

DEAN VERA HABERER

Women Receive New Dean

Miss Vera Haberer, new women's dean at Willamette, has been swept up in the whirlwind schedule of her office since the beginning of August when she arrived on campus.

MISS Haberer received her bachelor of arts degree at Augustana College, Rock Island, Illinois, and her master of arts degree from Syracuse University, Syracuse, New York in 1953. While at Syracuse, Miss Haberer majored in student personnel work.

From 1951-53, she held an assistantship in the Syracuse dean of women's office and was head resident for one of their dormitories. In 1953, she became counselor for freshman women and head of women resident halls at the University

of Redlands, and became dean of women there in 1956.

When asked if she proposed any changes from her office Miss Haberer commented, "I do not contemplate any drastic changes because I feel that last year was a transitional period in many areas and that there needs to be time to evaluate these changes."

15 Fill Faculty Vacancies at Willamette

Dr. G. Herbert Smith has announced the appointment of new faculty members effective this fall. Among the new members are Warren R. Brown, associate professor of education, who will replace Dr. Homer Hawes who left Willamette to teach in New Zealand for three years.

BROWN received his bachelor of arts degree as well as master of arts degree and doctor of education at the University of Nebraska.

Eugene L. Isaacson has been appointed to a one-year term as instructor of art at Willamette. He replaces Dr. Cameron Paulin, head of Willamette's art department, who is currently on a year's leave of absence for study in Europe.

ISAACSON received his bachelor of arts in art and music from Concordia College in Minnesota. He attended the 1959 summer session at Montana State University and earned his master of arts in fine arts at Colorado State College this summer.

The chemistry department adds a third member as the new associate professor of chemistry, Dr. Arthur D. Payton, specializes in physical chemistry. Dr. Payton received his bachelor of science, majoring in chemistry, from the Illinois Institute of Technology, Chicago, Ill., and earned his master's degree from Yale University in 1957.

HE ALSO earned his doctorate from Yale in 1960. Following his doctorate he spent one year at the University of Cambridge, Cambridge, England, on a National Institutes of Health Post-Doctorate Fellowship, studying at the University of Munich, Munich, West Germany.

Replacing Lestle Sparks, who completed 42 years of service to the University, is Gene Cooper. As associate professor of physical education and head of the men's physical education department, Cooper assumes his duties after having completed work on his bachelor and master of science degree from the University of Utah. He is a candidate for the doctor of philosophy degree from Utah in 1963.

FROM OHIO State University comes C. LeRoy Anderson who replaces Arthur E. Gravatt as assistant professor of sociology. Anderson was an instructor at the Ohio State University, Columbus, Ohio, where he will receive his doctor of philosophy degree.

He studied earlier at Ricks College in Idaho and received both his bachelor and master degrees from Brigham Young University, Salt Lake City, Utah.

FRANCIS K. Markus has been appointed instructor in the history department vacated by Timothy G. McDonald. Markus received his

bachelor and master degrees from the University of Minnesota, Minneapolis, Minnesota. This summer he did graduate work at the University of Oregon towards his doctorate degree in history.

A native of Enterprise, Oregon, Dr. M. Annette Dobbin becomes assistant professor of romance languages, specializing in Spanish and French. She received her bachelor of arts degree from Washington State University and her master of arts degree from the Teachers' College of Columbia University, New York City. She earned her doctorate of modern languages at the Middlebury Language School and the Sorbonne.

An addition to the English de-

partment is Don Scarborough, past Willamette graduate and past editor of the Collegian. Scarborough will undertake freshman English sessions. He received his master's degree from Stanford University and is currently an employee on the staff of the Statesman.

Other new faculty members include Captain Dean E. Abbott, AFROTC; Dr. Ottow W. Mandl, assistant professor of German; Dr. Milton N. Nelson, visiting professor of economics; Robert L. Stoyles, associate professor of law.

Miss Jenette Roberts will assist the language department, while Mrs. Donna Armstrong will instruct speech. Carleton B. Greider will assist in the sociology department.

REGARDING her move from southern California, she remarked that she "will reserve any comment on evaluation of Oregon until I live through one of its rainy winters, but I think I will like it here very much!"

Miss Haberer expressed that she was "especially impressed by the friendliness of the students, and also their efficiency" as it was demonstrated in "the tremendous job done by student leaders who planned the freshmen orientation retreat. We could see that the retreat succeeded in stimulating students to think along academic lines and to bring them closer together."

