

# 1949 May Weekend Events Colorful

By Bill MacDougall

A weekend at Willamette . . . perhaps more eventful than at the Waldorf . . . will be highlighted this week in annual May Weekend festivities by the coronation tomorrow, a comedy tonight, and the Queen's Ball Saturday evening.

"Our Hearts Were Young and Gay", Cornelia Otis Skinner's famous play about her youth, will provide the merriment for this evening's entertainment, as Colleen Schodde and Sharon Currier head the cast in the leading roles.

## Barbecue Today

This afternoon at the barbecue, hungry Bearcats will sink their teeth into half pound sandwiches as they watch Bobbe Meyer, the Hawaiians, Velma Youmans, Frank Lockman, and Elliott Motchenbacher exhibit their various talents.

The inter-sorority sing today at 11 a.m., scheduled for re-broadcast on KOCO at 2:30 p.m., will be followed tomorrow morning at the same time and place (Waller hall) by an inter-fraternity song-fest, although it will not be broadcast as reported.

Classes will be dismissed at 11 a.m. for the sing only on Friday.

## Queen Edith Crowned

Queen Edith Fairham will begin her official reign Sat-

urday afternoon at 1:30 when the school will gather in front of Eaton. Weekend Queen Edith will receive the key to the city as well as witnessing the May Pole dance by the junior women.

"Absolutely no corsages for the dance," stated a welcome announcement to campus males, as they counted out their meager monetary reserves. The Saturday night ball will, however, be formal, and dancers will shuffle their feet to the accompaniment of Curt Kenon and his orchestra.

## Attendants Four

Aldene Gould, Dona Adams, Barbara MacDuffee and Joyce Reeves will act as attendants to the Queen and her court, who will go to the tea given in her honor by Mrs. G. Herbert Smith and the Beta Alpha Gamma honorary. Although the athletic events to be held on Sweetland field will occupy the attention of many students, townspeople and alumni will have an opportunity at that time to meet the Queen. In the receiving line at the tea will be Mrs. G. Herbert Smith, Pat Howard, Mrs. S. E. Fairham, Queen Edith and her court and Mrs. Joyce Patton, 1948 Queen.

All students are invited to attend church services Sunday. The May Weekend committee has asked, however, that students not go "in blocks" or in groups to one church, but that attendance be divided at churches of students' choices. (See schedule, and pictures, pages 4 and 5).

Princess Carol  
(Court photos by Jeston-Miller)

## WU Blue Key Represented By McMullen

Blue Key Representative Al McMullen leaves Wednesday to attend the western regional convention of that organization at Reno, Nevada. Upperclassmen from all western chapters will be present for the meeting at the University of Nevada. Sessions will continue through Saturday.

Ray Yocom represented the WU Blue Key chapter earlier this year at the national convention in Chicago, and Yocom and Russ Tripp recently attended a conference in Portland. President of the group here is Ray McCoy.

Current activity of the WU group includes working toward establishment of a Blue Key chapter at Whitman college, in line with the national expansion program. Other groups in this area are located at Oregon State college and Pacific university. Lewis and Clark plans to start a chapter when the Northwest Blue Key convention is held this spring.

Members of the chapter here will tap new members during awards chapel, May 24.

## Scholastic Honor Goes to DeeGee

Delta Gamma received top scholarship honors for the fall semester in Tuesday chapel when Dean Regina Ewalt presented the bronze scholarship cup to Inie Lou Wilhelm, president of the sorority.

The Dee Gee's winning grade point average was 2.91 with runners-up being the Alpha Chi Omega's with an average of 2.823. Pi Beta Phi rated third place with a gpa of 2.798.

## Graduating Seniors Asked to Petition

Registrar Harold Jory requests that the following seniors call at the registrar's office immediately to see that petitions and comprehensives are all in order for graduation:

Merle Akeson, Russell Anderson, Bob Baum, Victor Bovelle, Dave Bristow, Mary Lois Cotton, Ralph Gardner, Donald Alderton, Herb Johnsrud, Theodore Lacy, Carol Klecker, Dorothy Libby, Morris McElwee, Richard Marshall, Joan Morgan, Marilee Olson, Gerald Richardson, Pat Richmond, Thomas Hansen, Clifford Olsen, Alex Parks, Will J. Henderson and Helen Larson.

## Petitions Due On Tuesday, ASWU Posts

Final deadline for petitions for student body offices, publications offices and dark room manager is Tuesday noon. Petitions for student body offices must be turned into Al McMullen, second vice-president, or the student body office and petitions for publications offices and dark room manager should be filed with Dr. Daniel Schulze.

Offices for which students may petition are student body president, first vice-president, second vice-president and secretary and sophomore, junior and senior student council representatives. Polls will open May 10 following nominations chapel.

Publications offices include Wallulah, Collegian, Fusses's Guide and Handbook editors and publications manager.

# Sayre Is 'Outstanding Speaker'

## Late Delivery Is Possibility For Wallulah

Delivery of the Wallulah may be delayed by the lithographer's strike until after school is out.

Geri Bowles, editor of Willamette's '48-'49 yearbook, reports that "No settlement is in sight, and it looks like a long draw-out affair." She added, "Production will have to be placed out of town, but just where that will be is unknown at this time."

If it appears that the book won't be completed by the time school is out, it will be necessary to secure for individual delivery, the summer mailing addresses of every student who purchased a Wallulah.

No further information concerning the strike could be obtained for publication by Miss Bowles.

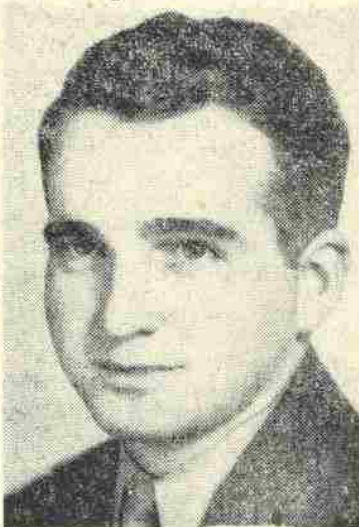

## Paper Offers Job

Any man interested in summer work in the printshop at the Statesman Publishing company should see Ken Talmage. There will be a choice of morning or afternoon work.

