

Warblers Are Happy

Usual Attractive Apollos and Other Adventures Appear

After six days of hectic but happy travel, the Women's Glee club wishes to inform the rest of the student body and the world at large that its members are taking a twenty-four hour rest at Medford. Since six o'clock last Tuesday morning we have covered many, many miles of Oregon's scenic but crooked highways—

Our "take-off" last Tuesday morning was as good as could be expected. The chaperone wasn't quite the last one to board the bus. A few gallant gentlemen and fewer shivering room-mates saw us safely started. Our driver proved to be a man of experience—he drove the Men's Glee club to Tillamook—and an all around good driver. To see him climb willingly up on top of our moving colony for a dozen patry oranges, a misplaced bag or what-not is indeed an inspiration.

In spite of the proverbial flat-tire delay and a half-hour stop for lunch, we reached Coquille in plenty of time for a scheduled high school performance. A blow awaited us. The dear people didn't seem to think there was anything amiss to our sleeping in the bus, and the entertainment provided for us was startlingly minus. However, our manager rose nobly and bravely to battle, and came out gloriously triumphant. As a result, thirteen of us were elegantly housed at the very nice hotel, which had, by the way, a willing if not very clever bell-hop. Ask Helen Hughes!

Bandon on Wednesday was a huge success all the way around. The "Lions" and the Chamber of Commerce entertained us at dinner—a man apiece and no women except us and a few waitresses!—and drove us around in the afternoon. The assistant director rated the president of the "Lions," who, by the way, is wifeless. There were also the good-looking deacon's son and an interesting traveling salesman, but the little soprano soloist monopolized them. And by the way—moonlight on the ocean is inspiring!

The thing that impressed us most about Marshfield was the show of pep in the high school. And then we ate crabs and clams and all sorts of fishy things.

Myrtle Point is a small town, but some of the boys are surprisingly good looking. "Coeky" almost developed a headache trying to keep a mental record of all the blond Apollos.

Glendale is really a very nice little place, but everybody seemed glad to have us there. They decorated our stage with cardinal and gold and fed us admirable clam chowder. We almost lost our violinist when the train carrying the high school coach from Phoenix pulled in, but she came up smiling at the concert. We agree with Professor Jones—he is a fine young man.

The seniors are having lots of fun applying for jobs at every high school we come to. It reminds us of the charge of the light brigade when they advance on a superintending office.

No one is doing much studying, but don't let the profs. We'll make up for it during spring vacation when the rest of you are playing around.

Mail is coming in pretty well. The chaperone gets the thickest letters, but there are several runners-up. Mrs. Rahe also wants everyone to know that we are all being very good girls, and it looks as though we were going to come back better than ever.

Stick around Saturday morning about three o'clock, and we'll roll in.

Here's to bigger and better glee club trips! Only they'll have to go some to beat this one.

Bids Tournament Guests Welcome

Willamette University is pleased to be the host of the Oregon State High School Basketball Tournament. We bid cordial welcome to these players, coaches and friends. We recognize the significance that attaches to the winning of a place on a team which is here in competition. The best thing about success is what precedes it; therefore every player has already won the greatest prize. Congratulations—and welcome.

Sincerely yours, CARL GREGG DONEY.

S. AMERICAN TOUR LEADER SELECTED

Dean Hewitt Will Head an Expedition During Summer Months.

Dean Roy R. Hewitt has accepted a position from the Pacific Era Travels, Incorporated, as leader of an expedition to South America this summer. This travel agency under the leadership of Upton Close has sponsored several expeditions largely composed of students. There have been three organized tours of the Orient, but this is the first trip to South America. Upton Close is in command of a fourth expedition to the Orient this summer, so he chose Dean Hewitt to have charge of the other tour, because of his natural ability as a leader and also on account of valuable assistance which he rendered on the Oriental tour last year.

Dean Hewitt will leave for Washington, D. C., as soon as school closes. If Congress is still in session, he will visit there, through Congressman Hawley, he will probably be presented to the diplomatic representatives of various South American countries and receive from them letters of introduction to the countries in which he will visit.

