## Funds Restricted As Amendments Pass Last Monday

### Publications Refused Control Of Centralized Advertising While Dramatic Fund Fails

Last Monday, May 29, the Associated Students went to the polls to defeat two and pass four of the six proposed amendments to the A.S.W.U. Constitution. Disregarding recommendations of non-passage by the Constitutional Revision Committee the students passed provisions for the strict regulation of funds and also brought the Student Relations Committee, which was inaugurated on the campus last year by the past president, Neil Shaffer, within the constitution. The defeated bills were concerning funds for the campus publications. The Wallulah department lost in an attempt to secure one per cent of student funds therefrom; while the Collegian, despite its present financial plight, was stopped in an attempt to secure, in collaboration with the Wallulah, control of the advertising solicited for all student publications.

The Advertising Amendment, condemned by the Constitutional Revision Committee as dictatorial and adverse criticism from the Collegian's outgoing editor, was not pushed by its sponsor, the editor-elect, as it became apparent that the bill needed rewriting. However, the students favored the question, those voting on the bill giving it a majority which was not large enough to secure passage. Opposition to the measure also came from groups whose programs, dependent upon Salem advertising, would have come under the regulation and restriction of the Collegian and Wallulah managers. The bill will be rewritten, it is reported, and presented via the Constitutional Revision Committee to the students at the beginning of next year.

Revisement number two, which states that the general manager shall have the books audited each year, also found disfavor in the eyes of the committee and, so it has been said, in the eyes of the general manager, Mr. Sparks. It now makes mandatory that which has been customary in this regard.

Giving expression to rumors on the campus concerning student funds, the third amendment, drastically curtailing the shifting of such monies without unanimous consent of the executive council, was given nearly all votes cast.

Amendment Four, bringing the Student Relations committee within the constitution, also passed. This change allows more power to the committee in order to make effective the work which it has been carrying on.

Disappointing again the dramatic group, who have been seeking funds from the Associated Students for years, the proposal to hack a per cent from the Wallulah went down in defeat to strong opposition led by this year's manager, Cecil Quesseth, who suggested that all funds be tapped in proportion for the creation of a Dramatics fund.

Leaving further improvements of the athletic plant to the University, the last amendment was passed by the students as they refused further funds for tennis courts and the like.

## Philharmonic Tour Very Interesting; Claim

Completing a 10-day tour of Oregon and Washington in a chartered bus, the Willamette Philharmonic choir of 36 voices, directed by Professor Cameron Marshall, returned to the campus last week. The trip was both educational and interesting, and the concert received much praise, according to Miss Helen McHerron, music instructor who went with the group.

The first concert was given at Sunnyside church in Portland, where Professor R. F. Thompson addressed the congregation. Among the many friends and alumni who attended the concert in different towns was Aris Jones, '38, at Hood River. In The Dalles, the choir met Marjorie O'Dell, an alumna who is teaching music there.

In Washington the choir visited the Maryhill International museum which contains many fine relics and objects of art. They then proceeded to Goldendale where they sang in the First Methodist church of which the father of Beth and Marie Hall, Willamette students, is pastor.

## Local Vespers To Send Members To Kentucky

This month Berea college, Berea, Ky., is host to a Wesley Foundation convention, meeting on its campus from the 12th to the 17th. Delegates are being drawn from organizations in every state. The work of the university vespers organization has attracted such attention that a special invitation has been extended for it to send a delegation although it is not a Wesley foundation. A car has been arranged for but it is as yet undecided as to whom its occupants shall be. Those who go will be afforded a pleasurable trip through those Kentucky hills before returning.

## Hauser Prexy

Max Hauser was elected president of next year's Seniors in last Wednesday's balloting. The treasurer, Warren Biggers, and the secretary, Carolyn Woods, were also elected while the position of vice-president is tied at this writing by Lois Herman and June Charboneau.

## Math Club Elects

At a recent meeting of the Mathematics club, next year's officers were elected. Miss Betty Starr was chosen president and John Laughlin was selected as secretary-treasurer of the organization. An amendment proposing that the memberships be carried over for one month into the new semester, was unanimously passed.

## Students Invited to Attend Vespers Meeting

The University Vespers of the First Methodist church will present the first meeting in the University of Life Series, on occasions Sunday night at 8:30 o'clock. Three of the outstanding business and professional men of Salem will present their field of service to the group for their consideration, and discussion and inter-views will be granted all those who wish. This will be the last of the university meetings for the year.

## Hathaway In Clear As Runoffs Become Necessary

Sophomore class officers for next year are undecided as a runoff is necessary for all positions except the presidential chair, which was taken by John Hathaway of Tillamook, who had an exceptionally large majority. Polling today, the coming Juniors attempt to decide the close race between Al Ferrin and Melvin Cleveland. Yesterday's balloting eliminated the third contestant, Harry Chadbourne, who was also close behind. Pat Schramm defeated Jessie Mae Rundorff for vice-president, while Dean Trumbo led Bob Teeters for the treasurer, and Barbara Young took the position of secretary from Mary Hensley.