## 'Workshop' Ends

Margaret Allen, secretary of publicity and producer-director of the Willamette University Workshop Players, announced that the series of radio plays will be discontinued for the remainder of the school year, as the summer baseball games will be broadcasted at the time formerly used by the Workshop.

## Tops in Debate

ROBERT SAYRE

## Receives High Honor; Event At West Point

Bob Sayre was declared the outstanding speaker last Saturday of the national debate tournament at West Point, New York, thus receiving the highest individual honor of the event. Tom Bartlett and Sayre of Willamette were present at the U. S. Military Academy, along with representatives of approximately 50 other colleges, to debate the topic, "Socialized Medicine."

The Bartlett-Sayre team placed sixth.

Willamette and Pacific university won over all other Northwest competition for the privilege of attending the meet, which was attended by the nation's top collegiate debate teams. The tournament was held from April 21 to 23, and officially closed the intercollegiate forensic season for 1948-49.

This will be Sayre's last year in debate, as he will graduate in June as a major in political science. Sayre has had a consistently outstanding record in forensics since his freshman year, and attended last year's national debate tournament. He served as president of his freshman class.

# WU Actors Present Gay Comedy Tonight

The 1949 May Weekend play, "Our Hearts Were Young and Gay", by Cornelia Otis Skinner and Emily Kimbrough, will be presented this evening at 8:30 in the Salem high school auditorium.

Edward T. Gibson, professor of drama, is directing the gay comedy about two young girls, Cornelia Otis Skinner played by Sharon Currier, and Emily Kimbrough played by Colleen Schodde, who are making an ocean voyage to Paris in 1923 and the situations they encounter. The play is divided into three acts, the first two of which take place aboard the ship, the third in a hotel in Paris.

## Isham Plays Mrs. Skinner

Bernice Isham is cast as the refined Mrs. Skinner, and Robert Gwinn plays the famous actor and wit, Otis Skinner. David Place and Phillip Hammond portray two energetic American boys. The rest of the cast includes: Carl Blanes, Duane Duff, Betty Ferguson, Lloyd Hanson, Ruth James, Gerald Lawrence, Frank Lockman, Gloria Nandis, Eloise Purdy, Marion Sparks and Alice Turtledove.

The production staff consists

of Ray Loter as assistant director; Margaret Guice as production manager; Dorothy Wood as assistant production manager; Margaret Atwood and Frances Schodde in charge of programs, which were designed by Dale Cleaver; Mary Louise Lee and Glenda McAllister in charge of publicity; Dorraine Praed and Doris Gragg in charge of properties; Polly Pollock in charge of tickets; Margret Powell and Roberta Meyer in charge of costumes; Mary Louise Lee, Joan Morgan and Ann Corthell in charge of make up; Ella Lou Ball and Joan Morgan as prompters; Rex Lindemood as stage manager, and Robert Bennet and Paul Nelson as stage crew.

## Play Based on Actual Trip

The play was dramatized by Jean Kerr from the book, "Our Hearts Were Young and Gay", by Cornelia Otis Skinner and Emily Kimbrough which was based on an actual trip made by the girls.

Tickets are now on sale for 11 cents and presentation of a student body card, or for 65 cents. They may be obtained at the ASWU office or may be purchased at the door.

## Collegian Rates "All-American" For 17th Time

The Willamette Collegian scores again! Editor Eric Bergman received word this week from the Associated Collegiate Press that the Collegian has once more rated the All-American award for being one of the outstanding Collegiate newspapers throughout the nation. It was the 17th similar award.

Rating either excellent or very good in most departments, the fall issues of the Collegian earned a total score of 920 points out of a possible 1065 points.

The Collegian was judged along with 67 other colleges and universities in its division on news values and sources, news writing and editing, headlines, typography, make-up and the department pages.

## Baby Arrives

Members of the Maurice Brennan family welcomed a new addition Tuesday night. Jean, the six pound 12 ounce baby girl, is the second child of the assistant professor of music and his wife.

## A Crowning Achievement

This year May Weekend comes again to remind us all that spring is in its heyday and that summer is just around the corner. The Maypole dance, the barbecue, the organizational "sing" and the coronation ceremonies and queen's ball are all another tradition of collegiate life at Willamette.

When Edith Fairham accepts the crown as Queen Edith tomorrow from Queen Joyce Patton, she will typify the acceptance of new life and beauty that traditionally comes with spring and the newness in nature all over the world.

Each year May Weekend gives us a chance to look at youth, beauty and nature and to be thankful that we can enjoy them.

## Tabled But Not Forgotten

Much favorable comment has come to us about the adoption by ASWU of the Hare Progressive election system, which would eliminate the run-off election for officer positions on the campus.

The *Collegian* hopes that this system will not be forgotten on the campus and that next semester campus officers will put the plan to a student vote. The student council believes that the plan is workable but thinks that it should be given a trial before it is actually put to a vote for adoption. It does not feel however that the trial be made at the only election (May 10) remaining this year for next year's ASWU officers.

We hope that students will remember that there is such a plan adaptable to the needs of this campus and that when the plan is presented for approval, it will be given full support. Not only will the elimination of run-off elections cut the red tape of holding decisions in the balance for a whole week, but will increase interest in the elections since the one vote will be final.

## Speaking of Elections

Where are all your politics this year? You must have someone in mind for some ASWU office this year.

If you have, you'd better get that petition for your candidate to Al McMullen, second vice-president, or into the student body office before noon Tuesday. And don't forget to get the petition signed by at least 25 students. Elections will be held May 10 directly after the nominations chapel.

Congratulations are in order this week to Robert Sayre, debater, who, as an individual, and as a teammate, has brought more forensic honors to Willamette than any other single person. We have all admired Bob's pleasing speaking style and know that the judges at West Point knew what they were doing when they named him "top man at the meet."

## And They Call It Progressive

By C. E. Wallace

"How much is four and seven?" the teacher asked.

Little Joe gazed up at her. Her chest was like a mountain between him and her voice. "Twelve", he squeaked out of the corner of his defiant little mouth.

The mountain collapsed and grew large again until it threw a shadow on the face beyond it and threatened to burst. Little Joe held his breath and cringed.

