## "SCRUBS" WIN.

### Easily Defeat the Albany Junior Eleven.

1-2-3-4-5-6-7.

Willamette Junior Eleven!  
Willamette Junior Eleven!

That was the spirit that made the juniors a big victory last Friday. Soon the counting had to be continued. It didn't rhyme, but it sounded much more sweet to the ears of the victorious Juniors, when the score at last stood 16-0.

The game between Albany College and Willamette Varsity, which was to have been played here last Friday, was called off on account of the poor condition of the team, and the second teams substituted.

The Junior elevens lined up against each other, on a wet field and before a small and quiet crowd, but whatever lack of enthusiasm the spectators possessed was more than made up by the spirit and vim displayed by the spirit and vim displayed on the part of the teams.

The Albany boys sized up fully as heavy as our men, and with the thought of a hard fought and evenly matched game they faced each other.

Willamette kicked off to the visitors, who fumbled the ball as they did on every kick off. The first two downs we held them, and then they made ten yards around end. The next three the cardinal boys braced up and the ball was ours on Albany's thirty five yard line.

In a few snappy downs the ball went back to the goal line and the first touchdown was made by Jerman.

Winslow kicked the goal. Another touchdown rewarded them in the first half, which closed with a score of 11-0.

After the intermission, the tussle went on with the Albany team somewhat strengthened. Once more the pigskin was touched down, but the boys carelessly dropped it, and lost the right for trial at goal.

Near the end of the game Willamette had again worked the ball down until it menaced Albany's goal. When the plucky Presbyterian lads took a brace that won our admiration. It was on their ten yard line. Knotts was shoved through, and had a clear field, but stumbled and fell. Albany held them, and Winslow tried a place kick, which failed. Albany then pushed them back for a few downs, when time was up.

Trammell was the star of the Willamette Juniors, but Matthews, Knotts, Winslow and in fact all the team played good ball.

French, Dupuis and Shaw were Albany's best men. This is the line-up.

### ECHOES FROM THE BAND.

Our Varsity band is practicing hard and we predict that we will soon have a band of which we may be proud.

This is an organization which adds much to the life and spirit of the school and should be encouraged and supported by every student whether he be a "horr. blower" or not.

To have a well-toned band it is first necessary to have good instruments and instruments that can be tuned.

The boys are preparing a program to be given in a month or so, the proceeds of which are to be used to purchase a bass horn.

This is an instrument that can not be dispensed with and one of the most costly of brass instruments.

It is one which cannot be used so much as a solo horn and the bass player does not feel as though he could expend so much for an instrument that he could use only with the band.

Let us give our support to the boys and show our loyalty to the school and all of its worthy organizations.

The instrumentation of the band is as follows:

- Looney (Med.) Cornet.
- Fisher, Cornet.
- Koy Knotts, Cornet.
- L. Zimmerman, Cornet.
- G. G. Forbes, Cornet.
- Eugene Whipple, Cornet.
- Phil Crawford, Clarinet.
- Fred Hewit, Alto.
- Walter Winslow, Alto.
- J. A. Forbes, Alto.
- Geo. Simpson, Alto.
- Austin Price, Tenor.
- Roy Price, Tenor.
- E. S. Forbes, Trombone.
- Wm. Best, Trombone.
- Wilfred Wians, Baritone.
- E. P. Watt, Bass.
- O. K. Wolf, Bass.
- George Randall, Bass Drum.
- Glen Urquah, Snare Drum.
- I. G. Martin, Director.

Prof. J. B. T. Tuthill is prominently mentioned as a candidate for mayor of Greater Salem. No better man could be found for the position.

## ABOUT THE P. U. GAME

### A Few Points Which the Index Reporter Ignored.

The writer of "Another Scoreless Game" in the P. U. Index forgot to mention that Coach McFadden, of P. U., was one of the officials in the game Nov. 13. He did not tell that the W. U. team was strenuously opposed to allowing Mr. McFadden to act as an official. Our manager, in response to telegrams from P. U. asking if Mr. McFadden would be satisfactory to us if they would accept Mr. Dietz as the other official, replied that Mr. McFadden would be acceptable only as a last resort. Of course Mr. McFadden was the "last resort," and P. U. came expecting him to be their official. Our team objected. Our manager wished to have Mr. Fechter and Mr. Judd to act—and no fairer men could be found anywhere. He also agreed to accept any competent Portland official.

