society has been organized, which promotes a more intimate relation between the town and the University. The new pipe organ which has been installed in the chapel makes possible a greater variety of harmonies. With the larger number of musicians from which to choose, all the performances staged under the direction of the College of Music have been remarkably successful.

Those who have special aspirations for a musical career are more than able to realize their ambitions under the splendid direction of Dr. Chace and his efficient co-workers.

QUEEN OF MAY

AY DAY is perhaps the day of all the year which Willamette anticipates with the most pleasure. Let us now look back again upon the realm of the ideal, where it never, never rains,—at least not on May Day.

The festivities began in the early morning with breakfast on the lawn near Lausanne Hall. Under the trees flower-decked tables were arranged. White-clad waitresses served plates of delicious hot waffles and all the other good things which were prepared by a medley of happy, laughing, but none the less efficient cooks, within the kitchen of old Lausanne.

Then came afternoon and the biggest event of the day,—the crowning of the May Queen. There was the sound of music, and suddenly across the campus in front of Eaton Hall, came the spirit of summer time incarnate in a bevy of maidens gowned in various softhued colors. These gave way to the autumn maidens, who rushed in like a quick gust of wind, scattering leaves of scarlet and gold. Soon winter came, represented by gray-blue clad figures, whirling and dancing in the midst of falling snow. Suddenly the clear notes of a

1918

bugle rang out and winter bowed and retreated before the coming of the many dainty white dancers of spring.

These knelt forming a long aisle down which came the stately Queen of May, Frances Gittins, preceded by her heralds and maids of honor, Laura Ross and Florence Page. When the Queen reached the dais the crown was placed upon her head, and, after she had taken her place upon the throne, the dancing was continued. Lightly tripping over the green, weaving in and out about the white and gold streamered Maypole, the lovely spring girls gave the pretty, old-fashioned Maypole dance in honor of their Queen of May.

In the evening at the Grand Theatre the Junior Class presented Alfred Noyes' tragedy, "Sherwood." The beautiful scenery, together with the excellent acting of the leading members of the caste, produced an effect that was highly artistic. The play was an event which will not soon be forgotten at Willamette.

On Saturday, after the various athletic games of the morning, every one assembled under the trees near the gym where a delicious picnic lunch was served. The price of partaking in this treat was an hour's work in beautifying the campus.

Late in the afternoon everyone gathered along the old mill stream to witness the traditional tug-of-war between the Freshmen and the Sophomores. A shot rang out, and the long, tense minutes began. The

knot in the taut rope moved first toward the north bank where the Sophomore men were straining every nerve to the fight; then back again, and slowly but surely the stalwart young arms of the Freshmen gained the victory, and the stream was filled with spluttering Sophomores.

In the evening the Junior Prom was held on the campus in front of Eaton Hall. There the dances of the afternoon were repeated under colored lights. Then came the grand marches, in which everyone joined. Punch was served at an artistic little booth. The glad hours passed all too soon, and another Junior Week glided into the hall of happy memories.

COMMENCEMENT WEEK of 1916 was filled with many delightful and memorable events. On May 23, the Seniors enjoyed an original "flunk day" and displayed their usual wisdom by refraining from cutting classes. At noon a picnic lunch was served behind the gymnasium and at four o'clock a "hike" to Capital Crest ended a perfect day.

Saturday morning, in response to the call of the alarm, the Senior girls were piloted by the Y. W. cabinet to a lovely nook near the campus where they were guests of honor at a delicious breakfast.

Among the other informal "jolly-ups" was a luncheon served by the Senior girls to the boys of the class for their work on the sun-dial.

Sunday witnessed the beginning of the more serious events of the week. In the morning President Doney delivered his address to the graduating class. On Monday, June the fifth, the members of 1916 met at "Elkirk" for their Senior breakfast. A long table placed under the trees was decorated with bowls of roses, pink daisies, and elever place cards. Each member responded to a toast in the form of a brief prophecy of some classmate. In the evening of the same day, President

and Mrs. Carl G. Doney gave a reception in honor of the Seniors to friends and patrons of the University.

On Tuesday occurred the annual class day of Willamette University. One feature of the program was a laughable "take-off" presented by the Juniors, of a Freshman Glee rehearsal. This was followed by the unveiling ceremony of the sun-dial, the Senior gift to the University.

Tuesday evening the Seniors presented their class pageant on an open-air stage behind the gymnasium. "Spirit of the Wild" carried the large crowd of people in the audience back to the time when Indians roamed the Willamette Valley.

On Wednesday morning the Seniors, accompanied by their host of friends, marched in dignified procession to the First Methodist Church. After taking their seats of honor they were addressed by Dr. L. R. Dyott who gave them a direct and forceful message. He said, "Today is the production of yesterday, the prediction of tomorrow. Success is simply ability plus opportunity." Thus was completed the seventy-second annual comment of Willamette University.

Inauguration of President Doney

THE formal inauguration of Dr. Carl Gregg Doney as president of Willamette University on November 13, 1916, was one of the most significant events in the history of the institution. The greatness of the occasion was felt not only by those connected with Oregon's pioneer college, but by institutions of higher learning throughout the entire Northwest.

Led by President Doney, the late T. S. McDaniel, then president of the board of trustees, Bishop Matt S. Hughes, and Governor Withycombe, the long line of visiting college presidents, clergymen, official guests, alumni, and the entire student body, in the order of their rank, formed at nine-thirty o'clock in front of Eaton Hall and proceeded to the First Methodist Episcopal Church for the inaugural ceremonies. The procession presented an impressive scene as it slowly moved along beneath Willamette's ancient maples, the brilliant autumnal hues, and the colors of the academic hoods brightening the sombre dignity of the academic regimentals.

T. S. McDaniel introduced the presiding officer of the morning, the Honorable R. A. Booth, who represented the board of trustees. After an appreciation of President Doney and greetings to the visiting presidents, he spoke on "Christian Education," which proved to be the theme of the day. Bishop Hughes then gave a masterly discourse treating the history and influence of the church in the education of the country. He also gave the charge to the president. In response, President Doney delivered an address on "Educational Values," which is generally conceded to be one of the most brilliant and scholarly treatments of an educational subject ever heard in the Pacific Northwest.

Beside these, Governor Withycombe and J. A. Churchill, state superintendent of public instruction, spoke of Willamette's service to the state of Oregon.

In the evening Mr. McDaniel presided at a banquet at the Hotel Marion, which was attended by one hundred and fifty loyal supporters of education, and was one of the most brilliant and enjoyable social functions of the year. A general reception in the First Methodist Church completed the program of one of Willamette's greatest days.

STEEVES and AUSTIN

Football Rallies

WALLULAH

JN ORDER to give its best a team must fight, and in order to fight its best a team must know that it has something behind it worth fighting for. The rallies at Willamette during the season of 1916 gave the team full assurance that there was a spirit in the school worthy of the very best fight that could be made. Although every student cooperated whole-heartedly, especial credit is due to the yell and song leaders. Roger Lyon was elected to the office of Yell King and his work was most enthusiastic. His departure from school left the office vacant and Laban Steeves was elected to fill the position for the rest of the season. This he did in an able manner. Crown Prince Leland Austin was a very competent first assistant to both the leaders. Miss Lela 1918

McCaddam, the song leader, was popular with the entire student body because she exhibited remarkable judgment in knowing just what and when to sing.

The first rally of the season was held on Friday, October sixth, the night before the game with U. of O. Practically the whole student body was present—if any one was missing no one noticed it—and the old gym shook with the vim of the song and yell practice which Yell King Lyon led. President Doney and Dr. Hall expressed whole-hearted enthusiasm in brief speeches. Coach Mathews spoke in his incomparable way for a few minutes, urging the school to get "the spirit that believes in the team." Members of the team made short talks and a snake dance was maneuvered. The rally was fittingly concluded by Dr. Hough, who spoke of real college spirit and the significance it will have in the great fight America may have to face. "Pep" was not put into anybody; everyone merely gave expression to the spirit they already had, which made the affair a genuine success.

"To Pulverize Pacific"—the purpose of the whole season, the aim of the team and, the fervent hope of the whole school! It is perfectly natural that the biggest rally of the season should take place the night before the game with Pacific. The gymnasium could not possibly

contain all the spirit at the rally on November tenth, so it was held around a huge bonfire on the athletic field. The Freshmen collected a mountain of boxes and trash which, when fired, literally painted a large section of the town red. Yell King Steeves mounted a soap box rostrum and led a song and yell practice which filled everyone with vim. Then the participants in the coming struggle were called upon to assure the crowd of what the "old fight" would do to Pacific in the next day's game. Headed by a big cardinal and gold W. U. the men serpentined the streets down town and gave yells on the corners. A long line of men concluded the festivities by rushing the movies, keeping step to W-i-l-l-a-m-e-t-t-e!

N TO MULTNOMAH'' was the cry with which the rooters, one hundred and twenty-five strong, escorted their team to Multnomah on November twenty-third. It took a special train, decorated with enormous banners and W. U. monograms, to convey them.