"Twelve!" she exclaimed.

Little Joe flinched under the thunder echoing from beyond the mountain and put his hand in his pocket and took refuge with the familiar marbles which were there. He counted the marbles. There were seven marbles. As he counted them, they made a comforting click against each other.

"Twelve!" she said again, like a bolt of lightning.

And Little Joe said, "I think", like a lightning rod.

Then he counted the marbles again. There were seven marbles. Numbers were so simple when you took them alone. But when

you put them together, it was confusing like the clash of symbols. He was bewildered. He was so bewildered he couldn't think. He shrugged his feeble shoulders as though it didn't make any difference to him anyway. Beyond the seven marbles, he was at peace with the world.

The storm broke suddenly and Little Joe shivered under the merciless torrent which swept down upon him from beyond the mountain. The voice beat upon him with the persistence of rain impatiently knocking at the window.

Then with equal abruptness, it subsided and stopped like a summer storm and her voice was full of sweetness like a ray of sunshine coming through the clouds and the mountain looked friendly again. She said calmly, "Four and Seven is Ten."

A ripple of soprano giggles swept over the classroom like a raindrop makes on a puddle and Little Joe nodded and said, "Ten?" and sighed, because the mountain was formidable and beyond doubt. And he was sure of the seven marbles.

## Love and the Weather and Classes --- Joke

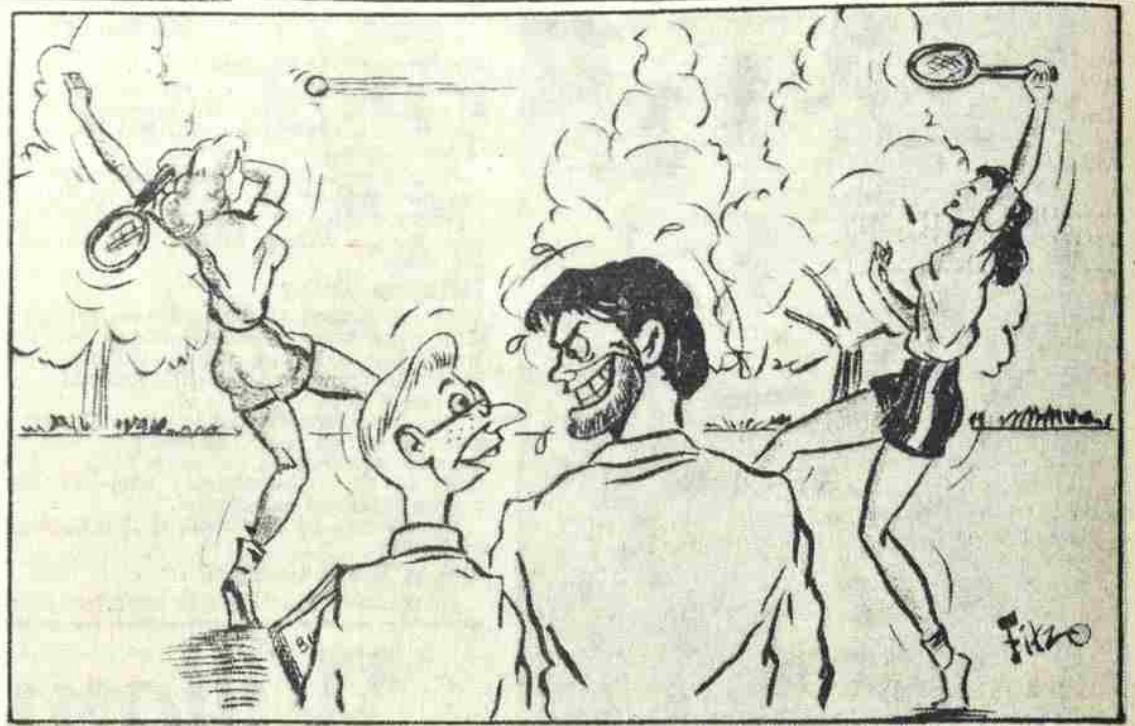

By Jim Miller

In a recent issue of an Idaho College sheet, a careful analysis by a feature writer revealed that: "Man is what a woman marries." Also, in the Portland Oregonian article series entitled, "The Greatest Story Ever Told", Salome has just demanded and received the head of John the Baptist served on a gold dish to the bewildered Herod.

This coup de grace brings me to one point which seems to lurk hand in hand with the warm weather and sultry classes; that being, the power of a woman. During a particularly lulling outdoors at precisely the same time of a prescribed Literature class, one male had drawn a parallelism of Freud's theory with William Dean Howells' writing in that he (the latter) described most of

his male characters as having a sexual repression in their make-up. After an embarrassed silence followed by a few bold snickers on the part of those more distant from the speaker, one coy femme rose to the occasion in defense to state that: "Anyone who would make a statement like that about Howells must have a sexual repression himself!" The subject was factually changed by the Prof on hand to a discourse of the impending fate of Li'l Abner on the nearness of "Yokum's Moon."

Basically, Spring in all its beguiling disguises seems to bring a suggestion of some of the deadly rays of the aforementioned moon to some male constituents not necessarily of Yokum descent. Affirmation of this all important point might be brought

"The girls play quite well, don't they?"  
"Frankly, friend, I HADN'T noticed!"

## Trousseau for a Squaw, Keynote: Simplicity

By Bill MacDougall

If the "marriage costume of an Indian bride" is any indication, those Indians living in Oregon before the coming of the white man led an interesting life. Approximately two feet square (one piece), it far outstrips the costume of the Indian bridegroom, whose garment was slightly longer, but not quite as wide.

These oddities, and many more, are in plain sight of a thousand students daily, who rush back and forth to classes in Eaton without even a glance toward the glass cases which house a portion of a once sizeable collection of museum pieces.

Formerly kept in Waller hall's second floor, the museum was, and is under the watchful eye of Professor Herman Clark, physical science instructor. Although most of the collection is now boxed and stored in the attic at Eaton, it was on public view in Waller until the wartime V-12 program forced it to be moved.

Between the second and third floor of Eaton sits a case containing two gems of primary readers. One of them bears the impassioned title of "History of Little Goody Two Shoes," selling for six pence and printed in the 1700's, and the other, titled "Children in the Wood," published in 1665, instructs the reader:

"This has a moral and no doubt You all have fente to find it out."