## Students Go To Reed This Summer

One of the highlights of the summer for college students will be the Institute of International Relations to be held at Reed College June 18-28. Among the outstanding leaders who will be at the institute are Norman Thomas, leader of the Socialist party, Dr. Linden Mander, head of the political science department of the University of Washington, Dr. Taylor of the University of Hawaii, Dr. Samuel Guy Inman, authority on Latin America affairs, and Harry Gideouse of the Chicago Round Table.

Two semester hours of college credit can be earned by work at the institute thus making these ten days of double value to the college student. Among those from Willamette who are planning to attend the institute if possible are: Verna Vosper, Don L. Smith, Bob Teeters, and Fred Bernau.

## Collegian Plans And Staff Given

The new editor of the Collegian, Fred Bernau, has announced that in publishing the university paper next year, he will carry out a consistent policy of journalism, and will endeavor to break the 1938 record of 36 issues for the two school semesters. If a satisfactory contract for an 8-column paper cannot be arranged with the Statesman, the Collegian will be printed twice a week as a five-column tabloid. There will be only one coed edition during the year, and two staff banquets are planned. The Collegian staff for next year as listed up at present consists of the following members: Managing editor, Gene Huntley; assistant managing editor, Margaret Rankin; society editor, Marlon Sanders; assistant society editor, Mary Joe Geler; sports editor, Dick Jewett; manager, Tom Richey; assistant manager, Mike Traynor; reporters, Marie Baughman, Quentin Isely, Al Curry, Everett Andrews, Virginia Bendickson, Arnold Hardman, Hermie Palmer.

## Kohler Bans "Masterpiece" From Library

By GENE HUNTLEY  
The mysterious censorship of James Joyce's much-discussed "Ulysses" still remained veiled and unexplained today as Dr. Henry Kohler, English department head, failed to make any substantial statement in regard to the apparently unwarranted removal of the book from Willamette's new \$95,000 library.

Dean Frank M. Erickson, when questioned as to which faculty member determined the selection and banning of books in the student library, stated that Mr. Robinson Spencer, librarian, was the one authorized to take such action.

Mr. Spencer admitted Wednesday that he had such authority, but explained that for greater efficiency faculty members are allowed to choose books appropriate to their own departments. "Ulysses" was selected by Dr. Kohler as suitable for the English department and was purchased by the library last fall.

The book, plugged in Time magazine as "a modern masterpiece," was reportedly banned by Kohler after Bill Hall, Willamette student who had checked the book out, submitted a review of "Ulysses" to Kohler. The following morning, according to Hall, Dr. Kohler called and demanded the book. Later he told Hall it had been taken from him because he feared further reading of it would cause perversion.

In an interview this week, Dr. Kohler had little to say in regard to the ban. The incident should not be made public, he declared, and the Collegian would be making a very grave and dangerous error in making it so. When asked to specifically state whether or whether not the book had actually been censored, he remarked that "it had been removed from the shelves pending a future decision." He was asked with whom that decision rested.

"The decision lies with me," he stated.

The book, though not in the Willamette library, is still in circulation at the state library.

## Wallulah Heads Named for 39-40

Dan Moses, the 1940 editor of the University annual, has chosen the following members for his staff: Carolyn Woods, assistant editor; Fred Bernau, associate editor; John Hathaway, associate editor; Gilbert Heald, and Morill Heald, photography; and Gene Huntley, Dick Jewett, Ev Wilcox, Joe Van Winkle, Marie Baughman, Bob Campbell, Catherine Mackey, Ed Lawson, Betty Paine, Gayle Dennison, Virginia Bendickson, Marcia McClain, Marian Sanders. Places are still open, however, for other students desiring to work on the Wallulah.

## Board of Trustees Consider Science Building Soon

### Boys' Dorm, Student Union Building, and Plans for Willamette's Centennial Also Up

Willamette's board of trustees will hold its regular meeting Saturday, June 10, at 10 a.m. Earlier in the week there will be an executive meeting and budget committee meeting, reports of which will be presented to the entire board.

Foremost of the student affairs to be discussed is the possibility of a new science hall. Should the new building be realized, Kimball hall would be removed, and the music department would be transferred to the present science building.

A boys' dormitory will also be discussed. The need for adequate housing of men on the campus has long been recognized. The definite location of the proposed building has not been revealed.

While the student union will probably be considered, it is unlikely that immediate action can be taken.

Plans for the centennial of 1942 will be tentatively formulated. The present freshman class will graduate on Willamette's hundredth anniversary.

Of particular interest to the athletic-minded is the proposed enlarged playground program. Room for all activities is the goal of the committee. Two additional tennis courts and an improved girls' athletic field may be considered.

## Music School Gives Final Recitals

Junior and senior majors are providing ample opportunity for Willamette students to hear excellent music. Several concerts have been scheduled for the last two weeks of school.

Wednesday evening, May 31, Miss Olive Clames, a pupil of Miss Clara Eness, presented her junior piano recital. One of the outstanding numbers was an impressionistic study by Griffes, entitled "Lake at Evening." She was assisted by Watson Dutton, tenor, who gave two vocal solos.

Mrs. Mary Schultz Duncan presented Miss Dorothy Palmer, Miss Maxine Goodenough, and Miss Maybelle Lilburn in violin recital Thursday evening, June 1, in Waller Hall. Miss Marian Chase, contralto, assisted with vocal selections.