The train left the Oregon Electric depot at nine o'clock in the morning. Songs, yells, and "eats" made the two hours required for the trip pass almost too quickly.

At the game all assembled in the Willamette section of the large grandstand to root for the team. Here true Willamette spirit made itself manifest in so positive a fashion that it will not soon be forgotten.

THE Award Day program on Feb-ruary twenty-second brought together a large number of the alumni and friends of "Old Willamette." The program, over which President Grover Gates of the "W" Club presided, included musical numbers by the Glee Club, the Ladies' Club, and Miss Lela McCaddam. A. F. Flegel, Sr., of Portland, gave the principal address, while other speakers were Howard Jewett '16, Miss Gladys Carson, for the Girls' Willamette Club, Coach R. L. Mathews, and President Doney, who presented the awards. Among these were the four year blankets given Grover Gates in baseball and Earl Flegel in football and baseball. After the presentation of the awards, the banquet for all wearers of the letter was served at

Lausanne, Mr. Jewett acting as toastmaster. The undoubted success of the banquet was due to the untiring efforts of Miss Addie Tobie, while Mr. Gates was in charge of the program.

Founding of the Chrestos

WALLULAH

1918

THE organization of two new literary societies, the Chrestomathean and Chrestophilian, is a significant event in Willamette's new epoch of growth.

Miss Gladys Carson and Miss Edith Bird took the initial step in organizing the Chrestomathean Literary Society. The Adelantes and Philodosians co-operated with them, and gave them privilege of choice from all non-society girls. Under this impetus girls peculiarly fitted to insure the success of the Chrestomatheans were selected.

Immediately, and with equal success, a group of men from the Freshman class perfected the organization of the Chrestophilian Society.

Except for the lack of a permanent meeting place, the extreme youth of these societies is manifest only in the vigor and enthusiasm which attend all their efforts.

Ladies' Glee Club Concerts

THIS has been a banner year in every way for the Ladies' Glee Club. From the opening of the season, when splendid new material was added to the already well-trained ranks, until the jolly supper at the Spa in honor of Dr. and Mrs. Chace which closed the season, enthusiasm characterized the work of the organization.

The goal of the season's work was reached in the staging of the Salem concert February thirteenth in Waller Hall. The program presented was one of variety and with a decided artistic finish. Besides the chorus numbers, there were vocal and instrumental solos and duets, organ and ukulele numbers, and readings. The heaviest and most classical part of the entertainment was the cantata, "The Death of Joan of Are," by Henri Bemberg.

After this initial appearance, the club sang on various occasions, each time being received with enthusiasm. On February twenty-eighth the Ladies' Glee Club repeated their Salem concert in Albany. The ovation there showed that the club met with great favor. With these outstanding results of the year, the club continues as one of the strongest musical organizations in the University.

The Freshman Glee

WALLULAH

UO WILLAMETTE belongs the distinc-tion of being the first college in the Northwest, and, as far as is known, the first college in the country, to hold an event similar to the annual Freshman Glee. The custom was established by the class of 1912 in their Freshman year for the purpose of arousing class competition in creating college songs. The plan is this: Each year the Freshmen challenge the other classes to a contest in which each class is to render an entirely original college song. The decision is in the hands of nine judges who take into consideration the music, words, and rendition. The class which has presented the winning song is awarded, by the Freshmen, a beautiful pennant. The whole affair is managed and directed by the Freshman class.

1918

This year the class of 1920 have not only the distinction of having managed the largest and best glee in the history of the custom, but also of winning their own banner. The attendance at the glees is so large that this year it was necessary to obtain the Armory for the event. So amid beautiful decorations the new college songs were presented before an audience of nearly three thousand people.

Those writing the songs for the respective classes were as follows:

ROBBINS

HALL

HOUGH

THE ILLAMETTE has been highly favored this year with distinguished speakers. Among these, Dr. Hough, Dr. Hall and Mr. Robbins left especially profound impressions on the minds and hearts of the students.

Dr. Lynn Harold Hough, of Garrett Biblical Institute, spent several days at the University early in October. He is an earnest and inspiring speaker of charming personality, and he endeared himself to the entire student body by his intense interest in all of its affairs. Because of his keen intellectual powers and fine tact he was able to help the college men and women in solving many practical problems. Student life, in its many phases, was the subject of his powerful talks.

Dr. Winfield Scott Hall, a professor in the medical department of Northwestern University, who devotes half of each year to lectures to students, visited us in January, giving three excellent lectures on social hygiene. Dr. Hall has a pleasing conversational style of speech which makes one accept him at once as a confidant.

The last series of talks was given by Mr. Raymond Robbins, politician and statesman of national note. He spoke chiefly concerning the great social and industrial problems which face the United States today, and presented the need of leadership in these affairs as a strong challenge to the college man. His addresses were made doubly interesting by the use of illustrations drawn from his own varied and remarkable experiences, which have ranged from those of a coal miner and Yukon prospector to those of a social service worker and statesman.

Millamette University Glee Club Trip

WALLULAH

1918

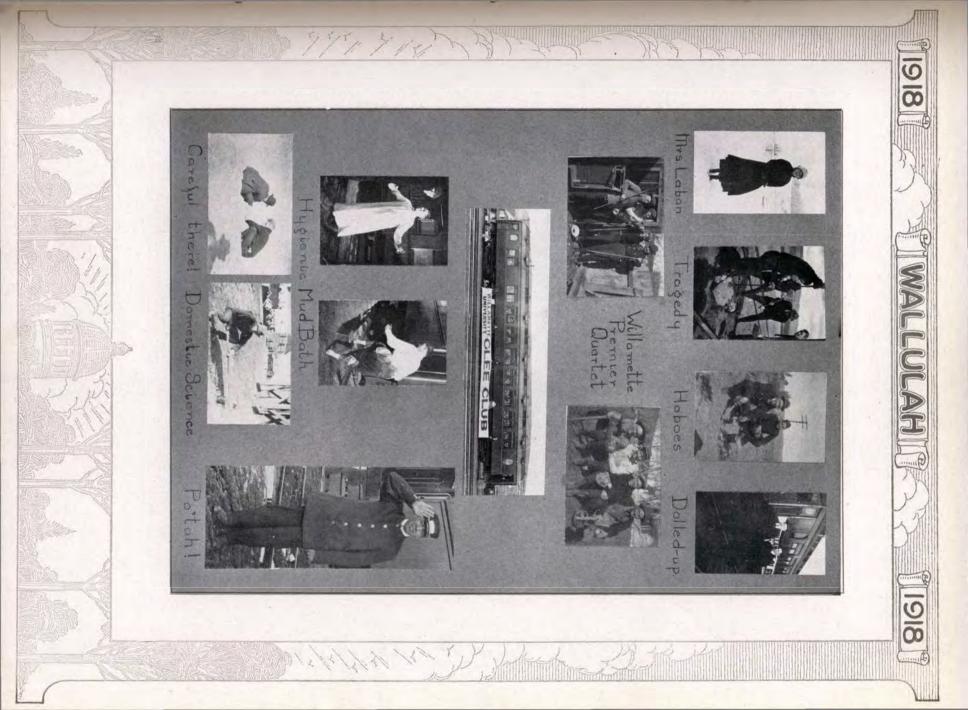

THENCE IN A new result of the towns and cities of Eastern Oregon in a private car, arousing the good people to the fact that Willamette is an institution of unusual "punch" and vigor, and entertaining with a concert that could not be excelled, the University's premier Glee Club completed four weeks of the most successful tour ever undertaken by any organization at Willamette. The old school was advertised as never before. High school students, thinking of a college training, were very enthusiastic and took a great interest in the crowd of warblers which invaded their otherwise peaceful villages.

The following cities were visited by the Glee Club: Madras, Redmond, Prineville, Bend, Wasco, Moro, Grass Valley, Condon, Heppner, Lexington, Ione, Umatilla, Echo, Pendleton, Athena, Wallowa, Enterprise, Joseph, Elgin, Imbler, and La Grande.

The personnel of the party was as follows: Messrs. "Gloomy" Gus Anderson, James "Cal" Ewing, William "Bill" Marsters, Laban A. "Gumshoes" Steeves, Warren "Toots" Booth, Thomas "Coyote" Coates, Harold "Fuzzy" Emmel, Alpheus J. Gillette, Karl "Charlie" Chapler, Archie "Geraldine Ferrara" Smith, Paul T. "Slim" Anderson, Earl B. Cotton, Roswell "Twostep" Waltz, Leigh "Shakespeare" Douglass, Harry Joseph "Baldy" Bowers.