It appears that no one had thought of the "s" (as in fente) at that time.

Curator Clark recalled the plans of ex-President Baxter for a permanent museum. These hopes, however, were abandoned when the board of trustees decided that a building would be too expensive. "But," said Clark, "maybe there will be room for one when the extension program of the University is completed."

Many sets of Indian paraphernalia, ranging from war clubs to toy canoes and wampum rest in virtual solitude in the nearly forgotten display cases. Costly items from Alaskan Eskimos and the Aztecs in Mexico occupy other positions in the "museum."

## On the SOUTHard Side

After taking in two baseball games at Willamette's new Bush pasture playing field, I am of the opinion that the right-handed batters were thrown to the wolves when the park was designed.

There is enough pasture out in left field between the fence and the fielder successfully to graze a large herd of cattle and they wouldn't be in the fielder's way at all.

If there is a player alive who can get a home run over that fence, I will eat the horse hide off the ball. (Fried, with Worcestershire sauce, of course.)

I heard a student remark at the Lewis and Clark-Willamette game Tuesday, "You could knock a ball all the way to the campus and never get it over the left field fence."

Of course the statement is a little far fetched, for if the ball traveled to the campus it would certainly have to go out of the park, but the student's remark does give an indication of a fan's reaction to the distance from home plate to the fence.

It might be a good idea to build a fence of some sort, temporary or otherwise, across

the pasture to give the right-handed batters something to shoot for; otherwise they may become frustrated, psycho-neurotic, or something else, in trying to get one over the left field fence.

With the parade gone from May Weekend festivities, I am having quite a time with my son. He was four years old last year, and he remembers clearly "that parade, when they threw away candy."

(For the benefit of new students, the Weekend parade last year featured student participants who scattered candy to the children along the parade route.)

He kept me busy. We chased from corner to corner, and we gathered in as much candy as we could. I didn't have to buy any candy for him for three weeks after the parade.

This year he is looking for another parade. To please him I suppose I shall have to put on a white robe, stick a flower in my hair, and parade through downtown Salem, scattering candy kisses as I go.

Such are the trials of fatherhood . . .

# Clark Explains NW Shakage; Shrinkage Causes Quakes

By Paul Dally

Earthquakes like the recent one on April 13 that shook this area are extremely rare in Oregon, according to Prof. W. Herman Clark, head of the physical science department. In the period from 1846 to 1916, there were only 26 earthquakes of minor intensity in Oregon and in the three year period from 1946 through 1948, the Northwest has witnessed comparatively few

# Smith Speaks On Early WU

Pres. G. Herbert Smith will take part in Champoeg day Sunday at Champoeg State park by speaking on Willamette, the oldest university west of the Mississippi, in keeping with the theme of the day.

The University band will play the national anthem formally to open the celebration and will play different numbers throughout the afternoon, preceded by buglers who will offer the call to the colors.

The pioneer day celebration is an annual affair and the program will include presentation of the oldest member of the Sons and Daughters of Oregon Pioneers and the closing benediction by Dr. Robert M. Gatke, WU historian and political science professor.

# Late Permissions Granted Senior Coeds

All senior women will be granted 12 o'clock late permission every night beginning tomorrow until the end of the semester, according to Dean Regina Ewalt.

# Chapel Notice

The faculty of the music school will present a concert in the chapel Tuesday. Colonel Allison will also speak briefly on behalf of the Red Cross blood bank.

The a cappella choir will present a musical concert Thursday at the First Methodist church.

quakes—most of them being in Northern California. For this period of time, the Seismological Society of America has recorded 15 earthquakes with their centers of vibration in Northern California, four in Washington, one in Idaho and one off the shores of Southwest Oregon.

### Shrinkage Cause

Clark explained that the common type of earthquake is an indirect result of the shrinkage of the earth. As the earth shrinks, the outer surface layers become too large and wrinkle up much like the skin on an apple. The surface rocks that are bent up will therefore crack and split and a block of earth slips down or up. When these blocks of earth slip vibrations are sent out; they travel in the form of earthquake waves. The cracks along which the block of earth slips are called faults.

### 3 Types of Waves

There are three types of waves that come from earthquakes: longitudinal waves that are like sound waves, transverse waves like light waves and surface waves like the waves on water. The first two travel straight through the earth from the source and the third type travels around the surface of the earth, particularly noticeable on loose ground. Each type of wave is sent out simultaneously from the center of vibration, but they each travel at a different rate of speed. The seismograph locates the center of vibration by comparing the difference of speeds in the various earthquake waves.

### Scaled by 12

Professor Clark also mentioned that the earthquakes are measured for intensity on a scale that goes to 12. The recent earthquake had an intensity of eight. The description of the results of an earthquake of number eight intensity may vary from slight to great depending on the types of structures affected. Chimneys usually fall, heavy furniture is tipped over and people in cars have difficulty driving.

# Senior Honored

Bob Douglas, senior, and athlete of many sports, shown above in baseball uniform, was honored this week by the student council through his appointment as WU Rotarian for the month of May.

# Former President Of WU Succumbs

Dr. Fletcher Homan, 81, former president of WU from 1907 to 1915, died last Sunday at a rest home in Los Angeles after a brief illness, it was learned on the campus this week.

He had lived in Los Angeles since 1931 and was, at the time of his death, president of the Retired Preachers' association of Los Angeles. He founded Mt. Olive Methodist church there. The funeral was held last Monday afternoon in Hollywood, Calif.

# Dean Ewalt Goes To Portland Meet

Dean Regina Ewalt traveled to Reed College with Dean Joan Seavey of the Oregon College of Education yesterday to hear a talk by Dr. Kent Zimmerman, the consultant for mental health of the California State department of Mental Health. He discussed the mental health in schools and colleges.

Both Dean Ewalt and Dean Seavey were invited to attend the lecture by Dean Anne Shepherd of Reed College in Portland.

# Bookstore Notice

Bookstore hours for the month of May will differ from the present schedule, according to Manager Delsia Larson. It will be open from 11 a.m. to noon and from 1 p.m. to 4:45 p.m.