Saturday evening, June 3, at 8:15 p.m., Mrs. Mary Schultz Duncan will present Miss Marian Chase in her senior violin recital. The program will include selections from the works of Beethoven, Mozart, and Bach. Miss Betha Browne will assist at the piano.

Ray Drakely, bass baritone, will be presented in junior recital by Professor Cameron Marshall at 4:20 Sunday afternoon, June 4, in Waller Hall. Besides the usual groups of German, French, and English numbers, Mr. Drakely will sing the Prologue to "Pagliacci," by Leon Cavallo, and Marietta's Lied from "Fote Stadt," by Korngold. He will be assisted by the Philharmonic Choir, which will present three choruses.

Miss Gertrude Cannell, pupil of Professor T. S. Roberts and of Miss Clara Eness, will be presented in an organ and piano recital at 8:00 o'clock Sunday evening, June 4, at the First Methodist church. Miss Cannell's recital will be exceptional in that it is to be held off the campus. Preludes from Chopin will be among her piano numbers, and a selection from Bach will be one of the organ presentations.

Professor T. S. Roberts will present his organ pupils in recital in Waller Hall Wednesday evening, June 7, at 8:15. Organists will be the Misses Mabel Fox, Jeanne Kinsey, Gladys Bartelle, Doris Ricks, Effie Barrows, Gertrude Cannell and Edna Thomas, and Mr. Billy Utley.

The last concert of the year will be given by Clayton Whooce, composer of two winning Freshman Junior piano recital Thursday evening, June 8, at 8:15. His program will include selections from Mozart, Brahms, Chopin, and MacDowell. He is a pupil of Miss Clara Eness.

Students and friends are cordially invited to attend these concerts without charge. They offer an excellent opportunity to appreciate the accomplishments of our talented and hard-working students of music.

## Macy Awarded Alberts' Prize

Margaret Macy experienced a surprise when she was first notified that she had been elected winner of the Alberts' Prize. In fact, she said that her nomination alone had been an honor and a surprise, but her winning the award gave her a thrill she never dreamed of.

Miss Macy has been a member of Willamette University for the past three years, having spent her first college year at Occidental College in Los Angeles. During this time she has been very active on the Willamette campus. She has been secretary of the W. A. A., vice president of the Y. W. C. A., and a Senior Scholar in English literature. She has been an active member of the Beta Chi sorority and has taken an interest in sports and music.

After graduation she plans to attend a summer course at the University of California in Berkeley. Next winter she will begin her teaching career in Ashland high school where she will teach Freshman and sophomore Junior English and United States History.

Thanks, Bill, We'll Try

DEAR FRED: The parting editor wishes a last "say" and the opportunity to give you good wishes for your coming term of nine months as the "voice" of the student body. It will be a great trip... wait and see. And it will be one of responsibility, discretion and plenty of work. I have learned a lot. Here is some of it.

It is like this: a college newspaper, or any newspaper for that matter, is supposed to anticipate what their public is thinking about. Sometimes the public doesn't like to know what they are thinking about, and you get into trouble. Some newspapers stay on the safe side and please everyone. Others plod forth into the deep grass and get lost. But others actually dig in, plow the ground and really do something. And the community and the newspaper prosper. Well, that is my idea of a newspaper.

Another thing: the paper should be different. And it cannot be different if it doesn't have a large variety of talent on the staff. Someone said that in every person there is material for at least one novel. It is true. The paper will team with ideas if you constantly pick them up among the people. And you will find yourself in fields you never dreamed of.

More ideas: Two incidents are never the same; no two days are ever alike or affect two people in the same manner. In result the make-up of the paper should be unique and different in every issue. And little Mabel down on the farm can never be a "charm girl" unless she wears modern clothes. But if you dress her up you have got something. If you don't no one will ever look at her. Yes, it's the truth.

Still more: "All the world is a stage..." so it has been said too many times. Another fellow had engraved on his own tombstone: "Life is a jest, and all things show it. Once I believed it, and now I know it."

The point is this: what goes through the columns of the paper may seem to shake the very roots of Waller Hall... but fortunately nothing even quivers. And events roll on. Keep an attitude of complete jesting and the truths will roll in until they fairly smother you... because... said Walpole: "Life is a comedy to those who think. But a tragedy to those who feel."

Thanks, Fred, and remember... "A true and complete news story is the most powerful single force in the world today." And it's on to the best newspaper Willamette will ever have. Sincerely, BILL HALL.

Realizing the responsibility of the Editorship, we shall do our best to give Willamette a newspaper that will fulfill the requirements of an institution of higher learning that has the traditions of a century behind it. Nothing having been promised there will be no one disappointed. Instead the best efforts will be forthcoming in an attempt to give more than is usually expected. Therefore, appreciating the send-off you have given us, Bill, not to mention past help, such as the Sophomore Edition, this issue is offered for criticism or approval. It is the first of what is hoped to be a steady stream of ascending editions, each issue better than the last.

Keeping in mind the good advice in the letter above, the first furrow is run, as we "plow into" the field of journalism, from which, it is hoped, will be gathered a crop of constructive policies and forceful news stories.