Miss Hazel Alene Hockensmith, the accompanist, was praised by all as being the greatest and most clever pianist that ever traveled in a private car. To Mrs. E. C. Richards goes the honor of official chaperon. A truly brave spirit it was, that would undertake to chaperon a bunch of college people for four weeks, and considering the satisfaction that Mrs. Richards was able to give, no small amount of praise is due her. Mrs. Laban A. Steeves acted as assistant chaperon and gained the reputation of being the jolliest one in the party and the best hand at "Rook." William Joseph Wilson is the name of the best porter in the service of the Pullman Company. Six consecutive years with the Yale Glee Club—and he declared in all his travels he never rode the cushions with a jollier bunch of people than the party from W. U. Mr. Wilson will remain in the hearts of the members of the Glee Club as the brightest dark spot with which they have ever come in contact. Last but not least is the Baby Jewel piano which occupied a berth by itself and the attentions of one "Cal" Ewing most of the time.

The trip as a whole was considered by all to be the greatest success the Glee Club has ever known.

CHESTNUT FARM

JN THE late afternoon of an autumn day the members of the Y. W. C. A. led the new girls across the bridge and to a grassy knoll on the river bank for a picnic supper. During the merry bustle of building a bonfire and roasting "weinies" homesickness was quite forgotten. As dusk fell the girls gathered closer about the fire, and the sound of singing, interspersed with happy laughter, floated out across the water.

The trip to the delightful old country place "Chestnut Farm" is one thing which no W. U. girl cares to miss. So on Saturday, September twenty-third, old and new girls met there and mingled together upon the broad piazza to spend the afternoon. Bushels of delicious autumn fruit were placed about and no one needed a second invitation to help herself. At the close of the day many new friendships had been formed and the Freshmen girls felt,—oh "heaps" more at home at college.

The P. M. C. A. Stag-Mix

Saturday, September twenty-third, occurred the annual stag-mix given by the Y. M. C. A. Nearly all the men of the University assembled in the gymnasium and proceeded to welcome one another by a good old-fashioned rough-house. After Chief Laban Steeves had picked teams which contested in several trials of strength, speeches were given by prominent varsity men. Arlie Walker welcomed and advised the Freshmen; Wallace Adams told of the work of the "W" Club; and "Slim" Anderson expressed his regret that "the merry old familiar faces I used to shake hands with are not present." And so the time was passed until the final serpentine and apple cider. P. W. C. A. P. M. C. A. Reception

WALLULAH

THE annual Y. M.-Y. W. C. A. reception which took place Friday evening, September twentyninth, marked the beginning of social life at Willamette. It was there that the Freshman was formaly introduced to his college, there that returned alumni greeted old friends and met those gathered to fill the ranks they had deserted.

The corridors of Eaton Hall were made festive with artistic decorations of palms, pink asters, and ivy. At the door Miss Esther Taylor and Sam \mathbf{K} . King greeted the guests. Miss Fannie McKennon introduced them to Miss Aetna Emmel, the president of the Y. W. C. A., who stood at the head of the receiving line. Others in the line were: Charles Randall, Mrs. Doney, Mrs. Alden, Professor MacMurray, Miss Todd, Miss Rosamond Gilbert, and Leigh Douglass. At the end of the receiving line dainty little booklets were distributed. The form of entertainment, that of exchanging signa-

tures, is a time-honored custom at Y. M.-Y. W. C. A. receptions at Willamette.

During the latter part of the evening the guests were ushered to the hall on the second floor, which had been artistically screened so as to form a pretty serving room. The tables were lighted by softshaded candles, which shed a glow over the room, beautiful with trailing ivy and pink asters. Delicious sherbet and cakes were served by a bevy of fair co-eds.

The University orchestra furnished music at intervals, which added much to the attractiveness of the evening.

Those largely responsible for the success of this affair were Miss Garrett and Arnold Gralapp. Their original ideas made this reception more perfect in detail and more splendid in effect than any hitherto held at Willamette.

Freshman-S. H. S. Senior Reception

WALLULAH

fRIDAY evening, May nineteenth, nineteen-sixteen, the high school Seniors were the guests of the Freshman class at a reception in Eaton Hall. The decorations combined very effectively the colors of the two classes against a background of greenery. Since political agitation was high, the evening's entertainment consisted of a political meeting. Active campaigning elected Roosevelt, in the person of Lyle Page, to the presidency of the United States. Programs for a reception in honor of the new executive were distributed, and directed the guests' attention to several excellent musical and literary numbers. Following the program a delightful grand march led out over the campus and capitol grounds, finally returning to Eaton Hall, where refreshments were served. The Freshman custom of entertaining the Salem High School Seniors has become an annual event which is eagerly anticipated by both classes.

D. D. Club At Home

BN November the fourth the D. D. Club gave their annual At Home to the faculty, students, and friends of Willamette University. Guests were introduced to the faculty, their wives, and the officers of the club, who stood in the receiving line. The other club men escorted their friends throughout the house, and exhibited with pride their treasures of bachelor life. Music was played during the entire evening.

MEMBERS AND INSIGNIA OF D. D. CLUB 1918

THE Thanksgiving Jolly-Up, one of the big informal parties of the year, is held annually in the gymnasium for those students who remain in town during vacation. This year it was even more successful than usual. Virginia Reel, Tucker, and lively circle games were first played; then the crowd was divided into three groups and staged modern versions of classical plays. A grand march, with frequent stops for cider, candy, and peanuts, concluded the evening's fun.

Post-Exam Jubilee

J T WAS a weary but hilarious crowd that gathered in the society halls on February second to celebrate the passing of that dark time of final testings and reckonings, commonly known as examination week. But tired nerves were soothed by an opening program of music, after which Virginia Reel and Tucker added their usual part to the evening's festivity. After everyone had enjoyed the relaxation of this utterly informal entertainment, all joined in a good old college "sing." It was only when the faculty chaperones began to look uneasy at the lateness of the hour, that the party reluctantly dispersed. But far on into the night serenaders reminded the fair co-eds that exams for another semester were a matter of history.

Faculty Reception

MONG the first and most delightful affairs of the second semester was the reception given to the student body by the faculty on the evening of February seventeenth. The corridors of Eaton Hall were transformed into an artistic bower by a profusion of greenery, and against this background American flags, red carnations, and rich oriental hangings gave tones of bright relief. Professor Matthews introduced the guests to the receiving line, which included President Doney, Dean and Mrs. Alden, Mr. and Mrs. Richards, and Miss Todd. The orchestra, half concealed in the balcony, played throughout the evening, and additional entertainment was afforded by the pleasing solos of Miss Lela McCaddam, Ferris Abbott, and Miss Marian Emmons. The harmonious blending of the University colors gave a most pleasing effect in the refreshment room where Mrs. Sherwood and Mrs. Dodd presided during the first hour, and Mrs. Doney and Mrs. Alden during the second.

1918

1918

THASHINGTON'S BIRTHDAY was observed at W. U. this year in a manner never to be forgotten. The student body were guests of the Washingtonian Club for the day. The exercises of the chapel hour were of a patriotic nature. After Judge Benson's speech no one could but feel a thrill of enthusiasm and a certain sense of solemnity in sharing in the celebration of one among the three birthdays which America cares to honor. At one o'clock the whole University, including trustees, faculty and many alumni, gathered in the parlors of the First M. E. Church where the first annual Washington's Birthday Banquet was given. There, amid beautiful decorations of flags, red carnations and college pennants, was engendered that good-fellowship of the festive board. Dr. Chace was toastmaster and in accordance with his requirements only the truth was spoken in the responses made. The music of the University orchestra and the quartet added much to the pleasure of a day unique in the annals of Willamette good times. To Miss Edith Bird belongs much of the credit for the great success of this banquet.

Those who gave clever and interesting toasts were as follows: Earl Flegel, Miss Lola Cooley, Raymond Attebury, Victor Collins, Coach Mathews, Glen J. McCaddam, Dr. B. L. Steeves, Charles Randall.

National Guard Farewell Party

f AREWELLS are sad, it is true, but a farewell party may be the merriest event of the year. To give to the University men in the National Guard a pleasant send-off and a delightful memory was the object of the jolly-up in the gymnasium on the evening of March twenty-ninth. Students and faculty united in games and stunts of such a hilarious nature that even the military dignity was forgotten. Tucker and a progressive grand march filled the latter part of the evening. Refreshments consisted of cookies and lemonade. The uniforms of the enlisted men and the flags displayed by the girls contributed to the intensely patriotic spirit of the evening.

Informal Luncheon

THE Senior class has this year been privileged to enjoy a number of delightful affairs. Remembering that the "Seventeeners" have always had an extreme fondness for "eats," the social chairman planned a "feed" as the first event of the year. This took place Wednesday noon, October fourth, on the grassy knoll back of the gymnasium. The day was ideal, the good things to eat were plentiful, and with everyone in a very happy mood, the first social gathering of the class proved a great success.

"Rook" Party

THE next few months were far too busy for frivolity; however, upon receiving the Misses Aetna and Esther Emmel's invitation for a party at the home of Mrs. F. H. Thompson on December fifteenth, the Seniors came back to the realm of fun, and enjoyed one of the most delightful parties of the year. To bring back memories of their verdant days, "Rook" was the entertainment of the evening.