Miss Haberer also commented that rush week was her first experience with national sororities and freshman rushing.

She is a member of Phi Beta Kappa, Mortar Board, P.E.O., the California Association of Women Deans, the National Association of Women Deans and Counselors and the American Association of University Women.

Triple Honors Fall to Gillis

From the first Willamette University faculty meeting of the year has come the news of the promotion of Dr. Richard M. Gillis to the rank of full professor.

In August, Dr. Gillis received his doctor of philosophy degree from the University of Oregon and also was named head of the University's economic department. He had been acting head since 1960, replacing Dr. Al Dehner.

Gillis came to Willamette as associate professor of economics in 1956 from the University of Massachusetts. A graduate of Tulane University in 1952, with a major in economics, he earned his master's degree at the noted Wharton School of Business of the University of Pennsylvania in 1953.

A native of Brighton, Alabama, Dr. Gillis is noted for his knowledge of such current items of importance as the stock market, corporate finance, mutual funds, and general investments.

Frosh Swell Ranks Of Honors Groups

A combined high school grade point average of 3.73 accompanies the 17 new frosh as they enter the Freshman Honors Program. Dr. Frost, head of the program, recently announced the selection of the new freshman candidates as well as one sophomore transfer student who will join the soph honors program.

The freshmen include Kathleen Albright, Catharine Atterbury, Steve Brown, John Erickson, Ellen Hoeye, Daren Kruckek, Susan Leslie, Ruth Rodgers, Margery Osborn, Roberta Stanbery, Sandra Willers, Victoria Pitkanen, Robert Thomson, David Hansen, William Willingham, Amy Patricia Claxton, and Dennis Simpson.

Judith Blake enters the program as a sophomore transfer.

DR. FROST describes the function of the four-year program as being, "to look behind the writings and into the thoughts and intentions of the great writers, politicians and men of history." Sophomores will deal with Western philosophy descending from early Greek and Roman origins.

The Willamette Honors Program deals with the central theme through the first three years, starting with the major writers down through the ages and branching into a number of academic fields from earliest civilization to the present.

THE LATTER areas are handled in chronological order beginning with an orientation to philosophy, literature, religion and history in the freshman year . . . delving into political theory and science later.

Qualified students may enter the program at the beginning of each semester up to and including the beginning of the junior year. A student must have a 3.0 grade average to apply and to remain in the program.

Competitions in writing and presenting original papers are given each spring for upperclassmen desiring to enter the program.

Freshmen enter through acceptance of a special invitation extended by the Honors' Faculty Committee from a list of screened applicants.

Construction continues busily as workmen seek to complete the new wing to Collins Hall. Despite the noise, classes have not been seriously disrupted as students and faculty anticipate the expanded facilities. The new wing is expected to be completed in late April, after students return from spring vacation. Resulting from the new wing and remodeling in the present building will be the addition of facilities to include student and faculty laboratories, classrooms, offices, a shop, a mathematics computer room and an animal room.

Actress-Author to Open Series

Cornelia Otis Skinner, playwright, producer and actress-in-one, will open the Distinguished Artists Series for 1962-63 on Wednesday, October 24, 8:15 p.m. in the Fine Arts Auditorium, followed by mezzo-soprano Carolyn Stanford on Thursday, December 6.

The Komitas string quartet is featured on Wednesday, January 16.

Komitas is considered by authorities to be the founder of Armenian classical music.

The celebrated Cleveland Playhouse will present "The Importance of Being Earnest"—a satire on high British society—on Thursday, February 28.

These four concerts are available for Willamette students for a special season price of \$2.50. Individual performances are \$1.80.

Don't Defeat Yourselves . . .

Whether you're a "loner" or "Frat Fred," you're in school for the same reason, says the Lamron of State University College at Genesee, New York.

The COLLEGIAN joins in the paper's rush time advice to those who will be asked to join, those who would like to be asked, those who wouldn't, and those who ask.

To those who will be asked, let us say "Make the most of the opportunity handed you." Make your decision wisely, for once made there's no going back. Don't be fooled into thinking membership is all roses, for there will be disagreements as well as mutual respect.

To those who won't be asked to join, "There's nothing wrong with you!" For the most part, the decisions of fraternities to give or not give a bid are based on a limited get acquainted period. The "numbers game" also enters into the picture for facilities limit membership.