On July 3 the party will sail from New York, going to San Diego, Chile, on the west coast of South America, by way of the Panama Canal. Then they will cross the continent to Buenos Ayres, Brazil, returning to New York the 25 of August, by way of the Bermudas. Although Dean Hewitt's plans for the expedition are not yet definite, he expects to visit practically every country in South America.

"W" Club Members and Other Students Assigned to Care of Team

For the eleventh consecutive year, Willamette university is host to the official state high school basketball tournament. This event has attracted students from all parts of the state, and is considered one of the outstanding high school athletic meets of the year.

In 1919, following the adoption of a new ruling of the State High School Athletic association, this tournament was first sponsored by Willamette. In 1917 and 1918 the championship had been decided at Eugene in the gymnasium of the University of Oregon.

The title has been held at different times by Roseburg, Salem, Franklin of Portland, Ashland, University High of Eugene, Medford, Eugene and Washington of Portland.

Held under the general direction of the State Athletic association, the conference is managed by Roy "Spec" Keene, Willamette coach, and Leslie Sparks, graduate manager and assistant director of athletics.

Twelve instead of the usual ten teams are in attendance this year. An additional allowance for meals plus the extra men will add to the expense to be covered by gate receipts and the sale of season tickets.

The "W" club has published programs which will not only serve for present information but also for souvenirs. "W" men and other Willamette students are also assisting the various out-of-town teams as follows:

Ashland, Faber and Moore; Astoria, Cardinal and Haworth; Redmond, Gottfried and Kutch; Eugene, Hasemann and Haldane; Pendleton, Ackerman and Cranor; Dallas, S. Bowe and Jones; Commerce, VanDyke and Mumford; Lincoln, Scales and Lloyd; North Bend, Traschel and Philpott; Tillamook, Peterson and Johnson; Salem, Adams and Blasco; Baker, C. French and A. French.

Cheesemakers and Stenogs Give Exciting Show to Win First Night Games of Meet

Pendleton and Eugene Round up Dallas and Redmond in Rough, Hard-Fought Initial Contests Yesterday Afternoon.

The second game Wednesday evening proved to be the closest and most exciting of the tournament so far, Tillamook nosing out North Bend 15-11 after they were tied at the half and at the end of the third period. Both teams fought stubbornly, the Cheesemakers gaining a 5-2 advantage at the end of the first quarter, and the lumbermen gaining it all back in the second which ended seven all. North Bend scored two free throws, and Tillamook one field goal, and they were even again at the close of the third canto. With only a few minutes of play remaining, K. Anderson of North Bend put his team in the lead by slipping in a field goal, and the Coos county champions resorted to a "delayed offense" in an effort to keep their lead. Tillamook finally secured the ball, however, and knotted the count. Conover of Tillamook followed the lead of his teammate, White, and gave his team the advantage by scoring a field goal. This time it was Tillamook's turn to use the delay system, and it worked better, the North Bend defense being drawn out to let White score another at the close of the game.

ALL-STARS INCLUDE BEARCAT MAJORITY

Four Willamette Players Chosen by Whitman Coach for All-Star Team.

Four of Willamette university's basketball players were selected on the all-northwest conference team by "Nig" Borleske, coach at Whitman college, who each year selects the all-star team for the official guide.

The Willamette players chosen are Adams and Scales, forwards; Cardinal, center; Hauk, guard. The fifth man on the all-star quintet is Croxdale of Whitman, chosen as Hauk's running mate at guard.