Senior Dinner

AS a closing event for the first semester the class partook of a sixcourse dinner, Friday noon, January twenty-sixth, in the Kloshe Klub dining room. This was enjoyed from start to finish and will long be remembered.

Glee Celebration

TH ITH spirits not the least depressed after the judges' decision at the Freshman Glee, the loyal Seniors went to the Gray-Belle where Mrs. F. H. Thompson was hostess at a beautifully appointed affair. After refreshments, toasts were given, and at the conclusion President Doney, guest of honor, responded in a pleasing manner.

Junior Sister Tea and Picnic

A TEA given at the home of Miss Evelyn Reigelman was the means used by the Junior girls to familiarize the Freshmen with the "Junior sister" plan for promoting friendship with the new girls.

A hike and weiner-roast was the next autumn festivity of the class. They sought out a picnic ground along the river bank in Polk county, where, over crackling bonfires, they partook of a bountiful and indigestible feast. They remained about the fires, singing in the moonlight, until both voices and memories were exhausted.

"Batty" Reunion

X NOWING that nothing else is as much fun as to "dress up," the Juniors had their second party in the form of a Christmas reunion of the "Batty Family," at the home of Miss Helen Goltra. The climax of the evening's enjoyment was reached when the Christmas tree was lighted and a really, truly Santa Claus appeared with presents for everyone. Sherbet and wafers were served by the "coloh'd gent'men," an old family servant of the Batty's.

Glee Jolly-Up

JOLLOWING the Freshman Glee, the class went to the home of Miss Margaret Garrison. After partaking of the dainty refreshments provided the party quite forgot the defeat of the hour, and joined in playing merry games.

THE social activities of the class of '19 began with the informal party held on October twelfth. A jolly crowd escorted the victorious heroes of the Bag-Rush to the grove behind the gymnasium for a "weenie" roast. After supper they adjourned to the Philodorian halls for Virginia Reel, and thus completed the evening's fun.

Formal Party and Glee Jolly-Up

THE home of Miss Helen Wood was the scene of the first formal gathering of the Sophomores. The Christmas spirit prevailed and Santa Claus came with an appropriate gift for everyone. After real Christmas plum pudding had been served, ukuleles were brought out, and singing in the light of the open fire was enjoyed.

The jolly-up after the Freshman Glee is always a noteworthy event in the class calendar. This year's Sophomore celebration was a pretty affair. Following the serving of the "Sophomore Special" several clever toasts were given, and the party broke up with the singing of the class song.

Sophomore-Freshman Party

N March twenty-first, the "Ninteeners" were hosts to the Freshmen in the Websterian halls. The attractive decorations combined the colors of the two classes. For one evening at least, all rivalry, except that occasioned by clever games, was forgotten; and both classes had to admit that they could enjoy each other's society after all.

Thursday, October twelfth, the class of 1920 gathered for its first "informal." Although the Freshman team had lost, the girls felt that they fully deserved the good things prepared for them. So, with "everybody happy," the class mounted hay-racks and rode across the river into Polk county, there to gather around two huge bonfires and enjoy the typical bonfire "spread." The evening was spent in singing the newly learned W. U. songs and watching a spectacular "movie" produced under the direction of Professor MacMurray.

Formal Party

BEATRICE WALTON Vice President of Class First Semester November twelfth the Freshmen met at the home of Miss Ethel McGilchrist. After overcoming various difficulties, such as are apt to arise when Freshman parties occur, the class settled

down to a most excellent program. A group of hungry Sophomores roamed outside, but the guests remained serene, and left feeling that their first party had been a great success.

Freshman Glee Celebration

TER their famous glee, the Freshman class marched from the armory to the Spa, where delicious refreshments, carrying out the class colors, were served. William Holt acted as toastmaster, while those responding to toasts were Miss Velma Baker, Miss Beatrice Newport, Miss Fabian Rosche, Victor Taylor and Ed Rauch. Enthusiasm ran high throughout the program of witty and clever speeches. But the climax of the evening was reached when Miss Hazel Hockensmith approached the piano, over which the beautiful pennant was hung, and struck the cord which brought every Freshman to his feet, to join with more zest than ever before, in the song which won the greatest glee in the history of Willamette.

Philodosian At Home

LL non-society women of the University were guests of the Philodosians at a clever At Home on October twenty-first. The realities of this old world were quickly forgotten and all stepped into another realm—the abode of the gods. The dwellings of Apollo, Venus, Diana and Bacchus were visited, and a Grecian song, story and dance added to the spirit of mythical surroundings. In the soft candle light of Ceres' temple a dainty three-course luncheon was served.

Philodosian Banquet

THE Thanksgiving homecoming of all Philodosians, as members of the time-honored Snodgrass family, occurred at the dwelling of their fairy godmother, Mrs. Edwin Sherwood. After a Thanksgiving feast, such as only the Snodgrasses can provide, occurred the pretentious wedding of Mr. Wallace MacMurray Dramaticus and Miss Buckerum Swatterbean. The family circle was broken at a late hour.

Philodosian-Philodorian Joint

JT was close to the "night before Christmas" when all Phil youngsters gathered to wait "jointly" for Santa Claus. And sure enough he came, with toys and trinkets to delight the hearts of all. After Santa's departure, these youthful people chose them a king and played Philo Kingdom, with quarrels, trials, and judgments.

Miss Rosamond Gilbert headed the receiving line, and the dainty ices were cut by Mrs. Talbott and Mrs. Kirk.

Hallowe'en Party

THE merriest night of all the year was the Web-Adelante Hallowe'en party. A supper was served at the M. E. Church, and then the party returned to the society halls and passed the rest of the evening with informal games.

Adelante Christmas Party

N the afternoon of December twenty-second occurred the annual Adelante Christmas party. The district school was ruled by a "school marm" of more than usual vigor and command. After the little boys and girls had sung and said pieces, Deacon Witherspoon discoursed so forcibly that the families sat down to their basket supper quite awed.

Vacation Jolly-Up and Formal Party

THE society halls were the scene of an informal party composed of Adelantes and Websterians who were in town over Christmas vacation. At a late hour they adjourned to the Korean restaurant where noodles were served. In direct contrast to this was the formal joint on the evening of January twenty-seventh. ALTHOUGH they are the baby societies in Willamette University, the Chrestomatheans and Chrestophilians began their social life with much vim and enthusiasm. The first affair was a joint Christmas banquet given in the Philodorian halls on December seventeenth. After a few preliminary games and a spicy program, all adjourned to a banquet table loaded with good things. A novel Christmas tree with unique gifts for everyone was the last feature of the evening. All declared the first Chrestomathean-Chrestophilian party a decided success and were sorry when the time for "good-nights" had come.

Valentine Party

THE interesting Valentine meeting of the Chresto girls certainly made a picture that would carry even the most dignified Senior back to his childhood. Pretty, bright hair ribbons, candy canes, and all that goes with a youngster's first valentine party, were found in abundance. After a short program, many youthful games were played. The success of the afternoon was so great that the girls decided to make this an annual affair in the social life of the Chrestomatheans.

Willamette Collegian

WALLULAH

THE WILLAMETTE COLLEGIAN is the Associated Student Body's official organ. Through its columns the several student activities are unified into a systematic whole, that their scope may be appreciated by students, faculty, and friends of the University. In another sense the Collegian is the connecting link between the student body, the townspeople of Salem, the alumni, the high schools of the Northwest, and nearly a hundred other universities of the United States.

The Collegian was founded in 1889 and until 1902 it was published as a monthly magazine. Since the newspaper form was adopted, it has assumed various sizes. Last year it was completely reconstructed, taking the form of a sevencolumn, four-page paper printed on regular news stock. With the exception of a few changes in

KING

the style of headlines this year's volume, number 28, is the same as that of last year.

The desire of the editorial staff is to meet as far as possible the requirements of metropolitan journalism in its portrayal of life at Willamette. During the past two years it has not only fulfilled the needs of the students but has succeeded in reaching prospective high school students as an effective means of advertising. The value of the work done by the student editors in maintaining so high a standard cannot be overestimated.

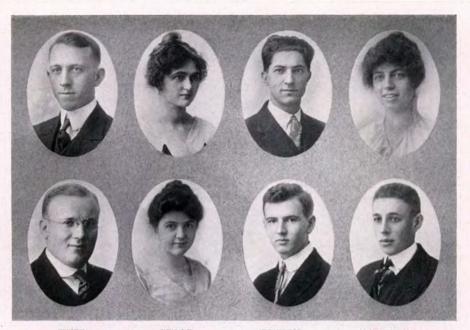

The management is also to be commended upon its successful financing of a college paper with a weekly circulation of over 1900 copies.

By those who know, the Willamette Collegian is ranked as one of the best college newspapers published anywhere.