To those of you not interested, "Don't sneer for the sake of sneering." Just as you have your reasons con fraternity, there are those who have theirs pro fraternity. In other words, "Don't knock what you've never tried."

To those who already belong, "Don't allow yourselves to get carried away by your own enthusiasm." You supposedly possess leadership qualities or you wouldn't have been asked to join in the first place. A leader sees the best in everyone and doesn't limit his range of friends. Petty fraternal rivalry would be below a true leader.

Oregon State Praises Hospitality

To the Editor:

Last week we were attending a conference in Salem. After it was over we hoped to find a friend who goes to Willamette University.

Since neither of us knows your University nor Salem very well, it was like the blind leading the blind. But a ray of light cut through the dense Oregon State fog we were in when a young lady escorted us to the place we were seeking (the Alpha Chi Omega house). The hospitality we were shown there was tremendous. But I understand from your president, Bob Elder, that this is not the exception, but rather the rule.

We feel that your entire student body can be proud of the atmosphere which your sorority houses create. Neither of us will soon forget the hospitality we were shown and the contrast to other campuses we have visited.

Thank you,
Mike Burton
President, Associated Students
Oregon State University
Eric Lindauer
First Vice-President.

Having run the mill through WU's arduous registration and book purchasing process three years plus, I feel qualified to make a comment or two on the procedure.

The number one complaint is the recent innovation of having to present a trial study card along with the fee slip in order to purchase a book. Many students, particularly upper division ones, know exactly what they are going to be taking before registration and desire to purchase their books early. This is in part because they wish to make sure they get them. If for some questionable reason it is necessary for the cashier to write "no return" on the receipt, this would be all right with most students.

BUYING BOOKS early is especially convenient and necessary due to a most annoying habit of the book store. They never seem to order enough books for courses. It takes a month or more to receive a reorder. One time students of Problems of the Near East did not receive their texts until spring semester when they were studying Problems of the Far East!

What is the book store's excuse? The reply is invariably, "We cannot order extra books because we cannot return them." Ridiculous! There is no excuse for this. Many courses such as Art Survey which use the same texts year after year are not available. Merchandise in virtually

any business is returnable if unused. I have never encountered another book store which operates in this manner. Furthermore, requiring the fee slip to be shown results in a post registration jam in the book store.

AT LEAST now students have access to get the books and do not have to wait in a creeping, endless line for one store clerk to go back in off limits stacks and get the books for each student one at a time. Such was the system in effect several years ago, and it was truly

Hall Displays Art

"That's a weird effect your paintings have!" Weird is the only word that seems to describe the paintings displayed in the Fine Arts Gallery.

NATURE, ANIMALS and humans, which appear as also essentially animal-like creatures, are the subject matter of these paintings.

Deep colors and twisted shapes play on emotion rather than on intellect. The painting of "Fire" shows coals and flames, yet also has a splashy pattern of abstraction.

THESE PAINTINGS capture nature. They give a true impression of a scene: the ocean, a submerged log, a glacier, a mountainside, swirling fog, night air.

Though colors are strange and light effect is sometimes weird, the result is an exciting sensation of being in the presence of nature.

PEOPLE ARE tiny figures on a mountainside or in a garden. Enlarged, they are bodies—headless, expressionless.

Faces show feeling rather than

"Birds Crowing the Moon" is an eerie picture in the Carl Hall art show in the Fine Arts Gallery. The birds perch, twisted in body form. Their jagged bills and full throats almost produce the sensation of hearing howling noises by moonlight.

Student Prexy Plans, Looks to Goals

Three new aims were proposed this fall by the new student president, Bob Elder. Elder proposes to build toward a student judiciary committee, build campus unity, and introduce an organization for foreign students.

Elder plans to build campus unity by holding all campus functions such as after game dances and special entertainment. He has an agent in Hollywood that is informing him about entertainers who are

traveling through this area and who would appear here. One of the future possibilities is the Highwaymen, a group of singers.

HE IS also involved in a detailed evaluation of the orientation program which he hopes will improve class unity.

Elder expressed the opinion that the students here could accept and handle the disciplinary problems if they would consider it seriously and said that he thought it would help

them gain more respect for themselves and the school.

The proposed change in disciplinary action won't come in one year according to Elder, but will have to be worked for. Expressing a hopeful opinion Elder said, "I'm sure everyone, if they were pushed a little would show they are mature enough to assume this responsibility."