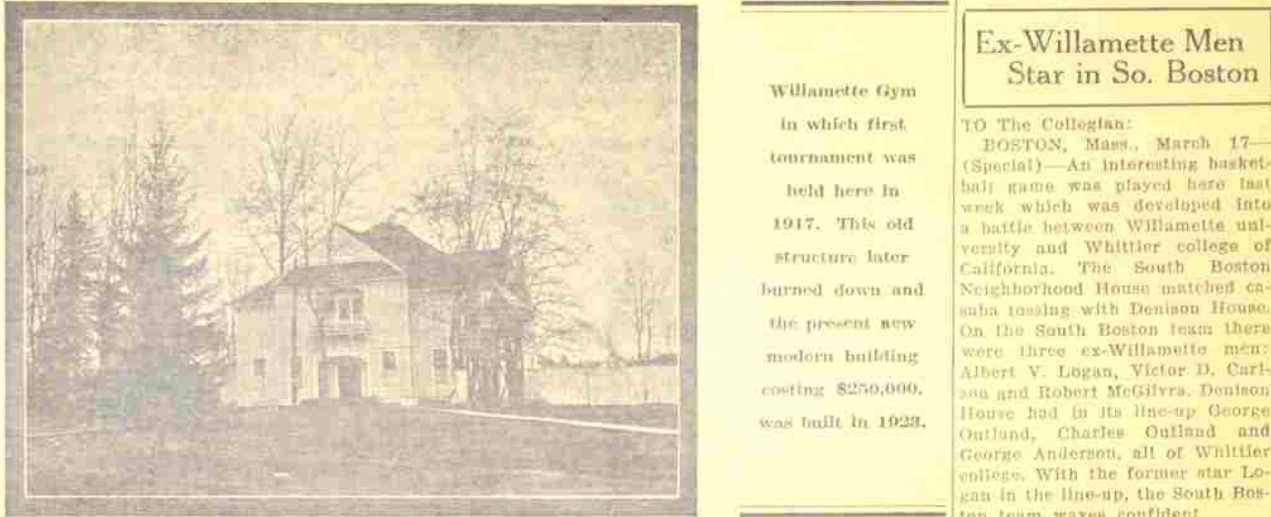

It is the third successive selection for Cardinal, and the second for Adams. Hauk, chosen two years ago, was not one of Borleske's selections last year.

The naming of four Willamette men on the all-star team is the result of Willamette's defeating all conference opponents by decisive scores, as well as the outstanding performance of these four men who proved superior to all opponents in direct competition.

BOSTON, Mass., March 17—(Special)—V. D. Carlson has accepted a position as director-in-chief of a settlement house in Boston for next year. He is also a regular contributor to Boston newspapers. Ex-Willamette Men Star in So. Boston

To The Collegian: BOSTON, Mass., March 17—(Special)—An interesting basketball game was played here last week which was developed into a battle between Willamette university and Whittier college of California. The South Boston Neighborhood House matched canasta tossing with Denison House. On the South Boston team there were three ex-Willamette men: Albert V. Logan, Victor D. Carlson and Robert McGilvra. Denison House had in its line-up George Outland, Charles Outland and George Anderson, all of Whittier college. With the former star Logan in the line-up, the South Boston team waxes confident.

TOURNAMENT BACKGROUNDS

Enthusiastic interest arises at this time each year over a state-wide high school basketball tournament. The cause of this interest is no riddle. Hundreds of high school men see concluded, in this tournament, a busy three-months of strenuous athletic endeavor. And thousands of students over the state see in it the consummation of their working together in groups in support of those men. The former must by its nature exert a powerful influence in encouraging Oregon youth to build up strong physiques. The latter undoubtedly serves as a valuable means of making the ranks of youth conscious of their social responsibilities. In all, these activities foster a worthwhile attitude toward health and society.

A realization of these beneficial results was undoubtedly in the minds of the university president and the coach, when, in 1917, they sent out invitations to the first state basketball tournament. Seven teams, coming from a small radius of only forty miles, entered this first contest. Since that time, the tournament has developed into an institution carried on from the four corners of the state. Holding it on this campus has practically become a tradition. The welcome which student organizations and administrative officials have given to the contending groups has kept up with the rapid growth of the idea. Today, the state basketball championship tournament, supervised by the Oregon High School Athletic association and sponsored by Willamette university, has taken on immense proportions. And ever behind this enterprise, pushing it forward, are the worthy purposes which it serves.

Recognizing the importance of this occasion, Willamette students redouble their welcome to the visiting teams and to the other guests of the university.

Individuality is the mark of genius or the reverse. Mediocrity finds safety in standardization.

Anger settles nothing. It effects nothing but joint injury.

Acquiring faith in yourself is one thing; accustoming people to see you succeed at what you undertake is another.