1918

THE 1918 WALLULAH has a unique history among college annuals. A year ago, Errol W. Proctor was elected editor-in-chief and Harold Miller, business manager by the Junior class. Work began later with an editorial staff as follows: Ruth Spoor, The Administration and Organizations; Helen Goltra, The College Year and Society; Margaret Garrison, Students; and Leland Austin, Athletics.

However, just five weeks before the date of publication, the mobilization of the National Guard reduced the personnel of the staff to the three women. With only a day's warning, Ruth Spoor undertook the responsibility of editing the book, and Harry Bowers, with equal courage, accepted the difficult task of filling the vacancy left by the manager. Warren Booth ably assisted the management in putting the Wallulah on a sound financial basis, and Gustav Anderson rendered invaluable service in securing advertisements. Praise is also due Fannie McKennon for looking after the sale of the volumes.

In the editorial department members from the Junior class—in fact from the whole student body—were chosen to help, and, in nearly every case, they generously and cheerfully responded. Had it not been for the aid given by these people, who are too numerous to mention, the work of the staff would have been seriously retarded. Special credit should be given Vera Wise, Winnifred Bagley and Dean Pollock for their art work; Otto Paulus for his landscape photographs; and Blanche Baker for her assistance in every part of the book.

The present volume in many respects falls short of the standard Wallulah, but it has not lost sight of its purpose—to portray in an informal manner the campus life as it really is at Willamette University. If it has succeeded in bringing to the minds of the students correct pictures of the events of the year 1916-17, it has, even in spite of its imperfections, approached the realization of the plan mapped out by the staff of the class of 1918.

Inter-Collegiate Prohibition Contest

EVERY year under the auspices of the Inter-Collegiate Prohibition Association of Oregon, an oratorical contest is held. This year, as part of the State convention, the contest was staged at McMinnville College, April twenty-first. The purpose of the association is to keep college students vitally interested in the prohibition movement in the United States by making it a part of their college activities. Thus there is first the local contest, then the state, the inter-state, and finally the national contest. The winners in each one vie for higher honors in the larger contests.

In the state contest this year Willamette University won first honors. She was repre-

sented by Margaret Garrison, who will now have the honor of representing Oregon in the inter-state con-

test to be held at Los Angeles, the twentieth of May. The state victory was a sweeping one, Miss Garrison winning five firsts out of six, being awarded three in composition and two in delivery. This bespeaks volumes for the natural ability of the orator. Perfect voice control and a definite knowledge of the technique of oratory were outstanding points in her delivery. One of the judges spoke of Miss Garrison's oration as the most finished he had ever heard in a collegiate contest. This sweeping victory was largely the result of conscientious training under the excellent leadership of Professor Helen Miller Senn of the Public Speaking Department. Professor Senn ranks among the foremost coaches in the Northwest and with her as director, it is likely that Willamette University has a future in the field of oratory never before possible.

DOXEE

"A New Reconstruction" was Miss Garrison's oration. In this she assumed the success of prohibition, but voiced the needs of the thousands of people addicted to the saloon habit, and dependent upon the industry for their daily wage. All periods of reconstruction are critical, for example, the years following the eivil war. It is the duty of the prohibitionists to provide adequate social centers in lieu of the saloon, and opportunities of work for the people thus thrown out of employment.

State "Old Line" Oratorical Contest

THE "Old-Line" State Oratorical Contest was held at the Oregon Agricultural College February twenty-third. Six institutions were represented. Mr. Herald Doxee, a theological student, was Willamette's representative. His oration was entitled "The Higher Patriotism." It was strong in its appeal for good citizenship and sound judgment in the time of national crisis. Two verbal pictures were painted by contrasting the present day patriotism with the patriotism of tomorrow and its resultant peace. In this event Willamette was awarded fifth place.

Willamette-Pacific Debate

WALLULAH

At Willamette—Affirmative, Willamette, Spiess, Paulus; negative, Pacific, Jack, Irle. Judges: Prof. McPherson, Prof. Dunn, Prof. Bates.

At Pacific—Affirmative, Pacific, Jones, Taylor; negative, Willamette, Randall, Conley. Judges: Prof. Spencer, Prof. Berchtold, M. R. Johnson.

The outstanding event in debating circles this year was the dual contest with Pacific University, held on the night of February tenth. The proposition was: "Resolved, That a Literacy Test Equally Restrictive as that of House Bill 6060 Is the Best Method for Restricting European Immigration." Adolph Spiess and Otto Paulus, Willamette's affirmative team, debated in the local chapel with Pacific's negative team, composed of Glenn Jack and Kenneth Irle; while Charles Randall and Bryan Conley, upholding the negative for Willamette, met Lester I. Jones and Elbert Taylor, affirmative, at Forest Grove.

SPEISS

Each of the four teams presented the question in a manner which revealed careful research work. However, the Pacific teams excelled in their organization of material and in delivery. Through these they won the decision in each of the debates.

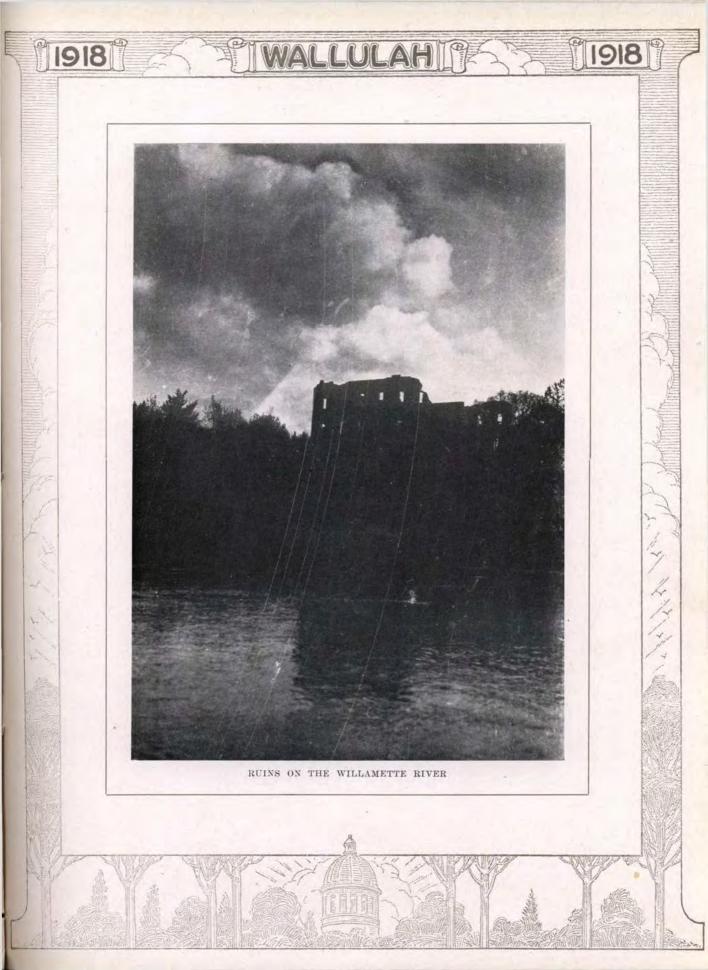

A certain lack of enthusiasm has characterized the 1916-17 season. Little interest was taken in debate this year, but with splendid new material in the Freshman class and prospects for definite coaching the outlook is promising.

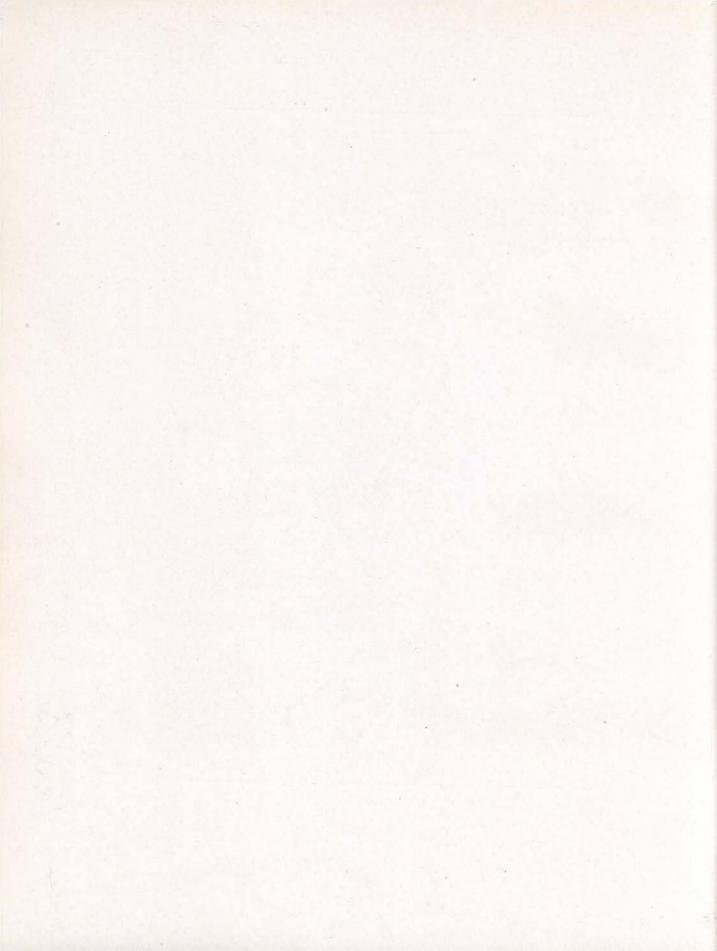

The Department of English is planning to offer a course in argumentative composition next year that is calculated to relieve the public speaking department of that phase of the work and to afford it more time for training students in delivery. Cooperating as they will and supplementing each other, these two classes, coupled with hard work on the part of their members, should place Willamette's debaters in a position to compete with those of any rival university.

f OOTBALL practice was handicapped throughout the 1916 season by lack of heavy material and the smallness of the squad reporting for practice. The much-needed scrimmage practice often had to be forgone because there were not a sufficient number of men for two teams. Thus cramped for material the season promised little, but a pleasant surprise awaited all.