THE ORGANIZATION for foreign students, known as People to People, is a national organization whose purpose is to make foreign students feel more welcome and take advantage of his talents.

Elder, who shares the state chairmanship of this organization with Marion Wright, says that Willamette's participation in this informal organization will include finding a sister school in a foreign country and sponsoring an exchange program. The organization will see that foreign students are able to spend weekends with American families and are greeted when they arrive.

Foreigners Enter

Willamette has been graced by the presence of two new international students this year: Miss Francoise Goery of France and Mr. Nyckle Wijbrandis of Holland.

Miss Goery is assisting in the French department and is a part time student. After graduating from the Lycee Alfred Mezieres she spent four years in the University of Nancy. She has studied Latin, German, English Philology, and English civilization in France.

She spent one year in school at St. Paul, Minnesota, before coming to Willamette. Here she is studying political science and teaching French. She says she is trying to lose her French accent here so she can go back to France and teach English.

Nyckle Wijbrandis has just moved to Salem with his family from

Curacao, a Dutch island off the coast of South America. Wijbrandis, a freshman, had spent three years in Europe before his family moved to Salem. He spent two years in Holland and one year in Switzerland where he completed his high school education and improved his English. He has not decided upon a major, but is emphasizing history and political science.

Waller Chapel Open

Waller Hall, west end, fourth floor—this is the location of Willamette's little chapel, the "Chapel of the Seeker." The chapel, which was reactivated by Chaplain Calvin McConnell last year, is open for the personal use of students all day until the building closes.

The chapel is used once a week by the Canterbury Club for communion services. The services are held Wednesdays at 4:10 and are open to Willamette students of all denominations.

The chapel also serves as a repository for various religious art creations of Willamette students. There are changing exhibits from time to time.

THE CHAPEL gets its name from the first piece of religious art to be entered into the chapel, a mosaic of the three wise men by Terry Boyd. Rev. McConnell and students felt that this was an appropriate symbolization of students willing to search for the truth wherever it may be found.

The chapel also includes a painting of the Madonna and Child with the three wise men by Ronald Swanson, and more mosaics.

THE ALTAR furnishings were also made by Willamette students. There is a driftwood cross with the symbols of the twelve apostles and the Apostle's Creed on it, designed and built by Joel Barber. The cross is designed to hang rather than

stand, to symbolize the hanging in time and eternity of the Christ event in history.

Other altar furnishings include an altar cloth, ceramic candlesticks, and a ceramic flower bowl. A new altar and lectern will soon be built by students.

Peace Corps Wants Men

The Peace Corps is seeking about 50 athletes, both men and women who have participated in college sports, for projects in Morocco, Senegal and the Ivory Coast.

The athletes, who need not be college graduates, have been invited by newly independent African nations to coach and assist in the training of regional and national teams.

The African governments are keenly interested in sponsoring and fostering the tremendous interest in sports in their countries.

Government officials look upon this interest as a way of using the common bond of widespread sports interest to unify peoples accustomed to living in decentralized and tribal nations and to identify them strongly as participants in the single endeavor of building nations. Additionally, they feel that sports can be one of the most effective ways of working with the nations' youth.

Training for those selected will begin about mid-October in an American university. Applicants should therefore submit applications immediately and notify their references to respond to questions as soon as they are contacted.

The Peace Corps is drawing on the experience and knowledge of leading sports organizations and associations in devising and administering the training program.

TV Courses Available

Registration for fall term courses via TV are under way at the General Extension Division of the State System of Higher Education.

The TV courses carry college credit from member institutions of the state system through the College of the Air Program. They are carried on some commercial stations and on the Oregon Educational TV Network. The courses will include political science, sociology, literature, history, psychology, biology, philosophy, economics, and health.

A brochure and registration materials may be obtained from the Office of Televised Instruction, 565 Capitol N.E., Salem, or any Extension Division office. Students for credit pay a fee of \$12.50 per credit hour. A participant's charge of \$5 provides course materials for those not wanting credit.

Asian Study Tours Offered

Transportation, tuition, books and fees, housing, food, health insurance, and a small monthly personal allowance, along with an Asian study tour for qualified students are the contents of the 200 scholarships offered by the Center for Cultural and Technical Interchange—known popularly as the East-West Center at the University of Hawaii.

DEADLINES for applications for these scholarships for graduate work at the University are set for February 1, 1963.

The scholarships will be awarded to students from Asia and the Pacific Islands area as well, to foster the Center's aim of strengthening mutual understanding between East and West.