The Last and Biggest Orchid

Throughout the year deserving people have been receiving orchids, but as the year closes the last and biggest one is given to Dr. Lovell for his chapel talks on the European crises bringing to Willamette an unusually accurate evaluation of events abroad, and of speeches of dictators and statesmen. Envied by the heads of colleges throughout the Northwest, who wished that they had the opportunity to bring such a speaker as frequently to their assembled students, Willamette has enjoyed excellent, though often impromptu, talks that were straightforward and sincere, given without fear or reservation.

College Graduates' Employment Prospects Brighter Than in Last 2 Years

MINNEAPOLIS, June 2.—Employment prospects for 1939 graduates from American colleges and universities are brighter than in the previous two years, or in 1937, though less hopeful than ten years ago, according to preliminary results of a national survey made public here today by King Merritt, vice president of Investors Syndicate. Ninety-one per cent of the 146 institutions of higher learning in the survey reported that 50 per cent or more of their 1939 graduates would have steady jobs before the end of this summer. Job prospects the same as or greater than those of June, 1938, were predicted by 88 per cent of the schools replying to the questionnaire. Ninety-four per cent of the co-educational and men's colleges expected 50 per cent or more of their male graduates to be attached to a regular payroll within ninety days of graduation. Eighty-seven per cent of 108 co-educational and women's colleges estimated that 50 per cent or more of their female graduates would be gainfully employed before autumn started. Outlook for positions the same as or greater than those of June, 1938, was forecast by 88.9 per cent of the co-educational and male universities for their male graduates this year. Job prospects

the same as or greater than those of June, 1938, were predicted by 59 per cent of the 108 co-educational and women's institutions for their 1939 female graduates. This employment survey was started after the Easter vacation during which considerable numbers of employers always send their representatives to colleges to interview prospective employees. "Promising prospects for this year's college graduates," explained Mr. Merritt, "result from an improvement in business conditions, greater efforts on the part of colleges and universities to obtain positions for both men and women graduates, and the fact that leading employers are satisfied with employees recruited from college campuses. The 1939 graduates represent, on the average, 50.7 per cent of the freshmen enrolled in such institutions four years ago. One little look One little glance, One little sigh, And one big chance. He heard the sigh, He caught the glance, He was no fool, He took the chance. —Rocky Mountain Collegian.

Chemists Reveal Plans For Vacation Activities

By ELIZABETH HAMILTON One afternoon this week found I. I. (the Indolent Investigator to you) strolling aimlessly through the chem shack in a questioning mood. What were the lads, and an occasional lass, going to do with their spare time this summer? "After five long years," stated Francis Schmidt, "I need a vacation"—he didn't say from what. The dehonair president of the senior class will relax by sleeping, eating and a bit of lazy swimming—communing with the fishes, as it were.

If Dave Thompson has anything to do with it, the Pacific Northwest will suffer from fewer floods in years to come. He is going to load rocks destined for rip-rap in Washington and Oregon rivers. Art Eaton will also serve humanity. In connection with the Entomology department at Oregon State, he will study the effects of various sprays on insects. Who knows? Art might even find a poison equally effective against the hole weevil and the black widow.

"I hope to get a job on a surveying crew," declared Bill Evans, but if I don't, I shall do some light reading in calculus. "What can you do with a guy like that?" Girls who take chemistry are a rare species, definitely ambitious. Pat Nelmeier will work in a Salem office and Ruth Alice Grant will attend a summer session at the University of Washington.

Marcus Waltz and Malcolm Dunbar are both going to Washington to work in two of that state's outstanding industries. Mark will pick and ship peaches, apples, cherries, and apricots (are you hungry?) from a Yakima fruit ranch, and Mac is returning to work in a logging camp. To the romantic question "And what are you going to do this summer, Mr. Goutley?", Romeo—affectionately known as "Gug"—snapped a suspicious, "Why?", then related to state that he will be working on papy's farm.

Composer Carl Bowman Quizzed On Symphony

By HERMIE PALMER "It is a stirring composition, expressing the vigor of youth," exclaimed one enthusiast after hearing "The Wheel of Life," the fourth movement of "Symphony in B Flat" which was directed Friday evening at the Willamette band concert by its composer, Carl Bowman, Salem freemason. "A novelist once said 'My book is nearly finished. All I have left to do is to write it,' and composing a symphony is much like writing a novel." With these words the young composer explained to the interviewer how a symphony is written. The entire composition was planned and outlined in the author's mind before a note was written. Carl said that after nearly five years of intermittent writing the entire symphony is now sketched, but only the fourth movement has been arranged. "The Wheel of Life," composed in the third rondo form, consists of a principal theme representing

life and of three subordinate themes representing the physical, spiritual, and mental "spokes" of the wheel. Carl not only composed, and arranged the movement, but copied the parts for the entire band. He hopes to complete the arrangement of his entire symphony in the near future.