# Dobbs to Play At Waller Hall

Professor Ralph Dobbs will be presented in a piano recital Monday, May 2, at 8:15 p.m. in Waller hall. Following the recital a reception will be held in the college of music auditorium under the sponsorship of the Salem district of the OMTA.

The program will include part I, Prelude and Fugue in G minor by Frescobaldi-Respighi, Prelude in G major by Bach and In Thee is Joy, By Bach-Busoni. Part II will contain Preludes, Opus 28 by Chopin followed by Barcarolle by Griffes, Pembroke by Gardner, Intermezzo by Brahms and Song for the Beloved by Tcherenpina as part III. Professor Dobbs will conclude the evening's recital with Spanish Rhapsody by Liszt.

# Dean Withey Arrives Home From Meeting

Dr. Raymond A. Withey has recently returned from the East, where he attended a convention of the national association of deans and advisors of men, held at Hotel Moraine, Highland Park, Illinois. A proposal concerning the possibility of federal aid for education and federal scholarships to deserving students which could be used at any college of their choice, was discussed at this conference. There was also a discussion on federal aid to medical schools. A plan which included the idea of placing faculties of public and private schools on social security was also suggested.

# WU Choir Sings For Salemites

Winding up a busy month which included a California tour, Willamette's a cappella choir presented a concert to a capacity crowd at the First Presbyterian church in Salem Sunday.

Following the 90 minute program the Westminster Fellowship treated members of the choir to a chili supper in the recreation room of the church.

 Weekend Manager

# Thinclads Top Pacific; To Face Linfield In Dual Go Tomorrow

The Cat thinclads will face a formidable conference opponent—Linfield—on the newly finished Bush's pasture field tomorrow afternoon at 3. It will be the first meet for the new Bush's layout.

In the last meeting of these two teams, Willamette edged Linfield by 2 1/4 points, but viewing the fact that it was a five-way meet, there could very easily be some major changes.

## To Face Portland

The Linfield Wildcats will probably be led by one of the top

weight men in the conference, Keith Marshall, who scored 12 1/4 points in the five-way meet.

Next Tuesday the Cats will face Portland university on the track at Bush in a dual meet that was postponed from an earlier date.

## Cats Come Through

Trailing 57-65 going into the final event in a dual meet with Pacific held last Saturday on the Salem high oval, the Bearcats came through to win 66-65 as three discus throwers—Art Gottfried, Ray Loter and Herb John-

rud—placed in that order to sweep the event.

But it could not have been a Willamette victory had it not been for the sterling work of Ted Mertz, who amassed 13 points by taking firsts in the low hurdles and high jump, and second in the high hurdles.

## Cats Sweep Mile

The Cats also swept the mile, with freshman Lowell Wiese winning the event. Three other frosh scored wins for the Cats, Jeff MacRae winning the broad jump, Bob Hall winning the javelin throw, and Rod Beals taking the two-mile run.

## Summary:

Mile: Wiese (W) Time—5:03.7; Beals (W) Stauffer (W).  
440: Annis (P) Time—55.5; Hutton (P) Prediletto (W).  
110: Bunlin (P) Time—10.2; Bates (W) Shangle (W).  
H-H: Leaf (P) Time—16; Mertz (W) Nacheff (P).  
220: Long (P) Time—2:13.8; Reynolds (W) Murdock (W).  
220: Bunlin (P) Time—22.3; Shangle (W) Bates (W).  
2-Mile: Beals (W) Time—11:17; Keinath (P) Knight (P).  
L-H: Mertz (W) Time—23.3; Leaf (P) Fedje (W).  
Relay: Pacific Time—3:46.9.  
Vault: Lundien (P) Dist—10 feet.  
7 in.: Johnson (P) Noa (W).  
Shot: Waters (P) Dist—36 feet, 10 in.; Gulsinger (P) Loter (W).  
H-Jump: Mertz (W) Dist—5 feet, 10 in.; Johnson (P) Maudlin (W).  
Discus: Gottfried (W) Dist—116 feet, 9 in.; Loter (W) Johnrud (W).  
Broad Jump: MacRae (W) Dist—21 feet, 1 1/4 in.; Maudlin (W) Hutton (P).  
Javelin: Hall (W) Dist—175 feet, 9 in.; Jubb (P) Wilcox (P).

## Timber!

Again this season it's the natural feats of sophomore track letterman Ted Mertz that keeps the cinder team sparked by capturing high point honors. Ted runs the high and low hurdles in addition to his specialty, the high jump. (Photo by Bill Olsen).

## Cat Netters Whip Portland; Lose to Oregon, Pioneers

Willamette's racket men ended up last week's matches by winning one from Portland university 5-2, and dropping two, one to the University of Oregon 7-0, and one to Lewis and Clark 4-3.

Last Monday on the local courts, the Cats hung up a decis-

## Key Play Set Ahead

This week's round of competitive bowling was postponed to next week because of repairs being made at the Capitol Bowling Alleys. Teams to meet this coming Tuesday will be: SAE and Sigma Chi, the Phi Deltas and Beta Theta Pi, and Baxter "A" against Baxter "B".

Unless otherwise notified kegling will take place at the same time and place as usual.

ive 5-2 win over the Portland Pilots, losing only the first doubles and singles matches. A previous match ended in a 4-4 tie, so the locals managed to come out on the long end of a series for this year.

The Oregon Ducks completely overwhelmed the locals last Saturday, hanging up a numb 7-0 score on the Bearcats. Willamette's only satisfaction came from fifth singles man Milt Baum and the pair of doubles teams which managed to win a set apiece.

In a trip to Irvington Tennis Club in Portland Wednesday, the local netters took a 4-3 defeat at the hands of the Lewis and Clark Pioneers. Winners for Willamette were Dave Bristow and Tom Warren in the singles, and the second doubles team of Warren and Cece Connors.

Next week the Cats meet Oregon here on Monday, Pacific here on Tuesday, Lewis and Clark here on Thursday, and Linfield there on Wednesday.

## Birdie Play Delayed

The finals for the badminton birdie batters was delayed a week and the finals will be played next Wednesday night at 6:30 in the gym. The delay was due to the fact that the various teams were preparing for May Weekend.