Students, senior scholars, and technical trainees from both sides of the Pacific are brought to the East-West Center to live, work, and study together.

A SPECIAL feature of the scholarship is a study tour to Asia for U.S. students, who may supplement their academic work in the country or area in Asia related to their thesis. Asian and Pacific Island grantees receive a comparable study tour to the mainland United States.

Further information on Center scholarships is available by writing the Admissions Secretary, East-West Center, University of Hawaii, Honolulu 14, Hawaii.

New WU Handbook Distributed to Schools

Willamette University has taken advertising space and a narrative feature highlighting distinctive campus opportunities in the new Going-To-College Handbook for 1963.

The handbook, covering everything from architecture to a two-page Collegiate Record of Champions, is widely distributed to high school and college students in every section of the country and is used in many school and church guidance programs.

Parking Stickers Required

Students who desire to use the University parking facilities should register and pick up a car sticker in the Dean of Students' office at some convenient time during the first four days of school.

THE PARKING area south of Matthews Hall was provided primarily for the occupants of the men's dormitory system as required

by city code. However, if the lot is not fully occupied other students and faculty members whose cars bear a parking permit may use the parking area.

Cars found parked in the circle or in any undesignated area will be towed away at the owner's expense and the owner will lose his parking privileges for the rest of the school year. No attempt will be made to issue warnings.

THE PARKING area across Winter Street from Lausanne Hall is also available to students, faculty, and staff on a first-come, first-

served basis. When using this area cars should be parked so that enough room is left on the north and south sides of the area to allow other cars to move in and out freely.

The following areas are off limits to all students, faculty and staff parking: The entire area serviced by the Twelfth Street and Winter Street service drives.

After September 23, 1962, cars in University parking lots without stickers will be towed away at the owner's expense and the owner will lose his parking privileges for the rest of the year.

Lines and more lines — the story of life as a freshman — were encountered and conquered (?) by students during registrations Saturday. Many tired feet found relief as, finally, book-laden students sought refuge in the dormitories. (Photos by Donna Marggi.)

VV Meeting To Be Held

By BARBARA WOODWORTH
A list has now been compiled of all the replies received this summer regarding the letter sent to all new students for Varsity Varieties. I would like to express my appreciation of the enthusiasm which prompted a total of 100 answers out of nearly 400 letters sent.

A general meeting of all people interested in auditioning for or otherwise helping with Varsity Varieties 1962 will be held within the next two weeks. At that time I will explain the various areas in which I will need help and will set up committees, as well as a time for auditions. Thank you all.

ID Pix Taken Today

Students who have completed registration and who have not had their pictures taken for their ID-Student Body cards should do so today. The camera is located in Eaton Hall, room 4.

Forum Forms On Religion

Students are invited to attend "University Forum" Sundays at 9:30 a.m. in the First Methodist Church. Forum leaders envision periods of sociability and serious discussion as students and adult leaders share in the religious concerns of campus faith and life.

Many resource leaders will be brought in the lead the Forum discussions. Such leaders will be chosen by the student steering committee along with adult advisors. Interested students should inquire in the church foyer or office for the location of Wesley Hall, in which the Forum will take place.

The senior minister of First Methodist church, the Rev. M. Haines, will deliver the first of two sermons Sunday which may be of interest to entering collegians. The theme will be "The Student and His Faith." Services of worship are at 9:30 and 11 a.m.

Y to Sponsor Frosh Meet

The campus YMCA is sponsoring an orientation assembly for freshmen next Tuesday night at 7 p.m. in Waller auditorium. The purpose of the meeting is to acquaint new students with the various organizations on campus. Each organization has been given two minutes to explain its purpose and activities.

The campus Y felt that the meeting would provide new students with an opportunity to become acquainted with all the campus organizations at one time.

Tryouts Fixed For New Play

Robert Putnam, drama director, returning from a year's teaching and study at Stanford, kicks off the drama season with a "high" comedy, "The Swan," by Molnar. Tryouts will be held on the Fine Arts stage Oct. 2, 7-9 p.m. and Oct. 3, 3-5 p.m.

This play has parts for 12 to 15 persons plus anyone interested in the technical production. Tryouts will be based on a reading of the play, copies of which are on a two hour reserve in the library.

A hardy welcome back to all new and old students. A special tribute goes out to all those returning slaves. Otherwise known as the Society of Lazy Victims Entering School and looking forward to another year of hard work.