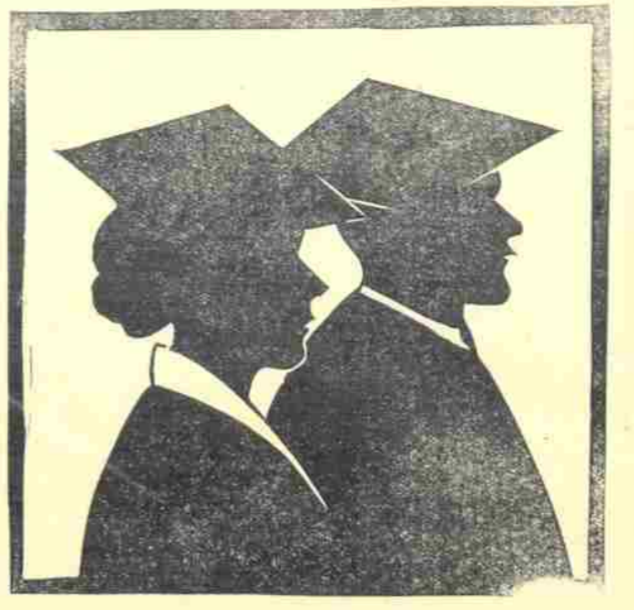

Carl, who is majoring in music with a career of composing and performing in mind, plays the euphonium in the Willamette band and has a thorough knowledge of all instruments. He assists with the direction of the school choir. Though he has studied alone ever since graduation from Franklin High in Portland three years ago, he has received invaluable aid from H. N. Stoudenmeyer. The young musician's interests are not limited, for he gets A's in accounting, has worked for California Packing Company and the secretary of state, and is fond of flowers and gardening.

encores that showed how the public liked his stuff. Director Nohlgren, who directed the concert with an injured back which later kept him in bed for two days, has kept the band going for another year on his energy alone, a feat which is extremely difficult, considering that no instrumental classes in band are offered here, and practically no credit is given for participation. Although nothing has been said, it is common knowledge that credit courses in instrumental music would improve Willamette's band several hundred per cent in ability and usefulness. Please, board, just one little two or three-hour course.

Ray Drakeley, who will give his junior recital Sunday, is going other artists one better in inviting a guest attraction for his recital. The entire Philharmonic choir will assist Ray with incidental numbers, thus turning the tables on Ray, who usually assists the choir. Program is at 8:30 in chapel.

Yale, Harvard and Princeton are famous for their history and tradition. Virginia is famous for its campus. Notre Dame is famous for its sports. Chicago is famous for its educational experimentation. Black Mountain college is famous, too. Situated near Asheville, N. C., in the Black Mountains after which it was named, this little college is achieving world-wide fame for its many unique qualities. It is a small institution, has a student body of 50, has no formal curriculum, grants no degrees,

offers no lectures, and its entire athletic budget for last year ran to exactly nine dollars. Dr. Thomas Whitney Surette, a member to the faculty, told a New York audience the other day that his college wouldn't take a million dollars if someone offered it. Indeed, he added, such a gift would simply ruin the college. It could use a little money. Dr. Surette admits—perhaps as much as \$10,000—but it doesn't want any more than that.—Idaho Argonaut

"Curly" Monfils Gives Experiences In Seeing Eye Institute, N. J.

"Curly" in a previous issue outlined his first experience at the Seeing Eye Institute in New Jersey. In this installment he continues...

By "CURLY" MONFILS The next morning being Tuesday, we were told at the breakfast table that four of us were going into town and work a few blocks with Mr. Donaldson acting as our dog. I was among the first four to go. In town we each worked a few blocks and then returned to the station wagon, while the others, went through the same routine. Tuesday was the day which will live very vividly in my memory for many years. It was the day we received our dogs. If I remember correctly, I was the fifth to receive my dog and I entered the recreation with mixed emotions. I felt wonder, nervousness, excitement and pleasure. What kind of a dog was I going to get? We had been told that four types were used: German Shepherds, Boxers, Labrador Retrievers, and Doberman Pinschers. I hoped mine was to be a German Shepherd as they seemed more typical of the Seeing Eye.

Meat Used I walked into the room and sat down in the chair designated by our trainer and with a ball of meat which he had given me for the purpose, held nervously in my left hand I waited until Mr. Donaldson opened the door and told me my dog was there. At the same time, he told me the dog's name was 'Cap.' I liked the name immediately. Cap came in and went around the room sniffing and smelling of everything until he reached me, then he smelled the meat. He began to lick my hand and because my fingers were tightly closed he could not get the meat. For just a moment I opened and he might bite me. I opened

my hand a little bit so that he could get the meat and at the same time slipped my right hand over his head and with a motion of petting him I reached his collar and snapped the leash on it. I then gave him all the meat and started talking to him. He was indifferent and would have just as soon looked over the new surroundings. I was so nervous that I hardly had the affortery to change his mind and pull on the leash. I didn't know exactly what would happen if I did pull him to me, so when Mr. Donaldson told me to take Cap to my room I think I must have started a little shakily.

First Steps I walked down the hall with Cap trailing after, not giving the slightest objection. He had always been in a kennel and the house was something new and interesting. Nothing escaped his notice. On reaching my room I took Cap to the bed and booked the bed chain about the leg of the bed and then sat down on the bed very weakly. I was perspiring freely and I think it was not just the warm weather that caused it. One by one the class had received their dogs. We were told to love our dogs as it was up to us to win the affection of the dog away from the trainer. The dogs were very well satisfied for a while and then they began to "sing" or whine. They all wanted to see Mr. Donaldson. Things began to take a humorous turn. Everyone was trying to quiet his dog and all up and down the hall could be heard, "That's a good boy," or "Girl" as the case might be. Everyone was doing his level best to get his dog quieted. However, it was no use and finally feeding time came and the trainer and a couple of hands took the dogs to the kennel to feed them.