The duo of Martin-Stout is the only team to remain undefeated and get in the finals. The combos of Macy-Hagelstein, Minn-Hall and the wedded Woods, each of which have suffered a setback, are the other teams entered in the finals.

## Clubbers Win Three, Lose One; Play PU Today, Pilots Tomorrow

Winning their conference opener from the Linfield Wildcats 13 to 10, then dropping the second game of the double header 15 to 1 to the Wildcats, and beating Lewis and Clark 9 to 5, gave the Willamette baseball team a league record of two wins and one defeat.

The Cats whipped the Wolves from Oregon College of Education last Saturday 11-9 in a king's-X affair to send their season record to nine wins and six losses.

Today the Cats journey to Forest Grove to meet Pacific university. Tomorrow the Bearcats return to the campus to meet Portland university, adding to the general May Weekend celebration, and on Tuesday the team travels to McMinnville to take on Linfield in a rubber game.

## Opener Thriller

The opener was a thriller despite the large score. The Wildcats took a 2 to 0 lead in the first half of the third inning when Dewey Halsey homered with one man on base.

In the bottom of the fourth catcher Roy Harrington singled to left field with his first of three hits for the afternoon to drive in third baseman Gordon Lenz who had been safe on an error, and had advanced to second on a misplay. That run, added to one score in the bottom of the third, tied the score at 2-2.

Going into the top of the seventh, the Bearcats were leading 7-4. In the seventh the Wildcats got to starter Lou Scrivens for three hits and six runs to take command of the ball game, 10 to 7.

## Harrington Doubles

In the eighth inning Harrington again doubled to center to drive in Lenz and Matile for his total of four runs driven in for the afternoon. Dick Brouwer homered with Bruce Barker on for the last two runs of the inning. O'Dell was the winning pitcher.

Last Week

The second game of the twin bill was disastrous for the Willamette men, Linfield powdered starter John Slanchik, relievers O'Dell, Bert Lund and Howard Olson for 15 hits and 15 runs. In the last of the seventh, third baseman Gordy Lenz came in to put out the fire, striking out two.

The baseballers made it three in a row over OCE on Saturday. Howard Olson, who relieved Larry Stocks in the sixth, was the winning pitcher, as his mates were getting to Van Leon and Funk for 14 bingles.

On Tuesday Lewis and Clark invaded Bush pasture only to meet a determined band of Jasons. The Cats exploded in the

third inning to score five runs on six hits, two doubles by Ray Pointer and Lou Scrivens.

third inning to score five runs on six hits, two doubles by Ray Pointer and Lou Scrivens.

# Golfers Topped by Portland, Frosh Nine Up Record Easy Win Over L-C

The Willamette golf team broke even in this week's play as they were smothered by Portland university 18-0 a week ago yesterday, and came back to record a lopsided 14-4 win over Lewis and Clark college at the Salem Country Club Tuesday.

The victory over Lewis and

Clark was partially obscured as the Wildcat number six man, Mark Hanna, entered golfdom's hall of fame with a hole in one. Hanna's remarkable feat came on the 138 yard eighth hole.

The Pilot match in Portland was completely dominated by the sure swinging Portlanders as the locals were forced to use two alternates against them because Bob and Jim Johnson were unable to make the trip. Bob Davis of the hosts was medalist with a 74.

In the Lewis and Clark go, the Johnson brothers, Bob and Jim, paced the Bearcats with 74's to divide medalist honors and to take six points between them in the sweep.

The Bearcat's number six man, Paul Southworth, dropped an approach on the 14th hole to card an eagle three.

The Lewis and Clark victory was the first recorded by the golfers in the current season and they will be after another when they meet Linfield college Tuesday at the Salem Country Club.

Willamette scoring:

V. Aleska	0
B. Johnson	3
J. Johnson	3
A. Dow	3
P. Benage	3
P. Southworth	2

# Frosh Nine Up Record to 4-1

The Freshman baseball team brought its record to four wins and one loss with three wins during the past week. The Frosh defeated Aumsville 7-2 last Friday, defeated the Oregon State Prison 14-7 Saturday, and finished with a 10-2 triumph over Sacred Heart of Salem Wednesday.

The Aumsville win was the second for the Frosh over the losers. Sherm Bliss went the route for the winners to gain the victory.

The 14-7 triumph over the State Prison was exactly the reverse of the previous meeting of the two clubs which the prisoners won 14-7. The Frosh piled up an 8-5 lead in the first two innings and kept the margin the rest of the way.

Mike Glenn hurled the first six innings, giving up five runs and receiving the win. Bliss and Bruce Boatman pitched the remainder of the game. Glenn led the hitting with three-for-four, including a double.

Wednesday's game was called at the end of the fifth with the Frosh holding a commanding lead. Glenn went the route for the winners, besides contributing a triple and a double.

# Betas Lead Lawyers, Sheiks In 'A' Softball, Sigs Lead 'B'

The Betas took over undisputed possession of first place in the "A" softball league with a pair of wins to give them a 3-0 record. Close behind with two wins and no losses are the Law school and Sheik teams. The Sigs top the "B" loop with a perfect 3-0 mark, while the SAEs hold down second with two wins and a loss.

"A" league action this week saw the loop-leading Betas squeeze out a 4-2 win over the SAEs Monday, and then defeat the Phi Deltis 3-0 Wednesday. The Wednesday game was featured by the season's first no-hit no-run game on the part of Beta hurler Ken Adams.

Another "A" league encounter, the Law School edged out the Rubes 10-8, the Sheiks pounded out a lop-sided 13-1 win over the Sigs, and the SAE nine edged out Baxter 9-7.

In "B" loop play high scoring games were featured, with the Argyles, a team composed of Baxter residents, defeating the Faculty 11-5, the Sigs walking over the Betas 16-1, the SAEs topping the Argyles 14-2, and the Sigs edging past Laurel 8-6.

# Grid Practice In 2nd Week

By Jeff MacRae

Spring football entered its second week of practice with the small squad of pigskin proteges wondering just what sport they are out for. The reason? It seems that the intramural softball tournament is being played at the same time that the boys are supposed to be learning the ABC's of the grand game of football.