EDUCATOR ADVOCATES LIVING ORGANIZATION STUDENT MARRIAGES DRAW ONLY ONE THIRD

MARRIED STUDENTS DO SPLENDID WORK

"College students should, I think," said Mr. Mueller, associate professor of Sociology of the U. of O., "be married if all the conditions were favorable. Some of our married students are doing the best work. A student majoring in education, made 95 points last term, the largest possible amount that can be made in the University."

Mr. Mueller pointed out that the graduate schools have already commenced to consider the problem. He thinks people should not be married unless economically independent.

Economic worry becomes one of the sources of family tension. Early marriages among college students would solve many of the problems of companionship. It would more or less stabilize our institutions of recreation.—U. of O., Eugene.

SENIORS TO PRESENT GIFT

Seniors of Pacific University will present a colored wall drinking fountain to be installed in the library lobby as their farewell gift to the school. Installation and dedication will be made soon.—Pacific University, Forest Grove.

Calvin Coolidge dedicated a new irrigation dam, named for himself, on the Gila river. Referring to the Boulder dam project, Coolidge said: "This dam and its waters do not need dedicating. It is the people gathered here who need to be dedicated."—Wash. State College.

Scientists at Washington are marveling at the discovery of a boy with the heart of a bird. In every other way the boy, Paul Gray, 13, is normal, and is considered exceptionally bright.—U. of Wash., Seattle.

ORGANIZATIONS DRAW LESS THAN 60 PER CENT

More than thirty per cent of the students of the University live outside of halls of residence, fraternities, sororities, and clubs, figures compiled by the statistician's office recently show. Of the total number of students registered in the University, however, 25 per cent give their official residence as Eugene.

The total number of organizations, including fraternities, sororities, halls of residence and clubs, is 49, and these house 2036 of the 3,193 students enrolled in the University, or 69.8 per cent, the report further shows.—U. of O., Eugene.

WHITMAN PHI BETAS ELECT NEW MEMBERS

WHITMAN COLLEGE, Walla Walla, Wash., March 12.—(P. I. P.)—Nine seniors were elected to Phi Beta Kappa as a recognition of their high scholastic standing. Mr. Kern, city superintendent of schools of Walla Walla, was elected as honorary member. Whitman college, which is one of the smallest institutions to have a chapter of Phi Beta Kappa, was awarded its chapter in 1919.

Last fall one-twentieth of the senior class was elected to membership, and the addition of these nine new members makes up the one-seventh of the graduating class as members of Phi Beta Kappa.

Molding of a huge glowing purple "U. of W." of hot metal will be the climaxing feature of the Engineer's annual open house at 8 p. m., on Saturday, April 12. The purple flame of the metal will be caused by a chemical placed in the sand before the pouring, and as the chemical burns out, the letters will gradually change to the golden color of hot metal.

Years Ago

(Campus doings of other years as pictured in past Collegians.)

FIVE YEARS AGO

March 8, 1925
In the interests of trained leadership for student discussion groups, Miss Grace Loucka, National Summer Conference Secretary of the Y. W. C. A., spent three days of last week on the campus.

Students hastening—on account of weather—across the campus, sniff, and look and point. Others look and shout. Dr. Franklin hurrying from Eaton Hall with both hands full of papers freezes in horror while the breeze snatches the papers from his nerveless fingers—then recovers, and leaving the papers to the mercy of the elements, dashes back. A wall rises down the street and up dash hook and ladder, chemical and the big pump. Students pour from doorways, and line all the windows of Science and Music Halls. The gallant firemen dash about seeking to rescue damsels in distress—or perfect safety, aided by a large group of volunteers. On top of it all, the Victory Bell booms once, twice, and is silent.
The firemen put out the fire in the chimney and the few survivors went home disappointed of even a thrill. Four more days till vacation!

At the State Oratorical contest held in Monmouth, Leland Chapin—representing Willamette University with his oration entitled "The Greater Justice" was awarded second place.

Willamette's alumni magazine will be published in time to bring the alumni of the university and the seniors of Oregon high schools to the May Day Festival and Junior Week-End. This is the first attempt of the University to advertise itself outside of the Bulletin, and it will not be long until Willamette will find out whether or not "It pays to Advertise."

TEN YEARS AGO

March 24, 1920
The class of 1922 wins first place in the annual freshman glee. John Luckier is author of songs, and Eva Roberts is composer.