Former "W" men to report for practice included Captain Flegel, Booth, Tobie, and Bartlett. Flegel and Tobie filled the tackle positions on the line, Bartlett went to full back and Booth to quarter. The balance of the team were new. Peterson, sub on the 1915 squad, was given the center's job; Womer, 1915 sub, and Taylor, Freshman, filled the holes at the guards; Rateliff, local high school star of 1915, and

Rexford, varsity regular for part of last season, engineered the wings. The back field was complete with Dimick and Grosvenor in the half back positions. Subs who rendered valuable service were Teall, Proctor, Carson, Gralapp, and Jackson.

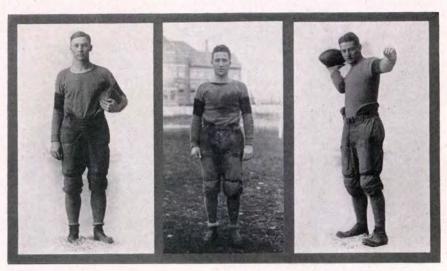

1918

As of old, the first meet for the varsity aggregation was with the Alumni team, which was defeated on September thirtieth by a score of 21 to 0. On October seventh the Oregon heroes piled up the biggest score, 97 to 0, ever registered against a local eleven. But as the test of the true man is his "come back" after a failure, or after being soundly beaten, so is it the test of the aggregate, and the Cardinal and Gold supporters proved true blue. Two weeks of reorganization and drill sent a team on the field that beat Albany 26 to 7, snowed Columbia under 55 to 0, and put up such stiff opposition that the Mount Angel team were glad to get off alive by forfeiting their match 1 to 0 in the second quarter.

Pacific University was defeated 25 to 7 and the non-conference championship was cinched on November eleventh on the local field. The final game was staged in Portland on November twenty-fifth, when the husky M. A. A. C. team was met and held to a 13 to 7 score. Although played in a slough of mud this was doubtless the best exhibition of the season, and well repaid the excursion which went from the University to witness it. The final scoreboard thus read five

victories out of seven chances, a remarkable success under prevailing conditions.

Coach Mathews was the prime motive force in the attainment of the final success. He gave his best to the team and they responded in kind. Captain Flegel was at all times the embodiment of hard work, square play, and conscientious training; a worthy example to his men and an able assistant to the coach. The wide experience, cool generalship, dash and fire of Captain-elect Booth lent a spirit of confidence and unity to the team. At quarter back his judgment soon won the respect of coach and team-mates, proving him a capable leader. As captain of the 1918 squad he will have a loyal team to follow him and fight for the colors he represents until the goal is reached.

Basket Ball Season 1916-17

MEASURED not by the number of victories, but by the high character of the games played, the 1917 basket ball season will long be remembered by lovers of this great in-door sport. Consistent with her worthy ideal, Willamette supporters find more honor in meeting the strongest teams available, with possible defeats, than to schedule all the games with weaker teams and glory in an unanimous list of victories. As a result out of eight games played, Willamette won only fifty per cent, but it took the best of the Northwest to defeat her. Willamette's total score was 184, and her opponents 182.

The season started with four men from the 1916 squad on the floor and an abundance of raw material from which to pick the other one. Captain Flegel, Jackson, and Brooks were in the regular lineup of last season; Esteb played for the varsity near the close, but this season figured in the contests from the first. Nichols was Coach Mathews' happy find for the open position. Captain Flegel is the only man who will be missed from the 1918 lineup. He completed four years of glorious battle for the Cardinal and Gold. His record is unique in that he was in the game almost every minute of the total playing time. Many an opponent was kept guessing by his aggressive strength as a forward. Experience gained by Brooks and Jackson in last year's contests added a tone of confidence to their gritty consistent playing. Although a new man on the varsity team, Nichols had previous experience with the Pacific College quintet. His work is deserving of special recognition as an all-star guard. "Nic" was the big defensive factor in every game that was played. His facilities for picking the ball out of the air when it seemed inevitable that an opponent would get it was a constant thriller for the spectators and a baffling puzzle to his

man. Sparks, a consistent trainer throughout the year, played a forward position in the last two games of the season. The subs who did good work were Grosvenor, Tobie and Teall. Four men, Flegel, Esteb, Jackson, and Nichols, earned the official award. 1918

In the initial game of the season the varsity was held to a 13 to 12 victory by an all-star alumni quintet composed of Jewett, Shisler, McIntire, Schramm, and Minton. After more stringent workouts under the direction of Coach Mathews, the team regained confidence and in the second game defeated the Oklahoma Normal team by a 19 to 15 score. Willamette's enthusiasm ran high, since only the night before the visitors drubbed the Oregon team to the tune of 32 to 12.

Superior strength and endurance on the part of the Multnomah Athletes cost the varsity a 20 to 11 defeat in the next contest. This was followed by another victory for the

"Winged M" team in a Portland game the next week. The score was 22 to 7. Both of these games were rough and tumble affairs, and called for the grit of true sportsmen to fight to the finish.

The next two games were played with the University of Washington and Washington State College quintets. In battle with the former the varsity lost by the score of 29 to 11. The W. S. C. contest was a 35 to 18 defeat. In this contest a real come-back was staged, for the second half was in W. U.'s favor, but the visitors' lead, gained in the first, could not be leveled.

To wind up the season the Goddess of Victory again chose the Cardinal and Gold supporters. The Silverton Athletic Club was forced to take a 56 to 18 defeat, and the famous Dallas quintet was humbled by a 49 to 31 score. The superior team work of the Willamette men could not be broken up.

Although Willamette did not enter the nonconference schedule, her showing with the major teams prove that her quintet could contest successfully any of the teams from the smaller colleges of the state.

Freshmen-Sophomore Football Game

FOOTBALL enthusiasm at Willamette does not depart forever from the face of the earth of the from the face of the earth at the end of the inter-collegiate season. The Freshman-Sophomore football game is one of the biggest games of the year.

Last fall, on the ninth of December, after several weeks of consistent practice, the two class teams met and wallowed through a scoreless game upon a field that was all mud. The game was a freak throughout-a veritable stream of fumbles, offsides, and slippery punts kept the two teams of mud-smeared warriors at just about an even draw. Neither side seemed able to gain any advantage, although they both excelled in rolling the other in the ooze.

The lineup was:

Tasker	Olson	Wright	Gard
Hassel	Burleigh	Lockhart	Sparks

Inter-Class Basket Ball Tournament

ALONG with an interesting schedule of inter-collegiate basket ball, an inter-class tournament was held this year in which great interest was manifested. The objective of the contest was a beautiful silver cup offered by Hauser Brothers. The Juniors and Seniors entered one team each, the Sophomores two, and the Freshmen three. In this way a large number of University men were able to participate. Competition was keen throughout the series, the climax being reached when the first Sophomore team won the decisive game from the undefeated first Freshman team and thereby became the champions of the University.

FROM all indications spring athletics will be a minus quantity, war ravages being felt there more materially than in any other line of student activity. The call of the Stars and Stripes took Esteb, Peterson, Proctor, Grosvenor, and Tasto, with several promising new men, from the baseball team, and Grosvenor, Jackson, Taylor, and a number of prospects from the track team. With these men absent it is almost impossible to build representative teams.

However, in the face of all this and with weather conditions anything but satisfactory, the men left at home have been working faithfully. In track, Small, the only letter man in school, made a creditable showing in the Columbia Indoor Meet, placing in the sprints. Bynon and Burleigh are the only other eligible candidates and they, with Small, will doubtless be entered in the O. A. C. meet on April twenty-first. After this event track work will probably be discontinued.