But as the old saying goes, "nothing ventured, nothing gained", so while the squad is learning the football fundamentals, they are also becoming quite adept as using their feet dodging the ever present softballs that have taken the place of the birds on Sweetland field.

As the second week of spring ball is coming to a close the welcome mat is still out for all who would like the experience of a little ball to get them in shape for the coming season at Willamette.

# WAA-Faculty Tilt Set for 3 Today

By Janet Gilliland

Coach Lestle Sparks has been industriously working with his faculty softball team to bring forth a win today over the WAA at 3 on Sweetland field.

You may see such strong arms as Chester Luther and George Martin on the diamond, along with Miss (Texas Thunderbolt) Meroney.

As for the WAA, they're out to win, too. Under the coaching of Ruth Hagelstein, a mighty team is expected to be on the field. Barbara Olsen will be catching for the WAA, of which Hagelstein is also the star hurler.

Nan Wilcox, Mary Margaret Will, and Fern Ingram will be handling the bases.

# Sigs, A Chi O's Cop Ski Plums

The first annual intramural ski meet was run on the slopes of the Hoodoo Ski Bowl last Sunday. First place trophies were awarded to Sigma Chi and Alpha Chi Omega at Tuesday's chapel.

The women's downhill was run over an eight gate course and Dolores Spelbrink registered the winning time of 0:31.5. Names and times of other women receiving individual awards are: second, Janice Harlow 0:47.2; third, Evelyn Baxendale 0:57.8, and fourth, Barbara Bates 1:11.0.

Competition in the men's division was quite close. Bob Odle led the way with the winning time of 0:32.6 over the 15 gate giant slalom course. Other men receiving individual awards were second, Edwards 0:40.01; third Williams 0:40.9; fourth, Anderson 0:50.35 and fifth, Stevens 0:50.5.

The starter was Lee Hara of Salem high, timer was Ben Daley of Willamette and the course setter and prover was Harold Goheen.

The intramural ski meet draws to a close Ski Club activities for this season.

# Cat Chats

By Dale Reynolds

The golf and tennis teams joined their spring sport brothers, baseball and track, in the win columns during the past week. The golf squad won in a breeze over the Lewis and Clark Pioneers 14-4 and the tennis squad downed Portland 5-2 and were edged in a close one by Lewis and Clark 4-3.

If these showings by the golfers and netters keep rolling, spring sports may come out on a better than average basis, since the tracksters have been edged only by Lewis and Clark in a five-way meet and the clubbers hold a 9-6 record.

### May Weekend Guests Welcome

May Weekend is here and sports will play its part in tomorrow's festivities when the baseballers and thinclads take on Portland and Linfield respectively on the new Bush's pasture athletic field at 3. Many high school athletes and sports fans are or will, by game time tomorrow, be here also. We would like to welcome you on the behalf of Willamette and would be very pleased to see you at the ball game or cinder meet tomorrow.

### Douglas Lands Job in Islands

Back to the old alma mater—that's just what lies ahead for Bob Douglas, senior all-sports hero, when he takes up his recently obtained coaching job at Kamehameha prep in Honolulu. Bob will be head basketball coach and will assist his old high school coach in football, track and baseball. The wage, humm—a nice little nest egg of 2900 plus apartment and board.

### Matile Paces Hard-Hitting Club

"How They're Hittin'?" Pretty good we would say. The team average of the Cats at the end of 15 games is a fat .296 and seven men lie above the .300 mark. George Matile, freshman shortstop hailing from West Linn high, tops the ordinary list with a .478 from 22 hits while at bat 46 times. Matile is topped by John Slanchik who has a perfect one for one, but until he goes to the plate a few more times his hitting average is indefinite.

Then it has been said that batteries aren't supposed to hit, but Coach John Lewis has a pair of sparkies that do. Lou Scrivens, sophomore pitcher, and Roy Harrington, veteran catcher, are far from slouches with the timber as they had .417 and .400 batting averages respectively.

## Queen Edith to Be Honored At May Weekend Formal

Climaxing a weekend of May festivities will be the formal ball, final tribute paid Queen Edith by her subjects of Willamette U, to be held tomorrow night in the gym between the hours of 8:30 and 11:30 p.m. Women living in the halls and sororities have been granted permission to stay out until one o'clock. The special ASWU formal is a no corsage affair.

Dark drapes will hide the walls of the gym, and at the west end a replica of a court garden will

be placed as a setting for the throne of the queen and members of her court. A lattice twined with flowers and greenery will form a background for the scene. The garden effect will be further carried out with a pool surrounded by flowers, and a false ceiling of multi-colored pastel crepe paper streamers. Also featured in the decorations will be the method of the queen's entrance, which will remain a surprise until tomorrow night.

Dance programs will consist of red roses on a white cover, with the dances inside being named for the various kinds of roses. Colleen Whiteman has sent special invitations to various faculty members and has asked Dr. and Mrs. Gatke, Dr. and Mrs. Schulze and Dr. and Mrs. Luther to act as sponsors. Cokes will be sold by the Lettermen's club.

Dick Endsley is in charge of decorations, and is being assisted by Arnie Acker, Bill Church, Bill Merriam, Norton Younglove, Diana Arpke and Al Laue. Bill Harris secured the orchestra, and programs were ordered by Bill Brown. Carl Bienes is publicity chairman, and Burnell Ambrose is in charge of clean-up.

## Island Friends Told of WU By Lei Kealoha

Lei Kealoha, freshman coed from Hawaii, has proved to be Willamette's Pacific island "publicity agent." Her trip home last Christmas was marked by talks with half-a-dozen friends who have since applied and been accepted to Willamette.

Lei admits that she had, at first, some trouble in becoming accustomed to school life here, especially in regard to dress styles and customs. But she is determined, she says, that these prospective students will not have this same trouble. She has been supplying them with information that she thinks they will need.

They, in return, have thanked her and asked more questions, such as "Do you have to stay up late in the night studying?" and "How is the climate in Oregon?"

## Houses Entertain 85 During Festivities

Approximately 85 rushees will be guests this weekend at the fraternities and sororities. They will view the campus and participate in the various events of May Weekend.