ANOTHER YEAR and new faces can be seen from one end of the campus to the other. Joining the bevy of strange faces are six new housemothers: Mrs. B. Bell, Beta Theta Pi; Mrs. M. Hall, Doney Hall; Mrs. R. Herndon, Sigma Chi; Mrs. H. Gault, Delta Gamma; Mrs. E. Spangler, Delta Tau Delta; and Mrs. E. Terhune, Alpha Phi.

This Sunday the Kappa Sigmas will be hosts at a sorority pledge breakfast honoring all the new pledges. The breakfast will be held at the Kappa Sigma Chapter house and will commence at 9 o'clock. John Ryan and Robey Banks are in charge of this first social affair of the year.

THE FRESHMAN class is already showing signs of that common freshman disease called enthusiasm. A symptom was their recent election of Bill Ritchie as president pro tem and Pat Casten, secretary pro tem.

Paul Powers and Doug Simons spent four days of their summer at Culver, Indiana, attending the 15th annual Leadership Training Workshop. Sigma Chis from 135 campus chapters across the United States and Canada were also present.

FINAL SELECTIONS for membership in AFROTC Angel Flight will be made Sunday after an invitation tea at Doney Hall. Angel

Flight is the hostess group for the Arnold Air Society. There will be approximately 16 new members chosen Sunday, all freshmen. The group is composed of two flights of 16 girls each and two drill commanders.

STUDENTS wishing work done by the office girls are required to provide clear copies of the work to be typed or stenciled. No grammatical errors or misspelled words will be changed. Also, it should be indicated how many carbons are desired or if the stencil is to be saved.

The time it will take to do the work will depend on how much work there is to be done that day, and the office help will indicate when the work is brought in approximately when it can be picked up.

STUDENTS ARE requested to pick up the work at the time they have requested it to be ready. If over 100 copies of full-size paper are needed, the work may be done on colored paper (pink, green, or yellow).

Dozen New Coeds Tapped To Join Honeybear Dancers

Honeybears, a tradition pleasantly started at Willamette five years ago, will continue this year with the help of 12 new members. This dancing drill team performs for many of Willamette's all campus activities.

The 12 freshmen women who

have been named to the group are: Karen Reppun, Nancy Scott, Pam Powers, Glenda Krafe, Paula Emery, Ellen Doern, Sue Hemenway, Sue Sweet, Marcia Luscher, Ann Lee, Sandee Head.

Sophomore members who are held over from membership last year are Carolyn Low and Sharon Schroeder.

About 60 freshmen women participated in tryouts for Honeybears held last Thursday in the gym. Former Honeybears taught the girls some dance steps that were used by the group last year. The girls were selected after performing the routines in groups.

Charm Class Offered Coeds

An adult charm class started last night and will continue every Thursday evening at 7:30. It will include a complete eight weeks course, including posture, skin care, hair styling, wardrobe planning, voice, and techniques of modeling. The instructor will be our own Mrs. Ruth Boylen, Lausanne housemother, former John Powers model in N.Y., teacher in the Grace Downs Career and Model School in N.Y., and teacher in Trim-Teen school in Miami, Florida. The price for this class is \$10 plus membership in the YWCA.

Marylouise Walkey, sophomore Lee House, to Bob Nieminen, Oregon State graduate.

Mary Ann Wright, senior Pi Beta Phi, to Wayne Feller, graduate Sigma Chi.

Rain Can't Dampen Frosh Retreat Spirit

Rain! Rain! Go away! was the cry of freshmen, student leaders, and faculty at the recent Freshman Retreat held at Silver Creek Camp. However, the rain did not discourage anyone from having a good time or pondering the theme of the retreat "Moral Issues."

In three days there were five main speakers, and each was followed by small discussion groups. Sunday evening Dr. Runkle spoke on "The Challenge of Change." Dr. Frost presented his views on "What Literature Has to Offer" Monday morning, and later Dr. Springer talked on "Science and Human Values." "Values and Social Science" was the topic of Dr. Shay's speech on Tuesday and that evening Dr. Maxwell Jones delivered his ideas.

Willamette Looks Toward Tough Pigskin Schedule This Season

By JUSTIN KING
Sports Editor

Saturday evening will mark the opening of the 1962 season for Willamette's football Bearcats, as they face a highly rated crew from the University of Puget Sound, at 8 p.m. on the McCulloch stadium turf.