For the benefit of the uninitiated some of whom may be troubled with inward longings that are struggling outward and would fain be expressed in song, the following hints are hinted in the hope that they may have a salutary influence upon next year's glee productions. The perpetrator should first be careful to include the following romantic or poetic objects in order that there may be no doubt as to whether or not it is a glee song:

- One mill stream.
- One historic temple.
- Two or three shivering maples.
- One bell tower.
- One golden westland.
- Having acquired fluent familiarity with the foregoing the next step is to collect a group of words which are saturated with the requisite amount of "atmosphere." The following are strongly recommended:
- Beatecats.
- Alma Mater.
- Cardinal and gold.
- Rah, rah.
- Fight 'em.
- Bold courage or courage held.
- Ever loyal.
- Praise thy name.
- Sturdy warriors.

FIFTEEN YEARS AGO

March 17, 1915
A startling scandal is about to be enacted. There is a spirit of restlessness upon the campus. It is the wanderlust. The spirit of the wandering Jew has invaded us, and the Jew-n bug has bitten us. Not even the faculty escaped its ravages. Every where the cry is "San Francisco or bust." sometimes "San Francisco, but busted."

Willamette was well represented at the Y. M. C. A. convention held at Newberg. Among those who attended were Prof. Morton, Coach Thompson, Joe Gerhart, Howard Jewett, John Gary and Edward Petersmeyer.

New Books

By Margaret Eddy

Among the new books is included "The Hero of the Philippines" by Russell and Rodriguez, which gives the history of Jose Rizal, celebrated surgeon, writer and patriot leader of the Philippines. "Joan of Arc" by Deltell, a modern French author, is a historical novel. Fortman's "East and West of Hellepont" is an interesting travel book dealing with Asia Minor and Palestine. A collection in two volumes of "The Memoirs of Queen Hortense" gives some unusual side-lights of France at the time of Napoleon. "Benjamin Franklin of Paris" is another biography which tells of this man during 1774-1785. The book is written by Steel, and is very recent. "The American Adventure" by Muzey, is a very new and remarkable two-volume set dealing with American history. "The League Council in Action" by Conwell-Evans is a study of the methods of the council of the League of Nations. "Collected Papers on Acoustics" by Sabine of Harvard University deals with this subject in an interesting way. "Textbook of Physics" by Poynting and Thomson deals especially with electricity and magnetism. "The First Harvest" by Mary Leighton is a book of poems dealing with Adam and Eve. Mrs. Doctor Downs has presented the library with an interesting old set of twenty books dealing with religious subjects.

Among the rare and valuable old books in the library is included one published in 1634. It is called "Restitution of Deceased Intelligence" and deals with the history and archeology of England. There is an interesting discussion of the ancient English names. An old hymnal is in the collection, written in Holland-Dutch. The publisher used numbers instead of notes. A book written in Latin, two hundred and seven years old, is among the oldest.

News of Engagement Comes by Air Mail

As a very complete surprise to their friends came the announcement on Monday evening of the engagement of Miss Margaret Schrieber, daughter of Mr. and Mrs. C. H. Schrieber of Rockford, Washington, and Mr. Enoch Dumas, son of Mr. and Mrs. John Dumas of Oak Point, Washington.

The announcement was made simultaneously at the Alpha Psi Delta house and at a charming dinner party at the home of Miss Dorothy Taylor in North Sixteenth street. The table was decorated with an attractive arrangement of daffodils and green tapers and above it was suspended a miniature green aeroplane which held an air mail envelope for each of the guests. Each envelope contained a card on which was a snap shot of the couple and the words "We choose to fly together."

Covers were laid for Miss Margaret Schrieber, Miss Helen Briethaupt, Miss La Veda Maxwell, Miss Mildred Hubbard, Miss Betty Lewis, Miss Dorothy Pemberton, Miss Evelyn High, Miss Frances McGilvra, Miss Doris Corbin, Miss Marjorie Nelson, Miss Dorothy Taylor, Miss Gladys Taylor and Mrs. James W. Taylor.