## Sea-horses and Campus Elite Gambol on Oregon Coasts

Sunburn in not a very stylish red is definitely the thing on the Willamette campus because of the Fraternity picnics last Tuesday. Alpha Psi played on Three Rox all day, practically wearing them down to fine gravel. Strangely enough the most popular sport was this thing called gorging. Motor-boating, canoeing, rowboating and swimming kept the guests busy on and in the water. Rousing football and baseball games were in session that put the big leaguers to shame. The Mob: Basil Anton, Maxine Crabtree, Fred Bernau, Marcia McClain, Jack Bohannon, Maria Dare, Bob Brady, Jean Anunson, Howard Eberly, Iris McCurdy, Bob French, Dorothy Baldwin, John Gary, Sylvia Martin, Max Hauser, Helen Duley, Dick Jones, Barbara Lamb, Bill Lucke, Ruth Hedges, Wilmer McDowe, Barbara Hollingworth, Bob McKown, Mary Jo Geiser, Wendell Patch, Helen Kestley, Dean Trumbo, Kay Fravel, Earl Versteeg, Lois Noble, Milton Hartwell, Rowena Upjohn, Quay Wassam, Billie Bennett, Jack Walker, Jackie Williams, Robert Wilson, Margaret Macy, Wayne Brainard, Joy Cooley, Henry Frantz, Mary Hensley, Louis Bonney, Sally Anderson, Vic Crow, Melba Lieberman, Glen Fravel, Jean McConaghy, Harold Hutchinson, Margaret Hinkle, Marvin Humphreys, Beth Thomas, Pete Geiser, Janet Hinkle, Joe Colasunano, Jane Talmage, Claude Barrick, Thelma Lawrence, Sam Kyle, Dorothea Kietzing, Harold Abbott, Anna Lou Detweiler, John Hathaway, Virginia Hammer, Wally Olson, Carol Heuser, Harry Mosher, Marjorie Thorne, Bill Stone, Margaret Hauser, Gene Huntley, Phyllis Haugeberg, Wiff Achor, Betty Lou Strachen Mel Cleveland, Eileen Blundell, Ralph May, Marie Lippold, Tom Ritchey, Laveda Lester, Joe Van Winkle, Miriam Jensen, Richard Jewett, Frank Guerin, Art Olson, Dwight Catherwood, Everett Dougherty, and Durb Southard.

## Zeke Sneaks, Reaches Beach, Runs to Fun

Fifty seniors in ten autos took their annual sneak Thursday to Nelscott beach, leaving their professors and classmates to climb the tree of knowledge unaided.

As they had studied and played rather strenuously for four years, most of them spent their time ambling aimlessly about the beach, dozing before the fire, or driving dreamily along the curving roads of the coast, stopping at points of interest to watch a rough sea dash itself to bits on rocky cliffs.

Francis Schmidt, class president, was in general charge of the sneak, while Norma Fuller planned the food and Art Gallon arranged transportation.

Two weeks ago the juniors sneaked to the same location. The seniors, when they arrived, noticed that the premises had been undamaged or had been well repaired.

## Mr. and Mrs. Keith Sherman-to-be Will Return

A highlight of the social events of the campus this spring will be the marriage of Miss Elizabeth Lewis, daughter of Mr. and Mrs. W. L. Lewis of Salem, and Keith Sherman, son of Mr. and Mrs. P. L. Sherman of Whitefish, Montana, on June 7 at 8:30 p.m. The ceremony will be performed at the First Evangelical church by Dr. Bruce R. Baxter, assisted by Rev. J. E. Campbell.

For her maid of honor, Miss Lewis has asked Miss Lois Underwood of Oregon City. Bridesmaids will be Miss Betty Keller, Miss Betty Taylor, Miss Mary Dale Cladek, Miss Marjorie Van de Walker, Miss Willetta Speed, and Miss Kathryn Gregory. Leone Lewis, sister of the bride, will be a junior attendant, Richard Lewis will be a ring-bearer. Candles will be lighted by Mrs. W. E. Hornschuck.

Kenneth Sherman will act as best man for his twin brother. Ushers will be Edwin McWain, Roger Foster, Otto Wilson, Harry Chadbourne, Warren Lesseg, and John Horton.

A mixed quartet, composed of Miss Irene Bliss, Miss Helen Dean, Watson Dutton, and Ray Drakely, will sing "Because." Watson Dutton will sing "Liebestraum" and Jewell Miller will sing "Beloved, It Is Now." accompanied by Miss Gertrude Cannon, organist.

The wedding will be followed by a reception at the Lewis home on the Silverton road. After a honeymoon to Montana, Glacier National park and Lake Louise, the couple will be at home at 1209 Court street.

Both young people have been prominent in campus affairs and plan to return to school next year. Miss Lewis is a member of Delta Phi and Mr. Sherman of Sigma Tau.

## Commencement Brings Reception, Breakfast, Banquet for Seniors

Commencement season calls forth a whirl of social activities for the graduating Seniors and the rest of the school. Thursday night, June 8, there will be a reception given by Dr. and Mrs. Baxter at their home.