The baseball team has so far had no opportunity to show its metal. Pitchers are as usual a scarce quantity, "Barney" Page being the only experienced mound man, although H. Spiess is showing speed and control. The infield is composed of four letter men and is well balanced. Captain Miller has been shifted from first to the receiving end of the battery. He is showing a clean peg to bases, is a hard worker and a "peppy" leader. Flegel is covering the initial bag with "Hal" Chase form, which lends confidence to the entire inner garden. Second base demands the services of a new man and Dimick seems to have first call on the job. The short patch position is in charge of former Captain Booth, who is fielding in his old time Wagnerian style. His coolness, his baseball sense, and his heavy hitting are a decided asset to the team.

Gates, at third, is the pivot around which the team revolves. A natural born baseball player, his unerring judgment places him easily as the most valuable man on the team. Throughout his academy and college days his batting and fielding averages have been higher than those of any other player. He holds the distinction of playing four years without an error. In this his last year his ability to hit the ball and spear impossible chances is more than ever in evidence and he will close his career with a brilliant record. With his graduation Willamette loses perhaps the greatest all-round player she has ever produced. The fighting spirit and grim determination he injects into a nine will forever be remembered by his teammates.

WALLULAH

^B1918

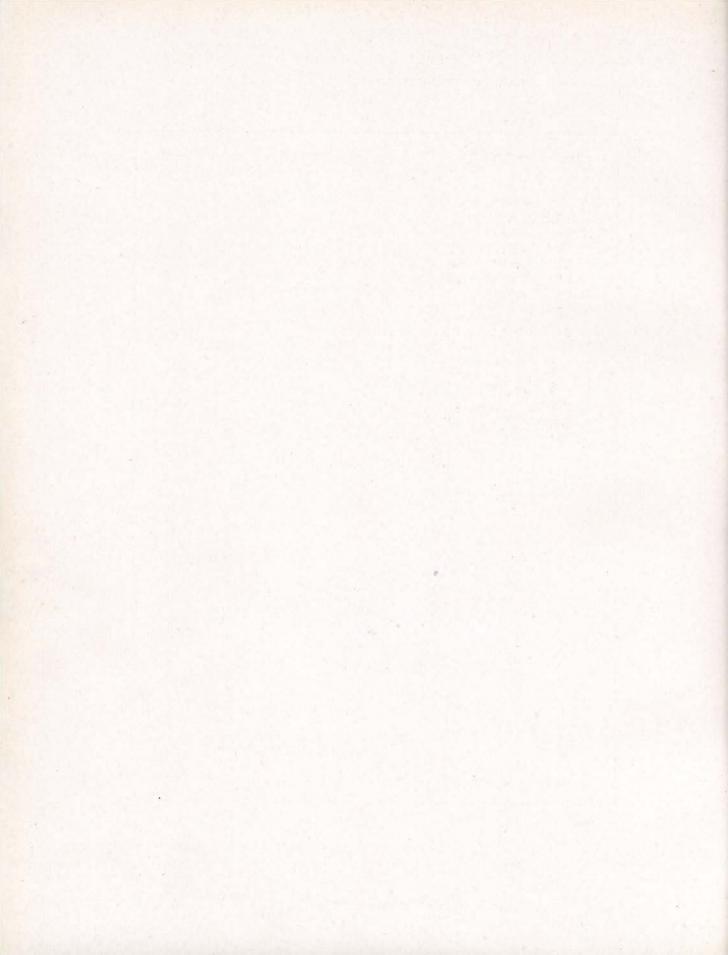

1918

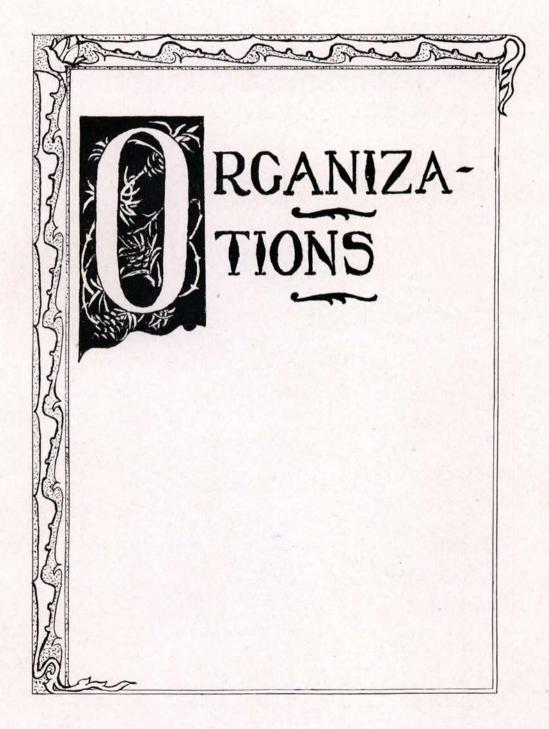

The outfield is an indefinite quantity, but will be composed of new men entirely. Story, Olson, Bedingfield and Spiess will doubtless alternate after the rough edges have been knocked off.

No definite schedule has been arranged. Several practice games with the local penitentiary nine are anticipated. Pacific University will be met in a local two-game series on May fourth and fifth if no further mishaps occur. Oregon and O. A. C. may be met later, although it is probable that the team will be disbanded after this first series.

Although the courts have been extremely popular this spring, in spite of the weather, nothing definite has been done in tennis. This is partly due to the difficulty in arranging a suitable schedule. However, Miss Mary Findley and Miss Addie Tobie, both of whom have won letters in tennis, are anxious to have a tournament for the women of the University. This will probably occur during the May Day celebration, May fourth and fifth.

THE GIRLS' WILLAMETTE CLUB represents one of the most democratic organizations of the campus, for it claims every girl of the University as a member. Its chief purpose is the maintenance of the highest standards of conduct on the part of University women. The club also requires a loyal support of all worthy student activities, a co-operation in the observance of athletic training rules, and a strict taboo upon the use of all stimulants and narcotics. In addition one day of each year is observed by the Girls' Willamette Club as a memorial to Jason Lee, the pioneer father of Willamette University.

THE Willamette Imperial Quartet opened the season's program at Jefferson, Oregon, January tenth, when they appeared on the Lyceum course of that city. Besides assisting in numerous local entertainments, they appeared in thirty concerts in various parts of Oregon and Washington. These performances were partly in conjunction with the Glee Club but most of them were

made on week-end trips by the quartet alone.

The varsity quartet has been one of the most attractive means of advertising which the University has had and they are to be commended on their splendid work in making friends for Old Willamette.

As a musical organization, the quartet attained its excellency under the expert direction of Dr. Chace. It has also been ably assisted by Miss Esther Cox as accompanist.

WALLULAH

1918

BY HEWING knowledge out of chaos and catching natural phenomena by the nape of the neck and labeling it with jawbreaking names, science has won our unequivocal gratitude. But no less a luminary than the cold, white light of scientific reason has utterly failed to illuminate the importance of a certain class of individuals. These persons are popularly and, in isolated instances, derisively known as "nuts." This flagrant neglect on the part of science is notorious to all public-spirited citizens.

After a lively meeting of the Wallulah staff, upon the recommendation of the faculty, it was unanimously decided that a section of this book should be devoted to the efforts of these heretofore neglected benefactors of mankind-the "nuts." To clarify the mind of the reader concerning this proposition, let it be known that the pictures appearing elsewhere in this publication flatter many of the originals almost beyond recognition and the appended remarks forge beyond the remotest confines of truth. What will be the natural human consequences? Why, the craniums of many students will expand almost to the point of bursting, others will be laid low by fatty degeneration of the cerebrum, and a few who are already wearing made-to-order hats will, in case complications set in, succumb to an overload of ego in the cerebellum. But lo! the "nuts" appear and the personal witticisms contained in this section are injected as a precautionary serum to counteract the above evils, and not as engines of persecution.

The staff, however, respectfully declines to entertain any complaints. The "nuts" have been given full rein and their victims are absolutely defenseless, so far as we are concerned. Nevertheless we feel that it is our duty to suggest to those who feel they have sustained irreparable injury, that there are still localities just beyond the pale of civilization where one may find the heart balm of forgetfulness. In these far places, according to eminent travelers, no one questions a new-comer concerning his past for fear that the new arrival will ask him to reciprocate and tell his own. Information regarding a distant refuge may be had for the asking from any of the transportation companies.

Dedication

1918

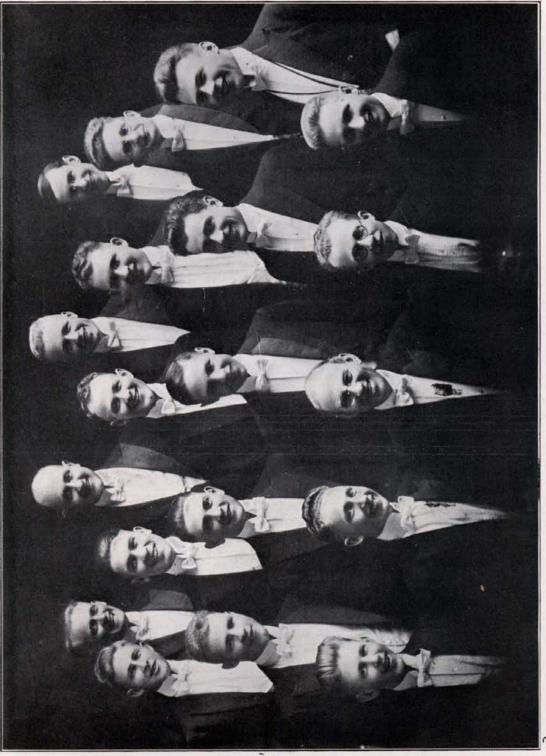

Of all the girls that are so slim, There's none like bony Sally, The daylight shines anon between, She wears no cotton shally. There is no miss in Lausanne Hall, Who's half so frank as Sally, She's sure a Daughter of the Gods-Our modest, bashful Sally.