WILLAMETTE, which has always prided itself for its fine showing on the Northwest Conference athletic fields, this year faces a tough ten-game slate with a thin array of troops.

Coach Ted Ogdahl, beginning his eleventh year as head grid mentor, greeted 36 men (15 of whom are frosh) only two short weeks ago and has since been attempting to mold them into the highly precisioned unit needed to take on the likes of Puget Sound, Humboldt State, Linfield, and Lewis and Clark (which has nearly as many returning lettermen as Willamette does players). This has been quite a task and only time will tell just how successful his attempt has been.

THIS FALL'S version of the Bearcats is without the services of several of the top stars from last year's squad. Needless to mention,

it becomes quite a problem when a coach is faced with having to replace men like Little All-American end and linebacker Stu Hall; All-Conference fullback Larry Miller; star backs Jim McCaffery and Kevin Nagel; and heavyweights Dee Crooch and Doug Austin, all lost via the graduation route.

To complicate matters even more, however, Coach Ogdahl must now find replacements for undergraduate stars Norman Lee, Ernie Nihl and Doug Chan, who have been lost to the team due to a new NWC grade ruling requiring at least a 2.0 GPA

to be eligible for intercollegiate competition. To add more salt to the wound, outstanding guard Jim Foster is also unable to return to school.

ON THE bright side of things, three-year veteran quarterback Tommy Lee is back to guide the forces into the new campaign and hopes to be able to hit experienced receivers Jim Booth, Jiggs Burnett and Tom Toombs with enough of his bullet like passes to "keep the enemy hustling."

The Bearcats' front line will be anchored by three-year men Don Green, Jim O'Hair and Mike Weinstein at tackles; All-Conference center Willy Hartman; guards Dick Takei and George Koch, and ends Booth and Burnett.

OFFERING defensive muscles will be tough George Douglass at linebacker and secondary stalwarts Dexter Maust, Bob Bowman, Rich Litchfield, Dick Carney and John King.

What appears to be a good crop of freshmen has given Ogdahl something to cheer about these past two weeks. "With the squad as thin as it is," says Ted, "the Rooks are going to be forced to take up some of the slack and will most certainly be seeing a lot of action this season."

WHILE Ogdahl hasn't desig-

nated a definite starting "11" for the Puget Sound game, he may have tipped his hand last Saturday in the practice game with Portland State. He started offensively with ends Booth and Jiggs Burnett; tackles O'Hair and Dean Popp; guards Wayne Looney and Dick Takei; center Willie Hartman; quarterback Lee; halfbacks Toombs and Walter Maze, and fullback Jim Schmidt.

On defense he lined up with Dick Carney, Stan Traxler, Green, Bruce Anderson, and George Koch on the line, Rich Payne, Douglass and Rich Litchfield linebackers, and Bob Bowman, Maust and Nels Pederson in the secondary.

Ogdahlmen Seek to Strengthen Records During Grid Schedule

As Willamette goes against the University of Puget Sound this Saturday at McCulloch Stadium, it is facing its 441st game in a slate that began in the fall of 1894.

Bearcat squads have been very successful in their long string of games as they have gained the upper hand in 238 of the contests while coming out on the short end only 172 times. There have been 30 ties down through the years which leaves the total WU winning percentage at a very respectable .586.

Coach Ted Ogdahl, who came to the Bearcat helm just ten years ago, has had only three losing seasons and has compiled an overall record of 46 wins, 30 defeats, and 8 ties.

During the past six years of Coach Ogdahl's reign, the 'Cats have won the conference championship three times and finished second the other three.

In 1958 the Bearcats dropped only one contest all season and in 1960 they went undefeated in eight games.

Last season Willamette broke even at 4 wins and 4 defeats. One of those defeats came on opening day in Seattle at the hands of this same Puget Sound eleven. Last year's game was one of the closest of the entire season and went

Netmen Garner NWC Second; Opponents Pace Spring Meet

Willamette's Bearcats, hosting the Northwest Conference Spring Sports Championships on May 18-19, picked up a tie for second in the tennis tournament, and a third place in the golf and track meets.

Wes Armstrong picked up Willamette's first points in the track meet with a third in the mile run. Another Bearcat distance man, Hank Dickerson, placed fourth in

the two-mile. Dexter Maust set a new meet record in the 880 with his first place time of 1:55.7. Freshman Sid Cooper followed Maust across the finish line in fourth place, Maust also teamed with Bob Ball, Tom Toombs and Joe Austin in the mile relay for a second place.