The Saturday morning of the graduating exercises, June 10, the Seniors will gather together for breakfast on the campus. The breakfast will be held near the Science building, and will be served from 8:30 until 10:00. The tables will be gaily decorated with flowers, and it is rumored that the class prophecy will be read at that time. Preparations for the affair are well under way, ably supervised by June Aasheim, general chairman, and her capable committees. Committee heads are Norma Fuller and Jean Anunson, food; Lois Burton and Jean Lauderbach, tables; and Margaret Gillette, waitresses.

Saturday evening at 6:30, when the commencement exercises are all over, the alumni of Willamette will hold their annual banquet at the first Methodist church—with the graduating class of 1939 as their very special guests. Governor and Mrs. Charles Sprague will also be present, and the honor classes for the evening are the classes of 1889, 1899, 1909, 1914, 1919, 1924, 1929, and 1934. Miss Harriet Long of the State Library will be main speaker of the evening, giving her impressions of what women think of the way the world is run. Dr. Baxter will speak on the progress of the school, and each class will have its champion orator deliver a short and snappy message. This is the biggest event of the alumni year and promises to be a great reunion occasion. Miss Fay Sparks, Secretary-Treasurer of the Alumni, is in charge of the banquet. Other officers of the year are John L. Gary, '16, President; Harold Hauk, '30, 1st Vice Pres.; Verne Bain, '23, 2nd Vice Pres.; and Gwen G. McCullough, '37, 3rd Vice Pres.

## Jr.-Sr. Prom Goes Parisian at Novel Paris Cafe

Saturday, May 20, the Juniors and Seniors of Willamette went Parisian as they held their annual prom in the gay atmosphere of a Paris street cafe. From all external appearances the gym was the same old building on the same old spot, but at the first step into its exciting interior, one was suddenly set into the very heart of "Paris in the spring."

Debonair white-jacketed waiters led the couples to the reserved tables under the orange and white striped awnings that hung from three sides of the balcony, and pretty little waitresses served the punch. From their places at the tables, the guests could look out past the potted plants which bordered the room to watch dancers on the main floor or they could study the rows of quaint French house fronts which covered one side of the gym. Behind Jack Beng's orchestra the Eiffel tower loomed almost to the blue creper-paper sky and in various corners of the room were the traditional French street lamps.

Miss Jessie Wood, Mr. and Mrs. Howard Maple and Mrs. Dan Schrieber were chaperones. Waitresses for the evening were Joy Cooley, Darlene Robertson, Sally Anderson, and Dorothy Moore. Harold Abbot, Winfield Achor, Orville Davidson, Leonard Hutchinson, and Benny Heald served as waiters.

The grand success of the prom can be attributed to Miss Mar-

Willamette's sports year, probably the best in the school's history, was completed Wednesday noon with the championship game of the intramural softball league...

The Bearcats started the season by defeating Linfield and went on to win five out of eight contests on the gridiron...

The basketball team representing Willamette this season hung up one of the best records ever achieved under the Cardinal and Gold...

The Bearcat baseball nine, although being defeated by Whitman for the conference championship...

Led by Blasting Bud Gilmore the Willamette Varsity men's netsters chalked up an impressive record of nine wins and three losses this season.

After their victorious season the men's team composed of Bud Gilmore, singles, and Don Dillingham...

Willamette's varsity golf team went through the season undefeated and also won the Oregon Collegiate Championship at Portland.

Coach Howard Maple states that, "Although the track team was rather unsuccessful during the season, one must consider the fact that most of the men on the squad were Freshmen...

"I draw the line at kissing," she said in accents fine. "But he was a football hero so I let him cross the line."

Willamette Diamond Nine Win West Title

Bearcats Runners-Up To Missionary Team In Conference Play

After a slow disaster-marked start this season, which saw the Bearcat varsity nine drop six of its eight contests...

Flingers Bob White and Basil Anton, the latter adding his cause, with terrific side power scored the Bearcats to seven victories to a single loss in the Western division before they bowed to the Missionaries...

Pacing the Bearcats was the exceptional performance of four Freshmen, MacAbee, Joe Dispensiere, "Horsey" Lonergan, and Dick Gentrakow...

Anton with a 4.69 average had by far the best batting record. He was followed by Moe and Dispensiere with a .372 and .343, respectively.

Clothing five two-baggers, four triples, and two homers, keystoneer Lee Shinn led in total bases with 46 to his credit.

The mound performance of McAbee, who won the games and led none with an earned-run average of 1.800, was the best hurling record.

Beaten Cindermen Gain Experience

Although the Willamette University track squad was not too successful during the track season, the team as a whole gained much experience from the six meets it participated in.

The only victory claimed by the Bearcat cindermen was over Monmouth Oregon College of Education, on the Salem High track, with a close score of 68 to 63. The relay was the deciding event.

Coach Howard Maple states that, "Although the track team was rather unsuccessful during the season, one must consider the fact that most of the men on the squad were Freshmen. Now that they have had a season's experience in track work, I expect to do better with them next spring."

At the conference meet at Walla Walla, Washington, the Willamette team wound up in fifth place by garnering 15 counters.

First places were taken by Putnam in the pole vault and Weakley in the javelin. Robertson took a third in the century, Chapman took a fourth in the furlong, Ewing fourth in the mile and Olseth fourth in the two-mile.