Miss Schrieber is a member of Delta Theta Gamma and of the Junior class, and Mr. Dumas of the Alpha Psi Delta fraternity and of the Sophomore class. Both have been well known on the campus.

KIRKPATRICK GIVES LEAGUERS ADVICE

"The program must be suited to the person and not the person to the program," was the theme of the conference of Epworth League and church school workers held Sunday afternoon at the First Methodist Episcopal Church with Dr. Blaine E. Kirkpatrick, executive secretary of the Epworth League, as leader. A program for young people, he said, must be locally built, it must deal with the real problems and interests of the young people, it must give constructive and definite help, it must be flexible, it must be self-determined, and it must be a Christian program. Problems presented by the workers at the conference were grouped under three heads: (1) trying to find the real interests of the group; (2) selecting materials to meet those needs, and (3) securing and training efficient leadership.

This conference was one of a series being held on the Pacific coast by Dr. Kirkpatrick, Dr. O. M. Ger and Dr. Roy E. Burt, all of the Central Office of the Epworth League. For Dr. Kirkpatrick, the Salem conference was a home-coming, since he was pastor of First Methodist church prior to becoming general secretary of the Epworth League five years ago. They are holding conferences in Oregon this week, being in Portland Wednesday, and working the following week through Washington, meeting a group in Spokane on Tuesday.

You Want What You Want!

YOU don't have to be "sold" on merchandise that instantly and irresistibly appeals to your good taste and your good judgment. You don't have to be talked into buying the things you WANT.

At this store we believe the finer things of life are bought, not sold. We know that you buy our merchandise because you want it, not because it is our business to sell it to you. We believe you appreciate being served rather than being "sold." Above all, we believe you appreciate standards of quality and fashion so high that no persuasion is required to create the desire for possession.

In short, you don't have to buy at a store where you are regarded as a mere unit in the "market" and expected to accept what has been bought for ten thousand women rather than for you.

GUESS ON WINNERS IS BUT A GAMBLE

No One is Certain of Any Game's Outcome; Small Schools Threaten.

BASKETBALL IS FICKLE

Dark Horses Sometimes Turn Tables; Commerce Favored by Many.

By Hap Heath

The state tournament has started and still everyone is wondering just who has the best chance of coming out the winner. Well, The Collegian urges you to guess because your guess may be right. At the present time we are inclined to favor Commerce. They have a fast bunch of fellows who are willing to keep up a real fight through the entire game, as they have shown in nearly all of their games this season. They have one great disadvantage, in the fact that they have to meet their fellow townsmen in the opening game.

Lincoln is inclined to be a little doubtful as they have been defeated several times and it was not until the last minute that they were sure of a place on the schedule.

Baker has the appearance of being a dark horse or perhaps it is only that they have not had very much competition in their district and have not had a chance to show their wares. There seems to be a jinx hanging over these eastern Oregon boys, but if they can overcome that, they may show some basketball such as is seldom seen.

Southern Oregon has a new representative this year in the North Bend team. They barely nosed out Roseburg in the tournament in that district, and it may be that these boys are not accustomed to state tournament play and may not be able to give as good a showing as they could on their own floor in the southern part of the state.

Astoria again represents her district. Astoria has long played in a streak of bad luck, although a team has come to the tournament every year with one exception since the beginning of the contests here in Salem. They have a better team than ever this year and have a good chance of taking home a nice big cup for the decoration of their school.

Ashland is taking Medford's accustomed place in the tournament and it is easily possible that they will also take Medford's place in the final game.

Redmond's strength is practically unknown as it is their first appearance on the university floor. This outfit is another dark horse but basketball is fickle and the dark horse very often takes the games consistently enough to bring home the bacon.

Eugene, Tillamook and Pendleton also appear on the tournament program. What their strength may be is a guess at best. Pendleton won over McLoughlin, which was earlier in the season

Bearcats to Meet Columbia April 30 Sched. Incomplete

Willamette varsity baseball schedule is not yet complete, but games have been scheduled with University of Oregon, Oregon State college, Pacific University, and probably a game with Columbia university. There will be no game with the Portland Ducks. The games so far scheduled are with Oregon State college on the 4th and 6th of April at Salem, and on the 18th and 19th at Corvallis. The Bearcats play University of Oregon at Eugene on the 11th and 12th, with a double-header on the 12th. The game with Columbia university will be played at Portland on the 30th of April. On May 2, Willamette will play Pacific at Salem, and on the 9th they will play a return game at Forest Grove. On May 26, 27 and 28th, the winners of the Eastern and Western division will play for the Northwest Conference championship.