But not P. U.'s manager would not listen. He would not play unless Mr. McFadden be allowed to officiate. So entirely against their wishes W. U. gave in.

W. U. received the kick off and was advancing the ball toward P. U.'s goal in a steady invincible style.

Then official McFadden or we should say—Coach McFadden, realizing that his men were not able to stop W. U.'s fierce bucking, penalized W. U. ten yards. The index reporter says that after Willamette had advanced the ball about 20 yards "Pacific's" players collected themselves and held for downs—it was not so. Pacific secured the ball from W. U. because of the penalty inflicted by Coach McFadden which forced the W. U. team to punt. P. U. then advanced the ball to W. U. 25 yd. line, lost it and again Coach McFadden got in his work, forcing W. U. to punt and this is the way the first half went. It was

plain to all that Mr. McFadden was working his official position for the advantage of his own team. The article in the Index says that at first Willamette gained and offers in explanation that the positions were new to the visitors. Yes and we say further that the visitors did not solve that offence at all, as the last few minutes of play show, and had Mr. McFadden treated the home team fairly. Willamette would have done some scoring.

In second half P. U. received the kick off and worked the ball slowly into W. U. territory, each time making the required five yards by a smaller margin, retaining the ball one down longer than they would had Mr. McFadden measured fairly. W. U. punted to Gilbert. The Index says Gilbert was "entirely past every Salem player" when he fumbled the ball and yet immediately thereafter he says "A Salem player fell on it!" Judge for yourself. Moreover we say that had Gilbert advanced 10 yards further he would have found the Willamette safely waiting for him. Willamette now began to advance the ball five yards at a down, showing what they would have done in the first half had Coach McFadden been fair. The home team was advancing surely and swiftly for a touchdown when time was called with the ball in their possession on P. U.'s 25 yard line.

We have corrected a few of the mistakes of the Pacific reporter, and we have said some of the things he left unsaid. In conclusion we will say that we respect the members of the P. U. team but that we are heartily disgusted with Mr. McFadden's officiating and hope never to have to play against him again.

Entered at the postoffice at Salem as second class matter.

We are more than tempted to give the names of a number of students who did not go to the game last Friday, but who were small enough to take up their position in the library windows and steal a view of it from beginning to end. Words fail us when we attempt to express our opinion of such persons.

The school would be far better off without them. Nor is this the first time this season that students have lost the respect of their fellows by such action. Not a game has been pulled off this year without someone sneaking a view from one of the 'Varsity buildings. In justice to a few it must be said that three times persons have paid the admission price, after viewing the game from a window—but where are the others?

Why cannot students look upon this affair in its true light. There is not a member of the student body, or the faculty, who would not immediately denounce anyone seen to steal money from another. Probably the culprit would be expelled, and rightly so. Yet all seem to smile with impunity upon this equal crime.

There is no excuse whatever, for the culprit. He cannot claim lack of time nor interest, nor is lack of money a valid reason for absence from a game. There are very few, if any in the school who cannot afford to attend, and these few generally do some work and get in that way.

Does not the school realize that the future of football in the institution depends largely upon the support given this year?

An attempt has been made by

the manager to give us good football, and it has certainly been a success. Not for years has the Varsity had such a team, but it has been years since the lack of enthusiasm and support has been so noticeable.

A successful team is an expensive venture. Trial is being made this season, and unless the students redeem themselves in the one remaining game we will have to go back to the old days of small expenditure and less returns.

Probably those who grumble about the price of admission do not know that we are the only school of any consequence in the Northwest that does not charge 50 cents for admission to games, with extra for grandstand and large events.

The game on Thanksgiving Day is with Chemawa. It will be one of the best games ever played in Salem. Not only will the game be worth more than the admission, but the famous Chemawa Indian band will discourse sweet music before the game and between halves.

Let us improve this last opportunity to redeem ourselves. Let us show to Salem and the world that the spirit of Willamette is still alive by turning out the largest and most enthusiastic crowd that has ever thronged Willamette field. To do this you must come. You must bring your friends—tell everyone. It is your duty—see that you do not shirk it.

### '09 PARTY.

The second year class held their first party for the year at the home of Miss Wins on last Friday evening. Though members of the other "prep" classes, anticipating such an event, patrolled the streets of the city night after night in search of the pleasure seekers they were completely baffled and the second years were left undisturbed in the pursuit of their pleasures.