Outstanding performances in the field events included freshman Kirk McNeil's first in the high jump and Don Green's fourth in the shot put. Al Beardsley and Den Charlton captured fourth and fifth in the javelin, and Charlton gained a third in the discus.

Mike Laughlin led Willamette's golf team to its third place finish with a low of 143. The Bearcat cause was also aided by linksters Bob Woodle, Bob Elder, and Bill Hemenway.

Bob Graun and Fred Fogg led the 'Cats in their drive for second spot in the tennis competition by reaching the semi-finals in both singles and doubles.

Team captain John Mistkawi and Fogg are only juniors this year, and Graun is only a sophomore so veteran tennis coach Les Sparks is looking ahead to having one of his best teams in the school history these next two years.

Class B-Ball Action Begins

Although the basketball season is still two months away, the annual interclass competition will get under way October 2 with two games.

Coach John Lewis has once again drawn up five teams to participate in these preseason encounters. He feels this program is good practice for his prospective Bearcat hoopsters

There is still an opportunity for those interested in the program to contact the athletic department and be placed on a squad. The teams are slated to begin practice sessions September 25, 26 and 27 from 7-8:30 p.m. and will work out until play begins.

The games are tentatively planned for Tuesday, Wednesday and Thursday evenings and a schedule of the games will be posted in the gym and in all men's living organizations.

Men Wanted

All men interested in turning out for either swimming or cross country are encouraged to meet at the gym for information. The varsity swim aspirants (freshmen are eligible) will meet Tuesday, 3 p.m., while distance runners are asked to report to the athletic office at any time.

Bell Installs Telephone System

During the summer months, technicians from Northwest Bell Telephone have installed new communication equipment throughout the University.

ONE OF the principal features of the new system is the bringing under the University switchboard of all the telephones in the dormitories, fraternity houses and sorority houses and also the telephones used by SAGA food service.

Switchboard service on the campus will be maintained from 8 a.m. daily until 11 p.m., Monday through Thursday, midnight on Friday, 1 a.m. on Saturday and 10 p.m. on Sunday. When the University board is open, service on incoming calls will be provided to all University extensions.

WHEN THE University board is closed, emergency service will be provided through an answering service. Since each living unit will maintain a telephone with continuous outside contact with the Salem exchange, essential incoming calls to living units should be placed on these phones when the switchboard is closed.

With the advent of direct distance dialing early in 1962, it was found that a significantly larger number of long distance calls were being placed in such a manner that identification of the calling party was impossible.

THIS ABUSE of unlimited phone

service has created a situation in which it is necessary to require that all long distance calls must be placed through the University operator or by the phone not on the University exchange.

The University's new number for all campus telephones, except Legal Aid, will be 581-1641.

Long Distance Calls.

Long distance calls may be made only when the University switchboard is open and must be placed through the University operator. Pick up the instrument, listen for the first dial tone, and dial "O" to reach the University operator. Ask her to place the call for you, giving name, number and destination of the call.

IDENTIFY yourself to the operator. If it is a station to station call, indicate this fact and give the area code number. Keep your own record of your calls on sheets provided so that they may be checked against the operator's record.

After-Hours Calls

On-campus calls through the switchboard may be made at any time. Outgoing calls through the Salem exchange may be made at any time. Long-distance calls cannot be made when the University board is closed. All incoming calls during the hours the board is open will be received and handled by the University operator.

AFTER-HOURS incoming calls

will be received by an answering service and only emergency calls will be put through. Essential after-hours calls may be made through the private telephones of the various living organizations.

Transferring Calls.

Outgoing calls, which are placed by direct dialing, cannot be transferred by the University operator to another extension. If, however, the University operator has made the call for you, the call can be transferred. Signal the operator by moving the cradle switch up and down. When she answers, ask her to transfer the call to the desired person. On-campus extension-to-extension calls cannot be transferred.

Conference Calls.

A conference call is one in which a number of individuals may carry on a joint conversation. The limit on our switchboard is 5 persons. To place a conference call, dial "O" and ask the University operator to set up the necessary connections.

Operating the controls at the switchboard and coping with the confusion brought about by the changeover in system is Mrs. Corrine Crabb. The newly-initiated system is being favorably-received as students adapt to the more convenient use of a University exchange. (Photo by Burr Baughman.)