1918

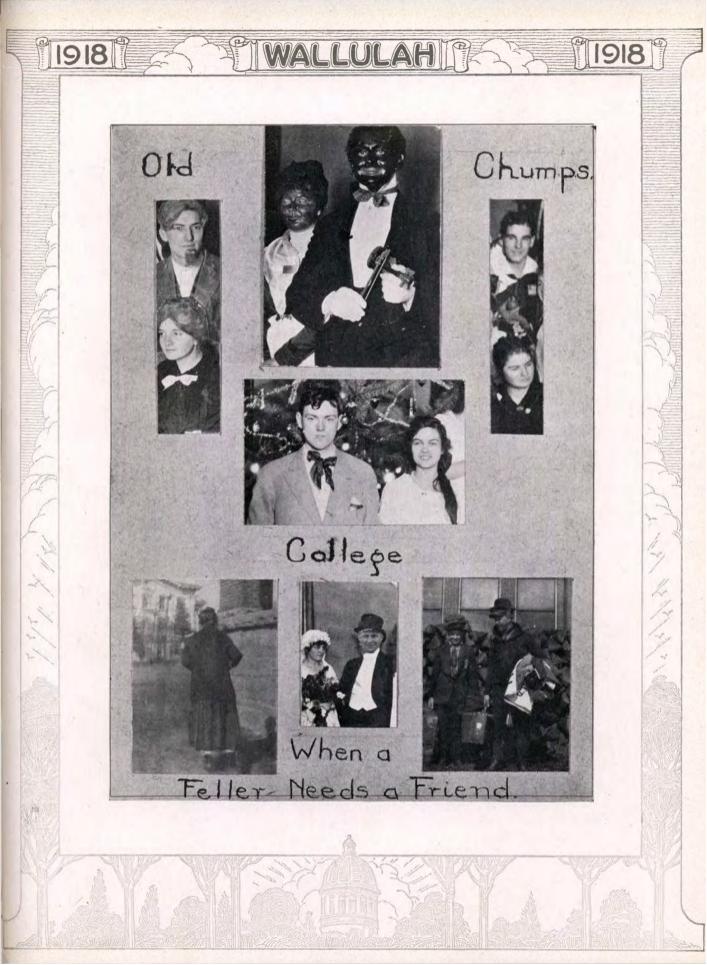

Of good points she has not a few, And easy 'tis to see 'em, Beholden they to all who view, To Seniors, Sophs and Freshmen. They poke her ribs and chuck her chin, When to the class they rally, She only grins and bears it all, Our patient, meatless Sally.

When summer zephyrs sway the trees, Quite comfy is our lady, But winter time—no B. V. D.'s For poor old chilly Sally. But now she dwells on silver sands, With golden harp she dallies, She worries not nor cares a—lot, In spirit land is Sally.

And though our quips bewhiskered be, Our funny bone be broken, We offer them to dear old Sal, We're sure she won't refuse 'em. She'll realize we meant no harm, Nor profane desecration, To foist on her this spiceless stuff, Our feeble dedication.

ARPING critics constantly aver that romance is dead, that no more do swains, touched by the ardent barbs of Venus' son, go forth in search of maids as they did in the knightly days of yore. 'Tis true that the youth of today does not affect the steel-link shirt and the cast-iron pants of the chivalrous age. Neither does he sport a twentyseven-pound Bessemer hat nor a fifteen foot lance, but that he is on the job just the same no observant person will deny, let critics carp as they will. And as in centuries past, the little blind god cares not whether his darts pierce the bosom of the young or the old, the frivolous or the sedate, the forward Frosh or the serious Senior.

'Twas an April day in sunny Oregon. Rain was gently falling, but not deterred by mere water a crowd of happy students were awaiting the coming of the morning train. Company M might be going through and anyway it was a perfectly good opportunity to cut a class without fear of consequences. With hiss of steam and grinding of brakes the long train came to a stop. Company M was not aboard but instead was found a car-load of Uncle Sam's jackies, sea-tanned and handsome, on their way south to join their ship.

She was a staid and serious Junior. He a dashing sailor boy on his way to danger and glory. Their eyes met. An electric thrill coursed through each from head to heel. Again their eyes met. More thrills! With the resourcefulness traditional in the navy, the gallant tar commanded pencil and paper. A note was quickly written. Impelled by an irresistable force, the fair maid stepped tremulously toward the car window where fluttered the billet-doux. He reached down. Their fingers touched. Ah carmels! Champagne!! Strawberries!!! With flushed cheeks and downcast eyes the maid stepped back from the car and, with fingers that trembled, placed the precious paper in her reticule. A harsh word of command was heard. The train bearing its now precious burden pulled slowly out of the station. With one burning glance they parted, he bound for the ends of the world, perhaps, and she, conscious of a dull ache, for home and luncheon.

Thus it began, but no man can tell how it will end.

No indeed, romance has not perished from the earth.

EDITOR'S NOTE-The behavior of this co-ed was heartily approved of by the Dean of Women.

This is a picture of one of the maidens who lives at the fashionable and exclusive girls' club on Thirteenth Street.

1918 WALLULAH 1918 Bored I'd rather be out on the wind-swept hills Where the grass is brownish gray Than to sit here quiet the whole night through And long for the dawn of day. I'd rather put my face toward the wind And smell the briny sea Than to listen to stuff I don't believe Which sadly wearies me. I'd rather go out to the starless skies And gaze through the leafless bough Than to sit and listen to poverty-I know all about it now. If I was sitting near the door I'd sneak out and slide down the stair, For I'm nearly suffocating here-I'd rather be out in the air. What's the good of all his talking And his numbers endless long, When compared with red-tipped daisies And the meadow lark's true song? I don't want to be a growler But I want a chance to talk, For when I keep still this long I've a wild desire to balk. I wish all the people would go to sleep And snore, and snore, and snore, And make a wind that would startle him And chase him out of the door. EDITOR'S NOTE-Found on the fly leaf of a hymnal after a faculty lecture.

For several weeks the Salem Board of Health has been investigating a bad odor which has filled the rooms of Eaton Hall. It was feared there was a dead rat under the floor, but, after tearing up the boards, they found that one of Doctor Hall's jokes had crawled under the floor and died of old age. It is not known which of the doctor's jokes has been heard for the last time, but most of the students hope it is the one about the ''Old jedge who kept his speeches in bottles and then got the labels mixed.''

TRIBUTE OF THE SUPREME COURT OF THE STATE OF OREGON TO THE LAW DEPARTMENT OF THE WILLAMETTE UNIVERSITY.

Extracts from a letter written by the Supreme Court of Oregon, to the President of the University, bearing date of December the 29th, 1913.

In our examination of applicants for admission to practice law in Oregon, we have always found the graduates of the Wilamette Law School as fully and well prepared as the graduates from any of the Law Schools, including the leading colleges of the United States; and the graduates of the Willamette Law School have repeatedly taken first honors in such examinations. We have also observed that many of the Alumni of the Willamette Law School have taken high rank in the practice of their profession, and are among the prominent and useful citizens of the Pacific Northwest, thus reflecting credit not only on the Law School, but on the Willamette University, which they regard as their alma mater.

The College of Law has several vital advantages. It is located in the capital city where the Supreme Court is almost constantly in session. The Law Department has exceptional facilities in its nearness to the State Library, containing more than thirty thousand volumes to which the law students have access.

The home of the Law School is in Science Hall, on the college campus. Law students have the opportunity of engaging in the various student enterprises and activities, and do in fact take a prominent place in the student affairs.

REQUIREMENTS FOR ADMISSION

Applicants for admission to the freshman year must be at least eighteen years of age and must furnish certificates of good moral character. Graduates of high schools maintaining a standard four-year course of study, or educational institutions whose course is equivalent to such high school course, are admitted without examination, other applicants are required to pass satisfactory examination in the essential subjects of a four years' high school course; in special instances, persons whose educational qualifications are deficient may have the opportunity of making the necessary grades in the College of Liberal Arts or the Academy during the time they are taking the Law Course.

The course covers three years, graduates receiving the degree of LL.B.

FEES

Registration fee \$9.00 per year; Tuition, \$60.00 per year.