The attendance was large and a most enjoyable evening was spent by all. A short but interesting program was rendered after which various games were indulged in. Light refreshments were also served in the course of the evening's entertainment.

At a late hour the merry '09's wended their way homeward, je zwei und zwei.

Miss Mamie Holmstrom received a wound upon her face, caused by a falling board from a dumbwaiter. Several stitches were needed in the dressing of the wound.

What is the matter with the "Scrubs?"

The evening meetings have been well attended showing the united interest of the students.

Miss Merle Hoekett has resumed her studies after a three weeks absence on account of illness.

Mr. June Drake, the Silverton photographer and former Willamette student, was a Chapel visitor Tuesday.

Miss Ethel Allen recently had the misfortune to suffer a severe fall which very seriously injured her knee and which will necessitate her absence from school for some time.

Claude Hibbard of Burns, a

farmer student, is visiting in the city, and has attended Chapel exercises a number of times recently.

The bee hive this year is a very busy place altho' the buzzing little bees are not in evidence. Smiles have taken the place of whispers, and silent language seems to be the more eloquent.

Have a good time everybody during vacation. Forget everything but what you are going to have for dinner (this to the boys), and get all your sewing done (this to the girls).

Let us bear in mind the fact that the time for the local oratorical contest is drawing near. There will be at least two Juniors in the battle, and other classes had "better hurry" or they will be left out in the cold.

Boys, a hall tree is badly needed down at the hall, why would not a good way to work a "stand in" with the Dean, be to purchase one and present it with our compliments. Perhaps we would then stand a show to see that parlor furniture we have heard so much about.

Miss Elma Byrne a member of the '03 in Oratory, assisted by Miss Carlisle a graduate of the piano department of St. Helens Hall, recently gave a recital in Arlington which was a decided success.

### THE DOCTORS

The members of the Senior class were much chagrined last Friday to note the absence of Mr. Mortenson, who was attacked with appendicitis. On Sunday an operation was necessary and was performed at the Salem hospital by Dr. Byrd. We are pleased to know that he is on the way to recovery.

THE EVANGELISTIC MEETINGS.

Prof. Drew has been conducting evangelistic meetings in the chapel the last week each evening from 7:30 to 8:30 p. m.

The attendance has been moderate, the interest manifested has been encouraging and the results have been a great source of satisfaction.

The spirit of the meetings has been something fine. Men and women have been appealed to through reason, and there have been very few, if any, who were inclined to disbelieve. Some have hesitated to sacrifice self, others have delayed deciding the question but thank God several have made the start toward eternal life.

Y. W. C. A.

The meetings held each evening during the last week and led by Prof. Drew have been quite well attended. The number of girls attending has averaged 50 and 60. The Bible study classes have kept up their attendance as has also the noonday prayer meetings. The weekly prayer meeting on Thursday was led by Miss Belle Crouse. A larger

number of girls than usual were out Sunday afternoon to hear Prof. Matthews. His talk was splendid and contained many beautiful things for all who were there.

**A STEP FORWARD.**

Owing to the intense excitement over football defeats and victories this year, there has been overlooked one very important item which has no insignificant application as an evidence that Willamette has entered an era of advancement heretofore unprecedented in her history. She has never been strictly up-to-date in the equipment of her chemical and physical laboratories and for this reason chemistry and physics have been little more than a memorizing of formulas and laws. But this year, the institution being free from a burdensome debt, the trustees and other officials of the school decided upon making more perfect this department and acting upon this decision changed the class and experiment rooms from the third floor to the basement, where three larger and better situated rooms were especially suitable for the purposes.

Prof. Tutill who has charge of this department is a thorough modern and practical scientist and has so systematized and renovated all available apparatus that now everything is in a first-class condition and together with the \$175 worth of modern apparatus and supplies recently purchased is sufficient for the most intricate experiments in mechanics, hydrostatics and light. A gas main has also been laid and for the first time in the history of the school, gas will be used in laboratory work. The physical laboratory is not yet in a suitable condition for use and the class in physics will meet in the chemical laboratory for the present. The text used is the "Harvard Entrance Requirements in Physics."

When you have your picture taken you want a good job. Tom Cronise at the Elite Studio will do you just such a job for reasonable price.