The guests will arrive Friday in time for the all-school barbecue and will leave Sunday afternoon. Their busy schedule will include tours of the campus and firesides after the play. In addition to these activities, Pi Phi will

hold a barbecue Friday evening, while Alpha Chi Omega will entertain their rushees with a smorgasbord dinner. Saturday, Chi Omega will have a picnic at Holman State park for their guests, and Delta Gamma will hold their annual formal banquet at the Hotel Senator before the dance.

The sororities and their guests will attend church Sunday, after which Chi Omega will have a brunch and the guests at the Pi Phi house will attend a dinner in honor of the queen.

Those visiting the sororities are: Alpha Chi Omega: Barbara Baker, Laura Lee Newton, Margaret Conklin, Sheryl Jensen, Eleanor Meeker, Nancy Lumijarvie, Betty Weber, Ardeth Bailey, Donna Palmer, Janet Shaw and Alma Weiss. Chi Omega: Shirley Helwig, Joanne Kelley, Harriet Booch, Beverley Gibson, Rosemarie Dodge, Lois Green, Lois McCoy, Evelyn Martin, Loeta Moore, Suzanne Shipley, JeAnn Mintonye, Eloise Anderson, Lorraine Larse, Donna Meais, Jo Nettleton, Genny Wetherley and Nancy Marks.

Delta Gamma's guests include:

Shirley Hutchinson, Shirley Clifford, Marlene Vincent, Ann Klindworth, Betty Mae Crites, Arden Roseberry, Joy Metzger, Evelyn Bollinger, Joyce Foster and Betty Howatt. Phi Phi: Jo Ann Frady, Prudence Edwards, Ann Lee Bailey, Muriel Jones, Eleanor Oakes, Marcia Wiseman, Joyce Cauthorn, Jean Crakes, Susan Motschenbacher and Betty Jane McCarter.

Those staying at the fraternities are: Beta Theta Pi: Clifford Gregg, jr., Duane Denney, Bob Borquist, Bob Bain, Ralph Bollinger, Jim Jackson, Jim Hess and Carl Simpson; Phi Delta: Frank Riebe, Gerald Minke, Jack Krieger, Ray Melers, Joe Collins and Darrell Hebert.

Sigma Chi: John Ambler, Don Hitchman, Keith and Kent Lawrence, Daug Wright, Bruce Longbells, Bill McCallum, Joe Bonowitz, David Beery, Bob Kreis and Jim McAllister; SAE: Don Hoy, Ronald Sigler, Don Neveau, Ken Torgerson, Bill Wilson, Jim Freeman, Bob Sanders, Tom Edwards, Terry McCullough, Marvin Flatcroft, Jim Bunnell, Dick Myrick, Bob Wilson, Bill Hess and Bob Jones.

Leta Adams (Courtesy Jeston-Miller)

## Leta Adams Discloses Troth

Toy umbrellas told of the betrothal of Leta Adams, freshman, and Gene Marchington, sophomore, at the Delta Gamma house Tuesday. A toy umbrella on the door and a flower-filled parasol centering the dinner table hinted of a surprise to come. The engagement was revealed when a huge hat-box was presented to the house president. Four boxes, graduating in size, were inside; the first wrapped in Delta Gamma colors bearing the name Leta, followed by one wrapped in Sigma Chi colors bearing the name Gene. The ring was wrapped in the last box. A box of chocolates was passed.

Miss Adams, daughter of Mr. and Mrs. Lloyd Adams of Portland, is a biology major. Marchington, a member of Sigma Chi, is a biology major and is also from Portland. The wedding is planned for August or September.

## Law Honorary Initiates Eleven

Delta Theta Phi legal fraternity held an initiation last Friday in the Marion county court house. A reception at the home of Al Lunt was held after the initiation. New members include: Jim Minturn, Bob Davis, Larry McHill, Floyd Moore, Jr., Bob Anderson, George Tomlinson, Wallace Wiel, Irvin Potter, Paul Stocker, Bob Stultz and Al Troutman.

## The Amen Corner

John C. Schroeder, professor of religion at Linfield college, will be present at Wesley Fellowship meeting, Sunday evening, at the First Methodist church to present his views on psychology and religion. Supper will be served at 6:30 p.m.

Jeanne Tanner will lead mem-

bers of Phi Zeta Christo in discussing the problem of understanding parents, the first in a series of talks concerning "Our Family." Worship for the evening will be under the direction of Mary Scott. The meeting will be held as usual at the First Christian church, Sunday evening from 6:15 to 7:30 p.m. A fire-side will follow in honor of Don Burt.

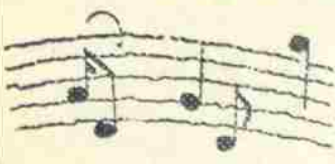

Members of Westminster Fellowship will attend services in the sanctuary of the First Presbyterian church Sunday evening at 7:30 p.m. Refreshments will be served in the club room after the worship.

## Panhellenic Workshops Held on Oregon Campuses

Dean Regina Ewalt and Mrs. Alice Nelson will represent Willamette tomorrow at the tri-college Panhellenic Workshop on the University of Oregon campus. Oregon, Oregon State and Willamette are participating in the Workshop which will discuss mutual problems confronting national women's fraternities today.

In preparation for the tri-col-

lege Workshop which will meet at Willamette next year, the Panhellenic Council sponsored a workshop and luncheon last Saturday which presented panels on "Social Responsibilities", "Scholarship", "Chapter and Campus Standards", "Pledge Training", "Alumnae Responsibilities" and a rushing roundtable.

During the luncheon in the Lausanne dining room new Panhellenic officers who are Dorraine Praed, president; Midge Newton, vice-president; Polly Pollock, secretary and Dolores Banz, treasurer, were introduced to the group of one hundred actives and alumnae.

## Theta Alpha Phi Taps Dramatists

Theta Alpha Phi, national dramatic honorary fraternity, tapped new members last Friday. These students were chosen for their work both on the stage and backstage on properties, scenery, etc.

Pledging was held Monday at the home of Harriet Ness. Chosen were Dorothy Wood, Margaret Geice, Roberta Meyer, Ray Loter, Ray Yocom, Ray Fedje, Eloise Purdy, Bob Bennett, Duane Duff, Bernice Isham and Rex Lindemood.