Tillamook has not played any of the valley teams but has had pretty difficult sailing in her own district and in all probability will not be able to stand up to the intense play of the state meet.

Eugene always has a scrappy aggregation and will show the same fight in this meet as in those previous. Eugene has not met the larger high schools so it might therefore seem that they had a world-beater of a team.

Dallas has played some wonderful ball this year and also has the advantage of having played on the Willamette floor previously this season. They are from a small high school but basketball is one place where the smaller schools have a chance.

Salem men of the entertaining team, are noted for their ability to play way over their heads in a tournament. Just what their reaction to this year's series will be is hard to forecast. They have some good men and have the advantage of knowing this floor as well as their own.

Guess as best you can and The Collegian is offering the suggestion that you will be wrong. A bet on any team is a real gamble this year and Salem is due to see some real basketball and some closely contested battles until the final whistle.

In a speedy, hard-fought game, Eugene high school overwhelmed Redmond high 51-25, in the opening game of the tourney yesterday afternoon. The Eugene hoopsters won by virtue of their superior passing and accurate under-basket shot. Both teams fought desperately hard and the game was close except for brilliant spurts by the purple and white squad.

The Redmond eagles depended almost entirely upon long shots. B. Smith and Tyman sinking several spectacular ones from the center of the floor. Because of the close checking, numerous penalties were called. Houghton, class little Eugene forward, played a brilliant under-basket game, garnering 23 points. Tyman, Janly Redmond guard, won second scoring honors with 12 markers. Redmond (25) Eugene (51) D. Smith (6).....F.....(2) Berg B. CAMPUS CORDS BRING FRESHMAN COLD WOE

For being caught wearing corduroys on the campus, a lower classman received the traditional millstream "ducking" at the hands of some of the men of the junior class, Monday morning before chapel. Willamette has long maintained the tradition that no lower classman shall wear corduroys on the campus or in public places, and the junior class long expects to maintain it.

Considerable work has to be done on the field before it will be in a playable condition. Intensive batting practice has been started, but at the rate at which balls have been pounded into the millrace, it may be likely that time out will have to be called until the wire fence is made much higher. With the wealth of experienced material, it is thought that Spec Keene will place the greatest stress on the batting strength. Providing the fielding is about equal, the candidate who can hit the best will be favored.

According to some of the influential men of this class, it might be well for a few more lower classmen to take note of this action and profit thereby.

BASEBALL OUTLOOK BRIGHT THIS YEAR

Large Squad Working Out in Spirited Fashion Daily On Sweetland Field

Competition Strong for Every Position; No Candidate Sure of Berth

Prospects for a winning baseball team look particularly bright this season with a large squad of veterans and promising freshmen going through spirited workouts each afternoon on Sweetland field. Except for Ledbetter and Yarnice, last year's stellar twirlers who graduated, all of last spring's western division championship team is back again. A promising group of yearling candidates will capably fill the positions vacated by the pitchers—Cushing, DePoe and Lara Nelson, reserve pitchers of last season, have been displaying a good brand of ball this year, and may earn a first-string berth.

Last year Willamette took the title for the western division but lost the odd game of a three-game series with Whitman in a title clash at Walla Walla. The advance dope seems to predict that, as in both football and basketball, the Bearcats and the Missionaries will again clash for a championship. However, it is too early in the season to predict with any certainty; it is quite likely that a dark horse will loom up to become a formidable pennant-contender.

EDUCATIONAL SURVEY MADE BY GOVERNMENT

The Federal government is making a survey of educational conditions in various states. Every college receives a set of questionnaires to be answered by the students.

The papers are being distributed in Oregon this week, and the information gained will be made into a report of the educational conditions and needs of the state. This report may have a bearing upon the revision of the educational system in Oregon which is to be voted upon this fall.