Fratmen Softball Champs

W. A. A. Reporter

Driving in 7 runs in the first inning, the Alpha Psi Delta fraternity softball nine walked off with the Willamette university intramural title for the third consecutive season...

The fraternity men, led with the Brethren at the end of the regular season, bounced back after an initial 8-5 playoff defeat by the Kimball boys to win four straight contests and the title.

When the Brethren downed the Fish Chokers last week, the Alpha Psi's faced the Fishermen on Friday to annex a 10-6 victory, and thus to win the right to come back against the Brethren Monday with an 8-5 triumph, exactly reversing the score of the previous week.

Wednesday's titular game proved to be a comedy or tragedy of errors, call it what you will, for both teams kicked the ball around freely. Protected by their 7-run first-inning outburst, the three-times titlists saw their lead dwindle to a one-run, 9-8 margin at the close of the fourth inning.

Indoor archery saw Willamette place fourth in a nation wide field of competition. Over a three-week period W. U. placed fifth, third, and fourth, with a fourth in the finals.

Those who have earned 1500 points were awarded their letter sweaters. These were: June Brasted, Martha Okada, Jean Lauderdale, Marjorie Herr, Dorothy Moore, and Betty Williams.

Together they walked upon the soft, thick rug of fallen leaves, while the silvery moon made beautiful jewels of the dew drops that kissed the boughs of the stooping trees.

At Stanford roller-skating has been sweeping the campus off its feet. Town stores reported that their entire stock was sold out.

This salaried position carries the responsibility of keeping newspapers and other publications posted as to happenings at Willamette—athletic and otherwise.

At present there are two men from Willamette anxious to secure the position. It is also rumored that a "dark horse" applicant from Portland is pressing for the job.

It is: Hickory, dickory, dock. Two mice ran up a clock. The clock struck. And they couldn't get supplies in for two weeks.

Unbeaten Golfers Swamp Portland

The Oregon State Collegiate golf champions, Willamette's varsity golf team, finished their highly-successful season Thursday, May 25, by defeating Portland University 11 to 1.

Individual talent, as well as team talent, is outstanding with Orville Beardley, the team's player-manager, winning the Salem City championship, junior division, for the second consecutive year.

The team has met and defeated, usually by overwhelming scores: Pacific University, three times; Portland University, four times; Reid College, twice; and Linfield, three times.

With the exception of two members, the entire team is composed of freshmen, a fact that prophesies an outstanding golf team for Willamette for next year.

"Spec" Keene Reveals Plans For Fall Gridiron Campaign

Calling his proteges back to the campus on September 10, gridiron tutor "Spec" Keene will groom his 1939 varsity football aggregation for a gruelling season which is initiated by the tith with the tough Marine eleven on September 23, and with the strong Santa Barbara machine on the 29th.

Plans call for a week of intense practice before embarking on September 17 for the south, where the Bearcats will spend several days acclimating themselves to the California climate before vying with the Marines. Preparation for the Santa Barbara game is the schedule for the following week.

The slashing defense work of the "Little All-Americans" flankman, Willamette's gift from Benson Tech., of Portland, will be sorely missed in 1939 gridiron competition.

Activity upon the team's return to the Oregon capital city will be in anticipation of conference competition.

Racquetees Win Northwest Tourney Crown

Spark's Contingent Dropped Only Thrice By Court Opponents

Undefeated in conference play, winning nine out of the twelve matches in which they participated, and capturing a clean sweep in the Northwest tournament, the Bearcat men's varsity tennis squad completed an impressive season.

Chief reason for success was the diminutive triumvirate, composed of Sophomores Bud Gilmore and George Gutekunst and Freshman Don Dillingham. Records show that Gilmore, defeated only three times this season, blazed out victories over several of the most versatile men on the coast.

Officially opening the season, the Willamette netmen swung down into the region of the Golden Gate to conquer College of the Pacific and San Mateo Junior college but lost to San Jose State in the final match of the trip.

The most one-sided win of the 'Cat contingent was a 5 to 1 score over College of Puget Sound.

Others contributing to the Willamette net prestige were Senior Bill Clemes, only member of the squad who graduates this spring, and Freshman Hume Dowds and Sumner Gallagher, sophomore, who will return as veterans to bolster Willamette hopes next season.

Biggest disappointment coming to netsters this year was their exclusion from the N. C. A. A. tournament at Pullman, Washington.

Coach Les Sparks reports that the Northwest conference is a member of the association but failed to pay the dues required, thus barring Willamette's entry in a meet that, though victory was improbable, would have given the team valuable experience.

The only opponents to outplay Gilmore were Krysiak of San Jose, Werschul of Oregon, and Maccoby from Reed. Dillingham fell before Eble of San Jose and Phillip of Oregon.

Match scores for the year were: College of Pacific, 6-1; San Mateo, 4-3; \*San Jose, 2-5; \*Oregon, 1-6; \*Oregon, 3-4; Reed, 5-2; Linfield, 4-3; Linfield, 5-2; Pacific, 6-1; Seattle, 5-2; Eastern Washington College of Education, 6-1; College of Puget Sound, 3-1; \*Willamette, lost.
